THURSDAY, JULY 20, 1950

NUMBER 15

Draft To Call 8 E. Aug. 10

25-Year-Olds To Register

Board Number 110, comprising Crockett, Sutton, and Edwards counties, met for the board meeting on Monday, July 18. The members are Joe Logan, Sonora; Paul Gibbs, Junction; Dan Cunningham, Junction; Eldorado; and Mrs. J. J. Sonora, clerk of the board.

Service Headquarters for Board Number 110 met for physical examination on August 10. The men selected by the board and they will be notified by date.

Active service director is turning to those required to register who have not. He said that registrations of delinquents would be at the present time without for violation of the law who have not registered so at the local post.

Director said that more than 100,000 men between the ages of 18 and 21, inclusive, registered in September, 1948, and approximately 135,000 men registered since that time as they reached the age of 18. Men are registered proper to this law, and they do to re-register," General said.

Wakefield pointed out that with very few exceptions, men are legally required to register on their 18th birthdays five days thereafter.

There is no difference in the law as ever been in the armed forces when he was in, if he is during the times stated, register under the draft law.

Wakefield, for the information of the public, released following selective service laws and their meanings available for military service.

Conscientious objector, for non-combatant service, member of the armed forces of the United States or the Public Health Service and certain registered from these services.

Member of reserve component of National Guard, or student in military training, deferred because of civilian occupation (except agriculture), deferred because of employment in agriculture, deferred because of death.

A registrant who commences activity duty service during World War II to be exempt from service under the terms set in the draft law; any registrant who is the sole surviving member of a family whose sons or sons died in service during World War II.

Officials deferred by law, Aliens, Minister of religion or student, Physically, mentally or morally unfit.

Conscientious objector to both combatant and non-combatant military service, Registrant over age of 17 for military service (Any man who has reached his 17th birthday. Such a registrant is liable for service under the law.)

Members of this Board should report any change of address or any information that changes their present classification. Clerk, Local Board Number 110, Sonora, Texas.

Mrs. Arthur Phillips and her family have returned from a tour in New Mexico.

Humble Cox Deep Test Shows Gas, Water From 8,523-620

Recovery was 30 feet of drilling mud and 210 feet of gas and water-cut mud on a 47-minute drillstem test from 8,523 to 8,620 feet by Humble No. 1-C Alma Cox and others, Crockett county wildcat.

No. 1-C Cox, one mile north of the operator's No. 1 Cox, 8,221-foot Ellenburger failure, was drilling ahead at 8,632 feet in lime.

Magnolia No. 2 Clayton Ranch, 4,000 feet northeast of the operator's No. 1 Clayton, Ellenburger gas-distillate discovery 10 miles east of Ozona was drilling below 5,000 feet in lime and shale.

Jack Holt of Ozona, No. 3 C. J. Fuller estate, 2 1/2 miles northeast of the Vaughan field, has been completed on the pump in 24 hours for 20.70 barrels of 34 gravity, pipeline oil. Production was from open hole casing A-Pagniom hole between 1,229 feet, where 7-inch casing was set, and 1,246 feet, the total depth. With elevation 2,606 feet, No. 3 Fuller estate is 330 from north, 2,970 feet from west line of section 4-A3-D, Savage survey.

Crockett Retail Volume Shows 208 Percent Expansion

Census Report Shows Increase from 1939 to 1948 Count

Retail and service establishments located in Crockett county, Texas, showed a substantial expansion in dollar volume of trade from 1939 to 1948 according to preliminary figures from the 1948 Census of Business released today by the Bureau of Census, U. S. Department of Commerce.

Retail sales in the county during 1948 aggregated \$3.7 million, an increase of 208 per cent over the \$1.2 million in 1939, when the preceding Census of Business was taken. The service trades included in the Census of Business recorded receipts totaling \$120,000 in 1948 compared with \$55,000 in 1939.

Employment in the county also rose over the 9-year period between 1939 and 1948 for the above trades. Establishments in these trades reported a combined total of 206 paid employees for the workweek ended nearest November 15, 1948. This compared with a total of 139 employees reported for the week of November 15, 1939.

These preliminary figures have been derived from a Census report on Crockett County, Texas. Final figures, superseding the preliminary data for Crockett county, will be included in a Bulletin for the State of Texas to be issued in several months. Similar data will be made available this year in preliminary and final form for each of the counties and states, a single copy of the preliminary release for Crockett county as well as on order blank for other area releases may be obtained by writing to the Bureau of the Census, Washington, D. C.

The Census of Business tabulation for Crockett county shows 44 retail trade establishments with total 1948 sales and receipts of \$3,739,000. Operating these businesses were 46 active proprietors of unincorporated businesses, employing 178 workers, of which number 153 were full-time employees, the tabulation shows.

By trade groups, the tabulation showed 16 establishments in the food group, doing a total of \$870,000 business in 1948, with 18 proprietors and 17 full-time employees. Eating and drinking places totaled 5, with year's sales volume of \$221,000, employing 25. All other retail stores, numbering 23, showed a sales volume of \$2,643,000 and employing 119 persons, 11 of them full time. The "selected service" trades, totaling 11, contributed a volume of \$120,000, managed by 10 proprietors and employing 28 persons, 23 on full time.

Phone News to the Stockman

One of the most spirited campaigns ever witnessed in the far western 16th Congressional District of Texas is being waged by the three contenders for the office pictured above. Incumbent Congressman Ken Regan of Midland, left, is being opposed in his bid

for re-election by District Judge Paul Moss of Odessa, center, and business man Fred Hervey of El Paso. The campaigning started early in the year and has waxed more fervent with each passing week, with the candidates bombarding voters by mail, over the air

and through newspapers, circulars, billboards and posters. Regan is seeking re-election as a conservative, anti-socialist and anti-centralized government. Moss is bidding for support of the liberal wing and Hervey, like Regan, advocates a more conservative stand.

Crockett May Register Record Vote Saturday

50 Absentee Ballots Cast; Spectacular Campaign Waged

Out of the welter of candidate cards, folders, mailing pieces, letters, posters and newspaper advertising with which the various candidates for office have been bombarding the luckless voter during the past several weeks, will rise next Saturday the fellow with the final say -- the voter himself.

And indications at mid week pointed to a strong possibility that a record vote may be registered in Crockett county in the first Democratic primary next Saturday, July 22.

