Goodfellow Field Team to Play Ozona Nine Here June 26

An improved Goodfellow Field soldier nine has accepted an invitation from the Ozona baseball team of the Concho Basin League to play an exhibition game on the Ozona diamond Saturday, June 26. It was announced this week by T. J. Bailey, president of the Ozona club.

Ozona Back In Loop Tie As Robt. Lee Stumbles

By virtue of the surprise victory of Lowake over Robert Lee and Ozona's 13-5 triumph over Veribest in a game played on the Sonora diamond Sunday afternoon, the Ozona team was back in a tie with the Robert Lee nine for the top position in standings among the Concho Basin League contenders this week.

A five-hit game hurled by Forrester of Lowake gave the Lowake crew a 4 to 2 victory over Robert Lee in Sunday's encounter. The Robert Lee loss puts Ozona and the Twisters again in a tie for first place, each with six games won and one loss. Ozona lost to Robert Lee three weeks ago on the home diamond, and in an exhibition game in San Angelo last Friday night downed the Coke county lads 11-8 in a slam-bang encounter which saw the Ozonans come out from under a 4-0 lead piled up by Robert Lee in the opening chukker.

Ozona batters were on the ball Sunday against Veribest, the game being transferred from Ozona to Sonora. The locals unleashed a slashing attack in the opening inning to pile up 10-0 lead and then coasted through the balance of the ball game. Conley Cox gave Ozona fans the afternoon's thriller by slapping a home-run into the mesquite flat with the bases loaded. Thus Cox becomes the second Ozona player this season to collect \$5 from Lee Wilson for a home run hit in league play. McClanahan, Ozona third sacker, racked up four hits for six times up.

Four Hospitalized In Week-End Rash Of Auto Accidents

Oil Field Truck Overturns; Tourists' Car Strikes Bridge

Four men were taken to San Angelo hospitals suffering serious injuries as a result of a rash of automobile accidents on highways near Ozona during the past week-end.

Calvin Reed, 24, and Cecil Gullet, 22, driving a winch truck owned by Charles Garlitz of Ozona, were seriously injured Friday night about midnight when the truck in which they were returning to Ozona overturned several times at the four-mile hill on the Barnhart highway.

Two men traveling from California suffered serious injuries early Sunday morning when the Mercury convertible in which they were riding struck a concrete culvert about 12 miles west of Ozona on Highway 290.

Four negro men were slightly injured last week when a truck, loaded with gravel, owned and driven by Henry Watson, went out of control on a hill this side of Bachelor Hill and crashed into an embankment. The drive shaft on the truck broke while traveling down hill and the four men jumped before it finally crashed into the embankment and came to rest.

Mrs. Embry Hunt, who has been ill in a San Angelo hospital, is reported improved and is expected home soon.

Hudspeth Estate Gives \$25,000 To Crockett Hospital

Pledge Made by Late Roy Hudspeth Honored by Executors

A donation of \$25,000 from the estate of the late Roy Hudspeth of San Angelo, on the basis of a written pledge made by the late ranchman and financier before his death, has been made by the executors of the estate to the hospital being erected in Ozona, it was announced this week by County Judge Houston S. Smith.

The transfer of the \$25,000 donation toward completion of the hospital in Ozona was made by the executors after directors of the Lillian Hudspeth Memorial Hospital in Sonora, for which a considerable part of the Hudspeth estate was left in trust, signed a resolution directing executors of the estate to do so as a means of honoring the pledge made by Mr. Hudspeth in his lifetime.

Mr. Hudspeth had made verbal pledges to Judge Smith and others for donation of a substantial sum to the local hospital and toward erection of the new Methodist church here. However, death came before he had actually made the donations, but in a letter to Judge Smith written some weeks before his death, he indicated his intention of making the hospital donation.

Although no specific sum was mentioned, conversations concerning the donation which Judge Smith and other members of the Commissioners Court had had with him indicated that it was his intention, perhaps to match at least the \$50,000 donations made to the Sonora hospital. However, lacking written evidence of his intention, members of the Sonora hospital directors and the executors agreed on the \$25,000 donation, which was accepted as satisfying the pledge by the Ozona group.

At Mr. Hudspeth's suggestion some time ago, in view of the fact that the county does not plan to operate the hospital directly a corporation named the Roy Hudspeth Memorial Hospital Corporation was formed here, its purpose being to receive the promised gift from Mr. Hudspeth. Members of the Commissioners Court were named as directors of this corporation, whose charter provides that it may receive gifts for the erection, completion and support of a hospital in Ozona, Texas.

Following a recent conference between independent executors of the Hudspeth estate, Houston Smith of Ozona, J. O. Mills and Herman Perry, and members of the board of directors of the Lillian Hudspeth Memorial Hospital in Sonora, the arrangement for transfer to the local hospital corporation was completed and payment made.

