Reds Lengthen Berlin Strike Of Rail Workers

Mediation Offer By Mayor Of City's West Zone Refused

BERLIN, May 31. (AP)—The Russian-controlled railway management refused today to mediate Berlin's strike of 12,000 anti-Communist railway workers.

An offer by Lord Mayor Ernst Reuter of West Berlin to discuss settlement of the 11-day-old walk-out, was turned down by Willy Krekemeier, Reichsbahn president.

In addition, said Krekemeier, the Reichsbahn recognizes only the Communist Free German Trade Union as legal bargaining agent of the strikers.

This was a renewed rejection of one of the strikers' demands. In addition to full payment in West marks they ask recognition of UGO (Independent Labor Organization) as their legal bargaining agent. They also want re-hiring of strikers and employees fired in the past year for political reasons.

UGO leaders said the strike will continue. The stalemate today dampened hopes for early settlement of the strike, which has cost two lives, hundreds of injured, and has rail traffic tied in knots.

The American-British airlift is bringing in virtually all supplies. The Russians, whose summer military maneuvers have begun, said they would practice anti-aircraft fire today in the Buckeberg Corridor, five miles from the Berlin airport route.

Pilots reported seeing no fire, nor Russian planes. Some American officials think the announcement may be another Russian attempt to heckle the airlift.

KILLED BY STRIKERS—Albert Krefting, Seattle, Wash., was one of two American engineers reported killed by striking tin miners at LaPaz, Bolivia. The strikers seized 15 hostages among them seven Americans. (AP Wirephoto).

State Of Siege Is Declared For Whole Of Bolivia

LA PAZ, Bolivia, May 31. (AP)—The government declared a state of siege through Bolivia last night as striking mine workers seized more hostages and the walk-out spread through the tin producing area.

Two more mines and a railroad were reported closed in the strifetorn Catavia area high in the Andes where at least 27 persons, including two American engineers, were killed in bloody week-end rioting.

Acting President Mamerto Urriolagaita, said the declaration of a state of siege was decided on with cabinet approval as a result of the "revolutionary acts" by miners at Catavia.

The country had been in a state of siege from May 1 to May 20 as a result of political disturbances after the May 1 congressional elections in which the government party lost some ground to rightist groups.

The topsy-turvy Bolivian situation apparently pits the left-of-center government against unions which it charges are affiliated with rightist, nationalistic groups attempting to start a revolt.

The acting president, who replaced ailing President Enrique Herzog three weeks ago, called on citizens to support the government and keep Bolivia from "falling into the arms of anarchy."

The strike originally broke out at a mine owned by the Patiño group, Bolivia's largest tin combine. Fifteen management officials, including seven Americans, were seized as hostages and beaten severely, the company general manager said.

Ex-Officials Get Prison Terms

BUCHAREST, Romania, May 31. (AP)—Three former Romanian officials yesterday were convicted by a military court trying them for high treason for allegedly betraying state secrets to an American military attaché.

Two of the defendants were given prison sentences of 20 years and the third got 25 years. A fourth defendant who faced lesser charges was sentenced to five years.

The American mentioned in the case was Col. John R. Lovell, former military attaché at the U. S. legation here.

The 25-year sentence was given to Eugen Gheorghiu, former ministerial private secretary in the Finance Ministry. The 20-year terms went to Gen. Gheorghiu Rozin, once acting chief of the general staff, and Alexandru Theodoreanu, former ministerial director in the Finance Ministry.

Housing Drive To Aid Middle-Incomed

WASHINGTON, May 31. (AP)—A drive of undetermined strength developed today behind legislation for government encouragement to provide housing for middle-income families. Sponsors describe these as families with annual earnings of \$2,500 to \$4,000.

Rep. Hugh B. Mitchell (D-Wash.) told newsmen that 21 House members, with federal loans, would help this income group to get housing at payments of not over \$55 a month.

"This is the neglected group in the housing picture," Mitchell said. "It comprises over 30 per cent of the population. Housing offered by private builders is beyond their means. The housing bill now being pressed before Congress neglects them, too, as it intends to aid the lowest income groups."

Rutledge May Delay Bail Bid

CEDAR RAPIDS, Ia., May 31. (AP)—An attorney for Dr. Robert C. Rutledge, Jr., 28, convicted of second degree murder, says "it isn't likely" that application for bail for Rutledge will be made today.

A district court jury, after deliberating less than four hours, convicted the St. Louis child specialist Saturday night. He was accused of fatally stabbing Byron C. Hattman, 29, St. Louis aircraft engineer.

Hattman, whom defense counsel contended forcibly seduced Rutledge's pretty 23 year old blond wife, Sydney, died in a Cedar Rapids hotel room last Dec. 14. Rutledge was arrested three days later in St. Louis.

Rutledge has been in the county jail here since March 23 when he surrendered to authorities here after a lengthy extradition fight. Action to seek bail for the pediatrician will not be started until attorneys confer with Rutledge's father-in-law, Dr. Howard B. Goodrich.

Dr. Goodrich returned to Hannibal, Mo., Sunday after talking with Rutledge and his attorneys.

Lilienthal To Face Solons Wednesday

Inquiry Voted Into U. S. Air Power Policies

Plane Purchases Also Are Slated For Investigation

WASHINGTON, May 31. (AP)—The House Armed Services Committee voted today to investigate the nation's air power policies and plane purchases.

It approved unanimously a resolution by Chairman Vinson (D-Ga.) for the inquiry and decided to ask the House for a \$50,000 expense fund.

Vinson proposed the investigation by the Armed Services Committee after Rep. Van Zandt (R-Pa.) asked the House last week to create a special committee to make such an inquiry.

Vinson told the committee the investigation "will find out what lies behind these rumors and innuendoes." He said he referred to Van Zandt's statements.

Rep. Short of Missouri, ranking Republican member of the committee, supported Vinson's resolution. He said "this is not a witch hunt." It is only fair to have these matters clarified.

Republican member of the committee in response to a question from Rep. Cole (R-N.Y.), Vinson said the entire national air policy will be scrutinized, and the investigation will look into procurement of all military aircraft.

412 Lives Lost Over Week-End

By The Associated Press At least 412 persons were killed in accidents over the three-day Memorial Day week-end, traditionally opening of the summer resort and travel season.

The score: 253 killed in traffic crashes. 87 drownings. 72 deaths in fires, falls, airplane mishaps and other accidents.

The period surveyed was from 8 p. m. in all time zones Friday until last midnight.

The toll on the highways—jammed with some 30 million automobiles over the extended holiday period—exceeded the estimate of 215 deaths by the National Safety Council.

California's 47 violent deaths led the nation. Illinois ranked second with 36 fatalities, while Ohio was third with 26.

Mother Of Local Woman Dies Here

Mrs. Patience P. Bailey, 83, mother of Mrs. A. L. Stephenson, Big Spring, died here this morning.

She had been ill for the past two weeks, and had resided with her daughter for two years. Funeral has been set for 2 p. m. Wednesday at the Nalley chapel with the Rev. I. A. Smith, Park Methodist pastor, officiating. Mrs. Bailey had been a member of the Methodist church since an early age.

Survivors include one son, J. L. Franklin, Lubbock; two daughters, Mrs. Jean Arp, Lubbock, and Mrs. A. L. Stephenson, Big Spring. She also leaves a brother, J. C. Storey, Durant, Okla., and a sister, Mrs. J. P. Mote, Webster, Fla. Eighteen grandchildren and 10 great-grandchildren survive.

Pallbearers will be grandsons. Included are J. D. Arp, Lorenzo Franklin, Roy Franklin, James Franklin, Lubbock, Harvey Franklin, Kermit and Otis Burnett, Big Spring. Burial will be in the city cemetery.

Alpine Woman, 79 Is Awarded Degree

ALPINE, May 31. (AP)—Mrs. Adria Leona Brennan isn't letting her grandson and daughter at Sul Ross State College outdo her. The 79-year-old Fort Davis woman, a retired El Paso school teacher, won her Bachelor of Science degree at the college here yesterday.

Federal Hearing Set In Atom Trespassing

DALLAS, May 31. (AP)—A federal hearing is pending here for John O. Dortch, who is charged with entering the White Sands proving grounds, New Mexico, illegally last February.

SETTLEMENT REACHED IN FORD STRIKE—John S. Bugas (left) Ford vice-president in charge of labor relations and Walter P. Reuther (right) president of CIO United Auto Workers shake hands after a settlement was reached in Detroit that will send 107,000 Ford workers back to their jobs. Arthur C. Vlat, regional director federal mediation and conciliation service who helped bring management and labor together joins in the hand shake. (AP Wirephoto).

REDS SPURN BONN BID

West Envoys Hold Meeting On Snub

PARIS, May 31. (AP)—The three Western Power Foreign Ministers held an unannounced meeting this morning to consider how to meet Russia's rejection of their plan for a political union of East and West Germany.

Official British sources reported the meeting was being held. Secretary of State Dean Acheson, British Foreign Secretary Ernest Bevin and French Foreign Minister Robert Schuman were accompanied by their top advisors.

The Western ministers presumably want to decide well in advance what to do next if the four-power talks collapse.

Soviet Foreign Minister Andrei Vishinsky was reported by sources close to his delegation to have consulted Moscow by telephone last night on the terms of the speech he is planning for today.

Earlier, authoritative sources said the West would seek to salvage some form of economic unity for Germany from the conference.

The Western ministers remained in session until shortly after noon. Later an American source said the three delegations devoted much of the currency problem and should the talk to the Berlin currency issue. He said they agreed they should avoid technical aspects of the currency problem and should concentrate instead on broad principles.

It was agreed that each of the three would make brief statements of general policy on the currency item, one of the basic problems in the cold war, and then seek to have the details turned over to the committee of experts. Berlin has two currencies—the Western Deutsche Mark and the Russian-sponsored East Mark, worth a quarter as much.

As the eighth meeting of the Big Four Council got under way later, Vishinsky was reported winding up for another attack on the joint Western Powers proposals for political unity, and it was doubtful the Berlin issue could be reached today.

MEADOWS ADDRESSES HCJC GRADS

Junior College Should Respond To Community Needs, Says Speaker

Community college should be the essence of junior colleges, Oliver Meadows, Austin, told the graduating class of Howard County Junior College Monday evening.

Addressing the commencement exercises at the East Fourth Baptist church, Meadows, who is director of the institutional division of the state approval agency for veterans training, said that the junior college could and should be made sympathetic to the needs of a community.

Edward Cole, ranking student, quoted from Winston Churchill: "Let Us Go Forward Together." Progress, he said, must include recognition of shortcomings, tolerance, and understanding of the necessity of peace.

Louis Manely, in the salutatory, sketched the tie-in between education and intelligence. He said that people who are educated as well as intelligent, should have courage of convictions, be willing to obey as well as make laws, and to be good followers. Education, he said, was more effective than legislation.

Texas has increased its junior college facilities to 62, leading the nation, said Meadows. This is almost twice as many as senior colleges. The community college officials should survey the area of service constantly, he thought, to adequately meet vocational needs, but keeping in mind also the basic training for senior college training. He predicted better financial support. Five honor students were announced as Cole, Manely, J. W. Denton, Jr., T. D. Weaver, Bill Hammack. Special recognition went to Manely as president of the student council; Leroy Cristofler, student business manager; A. J. Cain, freshman president; Henry Thames, sophomore president; Dick Clifton, El Nido business manager; Jenny Miller, yearbook editor; Betty Mason, El Nido editor. Thames presented Delmar Turner, basketball captain, with a plaque to be placed on a trophy case being given by the graduating class in tribute to Harold Davis, coach.

Press Club awards went to Dick Clifton, head of the club, Jenny Miller, Betty Mason, Leroy Cristofler, Ernest Potter, editor-elect of the El Nido, J. C. Mittal, art editor for the Jayhawk (yearbook) and El Nido; E. Jean Slaughter, El Nido society editor, and Thames, copy editor for El Nido.

Dean M. J. Fields presided in absence of E. C. Dodd, president of HCJC who was in Texarkana for funeral of his mother, Dr. P. W. Malone, president of the board, presented the diplomas to 22 HCJC and three academy graduates. He also made the special awards.

Atomic Head Is Charged With Mismanagement

AEC Chief Accuses Sen. Hickenlooper Of 'Smear' Tactics

WASHINGTON, May 31. (AP) David E. Lilienthal will be called before the joint congressional committee on atomic energy tomorrow to meet the charges of "incredible mismanagement" leveled against the Atomic Energy Commission by Senator Hickenlooper (R-Iowa).

Chairman McMahon of the joint committee made the announcement after a two hour closed door meeting of the committee. The public hearing bringing Lilienthal face to face with Hickenlooper, who has demanded his ouster, will start at 8 o'clock in the morning.

McMahon said he plans to leave the questioning of Lilienthal to Hickenlooper, the next ranking member.

McMahon said Hickenlooper did not present any "bill of particulars" against Lilienthal to the committee today. But he did press his demand that he be permitted to confront the AEC head, who yesterday accused the Iowa of making "unAmerican" and "smear" charges.

Hickenlooper promptly retorted that the charges he has brought against Lilienthal's "competency" are not to be "tried out by newspaper barrages and self-praise or self-serving declarations, but must be examined in an orderly way." He said he saw no need for "historical or theatricals."

The Senate-House Atomic Energy Committee, of which Hickenlooper is former chairman, already has launched an inquiry into the charges. Both Hickenlooper and Lilienthal have called for a full public exploration of the facts.

The committee arranged a closed door meeting to hear Hickenlooper's demand that he be permitted to confront Lilienthal with what he says is proof of "incredible mismanagement."

Meanwhile, Sen. Taft (R-Ohio), Senate Republican policy leader, disclosed that he has told Hickenlooper "that I will support his stand."

