WHAT, AGAIN?

Cross Threatens To Bilk Ozona Rebels of Championship Fund

Already bled white with the burden of supporting Blondy

Cross' "Little Red Hens," or maybe it's the Red Chicks, so-so softball team composed of girls and "supported" by the Standard-Times sports editor with printed words only it seems, Ozona now is threatened with another "contribution" to the Chicks future war chest.

During the past season, Ozona's baseball team played a benefit game in Colt stadium at San Angelo against Robert Lee, paid their own expenses and even furnished the balls, for the Boys Ranch—or maybe it was the Red Chicks. Then Ozona softballers entertained the girls on two occasions at a softball game here on the lighted field, with a 60-40 split for the Chicks.

Now comes Blondy Cross in a comment in his column, called to our attention (we never read it) in which he confesses to having long since appropriated the Concho Basin league fund as a nest egg for next year's Chick team which he hopes can be built into a winner, and dismisses the whole matter with the observation that "Ozona and Bronte don't need the money anyhow, since they are all rich country boys."

The Cross' paragraph ament this latest steal (you remember Ozona won the championship last

year and lost the prize money) reads something like this:

"The Ozona Rebels have racked up the Concho Basin baseball league championship over the Bronte Longhorns . . . . And are wondering where to hunt for the prize money. There was \$350 in the pot to be split between Ozona and Bronte on a 60-40 basis. But long before the series started, Top o' Morn (that's the Cross West Texas has to bear), who is league secretary, hid it away to apply on the Red Chick fund of next year. It is hoped to build up a Red Chick fund that will win the woman's softball championship of the state.

"We figured Ozona, Bronte and the rest of the Concho Basin league could start it off, since they don't need the money anyhow, all being very wealthy country boys."

There may be a few wealthy city boys" around San Angelo who could be induced to take over support of the Hens and give Ozona some relief if Blondy would look around a bit. They just kicked in to build a million dollar office building — Blondy missed the boat by not getting himself elected "secretary of that deal. What a lot of Chicks he could have bought up for next year!

Anyway, from the conservation we hear among the big shots of the Ozona Baseball Club, the old sorebacked horse may be just about ready to do a little bucking at this latest and latest attempt to sidestep the league pay-off.

"Give, Blondy" is soon to be heard as a chant floating into the Standard-Times office from the southwest and that great daily may have to advance the Cross some salary, if he actually does get paid for that stuff.

Miss Nan Tandy, who has been attending the University of Texas summer school, is home for a between terms visit with her parents, Dr. and Mrs. H. B. Tandy, before registering for the regular session at the University beginning September 10.

Louise Arledge and Robt. H. Sweat Are Married in Denton

DENTON. — The Little Chapel-in-the-Woods on the campus of Texas State College for Women, Denton, was the scene Friday evening of wedding vows uniting Miss Mary Louise Arledge daughter of Mr. and Mrs. Elmo Arledge of Pandale and Robert Hampton Sweat, a son of Mr. and Mrs. A. L. Sweat of Hugo, Okla.

The Rev. Philip W. Walker performed the ceremony. The bride was given in marriage by her father. She chose a gown of white satin with scalloped yoke of lace, and designed with a fitted bodice, from which flowed a full skirt extending into a short train. Her fingertip veil of illusion was caught to a headdress of lace. She carried a cascade bouquet of stephanotis and tuberoses centered with a white orchid.

Mrs. G. H. Brammer, Jr., matron of honor, wore an ice blue satin dress with scalloped lace yoke and full skirt extending from a basque waist. Her flowers were white tuberoses. Bridesmaids, Miss Nancy Sweat, sister of the bridegroom and Miss Martha Ann Arledge, sister of the bride, wore dresses fashioned like that of Mrs. Brammer.

Best man was G. H. Brammer, Jr., of Denton and groomsmen were Hall Davidson of Hugo, Okla. and Wilson B. Ring of San Angelo. Miss Hulda Cannon of Vernon was soloist singing "The Lords Prayer" and "I Love Thee."

The church was decorated with potted fern and baskets of white flowers. Two white candelabra hung with garlands of flowers and fern held white cathedral tapers.

Immediately following the wedding, a reception was held at the Kappa Kappa Kappa sorority house. The serving table was laid with a lace cloth and centered with white candles, white floral center-

piece, and a three-tiered wedding cake. Mrs. Larry Arledge of Pandale and Mrs. W. A. Arledge assisted in the dining room.

The couple left for a short wedding trip, after which they will be at home at 2037 W. Oak, Denton. For traveling Mrs. Sweat wore a green wool suit with cocoa brown and gold accessories.

