Low Field Two Game In Ozona

Saturday and Sunday to Feature Gridiron Team

It will be the objective of the Ozona football team when they tangle with the Good fellow team in a two-game series on Saturday and Sunday afternoon at Powell Field.

The team rested from their league play the last week because of rain. The game was played in Miles, but it rained out as was the game between Bronte and Robert Lee defeated 3 to 0 in the only league game this week-end, but the Ozona team failed to overtake the leading Ozonans alone ahead.

The team will get credit for a win next Sunday, because for a go with the Sonora which has withdrawn from league. League officials mark up a game won as it reaches the hands even.

Greater Shows Sponsored by Baseball Club

Local Attractions Men on County Tonight

Greater Shows, one of the highly recommended attractions on the South Texas circuit, will open tonight for the night's run on what may be the best baseball club to prop up the sport in Ozona. The club shows headquarters in Texas, and may be seen by many Ozonans from the time they stay in Ozona about a week ago. The carnival features four modern riding machines for the children and young men and concession stands, like the like. They are regarded as a clean, conservative, offering high entertainment each evening. The carnival shows are set up on a lot, across the street from the new softball field.

Harold Deaton and daughter, have returned to their home after an extended visit in Fort Stockton and they visited in Fort Worth with Mrs. Deaton's sister, Francis Chriesman and son with her mother, Mrs. Deaton. Mr. Deaton went to Sunday to bring them supplies at the Stock-

Mrs. Ken Regan Campaigns for Hubby, Ill in Navy Hospital

Mrs. Ken Regan, wife of Congressman Regan, who is ill in a Naval hospital in Maryland, has taken the stump in the 16th Congressional district in behalf of her husband's candidacy for re-election as representative from this district.

Mrs. Regan visited Ozona yesterday, talking with friends and supporters of her husband and distributing campaign literature in his behalf. She is an attractive campaigner and, though confessing her inexperience, is doing an excellent job of her enforced assignment. Friends in the Midland and Odessa area have contracted time on the radio in that vicinity and she is making campaign speeches over the network in her husband's behalf. She drove 1,800 miles from her husband's bedside, accompanied only by her dog, to get into the district and see some of the constituents before the July primaries.

Congressman Regan, who was elected over a large field of candidates last August to fill the unexpired term of R. E. Thomason, resigned, is seeking his first elective term in the Congress. Until his recent illness, an attack of jaundice and respiratory infection, he had been active in legislative matters and has several important committee assignments. Attending physicians have indicated that the Congressman will have to remain in the hospital for at least four or five weeks longer to avoid dangerous complications.

Crockett County Convict Suffers Gunshot Wounds

HUNTSVILLE, July 6. — Two inmates at the Garlem Prison farm near Sugarland received gunshot wounds Tuesday afternoon general manager O. B. Ellis of the Texas Prison System said Tuesday night.

Ellis identified the wounded prisoners as Jose Ramirez, 23, serving two years for theft from Crockett County, and Nectali Ramirez, serving five years for assault to rob from Bexar County.

Ellis said poor telephone connections prevented his receiving full details of the shooting but that he had been advised by Farm Warden Joe Hinds that the wounds were received accidentally.

The prison manager left immediately for Sugarland to conduct an investigation.

Radio reports of the shooting Wednesday morning said that one prisoner, sent up from Bexar county had been killed and that a guard had been wounded. No further details of the incident were given, other than the names of the above two prisoners who were wounded.

More Cement Run In Texaco Pierce to Restore Circulation

The Texas Co. No. 1 Victor Pierce southeastern Crockett county deep test in the Ellenburger, lost circulation while drilling out cement at 11,368 feet, 563 feet off bottom. There was a blow of air in the casing but no water.

Either the retainer or perforations in the pipe were believed to be leaking and the hole was cemented again in an effort to close the leaks and restore circulation. No. 1 Pierce is near the C NW NE 5-0-Clarissa W. Brown, 2 1/2 miles south and slightly east of Ozona. Texaco No. 1 Tom Smith, near the C SE SW 5-0-Clarissa W. Brown, was drilling at 10,639 feet in lime and shale.

