## Cotulla Game Rained Out; Rebels Withdraw From Champs Tourney

Rain, something most of us here in West Texas hear about but seldom see, interfered with the second round play in the Tournament of Champions baseball series for the Ozona Rebels, Concho Basin Champion, and the Ozona team disbanded for the season and checked their play in the tourney.

The Rebels were ticketed to play a two-out-of-three game series at Cotulla the past week-end, one game Saturday night and a second and third, if necessary, Sunday afternoon. But it rained in Cotulla and the series was postponed. Whereupon, the Rebels checked out and called it a season.

## Lions Club Studies Annual Auction Sale Plans for Ozona

Possibility of an annual auction sale for Ozona similar to that sponsored in Sonora by the Sonora Lions Club is being studied by the newly organized Ozona Lions Club. The plan was suggested at the regular meeting of the club Thursday noon at the HiWay Cafe. The Sonora club has developed one of the outstanding events in this area in its annual livestock show and auction sale and members of the local club are to study the possibilities of developing a similar show in Ozona each year.

An appeal for support of the club for all worthwhile youth programs was made by the new president of the organization, Bill Bergfeld, Crockett county agricultural agent. Mr. Bergfeld cited the fact that no Texas 4-H Club boy or girl had ever served time in the state penitentiary.

A committee named by the president, composed of Coach D. A. Parker and Supt. Jack McIntosh, is making plans for a banquet to be given by the club at the end of the football season honoring members of the all-district teams and their coaches and school superintendents. The club plans to make the banquet an annual affair.

Guests at the Thursday meeting were Glen Robertson of Knoxville, Tenn., and Jim Carl of the San Angelo Standard-Times.

SAN MARCOS. — For the second consecutive time, Miss Halle Kinser, daughter of Mr. and Mrs. E. R. Kinser of Ozona, has been enrolled as a student in San Marcos Academy.

A former student of Ozona High School, Miss Kinser first entered the Academy in January and is now classified as a high school sophomore.

## A & M Host To TSGRA Directors October 15 & 16

### Full Entertainment Program Planned for Visiting Stockmen

Texas A. & M. College will be host to the Directors and other members of the Texas Sheep and Goat Raisers' Association and their wives at College Station October 15 and 16. This is the third quarterly meeting of the Association and all sheep and goat raisers, whether directors or not, are invited, according to Clayton Puckett, Ft. Stockton, association president.

"The Animal Husbandry Department under its head, Dr. J. C. Miller, will have charge of the program after the regular business meeting. This meeting offers a good opportunity for the livestock producers in this section to see the type of training offered our young men and to observe the equipment and facilities available for this training," Mr. Puckett stated. "Dr. Miller and others in the department have drawn up a very interesting program."

The College has set aside part of Walton Hall, one of the larger dormitories, for the use of visitors that week-end. This building is conveniently located, Mr. Puckett added, with a bathroom between each two rooms. As the College housing authorities must know before October 1, how many people will want dormitory rooms Mr. Puckett suggested that those desiring to attend should first notify Ernest Williams, association secretary, San Angelo, immediately in order that he can get the names in before October 1. These rooms are equipped with two single-decked beds, he said, and with only one bath for each two rooms. The couple occupying one room might want to choose the couple for the other room. If that is the case Mr. Williams should be notified. As the program will begin the morning of Friday, October 15, arrival should be planned for Thursday afternoon or night.

According to Dr. Miller a dance will be given for the visitors on Thursday and Saturday nights and the annual A. & M. Rodeo will be put on Friday night. This rodeo is sponsored by the Saddle and Sirolo Club and the proceeds are used to defray expenses of the members of the Livestock Judging Team on their trip to the American Royal Livestock Show at Kansas City and the International at Chicago.

Saturday afternoon the visitors will get to see a football game between Texas Christian University and Texas A. & M. Sufficient tickets have been set aside and can be obtained after arrival at College Station.

"I want to emphasize again that all sheep and goat raisers are invited to these quarterly meetings," Mr. Puckett stated.

## Plumbing and Heating Contract Awarded On South Elementary Bldg.

Contract for the plumbing and heating for the addition to the South Elementary School was awarded at a meeting of the school board here Tuesday.

J. P. Bollinger Plumbing & Heating Co. of San Angelo was the successful bidder on the project with a bid of \$12,187. The only other bidder was R. M. Wells of Quanah with a bid of \$12,314.

The general contract was awarded recently to the G & E Construction Co. on its bid of \$43,400 for construction of the four-classroom addition to the building.

