PLANS POLIO CLINIC . . . John L. Matthews, 36-year-old Centralia, Ill., polio victim, is shown on way to Australia in attempt to persuade Sister Elizabeth Kenney to come to Centralia and intervene and keep open a polio clinic. The clinic was closed for inability to meet standards.

Spraying Not Enough, Destroy Fly Breeding Places, Cox Urges

AUSTIN—During the last several summers, considerable enthusiasm was shown by various local organizations such as Chambers of Commerce, many Civic Organizations, and others in the arranging of a fly eradication program. Dr. George W. Cox, State Health officer, says that for taking interest in this work, the responsible parties are to be commended.

However, without year-round community sanitation the ultimate result, which is so important has not always been too successful; in some areas this has given rise to rumors that flies are DDT resistant.

"The Texas State Health Department heartily endorses a fly spraying program, providing it includes a general clean-up program carried out during the entire year," Dr. Cox said. "For example, why spray a garbage heap that not only invites but actually breeds flies when it should have been removed. Why spray the city dump when it really should be covered. I fear the unplanned spraying program is similar to the application of perfume or toilet water to overcome B.O., or the application of powder to cover dirt."

In a well-planned fly control program, Dr. Cox declared, all places where flies gather, such as dumps, rubbish piles, garbage piles, decaying vegetation should be cleaned up by hauling away and burying. Proper garbage and rubbish containers with fly tight covers should be demanded from all. All buildings should be screened. Then, secure a sprayer outfit, preferably with one or more hoses each manned by a skilled operator to spray the areas where flies and other insects will light. It does little good to spray the center of the street, the ball diamonds or the sidewalks. Spray the surfaces where insects light or breed.

A residual spray remains active until the DDT washes off or is covered with grease, dirt or soot. This usually lasts four to six weeks. After that, a second spray is recommended provided the item of clean up is still being carried out.

Vaughan Field Well Rates 50 Barrels

Rating 50 barrels of 27 gravity, oil in 24 hours based on a 32-hour gauge, Cummings, Berger & Smith No. 1 Shannon has been finalized on the pump in the Vaughan (San Andres) field in Crockett County.

The well topped the pay at 1,432 feet, drilled to 1,465 feet and cemented 7-inch casing at 1,416 feet. Location is 330 feet from the south and east lines of the southwest quarter of the southeast quarter of section 5-UV-GC&SF-R. Elevation is 2,635 feet.

Texaco No. 2 Victor I. Pierce, wildcat 2 1/2 miles south of Ozona, bottomed at 12,105 feet in lime, was swabbing mud, a little salt water and slight shows of gas.

Crockett 4-H Judging Team Wins 3rd Place

Locals Beaten Out By Menard And Coke In State Meet

In their first year of participation in wool and mohair judging, members of the Crockett County 4-H Club wool and mohair judging team won third place in the state judging meet held at A&M College Monday of this week.

Only teams from Menard and Coke county were ahead of the Ozona group in points scored. Menard's entry won first place, Coke county second and Crockett county third.

Bill Schneemann of the Crockett county judging team stood in third place in individual scoring among all team members entered in the state contest.

Boys composing the Ozona team were Bill Schneemann, Graham Childress, Jimmie and Ronnie McMullan. The team left here Sunday accompanied by County Agent Bill Bergfeld. They were scheduled to return today. Jack McIntosh, superintendent of schools, will drive the boys back in Miller Robison's station wagon, loaned for the occasion, while Mr. Bergfeld stays to attend a two-day County Agent's conference. Mr. McIntosh went to Austin the first of the week to interview prospective teachers and continued to College Station to bring back the judging team. Mrs. McIntosh is taking special work at A&M this summer and the couple's son, Winston, is a member of a demonstration reading class at the college.

Work Begins On Laying 10,000 Ft. New Sewer Mains

Entire Latin-American Area To Be Served In New Program

Work began this week on installation of more than 10,000 feet of six and eight-inch sewer mains in the Latin-American section of Ozona. Bill Cooper, manager of the Crockett County Water Control and Improvement District, announced this week.

When the work of installing the new mains is completed, the network of gathering sewer pipes will serve every house in the Latin-American settlement.

