PIERCE RAM SWEEPS SHOW CHAMPIONSHIP

Yearling Ram Shades J. W. Owens Aged Ram For Honors

UTAH EWE IS TOP Utah State College Shows Champion In Ewe Division

In the most spirited competition at the local show in recent years, a yearling ram, Top Hat, 2nd, from the registered Rambouillet flock of V. I. Pierce, Crockett County breeder, took first place in the yearling ram class to win the top money and then swept the pick of the aged rams to win the championship of the show in the 12th annual Crockett County Rambouillet sheep show which served as curtain raiser Wednesday for Ozona's three-day Rodeo, Race Meet, Stock Show and Sale which gets under way today.

A cash prize of \$100 for the winner of the yearling ram show brought an unusually large field of entries in this division and the ram that was picked as the top of the lot had to show the judge, an expert on fine sheep, some fine points of superiority. The champion ram is to be sold through the ring.

Robert F. Miller of Davis, California, was the judge of the show. Mr. Miller is a California breeder of the fine Rambouillets and has a representative group from his flocks to offer in the sales the last three days of this week.

J. W. Owens & Son, another Crockett county breeder, took first place in the aged ram showing. George Williams of Eldorado was second in this division, W. S. Hansen of Collinston, Utah, was third, and fourth place went to Day and White of Fort Stockton, a ranch partnership composed of Loyd

ONE THING and THEN ANOTHER

By FRED GIPSON

MEXICO, D. F.—I finally give up. I flop myself down upon one of the many stone benches along the Paseo de la Reforma, one of the main thoroughfares of Mexico City. My dogs are barking. A man can get in that shape mighty easy here in Mexico, especially if he's a stranger like me, with all the curiosity of a kid or a pet 'coon. He'll go here, looking there, trying to see in a few days all that millions of people in centuries of time have created and accumulated here in this vast valley of fantastic beauty, until the first thing he knows he's whipped down to a nub. Then he'll begin to realize that he couldn't see it all, if he lived a thousand years. Then he'll go sit down and rest.

I rest. But I still can't keep my eyes off the Paseo. And I can't keep my mind from working. I look down the street to the tall Mexican statue of liberty. And I think: "Along this street has ridden one of the boldest and greatest of all adventured, old Maximilian, one time conqueror and emperor of Mexico. Likely, he was a fool, but he was an admirable one. It took a man to conquer all this. And it took the two of them to fill Chapultepec Castle, right up there on Grass-hopper Hill, with all the fantastic luxuries and wealth it now contains."

My thinking's cut short. A baby is slung over her back. The baby's in a woolen serape. The serape's tied together and the baby's weight swings from the woman's forehead. The baby's

Sheep From Top Flocks of Nation Go Under Mallet

Nearly 400 Head To Be Sold In Three-Day Auction Here

With Nelson Johnson of San Angelo crying the sale, some 400 head of the cream from the nation's top Rambouillet flocks will go under the hammer for the next three days at the 12th annual Rambouillet sheep sale here. The first selling will get under way this morning, and continue thru Saturday or until the last of the consignments is sold.

Members of the sifting committee, who have carefully scrutinized each sheep offered for the sale, declare the animals passed for selling to be as choice a lot of sheep as ever was paraded before prospective buyers.

Leading breeders of Texas and from California and Utah have topped out their flocks to offer choice sheep to the buyers in the three-day sale. Among breeders here with sheep for the sale are John K. Madsen of Mt. Pleasant, Utah, W. S. Hansen of Collinston, Utah, W. D. Candland & Son of Mt. Pleasant, Utah, Robert F. Miller of Davis, California, Claude Owens of Fort Stockton, Ed Ratliff of Eldorado, Day & White of Fort Stockton, V. I. Pierce of Ozona, H. I. Sims of Paint Rock, Buster Miller of Ozona, Walter Epperson of Rooksprings, L. F. Hodges of Sterling City, Adams of Marathon, J. P. Heath of Argyle, P. T. Underwood of Denton, John Williams and George Williams of Eldorado, James Billingsley of Hamilton, Dempster Jones of Ozona, J. W. Owens & Son of Ozona, Broome Ranch Co. of San Angelo, C. O. Bruton of Eldorado, and Miles Pierce of Ozona.

OZONANS ON TOUR

A card from Mrs. B. B. Ingham, who with her daughter, Miss Linnora Dudley of Fort Worth, are on a tour which will take them to the World's Fair in New York and into Canada, was mailed at Winston-Salem, N. C., where the party spent two days. They expected to be in Washington Wednesday, the card said.

Mr. and Mrs. Frank Jones had as their weekend guests Mr. and Mrs. Homer Anderson of San Angelo, and Mr. Jones' mother, Mrs. M. M. Jones, and a sister, Miss Carrie Lou Jones of San Angelo, and a sister-in-law, Mrs. Ernest Jones of Matador.

Crockett Grand Children Unable To Attend Show

Descendants of Texas Hero Invited to Dedication of Statue

Ashley W. Crockett, publisher of a weekly newspaper at Grand-bury, Texas, and his sister, Mrs. T. H. Hiner, grand children of Davy Crockett, one of the heroes of the Texas fight for independence, will be unable to be in Ozona to attend ceremonies dedicating the granite memorial to Crockett erected in the city park here.

