Crockett Schools Get \$2700 Aid On University Lands

Legislative Measure Assigns Aid Fund To Offset Losses

Crockett county schools recently were enriched by \$2,709 in addition to their budgetary expectations for the current year, this sum being paid over to schools in this county as a result of a bill passed by the last legislature making an appropriation from the rural aid fund to reimburse schools in counties in which University of Texas land is located. A check for that amount has been received by the schools from the state department of education, representing this county's prorata share of the appropriation, based on the acreage of University land and the county tax rate. Under the terms of the bill, school districts in counties where University land is located were to receive a sum "not to exceed the amount which said school districts could have received had said University lands been taxable for school purposes, regardless of need shown by budget."

University of Texas lands, spread over a score of West Texas counties, are not taxable for school purposes. The land is taxable, however, for county purposes under the terms of a constitutional amendment passed several years ago. The then attorney-general, William McCraw, held in an opinion that the wording of the amendment did not permit of taxing the lands for school purposes.

The appropriation from the rural aid fund for schools in counties having University lands was attached as an amendment to a bill extending similar aid to counties having large blocks of federal lands, parks, etc.

The money received here is but 78.4 per cent of the amount which would have been payable to this county under the terms of the bill. Rural aid funds had already been allocated when the bill was passed and \$75,000 was withdrawn from the fund and prorated among the participating counties.

ONE THING and THEN ANOTHER

By FRED GIPSON

SAN ANGELO.—It was during the Santa Anna rodeo last week I found him sitting in a pool hall, where most of the bronc busters and bulldozers hung out during the day between performances. He looked just a little scared.

He was hungry. A man could see it in his eyes.

I sat down in the empty chair next to him and asked where he was from. He said, Beaumont. He said he'd just hitched-hiked into town, hoping to pick up mount money for coming out of the chute on a steer or a bronc. They wouldn't let him enter the contests yet. Claimed he wasn't good enough.

It was getting close to lunch time. I suggested food.

"I'm broke," he said, frankly.

"I'll have to get a ride to eat."

"That's what I figured," I said.

"Let's go eat."

"I ain't no bum," he said. His eyes flashed resolutely.

"I had that figured, too," I said.

"But I've been broke and had to draw up my belt at meal-time. Let's go eat."

He came on, then. I ordered a plate lunch. He ordered a hamburger and milk. Before I could object, he said shortly: "That'll do me to ride on. I don't never eat much, nohow."

I didn't insist further. I had lots of pride at his age, too. And it's not good for a kid to have his pride knocked out of him too fast.

While he was wolfing his ham-

Oversees Maneuvers

Maj. Anthony Eden, former foreign minister of England, gives instructions to a dispatch rider with his battalion of rangers (King's royal rifles) in the forest near Beaulieu, where British army maneuvers were held.

Casbeers Sweep Opposition For Season Pennant

School Boys Drop One After Flag Cinched With 8 Wins

It's all over but the shouting—and Musty Casbeer's school boys are riding high as the softball champs of Ozona. Having won the first half championship, the Casbeers, sparked by Vic Montgomery, swept all opposition aside in the final frame to take eight in a row, dropping only one, the last game, after the flag had been cinched.

The Texas-New Mexico Pipeliners knocked off the Casbeer lads for their only loss of the second half Monday night. They play only one more game to complete the season, against the Williams team Friday night.

A fan-selected team of all stars were moved down two straights by a team of "scrubs" picked by Managers O. D. Busby and Hartley Johnigan, in a double header matched bill under the lights Saturday night. The all-stars, with Davidson and Berman pitching, dropped the first game 6-1 to the picked opposition playing behind the fast ball pitching of Tanner Kelly of Sheffield. The second game went to the scrubs, 8-6.

McDonald's Oberkampf crew held to a poor second position in the week's standing of teams in the city league season, which ends officially with Friday night's games. McDonald's herd dropped two and picked up one for a total of six won and four lost, while Busby's Humble team stood third with five won and four lost, having won one and lost one in the week. Texas-New Mexico Pipeliners and Williams were still tied with a .500 average, each having won four and lost four. Arthur Kyle's Piggly Wiggly men broke into the win column for the first time in the second half when they beat the Williams team last night.

The season's finale Friday night will see the Casbeer and Williams teams and the Piggly Wiggly and Humble crews battling, Humble's stake being a tie for second place with the Oberkampf team in the event they win the final.

Independence Day Celebration Plan Of Mexican Colony

Mexicans of the local settlement are laying plans for an elaborate two-day celebration of Mexican Independence Day, September 16. The festivities will get under way September 15 and continue through the Independence. There will be dancing each night, a patriotic program each day, and Mexican dishes on sale throughout the period. Luis Cardona is in charge of arrangements.

Grimmer Children, Former Ozonans, Get Concrete Swimming Pool On Iowa Farm In Lieu Of Trip To N. Y. World's Fair

The following interesting item concerning a former Ozona family is taken from the Winfield (Iowa) Beacon:

"Because they did not go to the New York World's Fair, the four children of Mr. and Mrs. W. J. Grimmer will have a concrete swimming pool in their front yard.

"The four, Betty and Billy, 14-year-old twins; Jeanette, 13, and Eddie, 9, were given the choice by their parents between a trip to the East and the New York World's Fair or an outdoor swimming pool. They chose the latter, they said, because they were certain the swimming pool would be a source of more lasting enjoyment.

"The pool is 20 feet wide and 40 feet long, and has a sloping bottom making it from four feet deep at the north to eight feet at the south. The work which was started about ten days ago is being done entirely by Mr. Grimmer, the four Grimmer children, the hired man and a few neighbors and friends. The only part left to be completed is on the bottom and the west side. It is expected to be ready for use within another week's time. The side walls and bottom are of concrete, in winter the pool may be flooded and used as an ice skating rink.

"Located in the shady grove in front of the house on the 480-acre Grimmer farm, about two and a half miles southeast of Winfield, the natural fall from the well east of the grove will keep the pool full of water. Mr. Grimmer pointed out that the pool would also serve as a reservoir for stock watering, as drainage by gravity is possible to the south from the pool to where the livestock tanks are located. The natural drop from the well to the house, he said, furnishes sufficient pressure for the use of water on the second floor of the Grimmer home. The pool then is on west from the house, so little additional piping was required to get water to the pool.

"The cost of the pool will be about \$100, Mr. Grimmer said. The children are contributing equally to pay the cost for all four of the Grimmer children can swim."

Music Club Holds Initial Meeting Mon. Afternoon

Business Session Opens Current Season Of Group

Mrs. S. M. Harvick, president, assisted by Mrs. Pleas Childress, will be hostess to the first meeting of the Ozona Music club for the current season next Monday afternoon.

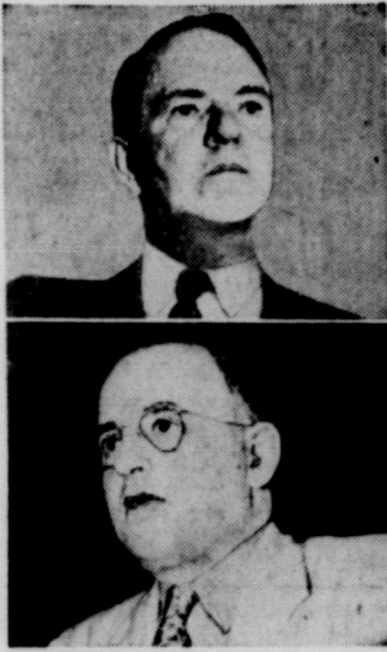

The initial meeting will be devoted mostly to business of the club. Club members will answer roll call with some musical current event. Mrs. Clyde Childress will give some notes from the Music club magazine and Miss Ruth Graydon will play a selected piano number.