Directors of the Roy Hudspeth Memorial Hospital Corp. here subsequently met and by proper resolution passed the sum of \$25,000 over to the Commissioners Court of Crockett county, to be placed in a special fund, with instructions that said sum of money be used for the completion and equipment of the Ozona hospital.

The final paragraph of the Commissioners Court's order setting out the terms and conditions of the gift and noting its acceptance, the court decreed as follows: "Now, therefore, it is ordered adjudged and decreed by the Commissioners Court of Crockett County, Texas, that said sum of \$25,000 be accepted and received by the Court in grateful memory of one of the illustrious sons of Crockett county, Roy Hudspeth, and that said sum be placed in a special account and that same be expended by the Court in the completion and equipment of a hospital in Ozona, Crockett County, Texas."

It is estimated that the Hudspeth donation will be sufficient to complete the unfinished portion of the hospital building. The third or hospital floor is unfinished and the \$25,000 will be used to (Continued On Last Page)

Pick extra mileage right out of the air!

EVER wonder how important it is for an engine to be able to breathe easily? Then just consider . . .

1. An efficient engine wants to "inhale" about 1,450 cubic feet of air with every gallon of gas. That's volume!
2. An eight-cylinder engine "inhales" as many as 240 times (or more) per second. That's frequency!

Now you know why "free-breathing" engine design is so important.

TODAY'S BIGGEST BARGAIN

You can't buy it at a store— You can't carry it in a bag— It's your biggest bargain— It's YOUR ELECTRIC SERVICE

You don't buy it at a store—you can't carry it home in your shopping bag—yet it's one of the biggest values in your family budget. It's your electric service, of course!

Yes, although it costs the West Texas Utilities, your electric service company, more to supply it to you—and such costs are still rising—you're nevertheless now getting electric service at rates 17 per cent less than you did ten years ago—if yours is the average family.

Why is your electric service so big a value? One reason is that more people are using more and more electricity. Another reason is the constant effort which the experienced personnel of your service company makes to keep your electric service a bargain.

1949 Ford Goes on
Display Here Today;
"The Car of the Year"

The 1949 Ford, which reveals a
radical departure from traditional
Ford styling and engineering, will
be made public Friday by Melton
Motor Co., Ozona Ford dealer, N.
E. Melton, manager, has announ-
ced.

"New standards of beauty, com-
fort, economy and performance in
the 1949 Ford passenger cars ad-
vance them far ahead of others in
the low priced field," Mr. Melton
said. "Styling of the new Ford de-
finitely establishes it as The Car
of the Year."

To develop and produce the 1949
passenger cars alone, the Ford Mo-
tor Company has expended more
than \$37,400,000.00 in tools, dies,
jigs and fixtures.

The modern design has been
molded along functional lines, re-
sulting in a long, low sweeping sil-
houette. Comfort has been one of
the primary objectives in the new
Ford. Front seat widths have been
increased six inches and the rear
seat nearly eight inches. The body
has been moved five inches for-
ward and the seats cradled be-
tween the axles for a much smooth-
er ride.

A new type of suspension sys-
tem — "Hydra-Coil" Springs —
replaces the traditional transverse
springs and the front axle. This
system is centered around airplane
type shock absorbers mounted
within low frequency coil springs.

There's more leg room in the
new cars because the size of the
driveshaft tunnel has been de-

creased by adoption of the Hotch-
kiss drive and the hypoid rear ax-
le.

Both the V-8 and Six engines are
offered as power plants in all Ford
models. Other engineering fea-
tures result in better performance
and longer engine life.

Increasing miles per gallon has
been effected mainly through a
new intake manifold and the in-
troduction of the "Equa-Flow"
Cooling System.

N On Kin is not a stranger to the United States. He was first in this country in 1932 when he was a member of an international team that travelled across the nation in a series of missionary meetings conducted by the Methodist Church. He was in this country again in 1940 as a delegate to the General Conference of that year, and again he spoke in a large number of cities across the nation.

Born in Twagte, Burma, the son of U tun Win and Daw Cho, he was educated at the Methodist Anglo-Vernacular School in Twante, and at the Teacher Training School; later going to India for ministerial training at Leonard Theological Seminary at Jubulpore, Central Provinces.

For some years he taught in Methodist mission schools in Pegu, Syriam, and Twante; and then, following his return from India with a B. D. degree, he was named pastor of the Methodist church in Thongwa, Burma, and ordained by Bishop Frank W. Warne. From 1926 to 1942 he served in the dual capacity of a church and as superintendent of a district. Since 1942 he has been superintendent of the Rangoon District. He is fluent in the use of the Burmese and English languages. He has written a number of books in both languages in the field of religious education.

In 1938 U On Kin was a delegate from Burma to the International Missionary Council Meeting in Madras, India. Following the meeting he was a member of a goodwill delegation from India and Burma to China. As a result of that visit he wrote, "China as a Burman Saw It," and "China's Freedom and the New World Order." He has also written in support of the cooperative movement

both in the technical field of marketing and selling, and "as a way of life toward self-support and for the missionary program."

