HS Commencement Friday Night To Be School Finale

South Elementary Exercises Wed., Junior High Thursday

Commencement exercises starting at 8:00 o'clock Friday evening in the high school auditorium for the twenty-two members of the 1949 graduating class of Ozona High School will wind up the 1948-49 term of the Ozona Public Schools.

Children of the eighth grade of the South Elementary School received their certificates of promotion to the high school at appropriate exercises held Wednesday evening. The Junior High School program is slated for this evening at 8:00 o'clock in the high school auditorium.

The graduating exercises for the high school Friday evening will open with the processional march by Misses Jewel Taylor and Madge McCormick. Invocation will be pronounced by Rev. Clifton R. Tennison.

"Education is Always a Venture" will be the topic for the valedictory address to be delivered by Louise Wood. Selected music by Miss Helen Marie Brown and a choral number, "Where E're You Walk" by the Junior High Choral Class will be musical features of the program.

"For a Happier, Healthier America" will be the topic for a talk by Bill Melton, class salutatorian. John Mankin, honor student, will speak on "What Are We Seeking?" and Roberta Ortiz, another honor student, on "The Secret of Leadership."

Diplomas will be presented by Judge Houston Smith followed by the benediction by the Rev. Horace M. King.

Receiving high school diplomas with the class of 1949 will be W. C. Burns, Charles E. Davidson, III, Rosalie Friend, Ramon Gonzales, Billy Ray Graves, Ann Harvick, Lin Hicks, Armond Hoover, Jr., Bud Hoover, J. G. Hufstедler, John Mankin, Ted Mankin, Sue Meinecke, Bill Melton, Roberta Ortiz, Frank Parr, Chris Perner, Ray Piner, Jr., Betty Jane Schwalbe, Marie Senne, Betty Jo Thompson, and Louise Wood.

The Junior High graduating program tonight will include the invocation by Wanda Carden; invocation by Rev. King; "Merry (Continued on Page Five)

Midway Flares Soon To Go Out As Gas To Go Back Into Formation

Flares from Midway Lane field which light a section of the northern horizon each night for Ozonans will soon be doused and the millions of cubic feet of natural gas which are being wasted through flaring will be conserved by being pumped back into the oil-bearing formation, thus not only saving the gas but prolonging the life of the field by maintaining gas pressures which maintain the flow of oil.

Henry Witcher, an official of the Sinclair-Prairie Oil Co., operating in the Midway field, described the plan of the pressure maintenance plant now nearing completion in the field in a talk to members of the Rotary Club here Tuesday.

Mr. Witcher said that as soon as the plant is completed, all the gas from the flowing wells in the field will be gathered, re-compressed to the pressure of the formation and forced back into the formation at the bottom of the wells, thus serving to maintain the pressure which is responsible for the flowing of oil from the wells and prolonging the life of the field by holding back salt water which encroaches as the bottom hole pressure is released.

Pressures from 2,500 to 4,000 pounds will be maintained by the plant in restoring the gas, Mr. Witcher said. The only loss of gas in the field will be the little required to power the pressuring machinery.

Weed Cutting, Clean-Up Urged In Ozona As Guard Against Outbreak Of Summer Diseases

A weed-cutting, city-wide clean-up campaign is being urged on Ozona residents by county health authorities and county officials as a means of preventing an outbreak of polio and other summer diseases here this summer.

Recent abundant rains have made for rank growth of vegetation in and about Ozona and have created many bodies of standing water in the town which will promote a good crop of mosquitoes and the rank growth of weeds in vacant lots and in alleys and other places in the city will provide excellent harboring places for mosquitoes, flies and other insects this summer.

Dr. H. E. Tandy and Dr. Royce Pruet issued a joint warning to the people of Ozona of the dangers present weather conditions are creating for the community this summer. The rains have been fine for the country and for the town premises as well, but continued neglect of the overgrown areas may create a serious health threat for the entire community, the doctors pointed out.

Both mosquitoes and flies are strongly suspected as carriers of polio and any effort to prevent a local outbreak of this dread disease is time well spent, the physicians declared.

