NUMBER 15

Office Seeks Of Larger ers In Ozona

Plans Solicited Of Mini- Of 1,500 Feet

The United States Postoffice has announced solicited proposals to furnish suitable for post office in Ozona, and such proposals will be received by J. L. Dallas, Postoffice Inspector, to and including August 15, and notices received after that date will be returned to the Postoffice Department. The lease larger quarters, of 1,500 square feet to be leased for a period of ten years from February 1, 1950.

Important considerations are a central location, good accessibility to rear entrance for mails, the advertisement specifications, general building requirements, of proposal, together with information concerning the lease, may be obtained from the Postmaster or his representative.

The quarters of the local post office are inadequate to meet the needs of the office. The Postoffice Department has initiated an effort to secure a new building which would be possible to install more modern present and future quarters and to give the working staff a better environment to handle the volume of

It is understood that at least one person has been contacted by the government in an effort to secure a building which would be possible to install more modern present and future quarters and to give the working staff a better environment to handle the volume of

County 4-H Encampment 25 Thru 27

Chandler Ranch On Independence Scene 3-Day Event

Four Clubs from 3 counties will hold a summer encampment at Chandler ranch on Independence Creek, beginning Monday afternoon, July 25 and continuing through Wednesday noon. Bill Bergfeld, Crockett Agricultural Agent, is in charge of this week. Approximately 100 boys from Crockett, Reagan and Upton Counties will be present.

The events include:

7:30 p.m.—Arrival in Camp; 8:00 p.m.—Swimming; 7:00 p.m.—Supper.

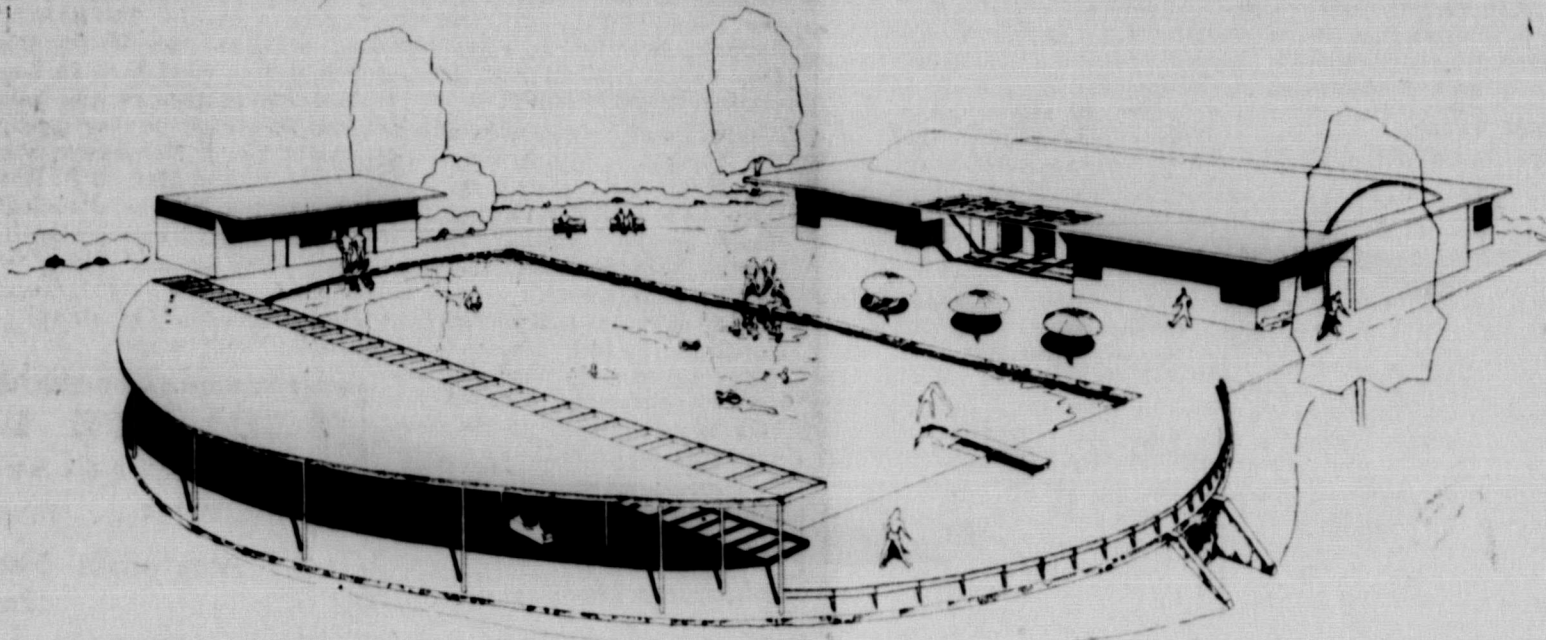

8 a.m.—Breakfast; 7:30 to 10:00—Rifle Contest; 10:00 to 12:00—Grass identification contest under supervision of Mr. Cy Bond, Soil Conservationist, Fort Stockton.

8 a.m.—Breakfast; 8:30 to 10:00—Swimming Contest; 10:00—Swimming and Fishing; 12:00—Dinner; 1 to 1:30—Distribution of ribbons and prizes to contest winners; 1:30—Camp and return home.

Any boy who is interested in attending this three-day encampment should call at the Agricultural Agent's office. This event is also open to boys who are interested in the program. A boy is requested to take a bathing suit, bed roll, eating and fishing equipment. Dollars will be charged each day for the encampment to cover the cost of his meals, the ribbons and prizes which will be awarded to the contest winners. The group will leave for the Court House and leave for home at 5 p.m. next Monday, July 27.

and Mrs. Scott Peters are in San Antonio this week.

