CORRAL TALK

By Joe Cowan
Crockett Co. Agricultural Agent

Mastitis

Milk cow in Crockett should be tested for mastitis.

Your cow's udder has a weak spot or has lost a quarter she should be tested. The county agent will be glad to teach you how to do this test.

Backyard Poultry Flocks
If you have a small backyard flock of laying hens. Many hours are spent in the care of a little bunch. Some suggestions for a egg production are in order at this time.

Forming the flock of hens. The best treatment for worms is a safe and effective way, having an advantage over individual treatment because it reduces the chance of the hens. Flock treatment may be carried out as follows: 2 ounces of Phenothiazine powder to 4 pounds of mash.

Control of lice. Lice may be controlled easily by applying Blackleaf "40" (nitsulphate) to the roost. Apply 15 minutes before roosting. Take your ice pick and make a hole in top of the cap of Blackleaf 40 bottle and apply with mark size of stream down roost.

Feeding and watering poultry. Mash should be kept in front of your hens at all times. Such as wheat, oats, barley should be fed only once a day, preferably late in the afternoon. One should feed only at rate of 8 pounds of grain to 100 hens. A greater amount will produce too much fat and a fat hen does not lay.

Water should be clean, cool and fresh at all time, especially in hot days.

Ozona Masons Meet Saturday

Over 100 Expected To Attend 4-Lodge Session Here

Ozona Masons will play host Saturday to an estimated one hundred visiting Masons from lodges in this Masonic district at a district meeting to be held in the local lodge rooms honoring the District Deputy Grand Master Ira Glasscock, Jr., of Big Lake, Ozona, Sonora and El Paso will be in attendance and in addition a group from San Antonio is expected to attend, according to announcement made by H. Baker, Worshipful Master of Ozona lodge.

Visiting Masons will be entertained with a barbecue supper beginning at 6:30 o'clock after which a program, L. D. Kirchner, chairman of the food and arrangements committee.

Ray Johnson, pastor of the Methodist Church in San Antonio, will be the principal attraction of the evening.

Marriage Plans of Townsend and Jeanes Revealed

Mr. and Mrs. L. B. Townsend of Ozona have announced the engagement and approaching marriage of their daughter, Ruth, to the son of Mr. and Mrs. Jeanes of Denton.

The marriage will take place at 10 o'clock on September 16 at the Littlefield in the Woods on the campus of TSCW in Denton.

Miss Townsend is graduate of Ozona High School and this year will be in North Texas State Teachers College in Denton. She received his B. S. degree in dentistry at the same institution last summer and is enrolled for the next term to do graduate work. She will make their home in Denton.

Ozona Noses Out Miles In Loose Scoring Melee

Locals Break Tie in Ninth for Winning Tally

Ozona managed to stay on top of the Concho Basin heap again Sunday by making more scores than the Miles Giants could make in nine innings. But it was just one more tally than the visitors could chalk up in a free-scoring game in which the score was tied no less than three times, to be untied finally in the final frame when the Ozona nine chalked up the winning run.

Miles sluggers went to work early on the offerings of Frank James, starting hurler for the home club, Butch Jeschke, Miles lead-off hitter, clouting the first ball pitched over the head of Lefty Walker in centerfield for a home run. An error and two more hits combined to give the visitors a 2-run lead in the opening frame, but Ozona tied the count in their half on two-base hits by Walker and McMillan coupled with a miscue by the visiting shortstop on Cox's grounder.

The home club took the lead in the second with two more scores when Buddy Homer lived up to his name by poling one through the wire for the circuit, pushing Sikes home ahead of him. The Giants took up some slack in the third when two hits accounted for another run but the locals forged ahead with two more in the third and one in the fourth.