The Music club, starting with Monday afternoon's meeting, will hold semi-monthly meetings through the school year, the first meeting in the month to be a business session and the second a musical program.

Club officers include Mrs. Harvick as president, Mrs. Madden Read as vice president, Mrs. L. B. Cax, Jr., recording secretary; Mrs. Joe Clayton, corresponding secretary; Mrs. Clyde Childers, parliamentarian, and Mrs. Neal Hannah, auditor.

Standing committees are composed of the following: Program, Mrs. Charles Williams, Mrs. Madden Read, Mrs. Alvin Harrell, Mrs. H. B. Tandy, and Miss Ruth Graydon; membership, Mrs. V. I. Pierce, Mrs. Lowell Littleton, Mrs. R. R. Dudley; publicity, Mrs. Paul Perner, Mrs. C. J. Van Zandt, Mrs. (Continued on Last Page)

So Red the Nose—

The second court battle between W. C. Fields, stage and screen comedian (top), and doctor, Dr. Geoffrey Citron, will get underway at Los Angeles next week. Dr. Citron, who says he had trouble making the patient behave when curing Fields of pneumonia, was awarded \$12,000 at the first trial but Fields appealed and the higher court held the fee excessive.

2 Thanksgivings But Only One Is School Holiday

Traditional Last Thursday Designated Holiday Period Here

President Roosevelt's announced intention of changing the date of Thanksgiving from November 30 to November 23, one week earlier, perhaps did little to disturb the equilibrium of the average man, except possibly to irk his sense of fitness in thus callously casting aside a long-established tradition, but it did produce headaches aplenty among school men and heads of football departments in schools and colleges the nation over.

But not so in Ozona. The school calendar, it is true, will show two Thanksgivings, one on November 23 and another on November 30, in deference to the presidential desire for change, but the traditional two-day holiday will come on the old-fashioned date of November 30.

Thus has decreed none other than C. S. Denham, superintendent of Ozona schools. When the president announced his intention of knocking another tradition into a cocked hat, just to get the country accustomed to tradition-busting, the superintendent recalled that the State Teachers' Association meets in San Antonio November 30, December 1 and 2, and that fact settled the argument so far as local schools are concerned—the two-day holiday must come then so that teachers might attend the convention.

And so, just to keep the record (Continued on Last Page)

Sister Of Ozonan Is Killed In Auto Crash Near Tyler

Mrs. Charles Basquette, 28, a sister of W. E. Lucas of Ozona, was instantly killed in an automobile accident 20 miles from Tyler, Texas, Friday night. Mr. Lucas left immediately upon receipt of word of the tragedy, driving through to Tyler Friday night.

The automobile in which Mrs. Basquette was riding collided head-on with another machine.

Funeral services were held Sunday afternoon in Belton. Mrs. Lucas joined her husband in Belton for the funeral services.

Crew Of 16 Men Locate Here To Drill Deep Test

Continental and Seven Others Join In Todd Ordovician Test

A crew of 16 men, with their families, will be moved into Ozona within the next few days to make this city headquarters while employed in the drilling of a projected Ordovician test on the J. S. Todd ranch 15 miles northwest of Ozona.

The well is to be drilled by the Nobel Drilling Co. for the Continental Oil Co., which heads a group of seven other major companies associated in the deep exploration. The Nobel Drilling Co. drilled the Stanolind Oil Co. unit test on the Todd ranch in 1932. A Mr. Stewart, superintendent of drilling, was here last week making arrangements for moving the crew in, to find living quarters, etc. All of the 16 members of the crew are married, Mr. Stewart said.

Seven other companies will be associated with the Continental in drilling the test, seeking production from the Ordovician, revealed thus far in largest quantities in the Big Lake field 30 miles to the northwest of the projected Todd test. The Continental will be in charge of operations. Participating in the community test will be Stanolind Oil & Gas Co., Superior Oil Co. of California, Standard Oil Co. of Texas, Republic Production Co., Shell Oil Co., Phillips Petroleum Co., and Humble Oil & Refining Co.

Tentative location for the test is 1,980 feet from the south and west lines of section 30, block WX, G&SF Ry. Co. survey, approximately 15 miles airline northwest of Ozona. It was reported that this location might be changed slightly because the site is in a draw. It is about a mile southwest of Stanolind No. 1 Todd, a deep test which was high on the Ellenburger formation but failed to produce, and about two miles west of Superior No. 1 Massie unit, also a failure. The new test will explore the Ellenburger and will go perhaps to 8,500 feet if necessary.

Ozona Team To Play In Angelo Softball Meet Opener Today

Vic Montgomery, spark plug of the champion Casbeer team in the Ozona league, and president of the league, will pick a dozen to 15 players to form a team to compete in the San Angelo tournament starting in that city today.

The Ozona entry has been bracketed for the opening game with the Sons of the Legion team at 5:15 Thursday afternoon. Should the locals win this fracas, they will meet the winner of the Big Spring-Menard opener in the quarter finals at 7:45 Friday night.

The tentative lineup for the Ozona entry includes Tanner Kelley, Elton Holland, Bugs Lumber, J. M. Cox, Frankie Jones, Beecher Montgomery, Jake McCulley, Chas. Williams, Elmo Berman, Frank Russell, O. D. Busby, and Vic Montgomery.

Fourteen teams are entered in the tourney, five from San Angelo and one each from Big Spring, Menard, Ozona, Big Lake, McCamey, Sonora, Sterling City, Edna and Eola.

BROTHER OF OZONAN TO WED PALESTINE GIRL

Announcement has been made of the wedding of Miss Ruby Nell Cheatham of Palestine to J. D. Sheridan, Jr., of Crane on Saturday morning, September 2, at 11 o'clock. Miss Cheatham is the daughter of Mr. and Mrs. B. C. Cheatham of Palestine and Mr. Sheridan is the son of Mr. and Mrs. J. D. Sheridan of Crockett, and is a brother of Phil Sheridan of Ozona, who left Wednesday to be attendant at the wedding.

SCHOOLS SET FOR OPENING HERE MONDAY

Arrange Special Program at 8:30 Monday Morning

STAFF COMPLETE

Special Music, Talks Slated For Opening Exercises

Monday morning, September 4, will find the school bells ringing to inaugurate a new school session in Ozona. Superintendent C. S. Denham, who is beginning his 12th year with the Ozona schools, announces the teaching staff complete and definite plans formulated for the year. The buildings and grounds are being given special attention during the week.

High school students were registered for the new session before the end of school last spring. A few corrections in this registration will be necessitated because of new pupils and summer school attendance.

The opening program at 8:30 on Monday will include special music by Norman Heath, instructor in band, and Miss Ruth Graydon, instructor in piano, and a reading by Mrs. R. J. Adams, instructor in speech arts. Rev. Clyde Childers, pastor of the Baptist church, will speak. Announcements by the special teachers will be followed by a talk by Crockett county's dean of education, Judge Charles E. Davidson. Judge Davidson has served the schools of the county since their beginning in 1891.

