Place Order For Softball Field Light Equipment

Completely Equipped Playing Field To Be Laid Out

Order was placed this week for reflectors, light bulbs, wire and other materials needed for lighting a softball field for Ozona, and workers are getting things in readiness for installing the equipment as soon as it arrives.

The softball field lights were made possible by contributions of a long list of citizens interested in promoting this recreation feature for interested players and fans. Nearly \$200 toward financing the project has already been collected from those who pledged in excess of that amount and Roger Dudley, Jr., in charge of collecting the funds and supervising construction of the field, is confident that the necessary amount will be collected within the next few days.

Five electric light poles have been provided thru the efforts of Judge Charles E. Davidson for use as posts for the five sets of double reflectors to be erected. The reflectors are to be 40 feet in the air and so arranged that every part of the field will be illuminated.

Fifteen hundred watt light bulbs are to be used in each of the ten reflectors. A net wire backstop is to be erected behind the home plate and a regulation diamond laid off.

Use of the county road machinery, which was doing street work nearby, was granted by county officials for smoothing off the playing area and grading the bar ditches to make it more convenient for cars to be parked around the field for spectators.

Prospects are good for organization of at least four teams, in the opinion of local followers of the game. As soon as the field is ready, organization of a city league will be undertaken and a schedule of games outlined. No admission is to be charged to the games, but a free-will offering is to be taken to defray expenses of the lights.

ONE THING and THEN ANOTHER

By FRED GIPSON

CORPUS CHRISTI.—Nothing, I've been informed, is more stimulating to the mind than travel. Nothing, I'm informing, is more stupefying to the brain than huge over-doses of travel, like have forced upon me lately, I'm travel-logged. I'm numb with travel. I've been on "good-will" trips, ballyhooing the Buccaneer Days celebration to be held here this weekend, until every time I shut my eyes, I see a long road rushing toward me and houses and fields and towns sliding by on either side. When I try to think, all that comes of it is just a few disjointed, disconnected, and possibly distorted mental pictures that flash across my mind, only to fade quickly and be replaced by others.

We're rolling into Sabinas Hidalgo, Mexican state of Tamaulipas. A mongrel dog gnaws at the carcass of a dead horse beside the road. The oncoming automobile frightens the dog. He streaks across the road ahead of us. Dick Furmen fights the wheel to miss him and to avoid a possible wreck. "You better get!" Dick yells, and blares the horn.

The mongrel yowls his terror and gets faster. We miss him by a hair. "He'd never have made it, if you hadn't given him an extra boost with that horn," comments Joe Mireur, city councilman.

A chunky blonde, fast getting (Continued on Page Four)

Dedicate Crockett Memorial June 22

A monument, carved from native Texas granite, honoring one of the Alamo's immortals and an outstanding hero in Texas' fight for independence, David Crockett, erected last fall in the City Park in Ozona, will be dedicated with fitting ceremonies on June 22, opening day of Ozona's 12th Annual Rodeo, Race Meet, Stock Show and Sale. Hon. Dorsey B. Hardeman of San Angelo, state representative, will make the dedicatory address.

Dorsey B. Hardeman To Dedicate Davy Crockett Memorial In Ceremonies To Be Held Here Opening Day Of Rodeo

Program Follows Barbecue; State Official Expected

Dorsey B. Hardeman, former mayor of the city of San Angelo, and now representative from the San Angelo district in the state legislature at Austin, will deliver the principal address at the ceremonies dedicating the David Crockett memorial in the city park here June 22, opening day of the 12th annual Rodeo, Race Meet, Stock Show and Sale.

Mr. Hardeman, a native of Crockett's state, Tennessee, was an outstanding attorney in San Angelo, served the city as its mayor and last year was elected to the state legislature. He has been an active force in the Texas house for the advancement of the interests of this section during the present session of the legislature.

C. S. Denham, superintendent of schools here, will act as master of ceremonies. Miss Wanda Watson, Crockett county chairman for the state's centennial year celebration in 1936, will introduce the speaker, and Judge Charles E. Davidson, veteran county judge, will accept the memorial on behalf of the county.

The statue was carved from native Texas granite by William McVey of Houston and was erected by the state's centennial commission, which directed the state's observance of its hundredth anniversary in 1936. The money for carving and erecting the monument was made available in 1937 and the statue was in process of cutting for nearly a year. It was erected here last fall.

Mr. McVey and several state officials are expected to be here for the dedication ceremonies.

McCamey Celebration Boosters Visit Ozona

A big school bus carrying the high school band, and a dozen or more cars of boosters from McCamey swooped down on Ozona Wednesday shortly before noon to boost the annual McCamey Bathing Revue, Water Carnival and third annual Rattlesnake Derby, June 2 and 3.

The band members mounted the park wall on the main business street and played a half hour concert while members of the party were circulating through the crowds distributing literature and boosting their show. The boosters are on a swing through towns in the area.

Scattered Rains Further Help To Crockett Range

Varying Falls Cover Wide Section Of West Texas

More rainfall during the past week, falling over a wide area of the West Texas stock raising country, further brightened the prospects for the summer range and heavier lambs for the fall market.

Although some sections of the county are still in need of rain, particularly to the south, most of the county has been visited by bountiful falls, although all of the rainfall has been scattered and varying from a light shower to around two inches.

Ozona received rains both Sunday night and Monday night, the first amounting to a half inch here and the Monday night fall registering only .2 of an inch. Both of these rains covered a wide area west of Ozona, ranchers reporting up to an inch and a half from the Pecos river to within 10 or 15 miles of Ozona, with the fall lighter to town. A heavy local shower shortly before noon Tuesday was within a few miles of Ozona to the north, and freshened range that had enjoyed good rains a short time before.

Family Unhurt As Lightning Strikes Ozona Home Sun.