The visitors, with six hits already racked up, went to work in earnest on James chunks in the fifth. M. Jeschke, first up, doubled, and scored on Brandy Ray's single. Gordon singled for the third time in a row and Stuart relieved James on the mound, with two on and nobody out. Stuart struck out the first batter, but Pitcher Gage lifted one to right field and the ball got away from Sikes and another run was over. Stuart made it two out by striking out the next batter but Cox muffed B. Jeschke's grounder to let in another run. Gage scored on L. Jeschke's single, the first hit off Stuart, who then retired the ninth batter in the inning via the strikeout route.

Those four runs in the fifth tied the count again, but the locals were two out in the lead again in the sixth when they scored two more on a couple of Miles errors plus Beecher Montgomery's single.

The score was again in a knot after the visitors had batted in the eighth, three hits being bunched in that frame for two runs. In the last half of the ninth, Sheffel, first up drove out a single. Cox laid down a perfect bunt to advance him to second. McMillan grounded out to second to bring up Stuart. Stuart socked one deep to left field and the Miles centerfielder managed to get under it the ball trickled out of his glove and Sheffel was over with the winning marker.

The Ozona team, leading the Concho Basin League with seven straight wins in the second half, will go to Sonora next Sunday afternoon to play the jinx team of the loop — the only aggregation in the league which was able to beat the Ozona team during the first half play.

METHODIST CHURCH

"Getting What's Coming," is the theme to be used Sunday morning at the 11 o'clock service by the Rev. Horace M. King, pastor of the Ozona Methodist Church. A frank facing of such questions as, "Do I want what's coming to me?" "Why should I have it?" and "Is there a way of earning salvation?" will be featured, the minister said.

At the Sunday School hour Sunday morning, a special observance of "back to Sunday School rally" is scheduled, Rev. King announced.

Football District Committee To Meet In Sonora Saturday

Superintendents and coaches of the seven schools which compose the district will meet in Sonora next Saturday as a district committee to perfect plans for the year's district athletic contests and to reorganize the committee for the year.

A new chairman for the district will be elected and matters affecting all schools in the district will be discussed. Supt. C. S. Denham and Coaches L. B. T. Sikes and D. A. Parker will attend as representatives of Ozona.

Street Marking, House Numbering Advocated Here

Community Council Investigates Possibilities of Plan

Possibilities of a city wide plan of street marking and house numbering in Ozona are to be investigated by the Community Council here following a suggestion made to that body at its meeting Monday evening at the courthouse.

Ozona streets are all named and numbered on the map, yet without street markers very few residents know even the name of the street on which they live, it was pointed out. Under the present set-up of unnamed streets, it is next to impossible to direct a stranger to an Ozona home.

Advocates of the plan point out that with the new paving program soon to get under way a street marking and house numbering campaign at this time would fit in with the general street improvement program.

Just what type of street name plates, whether the names are to be stenciled on curbs or mounted on posts at intersections is a matter to be determined. Method of financing such a plan, too, is another problem to be solved, but a suggestion that residents along each street be asked to contribute enough to install street markers along their own streets seems to be the most popular plan for its solution. Such a plan would entail only a nominal outlay on the part of each property owner on a street and house numbers can be purchased for a few cents by individual home owners. Besides giving the town a more modern appearance, the convenience of street names and house numbers to strangers and residents as well would far outweigh the cost.

Completion of the park planting program was also discussed at the Council meeting and Mrs. Ira Carson, chairman, reported that she is now ready to receive contributions from individuals and organizations for individual plantings in the park area. A special planting is to be made at the north end of the park to balance the Davy Crockett statue at the south and other lesser plantings are to be made around and through the park. Several persons and organizations have pledged to buy one or more trees, shrubs or plants and it is planned to set out all of these this fall and winter.

Hunting License Required of All Who Hunt in Crockett Co.

A hunting license is required of all persons who hunt in Crockett county under the new hunting laws passed by the legislature, according to a digest of the new laws received this week by the Ratliff Hardware and Furniture Co., where the licenses may be obtained.

Crockett county was included in the list of counties where resident hunting licenses are required of all hunters. Heretofore, residents of the county were not required to have a license to hunt in the county of residence. Hunting licenses, good for the entire season, may be had at Ratliff's for \$2.