Architect's Drawing Of Proposed Swimming Pool And Recreation Center For Ozona

RECREATION CENTER FOR OZONA

JOHN G. BECKER, ARCHITECT
SAN ANGELO, TEXAS

Pictured above is an architect's drawing of the proposed new swimming pool and recreation center to be located on water works hill. This drawing, with preliminary estimates, and a drawing and estimates for a proposed fire station for Ozona was submitted for consideration of the Community Council at its meeting Monday night by the Council

named committee headed by Bill Cooper. The drawing pictures the rectangular 50x100 foot pool built in the center of the present circular tank on the hill, formerly used as a swimming pool. Utilization of the present tank, which is to be filled with rock and dirt to the level, will eliminate the necessity for expensive excavations for the

pool. The above drawing shows the pool in the center, a pavilion or shaded area (left) on the west side and the present bath house on the north end of the pool. The opening under the circular area, shown right foreground will lead to the filter and chlorinator room. Pictured to the right in the picture and on the east side of the

proposed pool is drawing for a proposed community recreation center.

The architect's estimate for construction of the swimming pool, complete with filter and chlorinating plant, pavilion, concrete surfacing, etc. is \$32,641. The estimate for the community center is \$43,960.

Fire Station, Swimming Pool Bond Issue Project Being Studied By Council And Lions Club In Preparation For Election

Recreation Center & Station Plans Submitted At Meet

Committees representing the Crockett County Community Council and the Ozona Lions Club are carrying out further investigation this week before launching a move to bring to a vote of the people the question of issuing county bonds sufficient to construct a fire station and swimming pool and county park recreation center.

Preliminary sketches and estimates of construction cost, prepared by John G. Becker, San Angelo architect, on the fire station and also the swimming pool, pavilion and a community recreation center, the latter on water works hill, were presented at a meeting of the Community Council and a committee from the Lions Club at the courthouse Monday night.

The information was secured by a Council committee named to investigate and secure plans and estimates on the projects, and the report was made to the Council by the committee chairman, Bill Cooper. Other members of the committee are Boyd Clayton and Mrs. S. M. Harvick.

The fire station plan calls for construction of an attractive building which would provide a motor room, or space to keep four fire trucks in readiness, an apartment for one paid, full time attendant, an assembly room for meetings of the volunteer fire department and a stag room, or quarters where single men might be bunked for fire department duties.

The architect estimated the cost of construction of the proposed fire station at \$24,871.

A preliminary plan and estimate for construction of a 50x100 foot swimming pool in rectangular shape on the site of the present circular tank on water works hill and for filling and surfacing with concrete the surrounding area and providing an open pavilion or shade on the west side of the pool for use of bathers, spectators and picnickers was also presented.

Also included in the preliminary plan for action at this time or later was construction of a community recreation building on the east side of the pool which could be used by the community for dances, parties, games and all public gatherings.

The proposed swimming pool would make use of the present bath house and what concrete (Continued on Last Page)

Midway Lane Road To Be Built To Schleicher Co.

Highway Dept. Designates Extension To F-M Road 33

An extension of the Farm-to-Market Road No. 33, designated some time ago from Big Lake through the Midway Lane oil field to the intersection of Highway 163, is to be extended east to the Schleicher county line.

Announcement was made by the State Highway Department during the past week of designation of this road, a distance of approximately 13 miles, for construction at an early date. Although information was not available, it is presumed that the designation also extends into Schleicher county to Eldorado, this connecting the route to main highways leading to the eastern part of the state.

The east section of the road will traverse University land along the south line of the University block in that section of Crockett county.

The Highway Commission's order designating the new construction, which is to cost approximately \$115,000, is as follows:

"In Crockett County, a Farm-to-Market road from State 163 at intersection F. M. 33 east to Schleicher county line, a distance of approximately 13 miles, is hereby designated subject to the availability of funds under the terms of Senate Bill No. 287 and subject to the condition that Crockett County will furnish all required right-of-way free of cost to the State.

"Upon acceptance of the provisions of this order by the proper officials of Crockett County the State Highway Engineer is directed to proceed with the preparation of plans for construction at an estimated cost of \$115,000 and when right-of-way and funds are available to proceed with construction and to assume the road for maintenance upon completion of construction."

SON TO BALLARDS

Mr. and Mrs. Paul Ballard are the parents of a son born Tuesday night in a San Angelo hospital. The baby weighed 7 pounds, 2 ounces, and has been named George Blake. The Ballards have two other children, Ada, 21, and Norman Paul, 14.

Rebels Play Sonora Here Saturday, Pecos Here Sunday Afternoon

Two exhibition baseball games are scheduled for the week-end on the Powell Field diamond, the first Saturday afternoon and the second Sunday afternoon.

Manager Byron Stuart of the Ozona Rebels, Trans Pecos League leaders, has accepted a challenge from the Sonora Broncos of the Concho Basin league for an exhibition bout here Saturday afternoon. The game is slated to begin at 4:30.

Sunday afternoon the Rebels will entertain a team from Pecos in a nine-inning game. Game time for the Sunday fracas has been set at 3:00 o'clock.

The following Sunday afternoon the Rebels will again be in league combat with the Goodfellow Field Skyhawks as opponents. The game is to be played here.

Top Feminine Softball Teams Play Here Saturday

Pecos Plus Fours And Angelo Red Chicks In Matched Tilt

Two of West Texas' leading feminine softball teams, the Pecos Plus-Fours from Pecos, Texas, who have been defeated only once this season, and the San Angelo Red Chicks, also victorious in every start except one, are matched for an exhibition game on the Lions Club Softball Park here Saturday night of this week.

The game is set for 8:00 o'clock Saturday evening. The Red Chicks from San Angelo will be the host (or hostess) team since it is a return match between the two feminine aggregations. The Chicks administered the only defeat suffered by the Plus Fours in a game at Pecos earlier in the season and under an agreement between the teams, the Ozona field was selected for the return match because of the polio epidemic in San Angelo.

An admission charge of 50 cents for adults and 25 cents for children is to be made. The Ozona Lions Club and the Red Chick management, Blondy Cross of the San Angelo Standard Times, will share the gate receipts on a 50-50 basis.

Fans should see some fast softball when the two teams clash. Both have proved poison to opponents and both sport fast fielding, good pitching and hitting. The Chicks have been feminine softball champions of this area the past three years and the Pecos girls have an enviable record

Poage & Powers Matched In Night Roping Friday

Top Hands Featured In Ozona's First Lighted Program

To initiate night roping in Ozona, two top hands in the rodeo business will compete in an exhibition roping match when the Ozona Roping Club stages its first night program here Friday night at the Crockett County Fair Grounds arena.