The bridegroom will attend NTSTC in the fall. The bride also attended college here, where she was a member of Kappa Kappa Kappa sorority. She was a graduate of Ozona High School.

Mr. and Mrs. J. O. Sayes of Maryville, Mo., are here for a visit with Mrs. Sayes' parents, Mr. and Mrs. N. E. Melton.

**Antonio Sports Writer Takes Poke At  
Blondy Cross-Imagined Turbulence In Concho  
Basin; Reminds That Ozona Is "Salt of Earth"**

Following is a bit of logical sense appearing in a recent issue of the San Antonio Express written by its sports editor, Winkle in his column "Bat-Around Texas Diamonds" by "Winkle."

It is in West Texas, and especially the Concho Basin area, base- becomes more colorful by day. Blondy Cross of San Angelo playing dizzily atop the heap wondering where it will end and Bronte battle down playoff home stretch. Today write Blondy an open letter.

Dear Blondy: We are pained to see your chronicle from time to time wherein you parade the abb of culture in West Texas as the outraged optics of the frightened citizens of "Baseballia" elsewhere.

We suggest you either curb your aboriginals in the Concho Basin else we shall have to interfere with a flying squadron of "hatchetmen." In South Texas we have law and order — there are no riots, unlawful assemblies, or uprisings against the regime of the "Judge."

There peace and quiet reign, peace and prosperity, as we cover our vast and enlighten- domains—then we cast a glance at yours and the contrast be- comes ill of your regime as "King- dom."

One can see with half an eye that tribal brothers have no respect for your authority, in fact they do not suspect that you secretly encourage riot and disses- sion with occasional flareups of "archy" — therefore I have sub- mitted your name to Right Hon. Harold Ratliff of Dallas and "Committee to Investigate the Athletic Fringe" in your domestic athletic scene.

Only in Ozona does one find anarchy and culture — in Rob- Lee and Bronte the conditions are on anarchy and outright re- bellion, and the Freedom of the press is used in denunciation of enlightened and civilized meth- ods of high character like Oz- onians.

You must give me full credit for Ozona's high rank among the progressive communities of West

Texas. It was brought to this peak of civic advancement by Andy Andrews, an old "Winkler" now am- piring in the Texas League.

"In Ozona our influence rules supreme, and it is only when the Rebels, clinging to tradition of a great past in their name, does one find that soothing and unruffled atmosphere of the Old South, replete with sweet scented magnoli- as, wide lawns, flowered walks, fine horses, beautiful belles, and southern gentlemen like our friend Byron Stuart.

"Major Stuart, scion of an illus- trious Confederate cavalryman, only backslides upon quitting the pastoral scenes around Ozona and upon arriving in the gopher in- fested villages of Robert Lee and Bronte. Can he be blamed if in trying to carry forward the torch of civilization, that in his zeal he is prone to the use of baseball bats

upon their simian pates.

"The fault lies (and lies) at your door — here I have raised up Oz- onia in the likeness of Mecca, but the unbelievers are as thick as cockroaches around the sugar bowl in areas north, west, and east of Ozona.

"Did I not give up Ozona long years ago to you, thinking that this fair city and its fine citizens would act as a good example of baseball rectitude upon those un- ruly and unreasonable facsimiles of Darwin's Theory known as Con- cho Basins?"

"Contrast their savage raid and counterraid with the quiet dignity to be found among communities of South Texas where we sit our beautiful golden palominos like the aristocrats we are, patricians pushing democracy from the cradle to the grave.

"There is no denying Ozona's high station amongst the monkey- men along the Concho — they have long been champions and shall long continue to be champions and it is only befitting that the abo- rigines abiding on the gopher

flats pay homage to their great- ness and that the few that parade their fury at having to kneel to their betters is just further proof of your inability to contain their turbulent actions.

"We suggest you declare martial law to meet this crisis and teach the rabble to respect not only your authority, but to refrain from rock-tossing at the salt of the earth — in West Texas — Oz- ona Rebels. Your'n, "Jedge Win- kle.

**WEEKLY SWING OF  
SOUTHWEST FARM MARKETS**

(USDA)—Only poultry and eggs held firm last week as prices of most farm products began to slip at southwest farm markets, ac- cording to USDA's Production and Marketing Administration.

Southwest wools saw a flurry of trading last week. Prices in New Mexico and Texas ranged from \$1.62 to \$1.72 for average French combing wools.

Continued heavy runs of sheep and lambs at southwest markets weakened prices. Monday's mar- ket was down 50 cents to \$1.00 be- low a week ago. Goats averaged about steady with some weak spots at San Antonio. Mohair was dull at 40 cents for adult and 70 cents for kid, f.o.b. Texas.