During the electrical disturbance which accompanied the rain here Sunday night, a bolt of lightning struck the home of Mr. and Mrs. Hurst Meinecke, slightly damaging a stone flue and some electrical equipment.

Mr. and Mrs. Meinecke were not injured by the bolt. A piece of stone was knocked from the flue and fuses in the home were blown out, the charge being so powerful that parts of the metal fittings were melted and dropped to the floor.

Ozonan Seriously Injured In Auto Wreck Near Crane

Jess Sapp In Midland Hospital; Babe Phillips Unhurt

Jess Sapp of Ozona is reported in a critical condition in a Midland hospital as a result of injuries suffered when a car in which he and Babe Phillips of this city were riding, crashed into a line of highway guard posts on a curve between Crane and Odessa and overturned several times.

Phillips, owner of the car in which the two men were riding, escaped with only minor bruises. Sapp was taken to a Midland hospital where he was reported in a serious condition this week. Word received here indicated he had suffered several broken ribs, a shoulder injury and severe head injuries.

The car was almost completely demolished. It struck several of the guard posts and turned over several times. Sapp, who was driving, is thought to have dropped off to sleep.

Ground Broken For Early Baggett Home

Ground was broken this week on the new home for Mr. and Mrs. Early Baggett. The new home is to be built on a lot adjoining that of Mr. and Mrs. Clay Montgomery, construction work on which started about two weeks ago. Hugh Myers of San Angelo is the contractor on the Early Baggett home.

Both structures are to be of brick construction.

WINS HIGHEST HONORS

Woodrow Wilson, son of Lee Wilson of Ozona, will graduate from the U. S. Military Academy at West Point June 12 with highest honors out of a class of 456 graduates. Cadet Wilson, who will be Lieutenant Wilson after graduation, holds No. 1 place in engineering. He will be assigned as assistant coach at the Academy next fall.

Five Crockett 4-H Club Boys To Encampment

VanZandt Takes Group To 3-Day Session at Foster Park

Five boys from the Crockett County 4-H club, with County C. J. Van Zandt in charge, left Wednesday afternoon for Foster Park, two miles south of Takersley, to attend the second summer encampment of 4-H club boys from district 6, comprising 17 West Texas counties.

Club members accompanying Agent Van Zandt were Lorain Wyatt, Stanley Lemmons, Jim Ad Harvick, Bland Tandy and Byron Williams. They will stay through the encampment period ending Friday.

Approximately 235 boys and their leaders from the 17 counties are expected to take part in the encampment program. Various phases of farming and ranching will be discussed by county agents and their assistants and officials from the A. and M. extension service. A barbecue dinner will be served Friday at noon by the board of city development of San Angelo.

J. W. Doak, head field assistant of the district, will be among officials present.

Visiting Ministers Teach Study Course At Baptist Church

Three visiting ministers directed an all-day Sunday School study course at the Ozona Baptist church Wednesday. Two different classes studied two books, the first "The Grace of Living" and the second, "The Baptist People, a History from the First to Twentieth Century."

The first course was taught by the Rev. Cecil G. Goff of Iraan and Rev. J. A. Kidd of Alpine, district missionary. In the class were Mrs. J. H. Williams, Mrs. A. C. Hoover, Mrs. O. W. Smith, Mrs. S. L. Butler, Mrs. J. S. Whatley and Rev. Clyde Childers.

Rev. C. T. Aly of Eldorado taught the second class. Members of the class included Mr. and Mrs. Ira Carson, Mrs. Clyde Childers, Mrs. J. E. Powell, Mrs. Lowell Littleton and Mrs. J. T. Keeton.

Mrs. B. B. Ingham will return home tonight from Fort Worth. Her daughter, Betty, who has been in high school in Fort Worth the past winter will return with her.

Native Ozona Boy Is Top Cadet At Military Academy

Woodrow Wilson Is No. 1 Engineer of 456 West Point Grads

Out of a field of 456 graduates of the United States Military Academy at West Point, a native Ozona boy, Woodrow Wilson, son of Lee Wilson, local auto dealer, will graduate with highest honors from the institution on June 12.

With but a few more days of his West Point career remaining, Woodrow occupies No. 1 position in engineering, the most coveted scholastic standing and highest ranking attainable among Army graduates. This was the information received here a few days ago by Cadet Wilson's father.

Insted of grades as in other schools, cadets at West Point are ranked in relation to other members of their class, their standings being determined by the ranking given in each subject. At the last official report of Cadet Wilson, he stood in third place in engineering and unless something unforeseen occurs can not be displaced from first ranking at graduation.

Besides maintaining a high scholastic standing throughout his four years at West Point, young Wilson has been an outstanding performer on the Army football team each of the four seasons. In spite of injuries which kept him out of several important games last year and the year before, Wilson won mention on some of the all-American teams both of those years. With all the time necessarily spent in football practice and in games during the seasons, the Ozona boy found time to keep his studies up to the point of maintaining himself in high standing in that field.

Two days after his graduation from West Point, Wilson will be married in the Academy chapel to Miss Kate Lawson, a daughter of Mr. and Mrs. L. M. Lawson of El Paso, Mr. Lawson has been in the United States government service for many years and is now making his home in Mexico City representing this nation in the adjustment of claims by American citizens incident to land seizures by the Mexican government. He is a member of the international boundary commission.

Mr. and Mrs. Lee Wilson plan to leave Ozona early next week for West Point to attend graduation exercises and the wedding ceremony. Mr. Wilson is giving his son and daughter-in-law to be a new Buick automobile, which is to be delivered from the factory for their wedding trip.

Three Uninjured In Freak Double Spill Of Autos

Two Cars, One Towed Overturn, But Occupants Unhurt

Three Ozonans escaped without injury Saturday in a freak wreck in which two cars were badly damaged in a double turn-over a few miles north of Ozona on the Barbart road.

