## Mrs. Ruth Hoover Dies In Iraan; Buried Sun. In Sheffield Service

Funeral services were held from the Baptist Church in Sheffield at 2 o'clock Sunday afternoon for Mrs. Ruth Hoover, 53, who died at 4 o'clock Friday afternoon at her home in Iraan. Death was attributed to a heart attack.

Burial followed in Iraan cemetery with Cody Funeral Home of Ozona in charge of arrangements.

Mrs. Hoover was the widow of the late Rowdy Hoover, a member of the pioneer Hoover family of Crockett county. Rowdy Hoover died of gunshot wounds at his home in Iraan in August, 1949. Mrs. Hoover's death last week closed the books on a murder charge pending against her in district court at Fort Stockton in connection with the death of her husband. She was at liberty under bond after indictment by a Fort Stockton grand jury in connection with the slaying.

Surviving are three children, Jimmie Kate Hoover, Mrs. Louise Curry and Jake Hoover, all of Iraan. Three sisters and one brother also survive.

## World Day of Prayer To Be Observed Feb. 9

World Day of Prayer, with emphasis on Peace, will be observed at the Methodist Church on Friday, Feb. 9, beginning at 9 o'clock. Miss Ruth Sutherland, deaconess of the Ozona Community Center, will be in charge of the opening hour-long services which will inaugurate the day of prayer.

The church sanctuary will be open throughout the day for those who might wish to go during the day for prayer. Everyone is urged to participate in the service.

The World Day of Prayer offering will go to the mission stations in the Valley where migrant workers have suffered because of the recent cold weather and to Korea to help cars for the refugees of the church's mission school at Seoul. Mrs. L. B. Cox, Jr., chairman of the spiritual life committee of the W.S.C.S., is in charge of arrangements for the prayer service.

Student World Day of Prayer will be observed Sunday, Feb. 18. All Methodist students will be contacted and urged to participate in the service wherever they are, including youth of the church now in the armed services. Mrs. T. A. Kincaid, Jr., is in charge of this service.

## Baby Norther Gets Slight Attention After 'Big Freeze'

A "baby norther" — by comparison, that is — that sneaked in Tuesday night, got scant notice in Ozona Wednesday morning, despite the fact that the temperature was in the low twenties.

By comparison with last week's prolonged cold wave, it was mild indeed. The mercury sagged to a low of 7 degrees below zero here at the height of last week's spell, a record of many years past to say the least.

## New License Plates Now on Sale; Must Be Installed by April 1

New motor vehicle license plates for 1951 have been received at the office of the sheriff and tax collector and are now on sale.

The new plates must be in place on all motor vehicles by April 1 but may be installed at any time between now and that date also.

Motorists are urged to register their cars and trucks early to avoid the last minute rush. Mrs. Gertrude Perry, office deputy, asks that owners bring last year's license receipt and their certificates of title to get their new plates.

C. W. Stringer, until recently employed in the body shop of the Kincaid & Spencer motor company here, has opened a body shop in the H. R. Mook welding shop building on highway 290 on the west side of Ozona.

Phone the news to The Stockman.

Otis Gatewood

## Missionary to Germany To Speak Here Sunday At Church of Christ

Otis Gatewood, internationally known evangelist of the Churches of Christ, is to speak in Ozona Sunday, Feb. 11th at 11 a.m. in the Church of Christ auditorium. Mr. Gatewood has recently returned from Frankfurt, Germany, where he has been a leader in a group of thirty American missionaries of the Churches of Christ in doing extensive relief, educational and religious work following World War II. Mr. Gatewood first made a survey trip to Germany in June 1946. He talked with General Lucius Clay about the possibility of doing relief and religious work in occupied Germany. General Clay gave special permission for this work to begin in a few months.

Mr. Gatewood and Roy Palmer, of Oklahoma City, began the work in June 1947 and have been joined later by 28 other American missionaries. In these three years and through cooperation of members of Churches of Christ throughout the country, over \$300,000 worth of food and clothing and medical supplies have been shipped to Germany and used in relief work. Just recently three cars loads of powdered eggs and powdered milk were received in Frankfurt from America for distribution to needy children.

A training school for young men has been established and also a program of help for kindergarten children and for teaching the Bible to some 2,000 German people each week. Mr. Gatewood reports a revival of religious concern in Germany. He says that there is an intense interest in the Bible and that most of the people are interested in religious subjects. A thousand people have been converted to Christ under the preaching of the American missionaries. Some even young Germans have been sent to this country to be further trained in American colleges in Nashville, Tennessee, and are returning to Germany to work with the Church of Christ in that country. Nine Churches of Christ have been established so far in Germany. A permanent building for the central congregation in Frankfurt is being erected at the present time just across the street from the University of Frankfurt. It will house a thousand people in its auditorium, 500 in Bible classes and will serve as a center for the educational and relief program of the church in Frankfurt.

Memorial Volumes Given to Library

The Ozona High School library has received several memorial books in the last few weeks. Mr. and Mrs. Emmett Cox, of San Angelo presented a copy of "Frontier Justice" in memory of Mrs. C. E. Davidson. Miss Amie Cornick of San Angelo gave a copy of "Texas: a guide to the Lone Star State" in memory of Mrs. Davidson.

