Casbeer, 76, Crockett Pioneer Had 44 Years as County Treasurer

Funeral services were held at 10:30 a. m. Monday afternoon from the Methodist Church for Thomas Casbeer, 76, veteran county treasurer, who died at 11:45 o'clock Sunday morning at the Ozona hospital where he had been under treatment for several weeks.

Troy Hickman, pastor of the Methodist Church, conducted the funeral. Burial followed in Hill Cemetery with Cody Home of Ozona in charge of the services.

Casbeer, known to friends throughout West Texas as "Old Tom," was the oldest Crockett official in point of service next to the late Judge E. Davidson, who served as judge for more than a century, held the county recorder's office for 20 years.

Casbeer was nominated for another term in the office by the voters in 1941. He had served as county sheriff, doing both office and field work in that capacity for approximately 20 years.

German Students Given Glimpse Of Freedom In West

A group of German youths who have been in the United States since last September studying democracy and American life under sponsorship of the United States Department of State, got a glimpse into the freedom of life in West Texas when they stopped overnight in Ozona Sunday night.

The Ozona Lions Club played host to the group and provided the barbecue supper and arranged for exhibition square dancing on Mrs. Ed Bean's ranch north of town, with Mrs. Bean and Mr. and Mrs. Dud Pettit as gracious hosts on the occasion.

The group's store of motion pictures being taken during the summer tour of the United States was augmented by shots made of a typical West Texas square dance, with Mr. and Mrs. T. A. Kincaid, Jr., Mr. and Mrs. Gene Williams, Mr. and Mrs. Oscar Kost and Mr. and Mrs. Hugh Akin performing the intricacies of the dance as it was called by Dud Pettit. Since the group was late arriving, after being wined and dined for two days in Fredericksburg, the picture taking had to be done after dark, and cars were ringed about the square dancers to provide sufficient light for the camera, operated by one of the Germans.

The young Germans, eleven in number, attended the University of Michigan last year and under the guidance of Dr. W. L. Hindman, professor of political science at the University of California at Los Angeles, on leave to the University of Michigan for the State Department assignment, are being taken on an extensive tour of the United States this summer, getting a close-up look at American life under a democratic form of government.

After leaving Ozona Monday morning, the group continued westward to El Paso and from there will go to Los Angeles where they will spend a week. From there the group will go to San Francisco and then return across the northern part of the country, ending in New York where the Germans are scheduled to sail on September 2 to return to their native Germany.

Dr. Hindman, who has been with the group since September, said that the German youths had learned a great deal about the American government and American life in their studies at the University but had gained a greater insight into the extent of American freedom, unity, power and resources in their travels through the country.

The youths were given a test on their attitudes, toward Americans, toward democracy, etc., upon arrival in this country last September.

Tri-County 4H Encampment Set For August 14-16

Childress Ranch on Pecos River Scene of 3-Day Outing

Four-H club members from three counties will hold their annual summer encampment at the Hugh Childress, Jr., ranch on the Pecos river beginning Monday afternoon, August 14, and continuing through Wednesday noon, August 16. Bill Bergfeld, Crockett county agricultural agent and director of 4-H Club activities in the county, announced this week.

Approximately 50 club boys from Crockett, Reagan and Upton counties are expected to converge on the encampment site for the annual outing and contests.

The three-day encampment will feature swimming contests, rifle shooting contests and a grass identification contest. There also will be ample time for the club boys to indulge in a world of swimming and fishing in the Pecos river.

Any boy interested in attending the encampment should call at the county agent's office or phone Mr. Bergfeld at No. 45. The encampment is open to boys who have not been in 4-H Club work but are interested in the program, Mr. Bergfeld said.

Each boy will be required to take a swim suit, bed roll, eating equipment and fishing tackle. The encampment fee will be \$3.50 per boy to cover cost of meals and the ribbons which are to be awarded contest winners.

The Crockett county group will meet at the Courthouse in Ozona in time to leave at 2:30 Monday afternoon, August 14, Mr. Bergfeld advised.

Postmaster Fields Resigns Post To Go Into Business

Resignation Effective Oct. 1 or Before; To Join James Motor

A. O. Fields has tendered his resignation as postmaster in Ozona to become effective by October 1 or sooner if he can be relieved of his duties, it was announced here this week.

Mr. Fields, who has served as Ozona's postmaster for the past two years, submitted his resignation in a letter to the postoffice department this week. No announcement has been forthcoming as yet from the department.

