Contests Interest In County Politics

County Committee Preparing Ballot after Deadline Passes

Saturday was the deadline for filing as a candidate for precinct offices and the Crockett County Democratic Executive Committee, with Lowell Little as county chairman, is preparing candidate listings for state, precinct offices, precinct officers, and precinct officers, preparing to order the ballots for the July 22 Democratic primary.

Contests for local offices, county and two precinct, will be principal interest for voters in this county, along with contest for state representative and national congress in this county and the usual hot races for posts.

Highlight of the local contests will be that for the post county and district clerk, in E. G. (Eddie) Bower, a World War II veteran and insurance agent, is seeking a long-time office holder incumbent clerk George H. Bower, who served in the area in the last war, has been resident of Ozona for more than three years and is making his first race for public office.

Other young man, also offering public office for the first time seems assured of success. B. B. Ingham, Jr., who is considered as a candidate for Commissioner Precinct No. 1 incumbent commissioner, Owens, a veteran of more than a quarter of a century of service as a commissioner, will not be a candidate for re-election this year.

Precinct No. 4, two more men are seeking to unseat a man. They are Sid Millsbaugh, and James Childress, both dates opposing incumbent commissioner E. R. Kinser.

Race for commissioner from Precinct No. 1 narrowed down to entries this week with withdrawal of Jack Sheridan, who is transferred by the Texas-Mexico Pipeline Co. to Snyder. The withdrawal leaves one entry for the incumbent, Robert, who is opposed for reelection by Ira Carson. The fourth precinct, Chas. Black, Jr., representing Precinct 2, is unopposed.

Unopposed county and precinct officials who are seeking reelection include County Judge Ben Smith, Sheriff V. O. Earnest, County Treasurer Tom Cassin, County Attorney N. W. Kincaid, and Justice of the Peace Johnigan. Judge Garland Cassin and District Attorney Hartman are unopposed for their district court positions.

District contests are of interest to local voters. For state representative from the 86th district Antoine of Kerrville is running a spirited race to unseat incumbent Callan Graham of Juneteenth. But the district race which commands the greatest measure of interest is that for congressman from the 16th district, Congressman Ken Regan is opposed by Judge Paul Moss of Ozona and Fred Hervey of El Paso. Seventy voting for the July primary will begin July 2.

WHOSE EMANCIPATION?

Nine Defendants in JP Court Juneteenth; Only One Is Negro

Any old holiday will do for a celebration.

Juneteenth, traditionally a time for celebration by the colored population as the occasion when Old Marse Lincoln issued his emancipation proclamation freeing the negro slaves, was an occasion for celebration in Ozona, evidently, but not by the colored population.

Monday morning, June 19, there was an unusual parade of defendants hauled into Justice court — a total of nine. There were big doings in town for the negro population of the area, what with a two-day all-colored rodeo and dance. But were the nine defendants all negroes? Just one. And his arrest was not in connection with any Juneteenth celebration rowdyism — he "borrowed" a car for a joy ride.

The Negro population was well behaved throughout the holiday week-end, Sheriff V. O. Earnest reports.

Large Crowds Witness Two-Day Negro Rodeo

Everybody Had Fun At Roping Club Spon- sored Event

Ozona's second annual All-Colored Rodeo, staged Sunday afternoon and Monday night at the fair grounds arena, drew big crowds of spectators at both sessions and "everybody had fun" but most of all the performers.

The event was sponsored by the Ozona Roping Club which realized a profit of about \$500 on the show. The newly formed Crockett County Sheriff's Posse also profited — from sale of cold drinks and candy to the crowds.

The two-day program included bronc riding, goat roping, hair pulling, goat ribbon roping, a wild horse roping special and a mass roping event. Principal money winners included Garfield Wilson, Bob Bowlegs, Billy Ward, Nelson Daniels, Sam Rayburn and Henry Thompson.

The Monday night performance was followed by a barbecue for contestants and visiting colored folk and a big all-colored dance at the fair grounds platform.