Sharp Increase In Enrollment For Lower Grades

Elementary Schools Up 24 Percent; Decline in High School

A sharp increase in enrollment for the lower grades, with a slight decline in high school grades was registered on the opening day of the 1947-48 school term here Monday according to figures compiled by Supt. C. S. Denham.

Compared with opening day enrollment for the 1946-47 term, the elementary grades showed an increase of 24 per cent, while the high school enrollment declined approximately 6 per cent.

The sharpest gains in enrollment were made in the kindergarten and first grades. The kindergarten enrollment this year was up from 32 last year to 39 on Monday morning of this week. An even greater increase was made in the first grade which started last year with 25 enrolled and this year with 38.

Every grade was off slightly from last year in the high school enrollment with the exception of the twelfth or Senior class, which increased from 16 last year to 24 this year. The Latin American school also showed an opening day decline in enrollment, from 195 last year to 185 this year.

The enrollment by grades in the elementary and high schools, for last year and this year is given below:

	1946	1947
Kindergarten	32	39
First	25	38
Second	26	28
Third	31	31
Fourth	26	36
Fifth	23	31
Sixth	20	23
Seventh	17	20
Eighth	11	16
Totals	179	222

(Less Kindergarten)

Ninth 19 13
Tenth 24 21
Eleventh 27 23
Twelfth 16 24

Schools got under way for the new term following opening exercises Monday morning in the high school auditorium.

All members of the grade and high school faculty were on the stage and were introduced to the audience. The auditorium was packed to capacity with patrons and pupils for the opening ceremonies.

Rev. Glen Edwards, pastor of the First Baptist Church, opened the exercises with the invocation and Miss Jacquelin Theis, public school music teacher, led the audience.

32 Boys Out For First Football Practice Session

Coaches Sikes and Parker Enthusiastic Over Prospects

With a squad of 32 boys out for practice and a nucleus of 13 lettermen around which the 1947 team is being formed, Coach L. B. T. Sikes and Assistant Coach D. A. Parker were enthusiastic this week over the prospects for a hard fighting team when the fall grid wars break out along about September 19.

Coaches Sikes and Parker, who were guest speakers at the Rotary Club luncheon Tuesday, admitted, however, that the Lions face some hard sledding in district competition. Other teams in this district have from three to nine hold-over players this season, boys who should have graduated last year but who failed to do so and are eligible this year for football. This practice will be outlawed after this year under the eight semester rule recently re-applied by the Interscholastic League and made effective after this year. Ozona has no hold-overs, the coaches declared.

Car Stolen Here Is Reported Found Wrecked Near Del Rio

A 1946 Buick sedan, belonging to Mr. and Mrs. Hillery Phillips was stolen from in front of the Phillips home Wednesday night.

Sheriff Bruce Harp received a report this morning that the car had been found wrecked and abandoned near Del Rio this morning and Sheriff Harp left before noon for Del Rio to investigate. No details on the extent of damage to the car was available.

The car contained several suitcases of clothing belonging to the Phillips' daughter, Benny Gail, who is planning to return to school. Information was not available immediately from Del Rio officers as to whether or not the clothing had been removed from the car or was damaged.

Humble Treats Mitcham Well To Boost Yield

500 Gals. Acid Used In Effort To Increase Production

Humble Oil & Refining Co. No. 1 Mrs. Grady Mitcham of San Angelo, opener of the Childress (Eilenburger) field in northeastern Crockett county 14 miles northeast of Ozona, has been treated with 500 gallons of acid through casing perforations in an effort to increase production.

Prior to the treatment the well was producing at the rate of 122 barrels. Humble reported to the Railroad Commission. The well was finished Aug. 14 with a natural daily flowing potential of 487. 6 barrels of 41 gravity, pipeline oil through a quarter inch tubing choke and casing perforations at 8,092-8,105 and at 8,112-22 feet. It is 810 from the north, 660 feet from the east line of section 12-AB-D&SE.