Elmo Berman, his mother, Mrs. W. J. Stevens and her small daughter, Dorothy Stevens, were on their way to San Angelo, with a car in tow, one of the used car stock of the Stevens Motor Co., local Ford agency.

A front tire blew out on the car in tow and it swerved and overturned. The force of the careening car threw the lead car into a skid and it also overturned. Both cars, one a 1939 Ford, the agency's demonstrator, and the other a model of four or five years ago, were badly damaged, but none of the occupants of the car was injured.

The Plains country of Texas has been turning more and more to lamb feeding during the past ten years, C. B. Martin, county agent of Hale County, says. Each year the number of West Texas lambs going into that area has increased. While the total for the year cannot be decided until possibilities of wheat pasture in the fall have shown themselves, Martin and Arthur Clary of Plainview estimated that somewhere between 70,000 and 125,000 would go into that county this fall. A total of 70,000 fat lambs went out of Hale county to market this year, and, because of a shortage in wheat pasture last fall, this was 60 per cent of the 1937 crop.

With the popularity and success of trench silos in the Lubbock country, a good many farm-

ers there are taking to feeding lambs, Sam Arnett, president of the Citizens National Bank at Lubbock, said. Ensilage there at present is selling for \$3.50 to \$4 in the trough, maize heads at \$9 a ton or \$1.10 per 100 threshed. There is a lot of feed on hand there now, he says.

According to Roscoe Snyder, secretary of the Production Credit office at Plainview, wheat in Hale County is below normal and the general condition in that area is: Floyd, bad; Briscoe, bad; Swisher, bad; Castro, almost normal; Parmer, normal, and the little raised in Lamb and Bailey counties, fair.

The story was told the other day about a wool buyer who had dinner at a fairly good-sized hotel. On departing he left a quarter tip. The waitress, jubilant, reached over for the quarter—but when she picked it up found that the customer had captured a cockroach beneath the coin.

Approximately 150,000 pounds of wool was appraised at the People's Produce Co. at Plainview last week. Government appraisers put an average shrink of 74 per cent on the Plains wool, which will mean about a 12-cent loan. Arthur Clary, operator of the warehouse, said that growers had indicated that most of them would take the loan. As a rule, wool in that section is not sold until the cleaner,

London Paraders Protest Conscription

Members of the London No-Conscription league paraded in protest recently in answer to Prime Minister Neville Chamberlain's proposal to bring a million Britishers under arms through conscription. Youths of conscript age, women and ex-service men took part in the parade.

lighter shrinking wool of the lower country moves out, he said.

Shearing has just begun in the Plains country. Last year the Plainview warehouse handled a million and a quarter pounds of wool. This year, because of the shortage of wheat pasturage in that area last fall, the warehouse cuts the quarter million off their expected quota.

Wool in the warehouse thus far is well grown, the warehouseman said, with a better staple than last year but with the fleeces averaging about a pound lighter than last

livery was set for the last of the week.

Fred Snyder of Lubbock sold to W. E. Halsell of Muleshoe 550 cows for about \$63 a head.

Tobe Foster of Lubbock sold a string of ewes and lambs last week to farmers of that section at \$7. The ewes ranged in ages from two's to sixes, but was mostly young stuff and was all out of the wool.

The Sterling Wool & Mohair Company, operated by Ed Wyckoff, has gone into its first season with colors flying. The first warehouse in that county, the Sterling house has a storage capacity of about 350,000 pounds and has better than 300,000 pounds on hand at present. Shear-

ing is well under way there, being a little later than the country just south. The warehouse handles sheep medicines, fly repellants, etc., and is being qualified to handle government loans on wool.

F. W. Herbst loaded out of Standart the first of the week 900 yearling muttons that weighed 75 pounds and brought 5½ cents a pound and 240 of the same weight that sold for 4 cents. The muttons went to Missouri and were sold by Jimmie Mills, Del Rio commission man.

John Treadwell of Menard sold through O. B. Page of San Angelo a double of yearling muttons at 4½ cents a pound. The average weight was around 66 pounds.

FACTS FAVOR FORD

1 The 1939 Ford V-8 is a beautiful, modern motor car. Its 35-horsepower engine gives you economical, well-balanced performance over the entire speed range—and the 60-horsepower engine is even more economical.

2 The structural strength of the Ford car—frame, bracing, axles, body—makes not only for safety, but durability and long life.

3 Ford hydraulic brakes are exceptionally large and strong in proportion to car weight.

4 The Ford car is stabilized for comfortable riding. Its springbase, the distance between front and rear suspension, is 123 inches. Seats are toward the center, perfectly balanced. The car does not bob or dip and can have very little sway.

These four points—power, strength, safety, comfort—are by far the most important essentials in any motor car. They form the basic value of your investment.

With this solid foundation to build on, the Ford V-8 has been made beautiful, spacious, easy to drive. It is richly upholstered and has all the modern features which add to the luxury and pleasure of motoring.

You can see these things when you take a trial drive, but do not forget that the main value is in the things you do not readily see—quality of materials, precision of manufacture, fundamental engineering.

Fred Gipson—

(Continued from Page One)

sloppy with beer, sprawled on the beach of Mustang Island and digging her bare heels into the sand.

"Don't I have beautiful feet?" she coos, admiring them. "Just look at them! Aren't they pretty things?"

Mile-long thorny tangles of wild roses in lavish bloom south of Port Lavaca. Beautiful things.

The little age-shrivelled Mexican peon, squatted down against an iron-grilled window of an adobe house in the Calle Zapata in Monterrey. His head is bare. His face is sunken in the cross of his arms upon his shrunken knees.

The hot sun burns down upon him. Passersby stumble against him. Flies hum and whine about his head. But he doesn't stir. Life's about done for him. Maybe he found it good. Maybe, bad. No matter. He's had his portion of it. And now he squats there, bony rump resting upon bony heels, just squatting and waiting for death to come take away the hull he once lived in.