T. A. KINCAID, SR.

As the man who did more for the sheep and goat industry of Texas than any other individual, T. A. Kincaid, Sr. who came to Crockett county in 1888 and who was a leader in the ranching industry for more than a half century, will be honored in the Hall of Fame at Texas A & M College.

Members of the Texas Sheep and Goat Raisers Association executive committee meeting last week in Alpine voted to hang a picture of Mr. Kincaid in the A & M Hall of Fame. Mr. Kincaid, who now makes his home at the St. Angelus Hotel in San Angelo, served the TS&GRA as president for 11 years, from 1924 to 1935, in the period of the most trying times for the young association and the growing industry.

Rubinoff And His Violin In Concert Here September 12

Ozona Lions Club Sponsors Appearance Of Famed Violinist

World famous Rubinoff and His Violin will be presented in concert in the Ozona High School Auditorium Wednesday evening, the twelfth of September, it was announced this week by Charles Ratliff, president-elect of the Ozona Lions Club, which will sponsor the artist's concert here.

Arrangements for the Rubinoff concert were completed this week by Lions Club officials with a representative of the artist's booking agency. The artist will present three West Texas concerts during a swing through this area in the fall, according to the advance agent. He is booked for concerts in Snyder, San Angelo and Ozona, coming into this area from a concert series in New Mexico.

Advance ticket sales for the local concert will begin about August 1, Mr. Ratliff said. If advance sales indicate that crowds may overflow the auditorium, efforts will be made to transfer the performance to the Davidson Memorial Gymnasium.

Born in Gradno, Russia, Sept. 3, 1897, Rubinoff is the fifth child in a family of seven. His parents were of moderate means, but his mother managed to encourage his natural musical talents and when he was 5 years old she bought him his first violin. At the age of 14 years, Rubinoff received a Doctor of Music degree from the Royal Conservatory of Music in Warsaw. While in Russia the late Victor Herbert saw Rubinoff and was so impressed with the boy's talent that he brought him and his parents to America in 1911. It was through the guidance and help of Herbert and the late band master, John Philip Sousa, that Rubinoff got his start in America.

Rubinoff is perhaps best known to American music lovers through his radio shows. He plays a genuine Stradivarius violin, made in 1731 by the Italian master, which is insured for \$100,000.

Jack Sheridan, Facing Transfer, Withdraws As Precinct Candidate

Jack Sheridan, area supervisor for the Texas-New Mexico Pipeline Co., and one of three candidates seeking the position as county commissioner for Ozona precinct No. 1 this week announced his withdrawal from the political race.

This action was taken following information from company officials indicating plans for his transfer, perhaps next month, to a new job in the Snyder oil field area. Mr. Sheridan has been here three years. Fast developments in the huge Snyder field has taxed the company's personnel in that area and Mr. Sheridan was notified of his impending transfer to that field as area supervisor of operations.

Withdrawal of Mr. Sheridan as a candidate for Commissioner of Precinct 1 leaves two candidates still in the running — incumbent Commissioner Rob Miller and Ira Carson.

Lee Wilson, who quit the automobile business in Ozona in favor of sporting goods in Harlingen, in the Magic Valley of Texas, sends a clipping from a Harlingen paper showing a picture of four Ozonians who joined the Valley "sporting boat just before take-off were fishing exposition off Port Isabel. In the picture aboard a fishing boat just before take-off were Jack Wilkins, Dick Henderson, Byron Williams, Gene Williams and Wilson.

Mr. and Mrs. Sam Fowler and daughter, Fontaine, were here last week from their home in Floydada for a visit with Mrs. Fowler's mother, Mrs. Bruce Drake, and other relatives.

Crockett Soil Dist. Receives \$13,847 Check

Newly Organized Group Gets Share of State Appropriation

A check for \$13,847, representing the first year's pro-rata share of the five million dollars appropriated by the state of Texas to promote soil conservation in the state, was received during the week by officials of the newly organized Crockett County Soil Conservation district.

The money will be deposited by the district board of supervisors for future use in furthering the work of soil conservation and range improvement in the district area.