County Judge Houston Smith also urges private property owners to cut down rank weed growth. Judge Smith said that county officials had received many requests for county aid in eliminating weeds from the town, but pointed out that the county has no facilities for such work and that it is the responsibility of each property owner to eliminate such community health hazards from his own property. The county has, in other years, conducted community-wide DDT spraying operations to prevent disease spread in cases of epidemic threats, Judge Smith said. But even in emergencies such operations create a strain on county funds and officials feel that property owners should assume their community responsibilities in eliminating conditions which threaten the health of their own families and their neighbors.

Vacation Bible School At Baptist Church June 1-10

Workers Recruited For First 10-Day Church School

Dr. H. A. Gustavus, Superintendent of the Sunday School of the First Baptist Church, announces the Vacation Bible School dates for June 1 through 10. The enrollment will be Sunday, May 29, and the school will start June 1st and continue ten days. The closing exercises will be on Friday night, June 10th.

This is the first ten day school held here. The school is usually only five days in length.

The principal and faculty members have been preparing for the school since the first of May. This should make for the best school, the superintendent said.

The principal and departmental superintendents are: Principal of the school, Clifton Tennison; Junior Superintendent, Mrs. H. A. Gustavus; Primary Superintendent, Mrs. Ben Williams; Beginner Superintendent, Mrs. Thadd Tabb. Other workers include: Mrs. P. L. Childress, Jr., Mrs. Lowell Littleton, Mrs. Doyle Perdue, Mrs. Sterling Stratton, Mrs. S. L. Butler, Mrs. C. Tennison, and Mrs. Alice Baker.

Mrs. T. A. Bailey returned Saturday from Dallas where she attended the annual Southwest Shoe Salesman's show. Mrs. Bailey is head of the Bailey Shoe Co. here, manufacturing an exclusive line of house shoes.

LOST: Yellow gold Lady Bulova wrist watch with part expansion band in yellow gold. Has sweep hand. Reward for return to Mrs. Roy Thompson. 1c

Goodfellow Nine Coming Sunday For League Play

Skyhawks So Far Undeclared In League Combat

The Goodfellow Field Skyhawks from San Angelo, undefeated so far in Trans Pecos League play and one of the hottest outfits in the circuit, will meet the Ozona Rebels, tied with Iraan for second place in league standing, on the Powell Field diamond here next Sunday afternoon in the first meeting of the season of these two teams.

The Skyhawks so far have defeated every other team in the circuit except Ozona, including Big Lake, Iraan and Ft. Stockton.

Bob McChesney, fancy lefthand chunker from Hardin-Simmons University, who last Sunday pitched the Rebels to an 8-1 victory over the Kermit Veterans, allowing but three hits, one a fluke, in nine innings, will again be available for mound duty for the locals next Sunday. Also in the line-up will be Gibbs and Carmel teammates of McChesney at Hardin-Simmons, and the regulars, Stuart, Scott, Homer, Cox, Tom Ed Montgomery and possibly Beecher Montgomery.

Game time is three o'clock Sunday afternoon at Powell Field.

Midland Man Hurt In Car Crash North Of Ozona On Highway 163

Fred Wykoff of Midland, sales manager for an oil field tool company in that city, was injured shortly after noon Wednesday when his car, a late model Pontiac, collided with a bridge on Highway 163 about fifteen miles north of Ozona.

Mr. Wykoff was taken to a San Angelo hospital by a passerby, George Bean, Crockett county ranchman now living in San Angelo. The injured man's condition was reported as good this morning. He suffered fractured ribs, a lacerated lip and other injuries.

Sheriff V. O. Earnest of Crockett county, who investigated the accident, said the car was badly damaged.

Missionary To Conduct Baptist Revival Meeting

Religious Emphasis Campaign Starts June 1; Lasts 5 Days

Missionary Grayson Tennison will lead the First Baptist Church in a five day Religious Emphasis campaign, beginning Wednesday, June 1, Rev. Clifton R. Tennison, pastor, announced this week.