The teaching staff for the session is listed as follows: R. L. Springer, high school principal and instructor in mathematics and history; Miss Bess Terry, English; Guinn Caruthers, science and manual training; Mrs. Rex Russell, home economics; Ted M. White, coach and instructor in Spanish; Miss Mildred North, commerce; Norman Heath, band.

Elementary school: Gene Holton, principal; Miss Zelma Scott, social studies; Miss Margaret Martin, language arts; Miss Rada Anderson, public school music; Mrs. C. S. Denham, fourth grade; Miss Norine Allison, third; Miss Dorothy Spain, second; Miss Jo Demmer, first; Mrs. Arthur Kyle, kindergarten.

Latin-American school: E. J. McCulley, principal; Miss Katherine Chapman, elementary and music; Miss Margaret Butler, and Miss Elizabeth Kuykendall, primary teachers. Miss Elizabeth Coose, who this (Continued on Last Page)

Brady Minister Accepts Church Of Christ Post

Rev. Clem Hoover To Preach Here Sunday Morning

Rev. Clem Hoover, minister at Brady for the past several years, has accepted the call of the Ozona Church of Christ and will preach his first sermon as its regular minister next Sunday morning, it was announced yesterday by church officials.

The new minister has visited the local church on several occasions and is well known to many in the membership.

The church has been without a regular minister since the resignation last March of Rev. A. C. Nance. The Rev. Nance went from here to Comanche to accept the call to a church he had served for a period of several years previously.

All members and friends of the church are invited to greet the new minister at the Sunday morning service.

THURSDAY, AUGUST 31, 1939

The Wringer Is Started

It took congress a long time to awaken to the fact that our debt-breeding fiscal policy was leading the nation rapidly toward bankruptcy. But, judging by the session which has recently closed, the majority of the lawmakers finally awakened.

The action of Congress in sharply reducing appropriations all along the line, and in flatly refusing to pass more radical "emergency" legislation, has earned that body the gratitude of the thinking people of this country. It has encouraged business, and given the advocates of common sense, who were long routed by the free spenders, a revival of optimism.

All this will be true, of course, only if succeeding congresses hew to the same line. And, in addition, they must go farther. It is not enough to reduce the year's deficit, as this congress did. Deficits must be eliminated, and government outgo brought sharply in line with income. It is not enough

THE LITTLE HELPER

New Adoption Law Needed

By S. DEANE WASSON, Texas Capitol News Service

Action of the governor, upon recommendation of the Pardon Board, in commuting to life imprisonment a man tried and found guilty of the deliberate murder of a 12-year-old child for mercenary motives, challenges thinking men and women to take up cudgels in defense of Texas children.

When a man can go to a mother in this state, and without official interference persuade her to surrender her precious offspring to his custody, and then employ the child as a mere guinea pig in an insurance-murder experiment—it is time that something be done about it.

When people are permitted, unchallenged by no more than a printed form, to take over the custody of a youngster's life, to do with it as they will, even as in this case to snuff out its existence to gain a stipend of silver, we, a people are derelict in a definite duty.

If the next session of our lethargic legislature fails to enact corrective statutes covering child custody and the insuring of their lives, then this experience will have been in vain; and well may Texas parents cogitate upon the possible future of their own little brood should the breaks of luck place them in the same situation of that sorrowing mother who

thought she was making a sacrifice for the best interests of her son, only to learn too late the error of her trust.

So far, the Commissioners Court has failed to take definite action on the request of a group of citizens that it initiate steps toward determining the cost and feasibility of constructing a swimming pool in Ozona. The present need of such an improvement is near past, but there will be other summers.

Should war come and should American become involved, what we would like to see would be the first battalion of storm troops be composed of CIO members, strikers, Communists and other agitators in this country, led by John L. Lewis, ordered "over the top" in broad daylight on some active front, each one dressed in bright uniform to be easily visible and each one armed with a machine-shooter.

An advertisement is a guarantee of quality.

to refuse to levy new taxes—after a definite program for orderly retirement of today's national debt has been put into effect, means must be found for cutting existing taxes.

So the economy activities of the last congress must be regarded as a work just well started. The finish is far in the future. Infinite patience, labor and courage will be needed to return this country to honest fiscal solvency. Wringing the water out of our national financial structure won't be an easy or pleasant job—but it must be done.

Hitler's assassination and another good general rain are two news items that the ranchmen of West Texas would most like to see in their favorite newspaper.

Many office buildings are under construction in Rio de Janeiro Brazil.

The Philippines Government will erect a \$4,250,000 electric power plant.

Air lines are selling weekend tickets good between Paris and London.

IMAGINE a mountain of dollars—45 million of them! That is the cold cash invested in Electric Service facilities required to serve some 51,000 homes, business concerns and industries now on this company's 46,000 square-mile network of lines in West Texas.

A large part of this \$45,000,000 was attracted to West Texas from outside. All of it is invested in three big power plants having a total capacity of 65,000 horsepower of electric energy, 2,700 miles of major transmission lines, 2,400 miles of distribution lines, and the many, many other items of equipment necessary to maintain modern electric service.

ALL the people profit from this investment. Electric rates have dropped over 70 per cent since this company built the first transmission line in West Texas. Taxes paid to support city, county, state and federal governments and to build schools, highways, parks, etc., amount to \$9.75 per residential customer each year. Power plants each day consume 9,398,000 cubic feet of natural gas—making this company the largest individual consumer of one of West Texas' greatest natural resources. Hundreds of men and women are given employment. Other hundreds are small investors. So widespread are the benefits derived from Electric Service that ALL the people profit.

City Council Will Publish Periodical Financial Statements

The Stratford City Council is making preparations for periodical publications of the financial condition of the City in the Stratford Star to furnish information for tax payers. Reports have been completed for the first financial statement and publication will follow soon after members of the City Council return home from vacations.

Abandoned

The Shamrock No. 1 in Moore County, 1939

The City of Stratford now has transmission line electric service. The first transmission line in West Texas was built by this company in 1914 and extended 16.2 miles from Abilene to Merkel. By giving better service at lower cost, it made obsolete the small, isolated light plant of that day and time and gave birth to a new industry that serves all the people.

Millions Of Acres Texas Ranch Lands Improved Under Range Program In '38

Over 5 Millions Government Funds Go To Improvement

COLLEGE STATION, Aug. 30.—Texas ranchmen, whose fabulous domain has come a long way for the worse since the Longhorn ruled the plains, are fast restoring the color to the face of their land.

A final check-up of conservation practiced under last year's AAA range program shows a large increase over 1937 in the number of ranches in the program, the number of acres improved, and the extent to which range-building practices were carried out.

The report, compiled here at state headquarters of the AAA, showed:

Deferred grazing was practiced on 4,811,614 acres.

Approximately 20,000 stock watering tanks and dams were built. Spreader dams were constructed involving the movement of 1,363,391 cubic yards of earth.

Around 6,022,440 feet of spreader terraces were built.

More than 500,280 pounds of grass and legume seed was used to reseed approximately 61,130 acres of depleted grazing land.

Ninety-one acres of trees were planted, and 10,342,952 feet of fire guards were established.

Around 61,365 acres of pasture were furrowed on the contour and 53,844,056 feet of ridging was done.