Gulf No. 1-E CCC University slotted 10,000-foot wildcat C SW NW 5-51-U, eight miles north of the Todd Deep field and 15 miles south of Big Lake, had reached 5,492 feet in lime and shale.

J. A. ANDERSON DEAD

J. A. Anderson, a former resident of Ozona who had been living in Big Spring for the past few years, died at his home there Tuesday, according to word received by friends here. Funeral services were to have been conducted Wednesday afternoon.

Sinclair-Prairie Spots Deep Test West Of Ozona

9,000 Foot Test Planned on Block 30, University Land

Sinclair Prairie Oil Co. filed application Tuesday for permits to drill a deep wildcat in Crockett county, 16 miles west of Ozona, and for two test in the Midway Lane (Ellenburger) field in north-eastern Crockett, all on University of Texas land.

In purchasing leases on a block of 2,560 acres at the University Lands auction June 18 for a cash bonus of \$140,000, Sinclair prairie assumed an obligation to start within 120 days a test to be drilled 9,000 feet, or to commercial production of oil or gas at a lesser depth, or into sulphur water in the Ellenburger shallow, or into granite.

The wildcat will be No. 1-94 University, 669 feet from the north and west lines of the north half of section 30, block 30, University land survey. It will be about nine miles south of the Todd Deep field which has both Strawn and Ellenburger production.

Sinclair Prairie's block consists of the northeast quarter and the south half of section 1, the north half and the southwest quarter of section 12, the west half of section 13, the west half of section 14, the north half and the southeast quarter of section 11, and the northeast quarter and south half of section 2, all in block 30.

In the Midway Lane field, Sinclair Prairie will drill No. 5-66 University 660 feet out of the northeast corner of the north half of section 30-46-U, quarter mile east of No. 2-66 University. Its No. 4-62 University will be 660 from the south, 3,300 feet from the east line of section 21-46-U, quarter mile west of No. 1-62 University, a producer. Both tests are projected to 7,700 feet with rotaries and are due to start July 8.

Softball Melee To Be Resumed After Rain Halt

Angelo Team May Come; Double Header For Friday Night

Interrupted by holiday and rainfall, the city softball conflict will be resumed at the new softball field tonight with the Oilers, formerly the Baptists, engaging the Williams Grocers in league play. The Oilers are a new outfit taking over the slot occupied by the erstwhile Baptists and start off at the bottom of the heap.

A tentative engagement has been made with a team representing the Hammer Electric Co. of San Angelo for a game with a picked team from the local playing groups. This game may be matched tonight as a double header feature.

Friday night's schedule will present a double header bill, to make up the game rained out Tuesday night. The Continental Conoco will engage the Oilers in the evening's opener at 7:30, this game to be followed by one between the Wilson and Gulf crews.

Last week-end saw Williams Grocers beat out Wilson on Thursday night and the Conoco trim the Gulfers in an excitingly close game Friday night.

The team standings to date are as follows:

W	L	Pct.
Williams	8	2 .800
Conoco	6	3 .666
Gulf	5	4 .555
Wilson	3	7 .300
Oilers	1	7 .125

Schedule:
Thursday night — Williams vs Oilers.

Friday night — Conoco vs Oilers and Wilson vs Gulf (Double header)

Monday night — Williams vs Conoco.

Tuesday night — Gulf vs Wilson

Ozona Fishing Party Menaced by Second Devil's River Flood

Another Ozona fishing party was menaced by flood waters in Devil's river the past week-end and, although stranded on a nearby hill from Sunday until Tuesday afternoon, escaped without injury and with the loss of a part of their fishing tackle only.

Mr. and Mrs. Joe Patrick, their son, Henry, and nephew, James Patrick, were enjoying a week-end of fishing on Devil's river but were driven to the hills by a flood which swept down the river early Sunday morning as a result of torrential rains on the upper watershed. The Sunday morning flood is said to have been just three to four feet less than the maximum reached in the disastrous 1932 flood on the river.