Walton Poage of Rankin and Tom Powers of Ozona, both among the top money winners, have been matched in a 6-calf match as a feature of the Friday night show here. Fresh calves, never roped before, will be brought in for the matched roping.

These and other top roping talent of the area will be seen in action Friday night in jack pot ropings and possible other matches in a two-hour program beginning at 8:00 o'clock. The contests will open to all comers and all ropers of the area are invited. Results of the roping events will be announced by Oscar Kost over the public address system.

Members of the Ozona Roping Club have been at work at the fair grounds this week installing the lighting system and making the necessary changes in chutes, pens, etc. to stage the night shows. New chutes were built in the race track north of the grandstand and cross fence at the track turn south of the stand, with new fences along the track sides. This arrangement will permit roping in front of the grandstand where the lights will be concentrated. If night roping proves popular, the Club is contemplating later installing a more elaborate system of lights to permit use of the larger arena.

An old-fashioned Cowboy Dance will top off the evening's entertainment, starting at 10:00 o'clock. Music will be provided by the Ozona "Hillbilly Band." A caller has been made available and if dancers desire, some square dancing will be sprinkled into the evening's fare. Dancers will be taxed \$1.50 per couple.

Twenty-nine head of well-fed Brahma calves, property of the Roping Club, will be sold at open bid auction following the evening's roping program, it has been announced. The calves are in good condition and ready to put on some good gain on grass. The club will replace the herd with fresh calves.

Rebels Trample Ft. Stockton To Keep Loop Lead

Goodfellow Trims Iranan To Inch Into Tie For 2nd Place

A reinforced Ozona Rebel team bounced back into the win column in a big way last Sunday afternoon in a Trans Pecos League contest with the Fort Stockton Veterans on the Stockton diamond, and thereby clung to the league lead by a game margin.

Meanwhile the Goodfellow Skyhawks knocked off Iranan in San Angelo Sunday afternoon to get into a tie with the Big Lake crew of Snipe Conley's for second place in the standing. The Hawks were 8 to 4 up on the Iranan team in nine innings.

The Rebels took batting practice against five Fort Stockton pitchers in a race track performance there Sunday afternoon. The score stood at 8 for Ft. Stockton and an indefinite number for the Rebels—officially reported at 20 but unofficially at nearer 30. The scorekeeper, too, got disgusted and quit at 20 tallies. Just how many hits Ozona players chalked up in the afternoon was information, too, that was indefinite since the official scoring was not taken on the local scorebook, but from mem-

\$7,000 Needed To Furnish Hospital Equipment Needs

Building Complete, Elevator, Part Furnishings Ordered

Approximately \$7,000 is all that is needed to complete the furnishing and equipping of the Ozona hospital, County Judge Houston Smith told members of the Community Council at its session Monday night. The Council has assumed the task of raising by volunteer contributions the necessary funds to furnish and equip the hospital.

Using money secured by voluntary contributions by local individuals and families and oil companies operating in this county, orders have been placed for the purchase of an elevator for the building and as much of the hospital furnishings and equipment as available funds would allow, Judge Smith reported. In fact, the orders so far placed amount to about \$700 more than present funds that are available.

Out of a total of \$20,900 made available by these donations, \$11,500 went for purchase and installation of the elevator and an order for furnishings, etc. amounting to a little over \$10,000 has been placed, the judge said. The estimate of \$7,000 balance necessary is based on a list of furnishings and equipment supplied by hospital furnishing companies in conference with local doctors, the equipment list being that required to set up a first class hospital ready for operation.

Summarizing the county's plans in construction of the hospital building, Judge Smith pointed out that the building is now complete, the top story as a 17-bed hospital with five private rooms and three wards of four beds each, and a possibility of additional beds in case of an emergency. The hospital rooms are finished in modern fashion, of restful and varied color schemes, rather than the traditional white, and all necessary facilities, including operating room, recovery rooms, closets, etc. are included.

The second or middle floor is given over to doctor offices, emergency rooms, storage space, etc. and the bottom floor is to be used as a courthouse annex if needed and for renting of office space for commercial purposes as a means of supplying added revenue for upkeep of the building.

No definite lease agreement has been made by the county, Judge Smith said. The two local physicians and dentist have proposed

THE LOW DOWN FROM HICKORY GROVE

I been reading where the Govt. is looking into our buying habits—thinks maybe we been spending our money some place different and where it don't know about. The government BLS is asking for 4,200,000 bucks to do the peeking-in job. The boys have to travel all around, you know—Florida, California, Texas, Wisconsin, every place. Uncle Harry has already asked Congress for the cash. It will be nice investigating weather around the Wisconsin lakes in the summer time and not bad in Florida and the South in the winter time.

Congress says it is economy-minded. If it is, and this is not joking, then this tip on the BLS might bear fruit. Every citizen when he sees some tom-foolery scheme being cooked up that will keep an army of bright boys and bright girls on Sambo's payroll, should drop a line to Congress. A congressman being far from home and not hearing from the folks there, could grow a little careless. Last year Uncle Harry and his boys put us in the hole by \$1,800,000,000—and Congress just blinked!

Right and left the government is jimmying its way into all kinds of business. In Tennessee, the TV A. In Oregon and Washington, it has fooled the power soup. The government is the nation's biggest business. If any business, any place, needs scrutinizing, then the government itself should be the first customer.

A congressman sure needs some new and stronger specs if he can't see places to save.

Yours with the low down,
JO SERRA

Brother Of Ozonan Found Dead In Bath At Brownwood Home

Rush Johnigan, 75, a deaf mute who for many years served as constable at Coleman, and a brother of W. M. Johnigan, Ozona justice of the peace, was found dead in the bath tub at his home in Brownwood last Thursday.

The body was discovered by his wife, also a deaf-mute, when she came home for lunch from a canning factory where she is employed. A verdict of death from natural causes was rendered, death resulting from a heart attack.

Johnigan was a native of Bell county and a graduate of the State School for the Deaf at Austin. He served about 15 years as constable at Coleman and prior to that as a night watchman. He retired 12 years ago and moved to Brownwood where he was married about 5 years ago.

