Softball Meeting Set for Friday Night

Softball, or fastball, enthusiasts, players, team managers and sponsors and even the fans, are invited to a meeting at the courthouse Friday night of this week at 8 o'clock for the purpose of launching the 1950 season in Ozona.

The meeting call was issued yesterday by Dempster Jones, chairman of the Lions Club softball committee.

Members of the Lions Club have about completed the new Lions Softball Park, to be one of the finest fields of its kind in this section of West Texas.

At the Friday night meeting, team sponsors will be asked to line up their teams for the summer play and all arrangements will be completed to launch the season's activities.

Concert Assn. Member Drive To Close Saturday

Memberships for the 1950-51 season in the Ozona Municipal Concert Association are going fast and the prospect for a complete sellout of the High School Auditorium for the season looms now as a definite possibility.

Those who have not yet secured their memberships are urged to do so immediately for the number of season memberships must, of necessity, be limited to the seating capacity of the High School Auditorium.

Season membership dues for adults are only \$5.00 plus federal tax, and a special rate of \$2.00 plus tax for students.

The absolute deadline for securing memberships in the Ozona Municipal Concert Association is Saturday, April 29 at 6:00 and after that absolutely no further memberships will be available for next season.

No single tickets will be sold for individual attractions. The concert Association is "Municipal in every sense, cooperative and non-profit."

Memberships may be secured by contacting the Association's campaign headquarters located at the Hotel Ozona.

The program consisted of a song "Moment By Moment," sung by Mrs. Joe Williams, a general discussion on "Faith in the Bible," discussions by Mrs. T. A. Kincaid, Jr., on "Our Faith in Prayer," and "Our Faith in Immortality" by Mrs. Bill Cooper.

A general discussion was on "Our Faith in Love."

At a brief business meeting it was announced that delivery of the birthday calendars is expected in time to begin the new church year.

Present were Mrs. T. A. Kincaid, Jr., Mrs. S. M. Harvick, Mrs. E. B. Baggett, Mrs. Paul Perner, Mrs. Bill Cooper, Mrs. Joe Williams, Mrs. Floyd Henderson, Mrs. Joe Clayton, Mrs. Bill Friend and Mrs. Montgomery.

John D. Barton, Resident Here 48 Years, Is Dead

Funeral Here Friday Afternoon for Area Pioneer

Funeral services were held at 2 o'clock Friday afternoon from the Ozona Methodist Church for John Dixon Barton, 55, a resident of Ozona for 48 years, who died at the Ozona Hospital at 12:05 p.m. last Thursday.

Known to his many friends as "Johnny" he had been a familiar figure on Ozona streets for many years. Crippled from birth, he nevertheless possessed a brilliant mind.

His hobby was sports and he was one of the best informed persons in the community on many phases of sports, particularly baseball. His memory of sports events, dates and individuals or his knowledge of rules has settled many an argument among Ozonans.

Born at Coleman Dec. 9, 1895, Mr. Barton came to Ozona with his parents in 1902 when the elder Barton established a hardware business in Ozona which he operated for many years.

Funeral services were conducted by the Rev. Horace M. King, pastor. Burial followed in Cedar Hill Cemetery, with Cody Funeral Home in charge of arrangements.

The only survivor is a brother, Clark C. Barton of San Antonio who was at his bedside when death came. Rental property and personal effects owned by the deceased went to his brother under the terms of his will.

Crockett Bonds Go At Record Low Interest Rates

\$50,000 Fire Station Courthouse Issue Sold Monday

Crockett County bonds outsold those of the United States government here this week.

A \$50,000 issue for the construction of a fire station and county office building and for repairs and renovation of the present courthouse went at a record low interest rate when bids were received by the Commissioners Court at a meeting Monday.

The bonds were sold at an interest rate of 1 1/4 percent for the first \$20,000 and 1 3/4 percent for the next \$30,000 of the issue, and a nominal premium of a few hundred dollars was paid by the buyers, at that.

Columbia Securities Co. was the purchaser of the bonds, which are to be printed in denominations of \$1,000 and retired in a maximum of 10 years, at the rate of \$5,000 annually.

There were eight bidders for the \$50,000 issue, according to County Judge Houston Smith, all bids ranging in the one and a fraction per cent level, the highest standing at 1 3/4 percent for the first section bonds.

Freight Train Mail Service Inaugurated; Star Route Planned

Freight train mail service was inaugurated yesterday to towns west out of San Angelo served by the Santa Fe railroad and until other arrangements can be made, mail service to Ozona and towns along the rail line is expected to be erratic.

The Santa Fe was granted permission to discontinue daily passenger service on the branch effective Wednesday of this week and to substitute mixed train service.

Although the Santa Fe has set up a tentative schedule for its mixed train service, there is no estimating of switching time necessary at each station along the line and consequently mail will be delivered irregularly to the towns served.

Meanwhile, beginning Wednesday of this week, the affected towns will be served from the mixed train, West bound Train No. 129 is scheduled to leave San Angelo each morning at 7 o'clock and arrive at Barnhart at 9:30 a.m., not counting switching time.

Incoming mail under this schedule is expected to be put up between 3 and 6 p.m., according to Postmaster A. O. Fields.

Later Opening Only Change In Postal Service

Local Office to Feel Small Effect From Economy Plans

Change in the opening hour from the present 7:30 a.m. to 8 a.m. will be the only change to be made in the local post office operation under the Post Office Department's readjustment of service to meet economy needs, according to Postmaster A. O. Fields.

The department's order was received from Washington this week pointing out the need for retrenchment in the department's service because of appropriation cuts, but only one item, the opening hour, called for any change in the local service.