Mr. and Mrs. Hugh Childress donated a copy of the collected works of Edgar A. Guest, and Mr. and Mrs. Ele Hagelstein gave "American Adventure." Both books were in memory of Laura Walley.

Kerry S. Tandy, who is on his way from the west coast to Pensacola, Fla., to begin training as a Naval Air Cadet, arrived here yesterday to spend a few days leave with his parents, Dr. and Mrs. H. B. Tandy.

## 7 Teams Enter First Volleyball Tournament Here

### Opener Set for 9 a.m. Sat; Title Deciders Saturday Night

Volleyball playing lassies from seven West Texas high schools will vie in the first annual Ozona High School Volleyball Tournament Saturday, February 10. The one-day affair is a double elimination contest with championship and consolation brackets. A feature attraction of the night session will be the meeting of the Ozona Rebels, local independent basketball team, and the Bergstrom Air Force Base team.

The Ozona B team tangles with the Eldorado girls in the tourney curtain raiser at 9 o'clock Saturday morning. Reagan county and Sonora meet at 10 in the second morning tilt. Ozona A meets Junction in the last morning session at 11 o'clock. Barnhart and Iraan play the last of the first round games at 12 o'clock.

Semi-final tilts in both championship and consolation brackets will run from 1 until 5 o'clock Saturday afternoon. The consolation winner will be decided at 7 and the tournament champion will be crowned at 8 o'clock.

Trophies will be awarded the 1st, 2nd, and Consolation champions. An all tournament team will also be selected by the tournament officials, Miss Mary Drake, tournament director, announced. Officials of the tournament will include John Skinner, Alan Boedeker, Glenn P. Hicks and O. L. Davis, who will act as umpires.

The Rebel-Bergstrom fracas will offer local fans one of the best independent games to be unreeled this season. The Rebels boast a 10-2 winning record in competition this year. Rated one of the top Air Force quintets in Texas, the Bergstrom squad will have its work cut out for it when it tangles with the high scoring Rebels.

Highlighting the clash of the basketball teams will be a highly personal angle involving one of Ozona's most popular players, Swede Peltz, local high school coach. The Bergstrom mentor, Sgt. BB Rogers, served as Peltz's crew chief during World War II. Peltz holds a captain's commission in the Air Force. The two men, very good friends, have feuded for years concerning each's respective coaching and athletic ability. Peltz was an outstanding TCU round-ball performer before the war and Rogers was an all-around athlete in his home state of Tennessee. The game Saturday night should settle, temporarily, one of the men's longest standing arguments, the superiority of the officer or enlisted man's ability.

Admission charges for the morning and afternoon games will be 25c and 50c. For the top-flight night session, the price will be upped to 50c and \$1.00.

## Two Ozona Youths Get Basic Training At Camp Cook, Calif.

CAMP COOKE. — Two Ozona men who were drafted into the Army on Jan. 12 arrived at Camp Cooke this week and were assigned to the 40th Infantry Division for basic training.

They are among the thousands of draftees, volunteers and reservists from all parts of the nation who were sent to Camp Cooke to fill the ranks of the 40th Division to combat strength. A former Southern California National Guard unit, the 40th was called to active duty last September.

The men, who were assigned to Company C of the 224th Infantry Regiment are:

Pvt. William P. Hoover, III, 21, a rancher in civilian life and a native of Ozona. He is the son of Mr. and Mrs. Bill Hoover.

Pvt. Alfred S. Garza, 21, a newspaper printer in civilian life and a native of Ozona. He is a former student of Ozona schools and is the son of Mr. and Mrs. Julian Garza.

## Two Barnhart Men Fined \$539 on Game Law Violation Here

Two Barnhart men were fined a total of \$539 in Justice of the Peace Bill Johnigan's court here Monday on charges of violation of the state game laws.

The two men, James Taylor and Jim Chadwick, were apprehended south of Ozona by Game Warden Burkett of Sonora. They were charged with slaying a doe deer on the highway at night.

Two DWI cases were also disposed of in justice court. Samuel Cervantes and Antonio Augerra were fined \$50 and costs each, amounting to \$63 each, on charges of driving while intoxicated. They were arrested by the sheriff's department.

## Hire Full-Time Fireman To Man County Equipment

### Lee Roy Storey to Be On 24-Hour Duty at New Fire Station

Ozona's new fire station which now houses the new 500-gallon booster pump fire truck, soon will be manned by a full-time employed fireman, who will live at the station, be on call to bring out the truck on fire runs and will take care of the equipment.

Lee Roy Storey, a former Ozona resident, living lately in Ballinger, has been employed by the county to man the fire station. He will report for duty on February 15.

Employment of at least one paid full-time employe will meet the requirements of the fire insurance commission for maximum insurance key rate credit.

The fire department will soon get another truck — a grass fire fighting truck, which can also be used to fight town fires. A new Ford truck is to be equipped with booster pump, hoses, nozzles and other equipment. In addition to the regular equipment, the new truck will be equipped with a smaller unit mounted on the rear, a 20-gallon a minute Bean sprayer with two hose connections for particular use in fighting grass fires. The smaller sprayer is operated by its own engine, independent of the truck motor and thus will be more mobile and effective in fighting grass fires.

## Max Word on A&M Intramural Champ Football Squad

COLLEGE STATION. — Non-military students living in Milner Hall, Texas A&M College, captured the championship in intramural football for the first semester.

