Rev. Horace King Named Pastor of Ozona Methodist

Former Chaplain and Mission Worker To Preach Here Sunday

Rev. Horace M. King of San Antonio, recently discharged as a chaplain in the Army Air Forces after serving three years in the chaplaincy during the war, and for seven years previously executive secretary of the Board of Education of the Methodist Church, arrived this morning to assume the post as pastor of the Ozona Methodist Church under appointment made at the annual conference in San Antonio last week.

Rev. King succeeds the Rev. A. Carter, who was appointed to the pastorate of the First Methodist Church of Cuero. Appointments were made on a 7-month basis this year in order to make ministers' terms expire in May and October.

Rev. King arrived Wednesday for a conference with church leaders and will remain here through Sunday for his first service in the Ozona church Sunday morning and evening. He will preach at the 11 o'clock hour on "Choices Inevitable" and at the evening hour on "What Are You Doing Here?"

Rev. King, a graduate of Southern Methodist University and Southwestern University at Georgetown, has been active in church organization and educational work for over nineteen years, the last sixteen with the Ozona church and he is at present executive secretary for Town and Country Commission and member of the Board of Missions, a church coordinating commission. He has just completed writing of a book, "Bob Reas to Meadowview," a textbook on the layman's responsibility in the church which gives a wide scale for church training. The work will be off the press of the Methodist Publishing House next June but in the meantime mimeograph copies are being extensively used.

Rev. King was for a time director of personnel at the University of San Antonio and visited Ozona during the pastorate of the late Eugene Slater to conduct a missionary training program. Mrs. King remained in San Antonio this week and Rev. King is to return to San Antonio next week to move his household and personal belongings to Ozona, and Mrs. King will accompany him back to Ozona.

Ozona-Eldorado Annual Grid Clash Here Saturday

Ever Dangerous Eagles To Try To Dump Once Beaten Lions

Last performances will be forgotten, relative standings of the two teams with reference to demonstrated strength will count for nothing when the annual football clash of District 8B, so far as Ozona is concerned, is reeled off on the local gridiron next Saturday afternoon.

It will be the annual Ozona-Eldorado clash, a football game ordinarily as unpredictable as any southwest Conference game. This year, although at present handicapped by injuries, the Lions hold the odds by a wide margin to win handily over the Eagles. But dope bettors have a way of being kicked around in those Eldorado-Ozona tilts of former years and local fans and team have long since learned not to lean on that dope bet too heavily.

The game is scheduled for 2:30 p.m. Saturday afternoon at the Powell gridiron, with the gates opening at 1:30. Regular admission tickets will be charged. At midweek it was still uncertain (Continued On Last Page)

Starlight Amusements Carnival Company To Play Here Next Week

The Starlight Amusements, a top-ranking carnival company, will pitch its tents and set up its rides for a week's stand in Ozona beginning next Monday, the advance agent for the carnival announced here this week.

The company is seeking local sponsorship for its week stand, offering a percentage of receipts to some worthy organization.

The carnival boasts of clean concessions and thrilling rides. Featured among its rides is a ten-plane Spitfire Thrill Ride, a twin Octopus, ferris wheel and kiddie rides. There will be no admission to the grounds.

Light Vote Is Anticipated in General Election

Two Elections Slated Next Week - One Thurs. on Amendment

Next week will be election week in this and other counties of Texas, with two elections slated in one week.

Tuesday will be the general election for choosing state, district, county and precinct officers for the next two years and for a decision on three proposed amendments to the Texas constitution.

Because of a legislative error in drafting a fourth proposed constitutional change, a special election will be held on Thursday of next week on the so-called veterans land amendment, a proposal to issue state bonds to provide a loan fund for use of veterans in the purchase of lands.

Only two parties, the Democrats and Republicans, have slates of candidates in the general elections although the ballot has two blank columns in which voters may write the name of their choice for any office in case they are not satisfied with the nominees of either of the major parties. The Republican slate includes candidates for United States Senator, for governor, lieutenant governor and other state offices, with the exception of State Land Commissioner. The Democratic slate is complete, of course, from Senator to precinct constable.

Three proposed constitutional changes are up for decision of the voters in the general election. The first on the ballot would authorize the legislature to appropriate \$75,000 to pay for construction of a building at John Tarleton Agricultural College at Stephenville, which was built several years ago under deficiency warrants when the original appropriation was inadvertently omitted from the appropriation bill as passed. The attorney general later held that the warrants could not be paid and the amendment is the only means left to pay off the indebtedness.