Under previous expansions of the local sewer system, mains were extended along the main streets of the Latin-American section but funds were not available in the initial stages of the installation work to put mains along all streets. Recent increases in the number of homes in the settlement have extended the need for additional sewer service and the district has been assembling the necessary sewer pipe for several months with a view to undertaking the expansion.

Necessary equipment, including a ditching machine and a crew of workers has been secured for the undertaking. Several months will be required to complete the program. When it is finally completed a connection for every house in the area will be urged as a means of eliminating one of the community's major health hazards.

Deep Wildcat Test Planned On Davidson Ranch East Of Ozona

Announcement was made this week of the staking of location for a deep wildcat test on the Davidson Ranch about eight miles east of Ozona.

Michaux and Kidd of Houston are the operators who have scheduled a 9,000-foot wildcat on the Davidson land. The operators' No. 1 C. E. Davidson will be 660 feet from the north and east lines of the south half of section 50-GH-GC&SF. Elevation is 2,540 feet.

Softball League Formed With Six Teams Enrolled

Games Slated Four Evenings Each Week In Summer Months

With six teams entered, the Ozona Softball League had its "kick-off" game at the new improved Lions Club softball park Monday night of this week. Williams Grocery defeated Wilson Motors in the season's opener.

Teams entered include Williams Grocery, Wilson Motors, Continental Oil Co., Williams Magnolia Station, Ozona Locker Plant, and Ozona Butane Co.

The league will play four nights each week through the balance of June, July and August, games being slated on Monday, Tuesday, Thursday and Friday nights of each week.

Under sponsorship of the Ozona Lions Club, the softball park has been greatly improved this year, with grass planted on the infield, additional lights installed and rearranged and the area cleared for more convenient parking of cars. The season's schedule is as follows:

June 13, Monday—Williams Grocery vs Wilson Motors
June 14, Tuesday—Continental vs Williams Magnolia
June 16, Thursday—Ozona Locker Plant vs Ozona Butane
June 17, Friday—Williams Grocery vs Williams Magnolia
June 20, Monday—Wilson vs Locker Plant
June 21, Tuesday—Continental vs Ozona Butane
June 23, Thursday—Wilson vs Williams Magnolia
June 24, Friday—Williams Grocery vs Locker Plant
June 27, Monday—Wilson vs Continental
June 28, Tuesday—Open
June 30, Thursday—Williams Grocery vs Ozona Butane
July 1, Friday—Open
July 4, Monday—Open
July 5, Tuesday—Williams Magnolia vs Locker Plant
July 7, Thursday—Wilson vs Ozona Butane
July 8, Friday—Williams Grocery vs Continental
July 11, Monday—Williams Magnolia vs Ozona Butane
July 12, Tuesday—Continental vs Locker Plant
July 14, Thursday—Williams Grocery vs Wilson
July 15, Friday—Locker Plant vs Williams Magnolia
July 18, Monday—Continental vs Ozona Butane
July 19, Tuesday—Williams Grocery vs Williams Magnolia
July 21, Thursday—Locker Plant vs Ozona Butane
July 22, Friday—Wilson vs Continental
July 25, Monday—Williams Grocery vs Continental
July 26, Tuesday—Wilson vs Williams Magnolia
July 28, Thursday—Williams Grocery vs Ozona Butane
July 29, Friday—Wilson vs Locker Plant
Aug. 1, Monday—Williams Magnolia vs Continental
Aug. 2, Tuesday—Williams Grocery vs Locker Plant
Aug. 4, Thursday—Wilson vs Ozona Butane
Aug. 5, Friday—Locker Plant vs Continental
Aug. 8, Monday—Williams Magnolia vs Ozona Butane
Aug. 9, Tuesday—Williams Grocery vs Wilson
Aug. 11, Thursday—Locker Plant vs Williams Magnolia
Aug. 12, Friday—Continental vs Ozona Butane
Aug. 15, Monday—Williams Grocery vs Williams Magnolia
Aug. 16, Tuesday—Wilson vs Continental
Aug. 18, Thursday—Locker Plant vs Ozona Butane
Aug. 19, Friday—Wilson vs Williams Magnolia
Aug. 22, Monday—Williams Grocery vs Continental
Aug. 23, Tuesday—Wilson vs Locker Plant
Aug. 25, Thursday—Williams

(Continued On Last Page)

Land Condemned For Oil Field Highway

Report of a jury of view named to assess damages for right of way for the new paved road to be built from the Midway Lane field to intersect Highway 163 at Midway Lane and from the field to Big Lake was accepted by the Commissioners Court in session here Monday.