Rev. J. H. Meredith, who was pastor of the Ozona Methodist Church for seven years, will arrive here Friday to spend a week visiting friends here. He will preach at the morning service Sunday at the Methodist church, Rev. Horace M. King, pastor, announced yesterday. Rev. Meredith is pastor of a church in San Antonio now engaged in building a new church.

## 70 Lambs on Feed By Crockett County 4-H Club Boys Girls

Seventy lambs have been placed on feed by Crockett County 4-H Club boys during the past three weeks. Twenty-five of these lambs are fine wool, forty-one are Suffolk Rambouillet crossbred lambs, and four are Registered Rambouillet ram lambs.

These lambs were selected for the boys from the ranches of T. A. Kincaid, John Fogarty, Lindsey Hicks, Johnny Henderson, Kay Black, Wayne West, Ashby McMullan, Frank McMullan, James Baggett and Marshall Montgomery. The registered ram lambs came from Dempster Jones and Leo Richardson. In the near future, there will also be some registered ram lambs on feed from Vic Pierce and Miles Pierce.

Club boys with lambs on feed at present include Charles Garlitz, Ronnie and Jimmy McMullan, Tom Kincaid, Philip Childress, Graham Childress, Buddy Phillips, Lia Hicks, Charlie Black, John Lee Henderson, Earl Berry and Bill Schneemann. Ann Baggett and Sarah Hicks are also feeding out lambs for next years shows and will compete against the boys in the county show.

Most of the club lambs will be on feed by Oct. 1. These lambs will first be exhibited in the county show here in Ozona and also some of the other major spring shows including San Angelo.

## Shell Kincaid Well Swabs Disillate After Acidizing

Shell No. 1 Kincaid estate wildcat, 2 1/2 miles south of Ozona, was treated with 10,000 gallons of acid the first of this week and was reported to have swabbed a quantity of distillate following the acid treatment.

The swab was stuck before swabbing was completed and no official report of the results was released. The well is reported making a considerable quantity of gas.

## Rotary Club to Entertain Teachers Here Tuesday Night

Ozona Rotary will stage its annual entertainment honoring members of the faculty of Ozona Public School next Tuesday evening, September 21, it was announced at the club luncheon Tuesday by President T. J. Bailey.

The supper and program for the teachers, their wives and husbands and other guests of club members will be staged at the Granny Miller Hall. A special entertainment program is being arranged by the club for the occasion when more than 100 guests are expected to assemble.

## Texaco Pierce Ready To Deepen; Fishing Job Is Completed

With a two-months fishing job cleaned up and cement drilled out to the bottom, 11,937 feet, Texaco No. 1 Victor I. Pierce, northeastern Crockett county wildcat, was in the hole with tools Saturday to drill farther into the Ellenburger.

It is 998 from the north, 1,980 feet from the east line of the west half of section 5-O-Clarissa W. Brown, 2 1/2 miles south and slightly east of Ozona. Texaco No. 1 Tom Smith, 660 from the south 666 feet from the east line of the west half of the same section, continued efforts to loosen stuck drillpipe, with total depth 11,860 feet in Ellenburger dolomite, where circulation was lost.

Gulf No. 1-CCC University, bottomed at 7,486 feet in lime, was fishing for tools; Humble No. 1 J. A. Harvick was drilling at 7,379 feet in shale and lime, Amerada No. 1-C Shannon at 1,177 feet in sand and anhydrite, and Humble No. 1 Melissa Childress Smith at 6,676 feet in black shale.

## Smith Tells History Of Forty-Niners in Talk to Rotary Club

A program out of the ordinary and of extraordinary interest to most listeners was brought to the Ozona Rotary Club at its meeting Tuesday by Judge Houston Smith.

A history of the Forty-niners the California gold rush and particularly the story of the gaudy mining boom of Virginia City, Nev., a city which today is a mecca for tourists who see many of the same scenes as they were in the days of '49, many of the old saloons, gambling houses and places of business being preserved just as they were in the boom days, was recounted by Mr. Smith.

The hunt for gold on the west coast extended into Utah Territory, and gold was discovered in the mountains of what now is Nevada in 1859 and in the next few years, 760 millions of dollars worth of gold and silver were extracted from the mine. First working was by placer mining but it was discovered that fabulously rich vein went deep into the earth and tremendous sums of money were spent in mining the deep ore. The vein was pursued 3,000 feet into the earth, Mr. Smith said, and was abandoned only when the temperature at that depth became too high to work.

