## City Choir Sing Here November 19

### Ozonia Music Club to Sponsor Concert by Antonio Group

Antonio, Tex.—Sponsored by the Ozonia Music Club the Trinity University Choir will be present in concert Friday evening November 19 at 8 o'clock. Arrangements for the sponsorship are being made by Mrs. L. Childress, Jr., club chairman; Mrs. R. A. Harrell, chairwoman; and Mrs. H. J. Trinity University alumnae committee woman. The choir consists of twelve members and will be singing on the annual autumn choir this year. Other soloists which the Trinity choir will perform include Tusa, Kermit, Brady, Plainfield, Albuquerque, Roswell, El Paso. Stop-overs for performances are being arranged for intervening points a route of the tour. Members of the Trinity Choir from four states, Texas, New York, Pennsylvania and Arizona, are coming to Ozonia and twelve of the 85 students in the choir will make the western tour of the choir is Dr. J. W. King who came to Trinity from the North Texas Teachers' College, Denton, helped to build the wide-eyed choir of that institution. Ewing holds degrees from Amherst College, Richmond, Va. and Westminister College, Princeton, New Jersey. He received his Master's degree from the Eastman School of Music, Yonkers, New York. For three years he was a bass soloist and conductor of the Trinity Choir. The honorary Doctor of Music was conferred on him last year by the Trinity Musical Arts Conservatory. He is currently chairman of the Department of Music of Trinity University and choir director of Central Heights Methodist Church.

Dr. King is president of the Ozonia Music Teachers' Association, State Choral Director of the Federation of Music Teachers, representative of the Association of Teachers of Music, a member of the board of the Texas Association of Music Schools, and of the Society of Arts and Letters. His equal tours and one brief stay are scheduled. Since Trinity singers have traveled in many cities they have appeared at Fort Worth, Houston, Temple, San Angelo, Brady, Lubbock, Greenville, Amarillo, Brownsville, McAllen, Arthur, Victoria, Bay Antonio and Austin. The program has a pre-seasonal note. Selections include works by Palestrina, Herlihy, Christiansen, Erickson, Schmitt, Teschesnowoff, Hoff, Hassler, Gibbons, and others.

## Hornets Buckle Down After Dropping Two Openers to Soldiers

The Ozonia Green Hornets, independent basketball club, were defeated twice during the past week by the Goodfellow Field team by almost identical scores, 44-30 and 46-32. It was the same story in both games—the air corps boys simply played "over the heads" of the Hornets. Particularly troublesome was their tall center, Berg, who dropped in 19 points the first game and then came back to add 18 more in the second contest. Even so, the local club wasn't counted entirely out of either game making second half surges that cut considerably into early leads—then this big fellow Berg would dunk a couple or so more. The Hornets displayed some erratic basket shooting—getting numbers of good shots, but cashing in on only a few. Mac McClanahan did find the range in the second half game, however, ringing up 14 of the 18 points scored by the locals in the second half. He had 16 for the night. These games, the first of this season, indicated the need for much practice and hard work if the Hornets are to attain the goal they have set for themselves—the TAAF District 7 title and a berth in the state TAAF tournament. Next game will be Tuesday night Nov. 16 with Gem Jewelers of San Angelo in the high school gym.

## Ozonia Faculty Attends Open House in Sonora Schools

Members of the faculty of Ozonia Public Schools attended an open house held by the schools in Sonora in observance of National Education Week, Tuesday night of this week. Supt. Jack McIntosh and principals, James Bramlett of the high school, John Vogler of the Junior High and elementary school, and John Plunkett of the South Elementary entertained members of the faculty in the home economics room of the high school at 5 o'clock in the afternoon, serving coffee, tea, sandwiches and cookies, after which the group went to Sonora to attend the open house.