The second proposal would provide for a retirement, disability and death compensation for officers and employees of the state and the third amendment is the so-called "Good Roads Amendment" which would designate the gasoline and automobile taxes collected in this state for the purpose of building and maintaining the state's highway system, with the one-fourth now allocated to the schools to be continued for that purpose.

A light vote is expected in this county in both the general election Tuesday and the special amendment election the following Thursday.

National Art Week To Be Observed Here

National Art Week, November 1 to 7, will be observed in Ozona with special art displays in downtown store windows and an exhibit of paintings by local artists to be set up in Smith Drug Store. It was announced this week by Mrs. A. C. Hoover, local chairman for National Art Week observance.

Local merchants will be asked to arrange special art displays in their store windows.

Tax Collections Climb to Record Total of \$215,951

Approximately 80 Per Cent of Total Bill Paid to Date

Crockett county taxpayers are setting a new record in this month of October for prompt payment of county, state and school tax bills, according to a report made after the close of business at the tax collector's office yesterday afternoon by Mrs. A. O. Fields, deputy.

To that hour property owners in this county had hulled out a total in cash of \$208,559.49, which together with \$6,492.35 allowed under a 3 per cent discount schedule in effect during this month, required a total of \$215,051.75 of the tax bill for 1946.

Under the graduated discount schedule, which allows a 3 per cent discount from the total tax bill if paid in October, 2 per cent if paid in November and 1 per cent if paid in December, taxpayers in this county still have until Saturday noon to earn the full 3 per cent discount on their tax bills, Mrs. Fields advises. The discount period is effective through November 2 and the second or November discount will be effective through December 2, with January 1 the deadline for earning the December 1 per cent cut.

Most of the oil companies operating in this county pay their tax bill during the month of October in order to earn the larger discount. However, a large part of the total payment made this month has been paid by individual taxpayers, the deputy said, and the sum is expected to climb still higher in the last days of this week while the larger discount rate is still in effect.

Only \$54,002.07 in state, county and school taxes remains to be collected here, the collector pointed out. The total tax bill for state, school and county purposes was \$269,053.82.

PTA Carnival Nets \$950 Profit For Uniform Fund

Big Crowd Enjoys Outdoor Entertainment in Park

By staging an evening of entertainment which several hundred Ozonans enjoyed thoroughly, members of the Ozona Parent-Teacher Association last Thursday evening netted approximately half of the amount needed to buy new uniforms for the high school band, the association's objective for the year.

The P. T. A. Carnival was a success from every point of view — satisfied customers and a neat return for the association. A net profit of \$958.67 was realized from the evening of fun in the downtown city park and a tired group of members and volunteer helpers closed shop at a late hour with a feeling of satisfaction in a job well done.

From "grease joints" to penny-pitching games every booth on the ground made a profit, according to Mrs. Jake Young, P. T. A. president, who expressed appreciation on behalf of the organization for the efforts of members and volunteer workers in staging the carnival, to the business firms who donated toward its success and to every individual who patronized the carnival and thus contributed to the outstanding success of the venture.

Added features of the carnival evening were a cake auction and auction of two Angora goats, with Hubert Baker acting as auctioneer. A free show, a program of string and vocal music, was another attraction of the evening, with Hubert Baker, George Senne and company furnishing the music. A shop made saddle was awarded during the evening to Mrs. Bill Taylor.

Local Aviation School Approved For GI Training

Veterans May Learn To Fly at Expense of Government

Efforts to qualify the Ozona airport for flight training of veterans under the GI Bill have been successfully concluded and the aviation school being maintained at the port by the Kinser Flying Service is now engaged in training former soldiers as private and commercial pilots, E. R. Kinser, manager, announced this week.

The local school has been designated as a subsidiary of the North Concho Field school in San Angelo, a plan which qualifies the local airport without the necessity of maintaining repair shops, etc.

Under the GI educational program, the government will pay the flight training fees at an approved school, the amount of training available to a veteran depending on the length of his service in the armed forces plus one year, the allowance being \$2.10 a day for the term of service. Thus any veteran would have a sufficient allowance for at least a private license.

In order to qualify for the training, a veteran needs only to fill out an application blank at the local service office and send it in with a photostatic copy of his discharge.