The land in question was through the A. D. Neal ranch in northern Crockett county, about seven miles through the ranch. The jury recommended damages of approximately \$2,300.

The 29-mile stretch of paved road is to be built by the state with federal aid under the farm-to-market road program. It will intersect Highway 163 at the present Midway Lane intersection and the State Highway Department plans later to extend the highway to Eldorado and thus open a direct route to Austin through Eldorado, Menard, Mason, etc.

Efforts were made by Crockett county officials to have the road built south from the Midway and Todd fields to intersect Highway 290 about 15 miles west of Ozona and north of the field to Big Lake, thus affording a shorter route from the field to Ozona. The State Highway Department turned down the proposal, however, in favor of the other route for its later extension plan.

Opinion has been expressed locally that Crockett county should take immediate steps to lay out and pave the 15-mile stretch of road from the field to intersect Highway 290, thus affording residents and workers in the field a shorter route into Ozona than that to Big Lake from the two fields. A move on the part of citizens of this county for a bond issue for this purpose would be necessary before this plan could be realized, however.

SGRA Directors Meet In Sonora Friday, June 24

Income Tax Questions To Be Discussed In Quarterly Meet

SAN ANGELO—Plans have been completed for the third quarterly Directors' meeting of the Texas Sheep and Goat Raisers' Association in Sonora, June 24, according to Sayers Farmer, Junction, Association President.

"This will be an important business meeting and I look for a good attendance of both directors and non-directors. The wool and mohair warehousemen have been issued special invitations to attend also," Farmer stated.

All meetings will be held in the High School building—with the various committees meeting in the morning, starting at 9:30. The main meeting will convene at 2:00 p.m. in the auditorium.

C. A. (Jake) Freeze, San Angelo will discuss the present income tax situation as it affects the rancher with special attention being given to the sale of breeding animals as capital assets. Farmer said that this would be of special interest to all ranchmen because there has been some talk that the capital gains ruling might be changed. A change would cost West Texas ranchmen thousands of dollars. Other important business will make up the balance of the discussion.

The Sonora Lions Club will serve dinner to the visitors at noon, Farmer stated.

Mr. and Mrs. L. M. Young and daughter, Nancy, of Bay City and Major and Mrs. Richard Clements of Kelly Field, San Antonio, were guests in the Joe Pierce home the first of the week. The Youngs were returning from a vacation trip to Colorado and the Clements were transferring to Biggs Field in El Paso. Mrs. Pierce is the aunt of Mrs. Young and Major Clement.

SUMMER'S FIRST CASE OF POLIO DEVELOPS HERE

8-Months-Old Latin- American Victim; Clean-Up Urged

Hopes that Ozona might escape the outbreak of poliomyelitis this summer were blasted this week with announcement that the illness of an 8-months-old Latin-American child here has been diagnosed as the dread mystery disease.

Andres Galindo, 8-months-old son of Mr. and Mrs. Eugenio Galindo, was taken to a San Angelo hospital Tuesday suspected of being a victim of the malady. Dr. R. W. Pruet, who examined the child here and ordered it to the hospital, received the report of examining physicians in San Angelo while attending a meeting of physicians and members of the National Foundation polio team in San Angelo Tuesday night.

It is believed that the child is suffering from a mild form of the disease. At any rate, his condition was reported as satisfactory yesterday.

Dr. H. B. Tandy, county health officer, renewed his plea that every Ozona resident take steps immediately to see that their own premises are cleaned, that all garbage is placed in a tight container or buried and that stagnant water in tin cans, etc., is emptied and all trash and litter removed from the city.

Despite the pleas of county and health officials, many owners of property have not cut the tall weeds which have grown up in many spots as a result of the Spring's bountiful rains. The county has offered the use of its mowing machine at a nominal fee for use in cutting these weeds, as a means of encouraging the clean-up to protect the health of people in the community.