"Referring occasionally to a sheaf of pencilled notes which he had prepared, Lilienthal tore into Hickenlooper's charges as "calculated to arouse fear, uneasiness, fright and ultimately panic."

Surplus milk prices affecting producers in the Big Spring area were posted by one local creamery over the weekend, it was learned this morning.

New price scales were established by the Banner Creamery due to heavier milk production recently in this area, said J. D. Merrifield, local manager for Banner. Merrifield said production usually increases at this stage of the season, but ordinarily it does not reach a level sufficient to require surplus prices in this particular area. Recent rains, shipping of milk from other areas and other factors have contributed to a surplus here this year, however, Merrifield asserted.

Dairymen who market their milk at Banner have been notified that payment for deliveries exceeding average production in November, December, January and February will be subject to surplus prices.

Posted prices are \$1.53 3/4 per butterfat pound at the base production level, \$1.10 for the first 10 percent in excess of the base, \$1 for the next 10 percent in excess of the base, 90-cents for the next 10 percent, and 80-cents for all other.

Temperatures climbed to 96 degrees Monday as a wave of growing weather" moved into this area.

This, however, was two degrees below the season's high established Sunday, said G. A. McWhen, in charge of the U. S. weather bureau.

Cool breezes in mid-afternoon Monday retarded the climb in comparatively still weather, ideal for young cotton. Outlook was for the 96 degrees Tuesday, but the wind was blustery enough to cause concern for tender plants in fields.

96-DEGREE HEAT HITS BIG SPRING

Temperatures climbed to 96 degrees Monday as a wave of growing weather" moved into this area.

This, however, was two degrees below the season's high established Sunday, said G. A. McWhen, in charge of the U. S. weather bureau.

Cool breezes in mid-afternoon Monday retarded the climb in comparatively still weather, ideal for young cotton. Outlook was for the 96 degrees Tuesday, but the wind was blustery enough to cause concern for tender plants in fields.

COLGIN'S BODY RECOVERED

Local Man Drowns In Gregory Lake

Charles Leroy Colgin, 24, drowned Monday night in Gregory lake, north of Westbrook, while on a fishing outing.

His body was brought to surface at 8 a. m. today, more than 12 hours after he had gone down when a small boat capsized.

Clyde R. Biffar, who was with him in the boat, barely made shore.

Colgin, mechanic for Griffin Nash company, Biffar, and Carter Nelson, also employed by Griffin, had gone to the lake on a holiday trip.

Biffar and Colgin were running a trot line when the boat capsized as one of them reached for a lantern.

In the darkness they could not see the overturned boat and Biffar called to his companion to remove his clothing. He tried vainly to remove his own and then struck out for shore and struck a shoal as he was exhausted.

Ray Clark, Big Spring garage operator, and D. C. Sanders, dispatcher for Big Spring police, recovered the body shortly after they arrived at the lake. They trod with small plugs before getting the grapples. Ten minutes later Colgin's body was brought to surface.

The boat had gone down at about 10 p. m.

Biffar and Nelson vainly covered the lake in another boat after Biffar made shore. When they found no trace of their companion, they summoned help from Colorado City, Sweetwater and Big Spring. Emergency alarms sounded twice in the early morning hours at Colorado City and more than 100 men, including the sheriff's and highway patrol department, went to the lake to join in the search.

Colgin apparently swam 60 yards or more before he became exhausted and went down some 40 feet from shallow water.

The body was brought to Nalley Funeral home where arrangements were pending.

Colgin, a former serviceman, was married here to Mildred Powell in 1945 and they had resided in Big Spring since that time. He was born Oct. 4, 1924 in Pueblo, Colo.

Surviving are his wife and one son, Clifton Edward, 2; his stepsons, Mr. and Mrs. W. C. Reynolds, Big Spring; his paternal grandparents, Mr. and Mrs. C. J. Colgin, Pine, Colo.

Minutes are not precious as Lives

BLOODY PICTURE PAINTED

Lewis Roars At State Officials, Mine Owners For Failure To Assure Safety

WASHINGTON, May 31. (AP)—John L. Lewis today bitterly denounced state officials and coal mine operators for what he called their failure to assure safety in the mines.

The United Mine Workers' chief called on Congress to "act now" by passing a bill which would give federal inspectors the right to close mines in cases where they felt there was imminent danger.

He declared some mine operators have no concern for human life and contemptuously referred to them as "polecats." Seven state mine inspections agencies, he asserted, "chase to ignore completely" the safety provisions of the present laws.

Lewis testified before a Senate labor subcommittee which is studying that bill.

Gloving in his usual manner, speaking now in a thundering voice

now in a whisper, Lewis said that during the last 19 years 1,259,081 miners have been "maimed, mangled and killed" in the coal pits.

He added that during the first two years of World War II, casualties in the mines exceeded those in the armed services.

"For the one (the service casualties), there was concern," Lewis declared. "For the others, there was unconcern in any public sense.

Alluding to Merlin, the legendary magician of King Arthur's day, Lewis told the committee: "If I had the powers of a Merlin, I would march that million and a quarter men past the Congress of the United States, The quick and the dead.

"I would have the ambulatory injured drag the dead after them." The UMW chief said he would have the maimed and the mangled

crawl past "so the Congress might see them trailing their bowels after them." He added.

I would have the concourse weaked by five weeping mothers of each family.

He painted a picture of 6,250,000 people "wailing and lamenting" while they filed past the Congress members.

Lewis spoke for a solid hour without a single interruption by any of the subcommittee members.

At times he stared into space while he talked. Then he would swing around in his chair and look squarely at the senators across the table. Occasionally he pounded the table for emphasis.

Lewis said the bill before the subcommittee, sponsored by Senator Neely (D-W.Va.), "is the last hope for abatement of the killing and the mangling of the bodies of the American coal miner."

# Silent Coolness In Conditioners

Coolness with the silence of a mountain breeze is the product of a concern proud of the items which bear its name.

Such is the result of Dearborn's evaporative coolers, offered in the Big Spring area by Smith Butane company at the junction of the north end of the Lamesa highway street and the city limits.

For a long time Dearborn has been a familiar name where heaters are concerned. Now, in a move designed to stabilize year around employment for its experienced craftsmen, the Dearborn company has turned to the air conditioning field.

With emphasis on quality—but

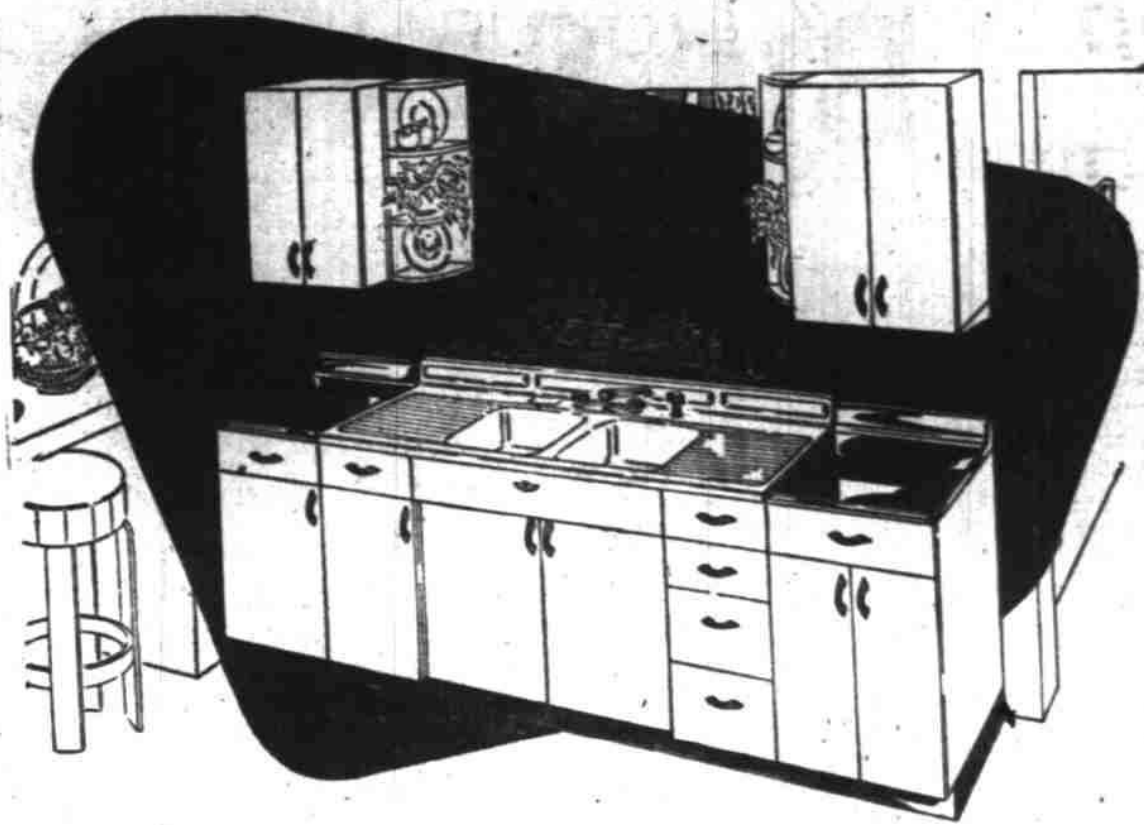

with surprisingly attractive prices—Dearborn has turned out three basic models for use. Two employ the highly efficient squirrel cage type blowers. One of these models delivers 3,500 cubic feet of cooled air per minute—and yet it is unbelievably quiet. The heavy construction is responsible in part as is the rubber-mounted motor.

But also a heavy metal disc in the center of the blower fins holds them firmly in place and minimizes vibrations. A smaller unit delivers 2,500 cubic feet of cooled air per minute.

Another type utilizes the "sifon-air" window fan for blower work and delivers 2,200 feet of cooled air per minute. This is ample for one large room or a small apartment.

All units use an exclusive patented water distribution system, 100 per cent white aspen wood filter pads, perfect fitting side panels to seal out insects, dust and rain, have adjustable louvers for air control and the famous Dearborn copper-tone finish.

**COMPLETE KITCHEN**—The famous Youngstown Kitchens a prefabricated assembly designed to fit any size room, are in stock at Stanley Hardware company here. These feature units in sparkling white enamel finish, with wall and base type cabinets as well as a special cabinet sink and, if desired, an ingenious electric garbage disposal. They are available for immediate delivery.

## New Building Adds Utility To Rowe Shop

Rowe Motor Co. patrons are finding the added services made possible by a modern, new building and addition of other equipment to their liking, based on public response to the firm's standing invitation to automobile owners to visit the new establishment.

At the new location, corner of Gregg and 11th streets, the Rowe Motor Co. is not only in a position to turn out repair jobs more quickly, but the spacious service department enables Rowe's experienced mechanics to accommodate more vehicles simultaneously.

New equipment in the modern shop is "paying off" in dependable service that has all but been a Rowe trade mark for a number of years.

The Rowe Motor Co. offers just about anything connected with automobiles, ranging down from new Packards and Jeeps to the smallest replacement part. The service department specializes in repairing and overhauling all makes and models of automobiles.

Rounding out the list of services, a complete filling station was recently opened under the same roof with the Packard and Jeep agency, parts department and service shop. The filling station features Humble products and Atlas tires, tubes, batteries and accessories, making the establishment a one-stop service concern in every sense of definition.

## Drive-In And Pick-Up Service Is Feature Of Cornelison Cleaners

The drive-in service proffered by the Cornelison Cleaners, 911 Johnson street, makes the establishment increasingly popular with anyone within motoring distance of the shop.

Customers find all they need to deliver clothes to the Cornelison concern is head their car into the shop's parking area, sound their horns and an attendant comes out to pick up their order.

For those who can't make it to the shop, Cornelison's maintains a pick-up-and-delivery service to any point in Big Spring.

Cleaning and pressing any type of clothing article, whether it be women's dainty dresses or men's work clothes, is a specialty of the establishment. All service is guaranteed. Alterations of all types are accomplished by the Cornelison people, whose work conforms exactly to specifications. Such household items as blank-

ets, bed spreads, curtains and draperies will be guaranteed longer life if cleaned the Cornelison way. Clothes going into storage or emerging from trucks should be properly processed by methods the Cornelison concern has made locally famous.

Old toggery gets a new, refreshing, up-to-date look when cleaned and pressed at Cornelison's. Business telephone number of the concern is 122.

### Suspect Jailed

BORGER, May 31. (AP) — A suspect has been jailed in connection with the beating of Mrs. Ralph Bates, 48, and shooting of Patricia Ann Gibson, 10, near here. The girl was critically wounded.

### He Coughs Up The Evidence

MONTREAL, May 31. (AP) — Backslapping police got the goods on Edward Belland last night.

Arrested while attempting to swallow a capsule of heroin, Belland was slapped on the back for five minutes. He coughed up the evidence.

# Former Top Cloak, Dagger Man For Kaiser Succumbs

LONDON, May 31. (AP) — Capt. Franz Von Rintelen, 72, erstwhile top cloak and dagger man for

Kaiser Wilhelm, died a docile London suburbanite yesterday. Operating in the United States during the first world war, he was credited with the destruction of 32 munition ships. He blamed his capture by Allied intelligence on the bungling of Franz Von Papen, German military attache in the United States and later Hitler's ace diplomat.

The spy and saboteur went to Washington in 1943, ostensibly as a diplomat. Actually he spent his time placing pencil-shaped time bombs in the holds of European-bound munition ships.

British intelligence caught up with him after a series of fires and explosions along the New York waterfront, after a young girl in the British service in Washington broke the code by which he communicated with Berlin.

The British sent a fake message to Von Rintelen, lured him onto a Dutch ship bound for Germany intercepted the vessel and took him before the man who had outwitted him, Sir Reginald Hall.

British naval intelligence chief.

