New Damage Suit Filed By Former Ozona School Head

McIntosh Asks \$54,000 of Ken Cody in Slander Suit

Another damage suit was filed in 112th district court here during the past week by Jack McIntosh of Austin, Texas, former superintendent of Ozona Public Schools, whose resignation last fall was announced by the school board following its request for such resignation "for the good of the schools."

The new suit seeks a total of \$54,000 in damages against Ken Cody, Ozona funeral director. The original petition claims that Cody circulated untrue stories attacking the former school man's character, causing him to lose his position as superintendent here and making it impossible for him to gain employment in the field for which he is trained. Actual damages in the amount of \$40,000 is sought in the petition, with exemplary damages in the amount of an additional \$14,000.

The suit was filed on McIntosh's behalf by a Big Spring law firm.

A similar suit is pending in 112th district court in which McIntosh seeks damages from T. A. Kincaid, Jr., Ozona rancher and auto dealer and a member of the school board which acted on the superintendent's resignation. The original petition in this suit asked \$50,000 damages.

Oil Is Logged In Shannon Wildcat By Continental

Ellenburger Show Is Good Prospect for New Producer

Continental No. 1-A Shannon located between the Midway Lane and Todd Ellenburger pools in Crockett county, has shown possibilities of production from the Ellenburger.

The operation recovered an estimated 2,200 feet of clean oil and 510 feet of oil and gas-cut mud on a two-hour drillstem test between 7,100-7,150 feet in the Ellenburger, topped at 6,949 feet with the drill-pipe partially unloading while being pulled.

Flowing pressure ranged from 75 to 400 pounds with bottomhole pressure of 2,875 pounds. Operator was coring ahead.

Neville G. Penrose No. 1 University, wildcat, spudded to 490 feet in redbeds and cemented 13 1/2-inch at that point. Will drill plug and drill deeper. This operation lost the first hole at 400 feet and skidded hole a few feet and started second hole. It is 660 feet from north and east lines of southeast quarter of section 1-29 University.

Southland Royalty Co. and others No. 1-8 Todd, wildcat, has completed water well and will move in cable tools in short time to spud and set surface casing. It is 4 1/2 miles southwest of the Todd Multipay field.

Garrett M. Smith No. 1 Shannon estate, wildcat, at total depth of 1,135 feet in lime, was trying to straighten crooked hole. It is 5 1/2 miles northwest of the Todd field.

Other Crockett activity: Texaco No. 1 Marrs, wildcat, was drilling at 6,885 feet in lime; Lario No. 1 Shannon estate, wildcat, was drilling at 3,540 feet in black sandy shale; Shell No. 1-5 University, wildcat, at total depth of 10,300 feet in shale and chert, was preparing to drillstem test.

Mr. and Mrs. Miles Pierce of Alpine are the parents of a son born last Thursday in a San Angelo hospital. The newcomer has been named for his grandfather, Victor Pierce. He is a grandson of Mr. and Mrs. Victor Pierce of Ozona and Mrs. R. E. Thesis of Midland. T. A. Kincaid, Sr. of San Angelo is the great grandfather.

Death Claims Father Of Mrs. Arthur Phillips In Asherton, Texas

W. M. Collins, 79, father of Mrs. Arthur Phillips of Ozona, died early Sunday morning at his home in Asherton, Texas, after an illness of about a week. Mr. Collins suffered a stroke about a week before and never rallied. He had suffered a first stroke about six years ago but recovered and enjoyed comparative good health until the recent attack.

Funeral services were held Monday afternoon at Carrizo Springs, with burial following in the Carrizo Spring cemetery.

Mr. Collins who was born in Missouri, had resided in Asherton for 42 years. He is survived by his widow, three children, Mrs. Phillips of Ozona, Mrs. Earl Courtney of New Boston, Texas, and Sgt. William W. Collins, stationed at Lackland AFB in San Antonio. A sister and three grand children also survive.

Ozona Boy Scouts Attend Summer Camp At Camp Fawcett

Four Ozona Boy Scouts are enjoying a week of camping at beautiful Camp Fawcett near Barksdale this week. This is the final week of the summer camping period at Fawcett, with Concho Valley Council personnel in charge of the daily programs.

The four boys, Bill Black, son of Mr. and Mrs. Charlie Black; Royal Caswell, Jr., son of Mr. and Mrs. Royal Caswell; Dwight Odum, son of Mr. and Mrs. J. L. Odum; and Jake Young, Jr., son of Mr. and Mrs. Jake Young.

The four boys, members of Troup 53, Ozona, left Sunday, accompanied by Frank James as counselor. Mr. James planned to stay with the boys until Wednesday when he was to be relieved by Royal Caswell for the rest of the week's camp.

Little League Teams Entertain Ozonans in Exhibition Game Here

Two top teams from the San Angelo Little Leagues entertained Ozonans in an exhibition game at the Lions Club softball field Saturday night.

The teams, composed of boys aged 8 through 12, are part of the city-wide boy baseball program in San Angelo. The teams, sponsored by Nathan's Jewelry and the G & C Sales Co., are leaders in their respective leagues.

The G & C Sales team, named What Else?, swamped the Jewellers 14 to 0 but the one-sided score failed to detract a great deal from the entertainment value of the game from the spectator standpoint. Some fine baseball talent is apparent among the youngsters, composing these two teams, and some good coaching was evident from the performance of the two squads.

Deep Wildcat Shows Oil in Ellenburger

Continental No. 1-A J. M. Shannon estate, Crockett wildcat 14 miles northwest of Ozona, was deepening after getting its second show of gas in the upper Ellenburger.

Gas showed to the surface in 65 minutes and recovery was 240 feet of gas-cut mud on the 1 1/2-hour drillstem test from 7,000 to 7,050 feet. An earlier test from 6,950 to 7,000 feet showed gas to the surface and yielded gas-cut mud. Location is in section 22-UV-GC&SF survey, 2 1/2 miles northwest of the shallow Vaughan pool in the north shallow Vaughan pool in the northeastern part of the county.

Conoco No. 2 Harris estate, C SE SE 15-3 WCRR survey, half mile south of the same operator's No. 1 Harris estate, opener of the Lula Devonian field, has been plugged and abandoned at 9,634 feet in Ellenburger lime. Earlier a half mile west outpost to the discovery failed at 9,080.

Colored Rodeo Highlights Area Juneteenth Fete

Third Annual Event Is Pronounced Success By Sponsor Club

Colored folk from as far away as San Antonio on the east and Alpine on the west gathered in Ozona the first of this week to celebrate Juneteenth by attending and taking part in the colorful contests in the third annual all-colored rodeo under sponsorship of the Ozona Roping Club.

And members of the Roping Club counted this year's event an outstanding success from every angle. There was a long list of entries in each of the scheduled events and the performers turned in a good show for the spectators. The final night's show saw the fair grounds grandstand almost full for one of the largest crowds to occupy the stands since the days of Ozona's annual Fourth of July rodeo events.