Reduced cattle receipts at south- west markets failed to halt declin- ing prices last week. Losses ranged from 25 cents to \$2.00 per 100 pounds. Monday's quotation for

common and medium cows stood at \$18 to \$20.50 at Houston, \$17 to \$19 at San Antonio and \$17.50 to \$20 at Wichita. Fort Worth sold common to good beef cows at \$21.-

50 to \$22.50. Most stocker cattle held fairly steady under good de- mand.

*Accurate and Complete*

**RANCH RECORDS**

*Are More Important*

*Today Than Ever*

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

**Easy To Keep - Complete Record - In 1 Volume**

largely the result of a decrease in the number of sheep shorn, since the average weight per fleece was only slightly smaller than last year. This year's estimate of the number of sheep shorn or to be shorn is 29,616,000 head, down about 2 million head (5 per cent) from last year, and about 15 million head (33 per cent) below the 10-year average. The estimated weight per fleece is 8.01 pounds compared with 8.09 pounds in 1947 and the 10-year average of 7.99. In the "Native" or "fleece" wool

states, shorn wool production is estimated at 61,758,000 pounds from 8,504,000 sheep, with an average fleece weight of 7.26 pounds. Last year 8,950,000 sheep were shorn for a total of 66,390,000 pounds, and the average weight was 7.42 pounds. Production in these states this year was the smallest on record, starting in 1909. Shorn wool production in the 13 Western sheep states (11 western states, South Dakota and Texas) is estimated at 175,532,000 pounds.

This is about 11 million pounds less than was shorn in 1947, and the smallest clip for this group of states since 1924. Smaller clips were produced in only 5 previous years of record — 1917 and 1921 through 1924, when stock sheep numbers were also at a reduced level. The number of sheep shorn and to be shorn is placed at 21,112,000 head, more than a million head under last year. The average weight per fleece at 8.31 is only slightly below the 8.36 pounds last year. Wool production in Texas, estimated at 55,947,000 pounds is down 6 million pounds (10 per cent) and the smallest production in the past 17 years. The estimates for Texas and California include an allowance for wool to be shorn from sheep and lambs this fall.

### Study of Proposed Amendments to Constitution Urged

By Hardeman  
Editor, 25th District

citizens of Texas are to vote in the general election next year on eight proposed amendments to the Constitution. It is the responsibility of the representative and student body to take on these amendments. Once adopted it is difficult to effect repeal. One of these measures should be made. There should be a character of each person on each position.

When a mere handful of people brought about drastic changes in our fundamental law, generally hundreds of thousands of voters in the many changes in the Constitution have been made with more than fifteen to twenty percent thereof voting. This is the minority and is not to the strengthening of the government "of the people, by the people and for the people." Be it to the credit of Texans, that since adoption of the Constitution in 1876 only nine amendments have been adopted out of more than one-hundred-fifty submitted.

This article does not purport to

provide a complete analysis of the proposals or their effect, if, as and when the same are adopted. The sole purpose hereof is to try to stimulate sufficient interest in these proposed changes to result in an intelligent expression by the people in November.

Subsequent articles may be prepared, as time and space permit, discussing at some length, these proposed amendments.

In the order they will appear on the ballot, they provide, substantially, as follows:

1. Authorizes counties to provide Workmen's Compensation Insurance, including the right to provide its own insurance risk, for all county employees.
- County employees are not now covered by insurance for injuries they may sustain while so employed as are employees in other state agencies and private industries.
- If this proposal is adopted, the legislature is authorized to enact appropriate legislation providing for the administration of such insurance and for the payment of the costs, the rates and premiums of said policies together with the benefits to be paid hereunder.
2. Creates a Legislative Re-Districting Board to apportion the state into senatorial and representative districts in the event the legislature fails to make such apportionment.

This proposal, if adopted, would

become effective January 1, 1951. It provides for the re-apportionment of the state into such districts by the legislature at its first regular session after the publication of each United States decennial census, and further, that if the legislature does not so act, then the board, comprised of the lieutenant-governor, speaker of the house of representatives, the attorney-general, comptroller and commissioner of the general land office is to make the re-apportionment.

Its adoption may bring about a too long-delayed reapportionment of the state. No reapportionment into legislative districts has occurred since, 1921, although the present constitution provides that it shall be done each ten years.

The population increase in certain areas of the state, notably in the Lower Rio Grande Valley and in West Texas, demands re-districting.