Some of the world's dignitaries of the day visited Virginia City in its heyday, Mr. Smith said, including presidents, visiting royalty and famous figures in the entertainment world of the day. Mr. Smith visited Virginia City and vicinity the past summer while on a vacation trip through that region and into California.

## Church For Negro Community Built By Baptist Brotherhood

A new church and community house for the Negro settlement of Ozona is expected to be complete and ready for the first service next Sunday morning. The new church is being built by the members of the Men's Brotherhood of the First Baptist Church here and sufficient funds have already been subscribed by the Brotherhood to present the new building debt free to the colored people. The building is 20 by 30 feet.

The new church will be dedicated with a week-long revival meeting to be conducted by the Rev. Holbis of Crane, starting Sunday morning and continuing through the following Sunday.

## COMMUNITY COUNCIL MEET

The Crockett County Community council will meet in regular session at the Courthouse Monday night at 7:30. Interested citizens are cordially invited to attend the Council session.

Mrs. Nat Read arrived from Austin Tuesday to visit her son and daughter-in-law, Mr. and Mrs. Madden Read. Mrs. Read suffered a broken hip in a fall this summer but has recovered and is now able to walk.

## Gas Plant To Be Erected In Todd Deep Field

### Conoco to Operate Plant with 10 Million Cu. Ft. Daily Capacity

PONCA CITY, Okla., Sept. 15—Another petroleum conservation project is scheduled for the Southwest with the announcement that a natural gasoline plant, with 10,000,000 cubic feet daily capacity, is to be erected in the Todd (Deep) Field of Crockett county. Continental Oil Company has been selected as the operator.

The 23 participating operators in the field, which lies 20 miles northwest of Ozona, have completed plans for beginning construction immediately on the gas recovery plant, which is to have a daily capacity of 60,000 gallons Refinery Maintenance Company of Compton, Calif., has been named contractor and completion is anticipated within 12 months.

The hydro-carbon recovery plant has been designed to handle all of the gas produced in the Todd Ranch Field, which was launched with a discovery well April 3, 1940. The field is comprised of the Ellenburger pool and Crinoidal pool, the former producing from approximately 6,100 feet and the latter penetrating 5,600 feet generally. In the Ellenburger are 58 producing wells, 23 of which are operated by Continental, and in the Crinoidal are 30 producers, 16 of which are Continental operated.

The gasoline plant, on completion, will be operated by 25 men.

## Gulf and Shell Stake Locations In Crockett Co.

### Gulf to Drill in Cox Pool; Shell Locates Midway Lane Test

Gulf Oil Corp. and Shell Oil Co., Inc., have applied for permits to drill tests in different fields in Crockett county.

Gulf No. 3-C Howard B. Cox mineral fee in the Cox pool in western Crockett county will be 4,598 feet along the northwest corner of S. Sloan survey 6, thence east at right angles 330 feet, and 935 feet northeast of No. 1-C Cox. Drilling 1,000 feet with cable tools is planned, starting Sept. 13.

Shell's operation will be No. 9 Chambers county school land in the Midway Lane (Ellenburger) field in northeastern Crockett. It will be 3,300 from the north, 2,733 feet from the east line of the northwest quarter of league 4, Chambers county school land survey, 1,127 feet east of Shell No. 6 Chambers. Elevation is 2,667 feet. The test is projected to 7,700 feet with rotary and is due to start Sept. 13.

Sinclair Prairie No. 1-94 University, scheduled Ellenburger wildcat in western Crockett, was making hole at 761 feet. It is 801 feet out of the southwest corner of tract 34, league 2, Archer county school land survey.

## Softball League Championship Series Under Way Here

The city softball league championship series which got under way this week went into a deadlock Wednesday night when the Wilson Motors, who had been defeated by a top heavy score Tuesday night by the Continental Conocs, reversed the deal and routed the Conocos by an equally heavy county.

The two-out-of-three series goes the limit with the deciding game scheduled for Monday night. The winner of this series, playing for the second half championship, will meet the Williams Grocers in a three-out-of-five game series for the league championship. The championship series is expected to begin Tuesday night of next week.

There's a Southwestern Life plan to fit every age.

**He'll Wear Your Shoes, Some Day..**

That's right, Dad—your son will wear your shoes some day. He may not succeed you in the business you're in—may not even go into that field at all. But he will be confronted with serious competition in whatever business or profession he enters. He will probably be confronted with all kinds of tax problems . . . with all kinds of economic problems—perhaps weightier than any you face today.