The team won eight of its nine games to take the title. Eight teams involving 180 A&M students, participated in the sport. Max Word, son of Mr. and Mrs. Taylor Word of Ozona was a member of the championship team, playing a backfield position.

## Ozona Cagers Beat Rocksprings, Lose Two to Eldorado

Ozona Junior High and High School basketball teams swept through for twin victories here Monday night against Rocksprings.

Tuesday night, the Junior High repeated with a win over the Eldorado juniors there, but the high school B and A teams were swamped by the heavy scoring Eagles.

The Junior high cagers took the Rocksprings crew 23 to 16, with Hale looping 14 points for high honors. The high schoolers squeaked by for 36 to 35 win over the Rocksprings High quint. Mamees was high with 15 points.

In the Tuesday night go at Eldorado, the Juniors rapped out a 38 to 18 defeat of the Eaglets, with McMullan scoring 12 points to lead the evening's scoring. The Ozona B squad went down 53 to 23 before the Eldorado B and A squad suffered similarly, 50 to 27. Joe Bailey scored 14 points in the final game to lead his teammates.

## Wartime Aerial Practice Bomb Starts Grass Fire

### Estimated Section of Land Burned Over North of Ozona

An unexploded aerial bomb, the practice type used by the Air Force in training bombardiers at Mathis Field in San Angelo during World War II, which had lain in a pasture north of Ozona for six or more years while tall grass grew up around it, Tuesday exploded in the hands of a Mexican ranch hand and set fire to dry grass resulting in the burning of nearly a section of pasture.

Members of the Ozona Volunteer Fire Department, with two trucks from the department, dozens of spraying machines and a hundred or more men from Ozona and surrounding ranches battled the blaze for several hours before bringing it under control. A strip less than a half mile wide and estimated at nearly three miles long was burned over.

The fire started on the Luckett ranch, the former W. A. Kay place and swept to the Childress Bros. lands, burning a swath about two and a half miles long through the latter pastures.

The aerial bomb was found by a member of a Mexican pear digging crew working in the area. It had missed by several hundred yards the bomb target set up on the north edge of the Childress ranch during the war, one of several such targets in the northern part of this county, areas marked off and lighted with electric lights from portable generating plants and used as night targets by the fledgling bombardiers in training at the San Angelo base.

The pear digger pulled a detonating trigger on the bomb and the small charge of powder exploded, spraying the surrounding area with fire. The man was not injured. A small charge of powder was placed in the war head of the practice bombs so that they exploded on contact with the ground, making it possible for photographic equipment carried in the bombing planes to record the student's score.

## Sheriff's Possee To Sponsor Second Annual Horse Show

### Outstanding Event Is Planned for Late in May

Crockett County Sheriff's Posse Tuesday night voted to take over sponsorship of the second annual Crockett County Horse Show and instructed its officers to name committees and perfect plans for an outstanding show to be held this spring.

The first horse show held here last Spring, which was directed by a committee headed by Charlie Black, Jr., was highly successful and drew some fine entries from all over West Texas. Most of the members of that committee being members of the Posse, the organization was offered the opportunity to take over sponsorship of the coming show.

Date for the show will be decided by committees at a later date. Efforts are made to coordinate show dates with other shows of the area in order that horsemen may be able to take their animals on a pre-determined circuit to make all the shows. The local show probably will be held two weeks before the San Angelo show, already announced for early June. The Sterling City show will be a week before the San Angelo show.

A cutting horse and reining demonstration, a feature of last year's show will be included again this year, and award of new saddles and trophies to winners is being contemplated by promoters.

The S. M. Harvicks are having their home repainted.

**Cities Service 1-D Couch Completed for 147 Barrels Daily**

Cities Service No. 1-D Clara Couch, Wolfcamp distillate producer on the southwest side of the Clara Couch multipay field in Crockett county, flowed 99.67 barrels of 75.6 gravity distillate in 14 hours. The distillate came from gas rating 2,446,900 cubic feet daily and was at the rate of 147 barrels daily.

Production was through a 15-64 inch choke and casing perforations at 5,920-77 feet, which had been treated with 2,000 gallons of acid. Plugged back depth is 5,978 feet. No. 1-D Owens is in the C SW NE 17-GG-GC&SF, 1½ miles southwest of the Wolfcamp discovery in the field.

Continental No. 1 C. T. Harris, wildcat C SW NE 15-3WCR, seven miles west of the World field, recovered 50 feet of mud only on a one-hour drillstem test from 7,987 to 8,010 feet in Permian lime, and was coming out following a two-hour drillstem test from 8,064 to 8,123 feet on which there was a slight blow throughout.

Humble No. 1-E Cox, wildcat in section 5-QR-GC&SF, three miles southwest of Ozona, had reached 8,395 feet in lime and shale.

**Sinclair to Drill Shallow Holt Test; New Vaughan Oiler**

Sinclair No. 1 Nettie Holt will be a slated 1,650-foot cabletool wildcat in Crockett county, 5½ miles northeast of the Vaughan field.

The San Andres project will be 330 feet from north and west line of the southeast quarter of section 35-OP GC&SF survey.

Continental No. 1 C. T. Harris, wildcat nine miles northeast of Iraan, was drillstem testing from 2,158 to 8,218 feet in Pennsylvanian lime. Recovery was 55 feet of mud with slight sulphur odor and with slight show of gas on a two-hour drillstem test from 8,064 to 8,123 feet in the lower Permian.

