New High Price The Ozona Coffeee Shop is the For 8-Months Wool Set In Sale Here

Buyers Pay 61 Cents For One Clip; Small **Quantity Sold**

A radical departure from the traditional method of selling wool was undertaken and a new high price for 8-months wool, for the present season at least, was established here Tuesday in a new price taggel wool sale staged under the direction of owner J .M. Lea at the Ozona Wool & Mohair Co. ware-

By working several nights, Mr. Lea went through the entire accumulation in the warehouse, clip by clip, estimated the shrink, classified and priced the clips in carload lots. Sample bags were spread over the warehouse and when buyers arrived Tuesday morning they saw the sample bags, each clip bearing a tag showing the number fering sale price.

A new high price for this type of wool was set a short time later when approximately 30,000 pounds cents per pound. The wool was bought by Henry Maginot and J. W. Vaughan, both buying for the Maginot Wool Co. of San Angelo. Clips of Vic Pierce, Jake Miller and Stephen Perner were included

During the local sale, Mr. Lea 77 cents paid for a lot of 12house. Approximately 100,000 the afternoon's scoring festival. pounds of 12-months wool went in that sale at prices ranging from 64 to 77 cents per pound.

Around a half dozen buyers were neck speed. The contest is open to times to lead in the day's batting check the local offerings of 8months wool. They examined the lots, checked the price tags, made their notations and left without buying - other than the 30,000 pounds at the record high prices. But Mr. Lea announced that a deal was "cooking" on an additional 200,000 pounds but no announcement of additional sales had been made to today.

Parasite Jet Fighter Latest Addition to U. S. Air Force Planes

The McDonnell XF-85, Air Force parasite jet fighter, has been rolled out of the McDonnell Aircraft Corporation plant at St. Louis, Mo., for ground tests.

The XF-85 never actually touched ground, as it has no wheels of its own, and was "rolled out" on a specially-constructed dolly. It will be based on a larger plane and take off and land while in mid-air.

Although the XF-85 is designed to be launched from the bomb bay of a B-36 the first flight will be made from a modified B-29.

Design problems were unusually difficult and numerous. As a B-36 bomb bay is only 16 feet long the parasite fighter was limited to a length of 15 feet overall. The

wing span is 21 feet. The wings of the XF-85 had to fold completely within the narrow space available, and had to ex; and in the airstream below a plane av eraging 300 miles an hour at 40,-600 feet. To avoid folding the tail as well as the wings a unique arrangement of the tail the "X" configuration had to be developed. It was necessary to compress all the equipment of a standard fighter into the stubby fuselage of the parasite. The plane then had to be fitted to a mechanism which would effectively "hangar" and launch it as necessary

The parent plane fulfills the same function as an aircraft tender in fleet aerial operations and gives new meaning to long range homber striking forces. Nnot only will the XF-85 parasite refuel while stowed in the bomb bay of the mother plane, but it also will receive servicing such as radio and repair. Provision is also made for jettisoning the plane in an emergency after the pilot is hauled mooned

Mr. Wood succeeds the late C. F.

The new president of South western Life Insurance Company is a native Texan, born at Sherman. He received his L. L. B. degree from the University of Texas in 1921 and practiced law until

1927 in Sherman with his father, Early symptoms of infantile the late J. H. Wood, and with Judge Ben L. Jones, late chief justice of the fifth district court of civil appeals. He was engaged in the private practice of law in Dallas until June, 1945. At that time, he was elected General Counsel for the Southwestern Life. He was elected vice president and a member of the Board of Directors of the Company in July, 1945.

A lot of folks like to make telephone calls simply by asking the operator to "give me the Jones house". While we're glad that you regard the telephone with such informal friendliness, we're afraid this friendly spirit sometimes prevents good service. So please, won't you call by number instead of by name. If you can't find your number in the directory, "Information" will help you. Your cooperation will help improve service.

San Angelo Telephone Co.

UTURAM

... Ultra - Modern in the Car He Sells!

It's the new Futuramic Oldsmobile—the car that's out ahead in everything! In styling! In safety! In performance, too—with the Futuramic action-plus of Hydra-Matic Drive* and Whirlaway!

.Ultra-Modern in Service, too

A forward-looking organization like Oldsmobile naturally has kept right up-to-theminute in service methods, specifications and equipment. As Oldsmobile dealers in this area, we have made it our policy to tie in with this Oldsmobile program. We've kept our equipment modern and complete.

Our men have been thoroughly trained in factory-standard techniques. And we've built up a well balanced stock of genuine Oldsmobile parts. So next time you need repair or maintenance work on your car, why not give us a try? We think you'll agree, we're "Futuramic" in service, too!
