## and There

Troy Hickman

Two points of view in any county about rainmakers. They can and some say they can't. One group is going to make it rain; the other waits to see if it rains.

The rainmakers can't make it rain, provided it was good. If they can't now, they can't later. Long ago we thought rain would never fly. But they do. And when they want it and when they don't want it, they will be there. More rain will be filed than when it was before. One man will be his neighbor robbed. Another will say his property was ruined by his homemade rain. And the Supreme Court will decide who can make it rain, when, and how much. Congress will launch legislation that will constitute or so.

When the government will be the rainmaking bureau. Fur coats will circulate. Five-percenters, innkeepers, lobbyists, etc. in the ranks of those who need rain. Marches on, and we all march with it. This is a world. When some comes along you can't have a while, but sooner or later you will have to fall in line or be crushed. Little by little, by the pressure of necessity, we will get the bathtub, radio, electric water pump, air conditioning, and we are just starting while life gets a little better, a little more comfortable, more expensive. Per se, we'll all just go together; and if everyone is together, no one will know the difference.

Men stood civilization as they could, then migrated to a new land. There's no doubt left now that man has settled up. A little north of the North Pole, and a little south of the Equator. We have to choose between a hot, roasting, or staying in the shade.

When men get something to do, they have to find a way to do it. Science makes it possible for men to be better; and it gives bad men a chance to be better. Scientific knowledge changes the heart, it only makes better tools. Criminals become more criminal, killers become more dangerous.

When we develop the power to control the weather, like we now control some rivers, we shall accept the responsibility we do with the weather. We mess things up terribly. We know what we are doing when we get a bigger car, you get better brakes to stop you buy a faster car, you get a better driver to keep it on the road. Religion plays the brakes and driver in the world. The more science we have, the more religion you need; the more science the more religion must be.

A good deal of faith in the goodness and wisdom of man. At first, this mess will mess us up. But we will work it out. We have worked everything out so far.

When we can learn to make it rain, we can learn to make it stop. But let's also realize that man-made rain is a harder thing to work than a harder thing to control. We think we have had settling land rights, water rights, etc., man, we have seen what trouble is.

## Touring 4-H'ers Heard On Nat'l Radio Broadcast

### Ozona 4-H Trio Appear on Tommy Bartlett Program Tuesday

After a fabulous two-weeks trip which took them into the resort regions of northern Minnesota and into Canada, three teen-age Ozona 4-H Club boys returned to Chicago the first of this week and were heard on a national radio broadcast Tuesday morning.

The three boys, Graham Childress, Bill Schneemann and Jimmy McMullan, appeared on the radio program of their host on the trip, Tommy Bartlett, master of ceremonies of the "Welcome Travelers" show, heard every morning over a National Broadcast Co. hook-up.

The boys were interviewed by Bartlett on their experiences in the northern vacation country and all were enthusiastic about their experiences. Bartlett explained to his radio audience that the trio had visited Chicago last fall to attend the International Livestock Exposition as a prize for accomplishments in 4-H work during the year and that he had invited them back as his guests for the trip.

Bartlett himself flew the boys in his own plane to the Northern Minnesota resort and into Canada, returning the week-end to bring them back to Chicago. Among other questions Bartlett asked the group was if the country they had been in was anything like Texas. "No, there's green grass up here," they replied. (Maybe they'll be pleasantly surprised when they return home this week.)

Among the things which impressed the boys was a three million dollar high school in Minnesota with an enrollment of over 2,000 students, which they visited, they told Bartlett in the radio interview.

The Ozona boys expressed a desire to see a big league baseball game and Bartlett called by long distance telephone to get parental permission to keep the trio an extra day to see the Chicago White Sox and the Boston Red Sox play a double header in Chicago Monday night. They were due to arrive in Fort Worth Wednesday afternoon and will arrive home today.

## REA Organization Meeting Set Here Tuesday Morning

### Proposed Line Across County Would Serve Ranches, Oil Field

Completion of the final sign-up of prospective users on a new REA line which will traverse Crockett county from east to west across the north central area will be undertaken at a meeting to be held at 10 o'clock Tuesday morning at the courthouse in Ozona.

The line is under consideration by the Southwest Texas Electric Cooperative with headquarters in Eldorado. At a preliminary meeting held here Tuesday of this week, details of the proposed line were outlined by Don McCormick, manager of the Eldorado coop, and approximate cost per user, based on the number now in prospect, was given. The line now has 54 potential customers who have signified interest and a number of other possible users.

Mr. McCormick told the group in meeting here this week that materials for the line are already in hand and that if the organization can be completed by June 30, construction can begin immediately.

Lt. Howard Lemmons, recently called back into active service in the Army, is stationed on the fighting front about 85 miles northeast of Seoul, Mrs. Ben Lemmons, his mother, has learned. Lt. Lemmons was in training at Fort Sill, Okla., before being shipped overseas.