Rev. Grayson Tennison is a graduate of Howard Payne College with his B.A. degree and the Southwestern Seminary with his B.D. degree. He was recently appointed Missionary to North Brazil. He and his wife are to leave shortly for their station there.

Rev. Grayson Tennison has pastored churches in Post, Texas, Hamilton County, Texas and is now pastor at Iredell, Texas. He is an excellent speaker. His messages will be inspirational in nature and a challenge to better Christian living, the local pastor said.

During his college days Rev. Tennison was the center on the college basketball squad. His team was the only college to go undefeated in the 1945 season.

The pastor of the First Baptist Church extends everyone a cordial invitation to attend the services.

Mrs. Myrtle Allen of San Angelo spent the week end visiting Mr. and Mrs. J. A. Marley at the ranch.

DIST. JUDGING CHAMPS—Members of the Crockett County 4-H Club wool and mohair judging team, with their sponsor, County Agent William A. Bergfeld, Jr., pictured above, won the District 6 judging championship in a contest at San Angelo Saturday. Three of these boys, with one alternate, will represent District 6 in the state wool and mohair judging meet at A&M College June 13. Pictured are left to right, standing, Ronnie McMullan, Jimmie McMullan, Graham Childress and Ben Conklin. Front row, Mr. Bergfeld and Bill Schneemann. Jimmie McMullan, Graham Childress and Bill Schneemann compose the "first string" to compete in the state meet.

Lions Club, Fire Dept. To Sponsor Donkey Baseball

Diamond Comedy To Be Staged On Softball Field June 6th

The old grandstand call to the outfielder to "saddle up" and get under that high fly will be taken literally here the night of June 6 when two local teams will clash in a "donkey ball game" under the lights at the new, improved softball field just west of the Humble wholesale station in the southwest edge of Ozona.

The baseball game played aboard recalcitrant "mountain canaries" will feature a contest between teams sponsored by the Ozona Lions Club and the Volunteer Fire Department, with the Lions Club sponsoring the evening's entertainment.

And what entertainment it will be—if you can stand an evening of good, hard laughter. A band of trained donkeys, trained to do just the opposite of what a baseball player wants them to do, that is, will be brought here for the occasion under arrangements completed by the softball committee of the Lions Club, headed by J. P. Pogue.

Two teams are to be recruited to represent the fire department and the Lions Club and the battle of the burros will provide an evening of fun for the customers.

Incidentally, the proceeds will go to the Lions Club community fund, from which the club recently pledged \$2,500 toward the purchase of a new fire engine for Ozona.

May 31 Deadline For Completing County Tax Rendition Blanks

Crockett county property taxpayers who have not yet signed and returned property rendition blanks for 1949 taxes are reminded that the deadline for returning these forms is May 31.

Rendition blanks have been mailed or handed property owners in the county and many have not yet returned these. Mrs. Gertrude Perry, office of deputy tax assessor and collector, reports.

Those who do not return rendition blanks will make it necessary for the Board of Equalization to place assessed valuations on property for tax purposes. That group has set June 1 for its meeting.

Eddie Smith, son of Mr. and Mrs. Elton Smith of Van Horn, former Ozonans, is valedictorian of the 1949 graduating class of the Van Horn High School.

Crockett 4-H Club Wins Dist. Judging Contest

Ozona Boys Represent District 6 In State Contest At A&M

Crockett County 4-H Club boys under the direction of County Agent Bill Bergfeld, won the district championship in the District 6 Wool and Mohair judging contest in San Angelo Saturday.

As a result of their district victory, the Ozona team will represent District 6 in the state wool and mohair judging contest to be held at A&M College on Monday, June 13. District 6 includes all counties from Crockett county west to El Paso.

Sixty-four boys and county agents attended the Saturday contests in San Angelo. These boys represented 15 counties from Districts 6 and 7. The contest was conducted by J. A. Gray, Texas A&M College Extension Service sheep and goat specialist.