The all-colored rodeo program included a variety program of calf roping, bronc riding, steer riding, goat hair pulling, goat roping, belled calf roping, foot racing and snugging a \$10 bill from a wild steer's horn without aid of rope or roping horse. The two-day show was topped off with a free dance for the colored folk on the fair-grounds platform, with Harrison's Texans from San Angelo furnishing the music.

Sam Rayburn of Del Rio swept the field in calf roping, winning first day money both days and two-day average money in that event. Winning time was 23 seconds the first day and 24 seconds the second day. Billy Ward of Ozona won second in average; Leroy Benson of San Antonio, third, and Willie Davis of Del Rio, fourth. First-day winners were Rayburn, first; Davis, second; Benson, third, and Ward, fourth. Second-day winners were Rayburn, first; Ward, second; Benson, third and Davis, fourth.

In goat roping, A. B. Madison of Sonora, won the two-day average with a total of 35 seconds. In second place in the average was Nelson Daniels of San Angelo. Third was Bob Bowlegs of Alpine and fourth, George Huddleston of Del Rio. First-day winners were Silas Benson of Juno, first; Madison, second; Bowlegs, third, and Nelson Daniels, fourth. Second day winners were Douglas Smith, Del Rio, first; Sandy Wilson of Del Rio, second; Madison, third, and Huddleston, fourth. Best time was Smith's 15.9 on the second day.

With the aid of some fleet-footed girl hair pullers, some good times were hung up in the goat hair pulling contest. Billy Ward and his girl runner won the first-day money in that event with 11.6 seconds. Willie Ward, Jr., was second with 11.7. Oliver Payne took third in 13 seconds and Henry Thompson of Del Rio was fourth in 15.5. Nelson Daniels chalked up a 13.1 for first place the second day. Finishing in the next three places were Douglas Smith, Sam Rayburn and Adam Fay of Sonora.

So impressed was the crowd with the foot racing ability of the girls who ran to the judge with a tuft of goat hair after her roper partner had snagged the animal, that a matched foot race was arranged. Three of the fleetest girl racers ran the 100-yard race, and a camera would have been necessary to pick a winner so close was the race.

Billy Ward of Ozona won the belled calf roping event. Garfield Wilson of Ozona proved a bronc stomper of no mean ability. He won first in the bareback bronc riding contest the second night, with Willie Ward second. The riders rode broncs for mount money the first night.

The string of broncs was furnished by the Sonora Roping Club for the show. The broncs were purchased yesterday by the Ozona Roping Club and will be available for use in any local shows which may be staged this summer.

Office Supplies—Stockman Office

Ozona Soldier, Ill on Furlough, Is Treated At Goodfellow Hospital

Ralph (Bud) Meinecke, Jr., son of Mrs. Coralie Meinecke of Ozona, is under treatment in the military hospital at Goodfellow Field, San Angelo, his illness diagnosed as phlebitis.

Young Meinecke, stationed at San Antonio, became ill on his way to Ozona to spend a furlough granted at the end of his training period. He expected to be shipped for overseas duty upon return.

Mrs. Meinecke and children, Sue and Bill, went to San Antonio to bring Bud to Ozona. He was ill on arrival here and after an examination at the Ozona hospital he was sent to San Angelo. There civilian doctors sent him to the Goodfellow base hospital for treatment.

Rain Increasing Corp. In Drive To Sign Up Members

Edwards Plateau Corp Seeks Landowner Aid In Carrying On

In an effort to sign up enough acreage in a four-county area to assure a trial of the facilities of the Water Resources Development Corp.'s for increasing rainfall in the four counties, the Edwards Plateau Improvement Corp. has launched a newspaper advertising campaign.

The corporation, recently chartered by the Secretary of State, is headed by a board of directors composed of leading ranchmen in the area. Edwin S. Mayer, Sonora, is president of the corporation. Wayne W. West of Ozona is vice president; Dick Henderson of Ozona, secretary-treasurer; Robert Cusenberry and Cleve Jones of Sonora and Pleas Childress of Ozona, directors.

The advertising appeal, to be found elsewhere in this issue of The Stockman, calls upon ranchmen of the area for their support of this project which promises to increase the annual rainfall from 50 to 400 per cent.

The Water Resources Development Corp., of Denver, Colo., is headed by Dr. Irving P. Krick, nationally known meteorologist. The corporation uses a large staff of meteorologists in gathering weather information and uses such information for strategic seeding of promising rain clouds with silver iodide, produced from ground generators, to produce more rainfall on areas likely to receive precipitation from such clouds in the course of natural processes.

This scientific approach to increasing the rainfall, the scientists connected with the corporation point out, is credited with beneficial results over a wide sector of the country where such operations have been carried out.

With the backing of the original group of interested ranchmen, the organization has already set up equipment for this area and the organization is geared to a four (Continued on Last Page)

Marian Louise Hill, Granddaughter of J. T. Patricks, Wed June 20

Mr. and Mrs. Ralph W. Hill of San Antonio have announced the engagement and approaching marriage of their daughter, Marian Louise, to Robert J. Anderson. The bride-to-be attended Ozona High School, graduated from Edison High School, San Antonio and attended Baylor University where she was a member of the Baptist Student Council, the YWA and Phi Beta Mu.

Mr. Anderson attended A & M and St. Mary's University. He also has served in the Air Force.

The wedding is to be on July 20th at Northside Baptist Church, San Antonio. Among her attendants will be her sister, Roxie Joy, as maid of honor. The bride is the granddaughter of Mr. and Mrs. J. T. Patrick of Ozona.

Talk Organization Of Little League At Meeting Here

Angeloans to Explain Plan of Boy Baseball League

Saturday night's exhibition game between two teams of the San Angelo Little Leagues, boy baseball organization, on the Lions Club softball diamond has led to a movement for organization of a similar league in Ozona.

A meeting has been called, under the sponsorship of the Ozona Lions Club, for Friday evening, June 29, at the courthouse for the purpose of hearing a full explanation of the league organization and rules and to find out the sentiment among parents and boys toward the organization here.

Boys from eight through twelve years of age are eligible for membership on the Little League teams and strict rules for boy conduct and conduct of the adult leadership are enforced by the leagues. Competent coaching in baseball is apparent from the performance of the two teams who played here Saturday night. Baseball scouts from the big leagues will be looking over some of the boys who are playing in the San Angelo circuits in a few more years if the early training is continued.

The discussion meeting here will be held in the district courtroom starting at 8 o'clock the evening of June 29. All parents of boys in the age group, the boys themselves and all interested adults, possible sponsors and all interested in youth work are invited to attend.

Ed Grice, one of the leaders in the San Angelo Little League organizations, promised local Lion officials to be present for the meeting or to see that some other San Angelo leaders were here to explain the League organization plan and operation to interested local citizens.