## Midland Sportman Entertains Men With Big Game Hunt Film

A group of nearly 100 Ozona men enjoyed a vicarious visit to the African veldt and the jungle on a month long big game hunt when John I. Moore, Midland independent oil operator and sportsman, brought two reels of colored movies he took on a recent hunt in Africa and described the progress of the hunt as the pictures were shown.

Mr. Moore came as a guest of the men's Bible Class of the Methodist Church and class members staged a barbecue supper in the fellowship hall of the church and invited a number of guests to share the program Monday night.

Mr. Moore went by plane from Midland to New York, then by British airliner to London, Malta, Cairo, Egypt, and then to the capital of the British crown colony of Kenya on the southeastern coast of Africa.

In a talk preceding showing of the film, Mr. Moore described the guns and equipment he took, how the trip was organized and some of the interesting facts he gleaned about the "dark continent" in his travels and talks with natives and British officials. One of the major problems facing the world is overpopulation of certain areas and Africa is one where such a problem will soon arise, Mr. Moore said. He pointed out that the population of Africa had increased by 140 million in the last 15 years.

He said he found the natives good natured and friendly without exception. He could not say as much for Cairo, Egypt, however. There he was detained under armed guard for several hours and subjected to considerable inconvenience and discomfort. The people in that region exhibited an intense hatred for white men and particularly for Americans, Mr. Moore said.

Mr. Moore took nearly all of the movies he exhibited himself, except for some which were taken by his white hunting guide. He brought down many beautiful trophies, including every kind of wanted game in the field except an elephant. The party saw many elephants but none that his hunting guides would pronounce a worthy specimen for him to bring home. A good trophy would be a bull elephant with tusks weighing from 80 to 100 pounds each, he said. All the bulls the party encountered were young and did not sport the mammoth tusks a hunter would prize.

A revelation to the audience viewing the film was the tremendous numbers of the different species of game. The movie cameras taking pictures ahead of the moving hunting car showed thousands upon thousands of head of game of all kinds running across the veldt ahead of the advancing hunters. And many a one among the audience envied Mr. Moore's marksmanship as the camera clicked off pictures of running game which he had picked out for his hunting camp table or for his trophy room and downed with a single shot from one of several rifles of different calibers, used on different types of game.

Mr. Moore took more than 5,000 feet of color film of the hunt and several thousand more feet of black and white film, plus countless still pictures. He had edited the two reels of film shown here to reduce the footage to an hour and a half show, which the group of Ozona men enjoyed thoroughly.

## Ozona Student Nurses Receive Caps June 10

Misses Patsy Cooke and Edna Garcia, both of Ozona, who entered Shannon School of Nursing, San Angelo, in September 1950, will receive their caps at a formal capping exercise to be held on the lawn of the Nurse's Residence, June 10, at 7:30 p.m. Misses Cooke and Garcia have met requirements set up by the Texas State Board of Nurse Examiners for the first nine months of a three year course. They have passed the prescribed courses and have demonstrated skill and ability in the first course in the care of patients.

## Week-End Rains Bring Smiles To Area Ranchmen

### Slow-Falling Moisture Promises Quick Recovery for Pastures

Drought-harried West Texas ranchmen were all smiles this week as bountiful, slow-falling rains, following on the heels of moisture which visited the area at intervals in the last two weeks, came to the region to bring new life to pasture lands, some already getting a good start from previous rains.

The rains began Saturday to produce a general fall ranging from a half inch to more than an inch in portions of the county. Additional showers Monday and Tuesday spotted the area and the moisture already in the ground was held by occasional light sprinkles and mist plus continued overcast weather.

The few days of moisture and cloudy weather were just what the ranchmen were waiting for and will go far toward starting pastures on the comeback to produce ample forage for livestock this summer, provided the follow-up rains are not too long in coming.

## Ozona 4-H Wool Judging Team Is First In District

### Team Places Third in Bi-District Competition at Angelo

Ozona 4-H Club judging team, composed of Gail and Charles Garlitz, Jodie Jones and Ronnie McMullan, placed first in District 6 competition and third in a bi-district meet of teams from Districts 6 and 7 at the San Angelo College in San Angelo Tuesday.

Wool judging teams from ten counties in the area participated in the bi-district meet, which was under the supervision of James Gray, sheep and wool specialist of the A & M Extension Service. Other judging teams participating included those from Sutton, Glasscock, Menard, Tom Green, Runnels, Irion, Schleicher, Coke and Concho counties. The Sutton county team entered for practice only and outscored the Ozona team by 125 points. The Menard team won first place, Schleicher second and Crockett third in the bi-district standings.

Ronnie McMullan led his teammates in total points, scoring 550. Jodie Jones was second with 522, Gail Garlitz had a score of 493 and Charles Garlitz, 475.