In the Midway Lane field, first and most westerly of the two Eilenburger producing areas recently opened in northeastern Crockett by Sinclair Prairie and Atlantic, these companies' No. 2-66 University was coring from 1,566 feet to test through a shallow zone that had some slight shows of possible production. It is in the C SE SW 30-46-U, quarter mile west of No. 1-66 University, the discovery.

No. 3-66 University C SW NE 30-46-U, 1-127 feet north of the pool opener, was preparing to start drilling with rotary at 616 feet in redrock. No. 4-66 University, C SE SY 30-46-U, quarter mile east of No. 166 University, was rigging rotary to drill ahead at 621 in redrock.

John I. Moore No. 1- A. C. Hoover, slated 7,000-foot wildcat in western Crockett county 2 1/2 miles southeast of the opener of the Clara Couch Wolfcamp field, had reached 6,020 feet in lime. It is 2,023 from the south, 669 feet from the west line of section 1-GG-HE-AWT.

John I. Moore No. 1-D A. C. Hoover, scheduled 8,000-foot wildcat in the Shannon field, C NE NE 17-1-GC&SF, was drilling at 6,615 feet in lime.

Athletic Squad Insurance Plan Is Adopted by Schools

Athletes who participate in Ozona High School football and other athletics will be protected financially under an insurance plan adopted by the schools for the present school year, Supt. C. S. Denham announced this week.

A policy which covers the entire squad in all sports has been purchased for a squad of from 31 to 40 boys at a cost of \$185 for the school year. The policy covers limited medical expenses, hospitalization for 30 days at \$6 per day and life and total disability coverage of \$1,000. The policy plan is approved by the Interscholastic League.

Engineer Begins Street Survey For Paving Program

Estimated 90 Per Cent Of Footage Signed For Surfacing

Julian Montgomery, Austin engineer, this week began a survey of Ozona's unpaved streets to be included in the proposed paving program for the city. The engineers will complete the preliminary work, including measurement of each street to be included in the program for a total footage, running grades and setting stakes for the base work, to be done by the county.

Tom Harris, general chairman of a committee named at a mass meeting of citizens to contact property owners along unpaved streets, reported this week an estimated 90 per cent of all property owners along such streets had signed agreements to participate in the paving program.

The preliminary agreements which property owners were required to sign specify that the owner agrees to pave in front of his property at a rate estimated at \$1.85 per running foot for a 36 foot street, this figure being the engineer's estimate of the cost, the agreement providing for variation in this cost according to the final contract figure.

Most of the street captains assigned to the various streets which it was thought would be included in the program had made their reports to the general chairman by the September 1 deadline. However, a few have made verbal reports of progress and asked additional time to see property owners they had failed to contact. From these reports, it is estimated that fully 90 per cent of the footage originally envisioned for the program will be included, with (Continued On Last Page)

District Court To Convene Here Monday, Sept. 15

Grand Jury Called for Monday, Petit Jury Thursday, 18th

Judge J. B. Randolph of Fort Stockton will convene fall session of the 112th district court here Monday morning, September 15.

Members of the grand jury panel will be required to report at 10 o'clock Monday morning, the 15th, but the petit jury will not be called until 10 o'clock Thursday morning, September 18. This change from Monday to Thursday for the petit jury panel to report was announced yesterday by Sheriff Bruce Harp following instructions from Judge Randolph. The court will be occupied with non jury matters the first three days and therefore will not need the jury until Thursday morning.

The grand jury panel, summoned by Sheriff Harp in recent weeks, includes the following: Dock Lee, John Mitchell, Elmo Simpson, Chas. Black, Jr., Abe Carruthers, James Baggett, T. A. Bailey, T. J. Bailey, Bill Bissett, E. G. Bower, W. H. Bunker, Ira Carson, P. L. Childress, Jr., Boyd Clayton, L. B. Cox, Jr., and Marshall Montgomery.