## Powers Brothers Win Lions Matched Roping Contest

Tom and Lewis Powers, roping team of brothers from Ozonia, bested Walton Poage and Harry Howard of Rankin in a matched roping which featured the arena entertainment part of the first annual Ozonia Lions Club auction sale at the fair grounds here Friday afternoon. The Powers Brothers roped four calves each in a total time of 135.9 seconds to a total of 157.7 seconds for Poage and Howard. Best time of the match was 12.6 turned in by Tom Powers on his third calf. Powers roped one in 13.5 and another in 13.6. John D. Holleyman with two firsts and a third in four jackpot ropings took top honors in that division. Holleyman was first in 12.5 in the first match with Vic Montgomery second with a time of 14.3 and Lewis Powers third with 14.4. In the second match Vic Montgomery and Tom Powers tied with 12.8 each and Holleyman was third in 13.5. In the next match Kay Black won first place with a time of 13.7; Tom Powers was second with 14.6 and Walt Poage third in 15.2. In the final jackpot event of the afternoon, Holleyman won with the sizzling time of 11.1 seconds. Walt Poage took second in that event with a time of 12.1 and Andy Bode with a close third with 12.9—some fast roping in anybody's league.

The thanks of members of the Lions Club are extended to the ropers who took in this entertainment feature of the afternoon.

**PHILLIPS BUYS MOTEL**  
Babe Phillips, who recently sold his ranch holdings in this county to Clay Adams, has purchased El Capitan Motel, a new and modern motel in Roswell, N. M., and he and Mrs. Phillips and children will leave next week to take over the property.

## Lions To Play Sonora Bronchos Armistice Night

### Game Set up from Friday on Account of Holiday

After playing what fans pronounced their best game of the season against Eldorado here last Friday night, the Ozonia High School Lions will wind up the 1948 football season on the Sonora gridiron tonight (Thursday) against the Sonora Bronchos, who are tied with Junction and Big Lake for District 7-B leadership. The game in Sonora was originally scheduled for Friday night of this week, but on account of the Armistice Day holiday, Ozonia school officials agreed to a request from Sonora schools that the game be set up to Thursday night. Game time will be 8 p.m. The Lions last week dropped the eighth in a row 19 to 7 to Eldorado's Eagles. The Lions were in the lead 7 to 6 at the half but lack of manpower and injuries to Burns, Hufstelder and Perner showed effects as the Eagles chalked up two more touchdowns in the second half. Hamm, Eldorado halfback, scored all three of Eldorado's touchdowns, one on a fourth-down run of 41 yards in the first quarter, one on a line play from a few yards out in the third and last in the final chukker. The Lions scored in the second quarter on a new spread formation lateral and forward pass combination which Coach Martin Hearne had passed on to them in his first week as pinch-hitter for Coach D. A. Parker, who left to rejoin the Army Air Forces. The latter was from Hufstelder to Burns who tossed to Armand Hoover on the five and Hoover trotted over for the marker. Hufstelder passed to Hoover for the extra point to put the Lions in the lead the first time this season.

## Four Southwest Games on Air in Week-End Broadcast

Three Conference games and an inter-sectional game make up the Humble Oil & Refining Company broadcast schedule for football fans this Saturday. The Texas-T.C.U. game in Fort Worth will be broadcast, starting at 1:50 p.m. with Kern Tips and Alec Chessler at the mikes. Stations WCAP-579, Fort Worth; and K TSA, San Antonio, will carry the broadcast. Another 1:50 broadcast will come from Fayetteville, where the Arkansas team plays host to the Championship-bound S.M.U. Ponder, Charlie Jordan will be assisted by Hal Thompson in the announcing job and the game may be heard over stations KRLL, Dallas; KRH, Houston; KABC, San Antonio; and KGNC, Amarillo. Humble's broadcast of the Baylor-Tulane game at New Orleans starts at 2:05 and Bill Michaels and Eddie Barker will be announcers. This game will be carried on KTHT, Houston; WRR, Dallas; KRBC, Abilene; KGKL, San Angelo; KBST, Big Spring; KCRS, Midland. Final broadcast, the Rice-A & M game from College Station, starts at 2:20. Announcers will be Ves Box and Fred Kincaid and stations airing the game will be KLEE, Houston; KITE, San Antonio; and KFJZ, Fort Worth.

**BAPTIST W.M.S.**  
The Woman's Missionary Society of the First Baptist Church met Wednesday afternoon for a Bible study program. There was a good number present to study the first four chapters of Matthew, taught by Mrs. Jack Brewer. Plans were also discussed for the monthly workers' conference which is to meet with the Ozonia church Tuesday, November 16. Mrs. Rodney Cathey was in charge of the Sunbeams and the nursery was open for the smaller children.