The local judging team is being coached by County Agent Paul Newton, who took over this week as agent to succeed Bill Bergfeld, called into active service as a second lieutenant in the Army.

## Conoco to Drill Shallow Wildcat On Shannon Lands

Continental has staked location for a shallow wildcat in Crockett county 14 mi. northwest of Ozona. The firm's No. 1-22 J. M. Shannon estate, projected to 2,000 feet with a rotary and scheduled to begin at once, will be 2,310 from south, 1,650 feet from east line of section 22-UV-GC&SF survey. It is northeast of a deep wildcat of the operators in the same section.

Sinclair No. 1-65 University, one-mile west outpost to the Midway Lane multipay field, was drilled testing the Pennsylvania from 7,984 to 8,084 feet.

Crockett wildcats, Moore No. 1 Ryburn was drilling at 7,798 feet in lime, Shell No. 1-5 University at 9,599 feet in shale, chert and lime. Greer No. 1 Shannon, bottomed at 1,598 feet, was waiting orders.

Continental No. 2 Harris, project in the Lula field, was preparing to swab after drilling plug from 5 1/2-inch casing at 8,709 feet and perforating from 8,514 to 8,655 feet.

## Marine Bob Smith First Ozona Casualty In Korean Conflict

Marine Corp. Bob Smith became Ozona's first casualty in the Korean conflict.

Friends of the young man here learned this week that his family had received notification that he was killed in action on the Korean front, the exact date of his death not learned here.

Corp Smith was employed in oil field work here with his brother, Bill Smith, driller for Mrs. Stanfield of Monahans and the Hudson Oil Co. operating in the Vaughan field and other areas. He saw service in the Pacific island campaigns of World War II and was called from the Marine reserve back to active duty last fall.

## Sheffield Minister, Former Ozonan, Dies Of Heart Attack

Funeral services were held in the Church of Christ at Sheffield at 1 o'clock Saturday afternoon for the church's pastor, James Franklin Black, 57, who died in Del Rio Thursday morning from a heart attack.

Brief services were conducted in Del Rio at the Doran funeral chapel and the body was taken to Sheffield for services in the church where Mr. Black had been pastor for many years. Burial was at 5 o'clock Saturday afternoon in Fairmount Cemetery in San Angelo.

Mr. Black was conducting an evangelistic services in Langtry and staying in Del Rio. He became ill Wednesday and called Mrs. Black who was with him when death came. Mr. Black stopped for a brief visit in Ozona, where he once served as pastor of the Church of Christ, on his way to Del Rio the first of the week.

Mr. Black was a prime mover in organizing the annual Church of Christ encampment on the banks of the Pecos river north of Sheffield and spent a great deal of time each year in promoting this successful encampment. He also published a mimeographed community weekly newspaper for Sheffield, and appeared in various pulpits in the area as guest speaker on numerous occasions. He recently had purchased a home in San Angelo where he planned to live upon retirement.

## Greer to Drill Shallow Wildcat on J. W. Owens Ranch

John L. Greer Drilling Co., Inc., of Midland has staked location for a shallow Crockett county wildcat 10 1/2 miles northeast of Sheffield.

Projected to 2,200 feet with cable tools and beginning at once, the firm's No. 1 J. W. Owens will be 2,310 from north, 990 feet from west line of section 2, block GG.

Sinclair No. 1-65 University, one mile west outpost to the Midway Lane field, was drilled testing from 8,084 to 8,149 feet in the Ellenburger, topped at 8,084 feet on elevation of 2,664 feet. Recovery was 40 feet of drilling mud on a one hour drillstem test from 7,985 to 8,084 feet in Pennsylvania lime. Location is 1,980 feet from south and east lines of section 29-46-U.

## New Sermon Series Announced by Pastor Of Methodist Church

"The Insights of Jesus and Our Daily Life" will be the theme of a series of Sunday morning services at The Ozona Methodist Church, according to the pastor, J. Troy Hickman. Some of the weekly topics will be, "You Get What You Give," "You Can't Be a Judge," "You Can Have What You Want, If You Keep Trying."

At the Sunday evening hour, which will be eight o'clock during the summer, the theme will be "High Points in the Old Testament." Among the topics scheduled are "Passing the Buck," "A Frustrated Father," "The House that Was Never Built," "The Reconstructed Crook," and "The Man Who Could Not Be Stopped."

## Baptist Vacation Bible School To Open Next Sunday

### Morning Sessions to Start at 8:30; Continue Thru Fri.

Plans are complete for the annual summer Vacation Bible School of the First Baptist Church of Ozona, the pastor, Clifton R. Tension, announced this week.

The Vacation Bible School will open next Monday morning at 8:30 and will continue through Friday, with commencement exercises set for Friday evening at the church.

Classes will be from 8:30 to 11 o'clock each morning, with a full staff of teachers lined up for the various departments.