The state fund will not be used in the manner of the ACA federal funds to pay for improvements on individual ranches, but will be used in such manner as the board of supervisors may decide will be of the most benefit to the district. Such funds have been utilized in other districts for such projects as wholesale purchases of fertilizer for resale to farmers, purchase of equipment for terracing, brush clearing, harvesting, land preparation, etc.

The Crockett district is one of the newest in the state. Before any actual plans can be promoted, the district must prepare its program and plan of work, a comprehensive of the district, its history, phases of the district, its history, its agricultural problems, climate, population, labor, industries, business, etc. All of this information will be gathered and written by committees of resident ranchmen and others whose aid may be solicited and the whole will become the basis for future operations and planning in the district.

Dr. M. A. Lemmons to Establish Optometry Offices in Ozona

Dr. Maurice Lemmons, oldest son of Mrs. Ben Lemmons of Ozona, soon will establish offices for the practice of optometry in Ozona. Workmen are engaged in making necessary changes and re-fitting of office quarters on the west side of the first floor of the hospital building where the optometry offices will be located.

Dr. Lemmons is a graduate of the Northern Illinois College of Optometry at Chicago and interned at the Northern Illinois Eye Clinic. He also did post graduate work in visual training and practical optics in Chicago and worked at Fifth Army Headquarters there while waiting for the opportunity to take the state optometry board examination in Texas.

Methodist Men's Class To Have Picnic Sunday

The Men's Bible Class of the Methodist Church will have an outing at the William's Brothers' ranch Sunday evening, June 25th, from 6 to 7:30 o'clock. Following a barbecue supper, a brief talk will be made by the class teacher, Rev. J. Troy Hickman, according to Joe Clayton, president of the class. Bill Cooper, class secretary, is in charge of publicity and invitations.

"The purpose of this meeting," said Mr. Cooper, "is fellowship. Men who do not have other class connections, and who wish to be a part of this fellowship, are invited to be there."

The meeting will end in time for all to attend the regular Sunday evening worship service at 8:00 o'clock.

SON TO CHANDLERS

Mr. and Mrs. Earle Chandler of Ozona are the parents of a son born in a San Angelo hospital last Thursday night. The boy, fourth child in the Chandler family, has been named Frederick Henry. He has a sister, Tommy Sue, 10, a brother, Erbe, 7, and sister, Mary Grace, 3. Mr. and Mrs. Tom Smith of Ozona are grandparents of the newcomer.

OZONA'S 1950 POPULATION 2,877, 28 PERCENT GAIN IN TEN YEARS; COUNTY UP 36 PERCENT TO 3,963

Preliminary Census Returns Announced by Census Bureau Fall Short of Estimated Totals for County and City

Although falling far short of local estimates based on utilities connections, Ozona's population count shows a healthy community increase in the past ten years nevertheless, according to the preliminary report of the United States Bureau of the 1950 Census.

The preliminary population figure as announced by George T. Kesler, Odessa, Census Supervisor for this area, shows the Ozona 1950 population 2,877, a gain of 631 over the 1940 count or a percentage gain of 28 per cent. The 1940 census gave Ozona a population of 2,246.

The total population figure for Crockett county was announced as 3,963, a gain of 1,086 from the 1940 count, which stood at 2,809. The county population chalked up a 38 per cent gain in the ten-year period.

Although an estimate is just that, or you might even call it a guess, and the Census Bureau's count is the official population figure, those who estimated the city's population at 3,500 to 4,000 at least had some basis for the estimate.

The Crockett County Water Control District has some more than 800 water connections in the city. Taking the long accepted average of five persons to a family, that would make it a fair guess at 4,000. But reducing the average to 4½ would place the estimate at 3,600 and even topping the average of the present size family to four to the household, that would still make it a good guess at 3,200.

The major portion of the census count here was done by a group of enumerators sent from McCamey, since there were no local applicants for the job. A cursory check of individuals reveals a number who were missed by the census enumerators, notably the Crockett county judge, Houston Smith. A ranchman with four in his family was another not enumerated. The figure has been announced but there are many who still would like to know what the population is.