The statue is to be dedicated as a part of the program of the opening day today of the 12th annual Crockett County Rodeo, Race Meet, Stock Show and Sale, with Dorsey Hardeman, representative from the San Angelo district to the Texas Legislature, making the dedicatory address. The dedicatory ceremony will follow the free barbecue in the park at noon, with C. S. Denham, superintendent of schools, acting as master of ceremonies, and Miss Wanda Watson, Crockett County Centennial chairman, introducing the principal speaker.

Under date of June 18, Ashley W. Crockett wrote as follows:

"I have your letter of the 13th, and have given it careful consideration. I deeply appreciate the invitation to be with you good

Bob Carson, Former Ozonan, Dies At His Home In San Marcos

Death Monday night claimed Bob Carson, 85, early day resident of Ozona, at his home in San Marcos, according to word received here by a daughter, Mrs. Taylor Word. Mr. Carson died at 9 o'clock Monday night.

Mr. and Mrs. Word left immediately upon receiving the death message. Funeral plans had not been announced.

WOODROW WILSON AND BRIDE VISIT HERE

Lieutenant and Mrs. Woodrow Wilson, who were married in the chapel at the U. S. Military Academy at West Point June 14, following Lieutenant Wilson's graduation from the Academy are here for a visit with his father, Lee Wilson and family. Mr. and Mrs. Lee Wilson, J. K. Colquitt and Mr. and Mrs. Red Wright of San Angelo went to West Point to attend the graduation exercises and the wedding ceremony which followed.

Mrs. J. S. Whatley has returned from a two-weeks' vacation spent in Dallas visiting her son-in-law and daughter, Mr. and Mrs. C. G. Haehn and her parents, Mr. and Mrs. S. C. Mantoath at Morris, Okla.

Mr. and Mrs. W. A. Wilson of Alpine are spending the week here to attend the rodeo and to visit with Mrs. Wilson's parents, Mr. and Mrs. Paul Perner.

OZONA WELCOMES THROGS. TO OPENING OF TWELFTH RODEO, RACES, STOCK SALE

Officials And Townfolks Enthusiastic Over Prospects For Greatest Three-Day Show In History

Welcome flags are up, race horse stalls are full, sheep pens are crowded, rodeo stock is fat and frisky and crowds that swept into Ozona from all directions this morning are in the mood for entertainment as Ozona's 12th annual Rodeo, Race Meet, Stock Show and Sale is poised for the take-off this afternoon.

With the show prelude Wednesday morning, the most spirited day morning, the most spirited

sheep show ever staged, the 1939 edition of the leading western entertainment feature officially got under way. Leading from the Rambouillet sheep sale, opening at 9 o'clock this morning in the sale ring under the grandstand, the show will be launched at 2:15 this afternoon with the grand entry of contestants and officials in front of the grandstand, after which the show will unfold in rapid fire order for a full afternoon's deluxe entertainment.

At the noon hour each day, all comers will be guests of the community for dinner, the free barbecue dinner which is an outstanding feature of the local show. At 12:45, after the crowds have finished their meal, exercises dedicating the David Crockett memorial in the city park will be held at the base of the granite statue. Hon. Dorsey B. Hardeman of San Angelo, state representative, will make the principal address. Allowing plenty of time for this event, the afternoon's program is scheduled for 2:15 at the fair grounds.

The best professional talent among rodeo performers will be seen in action the next three days in the fair grounds arena. Jack Sellers of Del Rio, one of the Southwest's outstanding performers, will head a group of leading ropers and riders who will compete for purses which will probably amount to nearly \$2,000, with \$600 offered by the fair association to be added to entrance fees. Rodeo events include bronc riding, team steer tying, calf roping, wild steer riding and a matched colt roping daily.

More than a hundred of the Southwest's fastest race horses are in the stables ready to pound the turf of the track in the daily racing card to thrill spectators. Each race on today's card is crowded with entries. Purses in the three-day meet will total over \$1,500 and spectators who enjoy horse racing are promised their money's worth in this department of the daily program.

Entertainment will not stop with the conclusion of the afternoon program. At night the big dance on the open-air platform will attract its crowds, with Joe Buzze and his orchestra furnishing the music. For those who do not dance, the carnival attractions will be under full steam each night at the grounds.

Miss Bernice Collins of Asherton, Texas, became the bride of Arthur Phillips of Ozona in a wedding ceremony performed in the presence of members of the families and a few friends in the Baptist church at Carizzo Springs at 3:30 o'clock last Sunday afternoon. The bride is a daughter of Mr. and Mrs. William M. Collins of Asherton. She is a 1937 graduate of the University of Texas, and has taught in the Austin schools since her graduation. Mr. Phillips is a son of Mrs. S. B. Phillips and operates a ranch here in Ozona. After the ceremony the couple left on a wedding trip to New Orleans after which they will be at home in Ozona.

LET'S HAVE REPRESENTATION!

If you are in favor of throwing open the state's treasury to pensioners and bankrupting the state in an effort to pay the bill, then you probably feel that you are well represented at Austin.