Mr. Fields is resigning the postmaster position to accept a position as manager for the James Motor Co. here, he said.

New Chevron Station Opened for Business By Glenn Suttons

A brand new and handsome service station opened for business in Ozona.

It is the Sutton Chevron Station, located on Highway 290 on the west side of Ozona. The station was recently completed and opened for business this week. Mr. and Mrs. Glenn Sutton are the owners.

The new station is one of the most attractive in the city, built of tile and stucco and boasting a large office and display room, washing and greasing racks, commodious stock rooms and large rest rooms. The station is finished in a pleasing combination of yellow and green.

Commissioners to Name Successor to Casbeer For Unexpired Term

Crockett County Commissioners Court will face the task of naming a county treasurer to fill out the unexpired term of the late Tom Casbeer, who died here Sunday morning, when the court meets in regular session Monday, August 14.

Present office holders' terms extend to next January 1 and the Commissioners Court is charged with the duty of filling vacancies by appointment to complete the unexpired portion of a term.

Meanwhile, local officials and Democratic party leaders were pondering the question of whose name shall go on the ballot in the general election in November for the office of treasurer. Mr. Casbeer was nominated without opposition in the recent Democratic primary. How candidates for the office might get their names on the November ballot was a question being investigated this week.

Deep Wildcat Test Project On Will Baggett Ranch

Standard-Fryer to Sink 9,500-Ft. Well to Test Ellenburger

Standard-Fryer Drilling Co. of Dallas has spotted a deep Crockett county wildcat four miles north-west of Ozona.

Projected to 9,500 feet with rotary, the firm's No. 1 W. R. Baggett, Jr., will be 660 feet from north and west lines of section 43-OP-GH&HRR survey. Cities Service No. 1 Baggett, 1,559-foot failure, is three-quarters of a mile northeast of the proposed project and Sinclair No. 1 Henderson, 8,650-foot failure, is 3 1/2 miles due southwest.

A northeastern Crockett county wildcat Tuesday was running 5 1/2-inch casing to test the Ellenburger.

James H. Snowden and others of Fort Worth No. 1 Hugh Andrews, on its latest test recovered 75 feet of drilling mud on a 40-minute drillstem test from 7,653 to 7,750 feet. It is 660 feet from north and east lines of the southeast quarter of section 43-UV-GC-SF, three miles northeast of the nearest Ellenburger production in the Todd Deep pool.

In the Crockett, Texas Pacific No. 1-G University was drilling at 2,905 feet in lime, Magnolia No. 2 Clayton Ranch at 7,095 feet in and shale. Humble No. 1-C Cox, bottomed at 6,085 feet, continued swabbing after recovering 21 barrels of mud and acid water with slight trace of oil in 16 hours.

Mrs. Melvin Becomes Hospital Manager

Mrs. Valentine Melvin, formerly of Oklahoma City, has accepted the position of medical technician and business manager for the Ozona hospital, operated by Dr. H. B. Tandy. Mrs. Melvin was formerly associated with the late Dr. Waters in Midland, who was killed in an automobile accident near Midland recently. Mrs. Melvin has a 12-year-old son who will make his home with her, and twin sons, 17 years old, who are high school seniors and attending school in Perryton, Okla.

Mrs. Melvin succeeds C. A. Woody, who resigned recently as business manager of the hospital.

Mr. and Mrs. Hiram Brown and children, Susan, Hi and Steen, and Mr. and Mrs. Jerry Pace, all of Austin, were here last week for a visit with Mr. and Mrs. J. M. Baggett, parents of Mrs. Pace and Mrs. Brown. Joined by Mr. and Mrs. James Baggett and children, Ann, Sally and Jimmy, and by another daughter, Mrs. N. E. Smith of Big Spring, and Vicky Jo Savell of Sonora, the family enjoyed a week's outing and fishing on Devil's River. All returned home Friday, Sally Baggett accompanying the Browns for a visit in their home in Austin.

Mrs. W. Childress Died Monday In Angelo Hospital

Long-Time Crockett Co. Resident Buried In San Angelo

Mrs. Walter Childress, 68, early day resident and wife of a pioneer Crockett county ranchman, died at 11:45 o'clock Monday morning in a San Angelo hospital.

Mrs. Childress had been in apparent good health until last Saturday when she suffered a cerebral hemorrhage and was rushed to the San Angelo hospital. Her condition gradually worsened until death came Monday morning.