Representatives of the various interested counties, where committees have been at work the past two weeks contacting rural residents and getting signatures to application blanks for the new co-op telephone service, reported a present potential of some 3,750 subscribers for the new system.

National Rural Electrification Administration officials present indicated that the proposed West Texas group would be among the first in the state to get organized and operating and also would be among the largest co-ops in the state.

Representatives from the various counties reported the idea is meeting with enthusiastic response and predicted that the plan would meet with general favor throughout the area.

Ira Carson of Ozona, armed with applications from more than 50 per cent of Crockett county ranch operators, attended the meeting as representative from Crockett county.

Hunt Adds Vaughan Producer Spots New Location on Shannon

H. L. Hunt of Dallas has added a producer and a location in the Vaughan (San Andres) field in Crockett county.

No. 2 M. A. Shannon estate was finished on the pump in 24 hours for 88.87 barrels of 27 gravity, pipeline oil. Production was from open hole between 1,335 feet, where 7-inch casing was set, and 1,425 feet, the total depth. The section was acidized with 3,000 gallons. The pumper is 330 feet from south and west lines of section 2, block 400.

No. 3 M. A. Shannon estate, projected to 1,500 feet with cable tools, will be 330 from south, 990 feet from west lines of section 2, block 440. It will be 660 feet east of the operator's No. 2 Shannon.

HOUSE FOR RENT — 4 rooms and bath. Troy Williams. 1p

Humble 2 Cox Test Barren From 8,144 to 8,180

May Be in Ellenburg- er; Holt Stakes New Shallow Test

Humble No. 1 - C Alma Cox, Crockett county wildcat 3½ miles west of Ozona, Tuesday was deepening after recovering mud on a test in a lime, probably Ellenburger.

A 67-minute drillstem test from 8,144 to 8,180 feet yielded 1,350 feet of drilling mud. The wildcat, one mile north of the operator's No. 1 Alma Cox, 8,221-foot Ellenburger failure, is in section 72-OP-GC&SF.

Jack Holt and others of Ozona No. 3 C. J. Fuller estate, projected to 1,500 feet with cable tools 10 miles northwest of Ozona, will be 390 from north, 2,970 feet from west line of the 320-acre lease in section 4-A3-D. Savage survey. It will be 660 feet east of the operators' No. 2 Fuller estate, a producer.

Amerada No. 5 L. P. Powell in the World field has been completed on the pump in 24 hours for 116 barrels of 26.3 gravity oil plus three per cent water. Production was from open hole between 2,436 and 2,577 feet, the total depth, which was acidized with 500 gallons. The pumper is 330 from south, 3,260 feet from east lines of lease in section 52-BB-GC&SF.

Mike Clayton, Tom Kincaid and Sonny Henderson will leave Monday to attend summer camp at Camp St. John for boys in Wisconsin.

Thought for the Week

By J. Troy Hickman

A certain man was unhappy because he was not succeeding in business. A friend encouraged him to change his occupation. With some misgivings, he went into a new business. In a few years he was successful and contented. This prescription is not always the remedy, but it was in his case.

God made each of us to do one thing best. A person is happiest and most useful when he is living in the groove for which he was made. Some individuals can do

many things well; but most of us do one thing best.

Man is the only creature that has trouble finding his place in life. A sheep seldom tries to be a cow, and the horse knows his own stall. But sometimes a man man wants to be what God did not intend him to be.

It is important to know what one cannot do, as it is to know what one can do. There is not a person in the world who cannot do something useful for others and satisfying to himself — if he can find that something.

A good place to start is with God. We should not hesitate to ask God to show us what he wants us to do. Let's not forget, when we ask Him, to listen for His reply. "Knock, and it shall be opened unto you."

After we have asked and listened, we can start where we are with the thing nearest at hand. If not the nearest, then the thing which appeals most to us now.

No job will be easy or perfect. But after a while, we should begin to get a few dividends of satisfaction. If not, we can try a gain.