The tall weeds harbor all kinds of insects, including flies and mosquitoes, Dr. Tandy points out, and these insects are among the suspected carriers of polio. The rank weed growth, therefore, may be as much a menace as a filthy garbage heap, the health officer declared.

The county power spraying machine has also been made available to residents for spraying DDT at less than the cost of the DDT used, another service of the county in an effort to prevent the disease outbreak. This service will continue available and Dr. Tandy urges that all chicken pens, cow lots, horse lots and the like, within the city, receive regular spraying of DDT to minimize their threat to the community's health.

"The serious epidemic of polio now raging in San Angelo should inspire every Ozonan to use every precaution to prevent its further outbreak here," Dr. Tandy said. "Cleanliness, rest and plenty of nourishing food for children, thorough washing of all uncooked vegetables and fruits, and avoiding extreme fatigue or lack of sufficient sleep are among the recommended precautions."

Womack-May Wedding June 2 Announced

Mrs. Lillian May of Silvertown announces the marriage of her daughter, Frances, to Bill T. Womack of Ozona.

The couple was married June 2 in the chapel of the Trinity Methodist Church of El Paso. Following their wedding trip to southern points in New Mexico, the couple is at home at 2605 Avenue W at Lubbock. They both attended Texas Tech where Mrs. Womack is now attending summer school. The bridegroom was graduated from Ozona High School. The bride is a 1948 graduate of the Silvertown High School. Mr. Womack is now connected with his father in the drilling contracting business.

DANGER AT THE GRASSROOTS

Robert Kazmayer, the well known lecturer and commentator, recently made a penetrating observation on our internal weakness. He said: "The real danger in the U. S. today lies not in Washington, but at the grassroots. Governments have always tended to usurp more and more power unto themselves. In every free organization there is the seed of tyranny. That's why eternal vigilance is the price of liberty. The real danger in the U. S. lies with the millions who are apathetic. Democracy is going by default. Men and women are being promised by their government things—things which that government cannot deliver, not over any protracted period of time—for no government can go on promising more and more people more and more of everything, with out telling anyone that someone has to pay the bills. Lulled into a false-security by these promises men are exchanging their liberties, their initiative, their dignity, their heritage as free men, for a bunch of theories, most of which are imported from countries which are already dependent on the U.

"Second Battle Of The Alamo"

S. for support." There's no sense in kicking at the government, as if it were something separate and apart from us. The government is what we elect to office. In late years, there has been a disgraceful increase in the "gimme" attitude indulged in by individuals, by local governments, and by various groups, all seeking special favors and benefits. This represents the "get-something-for-nothing" psychology in its worst form. And it is exactly the kind of thing which starves freedom and fattens tyranny.

Mrs. B. B. Ingham and her daughter, Mrs. Bill Conklin, and

Nonie Jane Conklin have just returned from a trip to Harlowton, Montana, where they visited Mrs. Ingham's son-in-law and daughter, Mr. and Mrs. Nelson Boothe, who ranch near Harlowton. Wilburn and Ben Conklin accompanied them and stayed to spend the summer in Montana. The party did a bit of sightseeing on the trip, including a tour through the beautiful Wind River Canyon between Shoshone and Thermopolis, Wyo., and the Yellowstone Park. They spent a night with Mr. and Mrs. Dock Lee, former Ozonans, on their ranch at Hugo, Colo. The country is "green as a wheat field" from Ozona to Wyoming, Mrs. Ingham declares.

Announce Engagement Of Florence Luther And Charles Hoshall

Mr. and Mrs. C. C. Luther of San Angelo announce the engagement of their daughter, Florence Evelyn, and Charles Howard Hoshall, son of B. B. Hoshall and the late Mrs. Hoshall of Parkton, Md. Miss Luther is a graduate of Ozona High School and Abilene Christian College, having majored in business administration. She has done graduate work at George Washington University, Washington, D. C. She acted as assistant registrar on the faculty of Abilene Christian College and is now teaching domestic science and crafts at the Cynthia Warner

Smiling proof of the winsome beauty of young ladies West of the Pecos is seen in this camera study of two winners of the coveted title of "Miss Southwest" in the all-Southwest bathing revue which features the Fort Stockton Water Carnival. Georgeous Velma Cummings, 18-year-old Pecos beauty, has just been crowned "Miss Southwest of 1949" as the climax of the 1949 Water Carnival Saturday night in Fort Stockton, while gracious Anne Mims, Fort Davis and Alpine, smiles her approval at the right. Miss Mims was winner of the title in 1948. Miss Cummings won the contest in a field of more than 25 lovelies from towns all over West Texas, and with the title goes a free trip to Hollywood offered as the prize each year by the Fort Stockton Lions Club, sponsor of the annual Water Carnival.