High point team from District 6 was Crockett county with 1,283 points. Second place district standing went to Glasscock county with 1,206 points, third place to Howard county with 1,164 points, fourth to Reagan county with 1,064 and fifth to Upton county with 916. High Point team of the two-district meet was the Coke county team. Menard county's team was in second place, Crockett county third, Taylor county fourth and Glasscock county fifth.

The Coke and Menard teams from District 7 and Crockett and Glasscock county teams from District 6 will be the only teams from these two districts to compete in the state contest.

A 4-H Clubber from Taylor county, Jackie Richards, was individual high scorer in the judging, scoring a total of 481 points. Second high went to LeDrew Arrott of Coke county, third to Jimmie McMullan of Ozona, who scored 470 points.

The club boys judged 20 fleeces of wool and 20 fleeces of mohair and also a class of four fleeces each. Members of the Ozona team are Jimmie McMullan, Bill Schneemann and Graham Childress. Ben Conklin and Ronnie McMullan were alternates. Carroll Stratton is also a member of the team but he was ill Saturday and unable to make the trip to the district meet.

The Ozona team will make a trip to Kerrville next Saturday to participate in their final judging practice before they compete with the top teams from other districts to determine the state champion Wool and Mohair Judging Team from Texas.

Seniors Feted In Final Round Of Parties

Members of the 1949 graduating class of Ozona High School, who have been "wined and dined" extensively at a series of parties during the past two or three weeks, enjoyed the final round of entertainments in their honor this week.

Supt. and Mrs. Jack McIntosh entertained in honor of the Seniors with a reception held on the lawn of the school Sunday afternoon and also at a dance in the high school gymnasium Saturday evening following the all-high school picnic at Christoval Saturday.

Mr. and Mrs. Sherman Taylor named Charles E. Davidson, III, honoree when they entertained the Seniors with a supper in the garden of their home Tuesday night and beginning at 5:00 o'clock Wednesday morning, Mrs. Hillery Phillips and Buddy, and Mrs. Jack Holt and Joan complimented the class with a German dance in the Phillips garden. Following the dance, the Seniors enjoyed breakfast given by Mrs. S. M. Harvick and Ann.

Mrs. Elma Anthony of Hastings, Oklahoma, and Mrs. Herron Skaggs of Dallas were guests last week at the ranch home of Mr. and Mrs. J. A. Marley.

KR Bluestem Wins Battle With Weeds

COLLEGE STATION—In this wet spring, the battle between weeds and KR bluestem looks more favorable toward a final victory of the bluestem in the 15-acre field on the C. C. Smith farm near Uvalde, says County Agent D. P. Gallman of Uvalde.

This river bottom field was seeded to KR bluestem in February, 1948. But, due to the dry weather, only a poor stand was made. Weeds of all kinds came up with the grass. And last summer, the only way you could find any grass was to rake the weeds back, says Gallman. The grass was completely covered with the weeds, but it kept growing under very dry conditions until last fall. After the rains, the grass headed out and made a fine seed crop.

At present, the KR bluestem has covered some parts of the field solid, and has held the weeds down. It's making another seed crop and the seedings are plentiful. Mr. Smith says he is not going to mow the weeds or water the grass. "If it will spread to a solid stand over the entire field and whip out the weeds, I'll sure be ready to recommend it to anybody for a good pasture grass," said Mr. Smith.

From where I sit... by Joe Marsh

How Would You Say It?

Curley Lawson's cousin from back East and a few of us got talking when he was here visiting, and I couldn't help noticing how different he said things.

For instance, he said, "Lifting that 200-pound bag of cement almost killed me." "You mean sack of cement?" asks Curley. (That's the way we'd say it.) "No," interrupts young Elliott who'd spent a lot of time down South. "He means a 'poke of see-ment.'"

It was good for a chuckle, anyway. Bag, sack or poke—we knew

what he was trying to say. It just depends on where you are in the U. S., which way sounds right.

From where I sit, whenever we criticize someone for sounding funny to us, we ought to think how we sound to them. It's the same as choosing your liquid refreshment. I'm accustomed to a moderate glass of beer—you may like ginger ale—but who's to say the other's wrong? I'd say we're both right!