## Lions Auction Sale Brings In Near \$6,000

### First Annual Event Is Tagged Huge Success By Promoters

Members of the Ozonia Lions Club are still counting the money and still a little amazed at the gigantic response to the first annual merchandise and auction sale which they staged at the Ozonia Fair Grounds here last Friday afternoon. Although no definite totals have yet been run, it is estimated that the day's sales, donations, dance receipts and all other sources, will be approximately \$6,000, Bill Bergfeld, Lion president, estimated. They came from everywhere and shelled out the money to buy calves, sheep, horses, tires, watches, electric blankets, canned foods and hundreds of other items which well wishers donated for the auction sale. The day's festivities opened with a matched roping between Harry Howard and Walt Poage of Rankin against Tom and Lewis Powers of Ozonia which the Ozonia brothers won. Followed the rapidly moving and at once entertaining auction sale with some spirited bidding on the livestock and merchandise.

The Ozonia High School Band instrument fund profited some \$675 from the day's activities and the Senior Class, which served a barbecue dinner at the grounds and shared in receipts from some of the donated items offered in the sale, came off with more than \$300 for its travel fund. Various other organizations, including the Community, the Catholic Church, the 4-H Club and other groups also shared in donations made by various buyers.

The list of business firms and individuals who donated merchandise to be sold at the auction included the following: Wilson Motor Co., Ozonia Wool & Mohair Co., Ozonia Boot Shop, Houston Smith, Ozonia Butane Co., The Ratliff Store, Ozonia Drug Smith Drug, Ozonia Dress Shop, Williams Grocery, Ranch Drug, James Motor Co., Fridemore Bros., Ratliff Hdw. & Furn. Treatment for Cattle Grub Urged By Entomologist

COLLEGE STATION — At the market, cattle with grubs are docked from a half cent to a cent and a half a pound. This means around \$3.86 per animal, says C. A. King, associate entomologist of Texas A. & M. College. And that amounts up to quite a bit when you're the owner of a big herd.

Two million cattle are slaughtered every year, and over one-third of these are grubby cattle. A more direct loss to the farmer is feed. He has to feed his cattle about 15 per cent more than usual just because of the grubs.

The fall and early winter is the

best time to treat cattle for grubs because this is the time of year the grubs mature and fall off the animal to the ground, says King. The stockman has three choices of controlling grubs — dust, spray or dip. If you use the first method dust the backs of the animals thoroughly with one part 5 per cent rotenone and two parts tripoli earth or talc. King suggests using a fruit jar with 15 holes in the lid one-fourth inch in diameter. Rub the dust into the hair with the fingertips.

For a spray, mix seven and a half pounds of 5 percent rotenone in 100 gallons of water. Wet the backs of the animals thoroughly with a spray that has at least 250 pounds pressure.

Both lice and grubs can be con-

trolled in a dip containing one pound of 5 percent rotenone and 10 pounds of wettable sulphur in 100 gallons of water. It'll take two dips 17 to 21 days apart, and the first should be made 10 to 14 days

after the grubs are first noticed in the back.

"Burn down your cities and leave our farms, and your cities will spring up again as if by ma-

gic; but destroy our farms and the grass will grow in the streets of every city in the country," Jennings Bryan once said.

Guest Artists to Appear at Sonora Concert

SAN ANTONIO. — Sponsored by the Sonora Music Club, with George Barrow chairman of the event, John Seagle, baritone, Miriam Wagner, pianist, of City University will be presenting a concert Monday evening, November 15 at 8 o'clock.

ture of 265 American stations, one of the most widely broadcast programs in radio.

Other network programs that have featured Seagle are the "Cities Service Program," "Voices Down the Wind," "Evening Serenade" and "Highways in Song." He makes recordings for Decca and Victor.

Miriam Wagner has been acclaimed by both European and American audiences. Before her 20th birthday she had appeared three times as soloist for the Chicago Symphony Orchestra. She was a

frequent guest performer with the Philharmonic and the George Dasch string quartets in Chicago and with the Max Steindel quartet in Chicago.

During eight years abroad she was acclaimed for her concert artistry in Switzerland, Germany and Austria.

WEEKLY SWING OF SOUTHWEST FARM MARKETS

(USDA) — Southwest farm products brought mostly firm to higher prices during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Corn climbed seven to ten cents a bushel for the week, as wheat gained five, oats and barley 2.