Readjustment of services by the Post Office Department were made necessary by a cut in appropriations for the department. Actual expenditures for the year were \$2,240,000, and recommended appropriations for the coming year of 1951 amount to \$2,207,500.

In his directive ordering retrenchment in service, the Postmaster General wrote postmasters, "There is constant pressure from many sources for reduction in the cost of the postal service in order to grant relief to the taxpayers who are called upon to make up from general taxation the difference between our revenues and our expenses."

Therefore, in view of the fact that the funds available for the remainder of the current fiscal year, and the anticipated appropriation for the next fiscal year, are not sufficient to permit the continuance of our present service standards, it becomes necessary to direct readjustment of our service.

U. S., Mexican Agents Here To Process Aliens

Team Coming May 2-3 to Aid Ranchers in Processing Men

A team composed of representatives of the United States Employment Service, a Mexican consul representing the Mexican government, and agents of the U. S. Immigration Service will be in Ozona Tuesday and Wednesday of next week, May 2 and 3 for the purpose of assisting ranchmen of Crockett and Terrell counties in re-processing aliens for farm and ranch labor.

Announcement of the plan to bring the processing station to Ozona was made by L. W. Keilers, manager of the United States Employment Service office in San Angelo. The date for the team's engagement here is tentative, Mr. Keilers explained, but it was believed fairly certain that the date would be satisfactory to all parties and that the team would be on hand those two days.

The service is offered primarily to ranchers and others who have aliens employed at present and whose contracts are near expiration. The contracts for alien labor must be renewed every six months and this process can be completed with the Mexico-U. S. team in the two days it will be here.

Ranchers who wish to have their men re-processed are advised that it will be necessary for them to have new bonds made and insurance policies ready for the next six-months period. These should be completed and ready for presentation at the time the team is here.

The two-day stand of the two-county team will save a trip to one of the border stations for many who wish to take advantage of it, Mr. Keilers said. He expects upwards of a hundred ranchers in the two counties to appear.

Sheriff's Posse To Be Talked at Meet Tuesday Night

Organization of a Crockett County Sheriff's Posse will be discussed by persons interested in such organization at a meeting to be held in the district court room Tuesday evening, May 2, it was announced this week by Sheriff V. O. Earnest.

Many persons have inquired about the possibilities of organizing a posse here, Sheriff Earnest said, and information on such organization has been assembled for the Tuesday night meeting. Sheriff's posses are organized in many counties of Texas, subject to call in case of actual need and available for parades, ropings and public appearances as occasion demands.

All persons interested in organization of a sheriff's posse here are cordially invited to attend the meeting.

Ozona Players on Roster of Sonora Concho Basin Team

When reorganization of the Ozona Rebels for entry in the Concho Basin League this year failed, the alert Sonora baseball management polled the Ozona roster for possible recruits for its own club.

And the Sutton clan made a "killing" so to speak in the way of reinforcements from these parts. They sacked up Byron Stuart, erstwhile Ozona manager, catcher and leading hitter; Mac McClanahan, third sacker and no mean pitcher, and pretty handy at getting on base; Bill Hannah, outfielder, and Allan Saunders, who played with the Sonora team last season. The Sonorans won their opener last Sunday against an independent San Angelo team, but face a protest on a Sonora home run ball which the San Angeloans claim went under a parked car.

Federal Court Dismisses Suit Against Earnest

Welsh Damage Action Booted for Lack of Jurisdiction

A personal injury lawsuit brought against Sheriff V. O. Earnest of Crockett County and his surety, in which Steve Welsh, former Ozona painter and paper-hanger, sought damages of \$5,000 was dismissed Monday in United States District Court in San Angelo for lack of jurisdiction.

Attorneys for Welsh said late Monday the court's order will be appealed to the Fifth Circuit Court of Appeals in New Orleans. Welsh sought the compensation in connection with injuries which he asserted he received at the hands of Sheriff Earnest and his deputies following his arrest on August 20, 1949, at which time, he charged, he was beaten with a blackjack, kicked and generally manhandled.

Motion to dismiss was brought by counsel for the sheriff and his surety, American Surety Company of New York, who contended that Welsh had brought suit improperly by representing himself as a resident and citizen of New Mexico.

Placing Welsh himself on the stand, testimony was added to show that he went to Ozona in 1946 from California, married and remained there continuously until January 1950, when, en route to California, he found employment at Hobbs, N. M., his present residence.

Defense attorneys contended that, at the time of the alleged attack by the sheriff, Welsh was a bona fide resident and citizen of Texas and did not have recourse to the federal courts in such an action.

It was pointed out that the suit was not filed until March 6, 1950, some two months after Welsh's departure from this state, and some eight months after the alleged altercation.

Vaughan Field Gets Oiler, New Tests Announced

Glasscock Spots Wildcat; Gulf, Plymouth To Drill

Ira Glasscock, Jr., of Big Lake plans to drill a 2,500-foot cable tool wildcat in Crockett county, 22 miles southeast of Iraan.

His No. 1 W. L. Hobbs will be 330 feet from north at east lines of section 3-GG-H&O. Hobbs. Hudstand Oil Corp. Isabel Vaughan in the Vaughan field has been completed for an hour flow of 156.42 barrels of gravity pipeline oil. Gas-oil ratio was 235-1.

Production was from open hole between 1,423 and 1,434 feet, the total depth. The section was acidized with 500 gallons. No. 16 Vaughan is 330 feet from south and east lines of southwest quarter of section 85-OP-GC&SF.

Gulf No. 1-A J. M. Shannon, projected to 1,475 feet in the Vaughan pool, will be 1,660 from south, 2,546 feet from the west line of section 5-UV-GC&SF. In the Olson field, Plymouth No. 6-O J. W. Owens, slated 2,500-footer, will be 990 feet from north and west lines of section 12, block GG.