If you are in favor of clapping on a sales tax on the necessities of life as well as its luxuries to gather in additional millions for the politicians to spend in meeting a mounting cost of government, then you are no doubt satisfied with your representation in the state capitol.

If you are in favor of "price fixing," giving eastern manufacturers the right to set the retail price on Articles you buy from your local store, price fixing to put the poor merchant on an equality with the good merchant who builds up his business by shrewd business methods to make it possible for him to offer better prices than the poor merchant can afford to make, if you are in favor of price-fixing which invariably means prices raising, then you will probably vote again for your Representative Gilmer and your Senator Winfield.

But it is our firm conviction that the people of this section of Texas are not in favor of turning their government over to a group of high pressure lobbyists and special interests that don't care who pays the bill so long as they don't have to and who don't care whom it costs so long as they get the money.

We don't believe the people of Texas want a sales tax and would turn thumbs down on the proposition were they given the opportunity, and that sentiment is likely stronger in West Texas than in other parts of the state. We don't believe we people of Texas want ANY new taxes for that matter—they want a little sense in government, sanity in relief and pensions, an about-face toward a little economy in government.

A gullible bunch of legislators who shiver at the sound of the Sunday morning hymns and sen-

TILL DEBT DUE US PART

timental blather from the pin-headed flour peddler whom an unkind fate lifted out of his element and placed in the strange surroundings of the governor's mansion are not truly representatives of the people of Texas. Nor did the people of Texas elect them to go to Austin with an ear cocked to the pleas of the small groups of lobbyists for the big corporations and so-called "special interests" who have always favored the sales tax so they would escape taxation, and to the high powered lobby of the eastern manufacturers who want price-fixing laws to raise their profits in Texas at the expense of the hard-pressed consumer.

The men whom the people from this section of Texas elected as their representatives in Austin have consistently favored the sales tax efforts in Austin, which, thank God, were defeated time after time to finally die for this session. They favored and voted for the mis-named "Fair Trades Act" which is a price-fixing and price-raising measure that finally passed after a heroic effort by Senator Weaver Moore of Galveston to block it by a filibuster. They voted for pension liberalization with nothing but a huge state deficit in sight to meet the tremendous new obligation they were voting on the state.

In short, they have misrepresented this section in one of the most useless and costly sessions of the legislature in the state's history, and it is not too early for the people to begin casting about to find a new senator and a new representative to send to Austin in 1940.

CONGRESS HELPS ITSELF

Economy, like charity, might be expected to begin at home. But when it came to voting themselves another secretary apiece at \$1,500 a year, Congressmen fell over each other to vote "yes." By the time the senate does the same, the extra cost will be a mere \$1,000,000 a year. Now this may be entirely necessary. But it remains true that the same Congressmen who abused Roosevelt as prodigal with the Nation's money, have cut down his relief estimates and raised his budget-ante on practically every other count. Now they are helping themselves to an extra clerk to help those already available thru a clerk-hire allowance of \$5,000 a year. When you find (if you ever do find) a Congressman who will vote against appropriations affecting his home district or his own office, then you will find a Congressman genuinely and sincerely devoted to the economy he preaches. And not before, and not unless.—Michigan City News-Dispatch.

TRIED AND FOUND WANTING

A short time ago President Green of the American Federation of Labor, requested that Congress amend the Wagner Labor Relations act at this session. Failure to do that, he added, might mean "obliteration of the act in 1940."

In other words, if the Wagner act isn't soon amended to correct its abuses and weaknesses, a disgusted people will see to it that it is voted into oblivion. And if that happens, the good portions of the act, which properly protect the worker in his rights, will go, as well as those bad portions which encourage labor racketeering.

The Wagner act has been tried, and found wanting. The best friends labor has, call for its revision. Those wise voices should be given the immediate hearing they deserve.

In the last 15 years, motor vehicles licenses fees and gasoline taxes have risen 722 per cent.

"BAD WORDS" IN WASHINGTON

Washington is worrying nowadays about "bad" words—not the profanity sometimes occasioned by a rapidly climbing thermometer, but "bad" words from an economic point of view. It all started when one of the New Deal advisers with time on his hands prepared a confidential memorandum for the use of witnesses appearing before Congressional committees.

The list of "good" and "bad" words is to aid witnesses in presenting their testimony so that current governmental activities now in the doghouse of public opinion will appear in a better light. Thus, witnesses are cautioned never, never to speak of "government spending." Call it "government running expenses" or "government plant," the word-wizard advises. And don't use the ugly word "debt"—call it "investment"!

This fascinating word game has spread as far as the State Department now, which wants to do away with all references to "unfavorable" trade balances in favor of the term "export balance."

Pulling words instead of wool over the public's eyes offers many interesting possibilities. But the individual citizen, at any rate, would enjoy only a brief spell of trying to maintain an "export balance" for a bank account, or trying to sell the milkman on the idea that his bill was merely an "investment," before he was rudely awakened to the fact that words are really supposed to mean what they say after all.