Movement of turkeys to the Thanksgiving market remained light last week. Prices ranged from around 40 to 45 cents for young toms and 45 to 50 for young

turkey hens. Cattle sold generally unchanged to \$1 or more higher for the week.

Stockers and feeders showed greatest strength in Texas and Oklahoma. Medium and good whiteface stocker calves changed hands at \$19 to \$22 at Houston, where Brahman moved at \$17 to \$20. Medium and good stocker calves went back to the country at \$22 to \$26 at Oklahoma City. Fort Worth took stocker steer calves at \$25 and down. Denver bought a few loads of choice at \$29.

Sheep and lamb prices advanced mainly 50 cents to \$1 or more, although some classes remained unchanged at Texas markets. Ewes showed less strength than lambs. Cull woolled ewes brought \$7 to \$7.50 at San Antonio. Cull, common and medium lots sold from 8.50 to 9\$ at Fort Worth. Denver took common and medium at \$7 to \$8.25. Revalued government-owned wools sold in Boston as fast as they were priced.

nion vessels. One day, south of Australia they over-took a hip which was flying the British flag, but they thought it was a ruse. The vessel was hailed and proved indeed to be British — and then the Confederates learned an amazing thing. The war was over and had been for eight months.

Because a federal court held that the activities of the Shendoah were in violation of the law — though actually its officers and crew were merely waging war, though of a daring nature — Captain Scales lived in Mexico for two years.

Then he returned to Tennessee and practiced law. In the war with Spain, he volunteered and was navigating officer on a ship.

He was an old man with snow white hair and mustache when this columnist, then a schoolboy, knew him. He never mentioned anything about his service in two wars. Just an old book, out of print, tells a little about his career.

Let's Weigh the Evidence

Your scales can be a valuable ally to your judging eye! For years livestock breeders have kept weight and performance records, as well as pedigrees. Now many commercial producers are taking a tip from them.

There is lots of evidence of the value of your scales in helping your eye. Here are just a few examples:

1) At Purdue University they weighed 7,554 pigs from 784 litters. Here's what they found. Pigs that weighed THREE pounds at birth averaged 28 pounds at weaning. But pigs that weighed TWO pounds at birth weighed only 21 pounds at weaning. Of the heavy pigs, 77% lived to weaning age, against only 49% of the light pigs. And right up to market weight, the heavier pigs had a higher rate of gain.

2) The U. S. D. A. has kept a 14-year record on beef calves. Birth weights vary from 40 to 109 pounds. Their finding: heavier-than-average calves reach a 500-pound weaning weight and 900-pound marketing weight faster than lighter-than-average calves. You know what that means! Less feed. More and quicker profit.

3) Sheep Experiment Station men at Dubois, Idaho, find they can use the scales to select breeding stock for greater production in the future. Their ewe lambs, which are heavier than average at weaning time, prove to be the best producers in total lamb weight and fleece weights.

4) At the University of Wyoming they divided dairy heifers into light and heavy weight groups. The "heavies" weighed 24 pounds more at birth. But at six months they averaged 43 pounds more per animal.

You need a good "judging eye" to tell you whether an animal has good conformation, is true to type, etc. But the evidence of recorded weights does point strongly to a general rule which can help your eye: Keep or buy animals heaviest at birth or weaning!

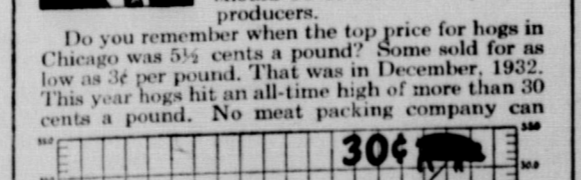

Early Fall Roundup Rams equipped with a web harness for holding colored chalk help "write" their own breeding records. This device is being used in the breeding flocks of many large Wyoming ranchers. It helps owners keep their records. They know when ewes will lamb... which lambs are from which sire.

Many feeder cattle are prone to contract shipping fever. This disease is a type of pneumonia. It may be brought on by fatigue, irregular feeding and exposure. Vaccination, two weeks before shipping, helps reduce the danger, reports the University of Illinois. Cattle arriving in the feed lot should be protected from cold winds and rain. Light, bulky feeds like whole oats and roughage should be fed. Sick animals should be isolated promptly and a veterinarian called.