Water wells with a combined depth of 476,806 feet were drilled, and the excavation of more than 31,000 cubic feet was involved in development of seeps and springs.

Prickly pear was cleared off 1,411,044 acres, and a combined total of 3,615,890 acres were relieved of excessive mesquite, cedar and lechuguilla.

Enrolled in the program were approximately 19,770 ranches, which earned around 95 per cent of a possible total of \$5,720,860 available for range conservation.

Peak Climbers Favor Mt. Hood By Big Margin

TIMBERLINE LODGE, Ore.—It is not the highest, it is not the most perilous, but Mt. Hood is America's most climbed major peak.

Annually, an average of 1,500 persons ascend the 11,253 foot rugged slope to the summit for a big thrill which very few persons know and a great many would just as soon skip.

The mountain itself, a snow-capped landmark of the Cascades 65 miles southeast of Portland, owes its "climbers' personality" to its comparatively easy south ascent, where even the "yodeling amateur" has a sporting chance of walking down. By way of this route, the distance to the top is 3.64 miles—a one-day round trip provided the climbers get away

He Talks Turkey

Talking turkey, Myles Standish of Boston, Mass., direct descendant of the famous soldier of the first Massachusetts colony, declared himself against President Roosevelt's proposal to move Thanksgiving date from November 30 to November 23. The former date, he declares, "will be Thanksgiving day to the Standish clan."

long before day light.

Second in popularity is nearby St. Helens across the Columbia river in Washington, which is subdued some 200 to 250 times every year. Such peaks as Washington's Mount Ranier, however, are geographically constructed in such a manner as to lose most of their popularity and are reserved to Alpine veterans, who use ropes and snow axes.

Buses having supplanted street cars in Dublin, Ireland, the upper decks of the old "trams" are being offered for sale as summer houses for suburban gardens.

Family Keeps Historic News of Washington

WINNIPEG, Man.—How slowly news traveled in the 18th century is revealed by a copy of the London Times, dated Nov. 6, 1796, in the possession of George Nunery of Winnipeg. The newspaper recently was received from England where it had been in the possession of his mother's family.

Leader for the day was a story about the now famous announcement of George Washington that he would not run for a third term of president.

"We are sorry to announce the resignation of George Washing-

ton, Esq., of his situation of President of the United States of America," reads the story. "This event was made known yesterday with the arrival of the Belvidere from New York with letters thence of the 27th of Sept."

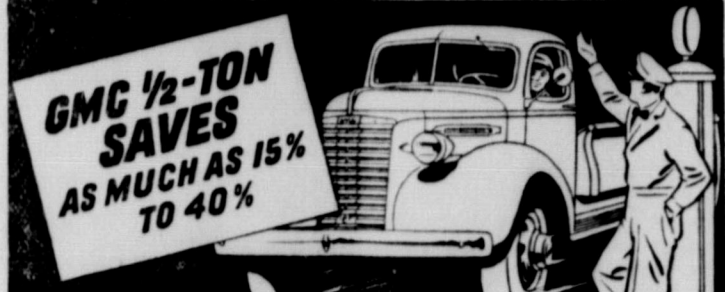

Advertisements on the front page were of interest. Under the heading "Extraordinary Large Reptile" attention is drawn to the fact that a rattlesnake nine feet long and a foot or more in diameter was being shown.

"The nobility and gentry are informed that the snake is so well secured that there is not the slightest danger, and that he may be inspected with the greatest pleasure," the ad said.

Say "I saw it in the Stockman

GMC TRUCKS TRAILERS DIESELS

IS THIS ANY WAY TO RUN A HOUSE?

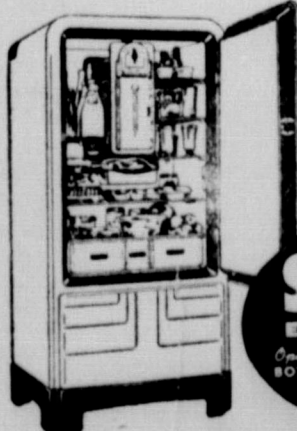

"Bills! Bills! Bills!" It's the first of the month again in the home without a Servel Electrolux. Of course, any husband knows he could run the house for a lot less than a woman, anyhow. "Look at this electric bill! Look at this grocer bill! We waste enough to feed two families!" He's got something there—unless you've got a Servel Electrolux.

And if you have, you never hear these squawks about the unbalanced budget. It's a nice little royalty that Servel pays you, month after month, in grocery savings and operating cost.

Let's see what Mrs. J. W. Jackson, Paducah, Texas, who used to own another type automatic refrigerator, has to say: "In the summer months, the cost of operating it would be \$8.50 a month. Now our Servel operates for 60c a month." And Mrs. Travis Fore, of Nocona, says, "My ice bill alone ran from \$5 to \$7 a month before I owned a Servel Electrolux. It costs 70c or 80c a month."

And about food savings, here's the story from Mrs. W. E. Tosh, Stamford, Texas: "My grocery bill has been cut to almost half. There is no more food spoilage whatever."

SERVEL ELECTROLUX

Operates on KEROSENE, BOTTLED GAS, BUTANE GAS, NATURAL GAS

So, next time your husband gets the "unbalanced budget blues," show him this little arithmetic problem—the savings in several hundred average homes like yours, where they spent \$40 to \$50 a month for food:

Saved on leftovers, per month \$2.82
Saved on food spoilage, per month 2.60
Saved on buying bargains, per month 3.61
Saved on FOOD ALONE \$8.58

Now add what you now spend for ice or electricity to run the jolly you have in your kitchen now. Then subtract 2 or 3 cents a day, which is plenty for the operating cost on a Servel Electrolux here. Then see if he doesn't say, "Great Scott, we're paying for one—let's get it!"

But wait... He doesn't know yet that Servel Electrolux is the refrigerator—the only automatic refrigerator—with no moving parts in its freezing system. No, not a one. Nothing to wear; to get rattly and noisy, to lose efficiency, to let you down without refrigeration in August or September, while you wait for the service man. He won't believe this "no moving parts" at first; so bring him to us. We'll show him. Just a tiny SILENT gas flame.

And as Mrs. Henry Brooks, Paducah, Texas, says, too—any home, anywhere, can enjoy Servel Electrolux refrigeration. Yes, town, farm or ranch. She says, "The beauty of Servel Electrolux is, if you move to the country you don't have to trade it off; it operates on butane or kerosene, as well as natural gas." And if you live on a farm or ranch now, by all means come in and see how you can have ice cubes, ice cream and perfect city refrigeration—the same identical Servel Electrolux that a million city families use, except it uses butane or kerosene. And no matter—town or country—we can sure make it easy to own one. Come in and find out these things for yourself—or phone us and we will come to see you.

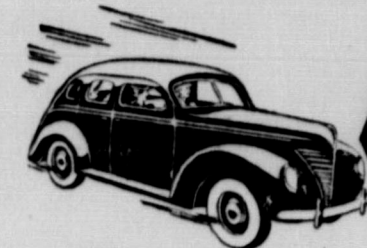

- NO MOVING PARTS in its freezing system
- PERMANENT SILENCE
- CONTINUED LOW OPERATING COST
- MORE YEARS OF DEPENDABLE SERVICE
- CONTINUED SAVINGS THAT PAY FOR IT

OZONA

TEXAS

Here an' There..

