Facilitating In Ozona-Iraan Game Draws Criticism

Officials Condemn Arbiters In One-Sided Game

Four officials "running interference" the Iraan Braves played the Ozona Lions 45 to 6 in the 6E combat last Friday.

Some of the officials in ejecting the Ozona lineman from the field for slugging and inflicting penalties against Ozona for roughing and failure to see the ball were "running interference" on the part of the Iraan team and sharp criticism from Ozona fans and school officials.

"It was poor officiating and the result in no wise reflects the relative strength of the two teams," the statement of Superintendent Jack McIntosh of the Ozona School said.

The fact that one Ozona player, Frankie Chapman, a mainstay of the Ozona backfield, went out of the game in its early stages with multiple fractures of the left arm and most of the Ozona team home nursing cuts and bruises while the Iraan first string lined through most of the contest, even after the score had reached the thirties, seemed justification for criticism on the part of local fans of the officiating which saw misconduct on one side only. No Iraan player was ejected from the game.

The Ozona Lions held the edge in the first quarter of the contest, scoring the first touch-down. The first Iraan tally came in the second quarter when the Ozona team had been reduced to mid-field on a series of yard penalties, to the 2-yard line from which point the Braves advanced and kicked the extra point ahead. The Braves scored in the second quarter but failed at the extra point and the score was 13-6 at the half.

In a disheartened Ozona team, the referee edict, the first incident ever witnessed by an old timer of the football field in high school play, and their efforts futile in the half and the full-strength team took full advantage in up their impressive score.

Atlantic Crew Locates Here On Pipeline Job

383-Mile Line From Refugio To Crane Near Completion

Several families of workers engaged in laying the Atlantic Pipeline Co. pipeline from Refugio near the Texas coast to Crane, Texas, have recently moved to Ozona to make headquarters while the work is in progress in this county and nearby areas.

A total of some 300 families of workers are following progress of this 383-mile long pipeline, but only a comparatively few of this number are included in those who are making headquarters here. A part of the ditching crew is at work in the Sonora vicinity and along other sections of the pipeline as well as those now working in this county west of Highway 163 in the northwest area of Crockett county.

The Atlantic Pipeline Co. is laying a 10-inch pipeline from the oil field area around Crane to Refugio, with distribution lines from that city to the coast. The line is being buried to an average depth of 20 inches under the ground, at lesser depth in some areas where hard rock is encountered and lower in cultivated lands. The first pipe was laid in January of this year and the contractors expect to complete the line by the middle of November. Ditching work has been completed from the east to the Sonora area and from Crane to near Highway 163 in this county.

Lions Auction Sale Plans Are Making Progress

Receipts In Oct. 20th Event Tagged To Furnish Fire Station

Further planning for the second annual Ozona Lions Auction Sale and community entertainment, scheduled for Thursday, October 20, occupied committees from the Lions Club this week.

Soliciting committees from the Club are slated to go into action next week seeking donation of livestock and merchandise which will be offered in the auction sale.

Proceeds from the event have been earmarked for the purchase of furnishings for the new fire station which the club and community boosters hope can be built in the near future. The Lions plan to use the auction funds to purchase kitchen equipment and furnishings for the living quarters and assembly room of the station, and additional fire equipment which may be needed at that time.

The club also plans at an early date to begin sale of tickets on two watches, a man's and lady's watch, to be given away. Proceeds from this sale will be used for the purchase of a resuscitator for use of the fire department and the community in general.

Featured event in the auction day roping program will be a matched team roping between a team composed of Vic Montgomery and Tom Powers of Ozona against Jim Epy of Fort Davis and Buddy Neal of Balmorhea. Each man will rope six calves in this match for total team time. Other matched ropings are expected to be arranged in addition to a full program of jackpot roping.

Members of the Ozona High School Senior Class will serve lunch at the fair grounds during the noon hour and will have refreshments available throughout the day.

The auction sale will be held in the afternoon and at night Snuffy Smith and his Snuff Dippers will play at a dance, place of which will be announced later.

He stated that the promotion of these two Texas products is of great interest to all people in the state, and the two home sewing contests being sponsored in Texas by the Women's Auxiliary to the Texas Sheep and Goat Raisers' Association merit special attention.

The Women's Auxiliary of the Texas Sheep and Goat Raisers' Association in cooperation with the National Wool Bureau is sponsoring a "Make It Yourself With Wool" Contest designed to interest young girls in sewing with 100 per cent woolen material. The Women's Auxiliary of the Texas Sheep and Goat Raisers' Association in cooperation with the Texas Angora Goat Breeders' Association is also sponsoring a unique contest aimed at introducing a Texas product, mohair, to the clothing field.

