## Record Expenditure For Home Repairs in Prospect This Year

An estimated \$77,000 will be spent in repairing and modernizing non-farm homes in Crockett county during 1948, according to a report just released by the Title Council of America.

That sum will be expended largely on painting, carpentry work, roofing repairs and plumbing, the report disclosed. "Greater availability of building materials will make possible a record amount of home improvement throughout the nation this year," declared Malcolm Schweiker, chairman of the Council's residential construction committee.

About 30 of every 100 homes in Texas will be painted either inside or out, during 1948 and 17 will have roofs repaired or replaced, according to the report. Seven will have plumbing overhauled, bathrooms tiled or showers installed and six will have carpentry work done, the report revealed.

"To meet demands for materials for both new homes and home repairs, production has been stepped up in practically every type of material," said Mr. Schweiker.

Throughout the nation between \$2,600,000,000 and \$3,300,000,000 will be spent this year on home repair, according to the report. This is believed the largest amount ever expended for such work.

## A NOTE OF THANKS

I am deeply grateful for the splendid vote which I received in last Saturday's primary election in which I was a candidate for the office of sheriff, assessor and collector of taxes. ## Earnest Wins Sheriff's Post Johnigan, J. P.

Earnest received a total of 362 votes to 306 for Homer Good in unofficial count of the county's light balloting.

W. M. Johnigan, incumbent justice of the peace for precinct 1, won re-election to that office over Paul Gibbs, the vote totals being 337 to 196.

In the closely contested sheriff's race the vote total in the Ozona box was 284 for Earnest and 252 for Good. The vote in other boxes in the county in this race was as follows: Todd field box, Earnest 11, Good 13; Powell field box, Earnest 22, Good 13; Rio Pecos box, Earnest 11, Good 11; Howard Wells box, Earnest 10, Good 1; Owens ranch box, Earnest 11, Good 6; Kinser box, Earnest 10, Good 4; and Thompson box, Earnest 3, Good 6.

Paddy received 24 votes. Governor Beauford Jester also was a top-heavy favorite of local voters. He received 404 votes with 89 going to Caso March, the nearest opponent. Roger Q. Evans received 53 and Charles B. Hutchinson, first on the ballot, 45.

Congressman Ken Regan, who was nominated in the 16th district to retain his seat as representative from this district, was favored 458 to 127 over Woodrow Wilson Bean of El Paso in the Crockett county voting.

Bobbitt of El Paso received only 81 votes in this county. The only other race in which Crockett voters favored a loser was that for chief justice of the Supreme Court, J. E. Hickman, nominee, receiving 270 votes to 277 for Charles T. Rowland, his opponent.

**Texas Archaeologists Excavate Huge Indian Mound on Red River**

AUSTIN. — Archaeological excavation of what may be the third or fourth largest Indian mound in the United States is now under way with Alex D. Kreiger, University of Texas archaeologist, as director.

Excavation site is Battle Mound on the Red River, near Lewisville, Ark., owned by Mrs. Henry Moore of Texarkana. Investigation of the mound was made possible by a grant from the Viking Fund, Inc., to Kreiger.

Lynn E. Howard, University of Michigan, is in charge of actual excavation, with W. W. Newcomb, University of Texas anthropology instructor, as assistant.

"In investigating this huge mound we are trying to determine which Indians built it," Kreiger said. "Although the Caddo Indians probably lived on the mound, we suspect an earlier tribe built it. The mound is 650 feet long and 36 feet high at the highest portion. Later Indians and modern farmers made good use of the mounds as a refuge in time of floods."

The San Antonio Regional Veterans Administration Manager, Leon P. Before August 1, an eligible veteran may reinstate any amount of term insurance (from \$1,000 to

\$10,000 in multiples of \$500 regardless of the length of time has elapsed and usually, after a physical examination. He only fill out a simple application form in which he certifies health is as good as when the policy lapsed and pay premium two months.

