NUMBER 44

1,145 Poll Tax Receipts Issued In Crockett Co.

All-Time Record Total Is Registered for 1952 Voting

Crockett county's 1952 voting strength stands at an all-time high according to figures on poll tax payments issued this week from the office of Sheriff and Tax Collector V. O. Earnest.

A total of 1,145 poll tax receipts and exemptions were issued by the collector's office at the close of the poll paying deadline January 31, Mrs. Gertrude Perry, deputy, announced yesterday.

Of this total, 1,106 were regular polls, 29 were exemptions of overage and under age voters and 10 were alien polls, making a net voting strength of 1,135.

With the end of the poll tax paying period, the collector delved into the job of registering motor vehicles, with some 25 to 30 plates already issued at midweek. Sale of the new license numbers began here Monday.

Mrs. Perry emphasized again that motor vehicle owners must bring the last year's license receipt and certificate of title before new plates can be issued.

This is necessary because the collector is charged with the responsibility of checking motor numbers on these papers as a part of the new motor vehicle inspection law. Inspection of cars will not be necessary until September 6 this year, but the matter of checking motor numbers is a part of the duty imposed on the license issuing officers and the license papers and title certificates must be presented by the owner at registration time.

San Antonio Minister to Hold Gospel Meeting At Church of Christ

Starting next Sunday, February 10, and continuing through Sunday, February 17, a gospel meeting will be held at the Church of Christ in Ozona with Evangelist Reuben Stanley of San Antonio doing the preaching.

Services will be held twice daily during the week long series of services, Bill Brown, minister of the church, announced this week.

Services will be held in the afternoon at 5 o'clock and evening services will begin at 7:30 p.m., with Sunday morning services at the regular morning hour.

John Armentrout, 83, Resident Here 44 Years, Buried Friday

John Armentrout, 83 years old, and a resident of Ozona for 44 years, died last Thursday morning in the Ozona Hospital following a brief illness.

Funeral services were conducted at the graveside in Cedar Hill Cemetery at 2:30 o'clock Friday afternoon by Bill Brown, minister of the Church of Christ in Ozona. Pallbearers were J. T. Keeton, Griffin Miller, D. C. Ratliff, J. A. Sparks, George Russell and Hubert Baker.

Survivors include one daughter, Mrs. Phil Looney of San Angelo, four sons, Elmer of McCamey, Allie, Lonnie and Leonard, all of Ozona; 11 grandchildren and seven great grandchildren. His wife preceded him in death in 1935.

Mrs. T. L. Nelson has returned home after a visit in Bisbee, Arizona, with her son-in-law and daughter, Mr. and Mrs. Joe Diffie, and grandson, Neil Diffie. Mrs. Nelson was accompanied by her son, Lee Nelson, on the visit. The Nelsons report that some rain has fallen in the Bisbee area and that the country looks good.

Office Supplies—Stockman office

Bobby Roth, clowning member of the House of David basketball team which is scheduled for an exhibition game here February 20 against the town team. Roth is said to be one of the fastest men in basketball. The game is sponsored here by the Ozona Lions Club.

\$1,673 Collected Here In March Of Dimes Campaign

Mothers' March Conducted Final Afternoon of Drive

An afternoon long "Mothers' March on Polio" with a 16-member committee making a house to house canvass, closed the 1952 March of Dimes campaign here last Thursday and at the campaign's end, \$1,673.13 in contributions by Ozonans had been counted by campaign leaders.

The drive for funds on behalf of the local chapter and the National Foundation for Infantile Paralysis lasted through the whole of January. For the final effort here, Drive Chairman E. B. Ingham, Jr., zoned the town into six sections and enlisted the aid of a crew of women solicitors for the final day's door-to-door canvass.

The workers in the final day's campaign were Mrs. S. M. Harvick, Mrs. Max Schneemann, Mrs. Charles Williams, Sr., Mrs. M. B. Flippin, Mrs. Charlie Black, Mrs. James Childress, Mrs. Joe Pierce, Mrs. O. L. Sims, Mrs. Ele Hagelstein, Mrs. Ashby McMullan, Mrs. Albert Cowan, Mrs. James Baggett, Mrs. Charles Garlitz, Mrs. Abe Caruthers, Mrs. B. B. Ingham, Jr., and Mrs. John Coates.