Miss Jean Drake is visiting relatives in Van Horn this week.

George Montgomery purchased the Harry Goode estate sheep at an unannounced price.

Dee Finley bought two double decks of lambs from George Montgomery the first of the week.

Mrs. A. C. Hoover recently visited her aunt, Mrs. Fanny Dunlap in Ballinger.

Mr. and Mrs. Dick Morrison of Sonora were guests last week of Mr. and Mrs. Elton Smith.

Mr. and Mrs. Son Chapman were through Ozona Tuesday on their way to Mexico City.

Miss Mary Margaret Harris spent several days in San Angelo visiting Mrs. L. Q. Sparks.

Clyde Leath left Friday for Christoval to take the mineral baths.

Mr. and Mrs. Walter Kyle were the guests Sunday in Alpine of Mr. and Mrs. Chalmers Broadfoot.

Claude C. Fincher of Howe, has been visiting his cousins, Mary Frances and Billy Jo West.

Mr. and Mrs. Fish Powell and Miss Leta Powell have spent the past two weeks in Bay City and Galveston.

Joe and Micky Couch returned home Monday from the summer session of Sul Ross State Teachers' college in Alpine.

George Montgomery recently purchased the lambs of Jess Malone, W. E. Friend, Jr., and W. E. Dunlap. He also bought the Clay Montgomery calves and the Paul Peiper calves.

Miss Dolly Cooke spent the week end in San Angelo visiting her sister, Sibyl Cooke, who is enrolled in a nurses' training school there.

Mr. and Mrs. O. W. Smith are in Miles visiting their son-in-law and daughter, Mr. and Mrs. Jesse Williams.

Mr. and Mrs. R. J. Adams spent the weekend visiting Mr. Adams' parents in Stephenville and Carlton.

Bohn Anderson, former book keeper of the West Texas Utilities, was an Ozona visitor Saturday.

Mrs. D. W. Russell has as her guests here grand daughters, Lois D. and Louise Evans of Ballinger, and Cleo Richardson of Victoria.

Miss Gladys Thornberry, who has been visiting for the past two weeks with Mr. and Mrs. R. E. Austin in Fort Worth, has returned to her home here.

Dr. H. B. Tandy underwent treatment in an Abilene Hospital and spent several days in bed after returning home as a result of food poisoning contracted while on a fishing trip to Lake Brownwood the past weekend.

Dr. and Mrs. H. B. Tandy and family are moving in this week to the Vernon Cox home which they have leased.

Mr. and Mrs. Frank James and Mr. and Mrs. Slick Miller are home from Dallas after a week's vacation. In Dallas Mr. James, local Dodge and Plymouth dealer, was given a preview of the 1940 Plymouths, soon to be announced.

Mrs. Roy Parker, Miss Bess Parker, Mrs. Hubert Baker, Mrs. Vera Baker and Mrs. Eddie Bowlers were in San Angelo Tuesday.

Flora Jean Adams, daughter of Mr. and Mrs. Homer Adams of San Antonio, is visiting Mr. and Mrs. Doug Kirby this week.

Dub Palmo was in town yesterday on business. He is employed on a deep test rig in Morton, Texas, with the Humble Oil Co.

Mrs. Audra Moore returned Sunday from a two-week's vacation in Stephenville where she visited her brother and sister-in-law, Mr. and Mrs. Roy Kirby. Mr. and Mrs. Kirby accompanied Mrs. Moore home.

Scotie Smith, son of Mr. and Mrs. Elton Smith, is expected home Saturday from a two-month's visit in Fort Worth with his grandmother, Mrs. Dora Hancock. He also visited aunts in La Pryor, Texas, and Dequeen, Ark.

Miss Jamie Seaham, operator at the Ozona beauty parlor, has returned from a visit with her parents in Briggs.

Mrs. A. E. Deland, Mrs. J. P. Pogue and Norris Pogue spent the weekend in San Angelo visiting friends.

Dr. and Mrs. A. E. Brammer of Balmorhea spent several days with Dr. and Mrs. John Sherburne. Later the Sherburnes visited on the Allison ranch near Fort Stockton.

Louise McLaughlin is suffering from a broken wrist received while she was skating Monday afternoon.

Mr. and Mrs. Tom Owens and children returned yesterday from a vacation trip to California. Miss Margaret Owens, who won the title of West Texas girl roping champion last week at Junction will enter the roping contest at Midland this weekend.

Mr. and Mrs. Alvin Harrell left this morning for Sanderson where they will board train for Long Beach, Calif., to join Mr. and Mrs. George Harrell. The Harrells will remain for another month's visit in California before returning to Ozona.

Mrs. Clinton Glover and daughters, Joanne and Della, have returned to their home in Ballinger after a visit here with Mrs. Glover's parents, Mr. and Mrs. N. W. Graham.

BUICK

LEE WILSON, MANAGER

PONTIAC

ed Gipson—

Continued from Page One)

er, I couldn't help but think to when I was his age and thanks to the gods for the jolt handed me and turned from following the hazardous to the rodeo game. I guess that if I ever had any ition, it was to become a roderformer. I talked and breath-and ate and read and slept I'd risk a good thrashing Papa to rope up his yearl-and try to ride them. Any burro I could get a rope on ed as practice stock. I might dumped like a sack of salt, I'd give him a try. I could see self kicking out the salty ones Madison Square Garden soon. I could even hear the applause of crowds.

hen came that fateful day I attempted to bulldog my steer. I was riding a little bitten grey mare. She was as tious as some women. We used a steer out of the brush, led him out across a broad quite flat. Having no other man to act as a hazer and the animal in line, I had to him run in the lead until I to the opening where I aimed ile off on his head. Then I the grey into him and leaped a the saddle.

rom there on, I'm not certain. grey cut too short and ran the steer. Or the steer cut and ran into the mare. Any- the two collided, with dis- results. The steer went down. The grey's s flew up. She somersaulted the steer. Me—I sailed sprad- egged out over a couple of quite bushes and hit the and rolling—rolling in sharp- aged grass burrs. They stuck my face. They were ground in- ny head. My pants were pinned my skin with them. I couldn't sit in the saddle long enough side back to the house. I had to

Papa helped me pick the burrs what would come out. The he drove deeper into my pos- or regions with a barrel re. Papa was pretty mad about a steer's leg being broken and

Meet the Champ!

Doctors decided that seven-months-old Sandra Judd Kirchmann was the champion baby in the annual baby parade at Ocean City, N. J.—and another look will convince you the doctors were right.

the grey's having a hole gouged into one shoulder where she'd fallen across a stump.

And worst of all, I was so sore the next day, I could hardly move. Which gave Mama the idea that maybe I was bilious, too. And just to make certain, she gave me a big dose of liver medicine.

I think it was that dose of liver medicine that turned the trick. That's what kept me off the rodeo trail, kept me from breaking my neck, kept me from becoming a bum, like this kid from Beaumont will soon be, in spite of his so evident pride.

Hunger will knock the pride out of a man mighty fast.

Stumped

Little Ann was sitting on her grandfather's knee and after looking at him intently, for a time, said, "Grandpa, were you in the ark?"

"Certainly not, my dear," answered the old man.

"Then why weren't you drown- ed?" she asked him.