A qualified instructor, a Mr. Hays, has been employed at the local field to give flight training lessons and already two former GIs, Travis Childress and Mark Corbell, have qualified for training. Mr. Hays is a former civilian instructor, was a pilot in the Naval Air Force during the war and served for a time as a civilian instructor at Goodfellow Field.

Park Improvement Plan Outlined By Community Council

A long-range plan for beautification of Ozona's downtown city park, a plan which would not entail an exorbitant outlay of money but one which would make the park one of West Texas' outstanding beauty spots, has been launched by the citizenship of Ozona through their representatives on the community betterment group, the Community Council.

The park improvement plan envisioned by the Council calls for an immediate start this fall by removal of all of the dead and dying mulberry trees in the park and possibly some additional plantings of pecan trees, a fill of fresh dirt to level and enrich the soil, the installation of a sprinkler system and planting of St. Augustine grass next Spring. The ultimate plan would include laying out caliche or gravel walks through the park and the erection of a lighted fountain in the center, this fountain to be a memorial to Crockett county men who lost their lives in both World Wars, and in honor of all who served in the nation's armed forces.

The matter has been brought to the attention of the Commissioners Court and aid of county machinery has been promised in filling the park with a new layer of dirt and in removing the dead trees when the project has progressed to the point of replanting. Interest and suggestions of the citizenship is invited by the Community Council in carrying out the project as envisioned in a park landscaping plan. The Council will meet next Monday night in the courthouse and interested citizens are invited to attend.

TWO BOOKS TO LIBRARY

Two new volumes were given to the Ozona High School library during the past week, Supt. C. S. Denham announced. Mr. and Mrs. Lee Childress are the donors of the books, "Capt. Lee Hall of Texas" by Dora Neill Raymond given in memory of the late Steve Coose, and "Texas, a Guide to the Lone Star State," honoring the memory of the late Walter Kyle.

Scottish "Kilties" Quartet To Entertain Here November 7th

The Caledonian Quartet, known throughout the United States and Canada as "The Kilties," will entertain Ozona school children and citizens in a special musical program in the high school auditorium at 3 o'clock Thursday afternoon, November 7, it was announced this week by Supt. C. S. Denham.

"The Kilties" will be the first of a series of four such entertainment programs being sponsored here by the schools during the present term.

Dressed in authentic Highland costumes, this is the only traveling organization of its kind in America. The quartet was organized and is still directed by Chief W. L. Nimmo, whose father is an Edinburg Scot and his mother a Frazer from the Highlands. With eight brothers and sisters, the Chief came to this country while still a lad. He has been singing in quartets since the age of 14.

The quartet's voices form a veritable choir, with volume and variety of repertoire, and blend in great songs and lusty choruses. Chief Nimmo also plays the great Highland Bagpipes (Scottish war pipes) and explains this unusual instrument. The program consists of old Scottish ballads, classics, popular numbers, ensemble, solo and native impersonations.

Junction Eagles Knock Off Lions In District Tilt

Injuries Handicap Locals for First Loss of Season

Coach Bradley's hard fighting Junction Eagles tumbled the Ozona High School Lions from the unbeaten list in District 8B competition on the local grid last Friday afternoon by a count of 20 to 0.

Their heretofore smooth-working scoring combination thrown out of gear by injuries and feeling the strongest offensive combination they have encountered this season, the locals put up a game battle but were unable to stop the determined Eagle onrush.

The game was by no means one-sided as the score might indicate. Through all of the first quarter and to near the end of the second chukker, the teams battled on about an even keel, with the visitors holding but a slight edge in first downs.

But near the end of the first half, luck turned against the Ozonans and an alert Eagle pulled down an Ozona pass on Ozona's 35 and ran the ball back to the 28. A pass shoved the oval down to the 10 and Bennie was over from the one on fourth down for a touchdown. Cardwell's place kick was wide and the half ended 6-0 in Junction's favor.

The Ozonans went into the ball game minus the services of regular End Don Cooke and in the first few minutes of play, the other end, Joe Ross Hufstедler, came out with a badly cut eye and was unable to go back into the game. The Lion's ace backfield ground gainer, Quarterback Nat Read, was slowed down perceptibly by a sprained ankle suffered early in the week in practice.