Rules of the league provide for equal distribution of boys by age brackets in the various teams. They are provided with full uniforms of specified quality and equipment includes protective devices to prevent injury to the players. Rules of good sportsmanship are enforced both with players and their sponsors and adult leaders. The league provides healthful recreation for the youths as well as fine training in America's greatest game.

Contract For Two School Buildings To Abilene Firm

Elementary Addition, Band House to Cost \$279,300

Contract was awarded by the board of trustees of the Ozona school system yesterday for construction of two units of the three-building construction program authorized by voters who approved a \$350,000 bond issue here this spring.

Balfanz Construction Co. of Abilene was awarded contract on its bid of \$279,300 for construction of an addition to the North Elementary school and a separate building housing a band room and manual training department.

Contract is to be awarded at a later date for construction of a home economics building.

The North Elementary addition will include a five classroom wing and a combination auditorium-playroom. It is to be completed about the middle of the fall, 1951, semester. The manual training building is expected to be completed by summer of 1952.

Mrs. B. E. Ingham left the first of the week for a month's visit with her sister, Mrs. Spencer King, and Mr. King. Mrs. Ingham recently visited her daughter, Mrs. Nelson Boothe and family in Sweetwater.

DIRTY BUSINESS

Commenting on the crime, vice and gambling combinations and rackets in the United States, and corruption in some political circles, J. Edgar Hoover, Director of the Federal Bureau of Investigation says: "There is nothing pleasant in any discussion on the subject of crime. Crime exists because of failures — failure to prevent delinquency and failure to correct delinquency. Beyond that, there is a failure to prevent crime, a failure to detect crime, a failure to prosecute crime, a failure to properly deal with crime and a failure to take the profit out of crime."

"The solution of the crime problem is a simple matter: Enforce existing laws fairly and impartially, vigorously and relentlessly, and mobilize the full force of every medium of education as to the facts about crime. I have no sympathy with the position of those

who constantly are urging against the publication of information on crime. In fact, I would urge the dissemination of more information on crime which puts crime in its proper perspective and reveals it in all its horror and filth, and revolting character. Only in that way can public lethargy be forced into action.

"The evils of gang wars, gambling, vice, political corruption and organized crime can be eliminated from the American scene. The fundamental solution lies in aroused and awakened citizens, militantly demanding the action which will eliminate the gambling czar, the crook and the venal politician. Blast the foundation of the local gambling czar, by vigorously enforcing the statutes against gambling without fear or favor and he will collapse and, like a house of cards, the vast pyramid of gambling will collapse.

"We can never have a crime-free America until all who stand for law and order are united and determined to mobilize against those who constitute our army of lawlessness. Only a return to the fundamentals upon which this Nation was founded — a moral reawakening — a revitalized spirit and a rededication of service to our fellow man — can make this a reality.

"No nation ever won a war unless its people were united and dedicated to the common cause."

The Local Draft Board No. 110, Sonora, Texas, will be open during the following hours: 8:00 a. m. to 12:00 noon, Monday through Wednesday of each week.

OUR MOST IMPORTANT SAFEGUARD

"No dictator can get along with an independent press," writes the Los Angeles Times. This observation was prompted by what happened to La Prensa of Buenos Aires, a newspaper which was founded in 1869 and has long had a world-wide reputation for integrity and accuracy. La Prensa achieved a very large circulation and it prospered accordingly. But it did the unforgivable — it was often critical of Juan Peron's dictatorship in Argentina. So finally it has been done to death as a free medium of news and opinion. It has been taken over by Peron's government and is now being run under the supervision of a committee from Peron's rubber-stamp Congress. Its distinguished editor, Dr. Gainza Paz, escaped to Uruguay after a close brush with Argentine police who were trying to arrest him.

The press of Argentina, with a single exception, is now wholly controlled by the government. There will be no dissenting voice, no matter what the dictator does.

Of all the safeguards which a people have against oppression, the free press is the most important. It is not a coincidence that every dictator — communist, fascist, or what have you — starts to muzzle the press as soon as he takes over the government. That is a matter of sheer necessity. For when men can speak and publish what they believe to be the truth, injustice cannot long flower. Truth is what all dictators fear the most.

That sentence from the Los Angeles Times editorial should be remembered by everyone: "No dictator can get along with an independent press."

Mrs. Lowell Littleton has returned from a vacation trip through the eastern states and into Washington, D. C., New York

and adjoining areas. Mrs. Littleton was accompanied by her mother, Mrs. R. E. Hardberger of Lubbock and two nephews, R. E. Hardberger, III, and R. E. Hardberger.

Buick's newest engine—the F-263 Fireball—gives this year's SPECIAL the highest power in SPECIAL history

Remember—only BUICK has a FIREBALL ENGINE

We get a chuckle, sometimes, over all the fuss that's being made about "new engines."

You'll note that the key feature of their design in every case is the valve-in-head principle—whether these engines are already in production or still in the dream stage.

Fact is, it takes this design to get the most from "high compression"—and how high you can go depends upon the available fuel. Using this design, wartime aircraft engines operated on 100 octane gasoline.

It also takes this design to get the more-miles-per-gallon which folks like in an automobile.

So what gives us a chuckle is this: **N**o other type of engine has ever been used in a Buick—which means that Buick owners, all along, have

trick word. It describes what happens in this engine. Inrushing fuel rolls into a swirling ball of gasoline vapor compacted around the spark plug. And when the lat spark sets it off, a cyclone of power lets go.

Of course, a Fireball Engine, being a valve-in-head, keeps pace with high-test fuel, when it comes to "high compression."

But what's more important in the present state of the world is this: **A Fireball Engine is designed to handle the not-so-high-test fuel we may be getting in the not-too-distant future.**

So, if you want to sample all that's fine in motorcar engines, your Buick dealer is the man to see. Come in soon, and find out what the rest of the world has been missing.

Equipment, accessories, trim and models are subject to change without notice.

When you come to check the field you'll find that there's a sweet freedom from roughness to this engine's operation—tracing to the fact that the whole mechanism itself is engineered smooth, and the further fact that every Fireball Engine gets a Micropoise balancing after assembly.

been getting a lot of things that others have just "discovered."

But that's not all. They get something more — vastly more — because today's Fireball Engine has one standout feature found in no other automobile. That name "Fireball" isn't just a

MEETS WEST . . . Red dominated East Germany and anti-Red Germany are represented by Kurt Edel of East (left) and Karl Alt (right) of West, as they get together to sign an agreement to one delegation to represent all of Germany in the Olympic games Helsinki in 1952. President of the United States Olympic committee signing the agreement made by the two representatives of areas that seem to agree on anything else.

Citizen Committees Can Aid Schools, Say School Men at Clinic

AUSTIN. — Citizen's committees can make valuable contributions to community programs, claim superintendents who recently attended a University of Texas workshop.