In 1917, he was returned to the United States and tried for his acts of sabotage. He received a four-year prison sentence but was given a presidential pardon in 1920 on condition he leave the country. He didn't get along with the Nazis, on his return to Germany and settled in Britain in 1933, when Hitler came to power. He became a close friend of Sir Reginald, his captor. His daughter was a bridesmaid at the wedding of Sir Reginald's daughter.

Von Rintelen lectured widely in Britain during the 1930's, attacking Hitler as "a Prussian with a nostalgia for the 'days of the Kaiser.'" He had an ambition to wear the uniform of a British naval officer.

"I hate Nazidom and all it stands for," he said. "I want a chance to fight it."

Despite his anti-Nazi and pro-British leanings, he was interned on the Isle of Man at the outbreak of the second world war as a dangerous alien. He was not released until 1945, just before the end of the war.

He published several articles on the conduct of the Hitler war against the Fuhrer, he wrote: "How it was mismanaged. I should have managed that affair. Bungling from end to end."

Even to his last days, Von Rintelen was fastidious in his dress. Still, handsome, with clear, cold, grey eyes and a close Prussian haircut, he was the picture of a German militarist.

## Man Who Decided To Take Honeymoon Trip Alone Is Held

INDIANAPOLIS, May 31. (AP) — A man accused of taking a honeymoon alone in his Evansville, Ind., bride's new automobile was being held by the FBI in Oklahoma City.

FBI Agent Harvey G. Foster identified the man as George H. Sturm, 47. He said Sturm was arrested by the FBI on a charge of unlawful flight to avoid prosecution for burglary. A complaint was filed at Evansville last September.

Foster said Sturm married an Evansville widow May 10, 1948, and then allegedly drove away that night in a new car she had bought for the honeymoon. The burglary complaint charged that he returned five days later, broke into her house while she was away and stole a pistol.

The FBI agent said Sturm went to Idaho, married an Idaho woman in June and left her five days later. He subsequently was charged with issuing fraudulent checks in several states.

## Golfers Shooting For Open Berths

DALLAS, May 31. (AP) — Twenty-eight golfers today shoot for three spots in the national open tournament.

Owen L. Richardson of Houston yesterday withdrew to trim the field in the sectional qualifying meet at Lakewood Country Club. The national open will be held near Chicago, June 9-11.

RIPLEY DIES—Robert L. Ripley (above), 55, cartoonist of "Believe It Or Not" fame, died in New York, of a heart attack. This picture of Ripley was made May 24. (AP Wirephoto).

## It's Legal Now Under Moslem Law

CANNES, France, May 31. (AP) — A quiet ceremony attended by only six or eight guests Saturday made Rita Hayworth the wife of Prince Aly Khan under Moslem law.

The religious ceremony followed by a day the French civil service. Two Moslem imams (priests) journeyed from Paris to the prince's lavish Chateau De L'Horizon for the ceremony.

Aly, heir to one of the world's greatest fortunes, refused to say what dowry he gave his bride. Statement of the dowry is the main part of the Moslem ceremony.

Big Spring (Texas) Herald, Tuesday, May 31, 1949 3

## TAKEN FROM JAIL, SLAIN

# No Motive Found In Negro Lynching

IRWINTON, Ga., May 31. (AP) — With no clues or a motive to guide them, investigators searched today for white men who whisked a Negro from jail and shot him to death.

"There's nothing to go on" said Sheriff George Hatcher. "At present we don't even have a definite motive."

The Negro, 28-year-old Caleb Hill, Jr., was taken from the jail early Monday morning by two white men. His beaten and bullet-pierced body was found near a creek a few hours later.

Hatcher said an agent of the Georgia Bureau of Investigation entered the case today at his invitation.

The sheriff said he thinks there were more than two men involved in Hill's death. "I don't think two

men would try to handle something like this by themselves," he explained.

Hill was arrested by the sheriff at a Negro roadhouse near this small middle Georgia town about midnight. While he was making the arrest, Hatcher said, Hill seized the sheriff's pistol and shot at him. Hatcher subdued Hill, took him to jail and returned to look for his pistol which was lost in the scuffle.

The jail is on the second floor of the sheriff's home. He said he left the house unlocked when he went for his pistol because he didn't want to disturb his wife when he returned.

While he was gone, Hatcher continued, two white men entered the house.

"When I returned home, I went straight to bed without looking in

on Hill. The first thing I knew about his being killed was when I was called to identify a body (Hill's) this morning," Hatcher added.

Tom Carswell, a Negro prisoner in the same cell with Hill, said the slain man made no protests when the two white men came in and told him: "Come on, let's go." Carswell said the men were strangers to him and he could not identify them if he saw them again.

Hatcher discounted reports that Hill might have been killed because of rumors he had shot the sheriff. The sheriff said he went to the roadhouse to arrest Hill after a report he had stabbed another Negro.

Add your towel purchases to your convenient Ward Monthly Payment account!

# Defacing Of Public Property Is Not To Be Countenanced

The indignation of the project engineer for the Veterans Administration hospital job is shared by many other Big Spring people.

Cause for the vigorous protest lodged by the engineer is the painting of signs on the water tower, presumably by prankish individuals who wanted to place the name of the graduating class where it could be seen. This is indeed a poor manner in which to "elevate" the name.

Defacing of public property is never a savory thing. Big Spring and of West Texas have taken a peculiar pride in the VA hospital, an institution of majestic beauty and utility. It is most regrettable that the irresponsibility of a few should put a blot on that record of pride.

Let anyone should think that the act

was one to reflect credit or argue for courage, it should be denounced. Abuse of public property is not to be countenanced under any circumstance. It cannot be justified on the grounds that youngsters will be mischievous.

We would had rather the defacing been committed against a local property than installation of regional significance. The incident, were authorities a mind to press it, might have far more serious consequences than its perpetrators realize, for meeting with a federal institution is not a pleasant thing to contemplate.

Besides these reasons, there is the element of personal danger of climbing a weeping 135-foot steel tower. Youngsters could be hurt or killed doing a thing, like that.

# Storm Rumors Usually Are Just That, So Don't Fall For Them

The spring's plague of thunderstorms has many of us "tornado happy."

Not so many days ago we were deluged with calls about rumors that Odessa was blown away. When these were quieted the rumor makers substituted Crane. No later than Friday someone started a rumor here that a storm was to strike and San Angelo made inquiries repeatedly to check on reports that Big Spring had been wiped off the face of the earth.

The weather bureau has made it clear that it cannot forecast when and where a twister will strike. In the final analysis, weathermen do not know exactly what causes the conditions. They hit when and where they will and with little or no notice.

For every thunderstorm which churns up a cyclonic condition, sufficient to do

damage, there are hundreds that do nothing more than produce wind and rain. The odds are tremendously against a twister just as they are against a car striking you as you walk across a quiet street in your neighborhood. It could happen, but chances are it won't.

In the meantime, there isn't a thing you can do about a tornado, except run if you see it coming in the daytime. For peace of mind you can help by choking off these wild and idle rumors. And if there is any truth to speculation that some sooth-sayer is spreading predictions of impending storms, the authorities ought to be called. That kind of talk transcends the right of free speech and is tantamount to what Justice Holmes said about "yelling 'fire' in a crowded theatre."

# Affairs Of The World-DeWitt MacKenzie

## Britain Levels Off Incomes As Socialists Continue In Power

THE VERY CONSIDERABLE SOCIAL losses to Conservatives in recent county council elections in Britain have given rise to widespread speculation as to the reasons for these setbacks to the nation's ruling party.

Thus far no explanation which is widely satisfactory has been evolved, even in England. In general it seems to be agreed that such elections often are governed by purely local conditions and sentiment, and don't necessarily reflect the views of voters on national matters. That is, the same districts might give an entirely different vote in a national election such as is due next year.

Be that as may be, it's true that incomes in Britain are fast being leveled off, though in all fairness it must be recorded that the leveling off process was going on under Conservative rule long before the Socialists took over. As this column previously has pointed out, the so-called landed-gentry is disappearing rapidly under the very heavy taxation.

DEATH DUTIES ARE SO TERRIFIC that frequently an heir has to sell much of his property in order to meet taxes. When it happens, as I have seen it in England, that the property changed hands twice within a year or so because of deaths, then the estate may be virtually wiped out, both ready money and real estate.

British Chancellor of the Exchequer Sir Stafford Cripps recently stated during a speech in Commons that at the number of net incomes over 5,000 pounds sterling (\$30,000), after taxation, had dropped from a prewar figure of 11,000 to 250 now. It really is amazing to find that Britain can produce only 250 people with net incomes over \$20,000.

Apropos of this situation, the editors of

Burke's Peerage, which lists royalty and folks with titles, recently reported that they had lost track of 13 baronets. These are knights who have hereditary titles. Since this announcement a couple of the "missing" men have turned up, as follows:

SIR NORMAN HAMILTON PRINGLE is serving drinks at a hotel in Worcester. He laughingly explains that he has the idea of getting a job as manager of a country hotel, and took his present job to get experience. Sir John Henry Dunn, son of a former lord mayor of London, was found checking coal trucks as they came from an open pit mine near Barnsley.

A striking example of highly placed folks being squeezed financially is the case of the famous Earl Mountbatten and his wife, Mountbatten, great grandson of Queen Victoria and 13th viceroys of India, is one of the most notable figures in the British empire.

Recently the Countess Mountbatten asked the House of Lords to let her do what she wishes with the inheritance of 1,400,000 pounds (\$5,600,000) which her grandfather, Sir Ernest Cassel, left her. Under his will she can draw only the income from this sum and can't touch the capital. Only the house of Lords can alter the terms of the bequest.

LADY MOUNTBATTEN'S LAWYERS explained that because of increased taxation the income of Lord and Lady Mountbatten had been reduced to one-ninth what it was when they were married. The lawyers added:

"This reduction has coincided with an ever increasing range of public duties which have involved them in heavy personal expenditures."

What has happened to the Mountbattens has happened to a host of others whose names aren't recorded in the Hall of Fame, England is leveling off.

# Notebook-Hal Boyle

## Memorial Day Brings Thought Earth Is Tomb Of Dead Armies

NEW YORK, (AP) — THE EARTH IS A tomb of dead armies.

And very soon indeed it will swallow the last survivors of the American Civil War. On Memorial Day, 84 years after Lee offered his sword in surrender to Grant at Appomattox, only a handful were left.

Each month or so one here, another there, goes to join his spectral comrades in Blue and Gray.

It isn't particularly a tribute to southern heroism that there are more Confederate veterans alive. The South, drained of manpower, had to take its soldiers younger, in-

cluding boy volunteers of 10.

IT WILL BE A TREMENDOUS EVENT in American history when the last of these grizzled veterans passes, and the grisly Civil War enters into legend. The earth then will hold in silence all of the 3 million or more men who fought in the famous war of brother against brother.

It was probably history's first billion-dollar war. The price was heavy in terms of blood, but that bill was paid long ago. The bill in terms of dollars is still being paid.

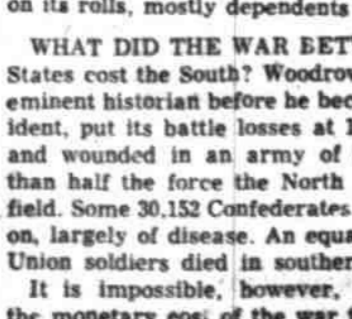

The four-year fight cost the north alone \$23 billion, some 110,000 combat dead and 221,791 lives lost by disease. The north eventually also will have paid out an additional \$8 billion in pension and compensation claims before the federal government officially closes its book on this fratricidal conflict. A year ago the Veterans Administration still had 16,372 Civil War cases on its rolls, mostly dependents of veterans.

WHAT DID THE WAR BETWEEN THE States cost the South? Woodrow Wilson, an eminent historian before he became a President, put its battle losses at 133,821 killed and wounded in an army of 900,000, less than half the force the North put into the field. Some 30,152 Confederates died in prison, largely of disease. An equal number of Union soldiers died in southern prisons.