Rating 164 barrels of 26.4 gravity oil in 24 hours, Gulf No. 10 Vaughan in the Vaughan (San Andres) field pumped six hours. Production was from open hole between 1,383 feet, where 7-inch casing was set, and 1,459 feet, the total depth. Location is in section 85-OP-GC&SF.

Humble No. 1-E Alma Cox and others, wildcat three miles southwest of Ozona, was drilling at 8,487 feet in dolomite, sand and shale. Magnolia No. 1 Boyd Clayton was making hole at 2,760 feet.

**FOR SALE**

All my property in Ozona consisting of Fireproof Building 50 x 100 and lot adjoining same on back 100 x 100 with two rent houses on same, one furnished and one unfurnished. The property has an income of over \$300.00 per month.

For information and price see J. K. or Shorty Colquitt or call or write me at 1001 West Harrison St., Harlingen, Texas. LEE WILSON 44-4c

**Music Club Presents Fine Arts Recital**

A fine arts recital was presented in the fellowship hall of the Methodist Church by the Ozona Music Club Tuesday.

The program consisted of piano selections by Mrs. L. B. Cox, III, and Wanda Carden. Three vocal numbers by Mrs. H. B. Tandy, accompanied by Mrs. R. A. Harrell, duets by Mr. and Mrs. H. L. Lipford and selections by the Club choral group were enjoyed. Mrs. Sherman Taylor reviewed Cardinal Spellman's "The Foundling."

Hostesses were Mrs. Lee Childress, Mrs. Travis Hawk and Mrs. George Russell, Jr.

**Regan Advocates Use Of West Texas Fields For Air Force Training**

WASHINGTON. — Rep. Ken Regan, 16th district, is urging Air Force officials to re-activate air bases in West Texas rather than build new ones elsewhere. He points out that the Air Force might well use the investment of millions of dollars already made in these fields, rather than lose these investments and then spend more money to set up other bases.

"Millions of dollars have been invested in large air bases in West Texas where flying conditions and climate are excellent," Regan said. "I see no reason for the Air Forces not using them. I am keeping in constant touch with the Air Force officials regarding this."

Regan received a delegation of Odessa citizens on this question this week. They included: Bankers H. H. Simmons and Charles B. Perry, Mayor Ed Watson, Houston Crump of the Chamber of Commerce, and E. S. Bunch. They sought use by the Air Forces of

the Odessa - Midland base. Also Jack Kelly, prominent businessman of Marfa, Texas, was here in the interest of re-activation of the air field there.

"In addition to this one we have bases at Fort Stockton, Pecos, Pyle, Marfa, which could be put into activation with little expense," said Regan. All of these bases have long runways, from 75 to 100 feet or more in width. They have other facilities at hand. There is open country to enable plenty of flying the year round, yet the Air Force seeks to spend money elsewhere. I just can't see why."

Regan applauded arguments given in the House this week by Rep. James Whitten, D, Miss., member of the Appropriations Committee, who thinks there should be a special congressional committee set up to "ride herd" on the military to make sure they do not waste money by passing up existing bases to build elsewhere. "That makes sense to me," said Regan.

Ken Regan has notified all the towns and cities and individuals in West Texas who wanted to see World War II air bases re-activated that the prospects are not good but he holds out to them the hope of getting private contracts for primary training.

Regan learned that the Air Force is pleased with the results of such contractual training with private concerns and that more of

these contracts will be approved. He feels that this may be a program at the many flying schools over his district.

He says all primary training should be promptly discontinued which indicates that all primary training will be handled under contract agreement.

Hugh Childress returned last week-end from San Antonio where he recently underwent an operation.

Max Word of Ozona was member of the A & M College judging team which took place in the intercollegiate judging contest at the Fort Worth last week. Among others to be awarded, Max received a special award at high point man of the judging team. The award was made at a banquet staged by Armour & Co.

Mr. and Mrs. Scott Potts of this week to spend the winter in Florida.

YOU'RE LOOKING AT THE  
**Newest Car in the World Today**  
  
Take your pick! 4-door Sedans, 2-door Sedans, 6- and 3-passenger Coupes, Riviera, Convertible  
**New in Style—New in Structure—New in Power—New in Thrift—Potent in Price Appeal—It's the 1951 BUICK SPECIAL!**  
**HERE** is good news for folks with a shrewd eye for what their dollars will buy.  
Here is a tidy traveler that defies the upward trend of costs—proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."  
Take our word for it, this is every inch and ounce a Buick—Buick-designed, Buick-built from the ground up—but literally the newest thing on wheels.  
The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the thrifty F-263 engine that first made its name in the SUPER, and here delivers 120 horsepower with standard transmission—128 with Dynaflo Drive.  
It's a Buick with less weight and more power—and that spells a pair of new thrills for you. There's a performance thrill such as you've never enjoyed in the SPECIAL—plus a handsome gas-saving into the bargain.  
We'll make a prediction now as to what title folks will give it, once they get it out on the road.  
That title in three words, will be: "Thriftiest Buick Yet!"  
Better hurry around to your Buick dealer's and look this marvel over. We'll give you another prediction—which is: Once this one's discovered, the demand will be terrific.  
**No other car provides all this:**  
DYNAFLO DRIVE • FIREBALL POWER • PUSH-BAR FRONTEND • WHITE-GLOW INSTRUMENTS • TORQUE-TUBE DRIVE • 4-WHEEL COIL SPRING • DREAMLINE STYLING • DUAL VENTILATION • BODY BY FISHER