Dr. J. W. Edgar, state commissioner of education, was among speakers addressing the superintendents. Dr. Walter D. Cocking of New York City, editor of "The School Executive," was special consultant for the conference.

The future of junior high schools in Texas is another education problem receiving attention at a series of five one-week work conferences at the University. Some school systems are abandoning the junior school in their new building programs.

School leaders also are giving attention to such subjects as migratory students, graduation policies, community differences, and interpretation of the school program to the public.

Topics still to be studied are "Improving the Curriculum," on June 25-29; "The Nature of Educational Leadership," July 2-6; and "State Action for Powerful Schools," July 9-13.

Oysters Eliminated From Name of Texas Game-Fish Commission

AUSTIN. — Under new legislation increasing the Game, Fish & Oyster Commission from six to nine members, the word "Oyster" was deleted from the title.

The change will not be made until September when the new act becomes effective.

Legislators made the change to simplify the title and make it "Texas Game & Fish Commission." They also acted because oysters are considered as shell fish, such as shrimp, and therefore are covered under the appellation "Fish."

The legislative action stirred some sentiment among the older residents of the state, who recalled that the first designation was that of "Office of Fish and Oyster Commissioner" created by the legislature in 1895. Emphasis then was on marine fisheries since oysters comprised a major fishing industry.

In 1904, Texas produced approximately 200,000 barrels of oysters

which would be worth more than \$2,000,000 at present-day prices. The oyster crop dropped of gradually until the latest annual harvest total showed 7,000 barrels.

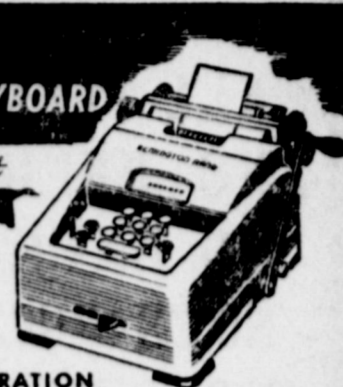

Marine biologists describe the decline of the oyster production in Texas as a typical example of man's exploitation of a natural

resource. Other major causes in the decline are erosion. Silt washed down streams and rivers raised havoc with oyster reefs by covering them. Research now is being undertaken to try to determine means of restoring the oyster industry but the name has gone forever from the commission's title.

Nothing Personal, You See! Rookie Game Wardens Taught 'Gentle Touch' The Thing with Public

AUSTIN. — The current contrast with the distant days when the Law had to rule with the gun is being pointedly indicated at the Game Warden's school now under way at Camp Mabry.

Now the gentle touch is the thing particularly for law enforcement men of the Texas Game, Fish and Oyster Commission.

This was emphasized by one Warden Supervisor: "Our job is representing the state if there is a law infraction. There's nothing personal about it. Always make that clear with the public."

As wardens exchanged ideas about wildlife conservation, and received new suggestions about recruiting cooperation, the correct kind of public relations was also stressed.

At open forum discussions, the wardens related how they develop and maintain contacts; how such groups as civic clubs and Scout units carry out conservation and game restoration projects.

Some stressed the approach to "difficult types" and to persons who do NOT realize that law enforcement is just one of the many duties of a modern Texas game warden.

Work began this week on the paving of the parking area east of The Methodist Church. Bill Childress and Bill Cooper are supervising the work.

Merchants Who ADVERTISE WANT Your Business

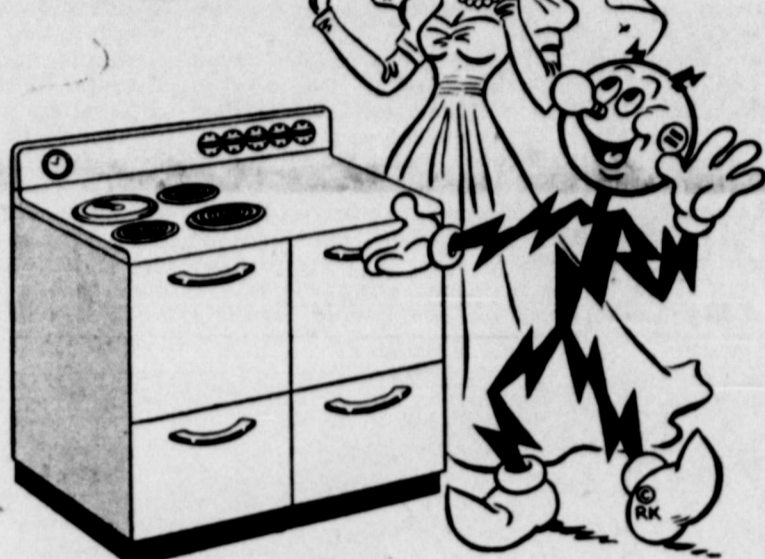

Fleet Coates of Ozona is reported improving in San Antonio where he is under treatment by physicians. Mr. and Mrs. Oscar Kost, son-in-law and daughter, spent the week-end with him and Mrs. Coates. Other members of the family, who have been with him, were attending the Coates-Friend family reunion in Christoval the past week-end.

oOo
Mr. and Mrs. Leonard Dragoo and Leon and Leroy spent last Saturday in Mason attending the homecoming and centennial celebration of Mrs. Dragoo's former home county. They report Mason was crowded for the celebration and old friends and early settlers enjoyed the reunion. A chuck wagon supper was served on the lawn of the courthouse with a pioneer covered wagon, complete with houn' dog tied behind, skillets and lanterns and other camp accoutrements in evidence, and drawn by a team of horses, furnishing the pioneer setting for the supper. Mrs. Dragoo was born and reared in Mason county and declares she still "loves every foot of it."

Ben Conklin, son of Mr. and Mrs. Bill Conklin of Ozona, who was a student Schreiner Institute during the past school year, received that school's Certificate of Merit for general excellence in scholastic attainment and conduct during the 1950-51 school year. Ben was one of twenty students of Schreiner to receive a medal for participation in intramurals during the year.

THIS TASTES GOOD IN TEXAS

Wilted Leaf Lettuce Salad
2 large bunches leaf lettuce
Salt and pepper
2 teaspoons sugar
2 green onions, chopped
4 slices bacon, choppel
1/4 cup vinegar
2 tablespoons water
1 hard-cooked egg, chopped
Shred lettuce into hot bowl; add seasonings and onions. Fry bacon until crisp; add vinegar and water. Heat and pour over lettuce. Toss until wilted and sprinkle egg over top. Winter onions may be substituted for green onions. Hard cooked eggs may be omitted. Serves 6.

"I just knew this would happen!"

THIS YEAR about 1 1/2 million couples are getting married and setting up homes of their own. The brides of today want modern homes, modern conveniences. They demand the best... they're insisting on cool, clean, thrifty electric cooking... on the safety and economy of electric refrigerators that make once-a-week shopping possible. Yes, these modern brides want the many electric servants that make life comfortable and convenient.

ready in advance. Your business-managed electric service company plans things that way. There's ample electric power to make all these new homes comfortable and convenient — as well as power for industry and defense as needed.