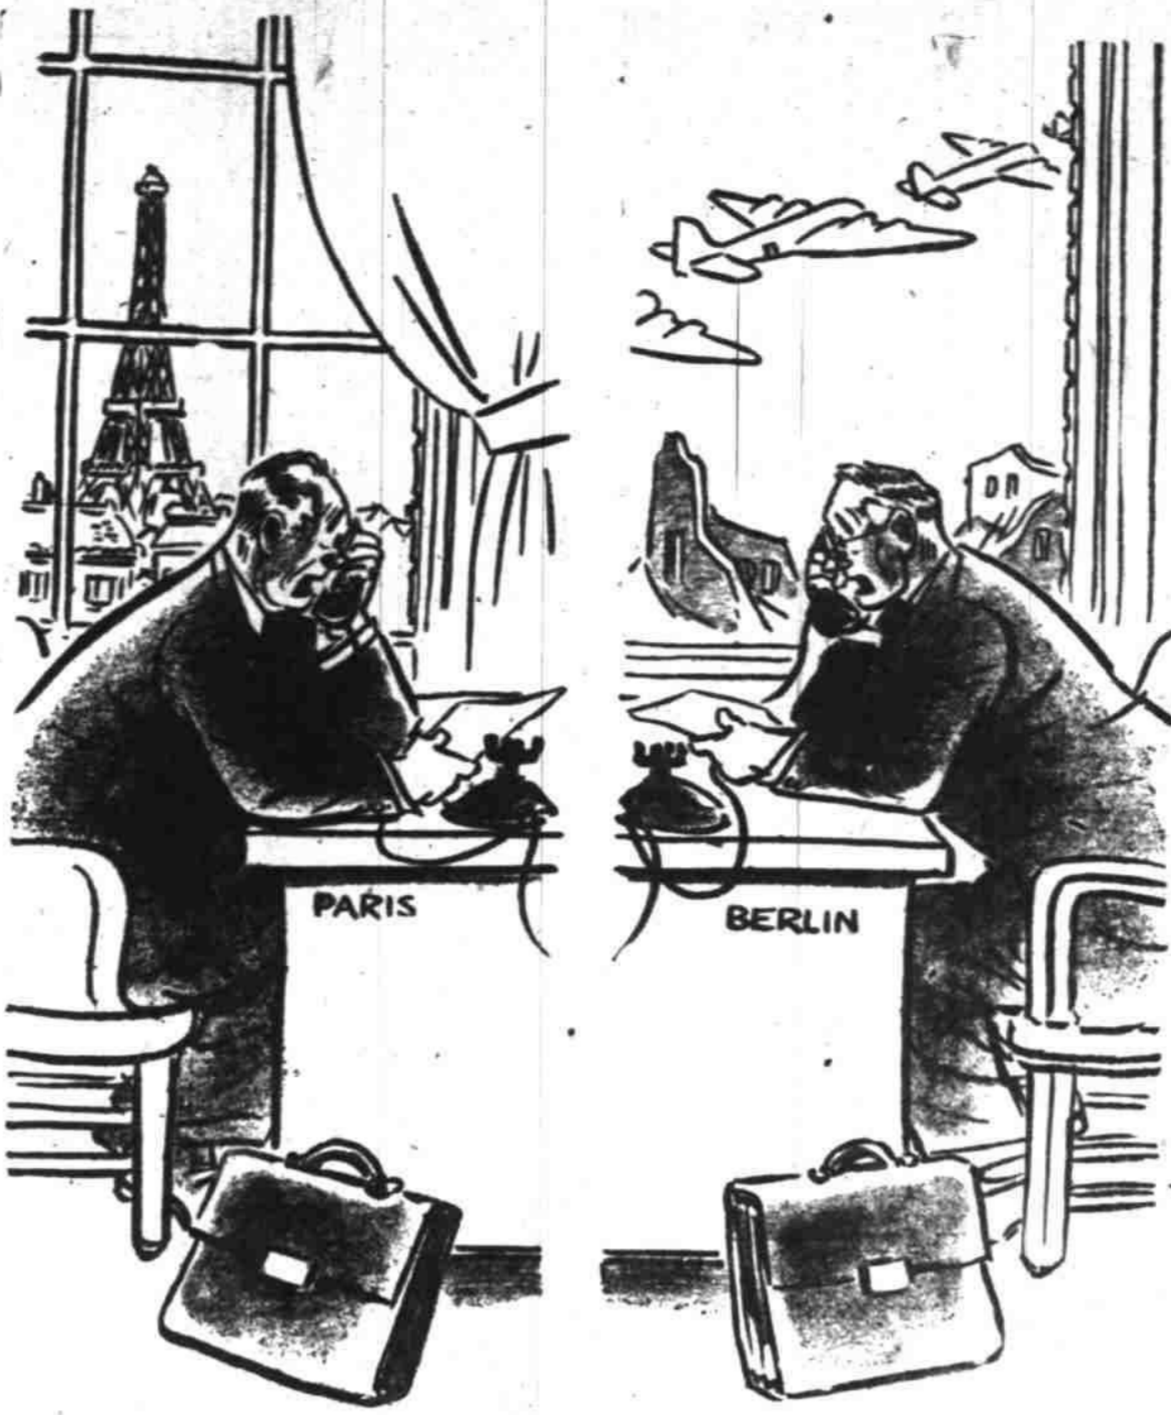

It is impossible, however, to estimate the monetary cost of the war to the South. Its industries were destroyed, its currency became worthless in rocketing inflation, for years it suffered under occupation by federal troops and northern Carpetbaggers. Defeated Germany had a far milder occupation after two world wars. There was no Marshall Plan for the American South.

# Today's Birthday

JOSEPH WILLIAM KELLY, born May 31, 1901, at Crawfordsville, Ind., son of a brewery wagon driver. This quiz started earning of the quiz kids on the radio, started earning money when 8 years old after his father died. He sang for \$2 a night at a music hall and soon afterward quit school and made \$50 a week as "the Irish nightingale" in a stock company. At 11 he was making \$75 a week, but when his soprano voice broke he dropped to office boy in Indianapolis. He started in the radio at \$12 a week at Battle Creek, Mich., but it wasn't long before he was master of ceremonies for the National Barn Dance program in Chicago. In 1940 he was chosen to direct the quiz kids in preference to professors, who "frown" on the youngsters. "Treat children as equals" is his secret.

# Merry-Go-Round-Drew Pearson

## Public Should Consider Both Sides In Probe Of B-36 And Airplane Contracts

WASHINGTON — The House Armed Services Committee's probe of the B-36 and airplane contracts opening today will make some people cringe but will be healthy for the nation. However, the public should take a good look at both sides before it does too much condemning. Here are some of the confusing and difficult facts in the case:

1. Congressman Jimmy Van Zandt, Pennsylvania Republican, who charges politics in B-36 contracts, is a Naval Reserve captain with a great eye to becoming an admiral. He is spearheading the Navy's bitter, sub rosa smear campaign against Secretary of Defense Louis Johnson and the Air Forces.

2. On the other hand, Floyd Odlum, head of Consolidated Vultee which makes the B-36, was one of the heavy contributors to the Truman campaign and helped finance the famous Truman train which made every "whistle stop."

Officially, Odlum's campaign contribution was listed as only \$3,500 to the Democratic National Committee. But five executives who take orders from him also put up \$25,000, and listed their contributions as "c/o Floyd B. Odlum." They were: Sam Baggett, J. R. Kansas, A. A. Polan, vice president of United Fruit, which is controlled by Odlum's Atlas Corp.; Sam Zermurray, head of United Fruit; and John A. Werner. Significantly all five made their \$5,000 contributions on the same day — Nov. 30. In other words, they were "Wednesday Democrats" — after the Truman victory.

3. Louis Johnson, the man who collected this money for the Truman campaign and now ok's the airplane contracts as Secretary of National Defense, was also a director and attorney for Consolidated Vultee, the airplane company controlled by Odlum which makes the B-36. Secretary Johnson's income from this company for the last six years for which Securities and Exchange Commission reports are available was:

1942 — \$16,000; 1943 — \$30,000; 1944 — \$27,665.68; 1945 — \$6,000; 1946 — \$6,000; 1947 — \$6,000.

Most of the big money to Secretary Johnson was paid when Victor Emmanuel controlled Consolidated Vultee. Incidentally Victor Emmanuel also paid a retainer to George Allen, ex-White House jester, and made him a director of Consolidated Vultee. Odlum took over control in 1947.

JOHNSON IN CLEAR

Despite this circumstantial evidence of political pressure, however, this columnist is convinced that political pressure had nothing to do with B-36 contracts.

Real fact is that the Air Force definitely decided to switch from the B-50 and the B-54 to the B-36 last July. Even earlier — around May of 1948, one year ago — the House Appropriations Committee was informed this change might be in the works. Congressman Engel of Michigan, like Van Zandt a Republican, and considered the watchdog of the Armed Services, is familiar with this fact.

Finally in January and again in March, the Air Force board of officers conclusively recommended that funds be diverted from the B-50 and B-54 to the B-36. The March recommendation was ok'd by the late Secretary For-

restal, sent to the Bureau of the Budget and the White House. The order was not actually made public, however, until April 5, just a few days after Johnson became Secretary of Defense — which, on the surface, makes it look bad for him.

The current investigation will be healthy, however, not only to clear up undercover innuendo, but because the big aviation companies have done plenty of lobbying in the past and this probe will put them on notice for the future. It will also be healthy to have the complete background of investment-tycoon Floyd Odlum brought into the full light of day.

ARMY MARRIAGE

Public memory is short. It was only 15 years ago that Burdette Wright, vice president of Curtiss-Wright Aviation Co., conducted such an astute and successful lobby in Washington that he was accused by some air generals of getting the Army to accept airplanes with a shorter cruising radius.

A few years after that, Douglas Aircraft, not Curtiss, was considered the Army's chief net. And the marriage between Donald Douglas's daughter and the son of Air Corps Chief Gen. Hap Arnold was believed helpful to the flow of orders that turned the wheels at the Douglas plant.

This may have been an unfair in as the current B-36 charges hurled against Louis Johnson, which is why it's healthy to have these charges aired by Congress.

Where Louis Johnson really comes in for criticism, on the other hand, is in his selection of Curtis Calder, head of Electric Bond and Share, to be Secretary of the Army. Calder is nothing more nor less than an Odium executive. And making him Secretary of the Army would be equivalent to putting Tycoon Odlum into this vital spot. More will be published about Tycoon Odlum tomorrow.

VITAMIN FOR CONGRESS

The president of the Louisiana Senate is flooding Capitol Hill with vitamin pills for worn-out senators and congressmen.

He is Dudley J. Le Blanc, who not only is president pro tem of the state senate but also happens to head the Le Blanc Corporation which produces Hadaeol vitamins.

Along with a complimentary bottle of vitamins for each member of Congress, Le Blanc included a note of explanation.

"During the past several years," he wrote, "I have been a state senator. Although the work of my office is not as arduous as yours, I can appreciate the fact that there are times when your duties do not permit you to eat regular meals or to eat the type of food which gives you all the vitamins and minerals your system needs to keep you in tiptop shape."

Le Blanc's accompanying answer was a bottle of his vitamins "for people who constantly work under strain and stress."

# Hollywood-Bob Thomas

## Betty Hutton Is Up In Air These Days

HOLLYWOOD, May 31 — Let's look in on Betty Hutton, who says she is hovering "On Cloud No. Nine" these days.

The blonde bombshell was resting between strenuous dance rehearsals with Fred Astaire for "Let's Dance." She enthused about her role to follow—"Annie Get Your Gun."

"I'm so excited I can't sleep—I just lie there singing 'Doin' what comes naturally,'" she said.

"Four four years I've been trying to do Annie. I haven't been happy with the pictures I've had since Buddy DeSylva left Paramount and I pleaded with him to buy it for me. I really begged them out when they let MGM get it."

Betty said she never gave up hope that she would play Annie, even after the picture began shooting. Then Judy Garland was suspended for not reporting to the set, and MGM began dickering for Betty.

"First I wanted to be sure the studio wasn't just trying to punish Judy," she said. "But then I found out she wasn't exactly happy with the role, anyway."

"After all, Judy is more the wide-eyed, retiring type. Annie calls for the loud kind of hokum I can do."

Already lined up to follow are the Mack Sennett biography (she'll play Mabel Normand) and

the life of Theda Bara.

"After that," said medical Betty, "I'm going to retire and have two more babies."

## Communities Not Improved By Policy Of Letting George Do It

Every day all of us pass by opportunities to improve the conditions in our community. We fail to open our eyes to possibilities for improvements, possibilities which constantly surround us, waiting for someone to take the lead in carrying them to completion.

Not all potential improvements are called to the attention of the general public, many depend on the thoughtfulness of individual citizens and organizations.

Several years ago, an editorial appeared in the Herald suggesting that some group take up the sponsorship of certain community projects which had almost been forgotten. Now editorials and other sorts of suggestions do not always get the job done, but this one did. A certain citizen of our community read the editorial and determined that an organization of which he was a member would bring the project to its rightful place. Today, the project is

being carried on with success.

The citizen involved might have been any citizen and the project, any project, but the important thing was that someone saw responsibility and took that responsibility. It takes more than ideas to create a growing community. It also takes someone to carry out those ideas.

Not only must someone take the lead, but those in the community who feel the project is worthwhile must be willing to follow. One of the facts many of us overlook is that it takes followers as well as leaders in order to get things done.

All of us desire to live in a community that has the best of any community its size, but few of us keep our eyes open to the advantages for improvement which surround us. Most of us would live in a better community if we would use our ideas and our abilities to an advantage in building a better community.—MILDRED YOUNG.

# Nation Today-James Marlow

## The Bigger You Are, The Less Chance You Must Take Orders

WASHINGTON, MAY 31.—THE BIGGER you are, the less chance there is for an outsider to tell you what to do.

What has just happened in Detroit, and what's happening in Paris, are good examples.

The Ford Motor Co. and the CIO Auto Workers' Union are pretty big. They had a disagreement and a strike.

They talked for days, couldn't reach an agreement, and finally decided to let an outsider, an arbitrator, settle the argument for them.

But when you move into the realm of nations, you're dealing with the biggest there is.

And that's the case with the United States, Russia, Britain, and France.

street, they just pick up their marbles and go home.

AND NO OUTSIDER, LIKE AN ARBITRATOR, can be called in to make a decision for them and tell them what each must do.

They're all too big to let an outsider do their thinking for them and each has too much at stake.

It's too soon to pass judgment on what's happening in Paris because the meeting only started last Monday and because—

What's happened so far, at least on the part of the Russians, looks more like sparing than anything else.

So far the Russians haven't contributed a new idea about Germany at all. The suggestions they've made for running Germany were either tried in the past or failed or they're outdated.

THE FOREIGN MINISTERS OF THOSE four countries have been meeting in Paris for a week, talking of working out an agreement on Germany.

So far they've been miles apart, with Russia pitching or what she wants and the other three, standing together, wanting something else.

All four foreign ministers, including Russia's Vishinsky, who not long ago was screaming at the West, are being very polite.

In fact, the New York Times has used the word "gentlemanly" to describe the conversations.

But at the rats they're going they may keep on being polite for weeks and wind up nowhere.

If they break up, as they've broken up in the past, at the end of a dead-end

THE RUSSIANS CERTAINLY WANT to win the good-will of the Germans but after a week in Paris they haven't offered one idea that would increase their popularity.

For example: They're still talking of getting \$10 billion in reparations from Germany for the war. The West said that's too tough on the Germans.

In the conversations so far the West has looked like a friend of the Germans. The Russians are still talking of inflicting severe penalties on the Germans for the war.

Since it's unlikely the Russians came to the Paris talks without some cards up their sleeves, it's still too early to talk of their success.