He was a member of a family of 10 children and was the first of the number to die. Survivors besides the widow include four sisters, Mrs. Henry Varner, Mrs. B. Bishop, and Mrs. Jeff Minor of Coleman, and Mrs. Fred Parker of McCamey; five brothers, Otis of Coleman, Earnest of Ardmore, Okla., Will of Ozona, F. and E. Z. Johnigan of Kerrville.

Reports from the bedside of Larry Williams, 19-months-old son of Mr. and Mrs. Troy Williams, bitten by a rattlesnake at the Williams ranch north of Ozona a week ago last Sunday, indicate this week that the child is well on the road to recovery. His condition was critical for a time and it was feared that the leg bitten by the reptile would have to be amputated. He is regaining use of the leg however, and his condition is reported good this week. He is in a San Angelo hospital.

Mr. and Mrs. W. M. Colquitt of Ozona are the parents of a daughter born at 10:53 a.m. Tuesday in a San Angelo hospital.

The baby weighed 5 pounds, 11½ ounces at birth and has been named Candace Ruth. The baby has a brother, Milton Lee, 14-months old.

Grandparents are Mrs. E. C. Alford of Ozona, Sid Schwalbe of Big Lake, and Mr. and Mrs. Lee Wilson of Ozona.

Mrs. Rip Carr and children, Carolyn and Dick, of San Antonio are here visiting Mrs. Carr's mother, Mrs. Bill Adams, and sister, Mrs. J. D. Kirby.

Ellenburger Dry, M&M To Test Permian

Failing in drilling to 7,280 feet in the Ellenburger, topped at 7,140 feet, M&M Production Co. No. 2-B Bouscaren, deep test in the Noelke shallow pool in Crockett County, Monday set casing preparatory to testing the lower Permian.

The operation was plugged back to 4,750 feet and 5½ inch casing was set at 4,640 feet. Perforating and testing the Clear Fork from 3,955 to 3,978 feet was planned if the Permian fails to yield production. Location is 1,980 feet from the north and west lines of section 29-GG-HE&WT.

With current daily allowable of 160 barrels of oil in Southland Royalty Co. No. 2 Todd in the Todd Deep (Ellenburger) field was finalized on the pump for a 24-hour flow of 219.26 barrels of 41.6 gravity oil plus 20 per cent water. Production was through perforations from 6,290 to 6,310 feet in 7-inch casing set at 6,380 feet. Location is 1,980 from the north, 660 feet from the west lines of the lease in section 67-UV-GC&SF.

Mohair Promotion Fund Raising Drive Deadline Is July 27th

SAN ANGELO—Only a few days remain in which to complete the \$10,000 mohair market research fund raising campaign, Sayers Farmer, President of the Texas Sheep and Goat Raisers' Association, informed his fund-raising committeemen in a letter this week.

"Our contract with the Marketing Research Branch of the U.S. D.A.'s Production and Marketing Administration requires that our part of the \$30,000 fund be deposited with the government by July 29. That means we will have to mail our check by July 27," Farmer mentioned in his letter.

A visit among most of the warehousemen and others charged with raising the \$10,000 was made by Ernest Williams, Association Secretary, last week and in general the campaign was progressing nicely. Mohair producers who have not been contacted by their committeeman should get in touch with him immediately and contribute their part, Farmer said.

"This market research project is too important for us to lose. It is up to the mohair producer to insure that we fulfill our part of the contract," he added.

(Special)—A warn- and natural gas re- sources and other parts are being drained dly that the supply sharply during the "leaving this section indeed a blight- in a national re- veived at the state of- Texas Rural Roads As- sions, contained in a copy of the National association's report to t's Council of Econ- is titled, "The Im- eral Policies on the South," including as not yet been distrib- copy came to the Tex- ands Association Presi- Cantrell of Princeton, as banker and farm report represents careful study by quali- mists, including Dr. L. L. head of the Depart- Agricultural Economics ogy, Texas A&M Col- lege Station. every patriotic Texan thought," Cantrell said. Texas," he declared, the gate before all are out and gone for-

ever." Pointing out that in physical re- sources, Texas and the other southern and southwestern sections of the country chiefly de- pend on oil and natural gas, the report declares that the very life blood of these states' economy is being drained away daily in ever larger amounts. It is a problem which calls for immediate and serious consideration if drastic harm to the state is to be prevented, the report said. The National Planning Association's report comes after the recent action by the Texas Rural Roads Association at a meeting in Dallas June 16th. At this meet- ing the Rural Roads group recom- mended a plan embodying the sound business premise that nat- ural resources, Texas' greatest capital assets, should leave as they are depleted compensatory capital gains in the State in the form of permanent improvements. These should include rural roads, soil conservation, State-owned build- ings and such other permanent improvements as the Legislature may find necessary or desirable. Such permanent improvements would be paid for out of a reason- able severance tax on natural re- sources, the Rural Roads Associa- tion plan stipulates. Under no circumstances should natural re- sources taxes ever be placed in the General Revenue Fund for current operation of State busi- nesses, the group pointed out.

Grocers Still Lead In Softball League

Williams Grocers widened their lead in the city softball campaign by taking two games in a row the past week. The grocers took the Wilson Motors and Williams Magnolia in turn to run their wins up to 6 against only one loss—to the Continental Oilers. The Conocos, by the way, won their only game played—against the Ozona Butane. Williams Magnolia beat the Locker Plant in the only other game played. The standings this week are as follows:

Team	W	L	Pct.
Williams Gro.	6	1	.857
Williams Mag.	4	2	.667
Continental	3	2	.600
Wilson Motor	2	4	.334
Ozona Butane	2	4	.334
Locker Plant	1	5	.167

Schedule . . .
 Thursday night—Locker Plant vs Ozona Butane.
 Friday night—Postponed because of roping.
 Monday night—Williams Grocery vs Continental.
 Tuesday night—Wilson vs Williams Magnolia.