The Patrick party were awakened about 5 o'clock Sunday morning by the road of the river and found their fishing tackle and catch gone, but did manage to save their boat. They took their pick-up and trailer to higher ground, where they were marooned until Tuesday afternoon before being able to return home.

The local group were more fortunate than a party from Midland consisting of three women, four men and a four-year-old boy who spent six hours in tree tops before being rescued. There were many cars of fishermen along the river for the holiday week-end but, miraculously, no lives were lost, although some very narrow escapes were reported.

First Camp Session For Boy Scouts at Camp Mayer July 11-17

By Joe Galbraith, Boy Scout Exec. The Boy Scouts of this area have another chance to attend a third and new Scout Camp of the Concho Valley Council as it opens for the first session of camping—July 11 through 17.

Camp Mayer, located 17 miles west of Menard, near Ft. McKavatt, was a gift to the Boy Scouts by Sol Mayer of San Angelo. The camp consisting of some 300 acres is bounded by the San Saba river. The donor also gave two stone buildings which are to be used for a central eating hall and the other for first aid purposes.

Edwin S. Mayer, Camping Chairman in the Council has announced the opening session and terms it to be a high adventure camp, patterning after the Philmont Scout Ranch in northern New Mexico. The professional staff of the Council will be full force in the direction of the camp. "We invite all Boy Scout Troops to be represented at this camp and we promise the food and program will be the very best," stated Chairman Mayer.

The program includes horsemanship, rodeo, canoeing, swimming, Indian lore, hiking, leather crafts, archery and scout activities. The troop may elect to bring provisions and do their own cooking with no fee or they may decide to eat all meals in the Mess Hall and pay a fee of \$7.50 per camper. Scouts with no leadership for the camp can secure permission of the parents and scoutmaster and arrange transportation and, upon entering the camp, will be placed under a leader for the week.

This will be known as "the western camp" and will adopt a program built around the range life—cowboy life—eating from "dutch ovens", the old chuck wagon, rodeos, and a lot of good western cowboy songs will be in the air. The campers are asked to wear loud cowboy clothes typical of the west. Marvelous opportunities to advance in Scouting with a touch you won't forget.

It will truly be Roundup Time at Camp Mayer the week beginning July 11. You and your buddies in your patrol and Troop are invited to partake of the "chuck."

Mrs. Earle Chandler is in a San Angelo hospital where she underwent an operation Friday. She is reported making satisfactory recovery.

South Texas Lmbr. Co. Stage Formal Opening Saturday

Public Invited to Inspect New Building and Stock

Formal opening of the new South Texas Lumber Co. in Ozona has been announced for Saturday of this week. R. L. Stratton, local manager of this Ozona's newest business institution, announced plans for the opening this morning and extends a cordial invitation to all Ozona and Crockett county people to visit the store and yard during the day, starting at 8 a.m. and continuing throughout the day.

The South Texas Lumber Co. has constructed a modern lumber yard and store in the south part of Ozona, on highway 163. A full stock of lumber and building materials, household appliances, hardware, etc. is now on hand and friends are invited to inspect the entire layout on the formal opening day.

Because of difficulties encountered in making preparations, insufficient time was allowed for securing pictures of the new yard and presentation of the complete account of the new business here. However, plans are now in readiness for a more complete account of the company's history and operations, kind and brands of merchandise to be carried in stock here and information about personnel, to be carried in next week's Stockman.

Bailey Installed As New President Of Rotary Club

Reports of Past Year Plans for New, Heard At Meeting

T. J. Bailey, who was elected to the presidency of the Ozona Rotary Club at club elections last month, Tuesday was installed in the office as the club reached the end of its club year and launched a new year's activity.

Present for the occasion, which was resolved into a round table discussion of the club's future and plans, were four past presidents of the San Angelo Rotary Club, which sponsored organization of the local club in 1941. All of the four men were active in starting off the local club at its beginning and each responded to a call for a brief talk and each gave encouragement to the local club membership at the outset of the new year.

The San Angelo past presidents included Henry Batjer, Frank Barney, Bill Taylor and Hiram Phillips. Jack McIntosh, new superintendent of schools here, was another guest for the day.