Control swine parasites — make more profit, suggests the University of Minnesota. Even fall pigs may be infested with internal parasites. Strict sanitation is the key to control. Clean and scrub farrowing pens with boiling lye water. Wash the sides and udders of sows with soapy water before farrowing. After farrowing keep the pigs on clean pasture until bad fall weather sets in.

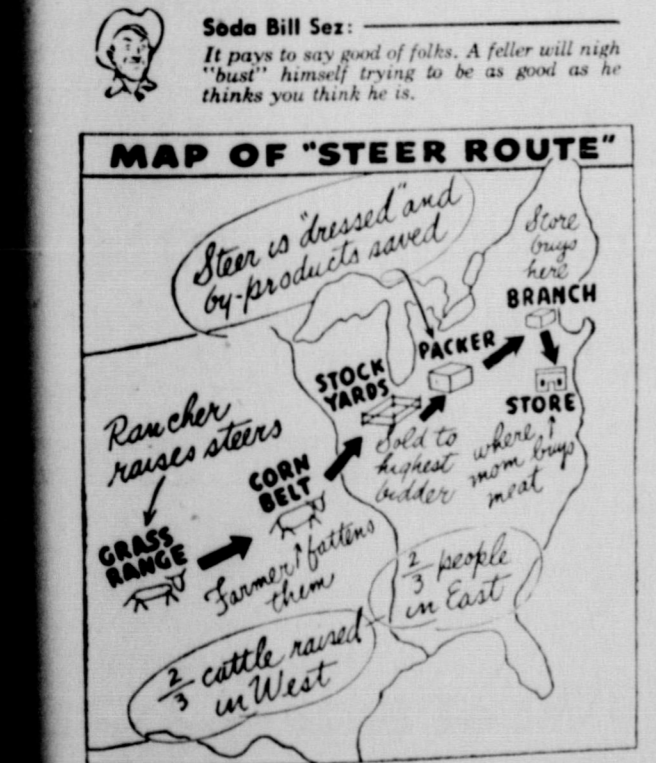

Prices of Hogs May Rise or Fall But Competition Sets Them All I have been with Swift & Company for 46 years. Most of my work has had to do with the buying of hogs and selling of pork and pork products. I would like to make a point that I believe should be of interest to you, as producers.

Do you remember when the top price for hogs in Chicago was 5 1/2 cents a pound? Some sold for as low as 3¢ per pound. That was in December, 1932. This year hogs hit an all-time high of more than 30 cents a pound. No meat packing company can control either livestock or meat prices. More than 3,500 competing meat packers and 22,500 other commercial slaughterers see to that. So do 35,000,000 meat-eating families. No packer's buyer can hold down the price of livestock. No packing company could boost up the price of meat.

Now, here's the point I want to get across to you. These prices, both lowest and highest, were set by (1) the supply of hogs, and (2) the demand for pork.

Mr. Lund, guest editor this month, is Vice-President of Swift & Company in charge of hog buying, processing and distribution of pork products.

From grass range to gas range, in our big nation most of the livestock is raised far from where it is eaten — an average of more than 1,000 miles. Swift & Company helps bridge this gap and balance the supply in one area with the demand in another. Efficient processing and distribution keep the meat another. Efficient processing and distribution keep the meat moving to markets all over the country. For these services Swift earns a profit of a fraction of a cent a pound. It's no noticeable effect on either meat or livestock prices. It's the demand for the available supply in the nation-wide markets which governs the price of meat and thus the price of livestock. For the price we pay for animals must be based on what the meat and by-products will bring.

OUR CITY COUSIN. Cries City Cousin, the silly child, "Look! Jack-o'-lanterns growing wild!"

## Thru The Keyhole

By Lin Hicks

John, what is this about you and Patay Hill Sunday night? Know anything about this, Kenneth and Marilyn??

The town was glad to see Nat Reed home, weren't they, Sue? J. G., haven't you been rushing Judy these last few nights??

Chris sure hates colds, doesn't he, Joan. But I guess you don't.

J. G., you had better stay out of those turnips.

Armond, I hear you have been giving Chris' car heck. What's the matter. Won't the old Packard run?

Lin, I guess you will speak from now on, won't you!