### Fads and Fashions

The urge seems to be school like a small blast. The annual play has been or but plays have been each students lately. The FHA meeting, and only announces that English students are reading of modern gramatical constructs during classes. The awards were given during a person speaks of Spanish course, Spanish II they are learning a Latin-American mood, speed read rehenstion tests. Mr. H. L. Lipford, of a trip for the Odesa for the clinic re soon. It's indefin- the girls are still ring contest music. ucation classes for ill centered around as Drake's girls' P. om 202 for health ending Mr. Yager's lass listened to like eech over the tape ay in class. They scrap book of the happenings in the well as learning of of other years.

The first thing you buy this spring might be some purple shoes, a length of organdy, a gold hat. A little unexpected, yes, but what has been unusual in the past is becoming usual. Rather sensible we think, because bright colors are ever so much prettier and youthful than drab ones.

Flat shell pumps, that some of us have been wearing a long time, are gaining in popularity and are being manufactured in varying price ranges in brightly colored kid, suede, linen and even straw.

Vogue says this is going to be a season of big, bold white accents. A good possibility for the exterior redecoration on an old suit.

Skirts are, for the most part, mere slices, very neat and trim but if your hips don't cooperate with this fashion either do something about it or wear another style.

Be sure to read the new Glamour, it has an excellent picture article on the different lengths and widths that are best for you if you are tall and thin, tall and fat, short and plump, etc.

What do girls like to see boys dressed in? Our vote goes for the very longwaisted boy who wears real lives, well cut suits in colors besides dark blue or black, spanking white shirts, and big square silver belt buckles, really good looking boots or any kind of shoes besides moccasins or black oxfords. At least that's how we'd dress if we were a boy.

### Meet the Team —

Sophie Reina, a sophomore, says her favorite pasttime is practicing volleyball. Sophie lettered last year in volleyball and it looks as if she'll letter again.

Sophie is 17 years old, 5 feet, 5 inches tall, weighs 135 pounds and has been an Ozonian all of her 17 years.

She says she loves school. Her subjects include World History, Homemaking, Spanish II, English II, Algebra I and P. E. Of these, her favorites are English and Algebra. Sophie is also a member of the FHA.

About boys, Sophie expresses her opinion that there are some very cute boys in OHS.

### Backward Week

Backward week is over. Linger- ing is the memory that it was may- be a 50% success. How did OHS react to backward week?

Our gay funloving females said, "The chance of a lifetime." They thought it would be lots of fun. It was, too.

Prudence Poodle is much too sophisticated for such childish things but we noticed she took her date to the show saying to the ticket seller and ticket taker, "Isn't this silly? It's backward week."

And of course there was Pem- ela McPerwian Peckinese, a rather proud little animal. Backward week! The machinery in her head started to whir, making calculations, not mathematical, and plan, plan, plan. That afternoon she called so and so, "Do you want to go to the show with me tonight?" It was fun walking them to the door and maybe kissing them good- night.

At least one thing was accom- plished from this week. I think all the girls learned that it isn't very pleasant to make small talk with parents while your date primps. We, for one, are going to be more punctual.

### Student Council Sponsors Sock Hop in Gym February 24

The Student Council is doing something — at last!

On Saturday, February 24, check your shoes at the door and try to have the gaudiest socks possible. There will be a prize awarded for the person with the least subtle taste in socks.

And — there's a rumor around that there is to be womanless wed- ding, (strictly by grapevine, of course) with such characters as Graham Childress as the bride and Bill Schneemann as the ring bear- er.

DON'T FORGET! The first An- nual Volleyball Tournament on Saturday, February 10. Plan to at- tend. Just in case things get so exciting that you don't want to go home for lunch, the seniors have already figured things out. There will be plenty of delicious sand- wiches and other good things for sale.

### F. H. A. to Sponsor Masquerade Dance

The FHA is trying something new in the way of entertainment for OHS students. A plan for a Masquerade Dance was given un- unanimous approval in the first night meeting of the organization this year. The event will be sched- uled for next month. Marion Mock and Jeannene Thompson were ap- pointed to fit it into the school calendar. The dance will be for the entire student body.

In spite of the icy weather a large number of home-making girls attended the meeting. It consisted of a social period before the club business. An entertaining skit on etiquette and refreshments follow- ed.

Jane Adams was elected chapter secretary to fill the vacancy left by former secretary Doris Palmer who moved to Bracketville, Texas.

### VOLLEYBALL TOURNAMENT

February 10th is the date set for the first annual volleyball tourna- ment in Ozona. The student body is getting prepared for this great event already. Games will start early on Saturday morning and will continue throughout the en- tire day and finals will be played that night. First place, runner up, and consolation trophies have been purchased by Miss Mary Drake, coach of the girls' physical educa- tion department here. There will also be an all tournament team of six girls chosen and they will re- ceive an award.

Teams to participate in the O zona tournament will be Eldorado, Sonora, Big Lake, Iraan, Barnhart, Junction, Ozona A and Ozona B.