These two contests are being directed by Mrs. Dolph Briscoe, Jr., of Uvalde, and Mrs. Sayers Farmer of Junction. Appropriate rules have been drawn up governing both contests, and attractive prizes will be offered to winners. For further information on the "Make It Yourself With Wool" Contest, or the "Make It Yourself With Mohair" Contest contact the member directing the contest in your area, Mrs. T. A. Weekly Swings of SOUTHWEST FARM MARKETS

(USDA)—Southwest farm markets paid some higher and some lower prices this week compared to a week ago, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Sheep and lamb prices rose about 50 cents during the week.

Cull and common ewes cleared from \$7.50 to \$8 at San Antonio, and \$8 and \$9 at Fort Worth. Ewes sold up to \$8 at Denver and \$8.50 at Oklahoma City. Mature goats gained 25 cents to \$1 to bring \$7 to \$8.25. Kids held steady at mainly \$4 to \$4.50.

Slaughter cattle and calves moved to southwest markets at mostly 50 cents to \$1 lower prices than a week earlier. Stockers and feeders showed little change. Common and low-medium slaughter steers and yearlings cashed at \$15 to \$18 at San Antonio. Medium and good grades made \$18 to \$23.50 at Fort Worth. Common and medium steers brought \$16 to \$20 at Oklahoma City. Denver paid up to \$28 for high-good.

Livestock marketings last week were about in line with the week before.

Ample supplies for wholesale dressed meats met narrow demand at eastern markets. Prices were steady to \$3 higher, with spring lamb and cow beef up most.

Wool trade was at a standstill in Texas and the territory states. Mohair sold actively at strong prices of 42 to 43 cents a pound for adult and 62 to 63 for kid.

MORE PIPELINES . . .

Popular discussion of the increasing export of Texas natural gas has died down since the Legislature adjourned without adopting the Chambers resolution. But activity of the gas pipeline companies hasn't.

Recently, the Texas-Illinois Nat-

ural Gas Pipeline Company filed an application with the Federal Power Commission for a certificate to build a 36-inch line from Texas to Illinois with initial capacity of 300 million cubic feet daily. With increased compression the capacity could be doubled. The Tennessee Gas Transmission Company has been given authorization to extend its line to Buffalo, and has asked for further permission to build to New England cities. Several other lines are asking for authorization to build from Texas to the Great Lakes region.

The Fifty-first Legislature failed to take any step to stop the increasing export of gas which threatens to pre-empt most of the state's reserves for use in northern industrial centers. The Chambers resolution, which directed the Railroad Commission to send representatives to FPC hearings, passed the House, but died in the Senate. It is argued that there is nothing that can be done to stop the increasing export of Texas natural gas. But New Mexico and Colorado have recently taken some very effective steps. They simply did what the Chambers resolution was aimed at having Texas do—go to the hearings and say no.

When the Legislature meets in January, this resolution, or one of similar intent should be adopted.—Dallas News

Former POWs To Draw Subsistence Pay From Government

AUSTIN—The War Claims Commission has at last been set up and have begun active operations in the Tariff Commission building in Washington. The Senate has confirmed the President's appointment of Daniel F. Cleary,

Mrs. George L. Lusk and David N. Lewis.

The War Claims Act of 1948, Public Law 896, 80th Congress, approved July 3, 1948, provides for the payment of \$1 for each day a member of the armed forces of the United States was held a prisoner-of-war for a period of time subsequent to December 7, 1941, by an enemy government and was not furnished the quality or quantity of food to which he was entitled as a prisoner-of-war under terms of the Geneva Convention of July 27, 1929.

The new commission advises that they are being hampered by requests for reimbursement of wrist watches, mussett bags—Philippine bank accounts wiped out by the Jap invasion and other personal property losses while in service. The War Claims Commission handles only claims of former prisoners-of-war (or their dependents) applying for subsistence pay for substandard diets (food), while in enemy prison camps. Claims for lost personal effects must be made to the Department of Army, Air Force, or Navy, whichever branch was involved.

"Buick's the Buy"

It's part of every street scene—something you see every day.

Car owners in three different price classes—all happy about the same thing.

One of them drives a new Buick SPECIAL, which you see poking forth its new, bold-look forefront at the left of our picture.

Another will tell you there's nothing like the SUPER's "happy medium" of size and comfort, power and easy handling, style and standing.