A pre-school parade will be held through the downtown streets Saturday afternoon at 4 o'clock, Rev. Tension said. Children who will attend the school will gather at church for enrollment at 3 p.m. after which they will parade through the business section from the church, with the fire department participating.

Children of all departments will meet in the church auditorium Monday morning for a general assembly, with Rev. Tension, principal of the school, in charge of a 15-minute program. After the assembly program, pupils will go to the various departments to begin classes.

Mrs. Leo Brawcom is superintendent of the Beginners department, children ages 4 and 5. Other teachers in the department include Mrs. Gerald Cozby and Miss Marilyn Hubbard.

Mrs. H. A. Gustavus will be superintendent of the Primary Department, children ages 6, 7, and 8. Other teachers will be Mrs. Clifton Tension, Mrs. Harry Hawkins, Miss Marilyn Mock, Mrs. Lowell Littleton and Mrs. O. C. Webb.

Mrs. Ben Williams, superintendent of the Junior Department, will have as helpers Mrs. H. R. Mock, Mrs. S. L. Butler, Mrs. T. J. Bailey, Mrs. Jack Brewer, Mrs. Thad Tabb and Miss Jeannene Thompson.

Commencement exercises are scheduled to begin at 7:45 Friday evening. All children in the community in the age groups are invited to enroll in the school.

## Ranch Problems To Be Discussed At TSGRA Meet

### Scab and Labor Topics for Directors at Lampasas Sat.

The two problems most affecting the sheep and goat industry today, sheep scab and ranch labor, will be full airing at the Texas Sheep and Goat Raisers' Association Directors' meeting in Lampasas, June 9, Frank Roddie, Brady, Association president reports.

Roddie stated that agreements reached in Salt Lake City about two weeks ago by sixteen Southern, Midwestern and Western States to use B. H. C. dip was one of the most important actions ever taken in so far as the sheep industry was concerned and it could mean the eradication of sheep scabies from the entire United States.

"The ranch labor situation is most critical," he said, "and if Texas ranchmen are to do their best in producing meat and wool and mohair, they are going to have to have help on their ranches."

"There are thousands of Mexicans across the Rio Grande wanting work on this side and we are ready to hire them. There should be some way that an available labor supply and a labor market can get together."

Roddie said he was expecting many Association members other than directors to attend the Lampasas business meeting.

New shipment of Franciscan Pottery just arrived at Wesley Sawyer Jewelry.

#### IT'S ALL YOURS

Do you happen to have \$1589 to spare? That will be the average American family's share of the \$71,000,000,000 1952 federal budget which the administration has proposed, if Congress accepts it. And this doesn't take into account state, county and municipal taxes.

According to the Census Bureau, last October 6,402,000 people — one out of every 24 persons in the nation — worked for some branch of government. And the total is substantially larger today.

The "big spenders" in government argue that the budget is airtight, a model of economy and careful planning, and that it can not be cut anywhere without causing great damage. But the Hoover Commission has pointed the way to a \$7,000,000,000 saving. Senator Byrd has presented a documented plan which would reduce

the budget by about \$9,000,000,000. Other authorities have come up with similar reports and recommendations.

The people have a clear choice to make. They can have a "do everything" government, with its emphasis on alleged social security from the cradle to the grave and by the time they get through paying for it in ever-cheapening dollars they'll find that their living standards are comparable to those in England. Or they can have a government which pinches the pennies in every possible direction, and concentrates on the unavoidable essentials, such as an adequate national defense. Then we will begin to do something tangible about inflation — and we'll enormously strengthen the hard economic base on which this nation's security depends.

Take your pick — it's your money, your future, your freedom, which are at stake.

#### OZONA HOSPITAL NOTES

Elva Rodriguez underwent a tonsillectomy this week.

Mrs. Irene Garza, whose son was born Sunday, has been released.

A son was born Monday to Mr. and Mrs. Fidencio Martinez.

Carl Thurman, who recently underwent an operation for amputation of the first joint of his finger was released this week.

Mrs. Max Wilson, whose son was born two weeks ago, was released Saturday and returned to her home in Pecos, Texas.

Ralph Vitela was released from the hospital this week.

Jan Carol Pridemore has been released after undergoing a tooth extraction with general anesthetic.

Mrs. Chona Flores is the mother of a daughter born this morning.

Frank R. Noe underwent major surgery Wednesday morning and was reported doing well today.

Pvt. and Mrs. Ted Mankin left yesterday for Sheppard Field at Wichita Falls, Texas where Pvt. Mankin will be stationed. They were stationed at Columbus, O.

A retired U. S. Calvary Major writes from Santa Monica, Calif., inquiring about the possibilities of acquiring "about ten acres in the Junction, Ozona or Sonora section; a 2 bedroom house if possible with shade trees and on a hill; prefer the local type of sandstone house. Want a home; no farming intended." It would be easy enough to find the non-farming type of location but has anybody seen anything of a "local type of sandstone house?"