In Gregory, a bus-load of us pile out to lavish our "good-will" upon the citizenry and invite it to attend our celebration in Corpus Christi.

With us are two "buccanettes," two little high school girls, dressed in "buccaneer" suits that reveal young and clean and beautiful limbs. They're a nice pair of kids, those girls are. Their smiling faces are good for a man to see.

But their lack of concealing raiment irritates a prudish old drug store bench-warmer, who's seen his best days. Full of self-righteousness, he gets up off his bench and stalks off down the street.

"It just makes me mad to see a nekid woman!" he says out of the corner of his mouth that seeps tobacco juice.

The girls are embarrassed. I think: "Doggone, but you must be getting mighty old and cranky."

Frank Davis, president of the Brownsville Chamber of Commerce takes us across the Rio Grande to Matamoros. A Mexican boy, carrying a joint of a huge banana stalk filled with the exotic-scented gardenias, sights the two buccanettes, starts tagging along behind.

"Flowers, meester? Flowers for the Senoritas, meester?"

I stop and buy a couple. The girls are delighted. But it's a mistake. Little dusty-footed gardenia peddlers suddenly appear from all corners, in swarms. A sucker's been found. They swamp us.

I finally just have to shove the little fellows rudely aside, to make room for the girls. Gardenias are lovely flowers. I'm as foolish about them as a girl. But I can't buy them by the thousands.

MRS. TANDY IS HOSTESS AT BRIDGE

Mrs. H. B. Tandy entertained members of her bridge club with a party at her home Tuesday morning. Mrs. Lowell Littleton held high score and Mrs. T. A. Kincaid, Jr., second high. Other guests were Mrs. Sherman Taylor, Mrs. Massie West, Mrs. Melvin Brown, Mrs. Evert White, Mrs. Boyd Clayton and Mrs. Hubert Baker.

The Fair Association reserves the right to cancel any or all events in case of bad weather or other conditions beyond our control.

Juliet's Tomb Is Shrine for Romantic Lovers

Although 600 years have passed since they died together, the legend of Romeo and Juliet, immortalized by Shakespeare, still attracts more than 100,000 visitors yearly to picturesque Verona, on the banks of the Po river in northern Italy. Today's legend is that if a girl in love pays a visit to Juliet's tomb, the course of her true love will be as smooth as Juliet's was stormy. Left: The famed balcony, where Juliet signaled her love; still stands. Center: A hopeful maiden prays at Juliet's crypt in a stone-lined, dimly lighted room. Right: The girl drops a message into a box marked "Mail for Juliet." The girl was alone as it is considered bad luck for an engaged couple to visit the tomb together.

RE-INVENTOR

Charles S. Ault, 67, veteran glass blower, entertains huge crowds daily at the General Electric exhibit at the San Francisco World's fair. Ault re-enacts step-by-step Thomas A. Edison's method of making the first electric lamp, blowing the glass bulb just as Edison did, inserting the filament and sealing the lamp into a wooden base.

WEST TEXAS HAPPENINGS

Gleaned from Exchanges to The Stockman

Ft. Stockton Pioneer: Officials of the Pecos County Agricultural Conservation Association have just returned from College Station where they lodged a protest with the state AAA committee against an announced slash in the allotment ranchmen of the county may earn under the range program.

Junction Eagle: Two boys of the Ivy Community, Clinton and Ernest Chambers, were drowned Sunday afternoon while in bathing on the Main Llano river.

Iraan Herald: Michael Fiora, 46, died en route to an Iraan hospital Sunday morning following an automobile accident about one mile west of the Iraan dirt road intersection with the Old Spanish Trail. Mrs. Fiora suffered a strained back and minor bruises.

Kerrville Times: Ranchmen of Kerr County during the past week received Government benefit checks totalling \$50,442.10. A total of 226 ranchmen participated in the 1938 range program in the county.

Eldorado Success: Ten saddles stolen recently from the Rector Henderson ranch, have been returned to the owner, the sheriff's department reports. Allen Holder of Rankin is free under \$1,000 bond, fixed after charges were filed in connection with the theft.

Coleman Democrat-Voice: The biggest oil well in Coleman county history gauged officially at 2,250 barrels thru open tubing Wednesday afternoon. The well was drilled by Anzac Oil Corp. on the Morris ranch.

Two Negroes Killed In Cemetery After Midnight In Crash

AUSTIN.—State police recently received a report describing the death of two men in a traffic crash in a cemetery.

The victims, both negroes, were killed when their car overturned inside the gates of the cemetery at Lubbock, after first striking a curb around some shrubbery. The dead were listed as C. B. Boone, 30, and Big Joe Leonard, 29.

The crash occurred shortly after midnight.

Burl Sparks, who has been ill at his home for the past month, is improving. As soon as he is able he will undergo a tonsillectomy.

METHODIST CHURCH Eugene Slater, Minister

Calendar of Services: Sunday school, 9:45 a. m. Morning worship, 11 a. m. Evening worship, 8 p. m.

The Vacation Church School is open to children of the Beginner, Primary and Junior departments of the church school. A carefully chosen staff of workers has prepared courses of worship, instruction, handwork, and recreation that is designed to aid in the Christian education of the children of the church. Parents are urged to cooperate fully with the venture.

Classes begin at 8:30 each morning and continue to 11 o'clock. The school begins on June 5 and will continue through June 16.

It all comes down to the telephone

IN THE calamities—fire, sickness, accident or other peril—the telephone is the first thing thought of. But its daily usefulness makes it scarcely less valuable.

It makes appointments. It reaches friends. It invites the ring of opportunity.

Its value is so great that it simply doesn't pay to do without it.