Stanoind No. 1-BK University in the Block 39 field plugged back from 8,285 feet to 8,233 feet and swabbed 210 barrels of load oil in 14 hours, with fluid level at 7,900 feet. It was swabbed to 8,200 feet and a small amount of gas with no new oil was swabbed. Magnolia No. 1 Clayton Ranch, wildcat 10 miles east of Ozona exploring the Ellenburger, recovered dense dolomite with some fractures and odor of sulphur on a core from 8,977 to 9,018 feet. A drillstem test was scheduled.

THANKS, FRIENDS!

Words can not express the gratitude I feel for the support and backing I received from friends in fighting the damage suit filed against me in Federal court. To those who aided in assembling information, those who offered words of encouragement and to those who contributed financially to help pay attorneys fees and to all who backed me in resisting this unwarranted suit, I am forever grateful.

Sincerely,
V. O. EARNEST

CARD OF THANKS

We take this method of expressing our sincere thanks to all the good people of Ozona and Crockett county for their kindness and sympathy on the occasion of our recent bereavement. We deeply appreciate all your kindly gestures, expressions of sympathy and floral tributes.

Mr. and Mrs. Clark Barton
Dr. and Mrs. A. H. Seagert
and daughter.

State Fair Posts \$50,000 Reward for Captured 'Saucer'

The State Fair of Texas has posted a reward of \$50,000 for the

first authentic "flying disc" of interplanetary origin to be discovered and delivered to State Fair Park in Dallas in time to be placed on exhibit at the fair's gigantic 1950 Mid-Century Exposition

Oct. 7-22.

"This offer does not mean that we either believe or disbelieve in the interplanetary flying disc reports," said R. L. Thornton, president, in announcing the reward, "but if there is such a thing, it is

only fitting that it be exhibited at the biggest state fair in the country since the State Fair of Texas always tried to bring to the audience the first information on any new and important scientific development."

INVITATION - AND A CHALLENGE

"You never can tell till you try"—so we want you to try the 1950 Buick. And we especially want you to compare it with others. Drive any other car—then drive Buick and see what your money should buy in ride, room, handling and power.

Only Buick has Dynaflo—and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models) • **NEW-PATTERN STYLING**, with **MULTI-GUARD** front-end, taper-through fenders, "double bubble" taillights • **WIDE-ANGLE VISIBILITY**, close-up road view both forward and back • **TRAFFIC-HANDY SIZE**, less over-all length for easier parking and garaging, short turning radius • **EXTRA-WIDE SEATS** cradled between the axles • **SOFT BUICK RIDE**, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • **WIDE ARRAY OF MODELS** with Body by Fisher.

What you really have here is a four-way forefront. A design that sets the coming style note—avoids many a tangle with the car ahead—makes handling easier—and costs less to repair.

And note that parking-light lenses, made of plastic and set deep in recessed sockets, are well out of harm's way—even when pushing a stalled car.

You'll find this bold front end only on Buick—as you'll find Fireball power, Dynaflo Drive,* Buick's wonderful ride, and many another headline value only on these beauties.

Why not see your dealer now for the whole story—including the happy story on prices to fit practically any budget?

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Junior College Choir To Sing Here May 2

Concert at 3 o'clock, Monday Afternoon Auditorium

A Capella choir under the direction of Rolf Espeseth will present a concert of Sacred Music at the High School Auditorium Tuesday afternoon, at 3:00 o'clock. The public is invited.

located at Clifton, Texas, about 35 miles north west of Waco. The college is sponsored and operated by the Evangelical Lutheran Church and was founded in 1896. It is fully accredited and offers a wide curriculum. It is a member of the Texas Junior College Association and has a chapter of the National Honor Society, Phi Theta Kappa. This marks the third annual tour of the A Capella Choir. Last year the organization made a tour of the lower West Coast, singing concerts in California and en route. Tentative plans are being made for a trip to Northern Minnesota in 1951. In the present tour the choir will go as far east as New Orleans. The choir consists of 34 voices.

Professor Espeseth received his college training at the St Olaf and Concordia Colleges in Minnesota. Following his degree at Concordia College, he studied for his Masters Degree at the Eastman School of Music at Rochester, N. Y. Then for two years was associated with Paul Christiansen at Concordia College, having the direction of the Chapel choir and the Women's Chorus. Prior to coming to Clifton, he spent two years in New York City taking work toward his S.M.D. at Columbia University, Julliard School of Music and the School of Sacred Music of Union Theological Seminary.

The program will consist of: The chorale "Built on a Rock" by the Norwegian composer Lindemann, arranged by F. M. Christiansen; "Come, Soothing Death" by Bach; "We Have No Other Guide" by Shvedof; "From Heaven Above" from the Magnificat by Bach; "O Praise Ye" by Tchaikovsky; "Adoramus Te Christe" by Mozart; The Entrance scene or second movement of Schrecks "Advent Motet"; "Yea, Though I Wander" by Georg Schumann; "Carol of the Bells" by Lentovich arranged by Wilhousby; "Lamb of God" a 16th century chorale arranged by Christiansen; "Go Tell It on the Mountain" a negro carol arranged by Work; "Den Store Hvide Flok" (Behold a Host) a Norwegian folk song; "God's Son Has Made Me Free" by Greig; "Wake Awake" the chorale by Nicolai arranged by Christiansen. Optional numbers are "Sunbeam Out of Heaven" and "Beautiful Savior."

THE LION'S ROAR

PUBLISHED BY STUDENTS OF THE JOURNALISM DEPARTMENT—OZONA HIGH SCHOOL.