#### Ozona Buyer Attends Dallas Market Show

DALLAS, Texas. — One buyer from Ozona previewed the latest 1951 fall and back-to-school fashions last week in Dallas.

Over 5,000 fashion merchants from 17 states and several foreign countries packed all Dallas hotels to capacity for the American Fashion Association's advance apparel market.

Mrs. Mary Vaughan from Ozona Dress Shop, Ozona, was among buyers at the show.

#### THREE OZONA GRADUATES ENROLL IN ANGELO COLLEGE

Miss Patricia Hickman, Miss Lois McDade, and Miss Doris Arment enrolled last Monday for the summer session at San Angelo Junior College. All three girls received tuition scholarships, and all three will room in Carr Hall, the new dormitory for girls. Miss Hickman has a part time job as secretary to the President of the College. Miss McDade and Miss Armentrout also expect to have part time employment.

Miss Marjorie Hickman, daughter of Rev. and Mrs. J. Troy Hickman, who has been attending the regular session at Southwest Texas State College at San Marcos, has returned for the summer session at that institution after a brief visit home. Miss Helen Walker, 1951 graduate of Ozona High School, has also enrolled for the summer session at the San Marcos school.

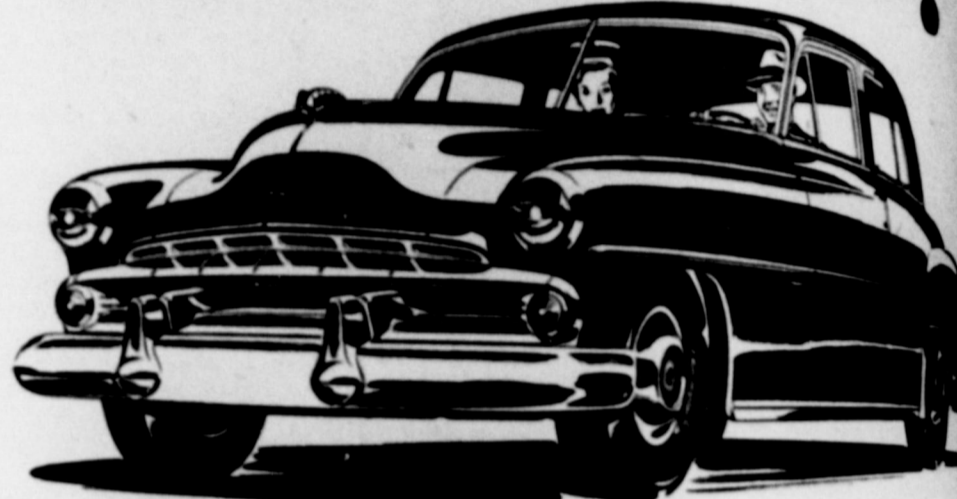

The fellow who says he would not cash a check for his own brother probably knows his own family best.

Mrs. Henry Cardea, who has been visiting in the home of her parents, Mr. and Mrs. Ralph Watson, for the past three weeks, left last week for her home at Fort Riley, Kans. Her daughter, Wanda Cardea, who has been attending Ozona school, and son, Ralph, a student at the University of Texas,

and her sister Miss Wanda Watson, accompanied her home. Miss Watson and Ralph returning in Miss Watson's car. Ralph will return to the University for the summer session while Wanda Cardea will spend the summer at Fort Riley with her parents, Lt. Col. and Mrs. Henry Cardea.

Mrs. R. L. Boffa and son of Sherman, are here visiting. Eolin's brother and sister, Mr. and Mrs. H. P. Boffa, and daughter, Beth, who was honored at a coffee morning given by Mrs. Taylor in her home.

**Shell No. 1-5 U. T. Shows Gas and Oil**

Shell Oil Co. No. 1-5 University, wildcatcat in northwestern Crockett county, was drilling at 9,562 feet in unidentified shale, lime and chert after getting water on an earlier test.

Approximately 250 barrel of mud was lost from 9,550 to 9,562 feet. Gas surfaced in 30 minutes and recovery was 90 feet of slightly gas-cut mud, 270 feet of oil-cut mud, 360 feet of mud-cut oil, 3,870 feet of oil-cut salt water, and 4,184 feet of clear salt water on a one-hour drillstem test from 9,464 to 9,494 feet.

Bottomhole flowing pressure was from 3,675 to 4,125 pounds; 15-minute shutin pressure was 4,625 pounds. Location is in section 28-5-U.

Other Crockett projects, Moore No. 1 Ryburn was drilling at 7,872 feet in lime and shale with some streaks of chert. Lario No. 1 Shannon at 1,770 feet in lime.