Special Ceremony Marks Installation Of O. E. S. Officers

Officers of the Ozona chapter of the Order of Eastern Star installed at a special installation meeting held in the lodge Wednesday night.

Installing officers: Mrs. W. R. Baggett, installing officer; Mrs. Joe Davidson, installing marshal; Mrs. Eula Seibert, installing chaplain, and Bryan McDonald, installing officer.

Officers of the order, elected recently, were installed, as follows: Miss Mildred North, matron; Richard Flowers, patron; H. W. Baker, assistant patron; Mrs. Gertrude Crumley, secretary; Mrs. Eula Seibert, treasurer; Mrs. J. A. Fusco, conductress; Miss Elizabeth Bell, associate conductress; Arminia Runnion, marshal; Bryan McDonald, adah; Mrs. Eula Crumley, warden; W. R. Baggett, sentinel.

Arminia Runnion was presented with a past Matron's jewel, the past Matron and past Patron were presented with gifts to their officers.

FOUR QUEENS FROM FROGLAND

MARTHA CELL GRAVES, EMAJEAN HAGGARD, HELEN CONNOR, FRANCES BUSTER

Proud of its beautiful coeds as well as of its No. 1 football team is Texas Christian University. Here are pictured four "Queens" of the current school year. They include Frances Buster, Queen of the Sugar Bowl Ball, New Orleans; Martha Cell Graves, T. C. U. Sweetheart at the Texas Roundup, Austin; Helen Connor, named by her fellow students as the "Typical Coed" of the campus; and Emajean Haggard, Duchess to the Cotton Pageant at Aggie land. Misses Buster and Connor are juniors; Misses Graves and Haggard seniors.

Hail Storm Kills Thousands of Fish

Thousands of game and rough fish were killed in an extremely heavy hail storm of a half hour duration in the San Saba river in Menard county recently, Game Warden Ben F. Gaddy of Sonora reported to the game department.

The fish, bass, crappie, bream, cat, gar, shad and sucker, were caught in the shallow waters of the river by the hailstorm which followed an exceptionally heavy rain. The hail was so heavy, drifts of it remained on the river banks for 24 hours and the sudden change in temperature, coupled with the stunned fishes inability to clear their gills of silt churned up by the rain and hail caused their death, it is believed.

Miss Catherine Childress is returning home today for the summer vacation after attending Incarnate Word college in San Antonio this past year.

Mr. and Mrs. W. E. West have gone to Long Beach, Calif., where they will spend the summer.

Charlene and Preston Williams, Jr., are visiting their grandparents in Comanche.

Bland Tandy, who has been visiting his grandparents in Abilene, returned home last week.

Ned Friend was down from his ranch near Big Lake this week.

Texans Eat 775,000 Gallons Ice Cream In Month Of April

AUSTIN. — Texans consumed 775,000 gallons of ice cream, 2,556,000 pounds of creamery butter and 1,463,000 pounds of cheese, to drive the state's dairy industry to a production far above that of March, University of Texas business investigators said today. Drouthy conditions and a late season, however, kept activity to a level much below that of April last year.

Warmer weather in recent weeks coupled with relief of rains tends to improve the situation, they added.

Manufacture of ice cream, which reflects urban consumer conditions rather than production conditions which primarily influence butter and cheese output, gained over both March and April, 1938. Production is estimated by the University bureau of business research at 21.2 per cent over March and 11.5 per cent above April last year.

Creamery butter production jumped 31.7 per cent above March April last year. Manufacture of cheese was estimated at 50 per cent over March but 37.9 per cent below April, 1938.

PET DEER GOES ON DIET OF CHICKEN

The mystery of the "thefts" of small chicken from the farm of J. Stevens near Harper, Texas, was cleared up recently when Mrs. Stevens caught a young deer, of which the family had made a pet, devouring chicks.

Why deer, which are herbivorous, should turn away from their "vegetarian" diet is explained by state game department biologists as due to the lack of sufficient protein in their usual diet. The Stevens' pet was satisfying its craving for protein by consuming chickens.

The fawn was recovered by the game department. It is illegal to keep deer in captivity in Texas unless you possess a game breeders license.

MAY CHEVROLET SALES UP

DETROIT, May 31.—Dealers' retail sales of new Chevrolet cars and trucks in the first 10 days of May totalled 23,248 units, an increase of 1,505 over the corresponding period in April, and of 6,142 units, or 35.9 per cent, over the same 10 days last year. The announcement was made today at company headquarters here.

The period brought Chevrolet's sales for the year to date to 291,765 units, the records indicate. This is 70,212 units more than had been sold at this time in 1938, the percentage of increase being 31.7.

Albert Kay, former Ozonan who now ranches near Fort Stockton, was an Ozona visitor the first of the week. Mr. Kay said good rains fell all the way from Stockton to Ozona.

Mrs. Quinby Ragsdale and Mrs. N. E. Rendall left last weekend. Mrs. Ragsdale to visit relatives in Bayou Bend and Mrs. Rendall in Lometa.

CLASSIFIED ADS

GRASS for 100 or more cows. P. T. Robison, Ozona, Texas. 6-4tp

The young married men's Sunday school class of the Baptist church will enjoy a steak fry at the roadside park east of the city Friday evening. Members will meet at the church at 6 o'clock. Games will be enjoyed after the supper.

Paul Perner will leave tomorrow for A. and M. at College Station for the final review. His son, P. C., and Ele Baggett will come home with him Saturday.

Ele Bright Baggett has been made top sergeant of his company at A. & M. college. He has also been presented with a gold medal for being the best all-round man and the best drilled man in his company.

Dr. and Mrs. G. L. Neersta have returned home after a two-week vacation with his parents in San Antonio and with her parents in San Saba.