Members of the petit jury panel include the following: Boyd Baker, Leo Rawcom, Troy Williams, W. E. White, R. C. Ward, C. O. Walker, Sherman Taylor, Thad sell, Ben Robertson, Charles Rat-tabb, Geo. Senne, Claude Russell, Tom Powers, D. B. Pettit, S. S. Perner, Joe Patrick, Beecher Montgomery, Eugene Miller, Ted Maples, Arthur Kyle, C. H. Ken-ley, Frank James, Ross Hufsted-ler, Roy Henderson, R. A. Harrell, E. C. Hagelstein, Paul Gibbs, Bill Y. Friend, R. L. Flowers, Ernest Dunlap, Ted Doggett, Ed Deland, Joe Tom Davidson, J. K. Colquitt, Billy E. Clendenen, W. A. Childress, R. E. Caswell, Royce Brown-rigg, Hugh Boyd and H. W. Baker.

WEATHER SPORT . . . Probably it wasn't exactly fair, millions of persons all over the United States were steaming in the heat wave, these two cuties, Elba Hooper and Marlon by name, were playing Chinese checkers in the cool waters of a pool at Banff, Alberta, Canada. This does that Chinese checkers cools you off when it's hot. The pool, and maybe even Canada, are the most necessary for coolness.

YOUR HOUSE IS YOU TEXAS
getting so many in- speak and it costs to over the state and suffers back in the of- our columnist has had to make a moderate (pending on distance)

WHY long distance lines are so busy

Long distance telephones are carrying a heavier traffic load today than even in wartime. Business men in search of merchandise, manufacturers and builders in need of equipment, naturally use the telephone as the quickest way to reach suppliers. Our long distance lines are still overloaded, so telephone "traffic jams" occur. If you have a few minutes' wait when calling long distance, please be patient. Today, as always, telephones carry a lot of important business.

Seen "The Jolson Story" yet? It's a mighty fine picture, Jolson wanted so get close to his audience, he wanted to see their faces and he lived to sing.

Jolson sang because he had to, because of some insistent demand within him, just as a bird sings or a flower blooms — because that is what the bird or the flower was created for.

A visitor in Hannibal, Mo., met an old-timer and asked him, "Did you know Mark Twain?" The native replied, "Yes, I did; and I know just as many stories as he did; the only difference is he writ 'em down."

Fritz Kreisler was going to give

a concert and the newspapers wrote up the \$50,000 Stradivarius he owned. On the night of the concert, he came out and gave a number superbly. He bowed again and again at the applause; then held up the violin and the audience applauded the instrument; then he snapped the violin into a dozen pieces. It was not the costly "Strad" but just a violin he had picked up for \$5. It's not the instrument but the artist — brains, fingers and soul expressing itself through the instrument — that is most important.

Exports of all foods from the United States, if loaded on European boxcars, would make a train long enough to reach three across the Atlantic Ocean.

WEEKLY SWING OF THE SOUTHWEST MARKETS

(USDA)—Most southwest farm products gained strength late last week and closed steady to some higher, according to the Production and Marketing Administration, U. S. Department of Agriculture.

All cattle classes advanced 50 cents to \$1.00 per hundred pounds at most southwest markets last week. Choice steers at Denver reached \$32.50, a new all-time high, and the bulk of good fed kinds brought \$27 to \$30. Wichita paid \$26 to \$30 for good and choice club yearlings. Good fed steers and yearlings sold at \$26.50 to \$27 at Oklahoma City, and \$23 to \$24.50 at Fort Worth. Common and medium grades turned at \$17.50 to \$22.50 at San Angelo, and \$15 to \$21 at Houston.

Late-week gains largely made up for early losses at southwest hog markets. Closing top was \$26.

75 at San Antonio; \$27.75 at Fort Worth; \$28.25 at Oklahoma City; \$28 at Wichita; and \$29.50 at Denver. Sows and pigs sold up to \$24 and \$25.