Softball Player Charged With Four Errors On One Play

A freak play which resulted in a possible four errors for an out- fielder on one play furnished an amusing highlight at a softball game here one night this week. The bases were loaded and the batter hit a long fly to left field. The fielder got under the ball but it dribbled out of his glove. Error No. 1. Then he threw the ball wild and it hit the left field foul line light post center and bounded back into the outfield. Error No. 2. The fielder was out of position and again muffed the rebounding ball for error No. 3, and when he finally did retrieve the pellet, he again made a wild throw to the infield for the fourth and final error, which was sufficient for all the runners, includ- ing the batter to cross home plate for four runs.

victims develop the deadly bul- bar type, which affects the nerv- at the base, or 'bulb' of the brain," Dr. Cox said. "Most patients suf- fering from bulbar polio die within a very short time. But it is a com- forting thought that 92 per cent of polio patients never develop bulbar polio, and make a partial, or in many cases, complete recov- ery and are restored to health."

Mrs. Lola Weatherby Buried Here Saturday

Funeral services were held at the graveside in Cedar Hill Cem- etery here at 10:30 Saturday morn- ing for Mrs. Lola Bell Owens Weatherby, 35, who died Thurs- day evening, July 14, in a Dallas hospital as a result of an attack of Pneumonia. Mrs. Weatherby was a daughter of a member of the Methodist

of Mrs. Mitch Owens of Rankin and the late Mr. Owens and a grand daughter of the late Mr. and Mrs. Clint Owens, pioneer Crockett county ranch family. She church.

Surviving are one daughter, Jeanette, 8; two sisters, Mrs. Wil- son Barr of Crane and Mrs. Tom- my Workman of Rankin; a broth- er, Al Owens of Crane, and the mother, of Rankin.

Pallbearers were Norman Elrod, Hudson Hanks, Hamp Carter, Boyd Cox, Box McDonald and Clint Shaw, all of Rankin, and L. Q. Sparks and W. C. Mitchell of San Angelo.

Miss Vivian Stratton, daughter of Mr. and Mrs. Sterling Stratton, spent the week-end visiting with her parents here. She is attending summer school at Alpine High School in Alpine.

1949 Called Worst Polio Year In Texas; 922 Cases To Date

AUSTIN—With the alarming total of 922 Texans having been attacked by the dread disease poli- omyelitis, 1949 bids fair to be the worst polio year the State has ever experienced, and health of- ficials in every section of the State are exerting every effort to bring the disease under control. Dr. George W. Cox, State Health Officer, has re-iterated his appeal for every citizen to cooperate in a continuous clean-up program, ridding their premises of all rub- bish and trash piles, and any such filth as will afford breeding places for flies and other disease- spreading insects.

"This polio situation will never be controlled without the observ- ance of stringent basic sanitation measures," the State Health Of- ficer declared. "The filth on your premises may cause the disease to attack your neighbor; and the same condition on his premises may cause polio in your home. This problem of controlling polio is one demanding the closest pos- sible cooperation, and until a pro- gram of continuous clean-up is instituted and stringently enforced, we shall continue to face the menace of polio in all sections of the State."

Dr. Cox emphasized to parents whose children are suffering from poliomyelitis, the comforting knowledge that about 60 per cent of all cases of recognized polio re- cover completely, and at least 25 to 30 per cent of recognized cases recover with only minor disabling paralysis. "Only about 8 per cent of polio

Ozona Youth Wins Rodeo Contest Prizes In Wharton Event

A saddle and registered Quar- ter horse was won by Charlie Boy Davidson, son of Mr. and Mrs. Charles E. Davidson, Jr., of Ozona by virtue of his prowess as a rop- er in a three-day youth rodeo held at Wharton, Texas, the past week end. The three-day show ended Monday night. The young Ozonan was acclai- med a double champion when he walked off with top honors in the breakaway contest and tied for first place in the tie-down contest with Don Miller of Yorktown. An 11-year-old girl, Molly Jo Forgason of Wharton County was crowned best all-around cowboy at the show. She received the highest number of points in the three-day contests over a field of teen age youths.

Mr. and Mrs. Earl Cunningham had as guests over the week-end Mr. Cunningham's nephews, W. L. Reynolds and Marvin Luckie, both of Wickett, Texas, and Mr. and Mrs. F. W. (Red) David of Monahans. Mr. David is toolpusher for Shell and was formerly stationed here.

Firemen Attend 20th Annual A&M School Described As One Of Most Complete Schools Of Its Kind In Nation

Ratliff and Jack McInerney of the Ozona Volunteer Fire Department in attendance at the 20th annual Firemen's school held at A&M College. As a result of the school, the Ozona department will get the benefit from the savings in its insurance rate. The expense of the school were paid by the Lions Club.

A comprehensive outline of the school is contained in the article carried last week in the Ozona Chronicle, and in the operation of the school, the article is reproduced.

of black smoke visible 20 miles and more across the rolling prairie are rising above College Station this week. Anxious travelers ask if A&M is on fire.

Nothing so unfortunate as that, the smoke is the work of the 20th annual firemen's training school being conducted on the college grounds July 11 to 15th.

Pits have been dug and filled with crude oil; shacks have been built, stuffed with straw and doused with kerosene; old tires have been stacked and matches have been struck. Then the firemen practice putting out the fires with every kind of apparatus and chemical imaginable. They even get around to water occasionally.

On the less spectacular side are classes in hose-handling, nozzles, rescue equipment, knot-tying, protective equipment and salvage.

The best instructors available have been brought in from all parts of the country to teach these courses.

Colonel H. R. Brayton of the A&M industrial extension service, head of the week-long school, said that 548 students and 95 instructors had registered by Tuesday afternoon. One of the last participants to arrive was Leopoldi Castillo, head of the Venezuelan industrial safety division who came all the way from Caracas.

The colonel estimates that 30 to 40 per cent of the 650 attending are from the Houston-Galveston area. Training Chief G. C. Adams of the Houston Fire Department is teaching a course in protective equipment. Included in his equipment is an iron lung from the Harris County Emergency Corps.

The school, which is under the auspices of the State Firemen's and Fire Marshal's Association, is the most extensive of its kind in the country. The men are divided into groups of 20 to 40 and each group is run through the various training projects. Most of the projects are outdoor practical demonstrations. Speeches are at a minimum. Thirty-eight states are conducting such schools, but only Iowa and Illinois have been doing so longer than Texas.