Merle, who were you with Sunday afternoon on water works hill? Joan's pretty, says Chris.

## FAVORITE SONGS!

By Ramon Gonzales

The favorite songs of some of the High School students are: W. C. Burns, Four Leaf Clover; Tommy Laxon, Bultion sand Bows; Ro-

salio Longoria, Never Trust a Woman; Maria Garcia, I Walk Alone; Jimmy Cunningham, My Desire; Santiago Rodriguez, Near You; Roberta Ortiz, Don't Fence Me In; Ben Conklin, Bumble Boogie; Jesus Sanchez, Those Things Money Can't Buy; Pedro Cisneros, Star Dust; J. G. Hufstetler, Tree in the Meadow; Frank Parr, Underneath the Arches; Andres Vela, I Love You, Yes, I Do; Chris Perner, It's Been So Long, Darling; Ralph Cardenas, My Happiness; Paulita Cisneros, Confess; Mary Ann North, Till Then; Rosalie Friend, Untill; and Sue Meinecke, A Tree in the Meadow.

## Student of the Week

By Sue Meinecke

A handsome brown-headed, blue eyed, 5 foot, 8 inch, 130 pound left half-back on the Ozona football team, who is sixteen and bound to break many a heart is now in the spot light for a short interview.

This hunk of man, who has lettered in football for two years, and plans on it again this year, has been chosen one of the six best looking boys in High School.

A great supporter of the band, in which he has participated for three years, this boy also has played basketball, baseball and gone out for track. He makes very good grades and has a wonderful personality.

He plans to go to N.T.S.T.C. in Denton after graduation. Who could this be but that well liked senior, Ray Piner.

Incidentally, girls, you may as well stop waiting around. I don't believe he has even noticed that you are there.

## Ozona Students to District FFA Meet

By June Perner and Darrene Thompson

Darrene Thompson, June Perner and Mrs. Janie B. Hull represented the Ozona chapter of F.F.A. at the district meeting held in Odessa.

The meeting climaxed the week that had been set aside as Future Homemakers Week.

Hospitality extended by the Odessa Chapter made the day a pleasant event.

Skits and stunts from several chapters added mirth to the meeting.

Lunch was served in the Odessa High School lunch room.

A sing-song period at the close of the program gave all schools a chance to sing their school songs. We still think "High O'er the Field of Battle" ranks first.

The Future Homemakers of America elected officers for the year: president, Ruth Sparks; vice president, Vivian Stratton; secretary, Betty Maness; treasurer, June Perner; Reporter, Marilyn Hubbard, parliamentarian, Betty Jane Schwalbe; Song Leader, Darrene Thompson; and sponsor, Mrs. Janie B. Hull.

## What If —

## SPORTS

By Armond Hoover

So far in our District 8-8 we have Junction and Sonora tied at the top of the district play, at a score of 13-7 last week. Junction has lost two games since the start of the season, but has lost only one district game, to Junction. This Thursday night the Junction Lions will engage with the Sonora Broncs at Sonora. The game was supposed to have been played on Friday, but was moved up because of count of Armistice Day.

The town team has been practicing basketball for the past month. They played their first game with San Angelo Tuesday night and lost 44-22 in a good game.

What about Ted? Rosalie hadn't drawn her mother's number for the watch raffled off by the Lions Club. Something looks funny there.

Sue M. didn't have so many strange boy friends? Who is this Weldon we have been hearing about? Joan hadn't been so interested in a certain boy when he got hurt Friday? Could that have been Chris? John Mankin didn't have a new flame? It couldn't be Patsy Hill, could it, John?

Seniors Serve Dinner During Auction Sale

By Rosalie Friend

The Senior Class served a barbecue lunch at the Fair Grounds Friday. The whole community was invited for dinner, after which they attended the Lion's Club auction and matched roping. During the Lions Club activities, there were seniors selling cokes and candy at the south end of the grand stand.

During the auction, quite a few people bought items and gave them to the senior class to be resold to help the seniors out in their financial matters.

A watch was donated for raffle by Nathan's Jewelers, and the ticket was drawn at the dance which was given Friday night. Mrs. W. E. Friend, Jr., won the watch which she gave to the senior class to be auctioned to the highest bidder.