All civic clubs and study groups in the city contributed to the campaign from club funds, Mr. Ingham said, and the school children of Ozona in a separate campaign contributed more than \$200.

"I want to express my appreciation to every one who assisted in making this campaign a success," Mr. Ingham said. "To all the clubs, teachers, school children, and especially this group of women who did such a fine job of soliciting on the final day, and to all others who assisted in the drive, a great big 'thank you' from me as chairman of the drive and on behalf of the organization which will use the funds in the continuing fight on polio."

The needs for funds for the fight on polio is greater this year than ever and for that reason, contributions will still be received here from any one who might have been missed in the drive just closed. If you have not done so and wish to make a contribution to the polio fund, you may leave your check or cash at the Ozona National Bank, Mr. Ingham announced.

CHAPLAIN BACK FROM KOREA LIONS SPEAKER

Lions Edge Sonora To Keep District Record Unspoiled

Three More Games on Slate for Flag Bound Locals

Given only a bare chance at the championship in pre-season estimates, the determined bunch of hustling kids who compose Coach Swede Pelto's 1952 OHS basketball squad continued to pound down the championship trail Tuesday night when they squeaked by the Sonora Broncos 36-35 in a thriller on the Sonora court.

The one-point margin victory kept the Lions in undisputed possession of top spot in District 6A play and the only team undefeated in district contest. It was the Lion's first game in the last round of the double round robin district flag chase and puts them within one game of a cinch tie for the district championship.

The Lions wound up the first round play Friday night with an easy 49-28 victory over the Menard Yellowjackets at Menard.

It was Joe Bailey's sure-shot free throws in the final seconds of the game (with an assist going to Jim Skinner of Sonora who was assessed a technical foul) which snatched victory from defeat at Sonora Tuesday night. Bailey sank both baskets to put his team ahead and a tight defense held the Broncos outside the scoring zone in the remaining seconds.

Bill Schneemann led the Lions in scoring in both the Menard and Sonora games, scoring 14 at Menard and 13 at Sonora. Joe Bailey was a close second in the scoring department in each game, sinking 10 points at Menard and 13 at Sonora.

The Lions next meet Eldorado Eagles on their own court Friday night, with the final two games on the Davidson Gym court, against Junction here February 15 and finishing with Menard on February 19.

The box score in the Sonora and Menard games of the past week follow:

Ozونا	FG	FT	TP
Charles Garlitz	2	1	5
Wilburn Conklin	0	0	0
Bill Maness	0	1	1

Crockett Field Gains Location

Val Carroll Oil Co. of Iran has filed application to drill a 2,700-foot cable tool test in the Block 47 Shallow field of Crockett county. It will be that company's No. 1 University.

Location is to be 320 feet from south and 2,310 feet from west lines of section 3-47-University, on a 160-acre lease. Drilling will begin immediately.

Genuine SAMSON Folding Chairs for Rent at Ratliff Hdw.

Water District Plans Efforts to Increase Flow From New Well

Plans for further efforts to increase the flow of water from the new well opened recently on water works hill are being studied by Water Control District directors and Manager Bill Cooper.

The well, drilled some years ago as a dry hole, was acidized last week after being cleaned out by the Hugh Gray drilling rig. The well's flow was increased from about five gallons per minute to approximately 100 gallons after being treated with 3,000 gallons of acid.

Although it is believed the acid opened passages to the source of water being pumped from the other four wells, such flow is restricted and the best method of further opening of such passages is being sought. The water officials are considering two courses, one to treat with more acid and the second to drill a small hole halfway between the new well and the existing wells and treat this section with acid or ream out the small hole and use it in the event the producing section's bountiful supply is tapped at that point.

House of David Basketball Team Here February 20

Whiskered Wizards to Play Town Team; Lions Club Sponsors

World famous bearded House of David basketball team, which annually tours the United States, Mexico and Canada, taking all comers on the hardwood courts, will play an exhibition game in Ozona Wednesday evening, February 20, under auspices of the Ozona Lions Club.

The bewiskered gents have played some 2,279 games, winning 2,158 and losing only 121, in their twelve years of touring the continent, a pretty good average in anybody's league.

The touring team will match court prowess with the Ozona town team on the Davidson memorial gym court. A preliminary game, probably a match between the Ozona High School Lions and a neighboring team, will open the evening's entertainment, according to present plans of the Lions Club. Definite announcement of this feature will be made later.