# Broadway-Mark Barron

## English Professional Teller Of Tales Hits Occupational Hazard

NEW YORK—When Peter Donald decided to be a professional story teller, little did he realize that such a profession would give him indigestion.

"There was a time," he said with a wry look on his face, "when I loved chicken, fried, boiled or creamed. But today I call it 'banquet buzzard', for it seems like they serve nothing else at the banquets I attend. And I know only too well how many I've attended because I've kept careful count. In the past six years I've appeared at approximately 3,000 banquets, dinners and luncheons. I've gotten so I count chickens in my sleep. If I could get one sheep in that parade of chickens I'm counting going over the fence, I know I could catch him just to get a change of diet."

Donald is an Englishman, but with his

red head, pink face and bubbling manner he looks more like a Yale undergraduate as you bump into him roaming around the Broadway broadcast studios. He is the Ajax Cassidy on Fred Allen's show, the laugh master on "Can You Top This?" and has his own air show in "Talk Your Way Out of This."

Another trouble that Donald has is with audiences, because everybody wants to top any story he tells and usually is determined to do so. He thought he was escaping story-tellers when he joined a volunteer fire department because he thought that fighting fires would keep everyone so busy that they would have no time for tall tales. Then he discovered that no one likes tall tales so well as firemen in their idle moments.

"Recently," he said in recalling his experiences with listeners, "I found an audience which was what you might call too receptive. And that is not so good. It was a charitable affair, and after I told a story one section of the audience would laugh. A few minutes later, in the middle of another story, another section of the audience would laugh. It made me uneasy."

Well, he made inquiries. It seems that the laughs came from young members of the audience, and the second laughs came from older ones who were a little slow getting the point of stories until they were explained to them in whispers by the more hep youngsters.

Donald has had to cultivate something resembling a parrot ear so that he could master the 24 different dialects he uses in his stories. You may have heard such of his simulated characters as Sadie DeKalb, Abercrombie Fofotnick, Goltie Gowanus, Herkimer Jerkimer, Hairmann School-sheimer, Lady Twoway Tiltlozsky and Skrape Doroziroff.

# New Shaw Play Considers A-Bomb

LONDON.—Bernard Shaw has written a play about the world after atomic bombing. It's called "Far-Fletched Fables" and will be published before August.

So the 92-year-old playwright to a reporter who saw the play listed to Shaw's credit in the 1949 edition of "Who's Who" and telephoned him to find out about it. Shaw's biography in the book, supplied by himself, still gives his recreation as "Being past 90."

# News Travels Fast!

HOBART, Okla.—Charlie Klein is going to learn to control his enthusiasm when it comes to promoting civic projects.

In his column for the Hobart "Democrat-Chief", he innocently remarked that as part of clean up week, he might go so far as to help his landlady with some of the chores around the house.

When Klein got home, his landlady had a long list of things for him to do around the house.

# Preaches From Bed

JOHNSTON CITY, Ill.—The Rev. R. E. Walston refused to stop preaching because a bad heart sent him to bed.

The 64-year-old pastor, confined to his bed for 30 days because of a heart ailment, answered the church bell with his usual sermon. A public address system was installed from his bed to the Johnston City Christian Church.

"It's our own idea," said Mrs. Walston. "We own the public address system and a couple of men around town fixed it up."

# Colorado City Graduates Take Trip To New Orleans; Wiggins Is Speaker

COLORADO CITY, May 21.—Members of the class of '46, Colorado City High School, left Monday for a tour of New Orleans. Class members, chaperons and sponsors will return June 3. This is the third consecutive time which Colorado City graduating seniors have made the trip via the Texas and Pacific.

Money for the educational and pleasure trip was made by class members during the school year. Faculty sponsors for the class are: Matt Graham, Mrs. Elgin Ashley and Mrs. M. C. Pysatt.

Eighty-six seniors received their diplomas in the annual commencement exercises Friday evening. Main address for the evening was given by Dr. D. M. Wiggins, president of Texas Technological College. Dr. Wiggins was introduced by Charles C. Thompson, Colorado City, president of the board of regents for Tech.

Valedictory address was made by Wanda Vowell, highest ranking scholar for the year. Bubby Dulin, second high honor student, delivered the salutatory and welcoming address. Others on the program were: the Rev. John M. Hughes, who gave the invocation; the high school vocal ensemble, directed by Mrs. Troy Wadeck, which sang Rubinstein's "Song of Hope"; H. M. Morton, principal, who made special awards; superintendent Ed E. Williams, who presented the diplomas; and the high school band directed by R. P. Rose.

Other honor students included: Sandra Alworth, Doris Cooper, Alan Hamm, Gloria Likes, Bertha Ann Porter, Bobby Price, Doris Reid and Wanda Jo Roach.

Also receiving diplomas were: Don Anderson, W. H. Barker, James R. Brown, Ted Brown, Bob Byron, Jim Candler, Carroll Chapman, Jerry Denny, W. T. Drake, Spinks Edwards, Donald Forbes, Noah Galvan, Charles Grisham, Bobby Hamrick, Charrell Harmon, Donald Harrell, John Harvey, Robert Hodge, Billy Keel, James Lester, Don McCordle, August Momyg, Elmer Miles, Allan Miles, Tom Neff, Darrell Pace, Kenneth T. Patton, Hubert Ratliff, Bobby

## Six New Sub Debs Are Announced

Six high school girls have ended their pledge period and are now members of the local Sub Deb chapter. They are: Sandra Swartz, Mitty McCormack, Jo Ann Smith, Patricia Lloyd, Martha Ann Johnson and Beth McGinnis. They were received into the club at a meeting held in the home of Sue Wasson Sunday.

Monday, a regular meeting was held in the home of Patricia Lloyd with Martha Ann Johnson as hostess.

Those present were: Sandra Swartz, Mitty McCormack, Jo Ann Smith, Patricia Lloyd and Martha Ann Johnson, new members; June Cook, Rose Nell Parks, Betty Lou Hewitt, Jean Pearce, Sue Wasson, Ann Currie, Shirley Winter and Jane Stripling, members; and Dorothy Thompson, Dorothy Satter white and Beverly Stulting, guests.

## Lucille Simpson Marries In Lubbock

In a single ring, civil ceremony read by U. S. Robinson, justice of the peace, Lucille Simpson became the bride of Clyde Payne in Lubbock Saturday evening.

The couple was attended by Mrs. Lewis Patrick, sister of the bridegroom.

For her wedding, the bride chose a white dress with black accessories.

Mrs. Payne is employed as a desk clerk at the Hotel Settles and the bridegroom is associated with the local Post Office.

Following a short wedding trip, the couple will be at home in Big Spring.

## Sewell Jones Leads Bible Study Session

Sewell Jones, minister of the Church of Christ, discussed the eighth chapter of Romans dealing with predestination at the meeting of the Ladies Bible class in the Church of Christ Monday afternoon.

Attending were Mrs. Jack Reed, Mrs. Harry Compton, Mrs. J. C. Daugherty, Mrs. C. H. Wasson, Mrs. A. B. Wade, Mrs. S. C. Rhott, Mrs. C. H. Vick, Mrs. Dave Carter, Mrs. Sarah Gibbs, Mrs. Roy Brown, Mrs. Mary Coffee, Locke, Mrs. J. B. Collins, Mrs. Sewell Jones, Mrs. L. C. Bratcher, Mrs. C. S. Kyle, Mrs. Albert Davis, Mrs. Russell and Sewell Jones.

## To Have Dinner

All members of the Big Spring Rebekah lodge and their families are invited to attend the basket dinner in the IOOF hall Tuesday evening at 7 p. m.

MRS. L. B. HALLMARK

## Rusaline Cox-L. B. Hallmark Wed In Double Ring Church Ceremony

GARDEN CITY, May 21.—Rusaline Cox, daughter of Mr. and Mrs. J. W. Cox, Garden City, and L. B. Hallmark, son of Mr. and Mrs. Luther Hallmark of Sterling City, were married Friday at 8 p. m. in the Garden City Cumberland Presbyterian Church.

The Rev. A. A. Collins, church pastor, officiated in the double ring ceremony performed before an altar decorated with baskets of blue Delphiniums. Other floral arrangements were plox.

Given in marriage by her father, the bride wore a pale blue tulle and a fitted jacket. Her hat was a band of roses. Other accessories were navy shoes and bag and pink nylon gloves. She wore a white orchid corsage.

Mrs. B. T. Houston, sister of the bride, Garden City, wore a brown eyelet embroidery dress with a yellow carnation corsage, brown straw hat and gold accessories.

Bridesmaids were Olene Dozier of Garden City, and Rosie Schafer of Garden City. Miss Dozier wore a white metalon chambray with a pink carnation corsage, white kid gloves, green sandals and a green halo hat.

Milton F. Cox of Garden City, brother of the bride, was best man. Marian Jackson, pianist, and Betty Jane Donaldson, soloist, presented the selections, "I Love You Truly" and "Because."

Following the ceremony, a reception was held in the church with Mrs. C. J. Dunn presiding at the three-tiered wedding cake. Mrs. Edwin Meyers at the punch bowl; and Bonnetta Cox at the bride's book.

For the wedding trip to Roswell, N. M., the bride chose a white gabardine jacket with a navy blue skirt and navy accessories.

The couple will reside in Garden City.

The bride is a graduate of Garden City High School and attended San Angelo Business College.

The groom attended Sterling City High School and served in the Navy. He is a rancher.

Out-of-town guests for the wedding included: Maudine Meyers, Mrs. J. C. Dunn, Mr. and Mrs. Luther Hallmark, Smokey Games of Sterling City, Mrs. B. P. Lovelace and Preston of Big Spring, Mr. and Mrs. M. E. Churchill and Winston, Mr. and Mrs. Harry Gann, Mr. and Mrs. Jack Turner, Billy Barbee, Betty Donaldson of Sterling City, Marian Jackson of San Angelo, Mr. and Mrs. Don Hutcheson of Abilene.

## RIBBON RAMBLINGS

By MILDRED YOUNG

There's, at least, one characteristic that is common to all mankind and that is the ability to keep quiet when everything goes well. Most of us have plenty to say when something goes wrong and everybody knows exactly how we feel, but when things are moving with some smoothness, we forget to say so. We've heard a little poem, which is rather stupid, but which could be applied to a lot of things. It goes something like this: "If you love me, say so, if you don't love me, say so, but if you really love me just squeeze my hand, I love that caveman stuff."

With an attempt to stand on the fence, we'll bring up the recent school teacher election. We understand that a number of the teachers who will continue with the system during the 1949-50 school year paid a visit to the superintendent and expressed a vocal vote of confidence. The important thing is not whether or not the system deserved the expression, but that individuals who felt they deserved it gave such a vote just as we understand that some who are not satisfied expressed their opinion earlier. Of course, if someone feels that they have a right to complain and good reasons to back that right, we think they should be heard. But, it would be a better place to live if both sides could be heard all of the time.

We know a number of instances when people have been sadly disappointed not because their services were not well received, but because people failed to tell them they were. We'll always be believers in saying so if you don't like something, saying so if you do like it and if you really like it by all means do something about it.

## Club To Meet

Announcement is made that the Stitch A Bit Club will meet in the home of Mrs. H. J. Agee, 704 West 18th, Wednesday at 3 p. m.

## To Have Luncheon

Members of the Gamma Delphi Society will be entertained with a luncheon in the Maverick Room of the Hotel Douglas Thursday at 12:30 p. m.

An extra 15c will bring you the Needlework Book which includes free patterns and a wide variety of designs for knitting, crocheting and embroidery.

# Allied Youth Program Discussed At United Council Of Church Women

Mrs. Wacil D. McNair discussed the Allied Youth program which was adopted in Big Spring during last summer at the meeting of the United Council of Church

Women in the First Methodist church Monday afternoon.

Mrs. McNair stated that "this program which is under the sponsorship of the local Council is a teen-age organization designed to help young people in their fight against alcoholism." She also said that "two out of three high school students become victims of alcohol during the years when it is most harmful to them." Mrs. McNair announced that there were 47 members in the local Allied Youth program.

## Sandra Rae Bloom Is Party Honoree Monday Afternoon

Mrs. Sam Bloom entertained her daughter, Sandra Rae, with a party in honor of her eighth birthday anniversary in their home, 1402 Runnels, Monday afternoon.

Games were played as entertainment and group pictures were taken. Refreshments were served by the hostess.

Attending were Robert and Rachel Phelan, Larry, Vicki and Penny Cook, Stevie and Stanley Syers, Andra Lq and Carla Gray Sledge, Jerry Brooks, Madelyn Prager, Ronald Gene Bloom, Betty Anderson, Rickie Phillips, Anita, John, Julia and Martha Ann Glickman, Mr. and Mrs. Sam Fisherman, Mrs. J. Bloom of Ferris, Shirley Fisherman, Mr. and Mrs. Phillip Prager, Mary Wasson and Mr. and Mrs. Sam Bloom.

Mrs. W. A. Laswell, program chairman, led the responsive readings and directed the group singing of "Forward Through the Ages," accompanied by Mrs. G. C. Graves.

Announcement was made by Mrs. Moree Sawtelle that a Home Nursing class will be conducted in the near future in the Westside Recreation Center. This course will include 36 skills of Red Cross work and will be conducted without admission cost.

Mrs. J. D. Benson presided during the business session. The resignation of Mrs. L. B. Edwards as treasurer was accepted.

A silver tea will be held at the Wesley Methodist church at the next meeting date, Monday, August 21.

Prayers were offered by Mrs. John Warfield and Mrs. J. D. Jenkins.

Attending were Mrs. M. L. Musgrove, Mrs. H. E. Fleeman, Mrs. Arthur Pickle, Mrs. J. D. Benson.