MARINES GET THE SWING OF IT... This sort of thing might be all right for circus acrobats and people lost at sea in life rafts, but it is not recommended as a diversion for the average man who likes to have his pipe and slippers brought to him in the evening. This particular maneuver was carried out by marines at Quantico, Va., in a demonstration of the airtide carry air-sea rescue technique. Hazardous though it may look, ascending from a life raft into a helicopter is still better than staying on the raft. Further demonstrations of air-sea rescues were held in connection with the 36th anniversary of the marine corps aviation section.

WEEKLY SWING OF SOUTHWEST MARKETS

(USDA) — Many southwest farm prices moved toward lower levels during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

All feed grains broke sharply. Increased marketings of new crop oats, barley and grain sorghums and favorable prospects for corn influenced the decline. Wheat set a firmer tone, as demand improved and marketings decreased.

Spring lambs and yearlings advanced \$1 to \$2 during the week at San Antonio, but dropped \$1 to \$2.50 at Fort Worth, \$3.50 at Kansas City, and 50 cents to \$1.50 at Denver. Most markets sold ewes around 50 cents to \$1 lower. Feed-

er lambs held their own fairly well, and breeding ewes continued in broad demand at Kansas City.

Texas 12-months staple wool sold around \$1.70 to \$1.75 a pound, clean basis.

Most slaughter cattle lost 50 cents to \$2, and best calves fell \$4 at Fort Worth. However, better grades of steers, yearlings and heifers sold fairly steady at some markets, and replacement classes held up well. Cattle demand generally lacked urgency, especially for cows, which made up the bulk of offerings at several of the markets. Grass fat she-stock, canners and cutters predominated at Oklahoma City, and grassers figured prominently in the trade at San Antonio, Wichita and Kansas City.

Mr. and Mrs. Sid Moughon of Dallas were here for a few days visit this week with Mrs. Moughon's parents, Mr. and Mrs. Evert White.

Section 15 of Article III of the Constitution of the State of Texas, by adding thereto the provision that the husband and wife from time to time may in severalty or into undivided partition between themselves all or any part of their property, whereupon creditors shall be self-operative and providing for the execution of such instruments, and providing for their recordation, and for such other reasonable requirements not inconsistent herewith as the Legislature may from time to time consider proper with relation to the subject of this Amendment. Should the Legislature pass an act dealing with the subject of this Amendment and prescribing requirements as to the form and manner of execution of such instruments and providing for their recordation and other reasonable requirements not inconsistent herewith and anticipatory hereto, such Act shall not be invalid by reason of its anticipatory character and shall take effect just as though this Constitutional Amendment was in effect when the Act was passed."

This Amendment is self-operative, but laws may be passed prescribing requirements as to the form and manner of execution of such instruments, and providing for their recordation, and for such other reasonable requirements not inconsistent herewith as the Legislature may from time to time consider proper with relation to the subject of this Amendment.

**RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 15 of Article III of the Constitution of the State of Texas be amended so as to read as follows:

Section 15. All property, both personal, of the wife, and that acquired after her death, devise or descent, shall be self-operative and providing for the execution of such instruments, and providing for their recordation and other reasonable requirements not inconsistent herewith and anticipatory hereto, such Act shall not be invalid by

reason of its anticipatory character and shall take effect just as though this Constitutional Amendment was in effect when the Act was passed."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas at an election to be held throughout the State on the second day of November, 1948, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words: "FOR the Amendment to the Constitution of the State of Texas providing that husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests community property existing at the time of partition so as to convert same into separate property of the respective spouses without prejudice to the rights of pre-existing creditors."