**Diamond Gusher**

An oil gusher made of diamonds represented Texas at the first nation-wide diamond exhibition, called Diamonds U.S.A., held in the Ritz-Carlton Hotel in New York. Shown here by SMU co-ed Jo Neal, the four-inch jeweled oil derrick was designed by Arthur A. Everts of Dallas, and contains 254 diamonds, representing all the counties of Texas. It is mounted on a map of the state, made of platinum and adorned with a diamond steer head symbolizing Texas' other great industry, cattle. The sprays of gushing oil are of various colored diamonds.

*You spend one-third of your life  
in bed, so you might as well  
be comfortable.*

Have you ever stopped to think that you spend one-third of your life in bed? Well, it's true. And being comfortable—really comfortable—in bed means sleeping under the evenly distributed warmth of just one Automatic Electric Blanket. It's a simple, inexpensive way to better sleep, better work, better health. It lasts for years. It is as easy to launder as any blanket . . . Sleep under one once and you'll never be without it.

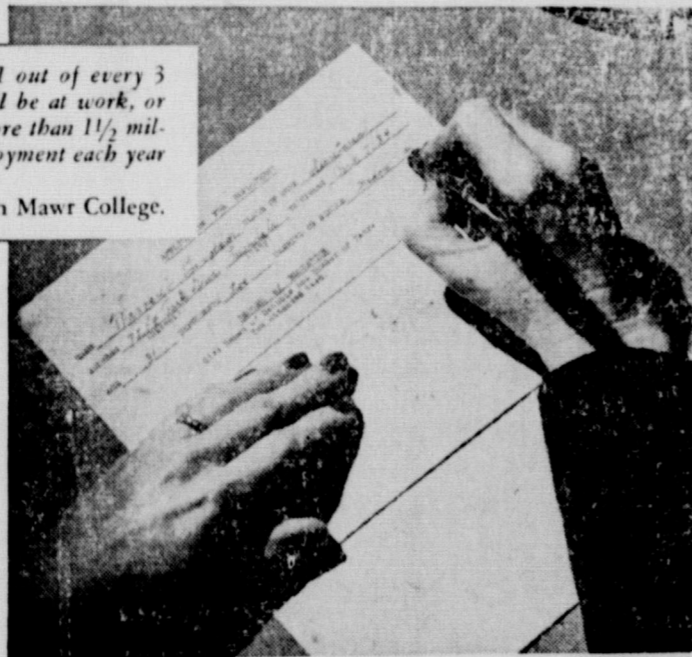

G-E AUTOMATIC ELECTRIC BLANKET  
Sizes to fit any type bed  
Available in four lovely colors: rose, blue, green, and cedar.

The gentle warmth a G-E Automatic Electric Blanket gives is automatically maintained at the same temperature all night long by the bedside control.

The Automatic Blanket is carefully made to meet rigid safety standards, and is approved by the Underwriters' Laboratories, Inc. It is certified washable by the American Institute of Laundering.

Sixteen million women—1 out of every 3 over 14 years of age—will be at work, or seeking work by 1950. More than 1 1/2 million more will enter employment each year thereafter.  
—From a study by Bryn Mawr College.

**Will SHE HAVE TO GO TO WORK?**

Will your widow have to go to work "to keep things together and make ends meet?" Will she be prepared to enter a lucrative profession . . . fill an executive's chair . . . start a business of her own? Will she have to seek employment wherever she can find it, at whatever she can get?

More than 90% of all the women employed in our country work because they have to eat, or the money to support others. (Women's Bureau, U. S. Department of Labor)

The thing nearest your widow's heart will be security. To her, security will mean more than payments, assets, money in the bank. Security—to her—will mean happy, contented human relationships . . . an unbroken family . . . a home safe against the darkness outside . . . a placid place to rear children. And you can give her that security through Southwestern Life Insurance.

If you are 35 and your wife is, say, 32, by saving as little as \$13.50 a week you can assure her \$100 a month for life. If she lives until she is 52, she will get a total of \$24,000 in \$100 monthly checks. If she lives until she is 72—as many women do—she will get a grand total of \$48,000. One hundred dollars a month to her should you be taken out of life's picture . . . or \$100 a month for life for you, if you want it, to start when you are 65. Give your wife a financial nest-egg—a guaranteed income she can depend on—an income that she will have as long as life lasts. Ask for a plan to fit your needs today.