It makes us MIGHTY HAPPY to hear from you

THAT'S the reason why we put Service Check Cards in every Humble Service Station. Humble customers are invited to use these cards to tell us what they think of the service rendered, whether it's good, bad, or indifferent, which particular items please or displease. You'd be surprised at how many worthwhile suggestions come to us from customers who use these cards... And they make it possible for us to give you, through Humble Service Stations, the kind of service you want... In other words, we carry on a continuous study of what motorists need and want to make driving an automobile more pleasant, and then we try to give it to them... Do we succeed?... The check cards say we do, and their opinion is verified by the increasing number of Texas motorists who make it a regular practice to stop for service where they see the Humble sign... Seeing is believing, so we suggest that the next time your car needs a tankful of gasoline, you stop at the nearest Humble Service Station and check the service for yourself... Then, if you care to, fill out one of the Service Check Cards you find and send it to us (no postage necessary). It will make us mighty happy to hear from you.

ICE CREAM

Every Day--on the Ranch!

I sure wouldn't 'take' for that" —says Miss Zona Clare Koy, of Eldorado, Tex.

"For 5 years, our kerosene Servel Electrolux has furnished us ice cream and frozen salads practically every day. It takes such a short time to freeze them in our Servel Electrolux. It keeps foods in perfect condition; we have never had any trouble with it. It costs around 2 cents per day for oil, which is reasonable for keeping such large amounts of food; such as lamb, fresh vegetables, milk and salads. It is the perfect refrigerator for ranchmen."

-FREE!
360 SERVEL ELECTROLUX REFRIGERATORS
AND OVER \$101,000.00 IN CASH PRIZES

The big P&G contest is on now! Sixty gas or kerosene Servel Electrolux refrigerators free every week—and five \$500 cash prizes every week—until July 2nd. Come in and get full details.

Think what it would mean to your family, during a blistering West Texas summer, to have ice cream every day! Plenty of ice cubes! Iced tea! Bottled drinks cold all the time! Fresh meat every day! Fresh vegetables all the time! And—no hauling ice!

Servel Electrolux puts modern city refrigeration in any home, anywhere, because it operates on kerosene (coal oil), butane, bottled gas or natural gas—and hundreds of farm and ranch families in West Texas say their Servel Electrolux refrigerators have saved many times their cost. Send in the coupon below for free illustrated booklet—NOW!

Behind The Scenes In American Business

By John Craddock

NEW YORK, May 29.—BUSINESS—Retailers last week had cause to rejoice. For President Roosevelt virtually guaranteed continuance of government spending to maintain consumer purchasing power; while trade revival on the grand scale was envisioned by Otto Lorenz, management engineer, who told a national retail dry goods association convention that installment selling is paving the way for the greatest expansion of credit this country has ever seen. It is noteworthy that more consumers today are using installment financing to buy the relatively higher priced merchandise in which industry has invested millions to create exceptional standards of safety and service. The amount of protection against blow-outs and skidding afforded by cheaper auto tires, for example, cannot be compared to that afforded by truly scientifically designed first-line tires. With average worker income below \$30 a week, the proper expansion of budget buying is becoming recognized as a socially and economically justified prerequisite for the mass market's purchase of industry's ace products, whether they be tires, radios, autos, refrigerators or other merchandise. This trend is also viewed as a powerful force for reemployment.

THINGS TO WATCH FOR—Neon newspapers; plans are underway to install "Telesigns," on which latest news events will be flashed, above main thoroughfares of large cities. . . Golf tees made of a plastic material in pastel colors to match sweaters, Sox or complexions of women divot-diggers. . . Latest novelty in kitchen clocks—a standard electric time-piece built into a teapot. . . Brighter outlook for the garbage industry as result of a new process for making plastics from orange, lemon and grapefruit peels. . . A new gift-by-radio service similar to the flowers-by-telegraph idea for landlubbers who want to send a present to sea-faring friends.

HOT DOG—"When in Rome do as the Romans do" is a policy that the King and Queen of England will observe during a visit to the President at his Hyde Park home. They'll eat hot dogs as a part of a picnic meal there. And the hot dog is the favorite American meat product by virtue of the fact that the average person in this country eats 35 a year. It is a major sales item of countless roadside stands, amusement and ball park concessionaires, and retail food stores. Into the tills of these merchants flows an estimated \$200,000,000 from the sale of 4,500,000,000 "franks" annually. Hot dogs are made from the same cut of the animal as corned beef, but very little of the latter is now made in this country, because the manufacture of hot dogs has been found more profitable.

HEADLINES IN NEW YORK—U. S. and Great Britain reach tentative agreement on barter terms for cotton and crude rubber. . . Steel operations register sharp

Border-to-Border Cyclists Spurn Autos

Mr. and Mrs. Al Parker, both 29 years old, of Wenatchee, Wash., decided they couldn't see enough of the country traveling by auto, so they took to their bicycles. En route to Tinajas, Mexico, the young couple pack a sleeping bag and a box of provisions. In bad weather they sleep in auto camps. When they complete their trip they will have traveled from the Canadian border to the Mexican border.

Army Engineers Build Footbridge in Eight Minutes

Rapid assembly of a footbridge across the channel of the Chesapeake and Delaware canal was demonstrated at Delaware City, Del., recently at the annual reunion of the First Engineers, U. S. Army. Right: Army engineers assembling the footbridge, the work being completed in eight minutes. Left: Army troops on the run as they advance over the footbridge. Maj. Gen. Julian L. Schley, chief of engineers, witnessed the event.

gain as result of coal mines' reopening and recent steel price war. . . Ford Motor Company had an indicated loss of \$19,264,661 on 1938 operations; previously reported profit of Chrysler Corp. for 1938 was \$18,798,293. General Motors Corp., \$102,310,036. . . Republic Steel Co. files \$7,500,000 damage suit against CIO. . . Long expected increase in silk hosiery prices instituted by three manufacturers as result of recent sharp advances in raw silk quotations. . . Evidence of reviving business confidence seen in April registration of new securities with SEC amounting to \$307,754,000, compared with only \$62,280,000 in March and \$91,289,000 in April, 1938. . . Net loss of New York Central Railroad in 1938 was \$20,154,000, highest in company's history.