3. Provides for changes in the community property law authorizing partition of community property for the limited purpose of preventing both husband and wife being taxed for federal estate taxes.

This proposal came about as the result of an amendment to the United States internal revenue code adopted in October, 1942. The internal revenue code has since been changed in this particular by con-

gress; hence, the apparent reason for this proposal no longer exists. Our present community property rights are well settled and are the envy of those states which do not have the community property law. No one knows what the effect would be on the settled property law of the adoption of this amendment would be on the settled property law of this state and since the United States internal revenue code has been amended, it is not deemed either necessary or wise to disturb the settled law by adoption of this proposed amendment.

4. Clarifies succession to the office of governor. Apparently, this proposal comes as a result of the situation which arose in Georgia after the death of the governor-elect in the latter part of 1946. It does not appear to be of prime importance in this state, but will not harm anything if adopted, other than to the add to the length of the constitution.
- 5 and 7. These proposals will be considered together since they are more or less interdependent. The first to appear on the ballot is known as HJR35, designed to preserve the \$3,000.00 of the assessed taxable value of residence homestead exemption from all state taxation purposes. The other, known as HJR24 provides for the abolition of the ad valorem tax for state purposes and authorizes counties to levy, not to exceed 30¢ on each \$100.00 valuation, for the construction and maintenance of farm-to-market roads or for flood control under certain conditions.
6. This proposed amendment provides for the mandatory compen-

sation of sheriffs, deputy sheriffs and county law enforcement officers, including sheriffs who also perform the duties of assessors and collectors of taxes, on a salary basis in counties of less than 20,000 population according to the last federal census.

Whether these officers shall be paid on a salary or fee basis is optional with the county commissioners court in such counties under the present provisions of the Constitution. This proposal, if adopted, simply means that henceforth sheriffs will be paid on a salary basis.

8. This proposal authorizes the legislature to provide for the retirement of Judges and Commissioners of the Appellate Courts and for Judges of District and Criminal District Courts on account of length of service, age or disability. The effect of this proposed change is readily apparent. If adopted, it will provide an umbrella, so to

speak, for those attaining a certain age or who may be fortunate enough to get themselves returned to office long enough to come under its protection. We now have 179 judges on the state payroll who might be affected by the proposed changes.

WINTERIZE Your Car Now!  
NOW MAY SAVE YOU A GOOD CHECK-UP TROUBLE LATER

Let Us Give Your Car a Thorough Cleaning And Inspection To Ready It for Safe Driving All Winter Long!

Summer's "dog days" are about over. As the winter season approaches, it is time to give your car that fall inspection and cleaning to ready it for winter driving.

It's not too early to bring in your car now to have the cooling system thoroughly cleaned and checked, remove all accumulated rust and scale, check and replace any bad hose connections and make your cooling system leak-proof in readiness for adding anti-freeze when the time comes. We'll check and clean radiator, water pump, heaters and hoses

Also, your car's oiling system should undergo a cleaning to remove accumulated sludge, dirt and dilution. Clean working parts and fresh lubrication and fresh, full-bodied lubricating oil will insure quicker starts and safer driving this winter.

### Two Couples Are Honored on Wedding Anniversaries Here

A tea given at the Granny Miller Hall Wednesday evening from 7 to 9 o'clock honored Mr. and Mrs. Will Adams of Fort Stockton and Mr. and Mrs. H. W. Baker of Ozona on their 50th and 25th wedding anniversaries respectively.

Hosts on the occasion were Mr. and Mrs. George Schulz, son-in-law and daughter of the Bakers, and Mr. and Mrs. Otis Sims, parents of Mrs. Baker. Mrs. Adams is a sister of Mr. Sims.

Greeting guests at the door was Mrs. L. B. Townsend of Llano. Receiving were the hosts and honored couples and Mr. and Mrs. Clay Adams, son and daughter-in-law of the Adams.

Presiding at the guest books were Mrs. Underwood of Dallas and Mrs. Lola Day. Miss Beatrice Paul of San Angelo was at the gift table. Mrs. John Bailey served gold and silver cake squares and Mrs. C. M. Kenley of San Angelo served the gold punch from a silver punch bowl. Mrs. Albert Bailey and Miss Jane Adams assisted in the serving.

The tea table was centered with a two-tiered cake of gold and silver, topped by a miniature bridal couple. The gold and silver color scheme was carried out throughout the hall decorations.