And if you're looking for prestige, where is your money going to buy so much as in that handsome 18-footer, the ROADMASTER, with its 150-hp performance and really royal bearing?

But all these good folks get together on this:

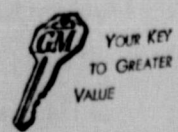

There's no ride quite so soft and cushiony as the Buick ride, whatever the size and series. There's no power quite so satisfyingly lively as Buick's high-compression, high-pressure Fireball power.

Above all, there's no "buy" like a Buick—no car that gives you such a rich dollar's worth of smartness, handling, comfort and liveliness for every dollar you pay.

So why not look the whole line over? Your Buick dealer has these grand travel-mates in a baker's dozen of different body types and sizes. Start your shopping in his showroom—and you'll find that even on delivery he has exactly what you want.

Statewide Group Formed To Oppose Proposed Amendment

McKINNEY—Roland Boyd of McKinney, chairman of the statewide organization opposed to annual sessions of the Legislature and pay raises for legislators, today announced the executive committee of the organization.

Members of the executive committee are Nathan Adams, Representative George Parkhouse and Will S. Henson, all of Dallas; A. M. G. Swenson, Stamford; W. J. Townsend, Lufkin; J. F. Hulse, El Paso; Earl B. Mayfield, Jr., Tyler; Boyett Stevens, Daingerfield; Truett Smith, Wylie; Mayor R. F. Newsome, F. D. Perkins and A. M. Scott, McKinney.

The organization, known as the Committee Against Legislative Pay Increases and Annual Sessions, was recently established to oppose constitutional amendment HJR 5 which will be voted on November 8. Sub-committees are now being formed in many Texas counties, Chairman Boyd stated.

"This amendment, number two on the ballot November 8, would impose a large and needless tax burden on the people of Texas

without improving the efficiency of the Legislature," Boyd said. "Its passage would increase taxes by \$2,500,000 or more every two years."

"Texas voters have defeated legislative pay raises seven times in our state's history. The last time was in 1945 when they voted them down by a four to one majority. Texans will not be deceived by this misleading amendment and will defeat it November 8th."

Volunteer Fire Dept. Elects Officers At Wednesday Meet

The Ozona Volunteer Fire Department met Wednesday night, October 5, for the purpose of electing new club officers. Twelve members were in attendance.

The officers of the newly organized Volunteer Fire Department, elected Wednesday night, are as follows: President, Dick Henderson; Chief, Bill Cooper; Asst. Chief, Miller Robison; 2nd Asst. Chief, Gene Williams; Secretary-treasurer, Charles Ratliff.

The organization will meet again Thursday night, October 18, at which time Fire Chief Lee Patrick of Sonora will present a talk

on organizing and operating an efficient fire fighting team.

Fire Chief Bill Cooper told members that there would be some delay in the delivery of Ozona's new fire truck, as the company was experiencing some difficulty

in installing the pump unit, but delivery is expected sometime around the first of the year.

Mrs. Bill Conklin underwent operation in a San Angelo hospital the first of the week.

Miss Mary White Becomes Bride Of Basil Dunlap In Home Ceremony Tuesday Morning

Miss Mary Ellen White, daughter of Mr. and Mrs. H. C. White of Tankersley, and Basil Eugene Dunlap, son of Mr. and Mrs. Ray Dunlap of Ozona, were united in marriage at 10:00 o'clock Tuesday morning at the home of Mr. Mrs. A. C. Hoover.

Bill Brown, minister of the First Church of Christ, read the solemn vows.

Mr. William A. Bergfeld, Jr., officiating, provided the pre-nuptial music. She played the "Bridal March" from "Lohengrin" by Wagner and the "Wedding March" by Mendelssohn. She accompanied by Joe Williams, who sang "Because" and "I Love Thee" by the bride.

The improvised altar was a huge arrangement of greenery with white iron baskets of white gerberas on each side. The bride wore a white tulle and tulle dress with tuberoses around the collar. On her head, she wore a white ruffled halo. Her white basket of American Beauty and white rose petals was tied with tulle and tuberoses.

Herbert Leon Clendenen, nephew of the bride, was ring bearer. He wore a white linen suit and carried a white satin pillow with lilies of the valley tied on the long satin streamers.

The bride was given in marriage by her father. The Chantilly lace yoke of her heavy white satin gown was encircled with a design of seed pearls and bugle beads.