Texas Water Found To Contain Tooth Staining Chemical

AUSTIN, May 5. — Crystal-clear and "harmless" drinking water is often a tooth-stainer, University of Texas chemists today disclosed. In the long rows of bottles in the university's bureau of industrial chemistry are ground water samples from nearly every Texas county. Among the many chemicals various water samples have "absorbed" traces of fluoride, the tooth-stainer, often appear, analysis shows. One part of fluoride to one million parts of water will mar enamel, declares the chemist-in-charge. One west Texas well showed a fluoride content of three parts to one million of water. No practical fluoride eliminant has been developed for large scale usage, it was pointed out, but chemists in the university's bureau are at work on the problem. The ground water survey was conducted jointly by the bureau

50,000 View Museum Exhibits In Austin

AUSTIN, May 31.—Fifty thousand sightseers have passed through the great bronze doors of Texas Memorial Museum since its opening four months ago, officials revealed here today. Dr. Sellards, museum director, reported that visitors from 20 Texas counties, 44 other states and 19 foreign countries have viewed the state's greatest collection of Texana, located on the University of Texas campus. Only the states of Delaware, Nevada and New Hampshire were as yet not represented on the visitors' register. From as far as Australia, Siberia and China, foreign visitors had paused in Austin to view museum exhibits and the United States geological survey. YOU'LL GET RESULTS IF YOU PLACE YOUR WANT ADS IN THE CLASSIFIED COLUMN OF THE STOCKMAN.

This practical home in Texas is a model for those who must buy or build on a limited budget. Valued at \$3,850 by FHA appraisers, it was built with the aid of a \$3,400 mortgage insured by the Federal Housing Administration. Possessing all of the necessities of a comfortable soundly constructed home, this house has eliminated those features which unnecessarily would have boosted its cost.

QUESTIONS and ANSWERS

Q. Is there any preparation I can use to abate the nuisance caused by neighborhood dogs in blighting the shrubs, bushes, flower garden, and other plant and flower life around our home?

A. Yes. Spray the shrubs, trees, and plants with a mixture of nicotine sulphate and dogs will not come near them. This can be obtained from any seed and fertilizer dealer or nursery.

Q. Without going to the expense of extensive insulation, how can I make the upper part of my one-and-one-half-story home cool in summer?

A. Provide large louvers in each gable end of the roof to circulate the air in the space between ceiling and roof. On hip roofs provide louver dormers. The louvers should be built as high as possible.

Q. At what points does most

Do you suffer from occasional headaches or any other ills of the body that may be traced to eyestrain? If so, won't you come in and let us see if your eyes aren't at fault?

Otis L. Parris
OPTOMETRIST

For 11 Years—Reasonable
Prices and Terms!

heat escape from a house in winter, and where does most heat enter in summer? What are corrective measures?

A. Through windows and roof in each case. Storm windows for winter and awnings on windows exposed to the sun will each reduce this window heat loss and heat gain. The roof can be insulated by various methods.

Q. What is a good inexpensive

way to paint a fence?

A. Any good-quality house paint is satisfactory for unpainted wood. Whitewash, on the other hand, is apt to prove unsatisfactory and needs frequent doing over.

The annual interest charge on America's national debt is \$300,000,000 more than the total expenses of government in 1916.

When Will Fire Destroy Your Property? ??

Door Window Frames Cause Damp Places

Damp spots frequently appear on the interior surfaces of walls, and, contrary to the impression of some home owners, only in relatively few cases are they caused by leakage through the walls. Source of the trouble is usually found around window frames which are poorly built or improperly weatherproofed. These frames admit air and moisture, and the adjoining interior walls soon become unsightly with dirt and water stains. Water, finding its way into the wall around the window frame, may work along inside the wall and make a spot on the plaster surface several feet distant. Because of this, it is sometimes difficult to locate the source of trouble.

Regular Check Of Home Urged

Many of the inconveniences and discomforts experienced in the household may be avoided if home owners would abandon the policy of giving their homes attention only when acute trouble, such as a leaky roof or burst pipe, demands

Builders declare that it is neither wise nor safe to wait until something breaks or gives way completely, and that such troubles should be anticipated by making regular inspections and applying remedies where needed.

The house may be inspected by members of the family owning or occupying it, who are often aware of some of its defects and inconveniences, or by an experienced workman whose knowledge and skill should enable him to discover defects not apparent to the average householder.

Care of Screens

A screen door or window screen lasts longer and looks better if it is kept well painted at all times. But the home owner should remember that if ordinary paint is used, it should be thinned out considerably to avoid clogging up the mesh.

A number of special screen paints are on the market. One treatment, well known to decorators, is placing a coat of thin white paint on the screen to make the interior of the house less visible from the outside.

Authorities recommend painting cheap grades of screening each year. Copper or bronze screening needs little attention.

Cattle Lead April Hike In Shipments Of Texas Livestock

AUSTIN, May 31.—Livestock movement from Texas ranches in April bounded to a seasonal peak much higher than that of April last year, University of Texas bureau of business research investigators said today.

A total of 11,842 carloads of livestock was shipped to Fort Worth stockyards and out of state points, 30.6 per cent more than in April last year. Movement of cattle totaled 9,171 carloads, 34.7 per cent above April, 1938. Shipments of calves, 1,957 cars, were up 32.1 per cent. Hog shipments, 864 cars, gained 43.5 per cent.

Sheep shipments alone dropped 12.6 per cent, to 750 cars.

Flint Hills of Kansas and the Osage country of Oklahoma drew the bulk of out-of-state shipments, and accounted for much of the increase in total movement.