Funeral services were conducted at 5 o'clock Tuesday afternoon from the Robt. Massie Funeral chapel in San Angelo by the Rev. J. Troy Hickman, pastor of the Ozona Methodist church. Burial followed in Fairmount Cemetery.

Mrs. Childress was born April 9, 1882, in Karnes county, the daughter of the late Mr. and Mrs. J. W. Barfield.

Surviving are the husband, Walter Childress of Ozona, one daughter, Mrs. Robert Weaver of El Paso; two sons, W. T. of Wichita Falls, and Beecher of Tucson, Arizona; one brother, Tom Barfield of Atlanta, Ga., four grand children and one great-grand child.

Pallbearers were Embury Hunt, Pleas Childress, James Childress, Roy Henderson, Jr., Frank Walters, O. J. Estes, Jr., Sam Ray, Jr., and Trox Perry.

Report Fires to Central, Urges Fire Dept. Officials

In case of fire, report to the telephone operator, giving your name and location of the fire.

Do not call an individual or the station where the trucks are kept. This request comes from Dick Henderson, president of the Ozona Volunteer Fire Department, and comes about as the result of some recent confusion.

When a fire is reported to the telephone office, the operator immediately presses the electric button setting off the fire alarm siren mounted atop the bank building. The alarm notifies all members of the department simultaneously. The firemen call the central office immediately and are told the location of the fire and can be on their way in a matter of seconds. This fact, as has been pointed out on numerous occasions, is the reason citizens are asked to wait several minutes before taking down their own receivers after a fire alarm.

Reporting a fire to James Motor Co., where two of the trucks are stored, or to the Ratliff Hardware where the new pumper is being kept temporarily, or calling an individual will delay sounding of the general alarm and may result, because of the delay, in total loss from fire. Simply tell the telephone operator when she asks "Number?" that there is a fire at — and give the location.

TOUR EIGHT STATES

Miss Wanda Watson returned to her home here Tuesday from Kansas after a tour of eight states. Miss Watson went to Kansas and from that state was accompanied by her nephew and niece, Ralph and Wanda Carden. Places of interest visited included the North Platt river valley in Nebraska, Mount Rushmore in the Black Hills of South Dakota, Devil's Tower in Wyoming, the Rocky Mountain National Park in Colorado, Kansas City and St. Louis, Mo. A big league baseball game in St. Louis was sandwiched in the tour entertainment, a game between the St. Louis Cardinals and the Brooklyn Dodgers of the National League.

Mrs. Ken Cody was called recently to the home of her sister, Mrs. F. M. Cody, Jr., of North Pleasanton, who is reported seriously ill of polio.

Faculty Complete For 1950-51 Term Of Ozona Schools

43 Teachers Signed up In Readiness for September 4 Opening

Names of the forty-three teachers who will compose the faculty of the Ozona Public Schools for the 1950-51 term which opens in September were announced this week by Supt. Jack McIntosh. Thirteen of the forty-three will be new to the local faculty this year, with thirty of last year's faculty returning.

The 1950-51 school term will open the first Monday in September, on Sept. 4, with registration of pupils set for that day. Classes will meet Tuesday morning with assignments by the various teachers, actual class work to start the following day. The regular before-school faculty meeting will be held on Saturday, Mr. McIntosh said.

The faculty list by buildings was announced by the superintendent, the actual assignments of the various teachers to be announced later. The list by buildings is as follows:

THURSDAY, AUGUST 3, 1950

Mr. Link Robinson, 519 Lindsey, is the most content and satisfied man in Newport, Ky. In fact, he says there isn't a thing in the world that can irritate or upset him now that he is on the HADACOL band wagon. If there ever was a man who thought HADACOL is the most wonderful thing in the world, it is Link Robinson, since he learned that his system lacked Vitamins B, B₆, Iron, and Niacin.

Here is what Mr. Robinson has to say about HADACOL, which is now supplying liberal quantities of these essential elements: "I have been a steel worker for over twenty years. When you are a steel worker, you have to do plenty of good, hard work, and you need lots of good, substantial food. But when a stomach is in as bad a shape as mine was, I couldn't eat. I had gas pains, stomach bloating and nervousness, well, I just couldn't eat the proper foods I needed. My boss told me about HADACOL and I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat the foods I need to eat to really be on the job. In fact, I can eat anything I want to. I am not nervous anymore, either. Best of all, I haven't got those terrific gas pains and no more stomach bloating. HADACOL is the best ever. I recommend HADACOL to everyone."