Yes, he'll wear your shoes some day. Your economic shoes. And how well he wears them will depend upon how well he is prepared to face the world. You can guarantee him the educational opportunity to get ready for that day through Southwestern Life Insurance, and you can do it now, while he is young, at a cost lower than you ever will be able to assure his future with Life Insurance. ### SWING OF WEST FARM MARKETS

A—Most southwest farm markets sold steady to strong during past week, but some brought lower prices, the U. S. Department of Agriculture's report. Markets showed strength during the week. Corn led the way with prices of 12 to 13 cents a bushel. Sorghums advanced 12 to 13 cents to sell Monday at \$2.65. Oats rose two cents to \$2.12. Cattle prices had their ups and downs during the week, but strong markets resulted in prices of mostly 50 cents to \$1.00 a hundred pounds. Calves and hogs showed the most consistency. Medium and good calves from \$20 to \$26 at Texas prices, while good and choice calves took the same spread at Kansas City. Okla-

homa City and Denver paid \$25.50 to \$28.50.

Sheep changed little at Texas markets but sold 50 cents to a dollar or more higher at most other terminals. San Antonio bought nanny goats unchanged at \$6 to \$6.75 a hundred and kids higher at \$4 to \$4.40 each. Cull ewes sold

down to \$6.50. Ewes ranged from \$8.50 to \$10.50 at most markets and reached \$11 at Kansas City.

Mr. and Mrs. Clay Adams have purchased the Arthur Phillips home and lot and are having the house remodeled. They plan to move into it as soon as possible.

## A Crop to Cultivate

America is famous for good crops. But finest of all is the bumper "crop" of 11,000,000 boys and girls growing up on our farms and ranches.

Trained teachers and leaders are helping cultivate this bumper crop. Vocational agricultural teachers in over 7,000 high schools do their part. Most of these schools have Future Farmers of America chapters. Membership of F. F. A. is 250,000. In their "outside classroom" work they receive additional on-the-job training from their vocational agricultural teachers. They learn to accept leadership responsibility. On graduation, many go directly into farm or ranch management. Others go on to agricultural college.

County agents and over 180,000 unselfish volunteer leaders do another great job through the 4-H Clubs. Through 85,000 local 4-H Clubs, more than 1,750,000 boys and girls get invaluable training. Advice, encouragement, know-how from practical experts. Their projects keep them abreast of what is new in agriculture. They learn through doing. Achievement and leadership become habits.

It is well that American agriculture has these leaders and teachers. By teaching the business and science of farming, they are helping make life on farm and ranch rich and profitable for a new generation of Americans. They are showing them the way to economic security and a good way of life. Better farm planning, power machinery, scientific modern methods; control of weeds and plant and animal pests. . . . All these our farm and ranch youth are learning. In many ways they are qualifying themselves to be better managers of land and better businessmen. They are increasing their knowledge of science and selling—of machinery and markets—of costs and conservation.

Swift & Company has always been proud to encourage farm youth activities. We shall continue to do so. We have no doubt or fear for the future of America. For, properly cultivated, this crop will ripen surely into our nation's richest harvest.

### A HUNDRED CENTS MAKE A DOLLAR

Have you sometimes wished to know Where each dollar really goes?

Of each wholesale dollar spent, You get seventy-nine per cent

For your livestock, wool and hides, And all by-products besides.

Wages, operating cost a-plenty . . . Take another even twenty.

After all the rest is spent The packer profits just one cent.

### Livestock and Meat Prices

Livestock is marketed when it is ready. The supply of animals coming to market at any one time is controlled by our decisions as producers. These decisions may have been made months previously, depending on your breeding and feeding program. The weather—blizzards, storms and droughts—also have a bearing on when you market your animals. Meat packers have no control over the supply of livestock.

The meat packer must sell meat and by-products for what they will bring. When people have to economize, they spend less money for meat. Consumers, retailers and meat packers reduce their bids. The prices of both meat and livestock fall accordingly. But when people make more money, they are eager to buy meat. Then buyers all along the line increase their bids. And the prices of both meat and livestock rise accordingly. For each meat packer and each retail meat dealer knows that if he does not pay a little higher for the livestock or meat he wants, somebody else will—and get the business.

Thus the old law of supply and demand—plus competition in buying livestock and selling meat—forces price changes in meat to be reflected quickly all the way back to the livestock on the hoof. At all times the market price is a balance between the supply of livestock and the demand for meat.

### OUR CITY COUSIN

Wow! Look at City Cousin's arm, He spent the summer on the farm.