Around 50 Crockett county voters, those away on vacations or some who have moved away since the first of the year and are qualified to vote in this county only, had cast absentee ballots in the county clerk's office.

With three races for county and precinct offices to spur interest, plus the spectacular three-cornered battle for the post of the United States Representative from the 16th district, and spirited campaigning by candidates for state and district offices all the way from the governor down, interest is expected to be high among local voters and a good turn-out is anticipated.

Commanding primary interest among Crockett county voters, of course, will be the contests for two of the county commissioner posts and for the office of county and district clerk. A notable feature of politics in Crockett county this year, aside from the unusual number of opponents who seek to unseat the "ins", is the number of young men who are offering themselves for public service in county and precinct offices.

Seeking posts as county commissioners are James Childress and Sid Millsbaugh, Jr., opposing incumbent E. R. Kinser in Precinct 4, B. B. Ingham, Jr., unopposed for the Precinct 3 post, to be vacated by the veteran commissioner, J. W. Owens, who did not offer for re-election after many years of faithful service to the county, and Charlie Black, Jr., seeking his first elective term after serving out by appointment, the unexpired term of his father, the late Chas. S. Black, also unopposed.

Fifth in the list of young men candidates is Edwin G. Bower who seeks the office of county and district clerk in opposition to the long-term office holder, George Russell.

Voters in Precinct 1, which includes Ozona and, therefore boasts the largest total voting strength by far of any of the other precincts, will be called upon to decide a contest between two candidates who seek the county commission seat. In Precinct 1, Ira Carson is opposing the veteran commissioner, Rob Miller, for the precinct representative post.

One of the most spectacular congressional races ever staged in the 16th district, a sprawling territory from Ozona to El Paso and encompassing the southwesternmost segment of Texas, is being waged by three contenders. Congressman Ken Regan of Midland is engaged in a bare knuckle contest with Judge Paul Moss of Odessa and Fred Hervey of El Paso to retain his seat in the national Congress. Most aggressive campaigners have been Congressman Regan and Judge Moss and many observers have speculated that the race lies between these two, although Hervey, coming from the heaviest voting county in the district, is by no means counted out.

Another district race of particular interest to local voters is that for the state representative post from district 86. Representative Callan Graham of Junction is being opposed for re-election by H. J. Antoin, Kerrville business man.

Voters next Saturday will use (Continued on Last Page)

Telephone Co-op Loan Application To Be Made Mon.

Ranchers Who Want To Subscribe Urged To Do So by Saturday

A final deadline for filing application for service from the proposed West Texas Telephone Co-operative, a 13-county system, falls the end of this week and ranchers and others who wish to make application for the new telephone service must do so at once. Ira Carson, representative from Crockett county on the central committee of co-op planners, reminds.

Next Monday, July 24, has been set as the date on which members of the central committee will meet in San Angelo to perfect final plans for the co-op and to make formal application for a \$500,000 federal loan to finance installation of the rural phone system.

Application blanks have been left at the county agents office here and those who have not yet signed up and who wish to do so are reminded of the deadline. The plan includes a \$5 membership fee, to be paid on application, and installation costs not to exceed an additional \$45, and monthly service charges, expected to be not more than \$3.50. The federal loan would be repaid over a 35 year period.

The area in which the proposed system would be operative includes Coke, Coleman, Concho, Crockett, Glasscock, Irion, Kimble, Menard, Reagan, Runnels, Schleicher, Sterling and Tom Green counties, U. S. E. Rogers of Menard is chairman of the central planning committee.

19 Ozona Teachers Attend Summer School

Nineteen teachers who taught in the Ozona schools last year have enrolled in summer schools in the various colleges and universities of the state, according to a list compiled by Supt. McIntosh.

Summer school students at the University of Texas in Austin were Mr. and Mrs. Jack McIntosh, Mr. and Mrs. Martin Hearne, John Skinner, James Bramlett and Miss Jo Beth Ryan.

Mrs. Ed Hallmark is attending San Marcos State Teachers College and Mrs. Dick Adams and Miss Mary Drake are students at Sun Ross in Alpine. Attending TCU in Fort Worth is Miss Oleta Hughes and at North Texas State Teachers College in Denton are Mr. and Mrs. Travis Hawk, Allen Bosdeker and Miss Billy Sealy. Fred Steker is attending Baylor University and at Hardin Simmons in Abilene are Jack Harris and A. J. Deans.

In addition to these teachers who are pursuing their studies by attending colleges, four others are earning additional college credits through correspondence. These include Mrs. Thadd Tabb, Mrs. T. J. Bailey, Mrs. Wayne Matthews and Mrs. Lowell Littleton.

Coach Rusty Russell of SMU Made Honorary Member Sheriff's Posse

Coach H. N. (Rusty) Russell, head football coach at Southern Methodist University, furnished the commentary and running explanation of plays when he showed the moving pictures of the fabulous Notre Dame-S.M.U. football game, played in Dallas last fall, before an appreciative audience in the High School auditorium here Monday night.

Coach Russell's appearance and showing of the film here was sponsored by the Crockett County Sheriff's Posse.

Scott Peters, acting as master of ceremonies, introduced Coach Russell and on behalf of the Posse presented the visitor with an honorary membership in the organization, the first such membership to be bestowed by the recently formed Posse.

Ozona W. S. C. S. to Be Guests of Sonora Society July 26

Members of the Ozona Woman's Society of Christian Service will meet with the Sonora Society in the final joint meeting of the birthday party plan being observed by societies throughout the district on Wednesday of next week. It was announced at the regular meeting of the Society Wednesday morning of this week.

A short business meeting was conducted by the Society president, Mrs. H. B. Tandy, to open the Wednesday meeting. The group voted to hold two meetings in August, a business meeting the first Wednesday in the month and a program meeting the third Wednesday.

The society voted to send its missionary education chairman to the School of Missions to be held in Kerrville August 1 to 25.

Ladies of the Sonora Society will be hostesses at a breakfast beginning 9 o'clock next Wednesday morning. The program will follow. All members of the local society are urged to attend and all are asked to contact their Circle chairman to arrange for transportation. The Circle chairmen are Mrs. Beall Barber, Mrs. Ted White and Mrs. Abe Carruthers.

