HI-WAY CAFE

Check for \$981,660,783

On rural routes everywhere in America, on snowy highways of the north, on sunny by-ways of the south, live the 5,500,000 ranch and farm families who produce America's supply of food. It's a big supply, too, the greatest in the world. From your farms and ranches in 1946 came livestock, dairy and poultry products and crops to the value of about twenty-three billion dollars, according to latest available government estimates.

Of all your cash income last year, \$981,660,783* came from Swift & Company in payments for livestock and other agricultural raw materials. We purchased your livestock and other products and converted them into millions of pounds of quality meats, valuable by-products, other foods and products. Part of the money you received

from Swift came from our meat packing plants, dairy and poultry plants and buying stations. Another portion of the money paid out by us was for soybeans, cottonseed, peanuts and other raw materials.

Swift provides a wide, ready, year 'round market for your livestock and other products—and out of every dollar we receive in a year from sales, we return, on the average, 75¢ to you. Last year, 1.3¢ out of each dollar of sales was profit. Part of this amount was paid out as dividends to the 63,365 shareholders as a return on their investment. Part was retained in the business for future needs.

*The actual amount paid for livestock and other agricultural products is greater than shown by the amount of the subsidies paid by the Government.

Returns for Savings. It is not the investment of a few rich people that has built Swift & Company, but the pooled savings of 63,365 people. Among them you'll find farmers, ranchers, lawyers, doctors, mechanics, business people—folks from every walk of life... including 29,941 women.

The savings these shareholders have invested in Swift & Company provide the plants and facilities—the tools with which we handle your products. The return for their thriftiness comes to them as dividends paid out of the company's profit. In 1946 that dividend amounted to \$1.90 a share.

Soda Bill Sez: ... what's wrong with people is not their ignorance, but the number of things they know that aren't so.

For People ... By People

We at Swift & Company think of our business as being owned by 63,365 people, the shareholders and their families, and operated by 66,000 employees. We provide essential services for agricultural producers and many other large groups of people. Employment is created for other thousands who work for railroads, trucking firms, livestock commission houses, stockyards companies, and the suppliers who furnish us salt, sugar, boxes, barrels, machinery and a thousand-and-one other things.

A part of the business of thousands upon thousands of retailers everywhere in the nation is in purveying Swift's quality meats and other products to millions of American families.

In return for all the effort that made these services possible, the folks who work for Swift earned \$164,013,999 in wages and salaries in 1946. This sum is 88% of the total remaining after all bills except taxes were paid, and is ten times more than the company's total net profit.

FEED VALUES ARE SOIL VALUES by Wm. A. Albrecht University of Missouri

Recently a farmer friend of mine told me, "I've moved to another farm where I get bigger yields in all my feed crops. But even though I shovel much more corn and pitch a lot more hay, I can't get my calves to market as early. I'm just not growing as much meat per acre."

This man doesn't realize that feed bulk is no indication of feed value. Livestock will not gain more on larger rations unless the feed value of any crop is derived from the basic plant food elements found in the soil. The crop must first build up the woody structure that makes up its bulk. Then, if soil conditions are right, the plant will store up a supply of the raw materials of protein, vitamins, and mineral compounds. Thus, whether a crop offers anything more than bulk and fattening power depends on the condition of the soil on which it grows. Livestock may be fed great quantities of feedstuffs produced on poor soils and still fail to gain weight. It is soil that has been guarded against erosion, fertilized properly, and carefully managed, that grows nutritious crops. Such soil will produce crops that give better feeding results and make more meat per acre.

"WHERE DID THAT \$1,308,364,155 GO?"

During 1946 Swift & Company received \$1,308,364,155 from the sale of its products and by-products. By the end of the year the Company had earned a net profit of \$16,394,739, which is slightly less than 1.3¢ on each dollar of sales.

What happened to the rest of that money?

Well, the largest part was paid to farmers and ranchers who sold us livestock and other agricultural products. They got \$981,660,783* or 75¢ out of the average sales dollar we received for products sold, including all by-products such as hides, wool, soybean meal, etc.

The next largest portion of our sales dollar went to all Swift employees. Their share of the dollar was 12.6¢.

Fuel, barrels, boxes, paper, salt, sugar and other supplies took 4.8¢ out of the average dollar.

Transportation took 2¢ (Meat travels, on the average, over 1,000 miles from producer to consumer.)

Taxes took another 1¢. All other expenses, including depreciation, interest and miscellaneous business costs, amounted to 3.3¢.

All these costs taken out of the sales dollar left 1.3¢. This was Swift & Company's net profit in 1946—a profit of only 1/4 of 1¢ on each pound of the millions of pounds of products and by-products handled.