Out-of-town guests here for the occasion were Mr. and Mrs. C. M. Kenley of San Angelo, Mr. and Mrs. L. B. Townsend of Llano, Miss Beatrice Paul of San Angelo, Mr. and Mrs. Felton Smathers of Llano, Mrs. Ada Chaney of Douglas, Ariz., Mr. and Mrs. D. E. DeLong, Mrs. Ruby D. Fowler and Mr. and Mrs. Keno Ogden, all of Eldorado, Mr. and Mrs. J. C. Cunningham and Mr. and Mrs. Herman Saenger of Fort Stockton, Mr. and Mrs. J. C. Cunningham, Mr. and Mrs. Bill C. Baker and Mrs. Gene Butler of San Angelo, and Mr. and Mrs. W. C. Underwood of Dallas.

About a hundred guests called during the tea hours.

Mr. and Mrs. William Swearingen, Billy Scott and Bobby, were here last week for a visit with Mrs. Swearingen's parents, Mr. and Mrs. Scott Peters.

### Physical Check-up For School Children Urged by Health Dept.

AUSTIN. — Dr. Geo. W. Cox, State Health Officer, urges the parents of all children who will respond to the school bell for the first time in September to be sure the child is physically ready for school duties.

"First and foremost is the need for vaccination against smallpox. Parents and physicians should see that children are vaccinated before they are one year of age; however if not done previously, at school age vaccination becomes absolutely necessary," Dr. Cox said. "If your child has not been vaccinated, have it done immediately so that the scar will be completely healed before school opens."

Immunization against diphtheria is also highly desirable, Dr. Cox believes. This disease, which causes serious illness and death among young children can be prevented with toxoid. The child who has never been protected should be given this safeguard against a dreaded disease. Even though he may have been immunized as a baby, doctors and health officers usually recommend an additional dose of toxoid to strengthen immunity before entrance in school.

"In addition, before you send your child to school you are urged to take him to your family physician and dentist for a thorough examination," Dr. Cox adds. "You will want to know that he is in good physical condition and can complete with the other children on equal terms. If the check-up reveals any weakness or defect there will be time to build up his general health and correct dental defects before school opens. Don't let your child start his school life with any avoidable handicap."

Mrs. S. M. Harvick left today to take her daughter, Mrs. Don Dwyer and two children, Don and Richard, to their home in San Antonio. Mrs. Dwyer has been here for a ten-day visit with her parents.

**FOR SALE** 1948 model "NORMEL" TRAILER HOUSE, 22 feet long. Fully equipped with electric refrigerator, hot water, air conditioner, etc. Will take \$650 for my equity. See George Beard at Couch's Trailer Camp. 1p

**DIXIECRATS WHOOP IT UP** . . . Count the political parties in the U. S.—one, two, three, four of them. And the youngest party, the Dixiecrats, is the most rambunctious of all. Forsaking the regular Democratic party to paddle their own states' rights canoe, the Dixiecrats held a convention in Houston, Tex., where they nominated J. Strom Thurmond, governor of South Carolina, as their presidential candidate and Fielding Wright for vice president.

Please give the person you are calling plenty of time to answer

The ringing telephone bell is a call to action everywhere. But there are often times when this call cannot be answered immediately. So please always give the person you are calling plenty of time to answer. This avoids many needlessly incomplected calls and enables us to furnish better service for everyone.

### Humble to Broadcast, Televis Southwest Football 14th Year

Southwest Conference football games this fall will be broadcast for the 14th consecutive season and televised for the first time under arrangements concluded between the Conference and Humble Oil and Refining Company. The broadcast of the 1948 schedule over standard radio stations will again carry the games throughout the state, with complete schedules for each week-end of the season.

Television plans call for telecasting the four home games of Texas Christian University in Fort Worth as well as the annual Texas-Oklahoma game at Dallas over Television Station WBAP-TV, in Fort Worth, Texas' first television station.

First broadcasts of the regular radio schedules will be heard Saturday, September 18, when the Conference moves into action, with the usual crews of Humble Company play-by-play and color announcers and technicians preparing to follow the teams from the Southwest to the far corners of the country to send back this season's exciting schedule of inter-sectional games.

The Humble Company's announcing crews will consist this year of Kern Tips, Ves Box, Charlie Jordan, Bill Michaels, Jerry Doggett,

Fred Kincaid, Alec Cramer, die Barker and Bill Newman last year's staff, plus several newcomers to the announcing crew.

Mr. and Mrs. T. H. Jones and children, Charles, Sharon and dra, of Van Court were weekend guests of the Earl Cunningham here. They also visited with Mrs. Bruce Mayfield, Mrs. Lee Story and Mrs. Cunningham's niece.

Construction has been started on a new home here for Mr. and Mrs. Tom Harris.

Remington adding machines the Stockman office.