HADACOL is Different
Countless thousands are benefiting from HADACOL... even hundreds of doctors are recommending HADACOL to their patients whose systems lack Vitamins B, B₆, Iron, and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails.
Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size. Large Family or Hospital Size, \$3.50.

Thought for the Week

By J. Troy Hickman

WHY I LIKE OZONA

I was predestined and foreordained - as the Presbyterians say - to like Ozona, even before I got here. My people lived in Del Rio at the time of my earliest childhood. About the year 1909, my father owned an interest in a stage line from Comstock to Ozona to Sonora. As a small boy, I sat up on the high seat with him as he made the trip through here. I remember the gates we had to open and the prairie dog villages he pointed out along the way.

We lived elsewhere until I was grown. But when I came back to this country in 1932, it was like something familiar from the past. That year we were appointed to the Methodist Church at McCamey. After a spell in Central Texas and the Rio Grande Valley, we were sent to Uvalde. Eventually returned to Central Texas. And now, here we are again. When West Texas gets in your blood, you never get it out. You don't want to.

We came voluntarily. We could have gone to a larger place in another part of the state. We chose Ozona because we wanted enough elbow room to turn around without bumping into somebody. Not for one moment have we regretted it.

There is more freedom left in America than in any spot on earth. And there is more freedom left in the ranch section of the West than in any part of the United States. The ranchman is the last free man. If he is willing to hoe his own row, build his own tanks and clear out his own cedar, he can stave off the long arm of Uncle Sam for a few more years. And as long as he keeps that long arm pushed off, just so long will he be free. For Uncle Sam never hands out anything without also demanding the right to run things.

Another reason why I like Ozona is that the wide spaces seem to grow broad-minded people. It is interesting to see how you carry on your politics. In the last election some of the races were contested. Yet, when the votes were counted, the losers came up like men and asked for support for the winners. I like that. It is Americanism. It is good Christianity, too.

Your patterns were set years ago by a high type of pioneer who settled here. Your buildings, your streets, your homes, your schools and churches all testify to a healthy, public-minded people.

I have heard less small gossip in Ozona than anywhere I have lived. Nearly all I have learned about you, I have learned from you. Not from your neighbors.

The other day a man paid me a compliment which I doubt I deserve. He said, "What are you doing here? You ought to be in Houston or Dallas." Perhaps if I had started from the first trimming my sails for a city church, I might have had one. But the big churches are in the cities, and to serve one you have to live in a city. Now, I won't run the city down. For those who like it and are fitted for it, the city is o.k. But not for me."

If you have a staff of secretaries, they do some of the work and you work trying to get them to do their work. I like to do a little of everything in the church. I like

to know every child in the congregation by name, and what ails every grandma. People make life worth living, and in a small town you can know people inside out.

Professional success is a poor reward, if it is all a man has. The welfare of a family is worth infinitely more. I want my kids to have the privilege of coming up in some place where there is air enough to go around. When I am old and on the shelf, no one will know, or care, what churches I served. In the meantime, I will have had my fun.

So, at the end of two months, I like Ozona. My main concern is that Ozona shall some day come to like me.

Ben Ramsey Thanks Texas Voters; Asks Support in Run-Off

Ben Ramsey of San Augustine, candidate for Lieutenant Governor and former Secretary of State, thanked the voters of Texas this week for the votes and support which put him in the second primary run-off for Lieutenant Governor.

Ramsey expressed confidence in victory in the second primary election August 26.

Ramsey's statement to the voters said:

"My showing in the first primary fills my heart with humble gratitude. It convinces me that I will be nominated in the run-off.

"Among my opponents were some of the ablest and most experienced of Texas' public servants—men whose legislative records have made them widely and favorably known. It seems clear that

they divided with me the support of that great majority of citizens who believe that experience counts in public service, as it does everywhere else.

"I served in the Senate while three of these men were members of that body and three others were members of the House. Many of my friends are also their friends and many others who know me only from my legislative record faced a choice between several men whom they deemed competent and deserving.

"The situation in the run-off will be very different. I will no

longer be confronting the prestige and prestige of men who served ably in one or both houses of our law-making body. Many friends who share my admiration for those men will be free to cast their ballots for me. I believe that great majority of Texans will agree with me in these crucial times the Lieutenant Governor should be filled by a trained and experienced man."

Mrs. Floyd Henderson left San Antonio.

First of the Fine Cars in Value

Even Wiser than He Seems

PLAINLY, here travels a man wise in the ways of fine motorcars.