The second lesson in the study course on Women of the Bible is directed by Mrs. D. E. Pettit. Others discussing the topic were Mrs. Abe Carruthers, Miss Richie Lane of Stamford, a niece of Mrs. Carruthers, and Mrs. T. A. Kincaid, Jr. Sakis Schneemann and Elizabeth Petsch of San Antonio, a niece of Mrs. Pettit, portrayed two Hebrew slave girls in a dramatic skit presented to conclude the study program.

Scripture lessons were given by Mrs. Charles Williams, Mrs. Joe Pierce and Mrs. Jack Holt. Others present were Mrs. Floyd Henderson, Mrs. B. B. Ingham, Mrs. Troy Hickman, Mrs. Hilary, Phillips, Mrs. N. W. Graham, Mrs. Max Schneemann and Mrs. S. M. Harvick.

Softball Wizard Team May Perform Here In September

'King and His Court' To Make New West Texas Appearance

Eddie Feigner and his spectacular four-man softball team, a combination billed as "The King and his Court," may be seen in action on the Ozona softball field in September if satisfactory dates can be arranged, according to J. P. Pegue, acting for the Lions Club softball committee.

The King is scheduled to return to West Texas in September and if local conflicts can be avoided, he will be booked for an appearance here. A tentative date of September 13 was accepted by Feigner but it was found that this date will conflict with the Lions Club sponsored concert to be given here on that date by Rubinoff and his violin.

Efforts are now being made to effect a swap with some of the other area cities in which appearances are tentatively booked so that the game can be set for a date on which there will be no conflict with other local events.

The King and His Court provides one of the most spectacular softball shows ever witnessed. The King himself is the pitcher and with only three fielders, the combination plays, and most of the time wins, from full strength softball teams. Pitching may be from the mound, from second base or from center field.

The novel team is provisionally booked for an exhibition in Kiwanis Park in San Angelo September 11, in Brady September 12 and Ozona September 13. A swap with Brady or San Angelo, or a rearrangement of the schedule is now being studied.

Top Softball Talent In Action Here Sat. Night in Twin Bill

A segment of the best softball talent in this entire West Texas area, including a pitcher that is rated somewhere near the top in the entire state, will be seen in action by Ozona fans on the well lighted Lions Club softball field next Saturday night.

C. W. Brown's McCamey team, boasting the services of Red Denham, rated by many as one of the finest fastball pitchers ever to perform in this area, has been matched in a double header bill on the local softball diamond next Saturday night against the fast Barnhart Carbon Black plant team.

Opposing Denham on the mound for the Carbon Blackers will be Jack Webb, who is so slouch himself when it comes to flinging the oversize baseball. Webb is star chunker for the Sears fastball team in San Angelo.

Bill Brown, Ozona's top hurler, who has kept the Ozona Bufane softball team at the top of the city league softball heap so far this season, is scheduled to pitch one of the games for the Carbon Black crew.

Shivers Urges All Texans to Vote Sat.

Allan Shivers this week concluded his campaign for a term of his own as Governor of Texas by urging all citizens to go to the polls Saturday and vote in the Democratic primary.

"The final test of democracy always comes at the polling places on election day," Governor Shivers said. "The people cannot expect to have representative government unless they participate in choosing the men to represent them. The international crisis should intensify, rather than decrease, popular interest in this fundamental process of democracy, for it is on behalf of a democratic way of life that our boys are fighting in Korea."

The Governor, seeking his first elective term, has conducted his campaign without the usual political fanfare. He has made numerous public appearances at community affairs over the state but has made virtually no political addresses. His principal concern has been to talk with and listen to the people of Texas in order to determine what they want and expect from the State Government.

FRED EARWOOD'S OPINION OF THE MOHAIR SITUATION

The following is an outline of the views of Fred Earwood of Sonora which appears in the July Sheep and Goat Raiser. Mr. Earwood is internationally recognized as one of the best informed men in the United States on mohair and Angora Goats.

"Many of the growers and other interested parties seem to be at a loss to understand the recent sudden advance in the price of mohair. To answer this I would like to go back to the spring of 1947 when mohair was selling for 65 and 85

cents, Argentina and perhaps other South American countries began to dump large quantities of coarse wool known by the trade name "R.A." These wools were grown on Lincoln and Cotswold sheep and were sold here on our market from 12½ to 19 cents. "Mohair immediately declined in value due to the fact that the mohair mills began to put in their mohair cloth 50 per cent coarse wools and later as high as 75 per cent coarse wools and 25 per cent mohair and sold the cloth as mohair frieze, the trade name for certain type of upholstery material. In some instances they used as low as 12½ per cent mohair and sold and advertised this cloth as mohair frieze. These same coarse wools, while advancing in price, sold under the price of domestic mohair through 1947, 1948 and through most of 1949, at which time they advanced in price to equal domestic mohair and in some instances higher. Even foreign mohair has been much higher than domestic mohair for the past year. "From the latter part of 1949 up to the time they began to contract mohair this fall these coarse

wools had advanced to 95 cents to \$1 clean and this rapid advance in mohair prices the last few weeks has put our mohair market about on an equal to the price of these wools.

"From a competitive standpoint and the durability of mohair it is still the cheaper fibre. Mohair

might seem to be higher in price than any other fibre on the market." Mr. and Mrs. Ed B... Ned and Judy are here... las for a visit with Mrs... parent's Mr. and Mrs. L... Jr.

ELECT A BUSINESS MAN

We believe the State Legislature needs more business men, ranchers and farmers to balance the present overload of lawyers and college students — about 50%.

Texas is about to be 'lawed' into bankruptcy.

Elect-

HERBERT J. ANTOINE
As State Representative

He is the type of Business Man we need.

(Political Adv. Paid for by Crockett County friends of H. J. Antoine)

Let's Elect . . .

ALLAN SHIVERS

to a term of his own as **GOVERNOR**

Qualified by Experience

Worked way through University of Texas . . . Experienced as State Senator and Lt. Governor . . . Volunteered in World War II, served overseas . . . Married; father of three children . . . Farmer, businessman, home owner, tax payer.

—FOR COURAGE
—FOR ABILITY
—FOR HIS RECORD OF SERVICE TO TEXAS

ELECT

SENATOR

G. C. MORRIS

of HUNT COUNTY

Lieutenant Governor

(Political adv. paid for by friends)

In this case FEELING IS BELIEVING

No, the eye does not tell everything—not in this instance.