BAPTIST W. M. S.

Members of the Woman's Missionary Society of the First Baptist Church met Wednesday afternoon at the church for a program led by Mrs. Ben Williams on "Week of Prayer for Ministerial Relief." Mrs. Sterling Stratton talked on "Veterans of the Cross."

Mrs. Sam Cox was hostess for the day and served refreshments to the following: Mrs. H. A. Gustavus, Mrs. Ben Williams, Mrs. J. T. Keeton, Mrs. Delmar Simpson, Mrs. S. L. Butler, Mrs. Clifton Tennison, Mrs. Roy Thompson, Mrs. O. C. Webb and Mrs. J. T. Patrick.

Mr. and Mrs. H. W. Maddoux had as their guests last week-end their son and daughter-in-law, Mr. and Mrs. Howard Maddoux of San Angelo. Mr. Maddoux is the assistant manager of the Allen's Shoe Shop in San Angelo. The couple celebrated their twentieth birthdays on their visit here and identical sweetheart birthday cakes were decorated by Sue Maddoux and Armond Hoover, Jr., who was also a guest for the occasion.

THE LOW DOWN FROM HICKORY GROVE

This Senator Cain—from out there in the land of skookum salmon, red raspberries, Dungeness crab, and tall firs—is showing signs of having something on the ball. Like young Lochinvar who came out of the west and rode off with the sweet little bride, this Cain person has the know-

how. Haul out your Sir Walter Scott if you are rusty on how Lochinvar did the trick.

But back to Cain. This nation has had so much fumbling, spending and guzzling of Kickapoo cures when all we needed in the first place was to dust off and oil up the same old machine that brought the U.S.A. so far so well. This boy Cain knows how to get in his licks. He showed that when he unlimbered his trusty sword and removed the scalp of the ex-Governor of his own home state, who was up

for a fancy Bureau job—but didn't get it.

This country is so tired of what we have had so much of for so long, that this new economy-minded Lochinvar comes as a refreshing change. The fellow must have a strain of Scotch—and that, above all, is one thing we have had too little of for lo, many years, there on the wide Potomac. And Sir Walter, if you still are not sure—he was a Scotsman his ownself.

Yours with the low down, JO SERRA

Your home will be beautiful with Blue Bonnet Wallpapers

You'll be mighty happy with the new patterns in Blue Bonnet Papers which have just arrived. They are so gay, so colorful, so downright beautiful that they make an old home new again!

JUNE 17th.**

PRE-INVENTORY SALE

With July the 1st at hand and our semi-annual inventory due, we feel that we are over-burdened with merchandise that we must get rid of so as not to be required to list this merchandise on our inventory.

For this reason we are having this Pre-Inventory Sale to offer to our patrons quality merchandise at real savings. All of the goods offered for sale are from our stock of nationally advertised merchandise, all from our summer stock, and all new merchandise.

Another advantage of this sale at this time is to afford all of our customers a chance to purchase some of

their Father's Day gifts at a saving. Father's Day is June 19th, and having this sale start on Friday 17, one will have two days to do his shopping for this event.

This sale is another all cash, no exchanges, no refunds, and no telephone orders deal. Only by abiding by these few requirements can we give such values so cheaply. Your co-operation along this line will certainly be appreciated.

For the anticipated success of this sale, the whole force at Lemmons Dry Goods Co., wish to express their sincere appreciation and thanks.

Daily Swings
WEST FARM MARKETS

Cotton and some other commodities showed the most strength in the unsettled southwest markets this week, the U. S. Department of Agriculture's Bureau of Market and Marketing Administration reports. Cotton advanced from 75 cents to 76 cents a bale. Corn advanced a week with gains of 16 cents a bushel. Corn advanced 1 cent to 1.15. Barley advanced 1 cent to 1.15. Oats showed slight loss.