Admission charges will be \$1.00 for adults and 50 cents for students, proceeds to go into the Lions Club Community fund.

The House of David cagers offer not only some clever basketball playing exhibitions, but spice up their play with a running line of chatter and comedy action while the game is in progress. One of their most famous tricks is the hidden ball in which the bearded players gather in a football type huddle and the basketball disappears. Football, baseball and even hunting get into the act before the game is over.

Sparkling the Davids is clowning Bobby Roth, a former outstanding professional performer and former Michigan college player. He is rated one of the fastest breaking forwards in basketball.

The Davids boast one of the tallest teams in the nation, including Stan Karpenski, 6 ft. 5 inch center who tips the scales at over 200 pounds. Toss Heaver, a 6 ft. 6 inch giant who weighs 215 and wears a size 14 shoe and said to be the best backboard man in the game. He sees to it that the opposition teams get only one shot at the basket—and it had better be good. And then there's Bill Allen, 6 ft. 3 inches of scoring punch. The team carries several other outstanding players and court performers on its roster and will offer fans a good show any time they appear on the court.

Funeral Services At 3 Today For Sidney Millspaugh

Crockett County Ranchman Found Dead Thurs. at Ranch

Funeral services are to be held at 3 o'clock this afternoon from the Methodist Church here for Sidney Sanderson Millspaugh, Jr., 42, Crockett county ranchman and member of a pioneer Crockett county ranching family, who was found dead at his place near Girvin in Pecos county Tuesday morning.

Services are to be conducted by the Rev. John E. Winslow, rector of the Episcopal Church of Sonora, with the Rev. Morris Elliot, rector of Emmanuel Episcopal Church of San Angelo, assisting. Burial will be in Cedar Hill Cemetery, with Cody Funeral Home of Ozona in charge of arrangements.

Mr. Millspaugh operated a ranch in Crockett county, a part of the ranch operated by his father, the late Sidney S. Millspaugh, Sr., and had another place near Girvin which was under irrigated cultivation. He had gone to the Girvin place early Tuesday morning to see after operations there. Mr. Millspaugh's body was found in the ranch house about 11 o'clock Tuesday morning by W. J. Mann of San Angelo who had an appointment to meet him at the Girvin place. Please Childress, another Ozona ranchman who owns an irrigated place adjoining Millspaugh's and who was there at the time, was notified by Mr. Mann and Mr. Childress phoned word of the tragedy to Ozona.

The body was brought here by Cody ambulance after being prepared for burial at a McCamey funeral home.

Surviving are the widow, Mrs. Dorothy Baker Millspaugh, daughter of Mr. and Mrs. Sterling Baker of Sonora; three children, Linda, 9, Marilyn, 4, and Sidney Sanderson, III, 3 months; the mother, Mrs. Sidney Sanderson Millspaugh Sr., of San Angelo; one brother, Austin Millspaugh, Ozona ranchman, and three aunts, Mrs. R. Stuart Adams of San Antonio; Mrs. Dwight L. Hunter of San Angelo, and Mrs. Minnie Frances Westbrook of Alamogordo, N. M., and a great aunt, Mrs. Charles Hobbs of San Angelo.

Mr. Millspaugh had ranched in Crockett county since 1934 when he and his brother, Austin, came here to begin ranching on their own. The elder Millspaugh had acquired ranch holdings in southwest Crockett county in 1916, but the family lived in San Angelo where the boys were reared. The Sidney Millspaughs built a home in Ozona a few years ago and had made their home here since that time.

Pallbearers include Rip Ward of Sonora, Pleas Childress, Dempster Jones, Clifton Brooks of San Angelo, Fred Hagelstein, Blanks Oglesby of San Angelo, Lowell Littleton, Sam Landrum of Dallas, Jim Langdon of McCamey, Billy Noelke of San Angelo, Foster Rust of San Angelo, Joe Clayton, James Childress, John W. Henderson, III, Jack Allison of Fort Stockton, Baker Henderson of Brady and Bill Childress.

Ozona Students Win Scholastic Honors

KERRVILLE. — Forty-five students at Schreiner institute made the academic Honor Roll and Honorable Mention list for the first semester, reports Dean W. C. Weir. Four college students and 10 high school students maintained grades sufficiently high to win a place on the semester honor roll.