"FAIR TRADE" ACTS

There is no type of regulatory legislation affecting business that gives rise to sharper differences of opinion than the so-called fair trade practices acts. This misleading name is given to laws legalizing resale price maintenance. Great uncertainty prevails as to the economic desirability of such legislation and the possibility of its effective enforcement. Hence an examination of the results achieved in States where fair trade laws are now in force should be most illuminating. The Federal Trade Commission has already begun a study of fair trade acts and the Temporary National Economic Committee is considering a survey along the same lines as part of a more comprehensive inquiry into marketing laws. President Roosevelt has, therefore, asked Congress to defer action on the Kennedy fair trade practices bill applicable to the District until

these investigations are completed. It is to be hoped that this eminently reasonable request will not go unheeded. Congress will certainly be able to weigh the merits of the Kennedy bill much more intelligently if it defers action until the FTC and the TNEC have accumulated and analyzed pertinent data concerning the knotty problem of resale price maintenance.—Washington Post.

From Headquarters of

Texas Sheep & Goat Raisers' Association

G. W. Cunningham, secretary of the Texas Sheep & Goat Raisers' Association, was in Washington the first of the week to work with Byron Wilson of the National Wool Growers' association on an attempt to speed the truth-in-fabrics bill through the senate. He is also to assist in work on an amendment to the wages and hours bill. Directors of the association, in session at Mason, approved his mission and the secretary left Del Rio for the capitol on Saturday.

Scheduled, also, is a conference with officials of the Commodity Credit Corporation on wool loans, with particular reference to the disposition of 1938 loans not yet cleared.

More hope is held forth by the officials of the various wool growers organizations for the passage of the truth-in-fabrics bill now than at any time since the fight for such legislation began almost 20 years ago. The measure has been favorably reported out of the House and the association's representatives in Washington will work for an early hearing by the Senate.

Guy Powell, county agent at Gatesville, at Sonora on the 10th for the wool and mohair show, said that Gatesville will have their annual ram and billie sale on August 8 and 9. The rams to be sold are range raised.

S. S. Bundy, Roosevelt Rambouillet breeder, delivered a load of rams to Craig Logan of Valley Mills recently. Mr. Logan is a Shorthorn breeder as well as a breeder of fine registered Rambouillets. A group of the lot delivered by Mr. Bundy, yearlings,

sold at \$50 a head, Mr. Logan will this year sell the 57th clip of wool to be sold by the Logan family. He runs around 500 breeding ewes and feeds out the lamb crop.

Jack Latham, Robert Lee 4-H club boy, has a calf from the L. A. Bird herd from Sanco on feed for next Spring's show. Houston Smith, the county agent, has had an eye on a calf from this herd for some time. Another Latham boy has one of 6 calves from the Harris ranch on feed in Coke county and competition between the two boys is getting keener as time goes on. Raymond Schooler and D. J. Walker are both feeding calves of their own breeding. The Bird calf is a full brother to the bull that topped the San Angelo show last year and, according to Smith, is making a very satisfactory gain—29 pounds to his credit the first week of June.

Trench silos have grown in importance in Coke county the past few years. In 1934 when Houston Smith took over the job of county agent there were four trench silos in the county. There are 76 in use there this year.

Following the meeting of the directors of the Texas Sheep and Goat Raisers' association at Mason on the 8th, Elgin Eckert took a small group of the visitors on a round of several ranches for a look at next spring's show calves. Ranches visited included those of Marvin Grote, Emil Hoerster, Pat Pleunneke, Walter Lehmborg, Elgin Eckert and Marvin Koethmann. Sons of this group of ranchmen all have creditable show records and have given considerable time and thought to their selection of stock for the 1940 shows. Mason's show record has been so good that some of the competition believe it impossible to beat.

Two of Texas' fastest ropers, Jack Sellars of Del Rio and Roy Seawalt of Brownwood will participate in a matched roping during the three days of the Ozona rodeo, June 22, 23 and 24.

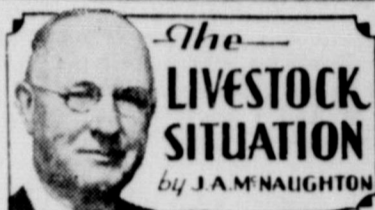

Jimmie and Price Maddux of Sweetwater have sold 100 cows at \$70 around to Brack Mitchell of Sweetwater. The cows were four's to eight's.

Charles E. Reagan, district attorney of Falls county, has bought a ranch in his home county and is stocking it with yearling ewes bought last week in the Big Lake

The LIVESTOCK SITUATION

by J.A. McNAUGHTON

LOS ANGELES UNION STOCK YARDS, June 21.—Pacific coast livestock markets continue to demonstrate a firm undertone, indicating fairly broad consumer buying power on the one hand, and a shorter supply of meats on the other. Drouth throughout most of the Pacific coast area has reduced the supply of fat cattle and lambs for the early summer markets. The result is that a great many thin lambs were shipped out of the state to areas where relatively cheap feeds are available; and the usual spring grass cattle supply has been spread out over a longer period, due to the fact that so many cattle must be fattened on supplemental feeds and in dry lots.

The long expected decline in fat country, has rams were purchased from J. P. Heath of Argyle.

Casper Real of Kerrville sold a number of rams to Carl Brown of Gatesville, range raised, at around \$20 a head.