In fact, the West Texas Utilities Company has increased by 63% its generating capacity since 1946. Actually added more than 70,000 horsepower capacity during the last five years... and has scheduled for the near future installation of additional power units.

Here in West Texas, they'll have them, too! For power lines and power plants are

The trucks that do the most for you... **NEW DODGE "Job-Rated" trucks**

...with features you've always wanted

More power with thriftier performance
You'll get power to spare—with economy to boot! Eight Dodge truck engines—94 to 154 horsepower—give power increases up to 20%. High compression gives flashing performance with less fuel. For year-in, year-out economy you get 4-ring pistons with chrome-plated top rings, "hotter" spark plugs (on models through 1 ton), heat-resisting exhaust valve seat inserts, 45-ampere generator, and moisture-proof ignition.

Better load protection... easier handling
Load and driver get the smoothest truck ride ever known! Revolutionary new "Oriflow" shock absorbers on 1/2-, 3/4-, and 1-ton models smooth out bumps and jolts on any road... And driving is made even safer with easy-acting, worm-and-roller steering gears on most models. To add to safe handling ease, you also get cross-steering, shorter wheelbase, wide front tread, and shorter turning diameter.

What "Job-Rated" means to you
A Dodge "Job-Rated" truck is engineered at the factory to fit a specific job... save you money... last longer.
Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load over the roads you travel and at the speeds you require.
Every unit that **SUPPORTS** the load—frame, axles, springs, wheels, tires, and others—is engineered right to provide the strength and capacity needed.
Every unit that **MOVES** the load—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered right to meet a particular operating condition.

Greater safety for both driver and load
Cyclebond brake lining on all models assures positive, smooth stops with long lining life—because there are no rivets! A brand-new development—Tapered Molded Cyclebond lining—is featured on all models, 1 1/2-ton and up, except air-brake models. It's extra-quiet, extra-smooth, extra-long-lasting! And Dodge gives you the added safety of all-steel "Pilot-House" cabs—with super-sized windshield, lower hood line, and relocated windshield wipers for better visibility.

For smoother performance... longer truck life FLUID DRIVE! A Dodge exclusive
Available on 1/2-, 3/4-, and 1-ton models. This proved fluid coupling between engine and clutch cushions drive line. Smoother starts give added protection to truck lasts longer! Less gearshifting! Your Drive Booklet. Ask us for copy of free gyrol Fluid Drive Booklet.

PLUS all these time-proved features Dodge Trucks have had for years
Steering column gearshift, standard on 1/2-, 3/4-, and 1-ton models with 3-speed transmission. Independent hand brake for added safety. Synchro-shift transmissions (3-speed, 4-speed, or 5-speed) rugged, silent, precision engineered. De Luxe cabs (with rear quarter windows) available on all models. And many others!

Come in for a good deal on a truck that fits your job... a **DODGE "Job-Rated" TRUCK**

RENEWAL CERTIFICATE

The undersigned Nelson Morris, Edward Morris, L. S. Burk, Ruth Morris Bakwin, and Muriel Morris Buttinger, being desirous of renewing the limited (special) partnership heretofore entered into by and between them in order to embody in said limited partnership certain increases in the capital contributions by the general and limited partners do hereby certify as follows:

(1) That the name of the firm under which such limited (special) partnership is now conducted and shall continue to be conducted shall be Nelson and Edward Morris, Ltd.

(2) That the general nature of the business to be transacted is the production, purchase, sale,

transportation and distribution of petroleum and its products, and gas, the dealing in real estate, personal property, oil and gas leases, royalties, mineral rights or fractional interests therein and all things necessary or incidental thereto and also the purchase, sale, investment and re-investment in bonds, stocks and other securities.

(3) That the names and places of residence of the general partners are the same as heretofore certified and are as follows: Nelson Morris, 18300 Leavitt Street, Homewood, Illinois; Edward Morris, 209 Lake Shore Drive, Chicago, Illinois; L. S. Burk, 1451 Keystone Avenue, River Forest, Illinois; and the names and places of residence of the limited (special)

partners are the same as heretofore certified and are as follows: Ruth Morris Bakwin, 132 East 71st Street, New York City, New York, and Muriel Morris Buttinger, Brookdale Farm, Pennington, New Jersey.

(4) That each of said limited (special) partners has contributed an additional sum of \$24,000.00 in cash to the capital of said partnership so that the total amount of capital which each of the limited (special) partners have contributed to the common stock is the sum of \$150,750.00 in cash and that the capital contributions of each partner has been increased.

(5) That the period at which such limited (special) partnership commenced and the period at which it will terminate is from

October 23, 1947 for the term of five years, terminating on October 23, 1952, unless sooner dissolved by the death of any partner.

In testimony Whereof, we have hereunto set our hands and seals this 31st day of March, 1951.

RANCHMEN protect yourself against further drought!

JOIN THE "EDWARDS PLATEAU IMPROVEMENT CORP."

IF WE WORK TOGETHER . . . WE CAN INCREASE OUR RAINFALL 50% TO 400% IN THIS AREA

It Will Mean Better Wool and Stock Production . . . Lower Feed Bills!

Your help is needed to employ "The Water Resources Development Corporation," headed by Dr. Irving P. Krick, who has raised rain-increasing operations to the stature of science. With his organization, rain-increasing is no longer in the experimental stage. Dr. Krick is one of the nation's leading meteorological scientists; and it was he who helped provide the weather information for the Allied Armies during World War II.

Dr. Krick plans his operations on an intimate knowledge of current weather conditions based on 50 years of meteorological history. He and his assistants have made millions of dollars for farmers, ranchers and power companies during 1950. We, on the board of the "Edwards Plateau Improvement Corporation," have devoted much time in the study of his past records and are convinced that Dr. Krick has a better-than-average chance of giving us relief from drought conditions.

THE BOARD OF DIRECTORS AND OTHER RANCHMEN HAVE ALREADY GIVEN TIME AND MONEY TO THIS PROJECT . . . YOUR HELP IS NEEDED TO ASSURE AN ANNUAL PROGRAM!

TO JOIN THIS PROGRESSIVE, SCIENTIFIC RAIN-INCREASING OPERATION WILL COST ONLY TWO CENTS PER ACRE ANNUALLY! A TAX COUNSELOR ADVISES THAT THIS IS A DEDUCTIBLE EXPENSE OF OPERATION — IN HIS OPINION.