This school is one of the best investments of the public money possible according to Col. Brayton. Not only are lives and property saved through better trained firemen, but insurance key rates are decreased 3 per cent in towns

from which these firemen come. An estimated \$80,000 is saved each year on insurance premiums in the state, said Colonel Brayton.

Training Chief R. Roy Simmons from Dallas is chairman of the outdoor fire fighting program, called combined operations. Humble Oil Company of Houston is providing 5,000 gallons of crude oil and 1,500 gallons of gasoline free for Chief Simmons and his instructors to burn in their operations.

Almost every year that the school has been held, the adjacent town of Bryan has had a pretty good fire to greet the firemen. This year was no exception. A 3-hour fire heavily damaged a local funeral home just before daybreak Monday.

Mr. and Mrs. Harold Fomby have returned from a vacation trip.

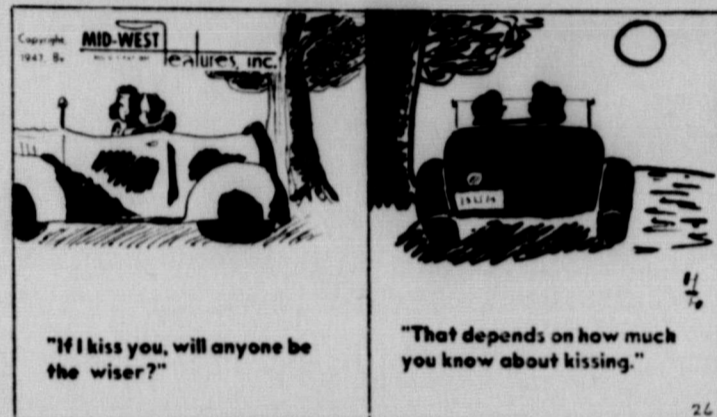

500 Texas Youths Complete Tour Of Army Enlistment

AUSTIN—Approximately 500 18-year-old Army volunteers from Texas that entered the service last summer for a period of one year are due for discharge during the next 60 days, Colonel Oscar B. Abbott, executive of the Texas Military District, announced here today.

The 18-year olds entered under one of the provisions of the Selective Service Act that provided that if they were in that age bracket and served one year in the Army they would no longer be subject to the draft. Of the 10,000 18-year old volunteers that the Army received last summer, approximately 500 or 1/2 came from the State of Texas. All were sent to Camp Hood for their one-year tour of duty.

Accurate and Complete

RANCH RECORDS

Are More Important

Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

THE STOCKMAN RANCH RECORD BOOK

Miss Josh Cook And Lowell Sweeten Wed In Lubbock Ceremony

Miss Josh Cook, daughter of Mr. and Mrs. O. R. Cook of Post, Texas, became the bride of Orlin Lowell Sweeten, son of Mr. and Mrs. J. L. Sweeten of Ozona, in a candlelight ceremony at 4:00 o'clock Tuesday afternoon in St. John's Methodist Church in Lubbock.

The single ring ceremony was performed by the Rev. O. A. Graydon, pastor. Fillmore Hendrix, pianist, played a prelude of selections including "The Sweetest Story Ever Told," and the traditional wedding music. He accompanied Miss Johnnie Ruth Willis, who sang "Forever and Ever," and "Always."

The bride, given in marriage by her father, wore a white embossed

organdy afternoon dress with sweetheart neckline, designed by her mother. She wore white accessories and carried a colonial style bouquet of red rose buds.

The ceremony was performed under an arch of white gladioli and woodwardia fern. Candles and gladioli were used to decorate the bridal aisle.

Mrs. Albert E. Ratton of Matador, Texas, sister of the bride, was matron of honor. She wore an orchid crepe organdy dress with white accessories. Her colonial style bouquet was of white carnations. O. R. Cook, Jr., the bride's brother, was best man. Ushers were A. O. Cook of Post and Ed Hughes of Springfield, Colorado.

The couple left after a ceremony for a wedding trip to Colorado after which they will make their home in Hobbs, N. M., where Mr. Sweeten will be employed by an

oil company. For traveling the bride wore a blue dress with white accessories and a white orchid.

Mrs. Sweeten completed her work for her bachelor's degree in physical education from Texas Technological College and will receive the degree at graduation exercises at the college in August. She was president of the Major-Minor Club at Tech, a member of the Tech Rodeo Association, Women's Recreation Association, Future Teachers of America and Junior Chamber of Commerce, all of Texas Tech. Mr. Sweeten is a junior in Mechanical Engineering at Tech, and is a member of the American Society of Mechanical Engineers of the College.

Ozonans To Attend Butane Dealers Meet In San Angelo Aug. 4

It will be "back to school" for a group of local businessmen when they answer roll call at the opening session of a butane dealers training clinic at San Angelo on August 4th and 5th for a two-day session. Classes will be held in the Cactus Hotel under the sponsorship and direction of the Texas Butane Dealers Association.

The local group expected to attend the sessions in addition members and employees of the Ozona Butane Co., an active member of the state-wide organization of butane dealers.

The sessions are made possible by cooperation of the University of Texas with the Texas Butane Dealers Association, two top-flight educators of the University's Division of Extension having been assigned to conduct the classes. Sterling S. Speake, credit training specialist, and Lester W. Grainger, appliance sales training specialist, will each conduct a full day of classes. The course is especially designed for butane dealers and their credit managers, salesmen, office personnel and truck drivers-salesmen.

The Texas Butane Dealers Association is composed of butane dealers whose business activities cover every section of the state. Training clinics form a definite part of the Association's program of education and information for members and their employees.

This series of clinics includes twenty separate schools in as many different localities and is one of the most extensive training and instruction efforts ever undertaken by any business organization in the nation.

Mrs. Jack Holt and daughter, Joan, and Rosalie Friend are enjoying a vacation trip to California.

Mr. and Mrs. Walter Augustine are enjoying a summer vacation trip to Utah.

Research Seeks To Find Formula For Cooler Small Homes

AUSTIN—Does the heat in your home drive you into the cool backyard these sweltering summer days?