From where I sit... by Joe Marshall

How to Live Longer

Someone asked Pappy Miller last week how he stayed so spry at ninety. Pappy told him:

"Well, sir—when I work, I work hard. When I set, I set loose. When I think, I go to sleep."

According to Doc Hollister, that formula isn't far amiss. "Hard work," says Doc, "never wore out anyone before his time, providing he knew how and when to relax."

Doc himself works overtime, with his daytime patients at the office, and his evening calls. And

when he gets home he takes a long chat with the missus and time to go to bed.

From where I sit, relaxation is fine art—especially in these fast-moving times. And I know nothing like a temperate glass of beer—enjoyed with pleasant company—to restore that sagging of mind that one needs after a day's work.

Twists To Win in Bout

Trail 4 Frames in Bout

Count in the Concho standings, but Ozona to a slow start, and to cut down the Twisters — Oil — 11 to 8 in an exhibition benefit bout in San Angelo Friday evening the season difference is that the team won here three runs in the league while the one Ozona night doesn't.

win that one. Five innings the Ozonans trailed, while followers, who were the majority in the stands pleaded for a rally. The Robert Lee crew jumped on Lefty Shelton in the first frame for four runs — five straight hits and one walk for the first and only six men to face Shelton. Then Shelton retired in favor of Hefley, who put out the fire at last.

That appeared a stiff lead to overcome. Things looked up a little in the Ozona half of the opener when Sheffel, with two out, beat out a third strike dropped by the catcher and then scored on Cox's ringing triple to the board fence — the hardest hit ball of the evening. Holding Robert Lee in check in the second, the locals racked up one more when Scott doubled, went to third on McClanahan's roller to short and romped home when the K. L. catcher again let one get away.

A walk and a couple of hits by the Tinkler-Bowman combination in the third gave the Twisters another run for a 5-2 count. Stuart's double and McClanahan's single in the fourth produced another Ozona run. But Robert Lee took up the slack in the top of the fifth by scoring two on a walk, a hit and a brace of errors. It was disheartening!

But hopes began to rise in the last of the fifth when things began to happen in Ozona's favor. Montgomery singled and stood on first base while Homer and Sheffel in turn popped out to the infield. With two out, Cox drew a walk and Stuart singled, scoring Montgomery. Then the Robert Lee first sacker muffed a throw on Scott's grounder and Cox and Stuart romped home for a total of three runs in that inning.

Two more were added by the locals in the sixth to ice down the ball game. In that frame, Montgomery walked, Homer singled and then both scored on Sheffel's ringing double to right field. A hit by McClanahan, a sacrifice by Hufstedler and an error by Johnson, Robert Lee catcher, produced another tally for Ozona in the seventh and a pair of hits, two walks and an error at third resulted in two more in the eighth. Robert Lee chalked up one more run in the final frame, a couple of infield errors letting in the tally with no hits.

Ozona chalked up 11 hits, a triple by Cox, a double and two singles by Stuart, a double and single by Scott, two singles by McClanahan, and one each by Montgomery, Homer, and Sheffel, a double, Robert Lee hitters rang the bell for ten hits.

150 Attend Coates Family Reunion at Christoval Park

Members of the Coates-Friend families of Crockett county were among the approximately 150 descendants of the family, which has been identified with West Texas progress since the early 90's, in attendance at the ninth annual family reunion held at the Christoval park the past week-end.

The reunion is known as the "William Duval Coates Reunion," a congress of the old and widely known, Coates, Friend and Davidson clan of this area. An estimated 1,500 are living descendants of

William Duval Coates, founder of the far-flung family group.

It was about 1824 that Eliza Powell and William Duval Coates were married and settled near Gatesville in Coryell county. The old homestead is still there. To eight of whom lived to adulthood.

This union were born nine children. This is the reunion of these eight descendants.

Contemporaries of the Coates listed W. E. Friend, San Angelo as the oldest member at the reunion. He is 78. And 3-month-young William Ponder Seahorn, III, son

of Mr. and Mrs. William Seahorn, Ozona, was the youngest clan member present.

LOST—Billfold containing money and very important papers. Liberal reward for return to Joe Patrick.

On Butane Gas This Winter

The solution to the possible repetition of the Butane Gas shortage this winter is larger storage tanks.

Right now we have tanks of large capacity — as big as you want. They may not be available long. Better get your name on our list for a larger tank today and avoid cold weather shortage.

Heat Your Home This Winter With
PANELRAY GAS HEATERS
Nature's Own Heating Method

Science now has found the way to warm your home just like the sun warms the earth. PANELRAY radiates infra-red heat rays at the speed of light that actually penetrate your blood stream before the air is warmed.

The old type of hot air heating heats the air and you eventually get warm when the room (particularly the "head room") is flooded with hot air. But PANELRAY directs the heat rays at body height throughout the "living zone."

No exposed flame or incandescent parts — fit in the wall, out of the way — efficient, economical and low in cost.