The district games will start the last of this month. The schedule is the same as the basketball sched- ule. Coach Drake says, "If the girls are willing, we should be dis- trict champions."

### The Case of the Missing Scholar

(Continued from last week.)

As the period slowly dragged on, the whole school building be- came a mad house. Everyone was terrified and in an extreme state of confusion.

Finally the inevitable happened. The blood hounds came racing up the stairs looking like "cats that had just swallowed canaries". Be- hind them came the two guards. The evil gleam and the smirk had now disappeared from their scar- red faces, for taking their place was a broad grin reaching approx- imately from ear to ear. And be- hind them — they dragged the poor helpless victim.

The jury was chosen and court was set up immediately. It was obvious that poor Baker didn't

stand a chance. After a long and tedious trial in which Baker, when he finally came to, only got in two words edgewise "Wha Hoppened?" the verdict was pronounced. A cold shiver ran through everyone as they heard the long awaited verdict "Guilty." (To Be Continued)

**1951 Graduation Invitations Ordered**

The '51 seniors have ordered their invitations for this year. They will be a standard invitation and will come from the same company as the invitations of last year. The front of the invitations will have a picture of the high school building with an "O" embossed at the top. The seniors had a choice of the building either done in purple or green sketching, so they chose the purple, with the engraving done in black. The invitations should be here about the middle of March.

**Sophomores Sponsor Assembly Program**

With the aid of local high school talent, the sophomore class sponsored an assembly on Friday afternoon in the high school auditorium.

Included in the wide array of talent were Mr. Donald Duck, better known as Kenneth Phillips; the High School Sextette, which sang "By the Waters of the Minctonka" and a novelty number entitled, "Grandma." Jeannene Thompson sang "I'm in the Mood for Love," and the Men's Faculty Quartette sang, "You Are My Sunshine" and "Sweet Adeline." Alan Hair, Kenneth Bledsoe, Walter Weaver and Norman Ballard put on an exhibition of tumbling and work on the trampoline. Marion Mock acted as master of ceremonies and Scott Hickman was in charge of a very brief commercial. Helen Walker accompanied Mr. Duck, the sextette and Jeannene on the piano.

REMINGTON ADDING Machines at the Stockman office.

**Student of the Week**

"Ozona suits me just fine," says 5 foot 11 inch, sophomore Scott Hickman, a newcomer at the beginning of this year.

Scott has brown hair, blue eyes, big feet and says his favorite food is steak and his favorite pastime is sleeping.

Scott is president of the band and a member of the B basketball squad. His school subjects include typing, shop, band, English II and Physical Education. Of these, his favorite is shop.

As to girls, he says they scare him.

THE STATE OF TEXAS

From where I sit... by Joe Marsh

**Blue Wins This "Hunt"**

Cappy Miller's coon dogs—except for one of them, Old Blue—are about the finest hounds in the county. Blue's too friendly and easy-going to care much about hunting. He doesn't act the way we think a good dog should, so we figured he'd never amount to much.

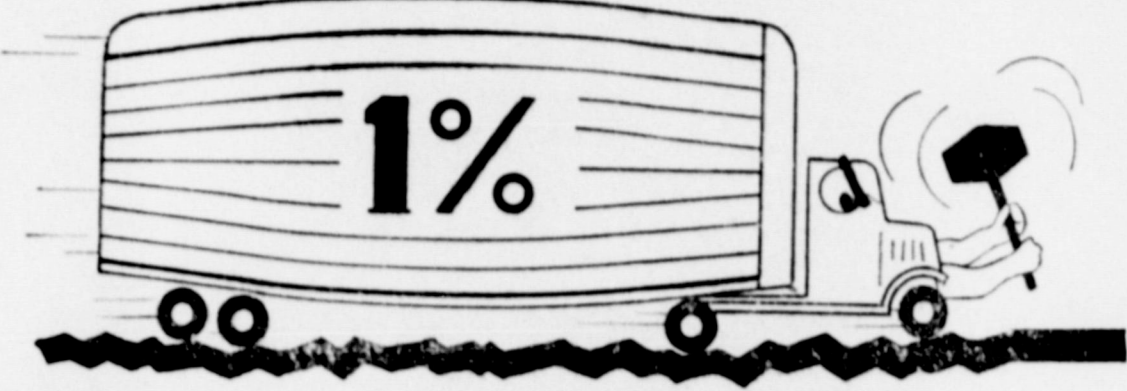

But a fellow comes around Saturday looking for a good dog to photograph for some advertising. And the dog he picks is Blue! Says Blue's happy, friendly face is just the one to attract people's attention. So Cappy gets more money for that picture than his other dogs will ever take in hunt prizes.

From where I sit, that should teach us not to look down on Ammons, when they act differently than we think they should. For instance, maybe you think tea goes best with food, O.K.—but don't use up every the man who enjoys a bottle of beer at mealtimes.

Like Blue, I guess we're all "different" in one way or another—but that doesn't mean we don't have our good points, too!

*Joe Marsh*

Copyright, 1951, United States Brewers Foundation

**The More He BREAKS  
The More He MAKES**

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.\*

Our highways should be SAFE for ALL the people—individuals, commercial users and the military alike.

Texas highway tax dollars should be conserved and used wisely. This can be done

- by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- by enforcing the law against those who persist in overloading.

