Better Buu Buick!

you want a new car to be tops in things like style and room and comfort and power-

-and a thrill-packed fifteen minutes with the nimble number pictured here will show you it has all these things in abundant measure.

So you ask us - how about money? What does it cost to buy a Buickand to own one?

All right - let us ask you some questions.

Take first cost. Do you know that Buick prices start down at a level below what you'd pay for some sixes-and that every Buick, on a cents-per-pound basis, is a standout buy?

Take operating cost. Do you know that the bang you'll get from Buick's Fireball power comes from a valve-in-head engine - recognized by engineers as a thrifty saver of fuel?

Do you know that owners of 1950 Buicks are writing us rave letters. saying that this year's version is the most economical Buick ever built?

Do you know that such comfort features as coil springs on all four wheels protect the car as well as the passengers - and throw in an

FOUR-WAY FOREFRONT -This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and

garaging easier. Tune in HENRY J. TAYLOR, ABC Natwork, every Monday evening extra saving because they need no servicing, and are practically breakproof to boot?

Do you know that Dynaflow'in addition to keeping you fresh as a daisy on a day-long drive-caps its convenience with savings on tires, cuts down the strain on transmissions and engines - and eliminates all friction clutch repairs, because it hasn't any?

Take final cost. Do you know that when the owner of a Buick gets a yen for a later model, the prices that Buicks command on a used. car lot are the ultimate proof of their long-run value?

So if you want a real run for your money, better buy Buick. And the first step is very simple: Go see your Buick dealer-soon-and get an order signed.

biggest windshield!

More seat width and greater windshield area than in any popular 1/2-ton truck! Plenty of shoulder-

room, legroom and headroom for three big men. Better visibility for safer, easier driving. Safety-steel cab has adjustable "Air-O-Ride" seat cushions. Vent wings and rear quarter windows available.

The ONLY Pick-up to offer you FLUID DRIVE!

Another big plus, available only on Dodge "Job-Rated" 1/2. 3/4- and 1-ton trucks! gyrol Fluid Drive cushions engine power, reduces wear and tear on over 80 vital parts. Takes the jerk, jolt and skid out of starting. Smooth operation makes handling easier, cuts upkeep, increases truck life. Ask us for interesting Fluid Drive booklet. You get more load space.

Dodge offers you the biggest body of any of the three leading 12-ton pick-ups! You get 44.16 cu. ft. capacity at "water level" in solid, all-steel construction-with seasoned hardwood floor and steel skid strips.

You can turn in less space!

Extra-easy handling! You can turn your Dodge "Job-Rated" 12-ton pick-up in a short, 38-foot circle. Thanks to cross-steering, wider front tread and shorter wheelbase you can maneuver quickly, park on a dime, back easily into narrow spaces. And for easier driving you have steering column gearshift and smooth Synchro-Shift transmission.

The ballot, too, is the new

ated and numbered tab in the cor ner, the number corresponding to that on the ballot. This tab the voter detaches himself, writes his name on the back and deposits in a locked receptacle at the polling place. The ballets are "shuffled" by election judges in advance of ballot's printed number in connection with the voter's name. The box containing the torn out corner tab remains sealed unless ordered opened by courts in case of an election contest, and after two months, the numbered tabs are destroyed. The numbered tab makes it possible to find out which baliot a particular voter marked, but under the law, the tab box must remain inviolate, to be opened only upon order of the courts in case of