METHODIST CHURCH
Eugene Slater, Minister

Calendar of Services:

Sunday school, 9:45 a. m.
Morning worship, 11 o'clock.
Y. P. meeting, 6:45 p. m.
Evening worship, 7:45 o'clock.

At our morning worship service this Sunday we shall recognize the young people of our church who in the next few days will enter college and university. The church has always sponsored higher education, and we congratulate our young people on their opportunity to continue their training.

With the opening of our own schools, families will be moving back to town and teachers will be returning from their summer excursions. This church welcomes its members and friends to all of its services. We urge all of the people of Ozona to make church attendance a fixed habit.

A dramatized version of Bunyan's "Pilgrim's Progress" will be produced in Rochester, Eng.

RARE OLD NEWSPAPER
FOUND UNDER LINOLEUM

ST. HELENA, Cal. — When Caretaker C. T. Norton tore up a linoleum in the old, historic 15-room Parrott ranch house, he uncovered a collection of old American newspapers that had been placed there for padding.

One of them, the Ulster City Gazette of Jan 4, 1800, contained an account of George Washington's funeral. Others were early California newspapers of 50 or 60 years ago.

OZONA GIRL GRADUATED

TEXAS OUT-O-DOORS

AUSTIN, Aug. 30.—Because the Lesser Prairie Chicken saved several landowners as much as a bale of cotton per eight acres, those fine game birds are going to get much more protection in the Texas Panhandle in the future, or at least in Wheeler county it is reported by State Game Warden P. D. Moseley of Canadian. The prairie chickens devoured huge numbers of army worms which seriously threatened the cotton crop in that section of the state.

T. D. Key, owner of large holdings in Wheeler county and many of his neighbors are now planning to plant food for the Prairie Chickens as a result of the birds having moved into their cotton fields and totally destroyed the army worms. The worms had eaten about one-third of the leaves from Mr. Key's cotton when the birds moved in. As many as 500 prairie chickens invaded the 44-acre field at a time and the result is that Mr. Key estimates they saved him as much as five bales of cotton. Many neighbors had the same experience and now a higher regard for those game birds. They have announced there will be no hunting for prairie chicken in that section during the remainder of the five-year closed season placed on the birds by the Forty-fifth state legislature in 1937.

Mr. Key has planted 71 acres of sudan and red top cane for the birds to feed on and plans to raise as much maize and kaffir corn for them. Other Wheeler county landowners are also going to provide feed for the birds.

L. C. Cole, state game warden, and Earl Watley thought they were seeing double the other day when they killed what appeared to be, while on the limb of a tree over their heads, two snakes, but what turned out to be a two-headed reptile which had one head in the usual place and the other at the root of its tail.

Snakes with two bodies or with two heads side by side are sometimes found, but this is the first time discovery of a snake with a head at each extremity has been reported in Texas. The reptile, about three feet long, had a normal sized head and a smaller one at the root of the tail. The normal head had a round, black tongue with two prongs extending from the end of it. It had no fangs. The smaller head had only one eye and its mouth was so small one could not put a pea in it. The tongue was pink and about half an inch long.

The snake was shot in the middle of its body, but the smaller head struck out at the two men and that portion of the body even moved several feet before it died.

At least 12 big Opelousas catfish did their very best to hatch a nest of eggs under a bank in the Trinity river near Paradise, Texas, it is reported by Loyd Preskitt of Bridgeport and State Game

Warden Harley Berg. An Opelousas cat weighing 61 pounds was taken from the nest by means of a seine on July 15. On eleven successive days thereafter a large Opelousas cat was taken off the same nest of eggs. They weighed from 17 to 35 pounds.

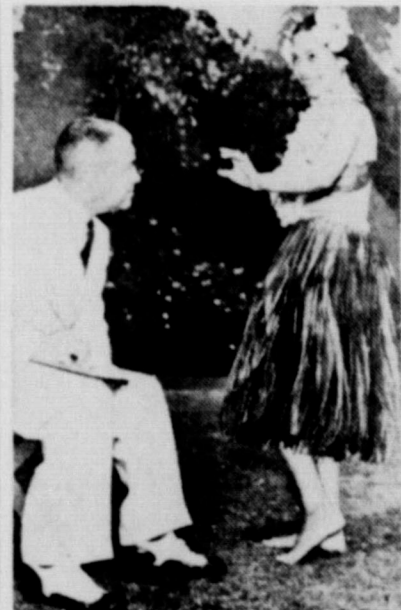

Will J. Tucker, executive secretary of the Texas game, fish and oyster commission, could have collected \$21,000 for his first seven months service as game commissioner of Texas, but he took only \$2,100, or \$300 a month instead of \$3,000 a month, he recalled recently.

A stenographer's error or some other person's mistake had caused the law passed by the legislature for the biennium ending August 31, 1927, to read that the game commissioner should receive \$36,000 a year in salary. However, Tucker decided that the law should have read \$3,600 annually and accepted only that amount for his services each month from February, 1927, when he took charge of the department, until the biennium ended seven months later.

The heaviest concentration of canvasback ducks in Texas is on Surprise Lake in Chambers county, northeast of Galveston, it is reported by State Game Warden Delber Conner, who declares that more than half of that species of migratory birds coming to the Lone Star State gather there. The canvasback is one of the four species of ducks that hunters are allowed only three per day during the open season. The others are redheads, buffleheads and ruddy ducks.

Miss Bettye Lou Coates, who is suffering from a cut in her hand received when she dropped a pair of scissors, is improving rapidly.

A Cartoonist Relaxes

Percy Crosby, famed cartoonist, takes time out during his vacation in Honolulu to sketch a hula dancer instead of his favorite comic strip character, who may soon be wearing a sarong.

Star Watchers Spend 6 Years On One Group

CLEVELAND, O.—Prof. J. J. Nassau, director of the Case School Warner & Swasey observatory, is able to describe how two stars whirl around each other 6,000,000,000,000 miles away.

Prof. Nassau and his assistants, diligent sky scanners, have kept watch over 100,000 stars for the last six years recording their observations with a 3 inch photographic telescope.

The stars, discernible only as a single black pinpoint on a photographic plate, have been measured and gauged by astronomers. They have determined their distances from the earth, the circumference of each star, the color of each, the intensity of light and their respective masses.

The stars are in the region of the Northern Cross. This is one of two sections of the sky the Case astronomers have been watching for six years.

Sometimes they are rewarded for their vigilance by the appearance of a new star or the explosion of a known one. They have discovered an unusual pair of

stars called an eclipsing binary. Each photographic negative is scanned with a microscope to determine whether any of the specks have changed size or whether a new dot has appeared.

Joe Glen Rape has returned guests her grand daughters, Lois from the summer session at Baylor University.

A recently-developed "immersion" process for "quick freezing" will soon place Texas fruits, meats and vegetables in a position to compete favorably with California and Florida products for the national market. W. R. Woolrich, engineering dean and "quick freeze" expert at the University of Texas, believes.

MRS. JOE CLAYTON IS BRIDGE HOSTESS

Mrs. Joe Clayton entertained members of her bridge club and guests at her ranch home Wednesday afternoon, with six tables of players present. Summer flowers were arranged in the house, with a color scheme of yellow and blue being carried out in appointments.

Mrs. Ele Hagelstein was awarded high score prize for the club, Mrs. Bryan McDonald took guest high, Mrs. Bill Conklin, low and Mrs. Phillip Lee Childress the bingo prize.