Don's Life Saved By Snake Head

Many friends here are familiar with the heroic exploit of Donald McDonald, son of Mr. and Mrs. Donald McDonald of Canyon, who saved the life of a young girl by a rattlesnake bite during a picnic, the Stockman has a below column on the exploit appearing in the Amarillo paper. An incident, copied from the News appeared in the Ozona of the Stockman.

The following, written by Dr. J. C. Davidson, former president of Texas State College, is devoted entirely to the lad's heroic deed in saving the wound and the snake's venom, a bit of which thinking which is credited in large measure with saving the little girl's life. The incident occurred in Palo Duro Canyon where some 400 school children were enjoying a picnic. Dr. Davidson's column of comments on the incident follows:

CANYON—This rattlesnake story coming out of Palo Duro Canyon in which a group of high school youngsters figured last week may not be so interesting to a lot of folks, but to me it has no little significance. Just a snakebite—You just a snakebite, but a potentially important incident, especially if one of my kids had been the victim.

"In fact it is important anyway. A young girl's budding life was saved by the thoughtfulness and self-sacrifices of a 13-year-old lad. The incident reveals a concern for others and a courage under emergency circumstances that not all of us have.

"Of course, I will admit that maybe I feel a little more deeply about it than others do because Donald McDonald, the hero of the story, who split the wound with a knife and sucked out the poison, is my neighbor neighbor. I see him every day and he has so much interest in folks—so much poise and confidence—so clean and wholesome that I

can't help admiring him a lot. He is the kind of kid that we make great citizens out of in this country.

"As you would expect, Don has a dad and mother, too—real folks, whose family life I have watched with interest since it was in the cooking stage, back there when Bryan and Mary were college students sitting on the iron fence in front of W. T.'s main campus and drawing marital plans. (Incidentally, West Texas State has always been a great matrimonial agency and I believe improves with age.)

"The point is that Don has good reason for his heroism—he comes from good stock. We could even go back to his grandparents, Judge and Mrs. C. F. Kerr of Plainview who also at one time were our very close neighbors, and to his maternal grand parents, Mrs. Charles T. Davidson and the late Judge Davidson of Ozona, who were among the staunchest pioneer settlers in the San Angelo country.

Thoroughbreds seldom produce sorry colts, you know. Don and his three strapping brothers and beautiful sister chose well their ancestry—a mighty good thing to remember when one is in the "goo-goo eye" period.

"But snakes alive! I didn't intend to go so far away from the incident referred to—that is, the snakebite.

"Lest some may get the idea that Palo Duro Canyon is seething and writhing with rattlesnakes, I want to say that I have been visiting that scenic wonder for more than 38 years and have only seen one serpent in that time. However, in view of what has happened recently it is a good idea to be on the lookout when you visit Palo Duro, though I am not advising that you carry a supply of the most popular brand of snake medicine. It is much safer to have along a young hero like Don McDonald. If you doubt it just ask Carlene Rogers, the young miss who was the ob-

ject of the snake's venom."

The Youth Fellowship enjoyed its regular meeting Sunday night. Square dancing, folk dancing, games, a business meeting and singing were enjoyed by all. Forty-four members were present.

Sonora Broncos Win Dist. Baseball Title With Win Over Reagan

The Sonora Broncos won the District 9-B baseball champion-

ship by defeating the Reagan County High School Owls by a score of 5 to 0 in a play off game on the Powell Field diamond here Thursday afternoon.

The two teams had ended in a tie for the championship and the play-off game was matched for neutral ground, the Ozona diamond.

The Broncos go to Alpine this week-end to play in a regional series.

Max Word, son of Mr. and Mrs. Taylor Word of Ozona, a veterinary student at A&M College, won second place in calf roping at the recent A&M College rodeo. His time was 23.8 seconds.