Smallest Graduating Class in 20 Years in Prospect Next Year

One of the smallest senior classes to attend O. H. S. in the last twenty years will bid for their diplomas next year. There are only nine members of the present time in the junior class.

They are as follows: Kenneth Parker, Alton Smith, Bobby Womack, Bobby Halydier, Darrene Thompson, Betty Maness, Edna Vitela, Gussie Ruth Sparks, Juanita Perez and Doris Armentrout.

This year's senior class has 24 members, nearly three times more than next year's.

Junior-Senior Banquet Set for Friday, Apr. 28

By Bobby Halydier
The Junior-Senior banquet will be held Friday, April 28, at 7:30 in the Methodist Church recreation hall. The dance will be right after the banquet in the High School gymnasium and will start at 9:30.

Questions?
Which are the boys most interested in — (1) The food? (2) The program? (3) The dates? (4) The dance following?

The junior mothers say the food will be A-1.

The second fight night should be a better program with juniors and seniors working together?

The dates?
For exact information just ask Judy White, Mary Ann, Vivian Stratton or perhaps you have one to suggest?

The dance at least will be colorful with all of the beautiful evening dresses.

I vote for a glamorous red head in a billowing yellow evening dress. Guess who?

Fight Winners to Compete in Finals In May 6th Program

By Kenneth Parker
Two fighters sat nervously in corners waiting for the bell. This bout was to open the preliminary bouts in Ozona's first fight night held last Saturday night, April 22, in the Davidson Memorial Gym.

There were some very good fights and a good trampoline demonstration by Allen Haire.

Some of the fight results are as follows: Allen Haire defeated Virgil Machado; Billie West overpowered Tom Piner, Lee Armentrout defeated William Meinecke; Sellers Laxson out fought Don Cooper; Sergio Martinez won over Carol Stratton and Billie Oden defeated Tommie Laxson.

On May 6 the final fight night program will look something like this: Allen Haire vs. Billie West; Lee Armentrout vs. Charles Cunningham; Frankie Chapman vs. Sergio Martinez and Alton Smith vs. Billie Oden. Besides other bouts there will be a trampoline team from the University of Texas to put on a show.

The second fight night should be very good and everyone is urged to come. The admission is 25 and 50 cents.

Organ Music, Square Dancing Program Is Enjoyed by Students

By Tommy Laxson
Mr. Cromell of the Armstrong Music Company of San Angelo, played several numbers on the organ last Friday at assembly. This music followed an exhibition of square dancing given by eight couples of Latin-Americans. The square dancing was directed by Mr. and Mrs. Dub Pettit.

ARE YOU MISSING PART OF YOUR EDUCATION?

By Betty Knox
Do you think that all of your education should be got in the class room? If you do, you are wrong. In fact social activities, music and sports are on equal footing with reading, writing and arithmetic.

If you are entering high school next year, start off right. Arrange your curriculum so that you have plenty of time to know your classmates and have fun. Try to strike a happy medium in your school life. Don't take studying too seriously or too lightly.

Try to excel in only a few things at one time. Do what you do thoroughly or don't even start it.

The main purpose of school is to teach you how to think and how to get along with people. Whether you are just barely passing or at the head of the class, if you attain this goal, you have a good high school education.

STUDENT OF THE WEEK

Patsy Cooke has been chosen student of the week.

Patsy has lived in Ozona all her life. She is 15 years old and is a senior in high school this year. She has light brown hair and blue eyes.

She intends to take nurses training at the Shannon Hospital in San Angelo after she graduates from high school.

Patsy likes to go to parties and dance. She also thinks going to movies is a lot of fun but mostly she likes to read books and listen to music. Her favorite sport is football.

THRU THE KEYHOLE

What's going to happen to the Alpine boys who are coming to Ozona? Huh, Vivian?

The Journalism class is planning a picnic. Bet it is really good.

Who was K. Perdue sitting with in the show Friday night? What about that, June?

Too bad about Rabbit breaking his foot. He won't get to dance Friday.

Tommy, what were you playing with in Journalism Monday?

Say, Yancy, how are those Sonora girls?

How do the seniors like their

classes now. Polish the ole apple. Team Captain Peltó seemed to be running the school Monday morning.

Fight Night was a huge success. Congratulations to Coach MacDonald.

Slim, what were you and Judy doing at noon Tuesday?

June, what were you doing at the 1-mile park Sunday?

Do we have monkeys enrolled in O. H. S.?

Wanda Carden, Shirley Kost Top Students of Junior Hi Graduates

By Charles Cunningham
Wanda Carden was ranked highest scholastically in the eighth grade this year and will represent the class as valedictorian. Shirley Kost ranked second highest and will be salutatorian.

Students on the honor roll for this six weeks are: Carol Blackstone, Dwight Odom, Martha Epperson, Hazel Crews, Lynn Parker, Cecilia Ann Cook, Janie Norris, Lou Nelle Beall, Vivian Trotter, Wanda Carden and Shirley Kost.

THE STATE OF TEXAS

TO Dan Dodson GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 12th day of June, A. D. 1950, at or before 10 o'clock A. M. before the Honorable District Court of Crockett County, at the Court House in Ozona, Texas.

Said plaintiff's petition was filed on the 26 day of April, 1950.

The file number of said suit being No. 982.

The names of the parties in said suit are: Doris Dodson as Plaintiff, and Dan Dodson as Defendant.

The nature of said suit being substantially as follows, to wit:

A suit for divorce that alleges as grounds that the defendant was guilty of excesses, cruel treatment and outrages of such nature as to render their living together insupportable.

Issued this the 26 day of April, 1950.