T. J. White of Burnet has started a registered flock of Rambouillets, using as the foundation five stud ewes and rams purchased from Leroy Branden of Gatesville. The Branden stock had been shown at a number of the major state shows.

the summer and early fall. The better grades of fed steers are now selling on the Los Angeles market at \$9 to \$10. Some choice Colorado fed steers during the last week sold at \$10.10, a substantial premium over Missouri river market prices on the same grade and quality. Cows and heifers also are in relatively good demand on the Los Angeles market, at prices which are very attractive to growers and feeders. Medium to good beef cows, mainly off grass, are selling at the Los Angeles Union Stock Yards at \$5.50 to \$6.25 and as high as \$6.50. Grass heifers are quoted at \$6.50 to \$7.50. Choice milk vealers also are in good demand at \$9 to \$10. These prices are somewhat higher than prevailed a year ago.

Rev. and Mrs. Eugene Slater left Monday for Dallas where Rev. Slater will attend the Pastors' school at Southern Methodist University. They expect to return to Ozona about June 30.

"THE BEST PERFORMER EVER BUILT!"
Owners say it—Sales prove it

Count acceleration and hill-climbing... count riding comfort and reliability... count economy of gas, oil, tires and upkeep... Owners say it—sales prove it—"Chevrolet is the best performer ever built!"

They say Chevrolet is "the best performer ever built" because it out-accelerates, out-climbs, out-performs all other economy cars—bar none! Because it represents the highest standard of smooth, safe, steady riding and day-in-and-day-out dependability. Because it gives all these results at lower cost.

But riding beats reading! So drive this fleet, powerful Chevrolet and prove to yourself what Chevrolet sales prove to the world, that owners are right when they say it's "the best performer ever built."

Fred Gipson—

(Continued from Page One)

Close behind the two jogs a little Indian man. He, too, leans his head into a serape. His serape is loaded with old rags and papers and banana peelings and filthy boxes, a mighty load of plunder gathered from the gutters for who knows what purpose. His bare feet, and those of the woman slap in rhythm along the flag-stone paving.

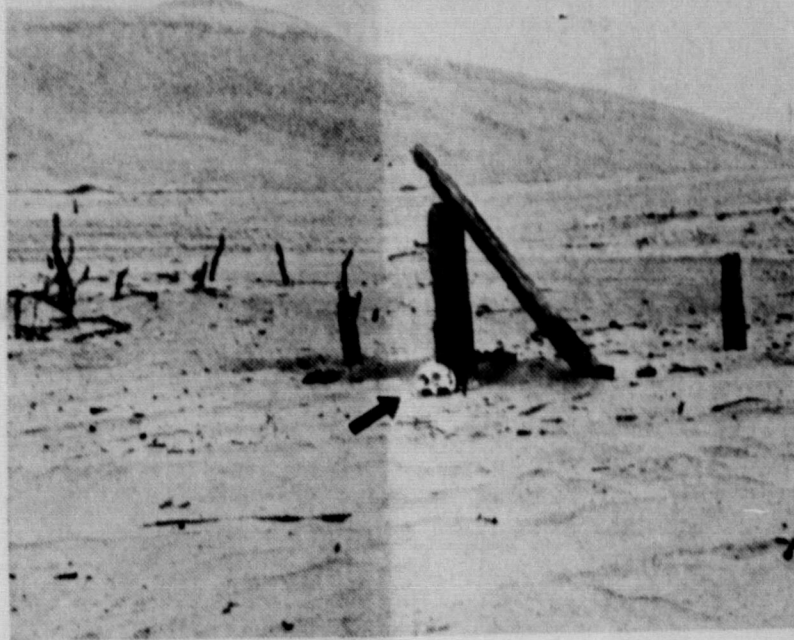

And I start wondering what life holds for people like those three, when a band of little Mexican and Indian boys gather out

of the alleys to start a game in the street. It's a queer game, played with a hand-full of apricot seeds and lots of high-pitched argument.

Onlookers gather until half the street is filled with rowdy kids. High-speed taxis hurtle into the crowd. The crowd opens, just in time. The taxis blare through. The crowd closes. The game goes on. The approaching taxis never check their speed, merely blare for right-of-way. The kids, unmoved by the approaching death, never give more than an inch of clearance. The arguments never cease.

A little old man comes pacing along with a whole disjointed bed frame piled atop his head. Sometimes he reaches up with one hand

Winds Corroborate Dead Woman's Story

Dead for three years, Mrs. Pattie Tillett once testified in a land suit that one boundary mark—a cemetery—existed near the famous Seven Sisters dunes in Dare county, North Carolina. There was no trace of the cemetery and the case was dismissed. Now a storm has swept the banks, and shifting sands exposed the bones of Mrs. Tillett's ancestors. Attorneys have moved to reopen the case.

to balance his load, when the crowds are too thick. Otherwise, his arms hang slack. Two native, blanket-wrapped, women stroll along, chattering gaily, all unconcerned about the huge baskets of fruits and vegetables balanced atop their heads. A bicyclist pedals along the street, dodging in and out among the whizzing taxis. On his head is a wire frame of bird cages. The cages are filled with gaily-colored birds. The birds are singing.