Included on the list of Schreiner high school students who won honorable mention for scholastic standing were Ben Conklin and Roy Harrell, both of Ozona.

Dr. and Mrs. H. B. Tandy left Wednesday for Rochester, Minn., where Dr. Tandy is to undergo an operation. The Tandys will be at the Kahler Hotel in Rochester.

JUST WHAT THE COMMUNISTS WANT

"In less than four decades, the individual income tax rate has risen from one per cent with a maximum rate of seven per cent on net income of \$500,000 and over — to a starting rate of 22.2 per cent, with a combined normal and surtax rate of 92 per cent on taxable income of \$200,000 and over!" writes Gordon Grand, Jr., in the Tax Review.

"In the space of less than 40 years, the corporate income tax rate has risen from one per cent to a combined normal, surtax and excess profits marginal rate of 82 per cent. . . . The number of individuals subject to income taxes has risen from less than 400,000 to 55,000,000."

As if this wasn't bad enough, the new proposed Administration budget, as offered to Congress, envisions a deficit of over \$22,000,000,000 during the next two years. And apparently the only administration solution is more taxes — even though taxation takes about one-third of the whole national income now. There is the usual easy talk about economy and ef-

iciency — but no one high in Administration circles ever comes up with a concrete suggestion for materially reducing non-defense, non-essential spending of any kind.

The Communists, who would like nothing so much as an economic collapse in the United States, must find this encouraging to an extreme. A drunken-sailor type of government can destroy a country from within just as effectively as an enemy can destroy it from without by military means. The one bright spot in the whole picture is the coldness with which Congress received the Budget Message. Members of both parties said that taxes must not be raised, and that costs must be cut — and cut deep. Congress could do no greater service to the nation than that.

Free Highway Map Available to Texans Who Register Cars

AUSTIN. — Need an official Texas map? You will have an opportunity to get one when you register your car this year. The Texas Highway Department in cooperation with the County Tax Assessor-Collector is once again offering a free Official Highway Map to each registrant through a post card plan inaugurated last year.

This service on the part of the Highway Department and County Tax Assessor is intended to provide a means by which the Texas car owner can get something extra for his registration fee.

The Official Highway Travel Map not only shows the 40,000 miles of state highways but many of the Texas scenic highlights for the next vacation or week-end trip. Chock-full of information, the map encourages everyone to "See Texas First."

There are two ways to turn a man's head. Just rattle money or rattle a skirt.

In these days of uncertainties the only things you can count on are your fingers.

Second Annual Public Schools Week Set for Observance March 2-8

FORT WORTH. — Thousands of Texas adults will go back to school during the week of March 2-8 in observance of the Second Annual Public Schools Week, which has as its theme "Democracy in Action."

Governor Allan Shivers recently proclaimed March 2-8 as Public Schools Week in Texas. In his proclamation the Governor said in part:

"One of the basic institutions upon which we rely for the furtherance of our American ideals is the public school system. Public schools, by enabling every child to gain a liberal education regardless of station in life, promote recognition of the responsibilities of citizenship and constitute a major bulwark against subversive doctrines."

"We in Texas are proud of the school system that has been developed in our state. Its success has been due to many factors — the interest of mothers and fathers in their children, the cooperative efforts of state and local officials, and the energy and determination of those public spirited men and women who are devoting their lives to the teaching of our children."

Governor Shivers' proclamation follows a resolution adopted last summer by the Texas State Board of Education designating the week of March 2-8 as Public Schools Week. The resolution urged that every citizen visit a public school during the period to become personally acquainted with the programs and accomplishments of the state's system of public schools.

Public Schools Week was observed officially for the first time in Texas last March. In hundreds of communities thousands of citizens visited their public schools.

UT Bacteriologist's Discovery May Lead to Relapsing Fever Cure

AUSTIN. — A University of Texas bacteriologist's discovery may have significance in the search for a cure of relapsing fever, brucellosis and other chronic diseases.

Dr. Vernon T. Schuhardt has found the reason for the relapse after treatment in relapsing fever, a tropical disease which causes much suffering in Africa and the Middle East.

The discovery may also be the

reason for the chronic nature of brucellosis, a disease primarily affecting livestock.

"Relapsing fever organisms hide in the brain where penicillin and other antibiotics can't reach them. When the medicine's effects wear off, the organisms come out of hiding and start their dirty work again," Dr. Schuhardt said.