Retiring president Hubert Baker, gave a brief resume of the club's activities for the past year and after the round-table discussion of present problems by the membership, passed the gavel to the new president, T. J. Bailey, manager of the West Texas Utilities Co. here.

Livestock Shipments Fall; Sheep Movement Continues Upward

AUSTIN. — May livestock shipments from Texas stations fell 11 per cent from April to May, the University of Texas Bureau of Business Research reported. Shipments of livestock for May totaled 11,013 carloads, or 15 per cent from a year earlier.

Sheep shipments more than doubled the April level. Shipments of calves rose 7 per cent. On the other hand, movements of cattle dipped 26 per cent from April, and hog shipments sagged 11 per cent.

Only hog shipments registered an increase from May 1947 — 34 per cent. Movements reporting declines were calves, 19 per cent; and cattle, 17 per cent.

Rains Worth Many Millions To Ranch Area

Some Driest Sections Visited by Bountiful Moisture

Rains worth many millions fell over a large segment of the West Texas ranch country during the past week, bringing relief from a prolonged drought that was assuming disaster proportions in many cases.

Long neglected sections of the Crockett county area, denied moisture while areas to the east and south were being deluged in repeated falls, assuming flood proportions in the Sonora and Del Rio country, were visited in the week-end rains which covered more country than any previous fall this year.

Although there are still areas in which rainfall is still inadequate and more will be needed in the drier sections visited, the rainfall of the past week will mean green pastures over a vast area which has heretofore been dust dry and parched brown.

Practically all parts of Crockett county, with the possible exception of the extreme western edge, were visited at one time or another by the series of showers and heavy rains which have spotted the county during the last few days.

A swath of the county east from about Howard draw, 15 miles west of Ozona, received bountiful moisture early Sunday morning in a fall which lasted more than four hours. The Sonora and Del Rio sections experienced rainfall of flood proportions at the same time. The Devil's River and creeks in the Del Rio sections going out of bank for the second time in a period of two weeks. The fall in Ozona on that occasion was one inch, adding to a shower of .07 of an inch which fell here Saturday.

The hardest rainfall and the one covering the most country fell Tuesday, registering 1.15 inches in Ozona and up to three or four inches to the north. Both Johnson and Garley draws through Ozona ran bank full in late afternoon. Heavy rains in the Sterling City, Garden City area and around Arden, Mertzon and Tankersley, put the North and Middle Conchos at flood stage in San Angelo Tuesday night.

Weather predictions were for more shower clouds for the coming week-end.

106 Enrolled in Baptist Vacation Bible School Here

With a total enrollment of 106, the Baptist Vacation Bible School was in full swing at mid-week, with Wednesday's attendance 91, highest for the week. The average attendance since the opening of the school Monday is 84, Rev. Glen Edwards, director, announced.

The Vacation School will continue through Friday of this week with graduation exercises scheduled for Friday night at 8 o'clock in the church auditorium. Diplomas will be presented to all pupils completing the course and hand work will be exhibited, with all departments having a part in the exercises.

Faculty members helping in the school include the following: Beginners: Mrs. Thad Tabb, Mrs. Hartley Johnigan and Mrs. E. L. Lawson; Primary: Mrs. Ben Williams, Mrs. Clifford Campbell, Mrs. Hugh Aiken and Mrs. S. L. Butler; Junior: Mrs. H. A. Gustavus, Mrs. P. L. Childress, Mrs. T. J. Bailey; Intermediates: Mrs. Wayne Matthews, Mrs. Wade Freeman, Jr., and Mrs. Glen Edwards. Mrs. Alice Baker is secretary and Wade Freeman, Jr., assistant director.

Mr. and Mrs. John F. Green, Mr. and Mrs. John F. Green, Jr., and Johnny, of Hamlin, were week-end guests at the ranch home of Mr. and Mrs. T. A. Bailey.