Given under my hand and seal of said Court, at office in Ozona, Texas, this the 26 day of April A. D., 1950.

(SEAL) Geo. Russell
Clerk, Court Crockett
County, Texas 3-4c

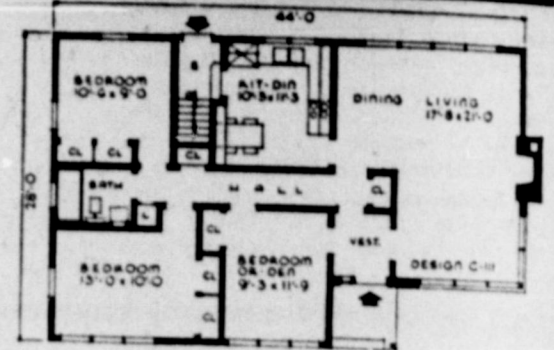

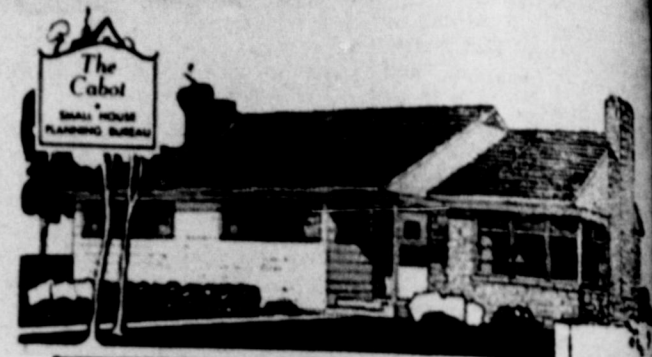

METHODIST NOTES

The sermon theme next Sunday morning will be "Whose Is It?" and at the evening service, "A Conspiring Civilization."

Young adults of the church initiated a new venture last Sunday as they began the Volunteer Churchmen's Council, which will

have a year-round program of activities for young adults and families. Sunday they had consideration a three-day retreat, a series of visits to churches, sponsoring a play every, a program of fellowships and a public relations plan.

Small Home Plans

THE CABOT features a large wardrobe closets. In addition to these, a linen closet and bedroom which dominates this three bedroom house. Of special interest are the large bathtubs, located in the bedroom high to add wall space for furniture.

The small front bedroom is flexible and may also be used as a den or an office, since it is so easily reached from the entrance vestibule. The other two bedrooms are cross ventilated and possess large twin wardrobes.

Overall dimensions are 28 feet by 28 feet. Floor area is 1,124 square feet and cubic content is 21,886 cubic feet.

For further information write the Small Home Planning Bureau, St. Cloud, Minn.

What's the Best home freezer buy?

You make a sound investment when you choose the dependable General Electric Home Freezer.

No one can deny these reasons:

General Electric has the famous G-E sealed-in refrigerating system — the very same system that has proved so efficient in G-E Refrigerators.

More than 1,700,000 of these G-E sealed-in systems have been giving dependable service in G-E Refrigerators 10 years or longer.

General Electric has the Perfect Seal Cabinet Construction. It prevents moisture from reaching the thick Fiberglas insulation. The steel is soldered for rust-resistance. The liner is rustproof aluminum. No wonder operating cost is low—40 kilowatt hours a month for the 8-cu-ft model illustrated.

You get a written 5-year Protection Plan consisting of a one year warranty on the complete General Electric Home Freezer, plus additional four-year protection on the sealed-in refrigerating system.

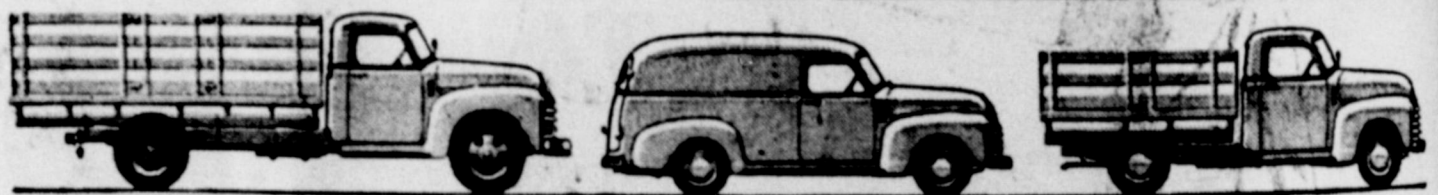

To be certain you get the best — get the General Electric Home Freezer. You may use our CONVENIENT PAYMENT PLAN to purchase your new G-E Home Freezer! **\$319.95**

World's Greatest Diver on UT Coming May 6

ant-sized youngster with big aspirations has become the best diver the Southwest has known, even before reaching maturity. He's David (Skip) Browning, University of Texas diver, who will be a member of the University team which will stage an event in connection with the night finals here May 6th, at the Memorial Gym.

Only nineteen, Browning is a National AAU and Southwestern Conference champion and runner-up to Bruce Harlan of the indoor AAU and AAU championships.

He has already surpassed the efforts of former greats, as Jack Tolar and Hank Harlan, both of Texas, but he is not yet at their level.

His goal is the 1952 Olympic team. He barely missed the team when only 17, placing fifth. He appears a cinch to win his life-long desire, however, because only Harlan remains in his competition.

He also set his sights on winning the events he lost to Harlan last month — the NCAA and AAU titles, but these are hopes in comparison with Olympic dreams.

Skippy has beaten Harlan only once. That was last summer in California when he won the Outdoor AAU title. Only a short time ago, Harlan had slipped by Skippy for the Indoor crown.

Skippy is the son of Dave Browning of Dallas, a former national junior diver. Skippy won his championship when he was 13.