From the heaped basket of a sweet-bread peddler a sugared doughnut drops to the pavement, starts rolling out into the street. A ragged kid and a cur dog give chase. Taxi horns blare. The doughnut spins to a stop. The kid reaches for it. The dog snatches it out of his reach, wheels and makes for the curb, swallowing the morsel in one gulp. The kid stands in the middle of the street and heaps shrill insults upon the mangy robber. The kid doesn't cry.

The bells in a 200-year-old cathedral chime out. And women, heads covered in black lace, slip through iron-grill doors out into the street and walk toward mass. And I sit there on the old stone bench on the Paseo de la Reforma and let the sights come to me. And I think to myself that sometimes

a man can accomplish just as much sitting and resting his dogs as he can running in fast wide circles. And I know it's a lot less strain on his constitution.

Scattered Showers Fall In Area, Three In. At Jeff Owens

Further scattered showers visited parts of this section during the past week, a local shower on the Jeff Owens ranch on the western edge of the county bringing a precipitation of three inches. Heavy rains fell in that section from the big hill to this side of Howard draw.

Light showers in Ozona served to help lay the dust and break the hold of the heat wave which has had the section in its grip for several days.

9-FOOT SKULL OF PRE-HISTORIC ANIMAL FOUND

AUSTIN.—A nine-foot skull of a pre-historic shovel-jawed mastodon—the second unearthed in the same site—has been discovered in a Bee county water hole. Dr. E. H. Sellards, director of Texas Memorial Museum, disclosed here today. University of Texas and WPA field men have been working the Bee county quarry for several months.

The shovel-jawed mastodon, an early form of the elephant, was about the same size as his descendant of today. Dr. Sellards stated. The newly discovered skull will prove one of the largest found, he believed.

He credited the rich geologic "strike," which has already yielded the fossilized bones of one 20,000-year-old mastodon, to the presence of an ancient water hole where the beasts must have bogged in clay.

Behind The Scenes In American Business

By John Craddock

NEW YORK, June 19.—BUSINESS—While trade and industrial production last week continued along the gradual upward path of recent weeks, the department of commerce and national industrial conference board released final figures on the results of 1938 business effort. Averaging their estimates, national income was \$63,250,000,000, representing a cut of 10.5 per cent for the American people from 1937 income. Significant highlights of the reports were that the stockholders' share of the 1938 national income dropped precipitously, and the wage earners' share was highest in history. About \$35,425,000,000, or 56 per cent of 1938 income, was spent in retail stores, the commerce department has estimated. But fully \$5,500,000,000 of this retail figure was spent for indirect taxes instead of merchandise, according to the national consumers tax commission. Comparing these taxes shifted to the consumer by business and industry with the nation's total tax bill last year of \$14,155,728,838, the NCTC calculates that the consumer paid 39 per cent of the total federal, state and local tax burden.

WASHINGTON—When the new federal tax bill comes before the house this week an effort will be made to permit financially weak corporations to buy in their interest bearing obligations at less than par without incurring tax liability. The purpose would be to enable corporations in financial distress to improve their positions by reducing fixed charges. Thousands of companies could be thus aided. Under present law a company buying in its obligations at less than par must pay income tax on the difference between par and the price at which the obligations are bought in. For example, if a textile manufacturer's 6 per cent bonds are selling at 40 cents on the dollar, and he buys \$1,000,000 par value of bonds in the market for \$400,000 to save \$60,000 a year interest, he has to pay tax on the \$600,000 difference.

THINGS TO WATCH FOR—Continued decline in proportion of rural population to total. Sociology experts predict U. S. urban population, which was 66 per cent of the total in 1930, to be 74.5 per cent of total in 1970 and 87 per cent in 2000. A second Walt Disney full-length technicolor feature, in the making before Snow White appeared. Title is Pinocchio. For next Christmas a new "Flexible Doll" made in the likeness of Fanny Brice's Baby Snooks which can be spanked without breaking. Fireproof matches. The holding end is treated so that the flame is automatically extinguished before it can reach the fingers. Toeless shoes have made a hit with the ladies, and the next thing is going to be fingertip-less gloves so that nail polish will show.

CAKE OFFERING—The bakers of America took some of the play away from the hot dog, which England's King and Queen ate for the first time at the President's Hyde Park home, by presenting a goodwill cake. This was no ordinary cake, but a masterpiece of

WHAT! NO EVE?

After waiting years for the right moment, the right mood and the right piece of stone, Jacob Epstein, modernist sculptor, created "Adam," which he considers his "greatest work." The huge alabaster figure was completed in 18 months, without benefit of model. It is being exhibited in London.

1939 Napoleon Leads Fellow Alumni in Charge

Though their school days are a thing of the past, these former classmates can always find sufficient time for a reunion. In Philadelphia, at the University of Pennsylvania's annual Alumni day celebration, George Keller mounts his "mighty charger" and portrays a 1939 version of Napoleon. He is surrounded by fellow members of the university's class of 1937.

the confectioner's art standing over four feet high and surmounted by a replica of the British Crown, complete with candied jewels, resting on a red candy pillow. Relationship of U. S. bakers to the British crown goes back to 1850, when the Company of White Bread Bakers of London was given letters patent entitling it to a coat of arms, from which the union label of American workers is partly fashioned. Today the U. S. baking industry is the largest employer of the food industry, with a payroll of \$250,000,000 annually for 200,000 wage earners.