Mr. and Mrs. Clay Adams and two daughters, Jane and Camille, and Jeannene Thompson leave this week for the Adams' summer home near Las Vegas, N. M. They expect to spend about a month in the resort area.

New shipment of Franciscan Pottery just arrived at Wesley Sawyer Jewelry.

**Marjo de Montel Becomes Bride of Jorma A. Pelto**

TYLER, Texas. — June 5. — Miss Marjo de Montel became the bride of Jorma A. Pelto in an in- formal ceremony Saturday, May 26, at the home of her parents, Mr. and Mrs. Monty de Montel. The bridegroom is the son of Mr. and Mrs. J. A. Pelto of Virginia, Minn.

Dr. Porter M. Bailes, pastor of the First Baptist Church, officiated.

Miss Jean de Montel, sister of the bride, was maid of honor. Bill Comnard of Fort Worth was best man.

Immediately following the ceremony, Mr. and Mrs. Pelto left for an extended wedding trip to Chicago and points in Minnesota.

The bride is a graduate of Baylor University, where she was a member of the Athenian Society. Her husband is a graduate of Texas Christian University.

Both Mr. and Mrs. Pelto teach in the Ozona Public School system, Mrs. Pelto in the grades and Mr. Pelto in the high school where he is basketball coach. They will return to their teaching duties in the fall.

New shipment of Franciscan Pottery just arrived at Wesley Sawyer Jewelry.

**Cities Service Plans Pecos Field Pipe Line**

Extension of its gathering and transportation facilities into the Malicky and TCI fields of Pecos county, was announced today by Cities Service Pipe Line Co.

Cities Service has been serving this area since discovery of the two fields almost two years ago. The company has been trucking most of the output of the fields to receiving tanks for delivery to the jointly-owned Texas-New Mexico pipeline system at the nearby Abell pump station.

The expansion program announced by Cities Service includes the construction of 13½ miles of four-

inch line, 18 battery connections, four field pump units and additional receiving tanks. Upon completion of the program, oil will be moved by Cities Service pipeline to the Abell station of Texas-New Mexico.

Production from the Molicky and TCI fields is slightly more than 1,000 barrels daily from 47 wells, and 10 drilling rigs are running in the area.

New shipment of Franciscan Pottery just arrived at Wesley Sawyer Jewelry.

**A WATER PUMP that's New, and Better!**

**The RED JACKET-REDA "Submerge-Pump"**

The Latest in Water Pumping Equipment for the Home and Farm

- \* THE PUMP YOU DON'T SEE CAN'T LEAK AND NEVER LUBRICATE
- \* PUMP AND MOTOR COMPLETELY SUBMERGED UNDER THE WATER IN THE WELL
- \* NO PRIMING — LUBRICATION FREE
- \* NO PIT OR PUMP HOUSE REQUIRED
- \* ONLY ONE PIPE FROM PUMP TO TANK NEEDED
- \* CAN BE INSTALLED QUICKLY AND EASILY
- \* CAPACITIES TO 1600 GAL PER HOUR
- \* PRESSURES TO 500 LBS.
- \* PUMPING DEPTHS TO 1200 FT.

*Trick, Tested and Proven FOR OVER 30 YEARS*

Pumps identical in design to the Red Jacket-Reda "Submerge-Pump" have been used successfully in the oil fields for over 30 years. Billions of barrels of oil, water and brine have been pumped from depths down to 10,000 feet under varying oil field conditions — a tribute to the quality construction and reliability of this new type pumping equipment.

*Ultimate Convenience and Economy*

This is the only type of submergible pump that can be installed in wells as small as 4". Absolutely noiseless operation. Pressure tank and controls can be installed anywhere. Costs less to operate because of greater pumping efficiency.

**BEGINNING AND END OF LOTUS** . . . Beauty is in the eye of the beholder, so it is a matter of individual taste whether the front or back end of Lotus, circus hippo in New York, is the most attractive. Frankly, the front has a facade that only a doting mother could love—especially when Lotus is yawning an impersonation of the Grand Canyon. Between the front and back are three-and-a-half tons of hippo. Incidentally, if you've never seen a hippo before, we ought to tell you that the front end of Lotus is at the left. Oh, you're welcome!

**Movie of Mountain Lion Hunt Available Soon From Game Dept.**

AUSTIN. — An eye witness account of mountain lion hunting in the Texas border country is about ready for Texas sportsmen in a new Game, Fish & Oyster Commission motion picture — "Outlaw of the Cameron."

The Executive Secretary said this latest addition to the Commission's film library, for distribution to clubs and organizations, will be available within a few weeks.

Color picture and sound have been synchronized to record the

thrilling hunting technique in tracking down and capturing a live one of the lions which still prey on wild game and livestock in the border area.

The story is based on the actual experiences of the brothers, Luke and Bob Snow, who have mastered the trick of corralling one of the most savage of wild creatures in south Texas.