Dr. Schuhardt is employing his discovery in investigations to find a permanent cure for relapsing fever and brucellosis. Scientists in other parts of the nation are expected to apply his theory in experiments on other chronic diseases.

A cure for relapsing fever would help those striving to improve

health conditions in East and Africa.

Referring to his search, Dr. Schuhardt is a chance brucellosis are hiding out in a manner to relapsing fever and necessarily in the other parts of the body. Antibiotics can't penetrate

Fads and Fashions

By Jane Adams

Spring isn't exactly around the next corner but at least, the corner is in sight. We smell a violet and think, "This smells like spring." The thought brings a dreamy picture of a crisp skirt, a flower pinned on a crisp blouse, worn on a magic spring day.

Because everyone likes to look her prettiest in spring, we conducted a survey to find out what OHS girls thought were the best points and the worst faults in the everyday appearance of other OHS girls.

Jeannene Thompson, probably the most clothes conscious of us all, said, "Everyone follows the styles, and I think that most of the girls have good taste." Kay Kirby agrees but adds that some of us over dress and some of us are too under dressed.

Vivian Trotter said, "You really look awful in this school if you wear some fancy earrings with something very tailored or a heavy sweater with a frilly skirt, because everyone is usually so well dressed."

Marion Mock thinks the neat school clothes are an outstanding good point but she adds that she can't stand boys' levis on girls.

Mrs. Hull's opinion on this is, "Girls, don't make yourself ugly in those horrible levis."

Ozona Takes Menard For 4th Dist. Win and Conference Top Slot

By Wayne Kuykendall

Last Friday night the Ozona Lions traveled to Menard to play their fourth district game of the season. There they downed the Yellowjackets 49-28. Bill Schneemann took the scoring honors with fourteen points while Joe Bailey was second with ten. The rest of the scoring was Charles Garlitz, 9, Bill Maness, 8, Bobby Womack, 3, Virgil Machado, 3, and Don Cooper, with 2.

The Lions held the lead all through the game with the half ending 25-10. The third and fourth quarters found the Lions still hot. The final score was 49 - 28.

The Ozona Lions have gone through the first half of the district play with four consecutive wins and no losses. While no other team in the district is within two games of the pace setting Lions.

Surprising Sophomore

The exciting personality this week is Miss Vivian Trotter. She has brown hair and brown eyes. She is 5' 4" tall and just wont tell her weight. She is sixteen years old and is a sophomore in Ozona High School. She always has something funny to tell or a good joke. She keeps her eyes on some certain boys.

Vivian's favorite food is olives. Her favorite sports are swimming basketball and volleyball. She also is a member of the girls' basketball team. Her favorite past-time is riding around and going to picture shows.

Her ideal boy has blonde hair, and gray eyes. He is about 5' 8" tall. He plays in the band. He weighs about 155 lbs. Vivian says someone is beating her time right now. What about that, — ?

Ozona Band Attends Del Rio Clinic; 10 Make All-Star Band

By Kenneth Bledsoe

The Ozona High School Band left last Saturday morning for an all-day stint in Del Rio for that town's annual band clinic.

Upon arrival in Del Rio the band was "put through" its marching paces. According to some members of the band, they saw quite a bit of Del Rio "on foot."

Later in the afternoon the all-star band rehearsed for its program at 7:30 that evening over the Del Rio radio broadcasting system. Members of the all-star band from Ozona were Kenneth Bledsoe, Kent Chapman, Pete Cisneros, Wilburn Conklin, Marion Mock, Don Cooper, Jimmy McMullan, Tom Piner, Buddy Whitley and Bobby Womack.

Brady again took top honors for its third straight year. Comstock won an engraved baton for being the smallest band there. About twelve bands in all entered the clinic.

All-State Bandsmen, Mock and Cisneros, to Mineral Wells Meet

Well, they're off. Yes, our all-staters, Marion Mock and Pete Cisneros by now are in Mineral Wells.

The students, accompanied by band director, Mr. Smith, left Wednesday morning, February 6, and plan to return Saturday, February 9.