Ozona Boy Among Graduates N. M. Military School

John Childress Gets Diploma From Roswell Institute

John William Childress, son of the late Mr. and Mrs. P. L. Childress of Ozona, will be graduated from New Mexico Military Institute at Roswell, N. M., on Tuesday, June 6, 1939.

Childress has been enrolled in the Junior college of New Mexico Military Institute for two years, and has done well. He was admitted upon certificate from the Ozona High school.

Young Childress is a corporal, and is completing the basic course in the senior cavalry unit of the R. O. T. C. His athletic participation has been in the rifle team and swimming.

Childress is one of the 103 graduates who will receive diplomas from Gov. John E. Miles of New Mexico. Seventeen states and Mexico are represented in the class of 1939. Thirty-five members of the graduating class are from Texas.

Boyd B. Baker, son of Mrs. Alice Baker and grandson of Mr. and Mrs. W. E. West of Ozona, is also expected home for the summer vacation immediately following commencement at New Mexico Military Institute.

There are 121 young men from Texas enrolled at New Mexico Military Institute, this year.

East Side Kids Model Latest in Informal Attire

What the well-dressed East Side boys and girls will wear this summer, as modeled at the annual fashion show of the New York Children's Aid society's children's center in New York. Left to right: Margaret Callahan in a blue play suit and cape; May Wagner in a beach play suit; Grace Callahan in a blue sun suit; Billy Collins in a blue sun suit, and Catherine De Lorenzo in white slacks and cape. Only bit of trouble—the children didn't want to take off the new clothes.

Pretty Girls To Gather At Annual Ft. Stockton Revue

FORT STOCKTON, May 31.—Many of West Texas' prettiest girls, best swimmers and divers, golfers and rodeo performers, will be in Fort Stockton June 9, 10 and 11 for the fourth annual Fort Stockton Water Carnival, which present information indicates will be most successful of all the shows. Firemen of the Permian Basin Association will gather here

for races and water fights as part of the entertainment, and a big free parade on Friday morning will open the show. Dances will be held on the nights of June 9 and 10.

There will be some form of entertainment underway all during the day on both Friday and Saturday, with the golf tournament and calf roping events holding center stage on Sunday, the 11th. Sheriff Dan Hihl of Fort Stockton will meet Sheriff Louis Robertson of Pecos in a matched calf roping contest.

Box For Orphans Home Is Packed By Local Society

A box of clothing, destined for children of the Buckner Orphans Home in Dallas was packed by members of the Woman's Missionary Union of the Baptist church at the meeting of the organization Wednesday afternoon at the church.

An offering for the home was also taken. Present were Mrs. George Bean, Mrs. S. L. Butler, Mrs. J. T. Keeton, Mrs. Lowell Littleton, Mrs. Clyde Childers, Miss Maybelle Taylor and Mrs. J. S. Whatley.

The society will meet next Wednesday at 3 o'clock at the church for a business session. All members are urged to be present.

Mr. and Mrs. Massie West are enlarging a porch and adding a bedroom to their ranch home.

Judith and Betty Williams, children of Mr. and Mrs. Preston Williams, will return this weekend from a two-week's visit with friends in San Antonio.

J. K. Colquitt is recovering from a recent throat infection.

Water Carnival Team In Action

An outstanding attraction at the Fort Stockton Water Carnival June 9 and 10 will be the Ambassador Swimming team of Los Angeles, shown above in action in its famous triple dive. In set shows the pair of clowns which keep up the action between more spectacular stunts by the team proper.

A feature of the team act is the water waltz, in which the performers keep time to orchestral accompaniment. This famous team will appear twice daily—afternoon and evening—on the 9th and 10th—in Comanche Spring. In the evenings their stunts will be interspersed with events in the two bathing revues.

Sonora Ready For Lions' 2nd Annual Wool, Mohair Show

SONORA, May 31.—Preparations are now underway for the forthcoming Sonora Lions' Club Second Annual Auction and the 4-H Boys' Wool and Mohair Show, to be held at the wool warehouse June 10.

There will be choice of the county's livestock production offered for sale at the highest bid. Several head of registered Hereford bulls, two and three-year-olds, have been placed with the auction committee on consignment.

Nelson Johnson, who served as auctioneer last year will have charge of the selling again this year. Mr. Johnson is well known in this western territory.

The sound truck of the Gulf Refining Co., will be used, a good orchestra secured for the dance Saturday night, and with plenty of the county's best grade and registered livestock at your own price, everyone should be pleased with the yearly event.

Seven counties to date have lined up with the expectation of winning a number of premiums in the wool and mohair division. Awards have been arranged for the best display of bags of wool, best put up bags, single fleeces in both breed and market classes.

In the mohair division, premiums will be given for single fleeces, county exhibit in groups of five, and record books of sheep flock demonstrations.

Five to seven premiums are offered 4-H club boys, besides each boy will receive a prorated cash premium on the sale of his wool.

RAPES TO AUSTIN

Mr. and Mrs. I. G. Rape will leave Sunday for Austin to attend commencement exercises at the University of Texas to be held Monday night. Their son, Mark A. B. degree at the commencement. Another son, Joe Rape, a student at Baylor University, will receive his degree from that institution at the summer school graduation exercises in August.

Mr. and Mrs. Tom Harris are as their guests two of Mrs. Harris' sisters and their children, Nellie Reagan and daughter Maureen, of Stephenville, and Lucile Wilkins, and son, C. A. Colorado. Miss Mary Margaret Harris, a student in John Taylor college at Stephenville, is home for this week also, but will return with her aunt to school when they leave this weekend.

Mr. and Mrs. Bob Palmer left for their home in Beach, Mich., after a visit to Mrs. Palmer's mother, Mrs. Wakefield. They went by Indianapolis for the auto races.