A salad plate was served to Mrs. Hagelstein, Mrs. McDonald, Mrs. Conklin, Mrs. Childress, Mrs. Pleas Childress, Jr., Mrs. Sid

Millsbaugh, Jr., Mrs. George Berger, Mrs. Dempster Jones, Mrs. Ralph Jones, Mrs. W. C. Wilson, Mrs. Lefty Walker, Mrs. Ed Smith, Miss Mildred North, Miss Effie Mae Petry of San Antonio, Miss Lillian Baggett, Mrs. Kirby, Mrs. Richard Flowers, Mrs. Al Fields, Mrs. Arthur Ed, Mrs. Rex Russell, Mrs. Ed, Miss Totsy Robison, Mrs. C. Van Zandt and Mrs. Arthur Phillips.

(Editor's Note—This item was inadvertently omitted from last week's issue.)

France has issued a postage stamp honoring the French explorer, Rene Caille, who was the first European to reach Timbuktoo.

Behind The Scenes In American Business

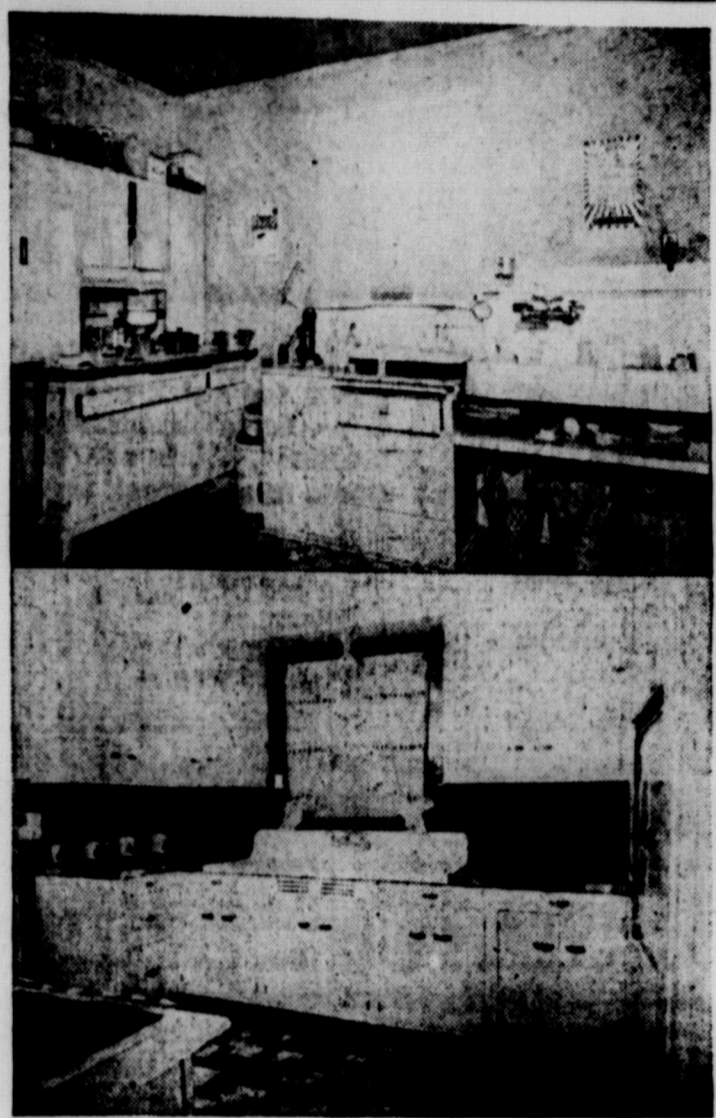

By John Craddock

NEW YORK, Aug. 28.—BUSINESS—"Hold tight," has been the American businessman's tune during the recent weeks of cumulative crises. Although it is disconcerting to have ominous war clouds hanging over an otherwise healthy business picture, the country's merchants and industrialists apparently realize that moves on the European chess board are out of their hands. They are keeping calm and tending dutifully to their own knitting. As a consequence retail sales have shown no indication of slumping, and are expected to total \$37,500,000 for the full year. Production and sales of fine paper products are running about 6 per cent above last year, and wrapping paper sales are nearer 8 per cent above 1938. Lumber consumption this quarter will equal that of the second three months of the year the 1939 total is expected to be 10 to 15 per cent higher than '38's.

WASHINGTON.—More than at any other time the business man now looks to Washington for business and monetary stability during these trying days of crisis. How do the officials here feel about the situation? Generally speaking, they are confident. The monetary system, government sources believe, is ready for any emergency that an outbreak of hostilities might bring. About 6.6 billion dollars are held in this country by European interests, of which could be any wholesale dumping of these stocks and bonds and felt that those which were offered for sale could be absorbed readily by the market. Officials are more worried about the panicky feeling which might seize American investors. In the event of a collapse of the stock market with the attendant crack in public morale, officials point out that the government now has the power to close all stock exchanges in an emergency—a power it lacked at the outbreak of the World War.

THINGS TO WATCH FOR—Antiseptic chewing gum, alleged to be capable of killing at least 90 per cent of the bacteria present in the mouth. Neatly boxed floor fan designed to put the floor's comparatively cool air into

For Better Meals

"A place for everything and everything in its place" applies particularly well to the contrasting views shown of a kitchen (above) before the owners decided on the definite improvement shown below.

circulation... Requiring no more room than a telephone, a new portable adding machine which weighs only nine pounds... Small home or apartment ventilator that comes in a cabinet with adjustable panels so that it fits into any window 24 to 36 inches wide... Canned roses, just as fresh looking as the "raw" ones but having no scent.

HEADLINES IN NEW YORK—Prices of war commodities advance sharply as stock prices decline... Farm income of \$7,900,000,000 seen for 1939 comparing with \$8,020,000,000 in 1938... Sale of replacement tires in July 10 per cent above 1938... Auto company officials predict an in-

crease of 10 per cent in sales of 1940 models over this year... U. S. and Argentina open negotiations for trade agreement... Output of electric power reaches all-time peak during week of August 19... Important hosiery products boost prices 10 per cent... Heavy rains in northeast area help crops which had been blistered by lengthy drought.

We Always Liked This One—The genius of a local man had carried him to big success in business with out much aid of education. He was asked to distribute the prizes at a school, and made the usual speech of good counsel: "Now boys," he said, "always remember that education is a great thing. There's nothing like education. Take arithmetic. We learn that twice two makes four, that twice six makes twelve, that seven sevens make—and then there's geography."

Unpleasant Reminder—"The earth shook," said White, describing his experiences in an earthquake: "cups and saucers flew all over the place." "Great Scott," exclaimed Jones. "That reminds me. I forgot to mail my wife's letter."

Cuba is shipping coffee to reached an all-time high. vakia.

Incinerator Disposes Of Home Waste

A new type of incinerator now available for homes requires no auxiliary fuel and little installation expense and may be built into the heating flue by any qualified mason.

Two separate combustion chambers are provided for garbage and dry rubbish. Two cast-iron shaker grates and a drawer type ash pan facilitate removal of the ashes. Heat from dry refuse burning in the lower compartment dries the wet garbage above and sets it afire.