Cattle Liquidation Swells Farm Income; May Gain 9 Per Cent

AUSTIN. — May farm cash income in Texas totals \$106,629,000, a 9-per-cent gain over a year earlier, the University of Texas Bureau of Business Research reported.

Although most farm products brought Texas farmers more money than in May 1947, corn, mohair, wool, sheep, eggs, milk products, fruits and vegetables, and peanuts were on the downtrend.

Cattle, bringing \$41,223,000, was the greatest source of farm cash income in May. Fruits and vegetables registered \$12,471,000. Third, milk products totaled \$10,449,000.

For the biggest farm cash income, farmers in the Edwards Plateau district reported \$15,992,000 in May. Red Bed Plains registered \$12,471,000, and Southern Texas Prairies, \$11,713,000.

Farm income rose 3 per cent from April to May, as marketings of wool, calves, sheep and flaxseed increased materially.

**Handling
To Pay
Premium Price**

ATION — A new cleaning and storing method was used by shepherds two cents on the average, according to Agent E. O. Nevills of this county. This year shepherds are put up according to the method, and three have won a premium.

ing of wool, four clips were put up last year by sorting out the undesirable fleeces, sacking them separately and delivering to the warehouse in two lots. All precautions were taken to keep the wool clean, wetting down the pens and encouraging the shearers to take the wool off in one piece. Also the wool handlers were asked to do a good job of rolling and tying the fleeces.

A different packing system was used when the wool bags were packed flat by placing three, in-

stead of the usual four or five to the layer. This made for easier handling, stacking and storing of warehouse wool. The flat bags weigh less than the others, too. The new flat ones tip the scales at 160 to 180 pounds. Other sanitary measures included keeping the bags off the ground and hauling them in a clean truck.

On the W. T. Mills ranch, 27 miles north of Big Lake, preparations for shearing included pouring concrete shearing boards. They were made 18 feet wide, extending under the tying table, the wool racks and over to the barn

door, where the wool is stored before being hauled to the warehouse. This way the wool was kept clean. County Agent Nevills reports that a clip of wool was unloaded at the San Angelo warehouse one afternoon, and sold to a buyer the next morning.

COLLECTION TAKEN

Voluntary donations amounting to \$10.33 were collected during the past week for Jose Mendosa, former employe of the Wilson Motor Co., who is critically ill at his home here. Donations were listed from the following persons by Mrs. Maria A. Lira, who made the solicitation on behalf of the Mendosa family, and thanks are extended to each donor: Victoria F. Castro, Maria Delgado, Carlota F. de Hoyas, Venturita Fuentes, Maria Sanchez, Juana Vela, Arnulfo Ortiz, Maria Silos, Jose Sanchez, Juana Fierro, Seferino Fierro, Anita Fierro, Oralia Sanchez, Amalia L. Guerra, Jesusa Reina, Juana Borrego, Soila E. Barboza, Ysabel Porras, Eluterio Porras, Emilio Ramos, Luisa Ramos, Rosa Silos, Santiago Gomez and Larena Peréz.

CAM LONGLEY VICTIM OF FREAK ACCIDENT

From Sanderson Times

Cam Longley, who ranches near Pumpville, was the victim of a freak accident this week. While shooting holes in a pipe with a rifle, the empty shell was ejected from the chamber of the gun with such force that it severed an artery in his wrist. He applied a tourniquet and was met in Dryden by Dr. J. C. Kern who gave him further medical attention. He lost a large amount of blood as a result of the accident.

Mr. Longley is the father of Glen Longley who ranches near

Double Wedding For Daphne Meinecke And Myrtastine Hokit Announced For August 5th

Plans for a double wedding on Thursday evening, August 5, for Miss Daphne June Meinecke, daughter of Mrs. Coralie Meinecke, and Miss Myrtastine Hokit, daughter of Mr. and Mrs. Johnny Hokit, were announced at a luncheon given at the Meinecke home today noon by Mrs. Meinecke and Mrs. Hokit.

Guests were seated at game tables in the living room and dining room and covers and napkins were of wedding bells. Vases of daises centered each table and Spring flowers were used in decorations throughout the house.