Most feeds also sold somewhat lower than the week before, with oilseeds and meat scraps the exceptions. Dull hay markets reflected slow demand and light receipts resulting from poor harvesting conditions. Cattle and calves lost around \$1 to \$2 for the week at Fort Worth, 50 cents to \$1 at San Antonio, and 25 to 50 at Oklahoma City. Houston held about unchanged, and Denver showed gains up to \$1 in some classes. Monday's receipts ran close to a week earlier in Texas and Oklahoma but dropped a third below in the twelve leading markets. Dressed steer beef sold \$1.50 to \$3 lower for the week at New York, and veal \$3 to \$4 lower. Beef cows ranged

SAN ANTONIO'S NEW COLISEUM

The intricate pattern of fabricated structural steel employed in San Antonio's new \$1,750,000 Coliseum and Livestock Exposition Building is shown above, stretching over the arena like a gigantic spider web. Six hundred and eighty-five tons of structural steel fabricated and erected by the Orange, Texas division of Consolidated Western Steel Corporation, U. S. Steel subsidiary, will support the dome of the oval-shaped main building which is expected to be completed about July 1. General contractor is Walsh and Burney, San Antonio.

A construction feature of the steel framework is the connection of the truss ends to the base of the dome by "socket seat" instead of the more conventional welding or riveting. Each truss end is supported on a cast steel ball forced into a steel socket atop the balcony rim. The weight of the dome structure itself holds the ball in the socket. This more flexible connection allows free movement under wind pressure from any direction. Expansion joints in the steel and in the roof covering also help absorb usual wind stresses.

The spacious building, which will house San Antonio's Annual Livestock Exposition beginning with the next event in February, 1950, measures 377 x 251 feet at extreme points. Center of the dome is 90 feet above the arena floor. It will seat 7,500 persons, 6,000 in the balconies and 1,500 in boxes.

generally from \$16 to \$19 in the southwest. Sheep and lamb prices dropped

\$1 to \$2 for the week. Mutton declined \$2 to \$4 at New York, best grade dressed lamb \$4 to \$5, and lower grades as much as \$10. Monday's receipts fell to less than half those of a week earlier in the southwest. Good and choice spring lambs sold up to \$29 at Denver.

Accurate and Complete

RANCH RECORDS

Are More Important

Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

THE STOCKMAN RANCH RECORD BOOK

Veterans May Choose Privately Owned Tract Under Texas Land Bill

By BASCOM GILES
Commissioner of the General Land Office

(Editor's Note: Second of a series of articles on the Veteran's Land Program.)

The recently enacted legislation implementing the Texas Veteran's Land Board will be by the means of making the dream of thousands of Texas Veterans for a farm or ranch home of their very own, come true.

One of the most attractive features of this bill is that section which permits a veteran to personally select a tract of land suitable for agriculture or grazing held under private ownership in any sector of the state. It might be owned by kinsmen or by a co-operation—it matters not to the Board.

What will matter to the Board will be that the veteran feels reasonably sure that it will serve its purpose and needs; that it must have at least half of the mineral rights unencumbered and that the land is worth the asking price.

After the veteran has made his selection, his next step will be to furnish the Board with a complete abstract and description of the property so that it may be appraised. At the same time he files his application with the Board, he will pay to the Board his initial down payment of NOT less than five per cent of the total purchase price. In the event the application is rejected the veteran's money will be refunded and he will be free to make another selection.

After the Board has appraised the land and approved the application for the loan for the balance, the applicant will be required to execute an on or before note for forty years at three per cent interest for the balance. After receiving his contract of sale he will be entitled to take possession.

Operation of this part of the veteran purchase plan will elim-

ate the necessity for migration of veterans from one part of the State to another as a majority of purchasers will select lands adjacent to their homes where they are already familiar with production conditions. This factor will serve to lessen chances for failure.

Under the provisions of this section a veteran may purchase a tract of land up to \$10,000.00 but he will be required to tender the difference above the \$1,500.00 state finance maximum.