THE LION'S ROAR

Published Weekly by the Student Body of Ozona High School

OZONA, TEXAS, THURSDAY FEB. 13, 1947

NO. 20

IDENT OF THE WEEK

The student we are going to tear apart this week is a sophomore. He is tall and lanky, has blue eyes, and is very left handed. He has some very funny habits. The boys don't seem to think he talks much.

He likes horses and evidently likes to ride because he spent two weeks in Houston taking care of one. He likes Fords, girls and, you know, everything.

He is a good student and is liked by both teachers and kids. This week's student was easy because it could be no other than Melton.

ESSAY

Them that shore are purty hats, Red, Bob C. and Bernard. How did you get them? Who was Corinne with last Sunday? What do you have to say on her behalf? Well, Betty Jane, did Calvin finally come over? What did Olen do? B's special request this week was that a new highway be put in between here and Villa Acuna. He said that this one was a little better. Betty C. I bet that you purpose-stalled that pickup so Kenneth and Robert could help you. What was Lillian's reason for coming so badly to see the B team

play Eldorado? Come on, Lillian, tell us!

Shame on you Merle, for not going with Charles M. to Vic Pierce's!

J. G. Lin and Frank P. were seen riding around in Lin's pickup. Wasn't it crowded in there, Mack and Ann Harvick?

Tell us, Nat, was the water works hill very crowded Friday? Huh, Corinne?

I bet Virginia is mighty glad that Gordon is back!

Bernard! Don't you know that with your throwing fire, you are liable to hurt some one? Won't he, Virginia?

Parr, if you and Armond don't quit fighting over some girl a beautiful friendship might go on the rocks?

On the door of Mr. Sike's house was this sign, "Gone for the week-end. Fishing Pox."

I'm surely glad to see all of the mumps back in th halls of O.H.S.

BIRTHDAY CLUB

Other books are being contributed, increasing the size of the library and the selection of books. The books given most recently were "Arrow-Smith," by Mrs. Pat Patterson; "The Compleat Rancher" by Richard Flowers; "Pioneers Post of Texas" by Mrs. S. M. Harvick; "The Black Rose" by Mary K. Flowers; "Long Storm"

by Patsy Mayfield; "Between the Bookends," "Cluny Brown," "The Late George Apley," by Ann West; "Dragonwyck" by Mrs. R. L. Flowers.

Dear Exes:

Yes, this letter is to you! We of the Lion's Roar Staff would like to hear from you every once in a while, even if for nothing else but to make suggestions for improvements in the Lion's Roar. We are running out of things to write so please help us out!

We are counting on every one of you —

The Lion's Roar Staff '47

Joke Editor (to Annual Editor): "How were those jokes we just handed you?"

Editor: "Just fine, fine! I threw them in the furnace and you should have heard the fire roar!"

SENIOR PLAY

The books for the senior play, "The Campbells Are Coming," have arrived and members of the senior class have read the play and are to select the cast Tuesday. The play is to be presented March 20th under the direction of Miss Mildred North. We hope this comedy will be one of the best given in the school history.

Miss North: "Chris, who discovered America?"

Chris: "Ohio."

Miss North: "No, Columbus did."

Chris: "Yes, Ma'am, but I thought Columbus was his first name."

F. H. A.

The Future Homemakers of America in the Ozona chapter held their second meeting in the Home Economics department Friday afternoon.

A very interesting program on the emblem of the F. H. A. was given by Patsy Cooke, Gwen Ernest, June Perner, Ruth Sparks, Doris Armentrout and Marian Dryden.

Betty Cooke was elected reporter when she resigned her post of parliamentarian and Betty Jane Schwaibe was elected the new parliamentarian.

Chocolate pudding topped with peppermint ice cream and tomato jelly were served by the freshman girls. As the food was eaten the girls sang popular songs.

Sympathetic lady: "What's the matter with your hand, little man?"

QUIZ CORNER

The questions appearing in this section of the paper in groups of five are to be answered by you. Place your choice in the press box so that the correct ones may appear in the column next week. We would appreciate it if you would contribute questions on the same subject in groups of five. Put them in the press box in the Study Hall, also any gossip news, on the articles you wish to appear in the paper. Get on your thinking caps because here come the questions.

1. Who is the newest couple about O. H. S.?
2. Who is the cutest couple?
3. Who is the most sincere couple?
4. Who is the old steady couple now that their love has been revived? Or has it?
5. Who is the wittiest couple?

Bernard: "Mother, I wish you wouldn't call me your little lamb when people are around."

Mrs. Lemmons: "Why?"

Bernard: "It makes me feel so sheepish."

World Cooperation Among Women Topic For Club Program

Women and internationalism was the discussion subject when the Ozona Woman's Club met Tuesday afternoon at the home of Mrs. Will Baggett, with Mrs. Hugh Childress as assisting hostess.