He has since annexed some 20 trophies in interscholastic, college and amateur competition.

Skippy is a blond, blue-eyed mite of barely five and a half feet, Skip attended Highland Park High School of Dallas and Wayne University of Detroit before matriculating at the University of Texas last year.

As a sophomore, Skippy is a diver, says Tex Robertson, his coach.

He's one in a thousand, and

practice alone has done it for him," Robertson has said time and again.

With all his lofty ambitions, Skippy's greatest pride is in the dive he invented. He calls it a two and a half, twisting, back one and a half somersault.

It's as complicated as its name, but Browning performs it with apparent ease. Some day he hopes to get it recognized for competition, but since he is the only person who can do it, that hope may be thwarted.

If accepted, the dive should have the highest degree of difficulty of any dive now in the books. At present, the full twisting forward one and a half has the highest rating with 2.7.

Skippy thinks his dive should have at least a 3.0 degree of difficulty.

With Harlan graduating from Ohio State this year, Skippy should take over as supreme master of the diving board. And someday he might even reach the pinnacle of the world's best.

The Governor's Mansion in Austin was built in 1855.

170 Entries in Eighth Annual San Angelo Horse Show

SAN ANGELO. — Leading Texas cowgirls and top calf ropers will participate in the open events at the San Angelo Horse Show here April 29 and 30.

One hundred and 70 horses have been entered in the halter and performance classes at the eighth annual show. The open events will include the open ladies' barrel race and the open jack-pot calf roping contest. Deadline for these two events will be Saturday at 5:00 p.m.

Halter judging, which will be held April 29 starting at 8:00 a. m., includes four sections. They are: Quarter Horse, Palomino Stock Horse, Palomino Pleasure Type and Thoroughbred and Half-breed sections.

Performance classes will be judged at two showings, one Friday at 8:00 p.m. and the other Sunday at 2:00 p.m. Performance shows will include the ladies' barrel race, three-gaited class, Western equipment, clover leaf race,

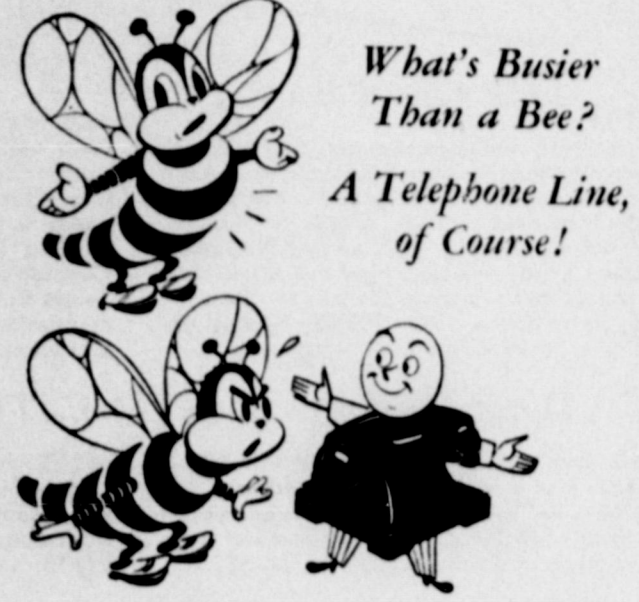

and 50 cents for children.

No admission is charged for the Halter judging show. Tickets to the performance are \$1.25 for box seats, \$1.00 for grandstand seats

Rev. and Mrs. Horace King are in San Antonio this week attending a meeting of the Conference Board of Missions and Church Extension, and the Inter-Board Council and the Convocation of

Boards at the Laurel Heights Methodist Church in San Antonio.

What's Busier Than a Bee? A Telephone Line, of Course!

A whole flock of beehives can't match the buzzing of today's busy telephone lines. Telephone traffic continues to roll along as heavy as ever. This means we still have a huge job on our hands—but we're glad. This continued heavy traffic is proof that more and more people think of the telephone as their first and fastest means of communication. That's just the way it should be.

San Angelo Telephone Co.

BUILT LIKE A BATTLESHIP

It's Ford for big car comfort and roadability. Its low, box-section frame with five cross members gives extra strength and rigidity. The advanced engineering design provides low center of gravity and unusual stability.

BUT WRAPPED LIKE A GIFT!

For the second year in a row, the New York Fashion Academy has awarded Ford its Gold Medal as "Fashion Car of the Year."

FORD IS THE BIG ECONOMY PACKAGE!

With its low first cost, low upkeep and high resale value Ford is the new standard of value. And in the recent Mobilgas Grand Canyon Economy Run, officially supervised by AAA, a '50 Ford "Six" with Overdrive won the economy championship of its class—the 3 full-size cars in the low-price field.

SAY, LOOK AT THIS!

THE POWER YOU NEED IS HERE

Mr. Businessman, Mrs. Housewife, Mr. Farmer, Mr. Industrialist . . . the low-cost, dependable electric service you need is here! In West Texas you know the power you need is yours to command . . . even before you need it.

That's because the West Texas Utilities Company, for 38 years, has been building ahead. New generating equipment, new power lines, new substations . . . all are here when West Texas needs them.

This policy of building for the future has been a major factor in the economic development of the area we serve. Today we are building for tomorrow's needs . . . so that the power you need will always be here.

West Texas Utilities Company

Prison Rodeo To Be Produced at Dallas State Fair June 3-10

The eight-night stand of the original Texas Prison Rodeo at the State Fair Grandstand in Dallas has been moved up to June 3-10, R. L. Thornton, president of the State Fair of Texas, has announced. Previous Dallas dates were June 4-11.

More than 150 inmates of the Texas Prison System will be brought to Dallas direct from Huntsville for the first performance of the famous rodeo outside the prison walls.