## Salesman's Wife Gets Order

"When my husband returned from visiting his sister," writes Mrs. T. K. Hinchey, 1415 E. Marquette Rd., Chicago, "he practically ordered me to wash his shirts in New Park. And am I glad! Perk gets all our white shirts positively snowy and the children's colored clothes look bright as new again. Just a little Perk does so much work, it really saves me money!" Mrs. Hinchey's experience confirms what 1218 washing tests proved: Perk washes clothes wonderfully white—saves one-third on soap. Put Perk to work yourself.

# TEXAS LADY LOSES 47 POUNDS

The following remarkable story shows conclusively that Barcostrale DOES take off fat. It contains nothing harmful. In fact, it contains ingredients that make you feel better. No starvation diet—no weakness—no hunger. Barcostrale, the original grapefruit juice recipe, takes off fat quickly, safely and you can eat plenty!

**Here is proof**

Here is what Mrs. H. F. Hester, Route 1, Stamford, Texas, wrote us:

"I am very glad to endorse Barcostrale, so please accept my sincere thanks and appreciation for the great benefit I derived from its use. I not only lost weight, but also looked and felt better in every way."

"I had to have a very serious operation and was told that I must lose a lot of weight before the operation could be performed. I went on a diet and tried very hard to lose it, but wasn't losing much weight until I heard of Barcostrale. I began taking it and would soon tell the difference in the way I felt and the weight I was losing. I weighed 200 pounds when I started and I lost a total of 47 pounds and was able to undergo my operation. I can truthfully recommend it to others, since it did so much for me."

**At all drugstores**

If you are overweight and want to lose off up to 50 pounds, just go to your drugstore and get four ounces of liquid Barcostrale. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoons twice a day. If the very first bottle doesn't show you the simple, safe way to take off weight, return the empty bottle for your money back.

# Millionaires, Tribe Win Junior League Features

## Three NL 9's In Deadlock

Associated Press Sports Writer  
The major league pennant races today were beginning to shape up as predicted.

The American was rightening up with such familiar contenders as Boston and Cleveland moving into the thick of it.

As a result of splits in Memorial Day doubleheaders, Brooklyn, Boston and New York still were crowding each other for breathing space in the National Circuit's top slot. All have won 22 and lost 17.

The Dodgers outlasted the Giants, first game of the twin bill. The Giants bounced back to win the second, 7-4. The Braves whipped the Phillies, 7-3, in their doubleheader opener in Philadelphia, but the Phillies came back to win, 6-5, in 10 innings of the nightcap.

Someone must give way by tonight. The Dodgers and Giants meet in a rubber game under the lights. The Braves engage the Phillies in a day affair in Philadelphia in the only game.

The Red Sox swept a twin bill from the Philadelphia Athletics, 10-2 and 4-3, to replace the A's as runner-up to the Yankees in the junior circuit.

Cleveland, victor in five of its last six, knocked off the hapless St. Louis Browns twice, 2-1 and 5-0. The Indians needed 12 innings to win the opener.

Detroit and Chicago exchanged close decisions. The Tigers won the opener, 3-2, and the White Sox took the second, 2-1.

The St. Louis Cardinals took over fourth place in the National League from Cincinnati by one percentage point by defeating the Reds in both ends of their twinbill, 8-6 and 9-2. The loop's tail-enders, Chicago and Pittsburgh, divided a doubleheader. The Cubs grabbed the first game, 8-5, and Pittsburgh took the nightcap, 8-6.

It took an eighth inning home run by Ted Williams with one aboard to give the Red Sox their double triumph.

Gene Bearden and Rookie Mike Garcia pitched the Indian, to their twin triumph. Bearden allowed only five hits in the 12-inning opener. Garcia hurled six-hit ball in the nightcap.

Righthander Walter Masterson and First Baseman Eddie Robinson collaborated to defeat the Yankees, 6-2, in the opener. Masterson stopped the Yanks with six hits. Robinson led the Senators' ninth-inning attack with a double and two singles. The Yankees blasted four Nat hurlers for 20 hits and a 13-3 triumph in the second game.

Jackie Robinson's home run in the 13th inning won the opener for Brooklyn. Homers by Whitey Lockman and Johnny Mize helped Clint Hartung rack up his fifth victory in the nightcap.

Home runs by Clint Conaiser and Jimmy Russell deflected Bill Voiselle and Boston helped Philadelphia in the opener. Del Ennis clouted a 10th inning triple, and scored on Andy Seminick's fly, to give the Phils an even break.

## Looking 'Em Over

by Tommy Hart

Big Spring (Texas) Herald, Tuesday, May 31, 1949 7

Battle-wise Ernie Nelson, who has seen them come and go in professional baseball for 11 seasons, says he doesn't think Longhorn league teams are playing the calibre of ball evidenced in the circuit in 1947.

He adds Midland and Big Spring that season were the top teams in the loop's three-year history. Naturally, he'll get some argument on that point, since there are local fans who think the 1948 Bronco club excelled in the 1947 nine. The current outfit could outdo either one, though it remains very much a darkhorse outfit.

Nelson aspires to become a manager, in fact, has had two offers but passed them up. He could blossom out as a skipper as early as next season, should make a splendid one. Ernie is the type of fellow who never hesitates to question the decision of an umpire, if he thinks he's wrong, but always does it in a nice way.

Local fans are about ready to believe that Midland has the best fielding shortstop in the league in Stan Hughes. Hughes wields a big stick, too, will probably hit better than .300 in this year.

Stan pulled several fielding gems in the recent series here. In one instance, he cruised behind second base to pick up a slow roller and threw quickly to nip the runner.

**SATURDAY THRILLER ONE OF BEST EVER WITNESSED HERE**

The 14 1/2 inning thriller witnessed here Saturday night was, without doubt, the greatest defensive struggle ever seen in Steer park. In fact, it was the first game in history in which neither team was able to score through ten innings.

Odd part about the contest was that Bill Gilliam was supposed to hurl for Midland that night. He developed a sore arm during his warm up, however, and Glenn Patton took over.

Nelson had planned to hurl both games Sunday afternoon but altered his strategy when the Hosoes got to him for 12 hits in the opener.

He admitted later the years were finally taking their toll.

**PASCUAL HOMERS ONE OF LONGEST ON RECORD**

The home run hit by Carlos Pascual which decided the second game of the Sunday twin bill was one of the longest ever seen here. The blow cleared the Lone Star sign in center about 380 paces from the plate.

Willie Wynns, who performed for Ballinger last season, is now short stopping for the Berger Gassers. He hit two home runs against Lamesa Saturday night.

Pat Lorenzo, the ex-Big Springer has turned catcher for the Clovis Pioneers.

**CALIFORNIA UNIVERSITY LOSES ALL-AMERICAN GRIDDER**

Jackie Jensen, the All-American back for the University of California, passed up a great chance to rate the mythical eleven again this fall when he signed to play baseball with the Oakland A's of the Coast league. He's a pitcher and was good enough to rate a \$6,000 bonus from the A's.

**STEWART MAY BE HERE FOR INVITATIONAL TOURNEY**

Earl Stewart, Texas' top golfer two or three years ago, toured the Big Spring country club in even-par 72 in a practice round Saturday. He returned to that course Sunday and turned in a 73. Earl, who has been visiting the Marvin Millers, said he planned to return for the Big Spring invitational tournament, which comes off in September. He now lives in Longview, by the way.

Sewart is a Dallas boy who attended Louisiana State University.

## Lefty Shelton Halts Cavuses Behind Colts

SAN ANGELO, May 31.—An ancient hurler up from the semi-pro ranks, Lefty Shelton, mesmerized the Big Spring Broncs with four hits as San Angelo won a 4-0 decision before some 1,500 fans here Monday night.

Shelton, who has been playing with the Forzan Oilers of the Tri-County independent league, was never in trouble. Of the four safeties he surrendered, only Pablo Molina connected for extra bases. He hit for three in the eighth.

The veteran wronglander struck out 11 men and walked but two.

For the Hosoes, it was the second time in three nights they had been whitewashed. Glenn Patton of Midland had set them down with only one blow in 11 innings Friday night.

The Colts picked up two unearned runs in the sixth when Gil Guerra threw wildly to first. Jake McClain clouted a four-master in the eighth.

Bert Hernandez, Big Spring second sacker, was chased from the game from arguing a decision with the arbiter. Molina took over at the keystone sack.

The two teams tangled in Guinn stadium again tonight, after which the Broncs return home to clash in the first of a three-game series with Odessa.

Despite the loss, the Hosoes did not lose ground to second place Vernon. Ballinger upset the Dusters.

## 3rd Place Cats Gain On Flock

By WILBUR MARTIN  
Associated Press Staff

The "Creeping Cats" sounds like a good mystery novel. But there's nothing mysterious about the way Fort Worth has crept within a game and one-half of the Texas League leaders.

The Cats rallied to thump Tulsa 5-4, last night and extend their winning streak to seven games.

First place Dallas lost to Oklahoma City, 3-4, but second place San Antonio stayed a game back by bowing to Shreveport, 2-7.

Beaumont smacked Houston, 7-3 to make up for some of the losses handed it by the Buffs the past few days.

Sam Dibiasi got on base with a single and came home on Dick Williams' one-base hit to beat Tulsa in the ninth inning. The victory was Joe Landrum's seventh of the season.

Damon Hayes' pinch double scored two runs in the ninth inning to wrap up Oklahoma City's triumph.

Four runs in the sixth inning beat Houston for Beaumont.

A big five-run seventh inning smashed San Antonio as Shreveport took a tighter grip on fourth place.

The same teams meet again tonight.

## Cayuses Retain Lead Despite Loss To Colts

By The Associated Press

The Big Spring Broncs continue to hold a two-game lead over the Vernon Dusters in the Longhorn League today, after both clubs took it on the chin last night.

The San Angelo Colts defeated Big Spring, 4-0, behind the fourth-hurling of R. L. Shelton. Jake McClain smashed a home run and two singles to pace the Colt batters.

The Ballinger Cats scored four runs in the second frame and went on to down Vernon, 5-3.

The Roswell, N. M., Rockets garnered 13 walks and 13 hits in trouncing the Sweetwater Swatters, 14-5.

The Odessa Oilers counted three runs in the first frame and four in the second on their way to a 9-7 victory over Midland.

## Cagers To Baylor

WACO, May 31.—Two star high school basketball players, Darrell Davis of Pampa and Bob McDonald of Fort Worth, will enroll in Baylor next fall. Coach Bill Henderson made the announcement.

# NO MISTAKES Patience Paid Off For Bill Holland, Indianapolis King

INDIANAPOLIS, May 31.—Bill Holland, the veteran speedster from Reading, Pa., is a patient fellow—a guy who can wait for the breaks.

Holland today holds his first Indianapolis Speedway 500-mile classic race title and it all came about because he was willing to wait for misfortune to overcome the car he was trailing.

He watched Duke Nalon set a fantastic pace in his Novi Mobil Special for 55 miles at the start of yesterday's grind. Nalon, who rode out of Sherman Oaks, Calif., averaged almost 128 miles per hour in breaking a long string of records for the first 25 miles.

Then Nalon's car became a burned-out wreck on the northwest retaining wall. He suffered second degree burns. Rex Mays, shooting his first triumph for the 12th time, then took over and Holland still waited.

Mays' engine conked out at 90 miles. Then Lee Wallard, a second-year driver from Schenectady, N. Y., grabbed the lead, and Holland still played his waiting game. Wallard, driving the late Ted Horn's Maserati, was slowed by clutch trouble and finally dropped out.

This was Holland's cue. He

grabbed the lead at the 137 2-3-mile mark and never was headed. He even got a break in the last 20 miles of the race when Mauri Rose, the South Bend, Ind., engineer, who was seeking an unprecedented fourth victory, was halted by engine trouble.

The speedster will pass out about \$185,000 in prize money tonight at a dinner for the drivers.

Holland's share is a matter for speculation, since it depends on his private agreement with Lou Moore, owner of the Blue Crown special he drove.

Whatever he receives he earned it. Holland didn't make a mistake that shows in the race chart as he set up a new record of 121.377 miles an hour, and an elapsed time of 4:07:15.97.

The 41-year-old Holland established new standards every lap in the last 250 miles of the race.

Johnny Parsons, speedway rookie from Van Nuys, Calif., took second money in a Kurtis-Kraft Special. Myron Fahr collected fourth money for his first "500" effort in the Marchese Special.

George Connor of Los Angeles, veteran of 20 previous Memorial Day races, came in third with the baby brother of the Holland and Rose Blue Crown.

## Merchants Play Thursday Nite

The Big Spring Merchants softball team, which split a twin bill in Carlsbad, N. M., last Saturday night, will journey to Midland Thursday evening for a joust with Joe Robertson's aggregation.

The Merchants are also booked to play a return double header with Carlsbad here Saturday night, June 11, and the New Mexicans may stay over Sunday for a single game.

Carlsbad won the opening game from the Merchants, 4-3, last weekend. Henry Satterfield was the winning pitcher. L. D. Cunningham, on the mound for Big Spring, pitched hitless ball for the first five innings.

Big Spring came back to win the second test, 10-4. Winifred Cunningham tossed hitless ball for six frames and struck out 13 men.

# BILL HOLLAND WINS GRUELING INDIANAPOLIS RACE at 121.377 MILES PER HOUR on Firestone TIRES!

## Publicity Jinx Has Proved Itself In Texas Collegiate Athletics

By HAROLD V. RATLIFF  
Associated Press Sports Editor

DALLAS, May 31.—It long has been the contention of sport followers in Texas that magazine stories are kisses of death for athletic teams. And hanged if the records don't pretty well carry it out. For example:

In 1947 when the mags were talking about Rice and Texas S. M. U. was undefeated. Last year when the Methodists were plastered over the magazine covers they lost a game unexpectedly to Missouri, which later was slaughtered by Oklahoma.