Another provision of the bill

sponsored by Senator John Bell and Representative Reuben Senterfitt, permits a veteran to purchase a tract of land owned by the state when such tracts are offered through duly advertised sales. The purchase will be made through sealed competitive bids with the award going to the highest bidder. To make the contract valid the minimum five per cent down payment will accompany the bid. Proper application forms will be furnished by the Board upon request. Each veteran will be limited to one purchase. However, he

will NOT be limited as to the maximum amount of land he may be able to purchase under the full loan of \$7,500.00.

The term "state owned land" does NOT include Public School Land but will include land acquired by the State from other state or Federal government agencies, or from individuals or co-operations for the purpose of resale to Texas veterans since the inception of this legislation.

Under the terms of the bill, veterans with combat connected disabilities will have a 90 day priority in (name) during which time non-disabled veterans applications will be held in abeyance.

Legislator Urges Investment Of State Funds In U. S. Bonds

AUSTIN—The State of Texas is losing about four million dollars per year by failure to invest in government bonds state funds that are not immediately needed to meet expenditures.

Representative Preston E. Smith called attention to this fact today and recommended passage of his bill to require such investments.

The state funds in question are now deposited in banks, which in turn invest the money in government and other bonds and reap the benefits therefrom, Smith declared.

"At the end of April, we had \$194 million in cash funds and suspense accounts," the representative declared. The banks pay us only \$120,000 per year on the money."

By comparison, Smith stated that interest received on \$190 million held by the United States Government for the Texas Employment Commission amounts to more than \$4 million per year.

"During this session of the Legislature," Smith said, "we have had a good deal of trouble trying to hold down spending to match the state's income." He added:

"There is no reason why we should not increase that income by \$4 million per year through proper investment of state money."

"The banks are now receiving the benefits of those investments. The money belongs to the people of Texas, and they should receive

the interest from it—not the banks."

Harry Boyd And Hagelstein Are Married In Hamlin

Harry Boyd, daughter of Mrs. W. L. Boyd of Hamlin, and Chris Hagelstein of Lubbock, were married in Hamlin at 4:00 p.m. Saturday afternoon. The ceremony was performed at the First Baptist Church in Hamlin at 4:00 p.m. Saturday afternoon. The bride wore a dress of white Irish linen decorated with millions of drawn work and a white straw hat trimmed with a powder blue veil and white satin Bible topped with a white orchid and shower-stephantis. Mrs. Phil Sweetwater, sister of the bride, was matron of honor. The groom was his brother's and Fred Hagelstein was best man. The ceremony was held at the home of

the bride's parents in Hamlin. Following a wedding trip to Colorado, the couple will be at home in Lubbock.

Mr. Hagelstein, who is employed by the Dickinson Motor Co. of Lubbock, attended John Tarleton College and was graduated from MIT. Mrs. Hagelstein, who attended Lamesa High School, Hardin-Simmons University, Texas Tech, and Baylor University, is a public accountant, holding an MA degree from Baylor University. She is president of the Lubbock Altrusa Club, secretary of the Society of Certified Public Accountants and a member of the Business and Professional Women's Club.

Jenny King Circle Hostesses At Meeting

Members of the Jenny King Circle of the Woman's Society of Christian Service were hostesses when the Society met in the church sanctuary Wednesday morning.

Mrs. D. B. Pettit was presented by the Circle in a review of "The

PUBLIC NOTICES NOW MANDATORY—Governor Beauford Jester is shown here as he affixes his signature to Senate Bill No. 375. The bill, known as the Mandatory Publication Law, requires that all public notices called for by Texas Statute be published, or the official responsible for such publication suffer loss of salary, or removal from office for neglect of duty. Senator James E. Taylor of Kirens, pictured on Jester's left, sponsored the legislation through the Senate. House sponsor was Phillip L. Willis of Kaufman. Covered by the law are all public officers of the state, counties, cities, and school districts. Governor Jester signed the bill into law June 8, and it became immediately effective.

"Song of the Syrian Guest," by William Allen Knight. Mrs. Joe Pierce led the devotional on peace. Thirty-three members and guests were present.

The Workers Circle will meet with Mrs. Lee Childress next Wednesday morning for a coffee beginning at 9:00 o'clock, with the regular business meeting and program to begin at 9:30.