All activities will be held at the (Continued on Page Four)

A WATER PUMP
The RED JACKET-REDA
"Submergible Pump"
The Latest in Water Pumping Equipment for the Home and Farm
★ THE PUMP YOU DON'T SEE CAN'T HEAR AND NEVER LUBRICATE PUMP AND MOTOR COMPLETELY SUBMERGED UNDER THE WATER IN THE WELL
★ NO PRIMING — LUBRICATION FREE
★ NO PIT OR PUMP HOUSE REQUIRED
★ ONLY ONE PIPE FROM PUMP TO TANK NEEDED
★ CAN BE INSTALLED QUICKLY AND EASILY
★ CAPACITIES TO 200 GAL PER HOUR
★ PRESSURES TO 100 LBS.
★ PUMPING DEPTHS TO 1200 FT.
Total, Tested and Proven FOR OVER 30 YEARS
Pumps identical in design to the Red Jacket-Reda "Submergible Pump" have been used successfully in the oil fields for over 30 years. Billions of barrels of oil, water and brine have been pumped from depths down to 10,000 feet under varying oil field conditions — a tribute to the quality construction and reliability of this new type pumping equipment.
Utmost Convenience and Economy
This is the only type of submergible pump that can be installed in wells as small as 4". Absolutely noiseless operation. Pressure tank and controls can be installed anywhere. Costs less to operate because of greater pumping efficiency.
Come in and see this new amazing water pump

Lions Roar

(Continued from Page 3)

Baker Hotel in Mineral Wells. Part of the schedule for the all-staters will include the all-important tryouts on Wednesday at 7:15 p.m., for the chair positions in the All State Band, followed by an organization rehearsal at 8:00 p.m. Then at 10:30 p.m. there is to be a Lobby Sing.

Thursday, the day starts off bright and early at 9:00 a.m. with the band rehearsing under the direction of Charles Righter, an able professor of music at the State University. Raymond Dvorak director of the University of Wisconsin bands, will conduct the Texas band in the afternoon. Friday will be much the same for those all staters in the morning, but at 8:15 p.m. there will be a Grand Concert to wind up the activities.

During their stay in Mineral Wells, members of the All State Band will hear the North Texas State College woodwind ensemble and the Texas Tech Band.

SENIORS ORDER ANNOUNCEMENTS

The Seniors, to begin their pace-setting activities of the year, have ordered their announcements. You know what they are, don't you, freshmen? They're those white expensive looking little cards that mean that we've spent four years in OHS and are now venturing out "into the big world." They certainly are small to stand for so much.

Seniors turned in their money to Pete Cisneros, treasurer of the class, for their deposits.

YESTERDAY AT OHS

What happened a year ago this month? Can you remember back that far? It was only about 350 days ago — but — who remembers? Last February the Choral Club was going to attend a Ethnic in Odessa where 1100 students gathered. The Student Council was advertising its Soc Hop to come off February 24. The Seniors dominated the spotlight (as they'd always like to) by getting ready for their big senior play, Men Are Like Streetcars, and by being honored by the Baptist Church at their annual banquet. Yes, February was the month for Seniors in '51. Relax you last year juniors, your time will come!

"Guess Who" last week was Marion Mock. Did you guess right?

MEN AND MICE

I
You know, the other day Bill and Reta were walking hand in hand around the park. For some odd reason they were discussing the polio epidemic when suddenly Bill made this wise remark, "Kiss me, Reta."
Reta turned and said, "Kisses spread germs, I've heard it stated."

Bill, "But kiss me honey, I've been vaccinated."

II
All you young lovers come listen to my advice.
The best laid plans are for Men and Mice!

New version of the Proverbial Ten Commandments
Since it's almost Springtime and young men's fancies naturally turn to what the girls have been thinking about all year, the writer feels it necessary to print these Ten Commandments for all to follow:

1. Thou shalt be true to thy sweetheart.
2. Thou shalt not squeeze hard.
3. Thou shalt not ask for a kiss — just take one.
4. Thou shalt not kiss in public places.
5. Thou shalt not smear lipstick.
6. Thou shalt not have several sweethearts — one is enough.
7. Thou shalt not tease.
8. Thou shalt fill her with sweet nothings!
9. Thou shalt not kiss a girl who refuses —
10. Just be calm and she'll give in.

Soph Girls Make It 'Pie Friday' to the Delight of Students

By Norris Pogue
Pie, pie, all kinds of pie! Last Friday the sophomore girls baked pie and invited their classmates up to dine on the remains. There was chocolate pie, cherry pie and lemon pie. All the sophomores did

themselves proud both in cooking and in eating. It's hard to tell in which they excelled. Three different groups of sophomores ate pie — those in English II, both 2 and 5 periods and also Algebra I.