HEADLINES IN NEW YORK—Traffic gain of truck industry alarms railroads; ICC data shows motor carrier revenues were \$700,000,000 in 1938, equal to 25 per cent of rail freight revenue. Canada's May shipments of newsprint highest since December, 1937. Soft coal prices will be reduced in midwest area. United Air lines seeks merger with Western Air Express. National Labor Relations Board expected soon to grant employers right to petition for election to determine which of two competing unions is entitled to represent a majority of workers in collective bargaining. War Department earmarks \$229,000,000 for new planes. Gasoline consumption may set new record this year with an increase of 6 per cent over 1938. House approves measure restricting Tennessee Valley Authority powers.

Muddled License Law Requires Permit For Out-of-State Driving

AUSTIN, June 14.—State police were ready today to give vacationers "diplomatic immunity" when they travel through other states with Texas' out dated driver's licenses. If motorists planning out-of-state trips will contact their district highway patrol headquarters, they will receive letters declaring their driver's licenses are still good even though they bear an April expiration date. Licenses were indefinitely extended pending action by the Texas legislature in writing a new license law.

Police in most large cities have been notified of the license extensions, but Texans have encountered trouble with officers in smaller communities, according to reports to state police. The explanatory letters will not take the place of driver's licenses, state police warned. The highway patrol has district headquarters at Austin, Dallas, Abilene, Wichita Falls, Amarillo, Lubbock, Pecos, San Angelo, San Antonio, Corpus Christi, Houston, Tyler, Harlingen, Fort Worth, Waco and Beaumont.

MAY SALE RECORD BROKEN

DETROIT, June 14.—For the first time since 1933, Chevrolet dealers' May deliveries of new passenger cars and trucks this

year eclipsed those of April. The announcement was made at company headquarters here today, in connection with the release of figures showing the month's new deliveries as 77,125 units. This is 34.8 per cent above the total for May a year ago, comparison of the record reveals, and is the second highest month since the 1939 models' introduction.

Inexpensive Small Home

The large well-lighted living room is the most attractive feature of this low-cost home. Directly behind the living room is the dining room, which contains a large bay window that comprises almost the entire wall. Behind the two bedrooms and bath is a rear porch, while on the other side of the house are the kitchen and garage. The curtained window in the garage door is not a universal architectural practice. Located in the Northwest, this home was appraised at \$4,375 by the Federal Housing Administration.

SCOUTING

In Concho Valley Council

News Notes From Troops In West Texas Area

James P. Fitch, regional Scout executive, will make the principal address at the semi-annual meeting of the Concho Valley Council to be held at the Roswell hotel in Del Rio, Monday, June 26. Matters of business will be reports on the first six months' activities for 1939 by district chairmen. Chairmen, or their representatives who will make reports are: E. K. Faw-

cett, vice president, Del Rio; Fred Thompson, Eagle Pass; Joseph Carper, Uvalde; Roy Aldwell, Sonora; Doug. Corley, Iraan; B. L. Hughes, vice president, Brady, and K. V. Northington, Ballinger. Council officers expected are: Emmett D. Cox, president; E. G. Carr, commissioner; H. C. Ragsdale, vice president and Fred Horner, vice president.

Del Rio committees taking care of the event are: Sam Walk, Jim Brokaw, Jim Netts and John Dodson.

Camp Has Large Attendance
With an attendance of 150 Scouts and leaders, the second week in Camp Louis Farr surpass-

ed the week attendance record of the past several years. Troops from every section of the northern division of the council were in attendance. High honors went to Troop 6 San Angelo, for taking the lead in water carnival, softball, advancement and the camporal.

A large number won the first, second, third and fourth year camp honor awards, four receiving the highest or "Grande Coue" award at the close of this session. Troops represented at the camp were: 2, 3, 4, 6, 7, 8, 9, 10, 17, and 32 San Angelo; 18, Eldorado; 19, Sonora; 23 and 24, Brady; 28, Menard; 53, Ozona, and 54, Gar-

den City.

Scouts Praised

An unusual honor was bestowed on two Scouts at Camp Louis Farr. Ben Hill Ogden, assistant Scoutmaster, an Eagle Scout of Troop 23, Brady, received a Citation for Skill for reviving and saving a fellow workman's life by applying artificial respiration, after he had been knocked from a 32-foot pole by a 2300 volt electric shock.

Richard Winters, junior assistant Scoutmaster, an Eagle Scout of Troop 23 Brady, received a Citation for Bravery for rescuing A. H. Simmons from a lake near Texarkana, Texas, and applying artificial respiration.

The Citations were presented by chairman of camping, Jim Bramblett, at an evening ceremony during second week of Camp Louis Farr. Scout officials are applying

for National Citations in addition to those presented by the local council.

BUCK'S HORNS PREVENT GRAZING ON GROUND

A large buck which ranges in Comal county must depend upon shrubs and small trees for all its sustenance. The deer, it is reported by Game Warden W. F. Sumbling, has an antler growing

downward and it is long enough that the buck cannot get its mouth within ten inches of the ground to graze on the short grasses. However, he isn't so bad off because 75 per cent of deer food is obtained from trees and shrubs.