\*"The Case of The One Per Centers," an article in The Texas Tax Journal, July-August, 1950

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users—individual and commercial—can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.\*

**This is your problem.** Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

### George, Secretary To Congressmen District For 28 Years, To Retire

McClellendon  
 ON. — Kate Work service for the 16th has been a moti- 28 years, is retir- earned life of leis- character, Mr. George request- that no flowery words be written about her as she steps from public life into the realm of her own home. Incidentally, her friends will be glad to hear that her years of service have brought for her recently a nice home in an exclusive residential district of Washington where she and her husband, known to friends as "W. J.", who is also retired from business, now can enjoy their days, gardening, keeping a home like people and probably brewing a pot of coffee for an occasional visitor from West Texas. It's impossible to sum up all the worth that Mrs. George has provided for the 16th district. Her efficiency is partly shown by her long service, under only three congressmen during all that time. Their repeated reelections are in a way a reflection of that efficiency. She never had the office door closed except on Sundays and holidays, and, but for the brief vacations, she was always there, in good health, ready to do any task, no matter how trivial. She has a gift of sensing the value to the district of those requests that come in constantly from residents.

One activity was her own particular enterprise. She made a hobby of keeping up with the young men appointed to West Point and Annapolis from the district and had the pleasure of seeing them rise to deserved high stations in the Army and Navy. No wonder the people of the district looked upon her as a sort of counselor. Seldom did any business man from the district come to Washington, even when Congress was not in session, without going by to see Kate George. "Kate" she is affectionately known throughout the district. She began working on Capitol Hill about 32 years ago in the office of Representative Carlos Bee, of San Antonio, where she was reared. The first of the year 1923 Representative Claude B. Hudspeth appointed her his secretary and she served under him for eight years. In 1931 Representative R. Ewing Thomason who took his seat in the House that year retained Mrs. George as secretary and she served with him until he resigned his office in 1947 to assume the post of Federal Judge for the Western District of Texas. He was succeeded by the incumbent Ken Regan, who appointed her his secretary on his election to office. She was born in Jackson, Miss., of Civil War background. Mrs. George, who plans to leave her post in February, expressed deepest gratitude to the three men under whom she served and said it had been her privilege to have a seat "near the angels."

### W.S.C.S. to Send Box Clothing to Korea

The regular monthly business meeting of the W.S.C.S. of the Methodist Church was held Wednesday morning in the Junior room of the church. The Willing Workers Circle with Mrs. Abe Caruthers as chairman was host for coffee at 9 o'clock. Special program numbers were given by Pamela Jones and Pierce Miller at the piano. They were presented by Mrs. W. N. Hannah. Plans for World Day of Prayer were announced. The society voted to send a box of warm clothing at once to Korea. This will be in charge of the Committee of Supplies with Mrs. Stephen Perner as chairman, assisted by Mrs. M. B. Flippen, Mrs. J. M. Baggett, Sr., Mrs. C. B. Guthrie and Mrs. J. C. Montgomery. Anyone having clothing they wish to give, please contact one of these people. Mrs. B. B. Ingham, treasurer, reported a balance of \$525.00 due on the car which was bought for the Ozona Community House. The society voted to try to wipe out this debt by Easter. Checks may be made payable to W.S.C.S. and mailed to Mrs. Ingham. The Executive Committee of the Society accepted Holland's Magazine's offer of sharing in their subscriptions. A special drive lasting three weeks began Wednesday with Mrs. B. B. Ingham, Mrs. Charles Williams, Jr., Mrs. W. T. Stokes, Mrs. Abe Caruthers, Mrs. T. A. Kincaid, Jr., Mrs. M. B. Flippen, Mrs. Charles Williams, Sr., Mrs. D. B. Pettit and Mrs. Floyd Henderson on the committee in charge of Mrs. B. B. Tandy, chairman. The following nominating committee was appointed by the chair: Mrs. N. W. Graham, Mrs. Floyd Henderson and Mrs. Tom Harris. Officers for the year beginning June 1 will be elected at the regular meeting in March. Circle chairmen and study leaders will also be elected with the officers. Present at the meeting were Mrs. Abe Caruthers, R. A. Har-

rel, B. B. Ingham, Floyd Henderson, Charles Williams, Jr., Dempster Jones, Charles Williams, Sr., W. T. Stokes, V. I. Pierce, T. A. Kincaid, Jr., S. M. Harvick, L. E. Cox, Jr., Eugene Miller, Tom Harris, W. D. Cooper, H. B. Tandy, M. B. Flippen and Miss Ruth Sutherland.

The circles of the society will meet Wednesday, Feb. 14. The Willing Workers with Mrs. R. A. Harrell, the Jennie King with Mrs. B. B. Ingham and the Sunshine to be announced. REMINGTON ADDING MACHINES at the Stockman office.

**REA Loan —**

(Continued From Page One)

erative's request for loan funds.

"We understand that someone has made the statement that this application has been rejected by the Rural Electrification Administration, Washington, D. C." the letter continued. "This statement is not true, as we have outlined above. It is customary among the co-operative operating in adjacent areas to respect each other's areas with respect to members when they have signed an application for electric service. The Southwest Texas Co-operative, Inc., at Eldorado, Texas, has not submitted an application to this office requesting funds for electric service in this area, and even if an application were prepared, it would be several months before a decision could be made concerning its request for loan funds. The opportunity for extending electric service appears to tie in more logically with the co-operative at Brackettville, and as stated above, we expect a decision within two or three weeks regarding this matter.