It's no disgrace to keep trying, anything is better than to spend a life being a square peg in a round hole. Unless we take hold and manage this part of our life, circumstances will shove us around, or we will drift into some trap that we cannot get out of.

Finding the groove is serious business. It ought to be prayerful business. To find and do the thing God made us for, is well worth all that it costs.

Angelo Rambouillet Ram Show and Sale to Be Held July 25-26

Limited to Rambouillet entries the 1950 San Angelo Rambouillet Ram Show and Sale will be composed of five classes. Deadline for entries has been set for July 1.

Judging for all classes will begin at 8:30 a.m., Tuesday, July 25. All rams entered in the show must also be offered for sale in the auction ring. The sale will be held at 10:00 a.m., July 26.

The class for pen of five two-tooth rams and class for pen of

ten two-tooth rams carry cash awards of \$40 for first and \$20 for second. The four-tooth ram class has prizes of \$40 for first, \$25 for second and \$15 for third.

The two-tooth ram class offers \$50 for first, \$40 for second, \$30 for third, \$20 for fourth and \$10 for fifth. Champion ram will be awarded a ribbon.

The fourteenth annual show and sale is sponsored by the San Angelo Chamber of Commerce and the American Rambouillet Sheep Breeders Association. Members of the show and sale committee include John Williams, chairman,

Eldorado; James F. Grote, secretary-manager, San Angelo; Louis Bridges, Bronte; Ellis Owens, Sheffield; Miles Pierce, Alpine; Leo Richardson, Iraan; Pat Rose, Jr., Del Rio; R. O. Sheffield and Jack B. Taylor, San Angelo; and L. D. White, Fort Stockton. White will judge the show.

For Sale: 1941 Ford, 1941 Perfect 1947 Crosley station wagon \$150.00. 1945 Cushman scooter \$60.00. New two cylinder bike, \$75.00. 1947 service truck. See J. E. Branscum, 501 W. Auto Associate Store, Ozona, Tex.

Crossings should be Seen and not Felt

WHEN the sign says "Stop, Look and Listen," the prudent driver does.

But after that what? Must you still move forward at a cautious crawl or pay toll in jar, jitter and jounce?

Not, good sir, when you're at a Buick's wheel.

You step on the throttle, move easily, swiftly forward. Your wheels dance—your tires drum-roll over rail and plank.

But four gentle coil springs, one on each wheel, are working their magic—and you hear rather than feel the rough spot you have crossed.

That, of course, is only one kind of rough going you can meet in your travels. It's only one kind of discomfort your Buick's built to master.

For beside gentle coil springing, every Buick rides on soft, low-pressure tires. Every one is steadied by a rigid torque-tube. Every one boasts a rigid, weaveproof frame—soft, sure shock absorbers—even special engine mountings to minimize vibration.

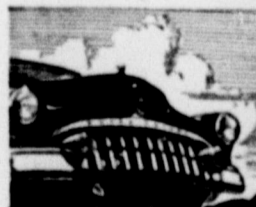

They can have the special added smoothness of Dynaflo Drive,* cushioning power-thrust in spinning oil.

So rough spots seem to level out

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "jacking horns," (4) makes parking and garaging easier.

Whether he be from the Class of 1917 or the class of 1947, your Southwestern Life agent is a trained life insurance counsellor.

Each year additional carefully selected representatives who have chosen life insurance as a career start to school all over again in Southwestern Life's educational classes. The purpose, of course, is to prepare these men and women thoroughly for the lifetime task of providing sound advice and continuing assistance in life insurance matters to the people of their communities.

A Texas Company now in its 48th year of service to Texans, Southwestern Life considers adequate training of its agents a first essential in planning life insurance programs that best serve individual needs.

A GENERAL ELECTRIC WASHER gets clothes really clean!

The General Electric Washer is built for just one thing—"Quick-Clean" washing all the time!

This is what you'll like about the improved General Electric Washer. The time-tested, "three-zone" Activator* gets out all the dirt—gently, but thoroughly. The One-control wringer gives the correct pressure for every fabric. The adjustable timer watches the washing for you.