JOIN THIS BOARD OF COMMUNITY LEADERS
Edwin Mayer, Pres., Sonora Wayne West, Vice Pres., Ozona
Dick Henderson, Sec.-Treas., Ozona Cleve Jones, Jr., Director, Sonora
Rector Cusenbary, Director, Ozona Pleas Childress, Director, Ozona

City Grimmer, Former of Former, Wed in Iowa

City Grimmer, daughter of Mrs. W. J. Grimmer of Iowa, former residents became the bride of D. F. Rosenberger, son of Mr. D. F. Rosenberger of Wyoming, at six o'clock p.m., June 3, at the Methodist Church in Winona, Minn., officiated by the Rev. J. H. Chaplain Roger L. The bride is the daughter of the late Judge W. E. Davidson of O-

school. He served as a B-29 radio operator during World War II.

"The couple left after the reception for Casper, Wyoming, and a three-months tour of the National Rodeo circuits. For going away, Mrs. Rosenberger chose a rose weathervane suit with a navy cape stole and navy accessories. For a corsage she wore the white orchid from her bridal bouquet.

"Mrs. Floyd Dal had charge of the guest book. Assisting with the reception were Mesdames Leland McCosh, C. W. Haight, Roy Ping, Art Johnson, Garrett Van Vranken and Richard LoLonsdale.

"Among the out-of-town guests were Mr. and Mrs. D. F. Rosenberger of Casper, Wyoming; Mrs. Harold Kennedy of Tensleep, Wyoming and Mrs. Bob Seigler of Laramie, Wyoming, sisters of the bridegroom; Mr. and Mrs. Mark Garver and David of Ozona, Texas, aunt of the bride; Mr. and Mrs. Leonard P. Olson of Moline, and Mr. and Mrs. Henry Bruchman and Mr. and Mrs. Merle Smith of Rock Island. Unable to attend were Lt. and Mrs. Bill Grimmer and Nana of Nellis Field Las Vegas, Nevada, Eddie Grimmer, U. S. Navy, Kodiak, Alaska, brothers of the bride; and Mr. and Mrs. Gordon Rosenberger and family, brother of the bridegroom.

Moore Wildcat Is Failure at 8,510 Ft.

Moore Exploration Co. of Midland No. 1 Don Ryburn, Crockett county wildcat 17 miles east of Iraan, has been plugged and abandoned at 8,150 feet in the Ellenburger, topped at 7,880 feet on elevation of 2,736 feet.

The failure was 660 feet from south and east lines of section 3-Q-MK&T survey.

NOTICE OF EQUALIZATION

In obedience to the order of Equalization regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the Court House in the town of Ozona, Crockett County, Texas, at 10:00 A. M., on Monday, the 25th day of June, 1951, for the purpose of determining, fixing and equalizing the value of any and all taxable property located in Crockett County, Texas, for taxable purposes for the year 1951, and any and all persons interested or having business with said Board are hereby notified to be present.

Geo. Russell, County Clerk, Crockett County, Texas, Crockett County, Ozona, Texas, 11th day of June, 1951. 10-2c

Laura Susan McClanahan, new daughter of Mr. and Mrs. W. P. McClanahan of Ozona, arrived in a San Angelo hospital last Friday. She weighed 7 pounds, 3 ounces. She is the granddaughter of Mr. and Mrs. Chas. E. Davidson, Jr., of Ozona and Mrs. Frances McClanahan of Mount Pleasant, Texas. The McClanahans have one other daughter, Beth, who is 14 months old.

Mr. and Mrs. T. J. Bailey and children, Joe and Martha, have returned after a two weeks vacation trip which took them through the eastern states and to Washington and New York.

giving description of the taken from the Winona, published at Winona, Minn.:
 arrangement of ferns and mixed flowers accenting bride's chosen colors of yellow interspersed with day lilies, formed an impressive setting for the ceremony.
 Label Day was organist Clifford Olson of Sioux Falls, college roommate of the soloist. The selections "Sweet Mystery of Life," "The Years" and "I Love Greig."
 in marriage by her father wore a gown of white tulle, basque bodice, V waist with wrist-pointed sleeves, and buttons down back. A double peter pan collar, a double peter pan collar neck line, top collar of satin, the lace detail was in a wide contour band in the middle of the fingertip veil of French fell from a half-hat of seed pearls and bugle beading. She carried a bouquet of white roses and ranunculus, centered with a rhinestone. For something old, she wore on her petticoat the lace from her mother's college graduation dress. For something borrowed, an embroidered kerchief of the bride's mother, and for something new, she wore a brooch of rhinestone and amethysts, a gift of the groom. On her necklace she wore a sentimental charm for her brother, Lt. Bill Grimmer.

Bob Bailey of Ozona, Texas, of the bride, was matron of honor, wearing a cornflower velvet organza dress with cap sleeves, double petal collar, and bouffant skirt. She wore a head piece of pink and white dyed shasta daisies, and a shower arrangement of yellow daisies.

Baily of Ozona, Texas, was maid of honor, and the ushers were Mr. and Richard Van

reception was held in the parlors with 300 present. The table, covered with a hand-dyed lace tablecloth over a white mask, was centered with a wedding cake. Silver appointments were used.

bride was graduated from field high school and received a B. A. degree from the University of Iowa. For the three years she has taught in the municipal schools at Ozona, New Mexico. Mrs. Rosenberger was graduated from Buffalo, Wyoming, high

OZONA HOSPITAL NOTES

Mrs. Oveta Escobeda is the mother of a son born June 8th.

Mr. and Mrs. J. C. Stricklin are parents of a 7 pound, 2 ounce daughter born June 7th.

Frank Noe, who recently underwent a major operation, is reported improving satisfactorily.

Mr. and Mrs. Placido Borrego are parents of a nine-pound son born June 9.

Mrs. George Russell, Jr., was released early last week after receiving medical treatment.

Mr. and Mrs. Anotnio Flores are parents of a daughter born June 7. The baby weighed 4 pounds, 6 ounces and was kept in the hospital incubator for several days.

Jack Applewhite has been discharged after medical treatment.

Janice Sue Spencer received treatment Friday for injuries suffered in a motor scooter accident.

Chon Fuantoz was treated Sunday for head injuries suffered while swimming. Fuantoz dived into too shallow water.

James B. Hoover, son of Mr. and Mrs. L. B. Hoover, underwent a tonsilectomy Monday.

Pon Seahorn, 3-year-old son of Mr. and Mrs. Bill Seahorn, is in the hospital for medical treatment.

Taylor Word, employed at the Texas-New Mexico Pipeline Station, is under treatment for burns suffered in an accident at the station.

Army, AF Can Now Enlist Men After Induction Notice

Sgt. George L. Fike of the San Angelo U. S. Army & U. S. Air Force Recruiting Station, has announced that the Army & Air Force can now take men for enlistment that have had the Pre-Induction physical. Sgt. Fike stated that as long as a man had not received order to report for induction he is now eligible for enlistment in the service of his choice. It is not necessary for the individual to get a release from the Draft Board, as the Recruiting Station will notify the board of the man's enlistment.