The Picnic Pavilion at State

Fair Park will be converted into a miniature prison and the inmates will be housed there during the Dallas run of the rodeo.

Guards will live in one of the spacious Cotton Bowl dressing rooms. Inmates will be fed in a restaurant which is being taken over by the prison system for the rodeo.

Three prison musical organizations will perform during the rodeo — the military band, a string band and a women's group from the Goree Prison Farm. Performers come from all eleven units of the prison system and are chosen by eliminations held in Huntsville.

Capacity of the State Fair Grandstand will be increased to 11,000 by construction of bleachers

opposite the grandstand itself. The arena will be surrounded by a double wall 10 feet high and guards will patrol the corridor between the walls constantly during all performances.

Eighty per cent of the proceeds of the eight Dallas performances will go to the inmates' educational and recreation fund to pay for such things as false teeth, eyeglasses, magazines, newspapers, books and other items for which the state makes no appropriations.

The rodeo will also put on its usual annual series of Sunday shows in Huntsville this October at the million-dollar stadium which is the largest stadium in the nation built especially for rodeos. This will be the 19th year the rodeo has been produced.

The rodeo has received widespread national recognition and is billed as the world's roughest, toughest rodeo — the "dangdest show on earth."

Chevrolet Cooperates In Safety Program

"Check Your Car, Check Accidents." With this as the slogan, Chevrolet is urging its 7,000 dealers to get behind the National Safety Council's Drive to promote safety in May.

By the use of newspaper advertisements, banners, window posters and special displays inside dealer showrooms and service departments, and direct mail announcements to the homes of

Chevrolet owners, dealers are expected to draw attention to the importance of mechanical safety.

Chevrolet proposes a 10-point program for safer cars. Check cover brakes, steering gear, wheel alignment, exhaust system, windows and windshield, rear view mirror and windshield wiper horn and lights.

- GEORGE RUSSELL

From where I sit ... by Joe Marsh

His Punch is His Signature

Was on the train up to Central City the other day and when the conductor came around, I asked him why their ticket punches make such odd-shaped holes in the ticket.

"Every conductor in the country has a different design for his punch," he tells me. "Some even show up a fellow's preferences. Now take mine. The hole it makes looks like a beer goblet."

Sure enough! Then he went on to say that the punch is just like the conductor's signature. Makes it easy to trace tickets ... to check up if something happens.

From where I sit, even though your ticket is punched differently from mine, it still gets you where you're going. Just like people with their opinions. You might like coffee, another person, tea—and I'll settle for a temperate glass of beer. But what does it matter, so long as we respect the right of the other to have tastes and opinions? We're all trying to go in the same direction — towards a friendlier, more pleasant world for all of us.

If You Use BUTANE or PROPANE GAS and Appliances

BE SURE THAT THE INSTALLER

of ANY equipment or piping, connecting, setting or repairing of ANY appliances has one of these Employee Identification Cards.

It's the Law!

The State of Texas requires that written examinations in knowledge and skill and experience **MUST BE PASSED** before an applicant can receive License to deal in liquefied petroleum (Butane and Propane) gases, install systems, pipe buildings, set, connect and repair appliances for the use of these gases. **NO OTHER** license of ANY type permits such operations.

It's Your Guarantee!

This card guarantees that the firm doing your work is **LEGALLY QUALIFIED** and authorized by the State to do such work. Every firm whose employees carry these cards is not only **LICENSED** by the Gas Utilities Division of the Texas Railroad Commission but also is a member of the Texas Butane Dealers Association whose membership is **RESTRICTED** to Licensed, Qualified Butane and Propane operators.

Don't Be A Party to VIOLATION of the LAW

This law was made for **YOUR PROTECTION**. It is a safety measure, designed to safeguard you, your family and your property. Holders of these licenses are held to strict accountability by the **STATE**

of **TEXAS**. Don't be a party to a violation of this important **SAFETY** law by allowing unlicensed, unqualified persons to install, connect, set, repair or tamper with **YOUR** Butane or Propane equipment.

DEMAND PROOF that ANY person doing ANY work on your Butane or Propane equipment or system is **LEGALLY QUALIFIED** and **LICENSED** for this particular kind of service. And remember, please, that the holder of one of the cards duplicated above is employed by a **LEGALLY QUALIFIED AND LICENSED** operator who is responsible to the **STATE** and to **YOU!**

Winter Survival of Screw Worm Fly Said Highest On Record

COLLEGE STATION. — A recently completed survey shows that the screw-worm fly survived this winter in a much larger area than ever before. This situation creates a real threat to the livestock industry of the state, says J. A. Deer, assistant extension entomologist of the Texas A. & M. College.

He says the survey made by entomologists of the USDA Bureau of entomology and Plant Quarantine at Kerrville, shows that in Texas the area where the fly was found to have survived the winter extends at least 300 miles farther north, 150 miles farther northeast and 200 miles farther northwest than during any winter since 1943 when the survey program was started. Three of the affected counties—flies were found in 134 counties—border Oklahoma just east of the Texas Panhandle. Records show that during previous winters, the screw-worm fly survived in less than 30 counties in southern Texas and usually in no other states west of the Mississippi. This year they were found in 3 southwestern New Mexico counties, 9 southern Arizona counties and 3 counties in south-

ern California. Deer says that it now appears certain that the migration of the fly will be earlier and that it will probably migrate much farther northward than usual. He says the possibility of transporting screw-worm infested animals from the southern zone to northern states is greater this year than ever before.