True, it tells you ROADMASTER is smart. It tells you it's big. It shows, if you watch closely, that this brawny beauty rides level and unperturbed even when road-roughness has its wheels fairly dancing.

A glance may even indicate how much lolling comfort there is here—what wide-open freedom passengers and driver know in this gay traveler.

But how can the eye tell you how you feel touching off the great power that's under this broad bonnet?

How can it reveal the silken, swift-mounting surge of oil-cushioned take-off—smooth, silky, un-

broken, as Dynaflow Drive works its magic?

Even when you watch a ROADMASTER settle down to a long steep pull and crest the top going away, how can it tell you what thrill your spirits get from such ability?

And what can it say of the lift that's yours traveling in a beauty that catches all eyes, swivels passing heads, marks you by its very lines as traveling in as fine a car as any man can ask for?

No, these things you have to feel

for yourself, and we're delighted to help you do so.

Your Buick dealer wants you to know about ROADMASTER first-hand—wants you to drive it, try it, feel it out.

It doesn't cost a cent to arrange such a trial. It can do a lot toward opening your eyes to the day's highest standard of fine-car feel and fine-car action—not to mention "why pay more?" prices.

How about seeing your dealer right away?

Only BUICK has Dynaflow Drive* and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines (New F-203 engine in SUPER models) • NEW-PATTERN STYLING, with MULTI-GUARD forehead, taper-through fenders, "bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride tires, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fiat.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Talk to HENRY J. TAYLOR, ABC Network, every Monday evening.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

We, Citizens of Odessa, Texas, whole - heartedly endorse Paul Moss for Congress. We who know Paul Moss best, know him to be capable, honest, fearless and a hard worker.

We know the people of Odessa will pay a well-deserved tribute to Paul Moss on July 22 by giving him 85 to 90 per cent of their votes. We believe the residents of other sections of West Texas will join us on that day to give him an overwhelming majority of the total vote.

Carizzo Springs, Tex. Man Named President Lions International

CHICAGO, July 20 (Special) — Herbert C. Petry, Jr., of Carizzo Springs, Texas, is the new president of The International Association of Lions Clubs, (Lions International). He was elected by unanimous vote at the 33rd annual convention of the Association which closed here at the Chicago Stadium today. Petry succeeds Walter C. Fisher, Queenstown, Ontario, Canada.

The convention concluded one of the most successful years in the history of Lions International, according to the report made by Melvin Jones, Chicago, Illinois, Secretary-General and founder of the Association. He reported the addition of 806 new Lions Clubs and 1,415 men to the roster of the Association during the year ended June 30, 1950, for a total of 8,055 clubs and 402,841 members. He stated also that during the fiscal year Lions Clubs were established in two additional countries, England and Denmark. Lions International, he added, is the largest, strongest and most active service club organization in the world, with Lions Clubs in 28 countries on five continents.

Lions League for Crippled Children Launch Member Drive

KERRVILLE. — An estimated 60,000 Lions representing 600 Texas Clubs, are now preparing to launch a membership development program for the Texas Lions League for Crippled Children.

League President Jack Wiech of Brownsville made the announcement Wednesday. He said membership development is another step towards his organization's ultimate plan for a \$500,000 rehabilitation center for crippled children.

It will be known as the Melvin Jones camp in honor of the founder of the International Association of Lions Clubs, and will be built on a 540-acre tract of land deep in the heart of the Texas Hill Country, three miles southeast of here.

Wiech said the camp, tentatively scheduled for operation by the summer of 1951, will be the realization of a four-year dream on the part of Lions club members.

The idea for the Melvin Jones camp was conceived in the fall of 1946 but that the idea "had grown beyond the fondest dreams of all preliminary planning, Wiech said Wednesday.

District and international officers studied the plan the following year, after some revisions had been made in the original plan.

In June, 1948, a temporary Board of Control, composed of 17 members, was set up. From this group came an aggressive, concentrated program for state-wide participation.

A Board of Directors was selected in January 1949, and three months later a charter was granted the group, under the name "Texas Lions League for Crippled Children, Inc."

There are more than 22,000 crippled children registered for some type of post-hospital treatment or rehabilitation in Texas, Wiech said, and the League is "vitaly interested in their welfare."

12 Sections Grass, 30 Head of Sheep Lost In Preston Ranch Fire

Loss of 12 sections of grass and 30 head of sheep is reported from the Preston Ranch, as the result of a disastrous pasture fire Saturday which firemen from three counties and men from a wide area fought for a half day before the wide-spread flames could be extinguished.

The fire was first discovered at one o'clock Saturday afternoon, at a point a mile and a half from Headquarters ranch. As the flames spread in all directions, fanned by a heavy wind which veered unexpectedly and often — the alarm was sent out to neighboring towns and ranches. By midafternoon, in response to calls for additional fire fighters, a crowd of ranchers and townsmen estimated at 500 had arrived on the scene to help.

The Eldorado firemen left Eldorado at about 1:30, after a short delay, while they telephoned for information as to which part of the large ranch was burning. Their route took them over the Mertzson

road 19 miles and from there in a circle over the ranch. Later they circled back over the burned area to see that all fire had been put out.

The tall grass and occasional brush burned rapidly in the heavy winds, throwing up a cloud of smoke which could be seen from points as far distant as San Angelo.

As was expected, there was loss of sheep — a total of 30, according to Dick Preston's count. The animals, evidently confused by the smoke, flames and heat, seemed unable to run to safety, and 30 died in the fire.

On the scene were county fire trucks and firemen from Eldorado, Mertzson and Ozona. Stockmen's spray guns were in use in large numbers and were of great benefit in following after the trucks, and putting out recurring blazes in the stubble.

The fire was confined mostly to the Preston ranch, comprising 44 sections of University land in I-rion and Schleicher counties. It is reported to be the biggest grass fire in that locality in many years. — Eldorado Success.

LET'S ELECT

Edwin G. Bower

DISTRICT & COUNTY CLERK

To the Voters of Crockett County:

We, a group of citizens of Crockett County, interested in the growth and progress of the county through improvement in its leadership, believe that EDWIN G. (Eddie) BOWER should be elected District and County Clerk of Crockett County.

We believe that Crockett County is entitled to young and progressive leadership in this office to meet the changing conditions in our county. We believe that "it is time for a change" and we believe that Edwin G. Bower will be "on the job" for you as an efficient, courteous and accomodating public official.