Most sheep sold firm to 50 cents higher, but aged classes weakened slightly at some terminals. San Antonio paid \$18 to \$20 for medium to just good (Continued on Page Four)

Government "Take" in Texas Makes Gain of 11 Per Cent in July

Austin, Texas.— Although July income taxes dipped 18 per cent below the July 1946 mark, federal internal revenue collections in the state managed to make an 11 per cent gain over collections for July last year, according to government reports released by The University of Texas Bureau of Business Research.

Texas collections totaled \$58,656,963 during the month for a six million dollar gain over last July's \$52,638,018.

Offsetting the sharp income tax decline were boosts of 10 per cent in withholding taxes, and 4 per cent miscellaneous taxes over July 1946 collections.

First District (South Texas) collections soared upward 37 per cent above the July 1946 mark to reach a monthly total of \$32,048,856.

Largely responsible for the increase was the fact that withholding taxes came up with a 70 per

cent advantage over last July's intake.

Second District (North Texas) collections sagged 6 per cent below last July's total, falling to \$27,007,213 during the month.

Most significant decline was the 39 per cent plunge taken by income taxes. Employment taxes, however, yield 51 per cent more revenue than in July last year, and withholding taxes registered a 25 per cent hike.

The Department of Agriculture's research men are working on hybrid forest trees that may grow to harvesting size in one-half or one-third the time required for a good nonhybrid tree to reach the same size.

Ra

Elizabeth Cooke of George Allen

ing an orchid on a white book and wearing a white black accessories. Miss Elizabeth Cooke, daughter and Mrs. Arch Cooke be the bride of George Garland 10 o'clock Saturday morn-

minister of the Ozona Church of Christ. Maid of honor for the bride, who was given in marriage by her father, was Patsy Cooke, her sister, wearing an aqua dress with a corsage of pink gladioli. Harland Allen, twin brother of the bridegroom, was best man.

The altar was banked with large baskets of flowers and Mrs. Elton Smith, pianist, played traditional wedding music. A reception in the church parlor followed the ceremony. Mrs. Robert Graves

presided at the two-tiered wedding cake and Mrs. Bertha Allen poured coffee. At the bride's book was Mrs. J. L. Thomas.

The couple left immediately for a short wedding trip to Lubbock. Mrs. Allen attended Ozona High School and the bridegroom, son of Mrs. Bertha Allen of Lubbock, attended Lubbock High School.

He served four years in the First Cavalry Division, 26 months in the Southwest Pacific area. He

received his discharge as a staff sergeant. Mr. and Mrs. Allen will make their home in Ozona.

Monday evening the couple were honored guests at a reception and linen shower at the home of Mrs. U. N. Exum, Ropesville.

Pre-nuptial courtesies extended the pair included a rehearsal buffet supper given by Mrs. Robert Graves and Miss Patsy Cooke in the Graves home Friday night, and a gift tea honoring Mrs. Allen Wednesday afternoon in the home of Mrs. Elton Smith.

Cohostess with Mrs. Smith were Mrs. Ben Williams, Mrs. H. W. Maris and Rosalie Friend, Ella Louise Goodson, Merle Senne, Louise Wood, Betty Jane Schwalbe and Betty Joe Thompson.

Approximately 60 guests called during the tea hours.

Mr. and Mrs. P. T. Robison entertained with an old-fashioned music party at their home Tuesday complimenting Mr. and Mrs. Neal Hannah who are soon to leave Ozona for an indefinite stay.

Residents Warned To Check Mosquito Breeding Places

Ozona residents in some areas of the city report an influx of mosquitos following the recent rains.

Heat like that which descended on the area the past two or three days likely will eliminate any standing water but Dr. H. B. Tandy, county health officer, advises residents to check their tin can collections and under fre-

quently watered shrubbery for possible breeding places.