But in the face of these disruptions in the regular line-up, the lads held on doggedly through the third quarter but by the start of the final frame, the hard charging visitors had worn down the Lion resistance and from their own 28 yard line started their second touchdown march, with line plays, end runs and long passes mixed up, Bennie taking the final lunge of five yards to pay dirt. This time the try for point was good and the score was 13 to 0.

The visitors scored their third and final touchdown late in the game when Brite took a 40 yard aerial tossed by Tatum on Ozona's 10 yard line and raced the remaining distance for the marker. A line play was good for the extra point and the tally was 20-0.

Dist. Committee Declares Sonora Boys Ineligible

3 Football Players on Team Found To Have Been Graduates

After enduring three hours of delaying tactics by Supt. A. E. Wells of the Sonora schools and another hour for his presentation of a "defense," members of the District 8B Executive Committee, meeting in called session here Wednesday night, declared by a 3 to 1 vote that three members of the Sonora football squad are ineligible and levied the minimum penalty against the team — forfeiture of all games so far played in which these boys participated.

The matter came to a vote as the clock ticked off the last half hour before 1 a. m. Thursday morning. The first three hours of the session was devoted to wrangling over Supt. Wells' contention that under Interscholastic rules, which provide that protests must be filed "immediately" after the facts of ineligibility become known, the protest as filed at last night's session by Supt. Leroy McLendon of the Junction schools, did not conform to that rule.

The committee finally ruled on this issue by adopting a motion by Supt. Denham of Ozona that the committee accept the protest as valid. Mr. McLendon's written protest of eligibility of the players in question included as its basis an admission by Supt. Wells at last Saturday's session of the committee in Sonora that the boys had participated in graduation exercises of the Sonora schools last Spring to the extent that they wore caps and gowns, sat on the stage with the graduating class, delivered valedictory and salutatory addresses, mailed invitations and received gifts as graduates. The boys protested were John Allan Ward, Alain Boughton and Dicky Street.

When Mr. Wells finally got around to presenting his defense on behalf of eligibility of the boys he traced the history of the case from a month before school closed last Spring when, he said, the boys in question went to him and asked if they might return to Sonora High School this fall in order to take some new courses offered this year to strengthen their foundation for college work. The matter was discussed with parents and was agreed, the Sonora superintendent said, and the boys were allowed to return.

"Naturally, since they were coming back to school, we wanted to make them eligible to play football," he said. He explained that he made the announcement at the exercises that these three boys and one other boy and two girls, although they were participating in the exercises, were not graduating and would not receive diplomas and presented affidavits from Bryan Hunt, president of the Board of Trustees, Rev. Eldridge, Baptist minister, Dorsey Harde-man of San Angelo, who delivered the commencement address, Clay Puckett, editor of Sonora News and others, all stating that they were present at the exercises, heard the superintendent's announcement and declared that in their opinion the boys were not participating in the exercises "as graduates." Mr. Wells ended his dissertation with an eloquent plea for a ruling of eligibility for his players.

In brief discussion before the vote was taken, Supt. Noble of the Rocksprings schools, pointed out that under an interpretation secured from J. R. Kidd, executive secretary of the Interscholastic League, the fact that the boys wore caps and gowns, made speeches and participated fully in graduating exercises made them ineligible under league rules and expressed it as his opinion that the committee could not rule otherwise than ineligibility for the Sonora players.

The protested school and the protesting school, Sonora and Junction, respectively, were dismissed from the session for the (Continued On Last Page)

From where I sit... by Joe Marsh

Friendship—Three Thousand Miles Apart

Ever play chess? It's a great game! One of the strongest friendships I know of started with a game of chess—between Dad Hoskins, in our town, and a man named Dalton Barnes, in England.

They've never seen each other, never met. But for the past eight years they've been playing chess by mail together — Dad puzzling over Dalton's latest letter, while he sends a chart of his next move to England.

Dad always thinks best with a mellow glass of beer beside his

chessboard. And the Englishman writes him that he does the same. "You know, it's almost as if we shared a glass of beer together, too!" says Dad contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often those little things — like a game of chess or a glass of beer — that can make for tolerance and understanding... between people of all nations... between neighbors here at home!