So if you have had your pre-induction physical but would like to enlist in the service of your choice this offer is only good for 30 days so you had better hurry if you would like to enlist.

Improved Range to Result From Mesquite Eradication Program

ABILENE, Tex. — Carrying capacity of range land will be increased by approximately 2,200 head of cattle and add about \$200,000 income annually for five years as a result of mesquite eradication in Clay, Archer and Wichita counties, it is reported in the June issue of West Texas Today, the West Texas Chamber of Commerce magazine.

Ranchers of the three counties are cooperating in a million-dollar spraying program.

Spraying is being done by smaller trainer type airplanes flying at low altitude and covering mesquite with approximately five gallons of four to one pounds of active ingredients per acre. The powerful hormone killer, 2-4-D, is being used.

Seventy-five thousand acres will be sprayed at a cost of \$3.50 to \$5.00 per acre.

The spray practices are based on work done at the Spur Farm Experiment Station by Supt. C. E. Fisher, his associates and others.

WTCC Industrial Committee to Meet In Angelo June 22

ABILENE, Tex. — E. L. Buelow of San Angelo has been named chairman of the Industrial Committee of the West Texas Chamber of Commerce, President R. P. Bludworth of Brownwood has announced.

The committee's first meeting will be held in San Angelo, Friday June 22 at 1:00 p. m. at the St. Angelus hotel.

WTCC staff members who will be president will include Fred H. Husbands, executive vice president and general manager; James F. Melton, manager of the taxation and legislative department; Alden L. Cathey, manager of the public relations and membership department and George A. Logan, agriculture and livestock manager.

T. J. Bailey, Ozona's WTCC director, has been invited to the meeting.

NOTICE OF REWARD

I am offering
\$500 Reward
for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may claim the reward.
V. O. Earnest
Sheriff, Crockett County

State Fair of Texas Greatest Hereford Show Is Planned at '51

More than 500 aristocrats of the Hereford cattle breed from 30 states and Canada will compete in the Pan-American Hereford Show at the 1951 State Fair of Texas, Oct. 6-11, Ben E. Cabell, chairman of the fair's livestock committee, has announced.

Premiums of \$25,000 plus six silver service trophies valued at \$3,000, will be at stake in this, the greatest cattle show in the history of the fair. The awards are the highest the state fair has ever posted for any one show.

One of the highlights of the 1951 fair will be the spectacular Parade of Champions on the evening of Oct. 9 in the fair's new \$125,000 Livestock Judging Pavilion. This big free show will be a dramatic presentation of the great Hereford breed, a tribute to the importance of the Hereford industry in Texas and the Southwest, Mr. Cabell said.

The show will be widely publicized in all Pan-American countries. Livestock and agriculture leaders and government officials from Western Hemisphere nations will be invited. And, of course, all state Hereford associations in the United States have been invited to participate.

Miss Clara Ann Cox, daughter of Vernon B. Cox of Sweetwater and Mrs. Evelyn Strasburger Cox of Dallas, received her Bachelor of Science in Education degree from Southern Methodist University in Dallas at commencement exercises at that institution on June 4. Miss Cox, who is a member of Gamma Phi Beta sorority, attended San Antonio Junior College, the University of Colorado and Denver University before enrolling in S.M.U. She is a member of the Pi Lambda Theta, national honorary society for women. She will teach in the Dallas Public Schools next year.

Mr. and Mrs. Ollie Spruell of Phoenix, Ariz., spent Friday night in Ozona visiting with Mr. and Mrs. Leonard Dragoon.

Traffic Death Reached New All Time High in 1950

Texas established a new record last year but it's not the State's citizens who are to be proud. The annual summary was officially announced by the Texas Motor Vehicle Accidents Summary released today by the Department of Public Safety. The annual booklet, "Their First Time," the annual booklet, "Their First Time," is a particularly fine job of analysis, breaking down the subject into every category from age of drivers to causes contributing to accidents.

1950 was the all-time high for traffic accidents in the State last year. These accidents were the more gruesome as twelve months period a total of 202,041 accidents, 68,801 personal injuries and highways of economic loss resulted. These accidents were re-excess of \$96 million. It can be found even less to the fact that N. K. Chief of the Public Safety's Statistical Division indicates that the all-time toll of last year is replaced this year by an even higher figure. "Precluding the rationing of gasoline and tires, rigid controls governing the manufacture of motor vehicles which would result in a reduction of traffic accidents by elimination of vehicular travel," he stated, "we estimate the deaths in 1951 will exceed 1950."

 Mrs. Beasley is on a vacation to California. She accompanied her brother-in-law and the vacation tour.

REINFORCEMENTS FOR IKE . . . The first member of the first contingent of the U.S. fourth division is about to step off the gangplank at Bremerhaven, Germany, as the first reinforcements for the western European defense army of General Dwight Eisenhower arrives from the United States. The G. I. looks as if he is about to run into tough opposition all at once. Actually, he and his fellows were given a cordial welcome by French General Juin, commander of land forces.

Pierce Home Is Scene Of Bridal Shower for Mrs. Taylor Deaton

Mrs. Taylor Deaton, a recent Ozona bride, was honored with a gift coffee Thursday morning in the home of Mrs. Joe Pierce. Assisting Mrs. Pierce as hostesses were Mrs. J. M. Baggett, Mrs. Martin Harvick and Mrs. Doug Kirby. Mrs. Dempster Jones and Mrs. J. S. Pierce, III, greeted guests at the door. Receiving were Mrs. Joe Pierce, the honoree, Mrs. Taylor Deaton, and the bridegroom's mother, Mrs. Fred Deaton.

The bride's chosen colors of yellow and white were carried out in all the flower arrangements. The serving table was laid with an imported white linen cloth. An arrangement of white gladiolas centered the table.

Mrs. Sherman Taylor and Mrs. Eddi Bower presided at the silver coffee service. Mrs. Tommy Harris and Mrs. James Baggett served the pastries. Mrs. J. K. Colquitt was at the bride's book. Miss Judy White and Miss Kay Kirby played piano selections during the coffee hours. Others in the house party were Mrs. Steve Coose, Mrs. Early Baggett, Mrs. Gene Williams, Mrs. Tom Smith and Miss Ann Harvick.

About 75 guests called during the morning.

 Mr. and Mrs. J. Troy Hickman left Monday for a vacation trip to the Southeastern states. They expect to return by July 6. During Mr. Hickman's absence all services will be held as usual at The Methodist Church, with guest speakers filling the pulpit at the morning services and religious motion pictures at the night services. The Charge Lay Leader, Brock Jones, will preside.

WCSA Meets With Mrs. W. R. Baggett for Coffee and Program

The Woman's Society of Christian Service of the Methodist Church met Wednesday morning in the home of Mrs. W. R. Baggett for a coffee and program. Mrs. T. A. Kincaid, Jr., vice president, presided in the absence of the president, Mrs. H. B. Tandy.