He is, by education and experience, qualified to perform the duties of the office. He is a high school graduate, attended Southern Methodist University as a student in the School of Business Administration of that institution, and held a responsible position with a major oil company before coming to Ozona to make his home.

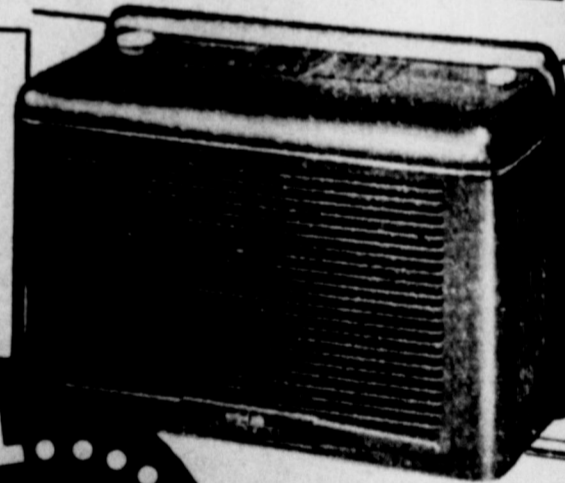

By diligent study of the functions of the office in this and other counties, Bower has gained knowledge to qualify him to serve you as an efficient public servant. And we believe that he will never lose sight of the fact that he is a public servant with a responsibility to serve "all" the people.

A veteran of World War II, who saw overseas service in the Pacific theatre, a young man of intelligence and experience, with a friendly and courteous personality, Edwin G. Bower is fitted to make us a good public official and we believe you will advance the best interests of Crockett County if you cast your vote for him for District and County Clerk in the Democratic Primary next Saturday.

(Political Adv. Paid for by Friends of Edwin G. Bower.)

Pierce Brooks Stresses Government Economy

Pierce Brooks, Dallas insurance executive, and candidate for lieutenant governor, hails the Beldon poll which shows him far in the lead of all his opponents, as convincing proof that the runaway cost of state government is the number one concern of the people. Brooks is campaigning for lieutenant governor on a platform calling for the elimination of waste and extravagance in the operation of the state government and a curb on any new taxes until the state's financial affairs are put on a sound basis.

Will Wilson Endorsed By Judges and Lawyers

"Men who know Will Wilson have placed their stamp of approval on his candidacy for the Supreme Court of Texas," says Hugh Lyster, campaign manager for the Dallas candidate. "In the only two major lawyer association polls in Texas - Dallas County and Tarrant County - Will Wilson was

officially declared the best qualified candidate for the Texas Supreme Court, Place 1." Wilson served as Assistant Attorney General under Gerald C. Mann and Grover Sellers. He is now completing his second term as Dallas District Attorney. He was a combat veteran in the last war, being awarded the Bronze Star for gallantry in action. He is the only veteran in the race.

Ozonan Aboard Carrier 'Coral Sea'

Walter B. Hayes, airman apprentice, USN, of Ozona, Texas, has recently reported aboard the aircraft carrier USS Coral Sea for duty with the Atlantic Fleet. The Coral Sea, one of the three largest aircraft carriers in the world, was named after the famous World War II sea battle of that name. Nearly 1,000 feet long, with a flight deck area of over two acres, the ship has a peacetime complement of over 2,500 men. She can carry over 100 planes, including fighters, torpedo bombers and a helicopter.

Impetigo Virulent Infection of Skin

AUSTIN.—When a state health authority says there is no such thing as a natural resistance to impetigo, parents of small children know exactly what he means. Those parents know, from bitter experience, that the same individual can suffer repeated attacks from what State Health Officer Geo. W. Cox calls an "offensive, annoying skin infection."

Although children are unusually susceptible, impetigo can be found in any age group, Dr. Cox said. It is most prevalent during the summer months, but has been known to occur in any month.

Impetigo is a virulent skin infection. It isn't too serious, except

in new born babies. An invasion of a hospital nursery calls for extreme attention to keep uninfected babies from getting it, for it spreads like fire in dry grass.

Impetigo is caused by a pus-forming bacteria called staphylococcus—the same sort of germ found in boils and sores where pus is present. Usually it forms an unsightly crust over wide areas of the body. The pus underneath the crust is highly infectious if allowed to get on any other skin surface.

The infection is easily transmitted when a non-infected person uses the towel of someone infected, since the towel moisture permits the germ to survive.

The only way to minimize the ill effects of impetigo is to keep the

infection localized, that is, keeping it from spreading. This can be done only by preventing the pus or serum from exuding onto 'clean' skin surfaces.

Mr. and Mrs. Bland Tandy were here from Big Spring this week to visit Mr. Tandy's parents, Dr. and Mrs. H. B. Tandy. Bland suffered a broken finger last week in an

accident on an oil rig.

Kerry Tandy, son of Dr. and Mrs. H. B. Tandy, will spend the coming week-end at home, enjoy-

ing a brief respite between terms at the summer session of Murray College at Abilene. He is a student this summer.

Cool Season Grasses Adaptable to Winter Grazing

LEGE STATION. — Work at the Denton Experiment Station indicates that there are several cool season grasses that grow well in North-central Texas according to a report by D. I. Dudley, Denton station superintendent. Dudley says that these cool season grasses afford highly nutritious and palatable grazing at a time when summer grasses are low in protein and often unpalatable. At the Denton station many such grasses are being tested periodically, and the clipper is weighed to determine the relative yield per acre. The real value of any cool season grass is determined by its ability to produce large quantities of palatable and nutritious grazing during the winter months, and by its summer hardiness and its ability to withstand summer and thus perform as a perennial. Dudley says that although cool season grasses are very winter hardy, they often do not take the hot dry summers of the North-central Texas area. Results from analyses made on cool season grass samples taken from the Denton station observational plot on January 25 showed that cool season grasses, Kentucky

fescue and Western wheatgrass, had protein contents of 12.30 and 12.50 per cent respectively. The summer grass analyses showed protein content percentages of 2.70 for Little bluestem, 3.30 for K. R. Bluestem, 5.60 for Bermuda (Coastal), and 6.05 for buffalo.

The low protein and vitamin content of summer grasses, says Dudley, may partially account for the lack of winter gains in cattle which have grazed on abundant quantities of summer forage.