Small-home owners in the future may find their living rooms as pleasant as a shade tree if University of Texas engineers are successful in a project just started. The University's Bureau of Engineering Research, headed by Engineering Dean W. R. Woolrich, will try to find a formula for better livability in small homes, thru relief from heat and high humidity.

"Almost all research on homes has been devoted to ways of keeping them warm," says Dean Woolrich. "We are looking for the best design for coolness."

To accomplish this goal, University engineers will search for a type of wall construction that will give the most satisfactory living conditions, supplemented by natural ventilation and mechanical aids, such as attic fans and sprayed roofs.

Several clay products manufacturers will back the building of six houses, five brick and one frame, for the project. All the houses will have the same floor plans but will differ otherwise.

DAUGHTER TO MILLERS

Mr. and Mrs. Eugene Miller are the parents of a daughter born Friday night in a San Angelo hospital. The baby, who weighed 6 pounds, 14 ounces at birth, has been named Robert Lenore.

Grandparents are Mr. and Mrs. V. L. Pierce and Mr. and Mrs. Bob Miller of Ozona. The couple have two sons, Pierce, 7 and Jay, 5.

My Swings BEST FARM MARKETS

Livestock, grain and markets revealed the past week's price trends. Department of Agriculture points out in the market summary. Carried from \$5.25 a bale New Orleans to \$1.25 Little Rock. Sorghums \$5 to 10 cents a hundred the week, and yellow 8 cents a bushel.

Receipts fell off sharply week ago Monday as pricing lambs stood at \$2 to \$2.50. Ewes closed about \$4, ranging from \$6.50 to medium to choice. Goats \$1 at San Antonio receipts. Dressed spring \$6 to \$9 for the week at \$.

Wool markets felt the summer slump, and little trading took place.

Slightly smaller offerings of cattle and calves in the southwest and Midwest sold unchanged to mostly lower than a week ago Monday. Bulls showed the only real strength, while calves recorded the greatest weakness with losses of 50 cents to \$2 or more. Some cow beef sold lower for the week at New York, and some steer beef and veal went higher. Best slaughter calves reached \$25 at San Antonio and Denver, \$23.50 at Fort Worth, and \$22 at Oklahoma City Monday.

Mr. and Mrs. Strick Harvick had as guests this week, Mrs. Annie Hamrick, sister of Strick and Ad Harvick of Ozona, and Mr. and Mrs. Lawrence Hamrick, all of San Saba.

Mrs. H. B. Tandy and daughter, Mrs. Wayne West, Jr., are in Abilene this week visiting relatives.

Friendship Caravan To Carry Texans To Mexico City In Sept.

A "Friendship Caravan" to Mexico City, open to all residents of Texas, is being organized to take place in September, when the travelers will participate in the celebration of Mexican Independence Day and will be formally honored by the Mexican government.

Expected to be one of the largest goodwill visits ever made to Mexico, the trip's headquarters has been established in San Antonio. Point of departure will be Laredo, on September 8. The journey will be 10 days.

The trip will be made in special air-conditioned Pullman trains. One of the many highlights in Mexico City will be a presidential banquet to be given in honor of the visitors by President and Mrs. Miguel Aleman at Casino Militar on September 14. Other dignitaries of the Mexican government also will be present.

The Foreign Relations Committee of the San Antonio Chamber of Commerce has endorsed the trip as a worthy goodwill visit. The committee this week launched plans for filling two or more cars in a special train, under the direction of Leroy G. Dorman, Jr., its chairman. It is expected that other Chambers in the state will make similar plans.

Literature on the trip may be obtained from the "Friendship Caravan" office, 293 Insurance Building, San Antonio 5, Texas.

Mr. and Mrs. Bill Bergfeld have returned from a two-weeks vacation trip which took them to California.

Walter C. Fisher, Canadian, President, Lions International

NEW YORK—(Special)—Walter C. Fisher, Queenston, Ontario, Canada, is the new president of the International Association of Lions Clubs, (Lions International). He was elected by unanimous vote at the 32 annual convention of the Association which closed here at Madison Square Garden today. Fisher succeeds Dr. Eugene S. Briggs, Enid, Oklahoma.

The convention concluded one of the most successful years in the history of Lions International, according to the report made by Melvin Jones, Chicago, Illinois, Secretary-General and founder of the Association. He reported the addition of 757 new Lions Clubs and 23,282 men to the roster of the Association during the 12-months period ended June 30, 1949 for a total of 7,427 clubs and 381,426 members. He stated also that during the fiscal year Lions Clubs were established in four additional countries; France, Bolivia, Philippines and Norway. Lions International, he added, is the largest, strongest and most active service club organization in the world with Lions Clubs in 26 countries on five continents.

Roy Thompson, secretary of the Ozona Lions Club, attended the Lions International Convention in New York as a delegate from the local club.

SCHOOL OF MISSIONS TO BE HELD IN KERRVILLE

A School of Missions will be held in Kerrville in August, Mrs. Floyd Henderson, district president of the Woman's Society of Christian Service, has announced.

Mrs. Henderson is now preparing wishing to attend the school is a list of enrollees and any person asked to notify her.

It's always a "Breeze" to a Roadmaster!

SHUCK off that coat, good sir—and loosen that tie. Call to mind the coolest, pleasantest spot within a couple of hundred miles—and let's go find comfort.

Here's the big broad seat that will carry you there in sofa-like ease. At your toe is the treadle that brings to life 150 eager Fireball horsepower.

In your hand is a wheel, neat and tidy, friendly and obedient. And under it the Dynaflo lever that's key to a whole new experience.

Set it once—and you can forget it. Until you park or back up, you won't need to touch it again. Find a comfortable spot for your clutch-foot too—that's just going along for the ride—and smoothly feed gas.

No jar, no jerk, no sudden lurch. Just one smooth crescendo of power, soft and silky and forever free of direct-gear harshness!

Traffic slides by, no longer a headache. Open roads spread their welcome, tall hills bow meekly to the

power at your command. Cares fall away with the dust-clouds of your going, and you've forgotten the world and the weather.