Luke Snow is sheriff of Wilbacy county. Brother Bob is a state game warden. They comprise one of the Southwest's most famed hunting teams. Many of the lions they capture are turned over to zoos in Texas cities.

Phone the news to The Stockman.

**Texas Farm Income Rises 53 Percent in First Months of '51**

AUSTIN. — Texas farm income in the first third of 1951 was 53 per cent higher than the same period last year, the University of Texas Bureau of Business Research reports.

Only cotton, cottonseed, wheat, fruit and vegetables showed a downward trend in income.

Total farm cash income, January through April, was estimated at \$378,316,000. More than a third of the total income came from cattle sales, 63 per cent higher than during the like period in 1950.

Other impressive gains were made by milk and milk products, up 80 per cent, and hogs, up 60

per cent. Wool and mohair prices have more than doubled since April, 1950. Consequently, in spite of nearly equal marketings, income from those items has risen 71 per

cent for mohair and much more than that for wool. The 95 per cent decline in income from wheat is reportedly a result of a poor crop and correspondingly-reduced marketings.

Texas farm products production continued their slow but steady increase in April. The Department of Agriculture mid-April index rose three points, nearly one per cent higher than in March.

**San Angelo Set for Ninth Annual Horse Show Starting Today**

SAN ANGELO. — San Angelo's annual Horse Show will get underway Thursday, June 7, for four days with six rodeo performances as the feature attraction. Produced by Buetler Brothers

of Elk City, Oklahoma, the rodeo will be held on Thursday, Friday and Saturday nights and Friday, Saturday and Sunday afternoons. The Horse Show will have 38 classes in four division of judging. More than 200 entries have been tabulated for performance and halter classes. Quarter Horse, Palomino Stock Horse, Palomino Pleasure Type and the Thoroughbred and Halfbreed sections make

up the judging schedule. H. E. McCulloch, livestock dealer in San Angelo, is the general chairman of the show. D. L. Haralson of San Angelo is chairman of the rodeo and Percy Turner, quarter horse breeder from Water Valley is general superintendent for the Horse Show. San Angelo's Rodeo will feature Wilbur Plangher, famous rodeo clown; Hoyt Hefner, clown

and bullfighter; Boom Town Quadrille from Burk Burnett, Texas; Ruby Vance, nationally-known rodeo band, and the Lane Trio, a trampoline act from Vancouver, Washington. In addition, a cutting horse contest will be held in conjunction with the rodeo. Finals for the contest will be held after the Sunday afternoon performance of the rodeo. Five preliminary contests will

be held at each of the rodeo performances. Judges for the Horse Show will be Col. Jack Whitehead of San Antonio, Thoroughbred and Halfbreed judge; Volney Hildreth of Aledo, Texas, Quarter Horse judge; and J. S. Arledge of Alpine, Palomino judge. Hildreth will also judge the cutting horse contest. Phone News to the Stockman

"For Life's Most Cherished Possessions"

### College Students Must Apply for Deferment To Continue Studies

AUSTIN. — A July draft quota of 367 men for Texas was received today from national headquarters. Brigadier General Paul L. Wakefield, state Selective Service Director, announced.

This is the state's share of a national quota of 15,000, announced several days ago from Washington. The Texas quota is the smallest monthly quota received since beginning of the conflict in Korea.

Local board quotas for the July call are presently unavailable at state headquarters. Quotas will be sent to local boards sometime after June 15, according to present plans at state draft headquarters.

The July call brings the Texas total of men called for since the beginning of the United Nations fight in Korea to 27,207. During the same period, the entire na-

tion has been called upon to furnish 565,000 men.

At the same time he made this announcement, the state Selective Service director passed on some advice to college students.

Students who plan to request deferment to continue their studies should notify their local boards immediately after the close of their current academic year.

"To get deferment consideration from local boards," General Wakefield said, "student registrants have to request it. Taking the college qualification test or ranking high in their classes won't assure consideration for deferment unless they ask for it in writing."

The Selective Service collection to demonstrate high educational aptitude. It is estimated that 400,000 college students have registered for these tests. An estimated 175,000 already have taken it.

Failure to furnish information showing intention to request de-

ferment, in some cases, may result in a student's being inducted into service at the end of the 30-day postponement period commencing at the end of the current academic year, the state director said.

### Livestock Fly Control Measures Advocated

COLLEGE STATION. — Flies affecting livestock cause tremendous loss to the farmer each year. Therefore it is to the livestock man's advantage to provide the best possible control of these pests.

R. O. Dunkle, Young county agricultural agent, reports that many ranchmen in Young county are spraying their herds for hornfly control. Dunkle estimates that if one-half of the cattle in the county were sprayed regularly through the fly season, beef production would be increased over half a million pounds.

Charlie Cave, Kaufman county cattle breeder, said recently that the cattle in his herd, which were sprayed last year, were at least 10 per cent better than unsprayed animals.