Experimental work to date at the Denton station indicates that Alta 144 fescue, Harding grass, and Kentucky 31 fescue are perhaps the better adapted strains for the North-central Texas area.

Cunningham-Mitchell Nuptial Vows Read

Miss Marsha Cunningham, a daughter of Mr. and Mrs. R. M. Cunningham of Ozona, became the bride of Tom Mitchell, son of Mrs. Myrtle Mitchell and John Mitchell of Ozona, in a double ring ceremony performed at 6 o'clock Friday evening in the parsonage of the First Baptist Church. Rev. Clifton R. Tension, pastor, performed the rites in the presence of members of the families and a few friends.

Attending the couple were Miss Hallie Kinser as maid of honor and Ted Mankin as best man.

The bride wore a navy blue suit with pink hat and pink accessories. She carried a white Bible with a bouquet of pink roses. For something old she carried a lace handkerchief belonging to the groom's mother, and for something borrowed a bracelet belonging to Mrs. J. J. Walker.

The couple left immediately after the ceremony for a short wedding trip and are at home on the Mitchell ranch 65 miles southwest of Ozona.

Present for the nuptial rites were Mrs. Joe McGowan of Baird, the bride's grandmother, Mr. and Mrs. J. J. Walker, Mr. and Mrs. Jackie Womack, Mr. and Mrs. R. M. Cunningham, Mrs. Mitchell and Gayle and Betty Cunningham.

African Missions WMS Study Topic

African missions was the discussion topic for the Royal Service program of the Baptist Woman's Missionary Society when the group met Wednesday in the home of Mrs. H. A. Gustavus.

Mrs. Wayne Matthews led the discussion on "What of Our First 100 Years in Africa?"

Others present were Mrs. J. T. Patrick, Mrs. Doyle Perdue, Mrs. O. C. Webb, Mrs. Clifton Tension, Mrs. Roy Sewell, Mrs. Ben Wil-

iams, Mrs. W. H. Chandler, Mrs. S. L. Butler, Mrs. Roy Thompson, Mrs. J. T. Keeton, Mrs. Sam Cox

and Mrs. D. L. Merritt. Phone the news to The Stockman.

LONG DISTANCE TELEPHONE RATES are lower than you may think

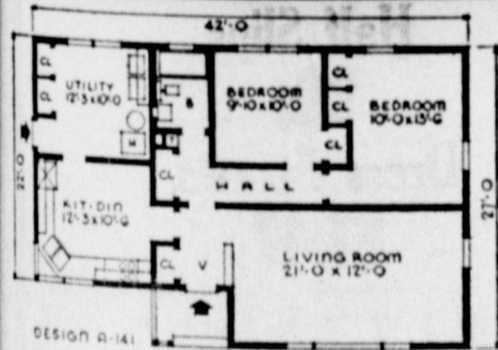

Numerous surveys have proved that most people guess wrong on long distance telephone rates. They always guess too high. Long distance telephone rates are surprisingly low at all times... and even lower on Sunday and after 6:00 P. M. on weekdays.

Include the priceless advantages of speed, and often the peace of mind a long distance telephone call can bring—and you will realize how very, very little this convenient service does cost.

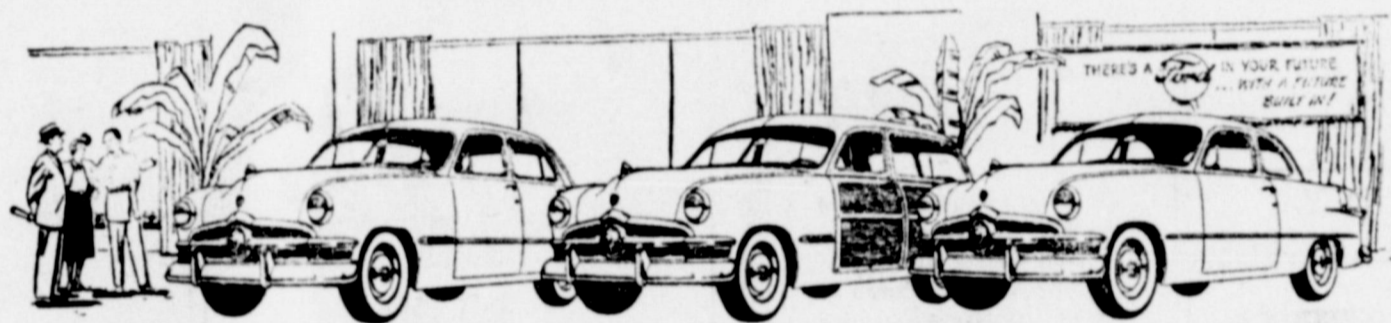

San Angelo Telephone Co.

Small Home Plans

THE ADAMS features exceptional wall space for placing furniture, ample closet and storage space and free circulation between rooms. An insulated floor slab is poured on gravel or cinder fill, to be covered with linoleum, asphalt tile or carpeting. Utility room adjoining bathroom and kitchen has space for laundry and heating equipment. Also has cabinet and storage closets. Kitchen cabinets are also placed on two outside walls with corner sink in center window grouping. A large kitchen dining space is provided. For large dinner groups the kitchen offers convenience for serving. Both bedrooms have wardrobe type closets with storage above. Linen, towels and clothes closets are in bedroom hall; coat closet in front. Future bedroom can be added by extending hall at right. Wide siding is used for exterior finish with low pitched, broken gable roof and asphalt shingles. Dimensions are 42 feet by 27 feet. Area is 1,034 square feet. Cubage is 13,299 cubic feet. Meet America's Savingest
"SIX"

NEVER BEFORE did any "Six" combine such a low purchase price... such economy of operation... and so much "go." And you'll find Ford's new "Six" is so smooth you can hardly hear it... for its new design has "hushed" its voice down to a whisper.

White sidewall tires optional at extra cost.

TRY THE "MID SHIP" RIDE
You can pay hundreds more and still not equal the comfort of Ford's road-hugging "Mid Ship" Ride... or the quiet of Ford's sound-conditioned "Lifeguard" Body. With Ford's 35% easier-acting King-Size Brakes, it keeps you safe and snug.

IT'S A COMPANION IN QUALITY TO FORD'S SILENT NEW V-8
Yes, "Six" or V-8, you're sure of smooth, silent quality at rock bottom price. Ford's V-8, you know, is the type of engine powering America's finest cars—yet it sells for hundreds lower than most sixes. And Ford's "Six" costs even less.

"Test Drive" the FORD "SIX" today!

OZONA — TEXAS

Thought for the Week

By J. Troy Hickman

THE BUGGUS TRAVELITIS

Let us stand with uncovered heads, dear friends, while we think regretfully of a malady that is afflicting America. It is not a new disease — Columbus and Marco Polo had it. But it is so universal. Only the dead are immune.

It does not respect age or sex. The owners of new cars, who have a balance in the bank and relatives with spare bedrooms, seem to be particularly susceptible.

There is no known treatment, except to watch the speedometer turn; and no cure but a collapsed pocketbook. It is mostly a summer ailment, but some have a chronic form all the year around.

The symptoms are standard. Restlessness. A bored feeling. The study of maps. Greasing the car. Drawing a sum out of the bank — usually the whole balance, and even that is not enough. Goodbye to friends, a few words about the lawn, and the diagnosis is now clear.

The crisis is reached when the patient sighs, "Why did I ever start?"

Infected persons get no relief until two weeks or a month have passed. Their behavior is hardly rational. From the cool comfort of home they go out to face the pitiless glare of a melting asphalt pavement. At the end of each day they pull in, more dead than alive, to refresh the inner man at the greasy spoon cafe and toss all night on a lumpy bed. Sometimes mosquitoes are thrown in for free. If the bed happens to be a little better than usual, the sick man will lie awake all night listening to late guests checking in and early ones checking out. Between times, trucks passing on the highway shake the building.

The touring disease is caused by the bite of the buggus travelitis. A few summers ago it bit the

whole Hickman clan. We went forth pulling a small house trailer. We have since learned that this is the worst form of travelitis; but we didn't know it then. Along the seacoast we ate, in addition to quantities of sand, everything that crawled or swam and was offered for sale. We learned that swordfish and shark are good, too. We had big red strawberries in Maine. We got sick on fresh cherries at Niagara Falls. When six people get sick at the same time in a trailer, it's really a hospital. We recovered and terrorized half the population of greater New York City, whipping our trailer around the corners. We learned how flat maple syrup can be in Vermont in the summer. After we had exclaimed over the wonders of some 16 states and spent all the money the bank would let us have, we developed an interest in identifying trees along the way. We settled down on maples, for there were so many kinds of them.

One special kind kept appearing, but no one could name it. In a sleepy New England village we

saw a wonderful specimen of this mystery tree. In its shade sat an old man, rocking. We pulled over to the curb and said, "Would you please tell us the name of that tree?"

He replied, "I been livin' heya fer twenty year. Been aimin' to get somebody 'bout this tree." Things like this make the buggus travelitis such a trial. Since returning home I have looked up this tree in a book we had in the library all the time.

Well, we recovered. We sold the trailer and got out of debt. We have been sort of boasting about our acquired immunity, and have a superior feeling as some friend drives away on a trip.

But once the bug bites you, it's like malaria. It keeps cropping up again.

One day some friends assemble. There are words by the preacher and some sad music. You are now cured.

But are you? You are off on the longest trip you ever took. Destination unknown. The travel bug is a tough little fellow.

Davis-Russell Vows Set for August 5

ELDORADO. — The approach-marrriage of Miss Katharine Davis and George L. Russell, Jr., was revealed at a tea Wednesday at the Davis home in Eldorado.

Miss Davis, a daughter of Mrs. Ora Davis, is a graduate of Eldorado High School and NTSC in Denton where she was a member of the Junior and Senior Mary Arden Clubs, the Bach Choir and the concert orchestra. For the past two years she has been teaching public school music in the Sonora Elementary School.

Mr. Russell, son of Mr. and Mrs. George Russell, Sr., of Ozona, is a graduate of Ozona High School and attended NTAC at Arlington. He is now employed at Foxworth-Galbraith Lumber Co. in Ozona.

A family wedding will be held Aug. 5 at the home of the bride's mother in Eldorado.

In the receiving line with Mrs. Davis and Katharine were Mrs. George Russell, Sr., and Mrs. Lloyd Coates, mother and sister of the

bridegroom-to-be.

The bride's chosen colors of pink and white were featured in floral decorations for the reception table. Presiding at the punch bowl and serving cake were Mrs. Glenn Parker and Misses Mary Lillian Ellington, Edda Lou Maddox and Jane Mund. Mrs. R. L. Ballew was at the guest book.

Others in the house party were Mrs. E. H. Topliffe, Ben Herrington, Norman Hodges and Luke Thompson. Mrs. James Page and Mrs. Kenneth Creek played piano selections throughout the tea hours and Mrs. Wilson Page sang "I Could Make Believe," and "Sweetheart."

The announcement was made in embossed names of "Katharine and Bud — Aug. 5" on the napkins. About 100 guests called.

Mr. and Mrs. P. T. Robinson have as guest in their home Mrs. Robinson's cousin, Miss Ann Elizabeth Miller of Midgewell, Ga. Miss Miller's father was a brother of the late Jones Miller, pioneer Chick-cott county ranchman.

Ken Declares He's Democrat But Opposes Federal Grabs

In the last broadcast of his campaign for re-election Cong. Ken Stripling Wednesday told area radio listeners he would not be a rubber stamp for the Truman administration.

"I am a Democrat," he said, "but I won't vote for any measure which is for further centralization of government in Washington."

Congressman's talk was given at Odessa and surrounded by a large group of people. Type of Government Do You Want?

Stripling, former chief investigator for the House Un-American Activities committee, speaking in Regan's behalf, also made a radio network address.

He said, "We are girding ourselves for a show-down with Moscow. The future of civilization is in the balance. As the man who broke the Alger Hiss case, I tell you that we have our

hands full at home and abroad. We have a man-sized job before us."

Stripling stated, "Tremendous decisions await the Congress. You personally will be involved in this war until victory." The most important decision you can make is who your Congressman will be for the next two vital years. This is no time for amateur thinking or experimenting.

He pointed out that "This struggle with Russia did not begin last week. It's been going on for some time and Ken Regan has been in the front line in Washington battling against this insidious conspiracy against our lives and our liberties."

"His voting record in Congress reflects his determined fight against Godless communism. Ken Regan knows his job."

Stripling concluded that, "In this crisis, let's not trade experience for an experiment."

Regan told his radio audience that the race for Congress from this district presents opportunity for choice between advocates of different fundamental types of government."

He said there was "little difference" between his beliefs and those of his opponent from the "extreme western end of the dis-

trict." The Congressman emphasized, "But as to the elder of my opponents there appears to be a wide difference of government we of West Texas should advocate in the halls of Congress."

"I think the individual should be free to manage and improve his own affairs and that the reins of government should remain in the free hands of the American people."

Regan said, "My opponent from Odessa opened his campaign against me on the premise I frequently voted against the desires of our Democratic president."

"Do you want the rights of your State of Texas to be surrendered to Washington? The Supreme Court of the United States has taken away the Tidelands of Texas by its recent opinion. This was advocated by the Democratic Administration in Washington."

Regan stressed he had voted for legislation re-affirming to Texas the rights to such valuable mineral interests."

"Thereby, I voted against the Administration," he added, reminding his listeners that the Tidelands are a source of revenue for Texas school funds."

Giles to Report on Texas Public Lands in Broadcast Tonight

State Land Commissioner Bascom Giles will report to Texans upon the development of the state public school and university lands Thursday 7:15 p.m. His address will be broadcast over a special network of 22 stations.

Giles, under whose direction the two school funds have passed the staggering total of \$250,000,000, seeks re-election to the office he has held since 1938.

Giles' radio report will also discuss the 'tragedy of the tidelands,' the fight by Texans to retain possession of oil-laden submerged lands adjacent to the Texas coast. Giles, first state official to urge Texas action to hold these valuable properties, has been in Washington often pleading the cause of the Lone Star State.

In his radio address Commissioner Giles will also report on the development of the \$25,000,000 Veterans' Land Program, which he originated and sponsored, and will discuss his plan to expand the present program.

Mr. and Mrs. Hearst Laws had as guests the past week Mrs. Laws' son-in-law and daughter, Mr. and Mrs. Richard Glenn and three children of Van Horn. The Glens and Mrs. Laws visited relatives and friends on a tour of the eastern section of the state and into Louisiana, visiting in Shreveport, La., and Groveton and Jacksonville, Texas. The Laws have as guest this week Mr. Laws brother, Clarence Laws of Coleman.

Mr. and Mrs. Joe Teague of Slaton and Miss Dollye Coates of Ozona are enjoying a two-weeks vacation trip to California.

Election —

(Continued From Page One)

the new "secret ballot" a system of numbering a perforated corner of the ballot corresponding with a number on the ballot itself, making it possible in the event of an

election contest to identify a contested vote. Except in case of a contest, when a court could order the tab box opened, there is no way for anyone to check how a voter marked his ballot under the new system. Numbered ballots are shuffled and handed out, the num-

ber appearing on the ballot not being recorded on tally sheets opposite the voters name. The voter detaches the perforated tab and writes his name on the back of it, then deposits it in the stub box, which remains sealed unless opened by court order in an election contest.

Ben Ramsey Predicts Victory in Primary

Ben Ramsey wound up his campaign this week for Lieutenant Governor among his old friends and neighbors in the piney woods of East Texas. Ramsey predicted at Lufkin, in the heart of his old Senatorial District, that he would lead the ticket Saturday by a substantial majority.

"My opponents are fine men," the tall East Texan said, "but the people will vote for me because I am the candidate with the most experience. Our citizens need and demand the sound judgement and technical know-how that only experience can provide."

Schwiening Reunion At Camp Allison

The Fritz Schwiening family reunion was held at Camp Allison on July 1-2. Children of Fritz Schwiening present included Mrs. Mary Lange of San Antonio, Mrs. Willie Hiller of Dallas, Mrs. Otto Theis of Roosevelt, Alfred Schwiening of Sonora, Mrs. Otto Brockman and Fred Schwiening, Sr., of Fredericksburg.

Other members of the family were present from Dallas, Sonora, Fredericksburg, San Antonio, San Angelo, Ozona and Abilene. Other guests were present from Austin, Houston and Fredericksburg, with a total of 79 persons present.

The oldest living child of Fritz Schwiening is Fred Schwiening, Sr., of Fredericksburg and the youngest, Alfred Schwiening, mayor of Sonora. The youngest great grand child is George Ann Schwiening, daughter of Mr. and Mrs. George S. Schwiening of Sonora.

Officers of the family group were elected and plans made for the fourth annual reunion to be

held June 30-July 1 next year.

Regan Is Speaker At Lions Luncheon

Congressman Regan of Midland, representing the 16th congressional district, addressed members of the Ozona Lions Club at the club's regular luncheon last Thursday noon.

The congressman was a guest of the club at its invitation, the last of the three candidates for the

office to be heard by the commission. Previously Fred Regan of El Paso, and later a representative of Judge Paul Moss of El Paso, had spoken at the luncheon.

Congressman Regan briefly outlined his own record of public service and dwelt on some of the problems now facing the government in Washington.

A Business Man for a Business Job

RE-ELECT Callan Graham

of Kimble County

for a SECOND TERM

STATE REPRESENTATIVE

He is best qualified to serve us because . . .

HE HAS THE BACKGROUND: Reared in this Hill Country district of West Texas, he has spent a lifetime of 36 years among the people of this area. He knows us and we know him.

HE HAS THE TRAINING: Callan Graham is a Lawyer with 15 years experience practicing. The Legislature is our LAW-MAKING body. We need a LAWYER to represent us in the Legislature.

HE HAS THE EXPERIENCE: Callan Graham is now serving a first term. Experience and seniority mean a lot in Austin. His experience will be to OUR ADVANTAGE.

Callan Graham has a record for helping save MILLIONS OF DOLLARS. If we want ECONOMY, let's keep the man who has proven effective in the kind of ECONOMY THAT COUNTS. Million dollar economy—not "penny economy."

He voted against \$400,000,000.00 of spending last year. He led the fight to help the NEEDY, without additional taxes. He is the friend of the NEEDY AGED and the TAXPAYER.

Callan Graham has proved to be a WORKER and a LEADER, who is not afraid to tackle the big issues, and try to DO SOMETHING about them.

LET'S KEEP HIM IN THE LEGISLATURE FOR A SECOND TERM.

Vote for CALLAN GRAHAM of Kimble County

Veteran War II

A Hard Worker

Native of this District