You know that, by the four Ventiports and the rich sweep of chrome which mark his car as a ROADMASTER.

You know it, should you trail him on the highway, by the smooth lift of the big Fireball

power plant at his toe's command, by the obvious leanness of the ride he enjoys, the swift ease with which Dynaflow Drive solves his traffic problems.

What is not so plain from what you see is that here also is a man very wise in what today's dollar should buy!

For this man has all that a finer owner can ask for—brilliant performance, a ride without equal for gentle softness, finger-easy handling, abundant room all around him, styling that is easily the most distinguished on the highway.

Yet he paid considerably less than comparable merit costs elsewhere.

He found fewer extra charges in his delivered price, with such things as Dynaflow Drive, foam rubber cushions, windshield washers, electric clock, even non-glare rear-view mirror included in the price.

If you know fine cars, it won't take fifteen minutes behind a ROADMASTER wheel to see that here is one of the finest.

If you have inquired about prices, a single glance at the delivered figures establishes this as the big buy of the field.

Why not make both checks—especially since your Buick dealer will be glad to arrange a trial run in a ROADMASTER any time you care to call on him?

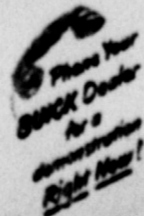

Only BUICK has
Dynaflow-DRIVE
and with it goes:

- HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and maneuvering, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with body by Fisher.

* Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Small Home Plans

THE CONWAY shows six rooms on one floor and includes three bedrooms and a dining room for those who prefer a separate dining room. Living and dining rooms may be converted into a combination of the two by putting the dividing partition through the arch.

Both front and rear doors have vestibules and both have closets. Rear bedroom has wardrobe closets and the front bedroom has a walk-in closet. A linen closet is located in the hall.

Dining space is provided for the kitchen. The refrigerator

is near the entrance, the sink under the corner windows while the stove is located nearest the dining areas with a work counter on each side.

The exterior is a colonial type with siding, shutters, asphalt type shingles and face brick chimney.

The overall dimensions of the Conway are planned for 36 feet by 26 feet, with a total floor area of 1,082 and a cubage of 21,906 cubic feet.

For further information about THE CONWAY, see us or write the Small House Planning Bureau, St. Cloud, Minn.

at Alpine. Mrs. Glenn Hicks, another new assignment to South Elementary, is a graduate of NT-STC. Miss Dorothy Franklin is a graduate of Austin College at Sherman. Her home is in Sherman. Recent resignations of last year members of the faculty not before announced include Miss Phyllis Schuman and Miss Jo Beth Ryan. Mr. McIntosh announced. Miss Schuman will do graduate study in social service and Miss Ryan will teach public school music in the Wooldridge school of Austin. James Bramlett, last year's high school principal, turned in his resignation recently, also. He plans to continue his studies at the University of Texas.

ber. Dr. Hindman said, and before their departure will be required to take the same test again, in an effort to judge the effect of their year's stay in the United States.

But a casual conversation with any one of the group, and they all speak English fluently, will reveal in advance what their final attitude is likely to be.

"Of course I would like to stay over here," answered one of the group, Heinz Wolpert of Unterwoesssen, Bavaria, to a question. "It's the most wonderful country in the world."

The group of 11 youths is one of twelve such groups now in the United States. Dr. Hindman said, all under State Department sponsorship. All were carefully screened in Germany, about 75 in all picked from some 2,000 applicants, and only those who were not too deeply involved in Nazism and

who expressed a desire to learn about democracy were selected.

Dr. Hindman will be assigned a new group of youths in September but this time on a speed-up basis. In order to acquaint a larger number of future German leaders with American life and the democratic form of government, the sponsored groups in the future will have but six months in this country.

The eleven German youths represented a number of influential trades in which their newly gained knowledge of the United States will help spread the word about democracy. Included was an agriculturist, a trade unionist, a teacher, a medical student, a magazine writer, a geographer, a radio commentator and several journalists.

The group included Misses Louise Milaovic, Jutta Grustzner and Sybil Fischer, Mrs. Gesine Janssen, Dieter Undritz, Helmut Menhart, Franz Detterbeck, Heinz Wolpert, Volkman Kahlert, Harold Exenburger and Edgar Kroll.