When you see that first snow-white wash—and every one from then on—you'll bless the day you bought a General Electric Washer.

Come in for a demonstration of "Quick-clean" washing—see why we're so proud of this washer.

*Trade-mark Reg. U. S. Pat. Off.

MORE IMPROVED FEATURES

- 8-lb. capacity
- Self-tilting drainboard
- Durable balloon rolls
- Quick-emptying pump
- Full-length protective skirt
- Permanently lubricated G-E motor
- One-year written warranty

See the "Quick-Clean" G-E Washer at

Duncan Wedding Vows Read in Sat. Ceremony in Decatur Baptist Church

June 19. — Mr. and Mrs. Tandy are on a wedding trip to New Mexico following the ceremony at 6 o'clock Saturday at the First Baptist Church in Decatur.

The bride is the former Miss Nancy Duncan, daughter of Mr. and Mrs. A. L. Duncan of Decatur. The groom is the son of Mr. and Mrs. H. B. Tandy of Ozona.

Mr. E. E. Bell, retired and pastor of the church, officiated at the wedding service. The altar was decorated with white and pink flowers, and candelabra with white tapers. Mrs. Gordon was organist and Mrs. Gordon sang "Because" and "The Lord's Prayer."

The bride was dressed in white and her gown was a deep decollete neck, with a ballerina length skirt, lace mitts and a shoul-der veil of tulle falling over her shoulders. The bouquet was fashioned of daisies centered with a white orchid.

Miss Mae Spain was maid of honor. Mrs. J. C. Harrison, Mrs. J. C. Harrison, and Mrs. J. C. Harrison were bridesmaids. They were both dressed in pink organdy with cap sleeves, ballerina length skirt, and carried nosegays of daisies. Bridesmaids were Miss Clifford of Beaumont, Miss Johnson of Dallas, Carol Johnson of Grand Prairie, and Miss Johnson of Decatur. Two bridesmaids were dressed in yellow and the other two in blue organdy and carried nosegays of daisies to match their dresses. The groom's bride served as bridesmaid. They were

Nancy and Teresa Duncan of Decatur who wore white organdy over pink and carried tinted daisy nosegays.

Howard Blagg of St. Louis, Mo., attended the bridegroom as best man and ushers were Kerry Tandy, brother of the bridegroom; James Cornelius of Salinas, Wayne E. West of Ozona, H. W. Knight of Abilene, and R. L. Bland, Jr., of Talpa.

The reception was held at the home of the bride's parents. The couple then left on a wedding trip, following which they will be at home in Big Spring where Mr. Tandy is employed by the McVay-Stafford Drilling Co. He attended Arlington State College and is a spring graduate of North Texas State College. He served 25 months in the Navy. His bride is also a spring graduate of NTSC and previously attended the Decatur Baptist College.

Among the out-of-town wedding guests were Dr. and Mrs. H. B. Tandy and son, Mills, and Mr. and Mrs. Wayne E. West of Ozona, parents, brother-in-law and sister of the bridegroom; Mr. and Mrs. R. L. Bland, Sr., of Abilene, grandparents of the bridegroom; Mr. and Mrs. R. L. Bland, Jr., of Talpa, Mr. and Mrs. W. H. Knight, Mr. and Mrs. Jack Sayles, Francis and John, Mrs. C. M. Tandy, grandmother of the bridegroom, and Mrs. Margaret Ellis, all of Abilene.

Eddie Bower left the first of the week for Floydada to bring Mrs. Bower and their daughter, Joan, who had been visiting Mr. and Mrs. Sam Fowler there.

Ben Williams, proprietor of Williams Grocery here, suffered a broken ankle in a fall from a horse at his ranch near Camp Wood last Friday. Mr. Williams had attempted to mount a gentle horse bareback and slipped, turning his ankle. He drove back to Ozona where x-ray examination showed a broken bone in his left ankle.

Ken Regan Cites Record of Opposition To Socialist Moves

Rep. Ken Regan was back in his district last week and actively campaigning for re-election to a second full term in congress.