Livestock owners, he says, should be on guard and should watch for early screw-worm infestations, especially in animals that are to be shipped to the northern states. He points out that dealers of livestock supplies should also be ready with plenty of Smear 62 should serious outbreaks occur in the state. Weather conditions during the next few weeks may be a determining factor in the seriousness of the situation he says. Moisture will increase the possibilities of serious outbreaks.

In conclusion, he says, livestock owners should treat all wounds promptly with Smear 62 whether screw-worms are present or not. It is a surgical dressing as well as worm killer and its use is just good insurance against screw-worm infestations.

Polio Continues on Rampage in Texas

Polio continues on the rampage in Texas.

Already this year—up to March 25—261 cases of polio have been reported in Texas by the U. S. Public Health Service.

Last year—when Texas experienced its worst polio epidemic in history—96 cases had been reported by this time. Eventually there were 2,355 cases in Texas in 1949.

The number of cases in Texas so far this year already exceeds the year's total of 183 reported in Texas during 1947. There were 1,780 cases in 1948.

Whether or not 1950 will see another heavy epidemic, the National Foundation for Infantile Paralysis and its Texas chapters are ready to meet whatever situation develops.

Feather-bedding scheme of firemen's Union to put an additional fireman on diesel locomotives has been

CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

FEATHER-BEDDING!

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an

extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good..."

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good..."

PRESIDENTIAL FACT FINDING BOARD REPORT Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation..."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

Plan Spectacular Armed Forces Display At Goodfellow Base

Ground displays and aerial demonstrations of Army, Navy and Air Force Equipment have been scheduled as highlights of the Armed Forces Day open house to be conducted at Goodfellow AFB May 20.

A listing of the open house features was issued Monday by the joint Armed Forces Day Committee composed of Colonel J. E. Roberts, base commander, Goodfellow Air Force Base, Lt. Col. Norman F. Stradlengh, project officer, Lt. F. W. Page, inspector-instructor for the Naval Training Center, Captain W. H. Kraeger, adjutant, 648 Field Artillery Battalion, and Fred B. Jeffers, chairman, Military Affairs Committee of the Board of City Development.

Beginning at 12 noon on the third Saturday in May, the open house activities will last through 5 p.m. and will include defense exhibits set up by Army, Navy and Air Force units in San Angelo, together with visiting personnel and extra equipment from other military bases.

Planned to advance the national Armed Forces Day theme as a "report to the public on the state of national defense" San Angelo's Armed Forces Day open house at Goodfellow AFB will include an elaborate defense-education exhibit.

Special equipment to make up the defense-education display will be provided by San Angelo's 649th Field Artillery Battalion, Company L, Infantry, 8-98th Naval Surface Division, and the Basic Pilot Training Wing at Goodfellow AFB. Utilizing Goodfellow's largest aircraft hangar, the Armed Forces Day Committee will fill the build-

ing's 30,000 square feet of floor space with weapons, communications and powerplant units required for modern land, sea and air operations. Aircraft and heavy mechanized equipment will be displayed out of doors.

Demonstrations of fighter-pilot techniques employed by the Air Force will be performed by Goodfellow-based pilots, flying North American T-6 trainers. Captain John L. Sublett, project officer for the air demonstration, stated that a formation of 48 aircraft made up of three squadrons of 16 planes each will duplicate the tactical evolutions of fighter aircraft in combat. Low altitude simulated straffing passes over the field will climax the formation display in which formation take-offs, turns and peel-offs for landings will be executed.

Another feature of the aerial demonstration to be provided by Goodfellow personnel will be aerial acrobatic display, a Goodfellow instructor will perform acrobatic maneuvers included in the basic flight curriculum for Goodfellow's cadets. Some of these maneuvers will be the chanelle, slow roll, snap roll, Immelman and split "S." Following this display a second acrobatic pilot will put a training plane through advanced maneuvers to include the cloverleaf, Cuban 8, and a snap roll at the top of a loop.

Precision - drill maneuvers by Goodfellow's Aviation Cadet Corps numbering more than 400 will be performed in the spectator area in front of Base Operations as the 48-plane formation roars past

Tarleton Host to Intercollegiate Track Meet April 29-30

STEPHENVILLE. — A four-team intercollegiate track meet, dedication of a new cinder track, and coronation of the college queen Saturday night will initiate two-day festivities at Tarleton

State College's Annual Parents' Day and Ex-Students Day April 29-30.

Competing in the invitational track meet will be members of the newly formed Pioneer Conference, Schreiner Institute, San Angelo College, Arlington State and Tarleton State. A brief ceremony dedicating the cinder track at Memorial Field will precede the mile

relay, final track event. Crowning the Tarleton Queen will follow. Dukes and duchesses from the competing colleges and from Dublin and Stephenville high schools have been invited to attend the queen.

LEMMONS DRY GOODS COMPANY
MRS. BEN LEMMONS, PROPRIETOR

OZONA, TEXAS

April 27, 1950

Dear Friends of Crockett County:

I wish to take this opportunity to tell you that I have sold my dry goods store in Ozona. This sale was consummated on April 18, 1950. The purchasers are Mr. and Mrs. Louis M. Joseph, who operate stores in Junction and Sonora, Texas.

My twenty-two years in Ozona have been wonderful years for my family and myself. You, as my customers, have made this possible. My association and business relationship with each of you could not have been under more desirable conditions. You have made my work and working conditions a real pleasure. For all the things that each of you have done for me, large or small, I sincerely thank you from the bottom of my heart.

My plans for the future are to maintain my home and continue to live in Ozona. After having spent so many years here, I know that I would not be content to live any place but right here. I sincerely desire to continue my support for any community endeavor and be an active member of this community.

Again, I wish to thank you all for being such wonderful people.

Very sincerely yours,
MRS. BEN LEMMONS