TO AVOID HEAVY PENALTIES

DELINQUENT TAXES

MUST BE PAID BEFORE JULY 1!

To those who owe delinquent property taxes this reminder is given of application of heavy penalties which will apply on all such taxes not paid before the deadline of July 1.

Under action of the Commissioners Court of Crockett County early this year, penalty and interest on all delinquent county and school taxes were remitted if such taxes are paid before July 1.

After July 1, penalties amounting to 32 per cent will apply on taxes delinquent from 1934 and before, in addition to a like penalty on state taxes.

Likewise, these savings can be effected on taxes for years since 1934: for 1935, 26 per cent; for 1936, 20 per cent and for 1937, 14 per cent.

Penalties on 1938 taxes, now 3 per cent, will be raised to 8 per cent JULY 1.

SAVE! Pay Delinquent Taxes NOW!

Second Half Taxes Must Be Paid In June!

PIERCE RAM—

(Continued from Page One)

White, who formerly lived in Ozona, and his father-in-law, Senator Wilford Day of Parowan, Utah, a familiar figure in years past at the Ozona show and sale. There was a big field of entries in this division also, as well as in the yearling ram and yearling ewe divisions.

Two yearling rams entered by John Williams of Eldorado were close second and third to the winning Pierce ram in the yearling ram division. A ram exhibited by W. S. Hansen was fourth in this competition.

In the aged ewe show, W. S. Hansen emerged with first place. Second place went to Claude Owens of Fort Stockton, third to Day and White and John W. Madsen of Mt. Pleasant, Utah, took fourth place honors.

Utah State College at Logan, Utah, exhibited a yearling ewe to win first in this division, the animal beating out the Hansen aged ewe for the championship ewe. Second place in the yearling ewe show went to Broome Ranch Co., third to L. F. Hodges of Sterling City, and fourth to Claude Owens of Fort Stockton.

W. S. Hansen won first place in the breeder flock showing, with Day and White second, and V. I. Pierce third.

Broome Ranch Co. won the get-of-sire showing. V. I. Pierce took second, Utah State College third and Lloyd White, fourth.

people in the celebration you mention and the honor you are conferring upon the memory of my grandfather.

"While it would be a pleasure to be with you good people on the date mentioned, I do not think it would be wise for me to make the trip out there at his time. It is a long, hard trip, some 300 miles, and the weather is so hot, I have been advised not to attempt it. I have conferred with my sister, Mrs. Hiner, and she feels that she could not undertake the trip.

"Thanking you for your letter and your kind invitation, I am,

"Very sincerely,
"Ashley W. Crockett."

Carroll Smith, night composing room foreman of the San Angelo Standard-Times, is here to spend the week with his brother, Elton Smith, and family.

Mr. and Mrs. Charlie Coates and sons, Lloyd and Jack, left the first of this week for a vacation trip to Santa Fe, N. M., and other points.

VETERAN SHOWS 'EM

Luren D. Dickinson, 80-year-old governor of Michigan, shows present-day upstarts how baseball was played in his day. He struck this catching pose when he participated in the Old Timers' baseball game in Detroit recently.

Paralysis Outbreak Well Under Control In Sonora, Reported

Infantile paralysis, which broke out recently in Sonora, seemed well under control this week, according to reports obtained by Dr. Tandy, county health officer, from Sonora physicians.

No new cases of the disease have been reported and the two children reported suffering from the disease are well on the road to recovery, it was announced.

Mrs. Johnnie Puckett of Dallas and Mrs. Myra Estes of Sour Lake are here for several weeks visit with their sisters, Mrs. Paul Perner and Mrs. Bright Baggett.

Softball League—

(Continued from Page One)

Under league rules adopted at a meeting of captains and officials early this week, seven-inning games are to be played with a time limit of one hour and 15 minutes to the game, unless a tie exists at the end of the seventh inning or the time limit. This rule was adopted to prevent one-sided games from boring spectators.

The first game will start each night at 8 o'clock. No admission charge is to be made, but a free will offering is to be taken up among spectators to help defray expense of the lights. Players, be-

Ozona Rodeo Events To Be Broadcast By San Angelo Station

Ozona's Rodeo, Race Meet Stock Show and Sale will be "in the air" this year for the first time in history.

Beginning at 2:15 o'clock today Station KGKL in San Angelo will begin a broadcast of the rodeo and race events as they unfold at the fairgrounds here, it was announced by the San Angelo station yesterday.

Daily broadcasts of the local rodeo events will be made through the three-day show, Friday and Saturday afternoon's broadcast starting at 1:45 o'clock each afternoon.

Mr. and Mrs. Clinton Glover and daughter, Joanne, are here from Ballinger to attend the rodeo and to visit Mrs. Glover's parents, Mr. and Mrs. N. W. Graham.

CALCULATED

"And upon what income do you propose to support my daughter?"
"Five thousand a year."
"Oh, I see. Then, with her present income of five thousand a year—"
"I've counted that in."

It all comes down to the telephone

IN THE calamities—fire, sickness, accident or other peril—the telephone is the first thing thought of. But its daily usefulness makes it scarcely less valuable.

It makes appointments. It reaches friends. It invites the ring of opportunity.

Its value is so great that it simply doesn't pay to do without it.