Mosquitos breed only in standing water and rain water caught in tin cans or in other vessels furnish an ideal breeding place. Mosquitos collect under shrubs, in weeds and tall grass where it is cool, and may breed in these places if there is standing water, Dr. Tandy said. Air conditioners left idle with water in the tank for a few days might also become mosquito breeders but this is unlikely if the units are in use and water is being changed frequently.

WARNING

To Sellers and Buyers of Used Motor Vehicles

A new law is now in effect in Texas which requires the transfer of current motor vehicle registration papers and properly assigned certificate of title at the time of sale of any used or second hand motor vehicle.

The law also requires the new owner of such vehicle to make application at the office of the tax assessor and collector within ten days after purchasing the vehicle for transfer of title to his own name.

The new law provides a penalty of a fine up to \$200 for failure to deliver registration papers and assigned certificate of title at the time of sale and assesses a penalty of \$5, to be collected by the tax collector, against the new owner for failure to make application for transfer of title within the prescribed ten-day limit. A fee of 50 cents is provided by the law for transfer of license plus the regular fee for new certificate of title.

Since the tax assessor-collector is required by this law to collect the \$5 penalty against new owners of used cars who fail to apply for transfer within ten days, and since the sale of a used vehicle without surrendering registration papers and title certificate is a misdemeanor, punishable by fine, we urge all who sell or buy a used motor vehicle to see some member of the sheriff's force if you are not certain that you have complied with all the terms of the new law.

dience in singing "America," after which Supt. C. S. Denham introduced the teachers. Rev. Horace M. King, pastor of the Methodist Church, made an inspirational address, and routine announcements followed.

Pupils were registered Monday morning and dismissed for the day reporting back Tuesday morning for a half day, and settling down to the steady business of going to school Wednesday morning.

Grade school pupils will be summoned each morning with a warning bell from the tower at 8 and 8:30 and at 8:58 the signal will be sounded for all pupils to pass to their home rooms, with 9 o'clock the tardy hour, in both grades and high school.

Noon dismissal will be at 11:57 and at 11:50 in the Latin American school. The noon hour will end at 12:55 for grade school pupils and 1 o'clock for high school. Grades 1 and 2 will be dismissed at 2:30 p. m., grades 3, 4 and 5 at 3 o'clock and grades 6, 7 and 8 at 3:30. High school pupils will be dismissed at 4 o'clock. Regular band rehearsal will be at 8 o'clock each morning with the rehearsal hour for the sub-junior and junior band groups to be announced later.

32 Boys Out —

(Continued from Page One)

The Lions meet Bronco and Crane in their two warm-up games here September 19 and September 27, and both of these teams will be against the Reagan Owls from admit. The first district game will again be the Reagan Owls from Big Lake here on Saturday, October 4. Then on four successive Fridays, the Lions will be away from home, playing in Menard, Rocksprings, Junction and Eldorado, returning home on November 8 to play the Sonora Bronchos for the season's final game.

"A good athletic program in schools is one of the greatest forces for the proper training and development, both physical and mental, of youth, and is worth all it costs and more," Coach Sikes told members of the Rotary Club in a brief talk Tuesday. "All we spend on athletics we get back ten fold in the development of better character, better physical bodies and more alert minds in our boys." Both Coach Sikes and Coach Parker were high in their praise of the spirit of the boys making up this year's squad and

predicted that the team would put up its best battle in every game, win or lose.

Engineer Begins —

(Continued From Page One)

some gaps inevitable in some of the streets where property owners refused to participate.

Just when the engineer's surveys will be completed and the work ready for contract has not been estimated. However, Mr. Montgomery indicated that the work would be completed in the shortest possible time and plans would be prepared for submission to contractors for bids.

The bids are to be received and contracts let by the county as a central agency. However, all money must be in escrow in the bank before contract is let on any street, County Judge Houston Smith announcing that there would be no deviation from this policy. As soon as a definite contract figure is obtained from the lowest and best bid, property owners who have not placed the

money in escrow will be contacted again and asked to put up the money, award of contracts on each street being conditioned on compliance with this requirement.