There will be a district meeting

of the Society in San Angelo Friday, June 17, and all members who can, are urged to attend. Those who wish to go but do not have transportation are asked to call Rev. Horace King and arrangements will be made for transportation.

Venom of the Black Widow Spider is 15 times more potent than that of the rattlesnake.

Dr. and Mrs. Lawrence Rudd and children, Ann and Larry, and Mr. and Mrs. Jack Sparks and children, Sam, Joe and Sandra were week-end guests at the ranch home of Mr. and Mrs. Austin Mills-

paugh. The children will remain for a two-weeks visit with the Millspaughs.

Just how high is "HIGH COMPRESSION"?

WHEN the talk turns to cars and car engines these days, that's a topic you hear much about.

So it's fairly interesting to note that, even back before the war, Buick engines like this one were touring the testing grounds with compressions as high as 10 to 1.

Even later than that this same big Buick power plant has been filling our engineers' notebooks with data on 8 to 1 compression ratios.

What has come out of this? Two or three interesting points.

First of all, that this big Buick Fireball valve-in-head straight-eight already has a compression ratio that

gets as much out of present fuels as any engine on the market.

Next, that these ratios can readily be stepped up to fit higher octane gasolines as they become available.

And probably most important of all, that high compression is only one measurement of a good engine.

There's the fundamental matter of engine efficiency—power output per cubic inch of displacement, engineers call it. On that score, Buick stands where it always has—just about tops in its field!

Which means, in very simple words—better go see for yourself.

The fun you get from your car—the pleasure and satisfaction it gives you—are best measured in just one place—behind the wheel.

So we invite you to see your Buick dealer for a firsthand test of Buick. Take it in your own two hands and find out how good it feels, how full of get-up-and-go.

It won't take long to make it pretty clear that the place to get your order in is the place where you get Buick power.

Community House News

Vacation School began Monday, the 13th, and will run for two weeks. Miss Gilbert has charge of the ten, eleven, and twelve-year-olds, while Miss Taylor assisted by Edna Gonzales has charge of the seven, eight and nine-year-olds. Mrs. Floyd Henderson has told a story each morning in the opening worship service. Others will assist in the same way. The older group is studying

the Bible while the younger group are studying "The World About Us."

Mrs. Lionor Sanchez, her sister, and sister-in-law, Mrs. Juan Montes gave a shower party at the Community House for our June bride, Mrs. Antonio Cardenas. Bingo was enjoyed by those present followed by the serving of lovely refreshments.

Mrs. Juan Delgado entertained June 10 at the Community House in honor of the return of her son who has been in service abroad. Many of his friends were present to welcome him back.

A Glee Club was started last week which will meet once a week. It is hoped that this group will be ready to appear on programs when ever needed. Miss Taylor directs and Paulita Cisneros accompanies the group.

Several birthday parties were held this past week in addition to the regular activities.

Archaeologists Find Teeth Of Ancients Aid To Modern Dentists

AUSTIN—The tooth of a man who died thousands of years ago helps today's dentists assess modern dental conditions, a University of Texas archaeologist says.

Teeth information gleaned from archaeologically-recovered skeletal material assists dentist in studying theoretical aspects of dentistry—relationship of tooth wear to tooth decay, Archaeologist Alex D. Krieger says.

The information is part of a large body of valuable material being yielded by current archaeological studies of future damsites. Investigations in areas to be flooded following new power development similar to that along the Colorado River are being directed by the National Park Service, utilizing the services of University of Texas archaeologists in the Texas area.

Recently Krieger has been examining the vicinity of the proposed Falcon Dam, on the Rio Grande in Starr County, for the

campsites of ancient man and early historic buildings.

Southern Baptists Vote Record Budget

A \$10,000,000 annual budget, two-thirds of which will go to overseas missions, was voted by the Southern Baptist Convention at its annual meeting at Oklahoma City in May.

The record budget, with a larger portion than ever before designated for foreign work, was viewed by denominational leaders as essential if Christian forces are

to evangelize the world. Officials stated that the 1,000 figure is only for national overseas activities sponsored by the Southern Baptist Convention and is in addition to expenditures by local churches and annual and state groups. Southern Baptists last year contributed a total of \$156,000,000 to all causes.