HOUSE JOINT RESOLUTION**

proposing an Amendment of Section 1-a of Article VIII of the Constitution of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes for certain purposes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations; providing for submission to the qualified electors and for the necessary proclamation by the Governor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1-a of Article VIII of the Constitution be amended so as to read as follows:

Section 1-a. From and after January 1, 1951, no State ad valorem tax shall be levied upon any property within this State for general revenue purposes. From and after January 1, 1951, the several counties of the State are authorized to levy ad valorem taxes upon all property within their respective boundaries for county purposes, except the first Three Thousand Dollars (\$3,000) value of residential homesteads, not to exceed thirty cents (30c) on each One Hundred Dollars (\$100) valuation, in addition to all other ad valorem taxes authorized by the Constitution of this State, provided the revenue derived therefrom shall be used for construction and maintenance of Farm to Market Roads or for Flood Control, except as herein otherwise provided.

"Provided that in those counties or political subdivisions or areas of the State from which tax donations have heretofore been granted, the State Automatic Tax Board shall continue to levy the full amount of the State ad valorem tax for the duration of such donation, or until all legal obligations heretofore authorized by the law granting such donation or donations shall have been fully discharged, whichever shall first occur; provided that if such donation to any such county or political subdivision is for less than the full amount of State ad valorem taxes so levied, the portion of such taxes remaining over and above such donation shall be retained by said county or subdivision."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon "FOR the Constitutional Amendment of Section 1-a of Article VIII of the Constitution of the State of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations," and "AGAINST the Constitutional Amendment of Section 1-a of Article VIII of the Constitution of the State of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes

after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes, providing for a Three thousand Dollars (\$3000) residential homestead exemption, and providing for tax levies in counties having tax donations."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Law of this State.

**METHODIST NOTES  
Horace M. King**

Wednesday afternoon the building committee met in conference with the architect, Henry Steinbomer, who came from San Antonio for the occasion. Progress on the new structure was checked and details of the church building were given timely attention. The service of Christian dedication of their children in baptism was observed at the Sunday morning service by parents who offer their loyal ministries in the home to rearing their children in the "nurture and admonition of the Lord." This was a service of significance to the parents, to the church and to the community.

A large number of the membership shared in the Fellowship Luncheon honoring Miss Mary Riddle, Friends of Miss Riddle and of the Community Center, were happy over the announcement made by Mrs. Floyd Henderson concerning the "Mary Riddle Scholarship Fund!" Approximately \$550 has been contributed and additional sums will be sent in from time to time for this special fund, making possible a college education for Latin-American youth.

The pastor, Reverend Horace M. King, is in Georgetown attending the Pastor's School at Southwestern University. He will return to Ozona on Friday.

The theme for the Sunday morning service is "God's Way."

cessive hits by E. Hoffman and H. Hoffman. The Lowake crew, however, enjoyed their big inning in the seventh, after the Ozona stands had taken their stretch at the opening of the top half instead of the bottom half of the inning.

That costly frame started off with an error at third on Schultz's grounder. Killan and Fiest singled in succession to score Schultz. Then Ripple sent his liner to Hefley and Hefley, hurt on the play, allowed the ball to lie and Killan scored. Peel, going in for Hefley, forced Rupert to ground out to first, but L. Hoffman combed his offerings for a single to score Fiest. E. Hoffman struck out but brother H. rapped out a single and Ripple was in with the fourth score. The next batter forced L. Hoffman at third to retire the side and end the Lowake scoring spree.

The Ozonans chalked up 11 hits for the day. Tom Ed Montgomery leading with three, a single, a double and a triple, Stuart following with two and one each being marked for Sheffel, Cox, Homer, Hufstedler, Kennemer and Hefley. Kennemer's a triple and Hufstedler's a double.

**WHAT, JESSE NOT LAID IN HIS GRAVE?...** Claiming he is the original Jesse James, the slightly tarnished Missouri Robin Hood of the 1870s, Frank Dalton of Centerville, Tex., came out of his hide-out cabin on advice of his lawyer, who told his the 'heat' ought to be off by now. That wasn't Jesse James that Bob Ford shot in the back in 1882, says Dalton; it was Charlie Bigelow. Now living in Lawton, Tex., Dalton is shown blowing out the candle on Jesse's 100th birthday cake.