### It's a Two-Way Road

In my work with farmers and ranchers I have visited just about every part of this country. I can't begin to count the number of times I have traveled out of Chicago and back to the range country of the West. . . . through the Corn Belt states . . . the wheatlands . . . the cotton country—Florida, Maine, Washington, California and all the other states in between.

I do not know how anyone who travels much can help being impressed with the need for team play in America. As farmers or ranchers, your prosperity depends to a large degree on the ability of workers in industry to purchase the food and fiber you produce. Likewise, city businessmen know that your power to purchase their products is equally important to them. And all of us depend on the men in the mines, in the forests, in the steel mills, and oil fields.

But what we are apt to overlook is the fact that it is the earning of a reasonable profit that it keeps all these businesses going, and all which keeps all these businesses going, and all of us at work. Of course, profit rates vary. That depends on many things, including volume of

business done. For example, here at Swift & Company we process millions of pounds of agricultural raw materials each year. On each pound handled, we earn an average profit of a fraction of a cent. Few could stay in business on the margin we meat packers earn. But whether one's business volume is large or small, some profit is essential to any individual or any enterprise.

And here's another thing. Often I hear someone say—"Those farmers are the lucky ones—completely independent!" I can't agree with them. I know, and you know, that you on the land are independent—but only to a certain degree! Of course, cities couldn't exist without the products of farm and ranch. Maybe you could produce your own food, clothing, shelter and fuel. But country living would be pretty grim without cars, telephones, radios, fences, tractors, windmills and modern labor-saving, comfort-giving equipment. It is a two-way road! Our standard of living in America is something we are all proud of. It is the result of the profit system and of good team play.

### New Idea in Junior Feeding Projects

by T. W. Thompson  
State 4-H Club Leader, Montana

Boys and girls are trying out a new kind of livestock feeding project. In several states—including Montana, Nebraska, Colorado and Indiana—people are enthusiastic about it. Here is how it works. The boy or girl buys an average lot of feeder steers or lambs, from a uniform herd or band. The number bought is usually 3 or more steers, 15 or more lambs. That depends on finances, feed supplies and equipment available.

These lots of animals are bought at a central market. They are taken home and fattened. Careful records are kept of feed costs and rates of gain. At the end of the feeding period, they are shipped back to market. They are sold on Junior Marketing Day.

Boys and girls consign their animals to commission firms of their own choice. Upon arrival the animals are penned separately, according to ownership. Each lot is graded and weighed separately. Then all animals are assembled in pens according to grade. They are sold for slaughter in the usual manner used on that market. The boys and girls profit according to the market value of their animals.

Sponsors claim the following benefits: (1) It is practical. (2) It promotes better farm feeding methods. (3) Boys and girls learn about market grades of livestock. (4) They learn about central markets and their operation. This new idea in junior feeding is not intended to take the place of feeding for show. It is a separate project, to give youngsters practical experience in feeding for market.

**Ozona Literary Club Launches Season With Luncheon for President**

Mrs. Byron Stuart, president of the Ozona Literary Club was honored at a buffet luncheon given in the home of Mrs. Richard J. Adams Tuesday to usher in the 1948-49 season of club work for the organization, the second organized year for this woman's club in Ozona.

The luncheon scene was laid in vibrant and glowing autumn shades accenting the club colors of gold and green. The table was centered with the club initials,

OLC, formed with plumosa and yellow carnations, the club flower.

The short program presented following the luncheon consisted of reading the Club Collect, after which the past president, Mrs. George Schulz, toasted Mrs. Stuart with an original poem, praising her for her enthusiasm and efforts on behalf of the club. Mrs. Stuart answered with a pledge to follow the ideals of the past president in achieving the goals and plans of the club and giving her best effort in the development of the club's theme for the year, "Patterns for a Better Tomorrow." Mrs. Schulz also presented Mrs.

Stuart with the president's pin. A skit depicting the model club was presented by a group of members, including Mrs. J. P. Pogue, Mrs. W. S. Hatchett, Mrs. R. J. Adams, Mrs. Truman Mullen, Mrs. John Futral and Mrs. Cleophas Cooke.