By The Sneakers
 What is very popular — making gossip column every week! Come, Jo Nell and many others have asked him to the backward! Whatta Man!
 Bud! Do you really have a girl in the Soph Class?
 Rosalie, you've been having a date with Jack lately, haven't you? Could it be because of Co...?
 Ann H., just who is the little gentleman from Sonora who wants to get better acquainted? Ann... her work suffer — but who... didn't if Joe Grey were pound... at our door.
 We hope Bob B. and Ann W.

are getting along nicely!
 We were all very glad to see Muggs, Joyce and Barbara last week-end — especially were we glad to see that convertible, Joyce, Lucky!
 The boys of the Freshman and Sophomore classes are very enthusiastic about starting a Home-making class. Wonder why??
 Boots seems to have forgotten Frank because she's taking Bill F. to the Backward Party.
 Attention! Mr. Rhoads — have you forgotten the chorus?
 Do the girls who ride with Virginia S. have fun ditching certain people?
 Mak was the only girl in fifth period study hall Tuesday. Did

you have fun?
 Louise W. doesn't pay any attention to the boys in O.H.S. She left her heart in Odessa.
 Loyd Allen is quite the guy around O.H.S. A little bird told us.
 Wonder why Joe P. doesn't want to miss last period? Something brewing, Joe? We didn't know that you hated to be cheated out of a full hour of English!
 Patsy M. had a date with Frank P. the other night — Cute Couple!
 Jack is really the man about town — a different girl every night. Dale Monday night, —? Tuesday night!
 When Bob C. was asked what he'd been doing lately, he said "You'd be surprised." Now what on earth could he mean by that?
 Why is Gordon E. so slow at getting ready for football? Could be that the girls come in at ten after four!
 Ann and Dale, those were nice looking boys you had in town Saturday night.
 Though Bill H. Sits on the back seat in English, Mrs. R. seems to hear all remarks. Tough luck, Bill!
 Girls, be sure to save all your money as the boys are sure to be expensive Thursday night. Don't forget to bring a date! It costs you less.
 Did you see any of your relatives at the circus, circus goers?

CANTEEN NEWS
 All who are interested in "cheering up" the Den — come Saturday night at 7 o'clock. We will have tournaments of ping-pong, checkers, chess, rummy and many other games.
 The council would like to work out a schedule, if the attendance is large enough.
 Remember, we are greatly in need of furniture and games. Also the faces of two or three girls would help!
DEFEAT FROM THE INSIDE
 The Ozona Lions suffered a 20-6 setback by the Junction Eagles Friday, October 25. The team has plenty of alibis, but we're only telling them among ourselves. After all — twenty years from now the people of Ozona will remember the score and not how we played the game.
 The team as whole never acknowledged defeat until three minutes before the game ended when Junction scored their third touchdown. We all felt that we'd pull through on the big end of the score — but we didn't get the breaks we needed to come from behind to win.
 The Lions won't be full strength physically Saturday when they meet the Eldorado Eagles. Since Coach Brown tells us that SPIRIT is ninety per cent of the game, Ozona will be ready and with one thought in mind —
BEAT ELDORADO!

District Basketball Loop Organized; Play Double Round Robin
 District basketball this spring will be played on a district double round-robin basis, with the district divided into two sections, east and west, and the district championship will be decided on a 3-game playoff between winners of the championship in each half.
 This set-up was decided at the district executive committee meeting in Sonora last Saturday. Teams composing the west half will be Ozona, Sonora, Eldorado and Big Lake and the east half will be composed of Junction, Menard, Rocksprings and London. In recent years the district champion has been decided at a district tournament.
ATTEND YOUTH RALLY
 Eight Ozona boys were in at-

tendance at the Youth Rally and Boys Conference last week at the Travis Park Methodist Church in San Antonio. Attending the Youth Rally were Kerry Tandy, Youth Fellowship president, Sam Perner, vice president, Chris Perner, Commission chairman, Jack Coates and Lin Hicks. Ralph Carden, James Carter and John Fussell, the latter attending the University of Texas, represented Ozona at the Boys Conference Wednesday, until the close of the meeting Sunday.

BRING US YOUR HOGS FOR SLAUGHTER
Every Thursday
 Beginning this week, we are offering weekly service on slaughter of hogs — Thursdays of each week instead of once a month as in the summer months.
 We have facilities at the slaughter pens to care for animals and ask our customers to bring hogs for slaughter the day before, if possible, and not later than Thursday noon.