"With Healing in His Wings" was the program topic. The devotional was led by Mrs. R. A. Harrell. Music was provided by Mrs. V. I. Pierce. Mrs. Kincaid talked on the topic, "His Healing Touch." Prayer was led by Mrs. Charles Williams.

Assisting the hostess were Mrs. Hugh Childress, Mrs. John Bailey and Mrs. R. L. Flowers.

The study course, "The Christian's Vocation" will be given on four consecutive morning meetings, July 10, 11, 12 and 13, with Mrs. D. B. Pettit as study leader. The first three meetings will be held in the fellowship hall of the church and the fourth and final session at the Community Center.

A general meeting of the Society will be held on July 25 with Mrs. W. E. Friend, Jr., as leader.

Present for the Wednesday meeting were Mrs. Mary Flowers, T. A. Kincaid, Jr., Lem Bray, L. B. Cox, III, Ken Cody, Charles Williams, Sr., Paul Perner, Stephen Perner, Joe Pierce, R. A. Harrell, D. B. Pettit, N. W. Graham, Hugh Childress, J. M. Baggett, John Bailey, Bill Cooper, R. L. Flowers, Billy Baggett, M. B. Flippen and Misses Ruth Sutherland and Beulah Morton.

 Mr. and Mrs. J. T. Keeton have returned from a visit with their children in Fort Worth and Dallas. They brought back four grand children for a visit here. The visiting grand children are Jane and Sue Keeton, daughters of Mr. and Mrs. Joe Keeton of Dallas; Donald and Jerry Wyatt, sons of Mr. and Mrs. Leland Wyatt of Fort Worth.

Ranch Theatre Books Outstanding Movie for Showing June 24 and 25

As fertile and challenging as the land it depicts, "I'd Climb the Highest Mountain," the sweeping pictorial Technicolor drama which will show at the Ranch Theatre Sunday and Monday, June 24 and 25, towers over even the most superior of a year's pictures with the strength and stature of a giant. It has to offer satisfaction for all seekers — visual spender for the eye; deep spiritual conflict for the mind; poignant romance to touch the heart.

Co-starring in "I'd Climb the Highest Mountain" are Susan Hayward and William Lundigan, and each of these already illustrious players rises to a new height in his role. "I'd Climb the Highest Mountain" affords both of them new breadth of characterization and power of appeal.

Lundigan is the practical pastor of backwoods Georgia in the early nineteen hundreds, bringing and earthy but devout realism to his calling, and facing the consequences of any day, be they joyful or tragic, turbulent or quiet, with courage and resilience. Susan Hayward is the staunch wife who shares the rigors of a life she had not previously known to perfection. There has been no more accomplished or feeling portrayal of pioneer woman on the American screen.

No less skillful are the supporting players in "I'd Climb the Highest Mountain." These include Alexander Knox, as a hard-bitten atheist who refuses to cross the threshold Lundigan opens to him; Rory Calhoun, a rugged newcomer who invests a secondary role with the characteristics of a new star; and Barbara Bates, an attractive and persuasive young actress of genuine ability.

The picture commands the unqualified endorsement of the management of the Ranch Theatre. Robt G. Cox, resident manager

A WATER PUMP
that's New! and Better!

The RED JACKET-REDA
"Submerge-Pump"
 The Latest in Water Pumping Equipment for the Home and Farm

- ★ THE PUMP YOU DON'T SEE CAN'T HEAR AND NEVER LUBRICATE
- ★ PUMP AND MOTOR COMPLETELY SUBMERGED UNDER THE WATER IN THE WELL
- ★ NO PRIMING—LUBRICATION FREE
- ★ NO PIT OR PUMP HOUSE REQUIRED
- ★ ONLY ONE PIPE FROM PUMP TO TANK NEEDED
- ★ CAN BE INSTALLED QUICKLY AND EASILY
- ★ CAPACITIES TO 3600 GAL PER HOUR
- ★ PRESSURES TO 500 LBS.
- ★ PUMPING DEPTHS TO 1200 FT.

Tried, Tested and Proven FOR OVER 30 YEARS

Pumps identical in design to the Red Jacket-Reda "Submerge-Pump" have been used successfully in the oil fields for over 30 years. Billions of barrels of oil, water and brine have been pumped from depths down to 10,000 feet under varying oil field conditions — a tribute to the quality construction and reliability of this new type pumping equipment.

Utmost Convenience and Economy

This is the only type of submerge pump that can be installed in wells as small as 4". Absolutely noiseless operation. Pressure tank and controls can be installed anywhere. Costs less to operate because of greater pumping efficiency.

ADONIS OFF TO BIG HOUSE . . . Joe Adonis (left), racket king, who was sentenced to from two to three years for violating New Jersey's gambling laws, enters a deputy's car for the trip to the state prison to begin serving his sentence. The hatless man in rear is James "Piggy" Lynch, who was sentenced with Adonis. In addition to the prison term, Adonis was fined \$15,000. This is the first time in jail for the racket boss.

Marines Can Recruit Men up for Induction

SAN ANGELO. — The Marine recruiting station here announced today that the Marines are now authorized to enlist men up to the

time they are actually ordered to report for induction into the Army Staff Sergeant John B. Harmon, recruiting sergeant here, disclosed that this is a change from previous recruiting policies of the Marines, which prohibited the en-

listment of men who had received their pre-induction examination notice. This change will take effect on June 15 and will remain in force for 30 days, said Sgt. Harmon, and it is not known if it will continue

in effect after that. Sgt. Harmon said that boards would be kept informed of men enlisted so that their names could be kept straight. —On— Phone the news to The Stockman

Rain Increasing —
(Continued from Page One)

months program to September. The present membership drive seeks to extend the operation on an annual basis in an effort to free this heart of West Texas ranch area from the constant threat of drouth.

"Dr. Krick plans his operations on an intimate knowledge of current weather conditions based on 50 years of meteorological history," the advertising appeal points out. "He and his assistants have made millions of dollars for farmers, ranchers and power companies during 1950. We, on the board of the 'Edwards Plateau Improve-

ment Corporation" have devoted much time in the study of his past records and are convinced that Dr. Krick has a better-than-average chance of giving us relief from drouth conditions."

The cost of the rain increasing operation in the area has been set at 2 cents per acre. It is believed that enough acreage can be signed up in the four-county area to assure the operation of the plan through the coming 12-month period. The Krick corporation's fee for a 12-months operation is \$50,000.

RECENT BRIDE HONORED

Mrs. Eddie Bower, Mrs. Tommy Harris and Mrs. J. K. Colquitt entertained with a bridge party this morning at the Bower home honoring Mrs. Taylor Deaton, recent bride. Members of the house party at the shower for Mrs. Deaton, given Thursday in the home of Mrs. Joe Pierce were guests.