Under this program, owners of property along unpaved streets in Ozona have an opportunity to get their streets paved at a cost considerably under that for any city in this area. Through cooperation of the county Commissioners Court, county machinery will be made available for the grading and laying caliche base ready for the topping, the net front foot cost to the property owner being for such topping, with intersections and engineering cost figured into the amount.

Mrs. Jake Short is here from Vanderpool for a visit with her sisters, Mrs. Floyd Henderson and Mrs. Scott Peters. Mrs. Short was honored at an informal coffee in the Peters home Tuesday with Mrs. Peters and Mrs. Henderson as hostesses.

Conoco Moves in Rotary for Wildcat On University Lease

Continental No. 1-A-13 University, scheduled Ellenburger wildcat in northeastern Crockett county three miles south of the Reagan county line, is moving in derrick and rotary to drill ahead from 616 feet in shale. It spudded to that depth and cemented 13 3/4-inch casing at 611 with cable tools.

Location is the C NE SE 13-47-U on a 334-acre tract, six miles south of the end of the Barnhart (Ellenburger) field in southeastern Reagan county and 14 miles southeast of Big Lake. Drilling 9,800 feet is planned.

Humble No. 2 Mrs. Grady Mitcham of San Angelo, C NE NW 12-AB-D&SF, half mile west of No. 1 Mitcham, opener of the Childress (Ellenburger) field 14 miles northeast of Ozona, spudded Thursday to 32 feet in lime. A crevice was encountered from 22-23 feet.

Location was being cleared and cellar dug for and roads built to Humble No. 1 Pleas L. Childress estate, slated Ellenburger test, C SW NE 5-CD-D&SF, 2 1/2 miles south and 1/4 mile east of No. 1 Mitcham.

Texaco No. 1 1-U University, proposed 9,500-foot wildcat C NW UW 22-40-U, half mile south of the Irion county line, had reached 8,075 feet in lime and shale.

Byrd and Frost and Gulf No. 1 Mayberry-Tippett, discovery oil producer in the panhandle of northwestern Crockett county, from 6,295-6,388 feet, was making hole at 6,615 feet in white lime that showed no oil or gas. Some geologists believe the strike still may be in the lower Permian. The producing formation has been reported in some quarters the Devonian. Location is 660 feet from the northeast and southeast lines of section 39-31-H&TC, 11 miles southeast of McCamey.

Joe Cardwell, Old Timer of Area, Dies In Del Rio Hospital

Joseph Green Cardwell, 72, well known farmer-rancher of this section, died last Friday night in a Del Rio hospital where he had been taken from his home in Dryden August 17.

Funeral services were held for Mr. Cardwell in the chapel at Doran Funeral Home in Del Rio Saturday.

urday afternoon. Robert Farish, minister of the Church of Christ, officiated at the services. Burial was in Westlawn Cemetery in Del Rio.

Mr. Cardwell had resided in Terrell county for more than forty years and was engaged in the ranching business. Prior to going to Terrell county he resided in O-

zona. At the time of his death he was working for John W. Dryden, and was living at the ranch headquarters of the old Dryden.

Mr. Cardwell was never married and had no survivors, according to the death certificate. — Sonora Times.

ELECTRICITY
the peoples choice!

ELECTRICITY
for Every Job!

VOTE THE STRAIGHT TICKET

SELECT THE ALL-ELECTRIC WAY for better and easier work. Economy begins in the home and on the farm the moment you replace old-fashioned methods with electricity.

Electricity does the job better . . . cheaper. When you use this better method for the big time and energy consuming jobs like Refrigeration, Cooking, Water Heating, Laundry, etc., you gain the added factors of safety, comfort and convenience.

Remember: THE ALL-ELECTRIC WAY means better living and easier work.

SELECT REDDY KILOWATT, the people's electric servant. His wages—which have been reduced one-third during the past 14 years—are the biggest bargain in town.