V. Norwood of Deming, New Mexico, also sisters of the bride, were bridesmaids. They all wore identical dresses of American Beauty taffeta fashioned with soft rolled collars. The full gathered skirts were accented with wingtips over the hips, they wore matching mitts and halos trimmed with pearls, and carried cascade arrangements of American Beauty roses.

Mary Lynette Norwood of Deming, N. M., niece of the bride, was flower girl. She wore a white nylon net dress ruffled at the bottom and around the collar. On her head, she wore a white ruffled halo. Her white basket of American Beauty and white rose petals was tied with tulle and tuberoses.

Herbert Leon Clendenen, nephew of the bride, was ring bearer. He wore a white linen suit and carried a white satin pillow with lilies of the valley tied on the long satin streamers.

The bride was given in marriage by her father. The Chantilly lace yoke of her heavy white satin gown was encircled with a design of seed pearls and bugle beads.

The fitted sleeves of lace were long and pointed. A nylon net pleated ruffle trimmed the edge of the sleeves and around the neck. The full skirt, gathered to a fitted bodice with a scalloped waistline, fell into a full sweep train. Her fingertip veil of nylon illusion was held by a coronet of pearlized orange blossoms with clusters at each side. She wore a single strand of pearls, a gift of the bridegroom. For "something old" she wore a gold bracelet belonging to her mother. Her bouquet was a cascade of white roses, tuberoses and tulle.

At the reception immediately following the ceremony, the table was laid with an imported white lace cloth, centered with an arrangement of American Beauty roses and tuberoses in a crystal and silver bowl with white tapers on each side. The white tiered cake was topped with a miniature bride and groom beneath an archway holding a wedding bell.

Serving the cake was Mrs. B. D. Griffin of San Angelo and at the silver punch bowl, Mrs. Clay Taylor of Rankin. Assisting in the serving were Mrs. J. P. Pogue, Mrs. B. W. Stuart and Mrs. Jacob Dameron of Van Horn. Miss Carolyn Rae Stuart presided at the bride's book. Mrs. A. E. Deland was in the gift room.

For going away, the bride chose a navy pucker taffeta frock, with a pink plumed hat, pink gloves and navy shoes and bag. She wore a corsage of white roses and tuberoses. After a ten-day wedding trip to Denver, Colorado, the couple will be at home in Ozona.

Out of town guests here for the wedding included Mr. and Mrs. V. V. Norwood and daughters, Vodene, Jean and Mary Lynette of Deming, New Mexico; Mr. and Mrs. B. D. Griffin and daughter, Jerry Nell of San Angelo; Mr. and Mrs. W. A. Fields of Mertzon; Mr. and Mrs. H. C. White of Tankersley; Mr. and Mrs. Clay Taylor of Rankin; Mr. and Mrs. C. G. Taylor of Crane; Miss Maggie Taylor, Rankin; and Mrs. Jack Dameron of Van Horn.

Mr. and Mrs. Ray Dunlap and Mr. and Mrs. A. C. Hoover entertained the wedding party with a rehearsal supper in the Hoover garden Monday evening.

845 Texas High Schools In Football

AUSTIN—A total of 845 Texas high schools are fielding teams for the 1949 football season. Dr. Rhea H. Williams, athletic director of the University of Texas Interscholastic League announced.

The number of high schools competing in interscholastic football showed a net decline of two from last year. A gain of 1 school in Conference AA resulted when Thomas Jefferson High School of El Paso entered competition this year. Conference A lost one school to drop to 227. Conference B with 340 competing has an increase of 16 over last year.

The Six-Man Conference was hard hit by consolidations and lost 18 schools from the 1948 total of 185. As a result, only 167 teams will be playing in the 24 six-man districts when regional playoffs are allowed for the first time in Interscholastic League history.

LOOPHOLES in the Law

By WILL WILSON

District Attorney of Dallas County

(Editor's Note: This is one of a series of short case histories, all taken from court records, showing how legal loopholes often enable criminals to escape punishment in Texas. Will Wilson is chairman of a special steering committee of the State Bar, which is working for revision of the antiquated Criminal Code and Code of Criminal Procedure in order to eliminate these loopholes.)

Burglar Joe admitted that he broke into a store operated by Mrs. Fred Smith in Prairie Hill, Texas. He confessed that on September 27, 1941, he broke in the back door of the store building, entered and stole several articles of merchandise.

Since there was no doubt of Joe's guilt, he was convicted and sentenced to five years in the penitentiary. But on appeal the verdict was reversed.

At the trial, Mrs. Smith testified that she was the wife of Fred Smith and that she lived with him at Prairie Hill, where they operated a store. The indictment pointed out that the store, at the time of the burglary, was under the control and ownership of Mrs. Smith.