"It is our suggestion that you and your neighbors remain with the co-operative at Brackettville in order to make it possible for everyone in your area, as well as those included in the co-operative's request for loan funds, to have an opportunity to receive electric service at the earliest possible date and at the lowest possible rate."

**New Officers and Directors of Concert Association Named**

New officers and directors of the Ozona Municipal Concert Association, who will serve three year terms, were elected by the group in a business meeting at intermission during the concert by Leonid Hambro, pianist, in the high school auditorium Saturday evening.

L. B. Cox, III, was named president of the Association. Mrs. H. E. Tandy was chosen first vice president; Mrs. Louie Trainer of Sonora, second vice president; Miss Mildred North, executive secretary; Lowell Littleton, treasurer.

The board of directors will be composed of Mr. and Mrs. Neal Hannah, Mr. and Mrs. Pascal Northcutt, Mr. and Mrs. Lowell Littleton, Mr. and Mrs. Joe Clayton, Mr. and Mrs. P. L. Childress, Mr. and Mrs. Lee Childress, Mr. and Mrs. R. A. Harrell, Mr. and Mrs. L. B. Cox, III, Mr. and Mrs. Joe Pierce, Dr. and Mrs. H. B. Tandy, Miss Mildred North, Mr. and Mrs. Louie Trainer of Sonora, Mr. and Mrs. Edgar Shirley of Sonora and Mr. and Mrs. J. O. Luby of Big Lake.

The Association will present in its next concert Helen Kwalwasser, violinist, who will appear here on March 12.

Miss Kwalwasser began her musical career at the age of 3 when her father, the well known music educator, Dr. Jacob Kwalwasser, of Syracuse University, presented her with a violin. By the time she was six, her work was so astonishing she was engaged to appear as a soloist to play a Bach Concerto with the Rochester New York Symphony and was hailed as a prodigy. She made frequent appearances after that in and about New York and at the age of 19 made her Town Hall debut. The relatively unknown young girl who stepped

on the stage that evening left it at the end of the concert the treasured discovery of every member of the audience. Critics hailed the "silvery purity of her tone" and her "devoted musicianship." Miss Kwalwasser and her violin were established.

Since that evening three years ago, (she is now 22) Miss Kwalwasser has made two triumphant European tours as well as several American and Canadian tours.

**Record Number Entries In San Angelo Show**

SAN ANGELO. — San Angelo's 18th annual Fat Stock Show will have more champion livestock on parade when it gets underway next month than any previous show in its history.

More than 2,100 head of livestock have been entered in seven departments in competition for \$6,826 in premiums. Last year's

show boasted some 1,800 entries. The 1951 show is scheduled for March 1 through 3 at the San Angelo Fairgrounds. The program will begin Thursday, March 1, with the opening day will be the Fat Lamb Show, followed by the Fat Lamb Show, the Fat Pig Show and the Fat Pig Show and the Fat Pig Show. **Announcing...**

**New DODGE "Job-Rated" Trucks**

*The trucks that do the most for you!*

**MORE POWERFUL THAN EVER**

Dodge now offers you the most powerful "Job-Rated" trucks in Dodge history!

Eight engines—94 to 154 horsepower—with power increases as high as 20%!

You get the right power for your job . . . in the finest performing trucks that ever carried the Dodge name! Yet these new Dodge "Job-Rated" Trucks are priced with the lowest!

**NEW! Smarter styling!**

New beauty combined with massive, rugged appearance. New hood line for better road visibility. Roomy new cab interiors in contrasting colors — new comfort with redesigned seats.

**NEW! Easier handling!**

Shorter turning diameters than ever before—for even greater maneuverability! New steering wheel angle for greater driving comfort. New worm-and-roller steering gears make for easier steering—

plus all the ease-of-handling features that made Dodge "The Choice of Champions" in the 1950 National Truck Roadshow!

**NEW! Extra-quiet brakes!**

Another Dodge engineering first! New, molded, tapered Cyclebond brake linings contact brake drums with smoother, more even action—practically eliminating brake squeal. Less tendency of brakes to "grab"—and lining life is greatly extended. Standard on trucks 1 1/2-ton and up, except air brake models.

*A model to fit your job!*

**More than 50 brand-new features including . . .**

**NEW! SMOOTHER RIDE** with new, "Oriflow" shock absorbers; standard on 3/4-, 1-, and 1 1/2-ton models.

**NEW! EASIER LOADING** with lower ground-to-floor height on all models through 2 tons.

**NEW! EASIER BAD-WEATHER STARTING** with new moisture-proof ignition and high-torque starting motor.

**NEW! MORE ECONOMICAL PERFORMANCE** with higher compression ratio—on all models through 1 ton.

**NEW! EASIER-TO-READ INSTRUMENTS**—now grouped in a cluster placed in front of the driver.

**NEW! TWIN CARBURETION AND EXHAUST SYSTEM**—more power with economy—available on high-tonnage models.

**NEW! SMOOTHER ENGINE IDLING** with "hotter" spark plugs; on all models through 1 ton.

**ANOTHER DODGE EXCLUSIVE!** glycol Fluid Drive now available on 3/4-, 1-, and 1 1/2-ton models.