Miss Elizabeth Fussell was leader for the day and discussed "Good Neighbors Make Good Citizens." Mrs. Lucy Dickinson, General Federation President, was quoted on the Federation objective, "One of the greatest things for our organizations of the future is that we should learn to work with the women of the world."

Mrs. J. B. Cox, Jr., read a paper prepared by Mrs. B. B. Ingham on "Women and Internationalism." A parliamentary drill by Mrs. Cox followed.

New officers for the coming year were elected at the club's business session. Mrs. P. T. Robison was named president; Mrs. Max Schneemann, first vice president; Mrs. Lowell Littleton, second vice president; Mrs. Stephen Perner, recording secretary; Mrs. J. W. Henderson, corresponding secretary; Mrs. Vernon Rathiff, treasurer; Mrs. L. B. Cox, Jr., historian and Mrs. A. C. Hoover, parliamentarian.

Present for the day were Mrs. Joe Pierce, Miss Elizabeth Fussell, Mrs. N. W. Graham, Mrs. Vernon Rathiff, Mrs. L. B. Cox, Jr., Mrs. Walter Clendenen, Mrs. Stephen Perner, Mrs. John Bailey, Mrs. Hugh Childress, Mrs. Will Baggett and Mrs. Charles Williams.

CENISA CLUB

Mrs. Price Roberts was hostess to members of the Cenisa Bridge Club at her home, Monday afternoon.

High score award went to Mrs. W. V. Guidrov, second high to Mrs. Byron Stuart and bingo to Mrs. E. I. Head. Other members present were Mrs. Boyd Baker, Mrs. L. D. Kirby, Mrs. Marvin Barnes, Mrs. Bill Clegg, Mrs. Roland Allard.

Mrs. Ted White, Mrs. H. N. Brown, Mrs. L. D. Scott Mrs. J. H. Tabor and Mrs. Vernon Rathiff.

Mrs. Brodie hits the roof!

No, no, this isn't a new Atom Bomb! It's merely Mrs. Brodie, after a quiet family conference with Mr. Brodie. Mr. B. made a few sharp remarks about their family budget.

Naturally, Mrs. Brodie hit the roof! And, like the cost of living, her temper kept right on going up and UP!

On the other hand, the cost of electricity, like Mr. Brodie's popularity at home, is going down and DOWN!

The Brodies (and you, too, if yours is an average family) get plenty of electricity for every budget dollar—more than twice as much as 20 years ago!

This domestic bargain took plenty of practical planning and technical skill on the part of your friends and neighbors in this company, under sound business management.

Billie Rose Schwalbe Weds Ruben Whitehead

Miss Billie Rose Schwalbe, daughter of Mrs. Margaret Alford, became the bride of Ruben Whitehead of Brady, Texas, in a wedding ceremony which took place at 8:40 o'clock Saturday evening in the First Baptist Church parsonage at Sonora. The Rev. Eldridge, pastor, read the single ring ceremony. Attending were the bride's mother and two sisters, Patsy and Betty Jane Schwalbe. The bride, a granddaughter of two pioneer Crockett county ranch families, Mr. and Mrs. Harry Friend and Mrs. Jennie Schwalbe and the late Fayette Schwalbe, is a 1946 graduate of Ozona High School. The groom served three years in the Navy, two of them in overseas service. The couple will be at home on the Ted Harris ranch near Water Valley.

at the Methodist parsonage, Mrs. Horace M. King, sponsor, presiding. Mrs. Ted White was elected chairman and Mrs. W. T. Stokes, vice chairman. Others are Mrs. Eddie Bower, secretary; Mrs. Jess Marley, treasurer; Mrs. Brock

Jones, study chairman; Mrs. Clayton, membership; Mrs. George Wilkins, fellowship; Mrs. George Bunker, librarian, and Mrs. Horace M. King, sponsor. Mrs. W. T. Stokes was leader for the day's program on "Stewardship of Time."

That Ring Around the Bathtub

Jeb Crowell blew his top the other day. Seems that for weeks he's been trying to get his youngsters to scrub out the bathtub after using it. And this night he seen two rings around it—one where young Sonny left off, and another about Pinky's level.

He raves and rants—and takes it out on the missus for her lack of discipline. And later that evening he sees her quietly polishing the hardwood table that's right by his chair. She's removing the rings he's left there with his evening glass of beer!

From now on, Jeb's careful to put his glass down on the table cover—like the missus does. And I hear he's a little more forgiving about rings around the bathtub. Just keeps on patiently reminding.

From where I sit, there are little annoyances in every family—conflicting habits and opinions in every community. A little patience—a little more "forgive and let live" is the only antidote.