Guests were apprized of the wedding date by means of printed book matches in purple and green colors. The match folders carried the legend, "Dilly and Dock, August

5," and "Baby and Bud, August 5," and went to guests on the desert plate.

Present were Mrs. Henry Strauss, Mrs. Mac McClanahan, Misses Benny Gail Phillips, Bert Roberts of Rocksprings, Joyce West, Coriann Phillips, Ann West, Jean Sproul, Mary White, Wanda Owens and Sue Meinecke, Mrs. L. B. Cox, III, Mrs. Billy Hannah, Mrs. Byron Williams, Mrs. C. D. Allen, Mrs. Phillip Schneemann, Mrs. N. E. Smith, Mrs. Sue Amthor, Mrs. Roy Coates, Mrs. Johnny Stokes, Miss Mary Lou Nureburg of Eldorado and Mrs. J. E. L. Harrison. Mrs. Judge Montgomery and Mrs. Marshall Montgomery assisted the hostesses with the luncheon.

SHEER TRAVEL MAGIC

THIS is the Buick America's car buyers are buzzing about. This is the one with travel magic flowing all through it.

This is the ROADMASTER with Dynaflo Drive*—where Main Street's dense traffic, the inviting open road and the long, stretching hills are bossed with equal ease by a toe-touch.

Here you let your left foot idle comfortably wherever you wish — there's no clutch pedal to push, ever.

Here your mind's free completely of remembering when to shift—no gears ever shift anywhere in the car.

Here, you glide over ground and grades in swift and utter smoothness as constant and unbroken as Niagara's flow.

Here you sit in blissful ease while the power plant itself meets and masters the thousand and one situations that come up in travel.

Gentle grades, steep hills, long straightaways, stop streets—once your lever's set, you simply step on the gas—and take them all in liquid-smooth luxury!

Does all this sound fabulous? It is.

So fabulous that folks are signing up in droves for the '48 fashion plate with this new-wonder drive.

So to take command of this traveler-touched-with-magic, come see us quickly and get your order in.

We'll take it in sequence whether or not you have a car to trade.

What's Different About DYNAFLOW DRIVE*?

To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produce a torque-boosting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

*Optional at extra cost on Roadmaster models only.

BOYCE HOUSE "GIVES YOU TEXAS"

In November of 1920, I came to Texas. I'd had to sell the paper which I owned up in Arkansas and come to this state to rest in order to build up my health. After riding on the train for almost 24 hours, I prepared to get off in San Antonio. Nearly a thousand miles from home and friends, a stranger in a strange land, I felt lonely, indeed.

Imagine my surprise as I stepped off the train and heard a voice exclaim, "Boyce House, what are you doing away down here?" The speaker was a school mate of Central high days in Memphis, Tenn. who was at the station to meet a relative. The sight of a familiar face and the sound of a friendly voice drove away the "lost" feeling.

I have never seen that school-mate since then. A man living in a small Western city was in Chicago on a business trip. Under the impulse of a spirit of mischief, he entered the telegraph office and sent a message to a man living in his town. The telegram read, "Flee at once; all is discovered. (Signed) You know who."

When the traveler returned, he found that the man to whom he had sent the message had left — and he never did come back! Jim White was a cowboy out in

New Mexico. One day, he came to town with a story of a wonderful cave which he said he had discovered and explored.

Nobody believed him, however. It took more than 20 years before he could persuade anyone to go out with him and see if he was telling the truth. At last a group of businessmen yielded and he made good his most enthusiastic descriptions of the wonders of the cave.

And that is how Carlsbad Cavern came to be known to the world

Improved Educational Structure Parley Theme

AUSTIN. — "Improving the state's educational structure" will be the theme of a work conference to be held at the University of Texas July 19-24.

Sponsored by the Texas Association of School Administrators and the University of Texas, the conference is the last in a series conducted in the College of Education.

Special study areas will include

discussion of state management of education, state financing of education, state relations to teachers and teaching, state and local relationships, and local units.

From where I sit... by Joe Williams

Will's Hospitality Isn't "Cracked!"