HERE'S WHY "Job-Rated" PICK-UPS CUT YOUR HAULING COSTS

Study their **VALUE!**

- 1 Economical, L-head "Job-Rated" engine—with "Floating Power" mounts, and removable precision-type bearings—provides the right power, with economy!
 - 2 Rugged front axles, with wider tread—give new safety, new ease of handling.
 - 3 Riding is improved, spring life increased, by longer rear-shackled front springs.
 - 4 An entirely new design of "cross-type" steering, in combination with shorter wheelbases, permits turning in narrow streets. Turning diameters are as small as 36 feet in the 1/2-ton model, both right and left.
 - 5 Husky, silent 3- and 4-speed transmissions insure smooth operation and long life.
 - 6 Side rails of high-strength steel, with 5 crossmembers in 108" and 116", and 6 in 126"-W.B. models, including channel-type bumper, produce exceptionally rigid frame.
 - 7 Smooth riding and long life result from 52 x 1 1/4-inch rear springs, of Amola steel.
 - 8 6 1/2-, 7 1/2- and 9-foot bodies, of 44 lb., 56 lb. and 67.28 cubic feet capacities, on 108", 116" and 126" wheelbases—provide far greater load space than other pick-ups.
- Pick-Ups in 12 different "Job-Rated" models. G.V.W. capacities from 4,250 to 7,500 pounds (nominal ratings—1/2, 3/4 and 1-ton). Dual rear wheels are available on the 1-ton models.

Weekly Swings SOUTHWEST FARM MARKETS

—Uneasiness marked trading at southwest farm markets this week, despite strong prices for some livestock, feed grain, reports the production marketing Administration, U. S. Department of Agriculture. Although grain markets were quiet last week, sorghums advanced 3 cents per 100 pounds compared to the previous week. Also, oats went up 2 cents a bushel, corn a half a cent to 45 cents and barley a cent. Wheat was steady.

—Livestock markets were still unsettled last week with nearly all old contracts cleaned up and new crop still in business prevailed in south-

west feed markets last week due of doubtful shipping quality. Good pastures limited demand, to shrinking demand, large inventories and prospects for bumper crops. However, wholesale prices were mostly unchanged to higher with gray shorts up \$5 to \$6 per ton and bran \$1 or more. Gluten meal advanced \$4 per ton, and soybean meal as much as \$1.50.

—Uneven prices ruled southwest cattle markets last week despite smaller receipts and steady to higher dressed meat values. Calves and vealers advanced 50 cents to \$1 at most markets, but other classes saw losses as well as gains of 25 to 50 cents.

—Southwest lamb markets tended toward the lower side last week until Monday's advances of 25 cents to \$1 erased earlier losses. Higher dressed lamb prices plus smaller receipts influenced these

gains. Ewes held steady to firm.

Five-Foot Shelf of Good Looks

A TOUCH on the handle — and a wide front door swings open on a prospect full of invitation.

There's a wheel that seems actually eager for the touch of your hand.

There's a broad 63-inch seat cushion, comfortably angled, soft and inviting, and only a hand's width narrower than a full-size parlor sofa.

There are narrower corner posts hardly wider than the space between your eyes, so plenty easy to see around — and there's a broad, sweeping, full-curved windshield spreading a horizon-wide view before your eyes.

There's a gas treadle that flicks into instant life the great power of a big Fireball power plant. Under the wheel there can be a Dynaflo selector lever you set once and then forget through all normal forward driving.

And wrapping it all up in one stunningly beautiful picture of top-drawer travel is modern styling in the good Buick manner — sleek lines, bright chrome, the instant identification of gleaming Ventiports.

Here's five-feet-plus of deep-seated comfort — an outlook that brings the whole landscape indoors — handsome lines that draw admiring glances anywhere — what else is needed to settle your mind on this one?

Two things, probably. A little spin with yourself behind the wheel just to take this honey's measure. A look at the price tags and a bit of mental comparisons just to prove how big a buy it is.

For both you have only to see your Buick dealer — who will be pleased to demonstrate, pleased to talk price — and pleased to take your order for surprisingly early delivery.

Mohair Expected To Be Included In New Farm Legislation

Mohair will be defined as wool and will receive the same treatment as wool in any farm bill passed by the House of Representatives this session. This is the thought expressed by Ernest L. Williams, Secretary, Texas Sheep and Goat Raisers' Association. He and Jake Mayfield, Del Rio, Association First Vice-President, returned last Friday from Washington where they appeared before two House Committees in support of mohair.