The club was informed of a gift presented by Mrs. A. C. Hoover, honorary member, a subscription to the Texas Federated News and The Club Woman to each member. This is the second consecutive year the club has received this

gift from Mrs. Hoover. Serving on the executive committee with the president for the new year are Mrs. Hatchett, firm vice president; Mrs. R. J. Adams, second vice president; Mrs. Jack Sheridan, recording secretary; Mrs. Pat Taylor, corresponding secretary; Mrs. J. P. Pogue, treasurer; Mrs. GeGrald L. Worthington, historian and Mrs. Cleophas Cooke, parliamentarian and critic. Co-hostesses with Mrs. Adams for the luncheon honoring the president were Mrs. E. P. Ketner,

Mrs. G. L. Worthington and Mrs. Max Wilson.

Attending the opening meeting were Mrs. W. S. Hatchett, Mrs. D. A. Parker, Mrs. Jack McIntosh, Mrs. John Futral, Mrs. R. J. Adams, Mrs. J. P. Pogue, Mrs. Jack Sheridan, Mrs. Pat Taylor, Mrs. G. L. Worthington, Mrs. Cleophas Cooke, Mrs. Garland Marshall, Mrs. John Hollingsworth, Mrs. C. O. Spencer, Mrs. Ben Williams, Mrs. Max Wilson, Mrs. Wayne Matthews, Mrs. Glen Edwards, Mrs. E. P. Ketner, Mrs. Truman Mullen, Mrs. J. W. Parker, Mrs. George Schulz and Mrs. Byron Stuart.

Mrs. J. W. Parker was elected a new member of the club. Mrs. G. L. Worthington is club reporter.

The seventh grade Social Studies class, under the direction of Mr. Vogler, has started the study of a unit of the geography of Texas. The first week's discussion was given to the political and geographical aspects of Texas.

From where I sit... by Joe Marsh

**"Farming" Versus "Ranching"**

Talked to some editors who run my column in their papers—in states where there's mostly cattle and sheep raising—about the differences there might be between farming and ranching.

And they told me: "Joe, there's no real difference between cattlemen and farmers. We make our living from the land like your folks do; we have the same 4-H Clubs and Granges; the same problems of prices and marketing.

"When it comes to recreation, we have the same liking to get to-

gether now and then for a barbecue and a friendly glass of beer."

And from where I sit, that about sums it up. Ranchers may have different names for things or grow different crops. But all over America folks who work the land share those common traits of hard work, sober moderation, and good fellowship, whether they're growing cattle for beef, or barley for good American beer and ale.

Forty Millionth Electric Customer On Nation's Lines

Abilene.—The 40-millionth customer of the electric industry came on the power line sometime between September 6 and September 15, Ernest R. Acker, President of the Edison Electric Institute, advised Price Campbell, President West Texas Utilities, here today. In commenting on what he termed the extraordinary post-war growth of customer demand for electric service, Mr. Campbell pointed out that the demand for electric service in West Texas for cooking, cooling, water heating, lighting, and many additional uses in industry and stores is at an all time high.

"In keeping with its policy of anticipating future need," Mr. Campbell said, "the West Texas Utilities Company is now engaged in an \$18,000,000 construction program to build new facilities and to enlarge and improve existing ones. Much of the material for this program, which has been underway for many months, was ordered as early as September, 1946."

### Two Boy Scouts Of Troop 63 Receive Eagle Scout Awards

Boy Scout Troop 63 of Ozona held a Court of Honor Friday night at the Community Center. Several Scout awards were presented during the evening.

A highlight of the program, however, was a candlelight ceremony in which Rafael Cardenas and Andres Vela were made Eagle Scouts. The boys' mothers stood beside them while they received the badges and afterwards pinned the badges on their boys' shirts.

Troop members and Scouters of Troop 63 are proud of their Eagle Scouts. Three boys previously had received the award, making five Eagle Scouts for the troop during the present year, an outstanding record for any Scout troop. The three boys who had previously received the Eagle Scout awards are Ramon Gonzales, Romolo Vela, and Pedro Zapata. Ramon and Romolo received their silver palms at Friday night's Court of Honor.

## You just know it's a Packard!

There's a story of exclusive values behind these exclusive lines. Come in—see for yourself!

When you point to this proud, glistening grille, any schoolboy can tell you it's a Packard . . . the car that still looks like itself!

That's because the Packard radiator grille, for nearly 50 years, has been a trademark of precision-built character.

Packard, for example, has always meant precision-built engines. And Packard today is winning new fame with the amazing economy of its new "free-breathing" straight eights!

Packard has always meant masterful roadability. And Packard leads again today—with a "self-controlling" suspension system.

Packard has always meant precision workmanship. And today's Packards are the finest-built Packards ever to bear the name!

It all adds up to a story we'd like to tell you in full . . . and soon!

# RANCH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume
