Miss Wayne Augustine of Houston spent the holidays with her mother, Mrs. W. H. Augustine.

HEY'RE being born in record numbers these days; 4 million babies last year-12 million since the war!

They make one very important reason for the gigantic expansion program of the business-managed electric companies. Another reason is that everybody's appetite for electric service is getting bigger-in towns and on farms, in homes and in industry.

Ordinarily, we work and plan about 5 years ahead to meet the anticipated demand for electric service. (It takes a long time to plan, build and equip power plants.)

Today, in addition, we're working hard to catch up with much needed construction we could not do during the war years!

The West Texas Utilities Company is now rushing the work on an \$18,000,000 construction program. This \$18,000,000 construction program is part of the company policy of anticipating future needs ... of keeping ahead of the babies.

How is this \$18,000,000 being spent? It is paying for new generating facilities... for improving and enlarging existing equipment ... for hundreds of miles of wire, cable and pole lines. It means new jobs ... agricultural and industrial development ... a more pros-perous West Texas for all of us!

RATEFULLY YOURS—

Before the New Year gets any older, ve want to attempt to express our sincere appreciation for the liberal patronage we have enjoyed from the people of Ozona and surrounding territory during the past ear, and for the new friendships we have made and the old friends as well.

By your continued patronage you ave given us confidence that our efforts o serve you to the very best of our ability and to offer you a wide selection of merchandise at a fair and just price have not been in vain. It has been our purpose and will continue to be, to merit your confidence, good will and patronage by offering you "Just a Little Better Service" and wanted merchandise at a price as low as market conditions will permit.

You have been good to us and because you have, we want to please you with every item we sell you and on every occasion it is your pleasure to serve you. If ever you are not pleased, we hope you will tell us and give us an opportunity to make amends.

For the year ahead, we wish for you all the happiness and prosperity that can come your way. May the rains again be generous, may all your business undertakings prosper and health and happiness be yours unstinted throughout 1949 and in all the years to come.

WAY CAFE

Join this army and see the World!

ERE'S one army you'll be tickled to death to sign up with—and for a good, long hitch at that.

It's the growing band of happy folks who are stepping out in tidy new 1949 Buicks and they've got plenty to sound off about.

Mobility for instance. All the life and zing of big Fireball power plants, cradled to velvet smoothness on Hi-Poised engine mountings.

Silk-smooth operation on city street or open highway through the near-magic of Dynaflow Drive,† available now on the Buick SUPER as well as the ROADMASTER.

Easy-going ground coverage from soft coil

springs and pillowy big tires on oversize rims. And what a wonderful outlook you find Standard on ROADMASTER, optional at eatra cost on SUPER models.

here! Through broad, high, full-curving windshields that really let you see.

Through deep, airy side windows that send the whole countryside passing in reviewthrough wide, one-piece rear windows that make parking and backing much easier.

Statistically, the fact is that 4-door Sedans have 22% more glass area than before. Practically, the thing to do is sit in one of these beauties-and note how heautifully you can see the world.

Note, while you're at it, the figures on your dealer's price tags. Even they are part

of a mighty happy picture that makes it advisable to get your order in without delay.

When better automobiles are built BUICK will build them