A request that mohair be defined as wool and receive the same treatment was made before the House Sub-Committee on Agriculture by Congressman O. C. Fisher and Williams. Members of the Sub-Committee expressed opinions that it should receive the same treatment.

Two representatives of the National Wool Growers Association, J. M. Jones, Secretary and Bryon Wilson, Legislative Representative also appeared in support of the request, Williams stated, but like Mayfield, they were not called on for statements.

Congressman Ken Regan, Pecos, Homer Thornberry, Austin, and Fernandez of New Mexico, made short statements before the Sub-Committee in backing up Fisher's statement. Congressman Bob Poage of Waco is the second ranking Sub-Committee member, Williams said.

Williams and Fisher also appeared before the House Interstate and Foreign Commerce Sub-Committee in support of Fisher's bill to amend the Wool Products Labeling Act. This bill would require manufacturers of upholsteries to indicate the amount of mohair in their fabrics and would prevent the present practice of representing and selling upholsteries as

"mohair upholstery" when it contained as little as 12 1/2% mohair. This could have been a controversial bill, Williams said, but no one appeared in opposition. Henry Miller, who is in charge of the Federal Trade Commission with respect to the Wool Products Labeling Act, made a long statement before the committee in support of the legislation. Mayfield, Jones and Wilson were present at this hearing.

The Association representatives also visited with Senators Connally and Johnson and as soon as this bill clears the House, it will be introduced in the Senate by Johnson. Both Senators have indicated a desire to help all they can on the mohair problem.

Sunshine Circle To Meet Monthly During Months Of Summer

The Sunshine Circle of the W. S. C. S. met in the home of Mrs. Joe Clayton Wednesday morning at 9:00 o'clock.

Mrs. Joe Clayton presided at a business meeting. Members decided to meet the third Wednesday of each month during the summer months. Secret sisters were revealed at this meeting and gifts were exchanged.

Mrs. Evert White presented the chapter "Maturity" from the book "Newness of Life." Others present were Mrs. Clay Adams, Mrs. E. R. Baggett, Mrs. Boyd Clayton, Mrs. L. E. Cox, Jr., Mrs. R. L. Flowers, Mrs. Dempster Jones, Mrs. Brock Jones, Mrs. Sidney Millsbaugh, Mrs. T. A. Kincaid, Jr., Mrs. H. B. Tandy, Mrs. Massie West, Mrs. Charles Williams, Jr. and Mrs. Jake Young. Mrs. Jack Ransom of San Angelo was a guest.

Mr. and Mrs. Jess Marley, Jr. had as their guest last week Joe Anthony of New Orleans, La.

This Spring... it seems everybody's fancy is turning to
the most Beautiful BUY of all

... and the reason is,
it gives so much and costs so little to operate and maintain

The most Beautiful BUY for Styling
All your friends will say, "What a beauty; what a buy!" For this car has a Body by Fisher—exclusive to Chevrolet and higher-priced cars.

The most Beautiful BUY for Thrills and Thrift
Yes, so great is the demand for new Chevrolets this spring that it seems everybody's fancy is turning to this most beautiful buy of all!

The most Beautiful BUY for Driving and Riding Ease
Chevrolet's new Center-Point Design—including Center-Point Steering, Center-Point Seating, Lower Center of Gravity without loss of road clearance, and Center-Point Rear Suspension—gives entirely new driving and riding ease.

The most Beautiful BUY for Comfort
You'll be truly comfortable, even if you ride all day long, thanks to a Super-Size Interior—deep, form-fitting "Five-Foot Seats"—and extra generous head, leg and elbow room.

The most Beautiful BUY for All-Round Safety
—with new Certi-Safe Hydraulic Brakes with Dual-Life brake linings, extra-strong Fisher Unisteel Body, Panoramic Visibility; Safety Plate Glass throughout; and the super-safe Unitized Knee-Action Rile.