"I plan to spend as much time as possible seeing people all over the district between now and election time," Regan said. "But I will have to return to Washington occasionally on legislative matters now pending in the House."

Regan made an address in El Paso last Thursday night that was broadcast by the Southwest and Cactus networks. In it he said, "My record, as you know, has been for the conservative rather than the radical side. I have consistently voted with the majority of the congressmen from Texas. I have opposed certain socialistic proposals of what has been mis-called the 'Fair Deal.' I have opposed socialized medicine. I have opposed and still oppose repeal of the Taft-Hartley Act, an act which I think has been of great benefit to the public generally and also to the individual worker."

"I supported repeal of the tax on oleomargarine. In the interests of the continued exploration and development of the great oil and gas resources of our state and our district, I supported the retention of the oil depletion allowance. I voted for the Kerr Bill which would have left to state authorities the regulation of the actual production and sale of oil and gas by the independent producer. My position on the Kerr Bill was also that of our good Texan, Sam Rayburn, Speaker of the House, and the two Texas senators and the other congressmen from Texas."

"My opponent, Judge Paul Moss of Odessa, last Saturday night said of the Kerr Bill: 'But I am against anything so nasty and crooked as the Kerr Bill that would have put added costs on the housewives.' In so doing he took a stand opposed to that taken by Senators Tom Connelly and Lyndon Johnson, Speaker Sam Rayburn, the Texas Railroad Commission

and by every Texas congressman who voted for the bill. He has taken a stand opposed to the best interests of every citizen

"There," Regan said, "he spoke the words of his master, Editor Edgar Bergen Pooley. Judge Charles McCarthy Moss has taken another leaf from the page of Mr. Pooley. He raises the cry of 'king-makers' and says I represent oil companies and special interests. Let him be specific and state when and how I voted in the interests of any corporation, group or individual and not in the best interests of the people of my district."

"Editor Pooley in the last two elections voiced the same cry of anguish. Then he said in speaking of El Pasoans supporting a Mid-

land man, '... the oil industry, a business which is not of prime importance to El Paso.'

"I have consistently supported the Marshall Plan and have voted for aid to the democratic countries in Europe. I have voted for adequate funds for the support of our armed forces and voted for appropriations for our war veterans and their dependents. I think I know something of their needs; I saw active service in the army during two years of World War I and two years of World War II."

"I have supported every move for economy consistent with our national requirements. I supported the amendments cutting down the appropriation bill as originally recommended. I supported

and worked for the bill to reduce the so-called luxury taxes.

"I have worked hard, and I believe effectively, toward securing an adequate supply of labor for our cotton farmers and ranchers. On 173 roll calls, I missed voting on the passage of only seven bills. The records clerk of the house stated that I had one of the best records he had checked.

"I believe my record will reflect that I have voted the views of the majority of real Americans in our district who believe in economy in government, in liberty and free enterprise, and the continuing opportunity of each individual to attain that measure of success to which his energy, character and intelligence entitle him."

"ROCKET 88" OLDSMOBILE WINS 2178-MILE DURABILITY RUN!

Outperforms
131 other cars in
grueling Texas-to-Guatemala test!

Below, The map of the course. At right, Herschel McGriff and his Oldsmobile "88."

Here's proof of the brilliant performance and rugged dependability of the "Rocket 88" Oldsmobile. In a 2178-mile endurance run, down the full length of Mexico on the newly opened Pan-American Highway, a 1950 Oldsmobile "88" topped a field of 131 other cars! In

fact, three of the first ten and six of the first twenty were Oldsmobiles! This is clear evidence of the outstanding performance and endurance built into every "Rocket" Engine and every Oldsmobile! Make your date with a "Rocket 88" at your nearest Oldsmobile dealer's!

Oil Flow Starts Thru Humble's New 18-Inch Pipeline

The first oil from Kemper Station arrived Tuesday, June 13 in Satsuma, 20 miles north of Houston, through Humble Pipe Line Company's new 18-inch line. R. V. Hanrahan, president of Humble Pipe Line Company, pushed the button that opened the valve that allowed the oil to flow to tankage.