The reversal was solely on a technicality involving ownership of the store. Although Mrs. Smith was operator of the store, it was community property belonging jointly to her and Mr. Smith. In the eyes of the law the husband was the owner. The indictment charging Joe should have alleged

that the husband instead of the wife, was the owner of the property.

If the State Bar is successful

in its efforts to bring about revision of Texas' criminal statutes, such loopholes in the law can be closed. Under the present system too many criminals escape punishment, even when there is no doubt of their guilt, breeding disrespect for the law and subjecting good citizens to constant threats from lawbreakers.

Lion of the Week

This week we have chosen Frankie (Fish) Chapman for the Lion of the Week. He stands five feet, nine and one-half inches; has brown hair, gray eyes and weighs 135 pounds. He is sixteen years old.

He was born in Del Rio and lived there until he was three years old then moved to Ozona. He has been going to school in Ozona from Kindergarten up. He is a senior this year.

"Fish" plays fullback on the football team. In the Iraan game he showed some good running and tackling until he had to leave the game with a broken arm. Frankie hopes his arm will be mended and in good shape by the time the Sonora game comes up.

Frankie's favorite sport is football. His favorite subject is Manual Training and his hobby is collecting sports columns.

He plans to attend college after graduation but has not decided on which one as yet.

the trip but he is in college and it is impossible for him to make the trip. The Adult Advisory Committee decided Tuesday morning to include the Crockett County 4-H Club Wool Judging Team to make the trip. These boys are Bill Schneemann, Graham Childress, Jimmie and Ronnie McMullan. These boys worked hard this summer and placed first in the District 6 4-H Club Wool Judging Contest and won third place honors at the State Contest at A&M College this summer.

This trip is being made possible by the proceeds from the sale of tickets on a watch donated by Nathan's Jewelers of San Angelo and the sale of lambs donated to the Ozona 4-H Club by Joe Tom Davidson, Ozona Butane Co., Doug Kirby, Max Schneemann, Jr., Early Chandler and Bill Seaghorn.

Nathan Donsky of San Angelo, proprietor of Nathan's Jewelers, and one of the biggest boosters of 4-H Club work in this area advised the Ozona 4-H Club by phone Tuesday that the Ozona 4-H Clubbers should designate one night in Kansas City as Nathan's Jewelers Night. Mr. Donsky stated

that on this night the group could go wherever they chose and that he would foot the bill.

Mr. and Mrs. James Baggett and Ann will make the trip in their auto and the remainder of the group will make the trip in Miller Robison's station wagon. The six boys from Ozona will be accompanied by Miller Robison and County Agent Bill Bergfeld.

Scarlet Fever Among Most Dangerous Of Childhood Diseases

AUSTIN—Scarlet fever is one of the most disabling and dangerous diseases usually associated with childhood, although actually it is confined to no age limit, according to Dr. George W. Cox, State Health Officer. While only six cases were reported in the state during the week ending September 24, it brought the year's total to 911 cases.

The doctor described scarlet fever as an acute infectious disease, the onset of which is sudden. The first symptoms including sore throat, vomiting, fever and headache, may appear in three to five days after exposure. These are followed by the distinctive red

rash which gives this disease its name, Dr. Cox stated.

Complications may cause prolonged disability or death. Children suffering from scarlet fever may develop sinusitis and middle-ear infections which can lead to mastoiditis. As the germs spread through the child's system, the joints, kidneys, and heart may become involved, causing life-long invalidism or crippling.

Dr. Cox stated that children under ten years of age are most susceptible, and that those persons who fail to contract scarlet fever until grown, stand an excellent chance of never having the disease.

For the Enrichment of Life

LONGFELLOW WAS RIGHT when he penned the words—"Time is fleeting."

If you want a Cadillac, and feel that you are entitled to one, you ought to make arrangements at once to have one delivered into your possession. Each day you forego it, you will lose a goodly measure of happiness and

satisfaction—for a Cadillac is a joy to possess, and a joy to utilize. Many say that it adds to the zest of their whole day's activities.

Certain it is that a Cadillac brings with it the utmost in performance, in comfort, and in safety—and that it contributes immeasurably to its owner's peace of mind. Few, indeed,

can be happy without a Cadillac—once they have learned how greatly it enriches their lives.

If you are among the many who have the impulse to own a Cadillac, come in and see us soon. Each day you delay means a loss in satisfaction which no other material possession can hope to supply.