Gay Colors In Cement Are Now Possible

The appeal of gay colors may be extended to cement surfaces through the use of special cement paints. More practical than ordinary

paints for the purpose, special cement paint contains no materials that would be affected by the chemical action of lime, alkali, or water. Besides cement, the paint is adaptable for use on stucco, masonry, cement block, brick, stone and tile.

Widely used for painting the interiors of basements, some types of cement paints can be applied on fresh plaster or concrete without waiting for the materials to dry.

Cedar Plaster Is Effective Mothproof

A cedar plaster is now being manufactured for moth-proofing closets and storage chests.

Any usual wall surface can receive the cedar plaster provided sufficient bond is available. The plaster is said to cover about two square feet per pound when mixed with water. The finish when dry

is of a pleasing natural red color and is said to be fireproof and sanitary.

**Children Surprise
T. A. Kincaid With
Party On Birthday**

T. A. Kincaid was surprised on his 71st birthday anniversary Wednesday, August 29, by his children with a birthday luncheon on the roof garden at the St. Angelus hotel. Mrs. Kincaid, who has been ill in San Angelo several months, was able to attend. Other members of the family attending were Mr. and Mrs. S. M. Harvick and children, Martin, Mary Louise, Jim Ad and Ann; Mr. and Mrs. Lee Childress and children, Bill, James and Mr. and Mrs. Phillip Lee Childress and Phillip; Mrs. Leona Brooks of Houston, Mr. and Mrs. Vic Pierce and children, Mr. and Mrs. Johnny Miller, and Miles; Mr. and Mrs. Marbury Morrison and Chappo, Mr. and Mrs. W. E. Friend, Jr., Rosa Lee and Carol; Bud Kincaid, Mr. and Mrs. Rice Lynn and Basecomb; Mr. and Mrs. T. A. Kincaid, Jr., and Tommy; Mr. and Mrs. Bert Kincaid, Bert, Jr., and Doris. Guests other than the immediate family were a Mrs. Bailey of Houston, and Josephine Frederick of Lufkin.

TO OPEN SPEECH STUDIO

Mrs. R. J. Adams, above, a graduate of the Cocke School of Expression in Dallas, will be among new teachers in the Ozona system when she opens a studio of speech in the grade school building with the opening of schools.

Music Club--

(Continued on Last Page)

Joe Clayton; finance, Mrs. H. B. Tandy, Mrs. Pleas Childress, Mrs. Hugh Gray, and Miss Dixie Davidson; entertainment, Mrs. Alvin Harrell, Mrs. Clyde Childers, Mrs. Neal Hannah, Mrs. Claude Hudspeth, Jr., Mrs. G. L. Neersta, and Miss Jo Demmer.

Special committees are: telephone, Mrs. W. S. Willis, Mrs. Eugene Slater, Mrs. Joe Oberkamp; civic and church music, Mrs. John Bailey and Mrs. Eugene Slater; radio and motion picture, Mrs. Lee Childress; Music Club Magazine, Mrs. Pon Seahorn; library extension, Mrs. G. L. Neersta; junior sponsors, Mrs. Madden Read, Mrs. L. B. Cox, Mrs. Elton Smith and Mrs. Hillery Phillips.

Tony Andres Sanchez was fined \$1 and cost upon conviction of a charge of drunkenness and disturbing the peace in Mexico recently. He pleaded guilty in justice court.

**Old-Fashioned School
Party Enjoyed
By WMU**

It was "school days" again for members of the Woman's Missionary Union of the Baptist church when that group met at the church Wednesday afternoon to enjoy an old fashioned school party, details of which were arranged by Mrs. Ira Carson and Mrs. J. S. Whatley.

Pupils marched in to the strains of the marching song played by Margaret Pogue, after which, their "bright and shining faces" upturned expectantly to Teacher Wilma Carson they were led in the pep songs, "School Days" and "Good Morning to You."

Answering roll call with a cheerful "present" were the following "youngsters": Vada Bean, Lois Childers, Sally Patrick, Juanita Townley, Toby Adams, Loren Dunlap, Margaret Pogue, Maggie Deland, Maybelle Taylor, Mabel Cox, Fannie Collard, Lena Grace Neersta, Velma Cook and Carrie Whatley. After roll call, students hurried through lessons in geography, arithmetic and tongue-twisting reading, then enjoyed recess.

Lunch was served in paper sacks, with lemonade. After recess, the spelling lesson was next in order and an old-fashioned spelling match was arranged, pupils being required to spell words backwards. At the end of the school day, ribbon awards were made to the brightest pupils.

The society will meet next Wednesday at the church, beginning at 4 o'clock, for a business session.

2 Thanksgivings--

(Continued on Last Page)

straight (or does it?) the superintendent turned his date pad to November 23 and wrote "Thanksgiving," and to the sheet marked November 30 and again wrote "Thanksgiving." But the last date carried a further notation of a holiday Thursday and Friday.

Three of the five holidays granted in the local school system this year fall on Saturday or Sunday. But, hold everything, kids, you get one anyway except in one instance. Armistice day this year falls on Saturday. A football game is scheduled here with Sonora, and since the stores are expected to close on that day, the game will be played on Saturday and no holiday granted the previous day. This, however, is a tentative arrangement as yet, the superintendent said.

The two Thanksgiving holidays precede the Christmas holiday period, now tentatively set from December 22 to January 2. New Year's day being counted as one of the five official holidays. March 2, Texas Independence Day, falls on Saturday and a holiday is to be granted on Friday. Again, April 21, San Jacinto day, and last holiday of the year, falls on Sunday, but school authorities have decreed a holiday on Monday.

**Revival Meeting In
Mexican Settlement
Has Good Attendance**

Rev. John Abbot, pastor of the New Mexican church in Amarillo, is leading a two-week's revival here in the Mexican settlement. The meeting was opened Aug. 19, and will continue through next Monday. Rev. Abbot is conducting three services a day with the first meeting beginning at 9 o'clock in the morning with a Bible class for the adults. The average attendance for this service is five. The young people gather at 3 o'clock in the afternoon to attend the second meeting of the day and have averaged 31 present, while the night services have an average of 51 persons. There has been five conversions and one rededication.

Rev. Abbot is a graduate of Baylor University, receiving his B. A. degree in June, 1939.

8TH BIRTHDAY PARTY

Honoring Sandra Jean Augustine on her eighth birthday, Mrs. Buster Augustine entertained several of her friends with a party on the lawn of her home Tuesday afternoon. Suckers and balloons were given as favors. Punch and cake were served to Edith Lou Piner, Billy Gene Hale, Arthur Rynnion, Mary Katherine Flowers Shirley Ann Kost, Jo Nell Russell, Fredda Surguy, Mary Ann North, Juanita Oathout, Elaine Oathout, Bernard Lemmons, Sue Meinecke, Sonny Meinecke, Buddy Meinecke, Jack Collins Coates and Neva Trull.

Schools Set--

(Continued from Page One)

summer graduated from Draughton's business college in San Antonio will serve her third year as secretary to the superintendent and faculty.

Mrs. R. J. Adams, graduate of the Cocke School of Speech in Dallas, will serve her first year as instructor in speech arts with a studio in the elementary building. Mrs. Neal Hannah and Miss Ruth Graydon will teach private piano classes with studios in the elementary school building.

The board of education of the Crockett county independent school district is composed of Paul Ferner, president; Ira Carson, secretary; Rob Miller, Basecomb Cox, Tom Smith, Roy Henderson and Scott Peters.