MEET MR. SIKES
 Mr. Sikes needs no introduction to Ozona but we would like to give a few facts about him.
 Mr. Sikes is Principal of Ozona High School, head coach and a teacher of mathematics. Since coming to Ozona, he has coached a Bi-District team.
 Coach Sikes is a graduate of Texas A. & M. and later received his Masters Degree from Texas State Teachers' College in Denton.
 Before coming to Ozona, Mr. Sikes coached at Rosebud High School.
 Mr. Sikes has a wife and two

H. E. NEWS
 The Future Homemakers' Club met and elected the following officers for the year.
 President Merle Senne; vice president, Louise Wood; Secretary, Betty Jo Thompson; Parliamentarian, Betty Cooke; Reporter, Jo Nell Oden.
 Only 35 high school students attended the circus in San Angelo Tuesday.
 We hope those who attended the circus will return with a bigger and better outlook on life. We expect a new enthusiasm on the part of studying and everyone trying to make a straight A report.
 We know we missed seeing lots of interesting things — but just think — we won't have to write a theme on "What I Saw at the Circus."
STUDENT OF THE WEEK
 The student we want to present is a big husky soph, who is classed between Van Johnson and Clark Gable.
 He is a star center for the Lions and intends to be for two more years.
 You never see this hero, unless he is smiling or shaking around like he is having fits. However, he is a favorite of his class and his high I. Q. helps the standard of the class.
 This particular student and his side kicks are the comis of the class until they are sent to study hall.
 His ambition is to be a rancher — but more ambitious at getting dates right now.
 Oh! Yes, — he has a big brother that all the boys and girls adore.
 We are proud of students like B. H. and know he will be successful in all he does!

Ozona-Eldorado -

(Continued from Page One)

tain whether the Lions would have the services of their two regular ends, Joe Ross Hufstetler and Don Cooke. Cooke was out of last Saturday's Junction game with an injured ankle and Hufstetler suffered an eye injury early in that game which kept him out of the balance of the fracas. Too, ace backfielder Nat Read, who suffered an a sprained ankle early last week and was, therefore, considerably slowed down in last Saturday's losing battle, is still on the crippled list but Coach Sikes was hopeful that the injury would be

healed by the end of this week to permit the little speed merchant to go back to work in his best form.

Dist. Committee -

(Continued from Page One)

vote. C. A. Reynolds Eldorado, as chairman, submitted the proposition. Affirmative votes on the ineligibility proposition were cast by Rocksprings, Big Lake and Ozona, with Menard, represented by Coach England, not voting. Mr. Reynolds, then, voluntarily cast Eldorado's vote in favor of declaring the Sonora boys eligible, making the official vote 3 to 1 for de-

claring ineligibility. Mr. England explained that because of his interest as a coach, he did not wish to vote.

The action of the committee will have the effect of chalking up a game lost for every district game to date played by the Sonora team, since the ineligible boys played in all games.

ART EXHIBIT IS JUNIOR WOMAN'S CLUB FEATURE

Mrs. James Childress was hostess when the Junior Woman's Club met Thursday afternoon. The program was "Art" and an art exhibit of local talent was held. Mrs. Arthur Phillips was program leader, with Mrs. Jess Marley discussing "Old Masters of Art" and Mrs. Beecher Montgomery talking on "Modern Art." Mrs. Ed

Lewis, guest, provided special music.

Present were Mesdames Roland Allard, Ralph Jones, Nip Blackstone, W. R. Stokes, Carrol Ratliff, Beecher Montgomery, Clifton Tennon, T. J. Bailey, Dempster Jones, C. O. Walker, Jess Marley, P. L. Childress, Arthur Phillips, James Childress and Ed Lewis.

NEW HELPY-SELFY LAUNDRY

Sam Houston this week announces the opening of a new Helpy-Selfy laundry established in a new building recently completed on a lot east of the Houston home. Six new electric awshers are ready for use, Mr. Houston announced, and reasonable rate schedules have been set up. The new business was opened Wednesday morning.

The Story of The Sprouting Telephone Pole

Can you imagine a telephone pole that sprouts like Jack's fabled beanstalk? The tall telephone pole shown above did just that... only it did its sprouting in cost. The two poles shown in the picture are actually the same size and serve the same purpose. However, one was bought four years ago, the other this year. And this sprouting telephone pole is typical of the climbing costs of all labor and material required to provide you with telephone service. Will the pole stop sprouting? Who knows? But we do believe you should know how difficult it is to continue good service under present conditions of higher operating costs.