The best fodder for those who decry magazine stuff as a deterrent to athletic hopes in 1941 when Texas was tied by lowly Baylor and beaten by almost-as-lowly Texas Christian when it was supposed to be Rose Bowl bound. The week of its defeat Texas was on the cover of a magazine.

And now think of what happened to the University of Texas spring football team. It was unbeatable and seemed destined to set a world record. But before the last track season opened a national magazine carried a story on this famed quartette. So what happens? Three members of the team were knocked out with leg hurts in the Southwestern Exposition Meet at Fort Worth and the team never could recover.

Southern Methodist's football team, however, won't be facing such a jinx next fall. It already has faced it. The magazines undoubtedly will be full of S. M. U. stuff but there can't be any more than last fall—in fact, there hardly can be as much.

The best professional baseball prospect in Texas these days is Big Tom Hamilton, the Texas U. first baseman. Hamilton has been a prospect since he was a Dallas schoolboy star.

But the pro teams are going to have to wait another year. At the time he was finishing Crester Tech at Dallas, Hamilton said he would go to college and get his degree before he entered pro ball. He has stuck to that resolve and although he could sign now at a handsome

## Snead Reaches Finals In PGA

By ROBERT MOORE  
RICHMOND, Va., May 31.—Sammy Snead, cocky about his new-found ability to putt, and Johnny Palmer, whose greens wizardry has never been questioned, face each other today for the thirty-first PGA championship.

This was the first time the two golf stars ever tangled in match competition.

Snead of White Sulphur Springs, W. Va., was making his fourth appearance in the PGA finals, the slammer won the crown in 1942 by downing Jim Turnesa, 2 and 1.

This was the first PGA finals appearance for Palmer of Badin, N. C.

Snead won an uphill 3 and 2 victory yesterday over Jim Ferrier, the transplanted Australian from San Francisco.

Palmer routed Lloyd Mangrum of Chicago, 6 and 5.

## Linksmen Compete In Putting Meet

Second in a series of summer putting tournaments will be staged at the country club, starting at 8 p. m. today.

Both men and women members of the club are eligible to compete for the prizes, upon payment of a 50 cent entry fee. All money will be converted into premiums.

**LEGAL NOTICE**

**SHERIFF'S SALE**  
 COUNTY OF TEXAS  
 Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Howard County, on the 16th day of May 1949, by a judgment rendered in said court, docketed and filed on the 20th day of August, 1948 for the sum of Four Hundred Twenty Eight and 00/100 dollars and costs of suit, under a judgment, in favor of Dick Adams in a certain cause in said court, No. 883 and styled Dick Adams vs. J. G. Highower and Wynon Highower, placed to my hands for service, I, E. L. Wolf, Sheriff of Howard County, Texas, did, on the 28th day of August, 1948, levy on certain Real Estate, situated in Howard County, Texas, described as follows, to-wit:  
 Lot Number Nine (9), in Block Number Four (4), Cedar Crest Addition to the Original Town of Big Spring, Howard County, Texas, and levied upon as the property of J. O. Highower and Wynon Highower, and that on the first Tuesday in June 1949 the same being the 7th day of said month, at the Court house door of Howard County in the City of Big Spring, Texas, between the hours of 10 A. M. and 4 P. M., I did read and said Order of Sale, I will sell above described Real Estate at public vendue for cash, to the highest bidder as the property of said J. G. Highower and Wynon Highower.  
 And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Big Spring Herald, a newspaper published in Howard County, Texas, without my hand, this 16th day of May 1949.  
 E. L. WOLF, Sheriff Howard County, Texas.  
 By HILLYE HIX, Deputy.

**'Stewardship' Is Topic For Baptist Meeting**

A playlet, "Stewardship of Women," was presented by the Woman's Missionary Society in the First Baptist church Monday afternoon, with Mrs. J. C. Pickle as reader.  
 The synopsis of the playlet was written by Mrs. Hammons Mobley and those on the program included Mrs. J. B. Langston, Mrs. J. C. Lane, Mrs. Archie Clayton, Jr., Mrs. M. E. Boatman, Mrs. S. Marie Haynes and sons, Carl Phillips and Johnny.  
 Mrs. P. D. O'Brien brought the devotional, "Ministerial Relief," with scriptural readings in 1 Tim. 4:13. Mrs. A. F. Underwood led the group singing of "Amazing Grace," with Mrs. Mobley as accompanist.  
 Mrs. W. B. Younger spoke on the subject, "Veterans of Foreign Wars." Mrs. John B. Gordon of fered the benedictory prayer.  
 Attending were Mrs. P. D. O'Brien, Mrs. Archie Clayton, Jr., Mrs. H. C. Robinson, Mrs. M. E. Boatman, Mrs. Beulah Bryant, Mrs. C. C. McDonald, Mrs. V. W. Fugliar, Mrs. Alton Underwood, Mrs. W. B. Younger, Mrs. John B. Gordon, Mrs. A. L. Hobbs, Mrs. R. D. Ulrey, Mrs. D. J. Wright, Mrs. W. R. Puckett, Mrs. Roy Phillips, Mrs. Theo Andrews, Mrs. O. B. Hull, Mrs. Marshall Pierson, Mrs. J. B. Langston, Mrs. J. C. Pickle, Mrs. Hammons Mobley, Mrs. J. C. Lane, Mrs. S. Marie Haynes, Carl Phillips and Johnny and Mrs. J. E. Hardesty.

**Piano Recital Scheduled For Wednesday Night**

Lower grade school students will be presented by Ann Gibson Houser in a piano recital to be held in the high school gym Wednesday at 8:15 p. m.

Those to appear include: Sally Adair, Kay McGibbon, Sherre Baker, Teddy Groebel, Judy Masters, Deanna Ward, Leanna Ward, Lynn Thornton, Dolores Howard, Patricia Plant, Judy Brown, Phil Puckett, Claudia Nicholas, Don Summers, Prissy Pond, Robert Stripling, Barbara Coffey, Ronnie Burnam, Linda Wehner, Johnny Phillips, Billie Jean King, Nancy Strahan, Cecelia McDonald, Jane Cowper and Sally Cowper.  
 Upper grade students are to be featured tonight at 8:15 p. m. in the high school.

**Name Midland Man Lions Governor**

PECOS, May 31 (P)—Jim Daugherty, Midland, was named district governor of District 2-A of the Lions yesterday.  
 The district convention will be held next year at Alpine.  
 Big Spring Lions attending the convention were District Governor Schley Riley, Jack V. Smith, cabinet secretary, C. C. Jones, K. H. McGibbon, and Joe Pond. Mrs. Riley, Mrs. Smith and Mrs. Jones also attended.  
 Big Spring was prepared to ask for the next convention, but yielded to Alpine. Three hundred registered for the party and two surprise candidates for district governor withdrew from the floor in favor of Daugherty.  
 North Dakota leads the other 47 states in the production of spring and durum wheat.

**COVER PROVES VALUE Water Absorbed By Range Land**

Range land with a good cover took up all of the two inches of water applied in tests completed last week on the George Dameron place north of Midland. Ben Osborn, range conservationist with the Soil Conservation Service at San Angelo, reported that there was no runoff on plots of side oats grama, blue grama and black grama with a good cover.  
 The water was applied to the plots in the form of raindrops falling at the rate of two inches in twenty minutes. On similar soils where the ground cover was poor to fair, runoff started on the plots from one to eight minutes after starting the tests. Osborn said:  
 Dameron, a cooperater with the

**American Legion To Have Bang-Up Time At El Paso**

EL PASO, May 31.—Eight-seeing tours military displays, floor shows, a bull fight in Juarez and an address by their state commander, Former Attorney General Bill McGraw of Dallas are among the many events awaiting American Legion delegates and visitors to the Fifth Division convention which will be held here Saturday and Sunday.  
 The Fifth Division is composed of Legionnaires from 198 posts in the Sixteenth, Seventeenth, Eighteenth, Nineteenth and Twentieth Congressional Districts and is commanded by Vernon Blodgett, of Kerrville. The Fifth Division had 24,241 members as of May 19.  
 Convention headquarters will be at the Cortez Hotel where delegates will register starting at 9 a. m. Saturday morning. A luncheon at the hotel will be followed by a sight-seeing tour to Beaumont hospital and other El Paso points. This will be followed by a visit to Juarez in Mexico. That evening a reception, dinner and dance will be enjoyed at Cortez Hotel.  
 Col. A. M. Lawrence is general convention chairman. Department Adjutant G. Ward Moody. National Executive Committeeman H. Miller Ainsworth and the five district commanders under Commander Blodgett are scheduled to attend the convention. The commanders are William J. Sohl, Alpine, 16th district; P. C. Stacy, Stephenville, 17th district; Charles C. Gibson, Amarillo, 18th district; T. A. Thigpen, Big Spring, 19th district and George Sullivan, Kerrville, 21st district.

**House Expected To Approve Funds For State Hospital Here**

Prospects are good that the House will join in a substantial appropriation for the Big Spring state hospital, Rep. R. E. (Peppy) Blount said Tuesday.  
 Last week the Senate sent a bill to the House for \$4,225,000 to expand the hospital for mentally ill here. Blount said he was hopeful that the full amount could be appropriated.  
 "Several of us have been working a long time on this," he said. Previously, the house finance committee failed to make any capital outlay provisions.  
 Blount said he was going to move for House concurrence in Senate bills for dividing the 70th district court into the 118th (Howard, Martin, Glascock) and the 70th (Midland and Ector). Blount authorized the original bills in the House. A similar procedure was to be followed on water district bills affecting Big Spring and Odessa. He said he authorized two measures in the House, but the Senate measure has one amendment. To get around a conference committee, Blount said he was prepared to move for concurrence and then take the bills to the governor.

**Truman Dinner**

WASHINGTON, May 31.—The annual vice president's dinner in honor of President Truman will be held tonight at the Carlton Hotel. Vice President Barkley said today about 85 guests have been invited.

**MARKETS**

**COTTON**  
 NEW YORK, May 31.—Noon cotton prices were 35 to 36 cents a bale lower than the previous close. July 22 33, Oct. 28 37 and Dec. 28 68.  
**LIVESTOCK**  
 FORT WORTH, May 31.—Cattle 3.50; calves 1.00; fed steers, yearlings and heifers active around 50 cents higher; cows uneven; bulls largely steady; good and choice slaughter and stocker calves strong to unevenly higher; medium and lower grades steady in sales; good fed steers, yearlings and heifers \$4.00-7.00; common to medium 17.00-21.50; beef cows 18.50-19.00; calves and cutters mostly 12.00-14.50; 16.00-21.50; stocker steers and yearlings 17.50-24.50; lightweight yearlings to 38.00; stocker cullers to 16.00-18.00; medium to choice stocker steer calves 20.00-24.50; heifer calves 25.00-28.00; common to medium 17.00-20.00; 22.00-26.00; common to medium 17.00-20.00; Hogs 1.200; butcher hogs mostly 25 cents higher; sows steady to 30 cents higher 40-50.00; culls 14.00-17.00 and pigs steady with top 21.00 paid springing; good and choice 180-200 lb. 20-30-75; good and choice 180-190 lb. 18.00-30.30; sows 16.00-17.50; feeder pigs 14.50-17.50.  
 Sheep 21.00; spring lambs steady to 36 cents lower; short slaughter lambs and yearlings steady to 1.00 lower; aged sheep 5.00-6.00 lower; good and choice spring lambs 27.00-30.00; common and medium springers 20.00-28.50; medium and good shorn lambs and yearlings 12.00-20.00; common to good ewes 4.00-12.00.  
**WALL STREET**  
 NEW YORK, May 31.—The stock market floundered around in a fractional price range today.  
 Gains and losses were in fairly close balance and numerous stocks showed no change at all from Friday's finish.  
 Traders evidently found little in the week-end news to stimulate their interest. Business was slow from the opening bell onward.  
 One issue, however, was affected by developments over the weekend. Day after day, Patino Mines dropped around 1/4 point to 1 1/2, a new low for the year, following news that that trading had been shut in the company's properties in Bolivia during the week end.  
 The usual stockholders' meeting is scheduled to be held in New York today.  
 Also lower were U. S. Steel (at a new low for the year) and Goodyear, which fell 1/2 point. Studebaker, U. S. Rubber, Sears Roebuck, American Telephone, Phillips Dodge General Electric, International Paper, 3-Insola Central and Texas Co.  
 Boosted a bit were Youngstown Sheet and Tube, Goodyear, Goodrich, Consolidated Edson, Kennecott Copper, Cerro de Pasco, American Baltimore & Ohio, Chesapeake & Ohio, and Warner Bros.  
 Corporate bonds moved narrowly. U. S. Governmentals held steady in the over-the-counter dealings.

**Trouble Brewing For Grasshoppers In Howard County**

Poison bait to be used in controlling grasshoppers which are threatening Howard county farm crops was being prepared this morning at a central mixing station, County Agent Durward Lewter reported.  
 The farm agent said that sodium-fluo-silicate was being used as the lethal agent, since most farmers apparently prefer it over other types. The bait is composed of wheat bran, cottonseed hulls, syrup and water. It is furnished without charge, except for freight and storage fees and labor costs at the mixing station.  
 However, all bait of that type must be prepared at the central mixing station before it can be distributed. Lewter said. Several farmers already had requested supplies at the county agent's office this morning.

**WEATHER**

**BIG SPRING AND VICINITY:** Partly cloudy this afternoon, tonight and Wednesday. Windy scattered showers this afternoon and evening. Not much change in temperature.  
 High today 85, low tonight 75, high tomorrow 84.  
 Highest temperature this date 100 in 1921. Minimum rainfall this date 0.86 in 1923.  
**EAST TEXAS:** Partly cloudy this afternoon, tonight and Wednesday. Not much change in temperature. Moderate southerly winds on the coast.  
**WEST TEXAS:** Generally fair this afternoon, tonight and Wednesday. Not much change in temperature.