The oil was started from Kemper, near Big Lake, on May 25, while construction was still going on at the eastern end of the line. The oil was moved slowly toward the coast for it was displacing water that had been run through the lines at high pressures for testing purposes. It took 576,211 barrels of oil to fill the line.

Construction of the direct 370-mile line began on December 13, 1949, and was completed on May 28, 1950. The line, which cuts 52 miles off the old route, passes through sixteen counties: Reagan, Crockett, Schleicher, Menard, Kimble, Gillespie, Mason, Blanco, Lee, Hayes, Travis, Bastrop, Fayette, Austin, Waller and Harris.

In the past, the oil was moved

through a system of small lines that "just grew" as new fields were discovered. This led to inefficiency and top-heavy production costs. In the face of these rising costs, increased post-war competition, and the need for additional capacity, the new line was called for. It is expected that this line will reduce operating costs and place Humble in a better competitive position among other carriers by having a shorter route, larger pipe to carry more oil, and fewer pump stations.

24 YEARS IN SAN ANGELO
Phone 5384

CHOOSE the college that knows what you want and need in higher education and will help you get it. That's San Angelo College. The College is the beauty spot of your own area's biggest city—a center for cultural, educational, recreational and religious activities, as well as a nerve center for trade and commerce. You will find it to your advantage to have your freshman and sophomore college years near home in the college that pleases your parents too.

San Angelo College

This 110 million dollar, non-denominational, public, Area College is fully accredited. This means that credits earned at San Angelo College are recognized at the leading colleges and universities. The curricula include fine arts, pre-professional and terminal courses. The entire plant is new and the 40-acre campus is most attractively landscaped. Twenty-two years of successful, effective, economical, higher education. Small classes. Personal attention. Write for catalogue and for reservation blanks in the College's new dormitories.

Small Home Plans

THE CLIVE has a front vestibule which leads into the living room and also opens into the bedroom hall for complete circulation between rooms. The rear bedroom is near the kitchen, making this room convenient for use as a sewing room or playroom.

There is a large area in the kitchen for dining, and the living room also can be used for larger dining groups. The sink is under the rear window and the stove next to the kitchen closet on the inside wall.

Wardrobe type closets are used in the end bedroom for increased capacity in small bedrooms. The coat closet is off the bedroom hall.

The exterior is finished with wide siding and the roof is asphalt shingles. The front porch has a concrete floor and posts of trellis work.

Dimensions are 40 feet by 30 feet, with the living room projecting 4 feet. Area is 1,200 square feet and cubage 28,000 cubic feet.

For further information about THE CLIVE, see our Small Home Plans, available at the Small Home Planning Bureau, St. Cloud, Minn.

ESTIMATED TELEPHONE TRAFFIC 1950
75,000,000,000 CALLS

75 BILLION
is a lot of telephone calls!

By spreading 75 billion telephone calls equally over the nation's 40 million telephones, an average of over 120 calls per month will be made on each telephone during this year!

This expected all-time high telephone traffic load is further evidence of the indispensable usefulness of the telephone to the American people.

San Angelo Telephone Co.

Top dollar style
Never before could you get so much car beauty for so little money . . . only Ford has been selected for the New York Fashion Academy Award for two successive years.

Top dollar "Go"
Only Ford in its field offers you a choice of "Go" power . . . either the smooth precision-built 100-h.p. V-8 or its companion-in-quality, the advanced 95-h.p. Six.

It's a Top Dollar car

Long dollar mileage
Not only do miles seem shorter in a Ford, but they cost you less. A Ford is economical to buy, economical to run and, because of its long-lived quality, high in value at resale time.

at Low Dollar cost

Top dollar value
Ford brings you big-car features at small-car cost . . . features like Ford's 35% easier-acting brakes. Soft-acting "Mid-Ship" Ride in a sound-conditioned "LifeGuard" Body—a body that's built and finished to "live outdoors."