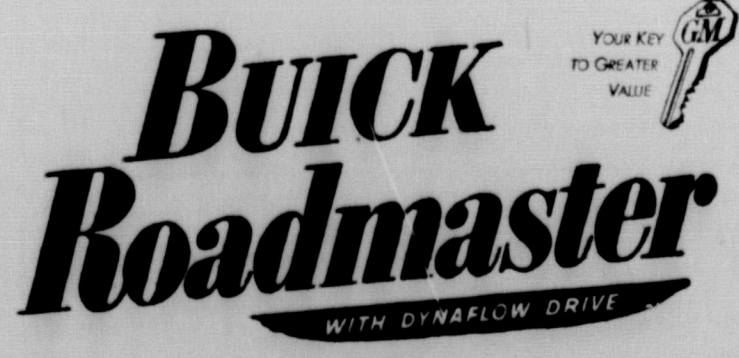

You know now why scores of thousands wouldn't be without the sweet luxury of Dynaflo Drive—or the velvet power of ROADMASTER. You know why the Buick ride sets the standard for the industry—above all, why Buick's the buy.

For it isn't just what the price tags say nor what a demonstration shows that makes Buick such a satisfying investment.

It's in the way a car grows on you when it's planned to please in many ways, and not just through a single feature.

In such a car, any trip's "a breeze." How about breezing around to your Buick dealer to see how quickly you can get a ROADMASTER?

SEE and HEAR OLSEN and JOHNSON'S FIREBALL FUN-FOR-ALL every Tuesday on Television

BUICK alone has all these features: Silk-smooth DYNAFLO DRIVE • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRIFLEX COIL SPRING • Live! FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus NIPOISED ENGINE MOUNTINGS • Cruiser-Line VENTIPORTS • Low-pressure tires on SAFETY-RIDE RIMS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER. *Standard on ROADMASTER, optional at extra cost on SUPER models.

See in HENRY J. TAYLOR, ABC Network, every Monday evening.

Fire Station . . .

(Continued from Page One)

walks are already laid. It would be modern and sanitary in every respect, including a filter plant and chlorinator which would meet State Health Department standards for operation of a public swimming pool. The architect's sketch of the proposed pool, pavilion, present bath house and the proposed recreation center is reproduced on the first page of this issue of the Stockman.

The cost of construction of the swimming pool, concrete walks, pavilion, filter plant and chlorinator, all complete, was estimated by the architect at \$32,641. The recreation building cost estimate was placed at \$43,960.

Construction of the fire station would provide facilities for maintenance of an active volunteer fire department and the storing of fire fighting equipment. The county and Lions Club have provided money for purchase of a 500-gallon booster pumper and this equipment has already been ordered and will be delivered in the fall. With the addition of this equipment and the construction of a fire station with a paid attendant and an organized volunteer department, property owners in the county will realize a substantial saving in insurance costs through resultant reduction in the city's insurance key rate.

Realization of the dreams of

hundreds in the community, including both youths and adults, for a modern swimming pool and recreation center on water works hill seems almost assured, if voters approve the bonds, since opinions of bond attorneys agree that an issue of bonds by the county for park improvement purposes is possible.

However, present investigation is being made to clear up an apparent disagreement as to legality of issuing bonds for construction of a fire station. At least one bond firm and their attorneys, one of the state's leading legal firms, has given the opinion that such an issue would be legal.

Judge Smith, however, announced at the meeting of the Council that he had contacted several bond firms and had made an investigation of the law himself and could find no direct authorization for the issuance of bonds for the purpose.

The Ozona Lions Club committee, headed by the club president Gene Williams, was authorized to make an investigation of the question by consulting bond attorneys and bond companies in the state and this investigation is now in progress. Meanwhile, the proposal for an election for issuing bonds for the swimming pool and recreation center are being delayed pending outcome of this investigation so that the entire issue can be submitted at one election if possible.

Hospital . . .

(Continued from Page One)

to lease the hospital for a trial period of two years, he said, but that the way is open for other proposals.

The Commissioners Court has in mind a possible plan for using the west side rooms in the bottom floor of the building, until recently occupied by the Bailey Shoe Co. as sleeping quarters for jurors held over night on district court cases. The county at present has no suitable quarters for sleeping jurors and if the plan is carried out, 13 beds, for jurors and half, will be placed in the room and these will be available in emergencies for hospital use.

Philip Meads of Vernon is a guest in the home of Mr. and Mrs. P. T. Robison this week.

Miss Jeanette Grimmer of Winfield, Iowa, is here visiting her grand mother, Mrs. Charles E. Davidson.

Baseball . . .

(Continued from Page One)

ory it was at least 26. At any rate, Stuart, Tom Montgomery, Vic Montgomery (one of the reinforcements) and Carlton Smith got three hits each, and two each went to Sheffel, Beecher Montgomery, McClanahan (another reinforcement—on the pitching mound), Bower, Hufstедler and Foster. Hufstедler and Foster each hit home runs. Frank James, who pitched the last two frames, and Bill Clegg accounted for one hit each.

The Reds will be idle in league play next Sunday but will play an

exhibition game here against a team from Pecos, Texas. The following Sunday, they will be hosts to the climbing Skyhawks from Goodfellow Field.

The league standing and week-end schedule follow:

	W	L	Pct.
Ozona	6	3	.667
Big Lake	5	4	.557
Goodfellow	5	4	.557
Iraan	5	5	.500
Ft. Stockton	1	6	.143

Schedule . . . Sunday—Fort Stockton at Goodfellow Field. Big Lake in Iraan. Ozona bye.

Phone the news to The Stockman.

WHAT DID THE WEATHER MAN SAY?

Engineers Give Answer to Problem of Texas Weather

Faced with the ups and downs of Texas weather, engineers have produced a new motor oil that stays thin for easy flowing in cold weather, yet stays full-bodied and tough on hot days. The new product, Humble Esso Extra Motor Oil, has the highest resistance to temperature changes of any motor oil in Texas, or anywhere else, according to Humble Company technicians. The technical name for this quality is high viscosity index; Humble scientists add that high viscosity index is a good guide to high motor oil quality. Humble station salesmen are urging customers to drain dirty, diluted oil and refill with new Esso Extra Motor Oil for extra protection. Adv.