**Mystery Veils Timetable For East Germany**

BERLIN, May 31.—East German Communists threw a cloak of mystery today about their timetable for eastern Germany.  
 There is no necessity to establish an East German state," Prof. Hermann Kastner, head of the newly chosen people's council, told a reporter. "Even if there were such an idea it would certainly not be discussed now, while the foreign ministers are meeting in Paris and trying to reach an agreement on the unification of Germany."  
 The Communist-led People's Congress yesterday adopted a Soviet-type constitution claiming to speak for all this country. They chose 400 members of a people's council to serve as a government, including in the list Gerhart Eisler, Communist fugitive from America who hasn't been here since Nazi days. Kastner was named co-president of the council.  
 Kastner, who heads a splinter party of Liberal Democrats, described the East German constitution as "only a draft." The constitution has been viewed as Russia's answer to the West German constitution ratified by the states of the three western occupation zones.  
 Kastner was the first East German to indicate publicly that the Russians have no set schedule for putting the East constitution into effect.

**22 Cub Scouts Get Awards At Pack Meeting Monday**

Twenty-two Cub Scouts of Pack No. 44 received awards at a pack meeting Monday night at the North Ward school.  
 A talk on Cubbing activities, advancements and awards by Ennon Lovelady, preceded the presentation. Points of the talk were illustrated by lighted candles which represented the Cub ranks and awards.  
 D. M. McKinney, cubbing commissioner, presented awards to the following: Henry Hill, Loren Guess, Leon Marion, Crespin Charvarria, Richard Tucker, Billy Fred Wood, Louis Puga, Douglas Graddy, Robert Hagler, Jackie Rogers, Billy McNeese, Kenneth Scott, Troy Wilson, Edgar Phillips, Ronald Phillips, Jan Ray Hagler, Donald Lovelady, James Corcoran, Thomas Sallee, Larry Nix.  
 Others attending included Richard Sallee and Walter McMillen, den chiefs. Mrs. Frank Wilson, Mr. and Mrs. Truett Thomas, Mrs. Phillips, Mrs. R. D. Sallee, Mr. and Mrs. R. C. Reed, Wanda Joy Hagler, Mrs. S. A. Wilson, Mrs. E. E. Musick, Mrs. Landon Roand, Mrs. Randolph Marion, Mrs. C. L. Guess, Mrs. E. T. Scott, Mr. and Mrs. C. E. Suggs, and Jack B. Rogers.

**Soldier Turns Up After Having Been Reported Killed**

NEW YORK, May 31.—A Connecticut woman headed here today hoping to meet her soldier husband who has turned up five years after he was believed killed in combat.  
 A New York taxicab driver has been identified as Anthony V. Martino, formerly of Waterbury, Conn., who was listed as missing in combat in France in 1944. Later, he was listed as presumed dead.  
 Mrs. Mary Martino, who has been living with her two children in Waterbury, could hardly believe the news that the missing soldier had walked into an army recruiting station here and asked about his status.  
 Martino told Army officers his memory had a blank spot. Col. William B. Force revealed yesterday the wife said at her home last night that she was happy to hear her husband is alive—but worried because she had not heard directly from him since he walked into the Army office three weeks ago.  
 "We had a little spat before he left for the Army," she said. "But I thought that it was all blown over."  
 She said she had "grown used to the idea that he was dead, and now when I found that he was alive it seems so terrible that I couldn't have been with him."

**House Expected To Approve Funds For State Hospital Here**

Prospects are good that the House will join in a substantial appropriation for the Big Spring state hospital, Rep. R. E. (Peppy) Blount said Tuesday.  
 Last week the Senate sent a bill to the House for \$4,225,000 to expand the hospital for mentally ill here. Blount said he was hopeful that the full amount could be appropriated.  
 "Several of us have been working a long time on this," he said. Previously, the house finance committee failed to make any capital outlay provisions.  
 Blount said he was going to move for House concurrence in Senate bills for dividing the 70th district court into the 118th (Howard, Martin, Glascock) and the 70th (Midland and Ector). Blount authorized the original bills in the House. A similar procedure was to be followed on water district bills affecting Big Spring and Odessa. He said he authorized two measures in the House, but the Senate measure has one amendment. To get around a conference committee, Blount said he was prepared to move for concurrence and then take the bills to the governor.

**Rites For Mrs. Dodd Held At Nash Monday**

Rites were said at Nash, near Texarkana, Monday afternoon for Mrs. J. A. Dodd, mother of E. C. Dodd, Howard County Junior College president. Mrs. Dodd died Saturday after a long illness. Besides her son, she left three daughters, Mrs. O. L. West, St. Petersburg, Fla., Mrs. Hazel Carpenter, Fort Worth, Mrs. J. B. Fulton, Oney.

**Rayburn, State Officials Will Confer On Tidelands Oil Issue**

DALLAS, May 31.—State officials from Texas, Louisiana and California will confer today in Washington with Speaker Sam Rayburn (D-Tex) on the controversial tidelands oil issue.  
 The Dallas Morning News reported last night, in a Washington dispatch, a proposal to bring state legislatures into the tidelands question.  
 The federal government has asserted claims to the oil-rich offshore lands and the case is now pending in the Supreme Court.  
 The News story said that under the newest compromise proposal "Congress would be asked to approve a 'compact' between the federal government and the states. The compact would be subject to ratification by the legislatures of the states."  
 "In general terms, the compact would say that the federal govern-

**Italy Grain Situation Now Back To Normal**

ROME, May 31.—Italy expects to harvest 6,500,000 metric tons of wheat this year, the Cabinet Committee for Reconstruction (CIR) announced today. The grain situation in Italy is back to normal now, CIR said.

**HONEST JAPANESE TENANT FARMER POSED WITH PUZZLING PROBLEM**

TOKYO, May 31.—Tenant Isao Kurokawa is almost hip deep in rice. Soon the place was full of it. But the landlord didn't come back. Worried, lest he be taken for a blackmarketeer, Isao went to police. They were amazed. "What am I to do?" he asked, almost tearfully.  
 Police shrugged. The question had never come up before: They left Isao standing practically up to his hip-pockets in rice perplexed as ever.  
 That's a strange way to be in this rice short country.  
 It happened this way. Two years ago Isao's landlord started for the country.  
 "Take care of my rice ration," he said before leaving.  
 Isao did, faithfully.  
 Rice poured into his little home at the rate of a pint and a half a day under occupation rationing.

**GIVES TEXANS ROYAL RECEPTION**

**U. S. Naval Academy Supt. Is Loyal Son Of Lone Star State**

By **TEX EASLEY**  
AP Special Washington Service  
WASHINGTON, May 31.—The Dallas-born superintendent of the U. S. Naval Academy at nearby Annapolis, Md., Rear Admiral James L. Holloway, Jr., is still very much a Texan.

Recently a group of Texas congressmen and their wives visited the academy. Admiral Holloway gave them a royal reception. It was parade day, so while the midshipmen were on display in their finest, a 17-gun salute was fired. It was the first such salute honoring a congressional delegation representing only one state. And the Texas flag had been raised over the reviewing stand.

**MURRAY SPEAKS AT H-SU**

**Atom Age Warning Is Given Graduates**

ABILENE, Texas.—The atomic age of civilization will perish from starvation or self destruction as long as man remains indifferent to his social and spiritual responsibility, W. J. (Bill) Murray, chairman of the railroad commission of Texas told 276 graduating students at the annual Hardin-Simmons commencement exercises Monday.

It was the largest class in the history of H-SU. President Rupert N. Richardson awarded the degrees.

Man is not intentionally indifferent to the needs of others but the effect is the same, Murray told the graduates. "Minerals, fish, wildlife and forests are being wasted unintentionally, but civilization will perish from starvation just as surely as if these actions had been deliberate. Even in eternal matters, indifference will be the great cause of eternal pain," Murray stated. "If you don't have a concern for posterity you may not live to produce posterity," he warned.

Better conservation of natural resources must be maintained if civilization is to survive, Murray said. He told the graduates, "In the field of research, education and action in conservation you could contribute much. The fullest possible mobilization of the knowledge of conservation is essential to equip the nations of the world for the task of raising and maintaining the living standards of their people."

An honorary doctor of divinity degree was presented by the university to Rev. Arthur A. Dulaney, pastor of First Baptist church in Roswell, N. M. and member of the radio commission of the Southern Baptist convention for the past eight years.

The commencement exercises concluded a three-day program of commencement activities in which Eugene Holman, president of the Standard Oil company of New Jersey was honored as the outstanding alumnus of the university during the past year. Guy Caldwell, Abilene, was chosen president of the ex-students association for the coming year. At the baccalaureate and missionary church service, Dr. Perry Webb, pastor of the First Baptist church of San Antonio, urged the graduates to make Christianity a part of their life.

**Bunche Asserts All Is Possible For Negro In America**

NASHVILLE, Tenn., May 31.—Nothing is impossible for the Negro in America, the United Nations mediator for Palestine said Monday.

**Collegian Faces Murder Affidavit**

SHOOTING VICTIM — Mrs. Helen Merle, 25, of Evansville, Ind., College sophomore and the school's homecoming queen last year, was shot and killed in her home. Her divorced husband, Richard Thomas Merle, 26, also an Evansville College sophomore, has been charged with murder in the shooting. (AP Wirephoto)

In an address prepared for delivery at Pick University commencement, Dr. Ralph H. Bunche predicted that the Negro will eventually attain complete equality in America.

EVANSVILLE, Ind., May 31.—Coroner Victor Conen said he would file a murder affidavit today against an Evansville college sophomore in the Saturday night slaying of his former wife.

**Gypsy Bride Is Reported Missing**

SHREVEPORT, La., May 31.—A 16-year-old gypsy bride has been reported missing, two months after her marriage.

The student, Richard Thomas Merle, 26, was in Vanderburgh County jail, without charge in the fatal shooting of Mrs. Helen Merle, 25, also a college sophomore and 1948 homecoming queen. She was shot seven times in her room at her parent's home as she prepared to go to a dance.

**Eisler Lands In Czechoslovakia**

PRAGUE, Czechoslovakia, May 31. (AP)—Gerhart Eisler landed in Prague today, en route from London to Germany.

"I am glad to be in Czechoslovakia and not in the United States," the Communist leader told reporters as he left the plane. There was no official delegation on hand to greet Eisler. Two security police plain clothesmen were at the airport and they took him to a special room, where he was not obliged to comply with ordinary customs regulations.

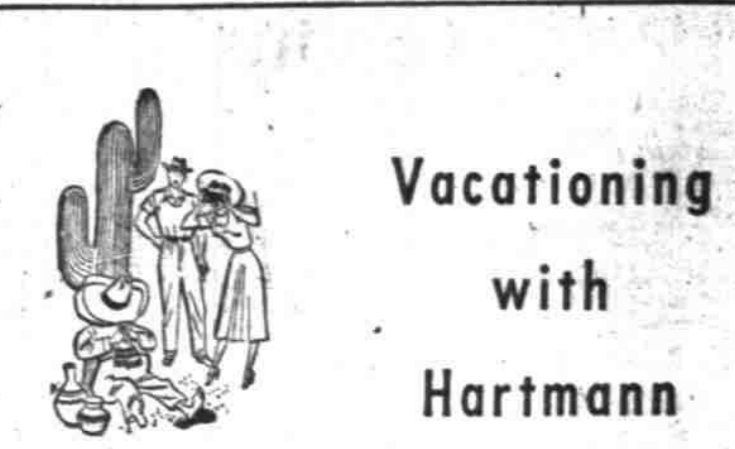

Eisler, facing two jail sentences in the United States, fled aboard the Polish liner Batory and was hauled off at Southampton, England. Later, however, a British court refused a United States request to extradite the man whom a congressional committee called the top Communist agent in America.

**White Woman Weds Negro Chauffeur, Leaves Him Estate**

LOS ANGELES, May 31. (AP)—Last January, Mrs. Adriana Eugenie Nicholson, thrice-widowed and 90, married her young Negro chauffeur because "I want him to have my property. I don't have long to live."

She died Saturday at her home here. Her husband, Allan L. G. Woods 28, said of her yesterday, "Mommy had been ill for years but it was pneumonia that finally took her away—she was a great woman, a great woman."

The inter-racial marriage license issued to Woods and the wealthy white woman was one of the first after the California Supreme Court ruled such marriages were legal.

**THE "BUY" OF THE YEAR**

"On a trip from Canada to here, we averaged 25.6 miles per gallon. Very pleased with performance, too." Magella P. Picard, 40 E. Liberty St., Waterbury, Conn.

**IS NASH!**

**America's Most Advanced Engineering Design**  
Here is the only Car scientifically designed with girder-built unitized body-and-frame—one solid, welded low-alloy unit—the greatest basic improvement in 40 years. Expands interior room... adds 50 percent interior rigidity... eliminates useless excess... prevents body squeaks and rattles—gives a bigger, better, safer car.

Compare all the new cars and by every comparison one car stands out. That car is the Nash Airflyte.

Only one new car is entirely streamlined, even to enclosed wheels. It's the Airflyte.

Only one new car has seats so wide they make Twin Beds—has more passenger room—is lower but has greater road clearance. It's the Airflyte.

Only one car has Weather Eye Conditioned Air, and 4-wheel coil springing, the smoothest ride known. It's the Airflyte.

Only one big car gets more than

25 miles to the gallon\* at average highway speed. It's the "600" Airflyte.

Only one car has the Girder-built Unitized Body-and-frame. It's the Airflyte.

Only one car has Uniflo-Jet carburetion—the Uniscope—a one-piece windshield on all models. It's the Airflyte.

Compare the Airflyte with any car—at any price. See and measure the difference. Then drive it... and you'll know the buy of the year is NASH!

Let your Nash dealer demonstrate a Nash "600" or Nash Ambassador.