After the pie had been "done away with," some of the boys, namely Graham Childress and Charles Garlitz, bonned aprons and lit into the dirty dishes with intent to clean. It is not clear, however, whether they did this as a defiant deed or if it was simply to delay the return to classes.

But anyway, they did a bang-up job. Thanks, fellas!

Song Dedications

Alena to Kenneth — Wishing Shirley to ??? — Would I Love You?

Schleicher Pioneer Rancher Honored on 82nd Birthday Sunday

When newlyweds Ambrose and Mattie Roach came to their Schleicher county ranch near Eldorado in 1905, they found Mr. and Mrs. George DeLang as neighbors.

Last Sunday these families, who have remained close friends and neighbors for 47 years, gathered together again when Mrs. T. J.

Bailey of Ozona honored her father, Ambrose Roach, with a birthday dinner and reunion on the occasion of his 82nd birthday. As usual when oldtimers get together, many harrowing tales were related as these pioneers lived again the perils of the Indian

raids and the deeds of the outlaws in this section of the country. And recollections were vivid of other drouths of bygone years which plagued the ranchmen, of cold winters and hot summers; but the good times of the years with family and friends seemed to out-

weigh the bad in the memories for those old timers. Bailey reports on the side entrance. Phone News to the

Woman's Society Holds Business Meet

The Woman's Society of Christian Service of the Methodist Church met in business session Wednesday morning. Mrs. T. A. Kincaid, Jr., vice president, presided in the absence of the president, Mrs. H. B. Tandy.

Mrs. Floyd Henderson gave the devotional. A playlet, "Antioch Scene," was presented by Mrs. W. T. Stokes and Mrs. Beecher Montgomery. An enlarged "Chart of Activities" drawn by Mrs. Wayne E. West, was displayed and reviewed by Mrs. Joe Pierce, Jr. Reports were given by all committee chairmen.

Others present were Meses. S. M. Harvick, Charles Williams, Sr., Tom Harris, W. D. Cooper, Joe Friend, B. B. nham, Sr., Paul Perner, M. B. Flippen and Miss Mabel Whited.

On Feb. 13 the Willing Workers Circle will meet with Mrs. Ele Hagelstein and the Jenny King Circle with Mrs. J. M. Baggett.

Lions Club Discusses Little League Plans; Ladies Night Feb. 21

"Little League" plans for Ozona

in the coming summer will be discussed at a meeting of the Ozona Lions Club next Thursday, February 14.

A representative of the Little League organization in San Angelo will be here to speak at the Lions Club luncheon on that day and the club intends to lay plans for organizing the league here and betting everything in readiness to begin operations in the Spring. The club initiated the Little League movement a baseball program for boys, here last summer

and about 70 boys expressed an interest in the league. The club hopes to line up its team sponsors in time to get the program under way here early this year.

The Lions Club has set Thursday night, Feb. 21, as the date for its annual Ladies Night banquet, with bingo games slated as the after-dinner entertainment feature. Speaker for the night will be Jack Roe, representing the Texas Lions League for Crippled Children's camp at Kerrville.

University Block 44 Shallow Field Well Completed by Marsh

C. E. Marsh 11 No. 3 University A Consolidated, Block 44 Shallow field test in Crockett county, has been finalized for a daily pumping potential of 43.52 barrels of 32 gravity oil plus 30 per cent water, with gas-oil ration zero.

Production was from open hole between 1,726 feet, where 5 1/2-inch casing was cemented, and 1,772 feet, the total depth, with top of pay picked at 1,726 feet on elevation of 2,690 feet.

Location is 2,469 feet from north and 330 feet from west lines of section 6-44-University.

Pure Oil Co. No. 1 Ed Bean, Crockett county wildcat located in section 88-OP-GC&SF, has been plugged and abandoned at 1,490 feet in lime. It is nine miles north-west of Ozona.

Crockett wildcat drilling depths Magnolia 1 Henderson, 6,690 feet in lime and shale; Sun 1 Mitchell, 6,611 feet in sand and shale; Sinclair 1,76 University, 3,512 feet. Elkhorn (Ellenburger) field drilling depths; Conoco 9-A Shannon, 8,472 feet in lime, shale and chert.