**Off Concert
Sept. 13 Under
ces of Lions**

Music lovers were assured a musical highlight on September 13 when Rubinoﬀ and his internationally famed concert artist, appears at the pool auditorium here under the sponsorship of the Ozona Lions. It was announced today by Les Ratliﬀ, president. He is indeed fortunate in being able to bring such a great artist to Ozona," Mr. Ratliﬀ said in the announcement, "and all aggressively determined to make this one of the outstanding events of the season." It is pointed out that special concert and ticket selling localities will be announced soon, the chairman urged all organizers "and others interested in civic betterment" to join

in making the concert a huge success.

Rubinoﬀ and his Violin, long a favorite American combination, is well known to millions both from his current concert appearances, nationwide radio broadcasts with Eddie Cantor, and his motion picture engagements. A conductor and composer of note, the popular maestro has retained unanimous public approval by his constant rendition of selections the public actually desires to hear. The 1949-50 tour is heralded as a concert "in tune with the times."

The famed musician will bring here for his concert the fabulous Stradivarius violin which, insured for \$100,000, is reputed to possess the most beautiful tonal qualities in the entire world; and a brand new program of famous favorites loved by the American people, such as Warsaw Concerto, Chopin's Polonaise, Gershwin's Rhapsody in Blue. These compositions will have their premier performance as violin solos arranged and played by the maestro. Tickets will be available soon.

**The New FORD
CRESTLINER**

America's Smartest Styling Anyway You Look at It

We are showing for the first time Friday, the newest sports designed automobile in America — the smart new FORD CRESTLINER.

Sweeping airfoil design in the sides outlined in bright metal gives the Crestliner that long, low, graceful look — from specially designed shining metal front wheel covers to rear fender shields.

Black basket weave vinyl top provides crisp contrast with body finish for extra smartness.

Beautifully finished two-tone instrument panel has chrome molding and the Crestliner nameplate on the radio grille. A special deluxe black steering wheel has chrome full horn ring, and special carpet accelerator heel rest in the driver's compartment.

Throughout, there's smart interior styling, with beautiful Bedford cord fabrics and fine leather, and carpeting over the entire floor — rich, black simulated leather headlining — black vinyl quarter panels with contrasting fabric — luxury wherever you look. And you'll have to look at the Crestliner to appreciate its real beauty.

Paul Moss Launches Run-Off Campaign in Blast at Ken Regan

District Judge Paul Moss today blasted open his run-off campaign for Congress by accusing Representative Ken Regan of "holding American dollars higher than American lives in Korea."

"Ken Regan can dodge all he wants to but he can't get away from the facts," Judge Moss accused.

"The blood of our American boys — many of them from right here in West Texas — is being shed today in a war that might well have been prevented if we had been quicker to give economic aid to our allies in Korea."

"Korea stands today as the Pearl Harbor of World War III. If hostilities were to cease immediately, it would still remain as one of the major tragedies of current history."

"I think Ken Regan ought to hang his head in shame."

Judge Moss, whose vigorous campaign has highlighted the Congressional race from its start pointed to Mr. Regan's record on the Korean aid proposal.

"Last January, Congress voted down the Korean aid plan by a count of 192 to 191 — with Ken Regan voting against it," Judge Moss pointed out.

"Regan's vote alone would have made a difference."

"When the measure came up again a month later, it was approved. But, once again, Regan was against it."

"Ever since, Regan has tried to explain away his stand by saying he was against economic aid but in favor of military aid."

"I will never vote to put American dollars above American lives."

Judge Moss issued his statement shortly before beginning a swing around the eastern end of the 16th Congressional District.

TEXAS VOTERS RAMSEY THANKS

BEN RAMSEY, run-off candidate for Lieutenant Governor, thanked Texas voters this week for the vote they gave him in the July 22 primary election. Ramsey, shown here in his San Augustine law office, said his heart was "filled with humble gratitude," and asked his supporters to continue the fight and elect him Lieutenant Governor in the Aug. 26 second primary. Ramsey is the only experienced candidate in the race.

WEST TEXANS ARE DYING IN KOREA

This is America's toll so far in the Korean war. Some of the dead, the injured, and the missing are from El Paso and other communities in the 16th Congressional District of Texas. For want of a single vote in Congress, these lives might have been spared. Last January, Congress voted against sending economic aid to our allies in Korea. The vote was 192 to 191. Our present Congressman, Ken Regan, was among those who opposed that expenditure. His vote could have turned the tide. Again — a month later — he repeated his stand against Korean aid when the measure came up for a second time before the U. S. House of Representatives. Today, we are spending American lives instead of American dollars in Korea.