Ever since January, Will Dudley planned to give his living room that "new look"—planned to carefully refinish the woodwork and replaster the walls.

Every time Will got out the putty to start filling in the cracks, a neighbor stopped by to pass the time of day — and first thing you know, there was a group of us helping Will do the job up right. After Will called a halt to the evening's work, we'd sit around the fire enjoying a friendly argument and a sparkling glass of mellow beer.

So Will's living room look like it did a year ago by far the most "cracked" room I know. A year ago always drop in for good beer, and a warm welcome.

From where I sit, I can put that atmosphere of city and good fellowship everything else well as to help Will change the living room any time he

Heat Your Home This Winter With PANELRAY GAS HEATERS Nature's Own Heating Method

Don't Be CAUGHT SHORT

On Butane Gas This Winter

The solution to the possible repetition of the Butane Gas shortage this winter is larger storage tanks.

Right now we have tanks of large capacity — as big as you want. They may not be available long. Better get your name on our list for a larger tank today and avoid cold weather shortage.

Science now has found the way to warm your home just like the sun warms the earth. PANELRAY radiates infra-red heat rays at the speed of light that actually penetrate your blood stream before the air is warmed.

No exposed-flame or incandescent parts — fit in the wall, out of the way — efficient, economical and low in cost.

Bangs Disease Care Sought by Researchers

AUSTIN. — The test-tube battle against disease is often a dangerous one in which the researcher runs a constant risk of being infected with the disease he is studying.

That is particularly true of Brucellosis, the disease called Bang's disease in cattle and undulant fever in man, and University of Texas Brucellosis Research Institute workers must be constantly vigilant.

Precautions are taken through use of the best bacteriological research technique with liberal utilization of disinfectant and employment of rubber gloves, face masks and insecticides.

Although figures show that 90

per cent of the Brucellosis researchers and a large number of veterinarians who deal with the disease eventually contract it, the University Institute still has a clean slate. Not a single employee has contracted an unmistakable case of the disease.

Work is underway in the Institute seeking a cure for the disease that cripples the economy of Texas dairy production annually, but Dr. V. T. Schuhardt, director, says the end is not in sight. Drugs to kill the organism have been discovered, but a means has not been devised to get the drugs to all infected tissues in the animal body.

WANTED TO RENT Apartment or house, furnished or unfurnished. Family of four. Call Mrs. Herriott at Crockett Hotel. 1p

CANDIDATE AT HOME—Associate Justice James P. Hart has plenty of home support in his race for a first elective term on the Supreme Court of Texas. Pictured here with Judge and Mrs. Hart are their five children: Sherman, 18; Katherine, 15; Joe, 6; Jimmy, 13; and Richard, 10.

Thomas Jefferson and John Adams, both ex-presidents of the United States, died on the same day, July 4, 1826.

Now its proved quality becomes more impressive than ever

...AND CHEVROLET'S LOW PRICES

are even more attractive than in the past!

FIRST in Value ...

FIRST in Big-Car Quality at Lowest Prices ...

FIRST in Registrations

NOT only does Chevrolet stand out as the first and only low-priced car with all the following major advances which comprise the soundest and best in modern motoring ... not only does it offer these major advantages of Big-Car quality at lowest prices ... but it offers them at prices that are now definitely and decisively lower than those of any other car that even remotely approaches it in quality!

It's the first and only low-priced car with the original and outstanding United Knee-Action Ride. It's the first and only low-priced car with a world's champion Valve-in-Head Engine. It's the first and only low-priced car with the enviable Body by Fisher. It's the first and only low-priced car with the triple safety-protection of Fisher United Body-Construction, the United Knee-Action Ride and Positive-Action Hydraulic Brakes.

And yet, despite the fact that CHEVROLET AND ONLY CHEVROLET IS FIRST to offer all these major advancements of low-cost motoring, it holds an even greater price-advantage and gives you even more value for your dollars in comparison with other automobiles today than at any previous time in Chevrolet history!

Compare Values!... Compare Prices!...

CHEVROLET - and Only CHEVROLET - IS FIRST!