One ride and You'll say:

"That's the Smartest Million Dollars BUICK Ever Spent"

WHEN we tell you that every 1952 Buick rides like a million dollars, we're not just slinging slang—we're talking real money—right-on-the-barrelhead cash.

A million dollars and more were poured into research and testing—design and tools—engineering, production and components—to team up the combination of ride features you'll find on a Buick—and on no other car in the world.

A million dollars and more was the price paid to work out control of end-way and side-roll on curves—to double-check vertical "throw" with shock absorbers and big soft-acting coil springs for all four wheels—to V-brace the torque-tube keel and X-brace the

frame—to cushion body and engine—and to silk out the whole operation with Dynaflo Drive.*

You may not care how the job was done, or what it cost. But we'll lay you this: You're going to say "thanks a million" to Buick engineers once you get this spirited smoothie under your hands and haunches.

Old familiar roads take on a new smoothness. Gone are the weave and wander, the jitter and jounce that you've felt in lesser cars. You ride with road-hugging assurance and level ease.

All of which only begins to tell you what really great cars these 1952 Buicks turned out to be.

Never before have style and stamina—comfort and character—power, performance and price been brought together with such satisfying skill.

The obvious thing for you to do is come in and look them over. How about taking half an hour off to do that—today?

Equipment, accessories, trim and models are subject to change without notice. Standards on EXHIBITS, optional at extra cost on other Series.

Sure is true for '52

Ranchman Sounds Off

(Continued from Page One)

wouldn't have time to mess with an old established custom that has flourished satisfactorily since 1845. The economy of this area on both sides of the river is dependent on our exchange of labor for money. If Mexico is being harmed, let them do something about it. They cater to the Mexican officials and our labor unions; and the Russian Reds gain a net profit on the deal. Joe Stalin could be paying them double the wage they now earn and he would still be getting a bargain. This ranch land would be worth five dollars an acre if the Patrol would put first things first.

If the Patrol would spend its time and budget in patrolling the river, the main roads, and the larger towns, it would be a worthy and useful government appendage rather than a parasite or cancerous growth. If they would search diligently for enemy aliens, for dope peddlers, smugglers and other criminals and for aliens who would infiltrate deeply into our country for the purpose of remaining here permanently, they would gain the respect and the dignity that a federal officer is due. The "wets" who are helping us through the worst drouth in history are certainly the least harmful aliens we have. We are not getting rich — we are just trying to hold together enough stock to stay in business. Actually these "wets" are not dislocating anybody and are saving the country. Now, are we going to be bluffed out of them?

told him Truman flunked the test and couldn't get in.) We have been slow on the draw and are almost sure to have this bill, allowing a penalty for working wets, crammed down our throats. If they would just keep their bills out of our business. I just wonder what would happen if some aggressive citizen in each community would circulate a petition and attempt to get the signature of every ranchman. The petition should declare that the ranchers need the "wets," that they fall to see any harm in using them, that they oppose any legislation penalizing them for employing the "wets," and that they oppose the granting of authority to Border Patrolmen to enter the ranches without authority of the owners.

While Congressmen are calling each other names, they are occasionally passing some bills. (Everyone in Washington but Truman has been accused at one time or another of being a Communist. A feller down the road said Joe

Patrick Henry's "Give me liberty or give me death," sounds good in history books — but I am afraid it would scare us silly to hear it shouted now!

How "big" should government be?

Lincoln was President at a time when the federal government had to take away from its citizens more rights and liberties than ever before.

But he didn't like it. He believed, with the writers of the Constitution and the Declaration, that our government should protect people's independence, not push people around.

"In all that the people can individually do as well for themselves, government ought not to interfere," Lincoln once said.

Lincoln never let Americans forget that. He kept reminding the nation that the government's vast wartime powers must be only temporary.

He made powerful enemies. For there are always those who want to see the government run things — and run people — permanently.

We have them today. They think up all kinds of reasons why the federal government should take over this or that business, industry, or service. They never say that socialism. Maybe they don't even realize it. But that's actually what they propose.

Most Americans don't want socialism any more than you do. The job is to recognize it — and halt it — no matter what disguise it wears!

The people who plan and work for a socialist U. S. A. know that permanent control of a few key industries and services will give government the power to take over just about everything. One of the key industries that they're trying to take over is electric light and power.

West Texas Utilities Company