It is usually necessary to apply specific control measures for each species of fly, says James A. Deer, assistant entomologist for the Texas Agricultural Extension Service.

Deer points out also that different control measures are required for different types of livestock. Dairy cattle should not be sprayed with insecticides that may contaminate the cows' milk.

He suggests that livestock men contact their county agricultural agents for the latest recommendations on controlling hornflies, stable flies, horse flies and house flies. Hornflies alone may cost the stock producer 50 pounds or more of beef per animal a year.

New shipment of Franciscan Pottery just arrived at Wesley Sawyer Jewelry.

And now it appears that Truman yearns to be a pugilist. Anyway, it goes well with his letter writing.

### Wildlife Prospers in Texas as Result of Conservation Program

COLLEGE STATION. — Wildlife furnishes not only recreation and food for a considerable number of the people of Texas but also an income of more than \$2,000,000

yearly to landowners for hunting and fishing leases, while the pelts taken by hunters and trappers of furbearers amounts to several millions more. The wildlife population of the land is perhaps more thoroughly safeguarded and more widely distributed today than at any time in recent years.

In 1950, for example, 996 deer, 160 antelope and 557 other wild species were shifted for restocking game preserves in other adapted areas. Inland fish resources stem from about 150,000 ponds on farms, 1,049 lakes of five acres or larger with a combined water area of 362,000 acres, and 2,000 miles of fresh water streams.

Preservation and propagation of species of animal and bird life in Texas is attributable in substantial measure to the demonstrations in conservation which the A. & M. College Extension Service has sponsored in cooperation with land owners for the past decade and a half.

The Extension program is headed by R. E. Callender, wildlife

conservation specialist, working as an assistant-at-large to county Extension agents who deal directly with the people. In this capacity Callender prepares subject matter for use in the field and assists Extension district agents with plans for demonstrations in their districts.

### Hereford Short Course At Mason June 22nd

A Hereford Short Course will be held in Mason at the fair grounds on Friday, June 2, County Agent E. S. Hyman of Mason, has notified Crockett County Agent Paul Newton.

The purpose of the short course is to better acquaint producers of commercial and registered breeds of Hereford cattle of the more desirable types of beef cattle and the care and management of breeding

animals, Mr. Hyman said. The program will begin at 8:30 a. m. and discussed by Frank A. Mason, Brewster county agent, and Paul Swaffar of the American Hereford Assn. The afternoon program will consist of open house discussions in which breeders will have opportunity to ask questions and get opinions from several well known commercial and registered cattle breeders.

Bernard Lemmons, son of Ben Lemmons, one of the A. & M. College ball carriers in the 1949 football season, has returned for the summer vacation. Bernard left today for San Antonio to undergo an operation in a San Antonio hospital tomorrow.

Accurate and Complete

# RANCH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

### Fine China Next Week

time during a fine ac-  
 may be called upon to  
 command performance."  
 important experience  
 and indicates to a great  
 quality of his work. The  
 Lenox, representing the  
 American china, follows  
 theme. During the his-  
 lifetime, Lenox has  
 upon to satisfy the de-  
 important personages the  
 . A group of these fam-  
 "Command Performance"  
 presidents, statesmen  
 notables in this country  
 and, will be on exhibit at  
 Wesley Sawyer Jewelry here  
 Monday, June 11 and  
 Saturday, June 16. Visi-  
 cordially invited to at-

Congress passed a law  
 that, whenever possible,  
 made products should  
 in the President's home.  
 until the turn of the  
 "fine American china"  
 under of Lenox China,  
 all this... and Washing-  
 eyes lifted their eyebrows  
 when, in 1917, Presi-  
 on ordered a 1700 piece  
 box for The White House  
 the first time that  
 china was ever used in  
 dent's home. Wilson felt  
 plates should carry the  
 seal, rather than the  
 of the United States. . .  
 all, they were part of a  
 chosen service.

Franklin D. Roose-  
 commissioned Lenox to  
 official service for his  
 pattern incorporates in  
 the roses and plumes of  
 velvet family coat of arms  
 considerably less formal  
 president Wilson's. In a  
 use typify the different  
 ties of the two presidents

service consisting of over 3,000  
 pieces. One of the most elaborate  
 service plates made by Lenox has  
 been shown in the finest in ceram-  
 ic art. Lenox also is on display  
 at the famed Ceramic Museum in  
 Sevres, France, the "Louvre" of  
 the ceramic world, being the only  
 American china so honored.

Billy Hannah, son of Mr. and  
 Mrs. Neal Hannah of Ozona, will  
 receive his degree from Abilene  
 Christian College in July. Upon  
 graduation, Hannah will go to Den-  
 ver to begin work as civilian in-  
 structor in electronics at Lowrey  
 Air Force Base. Mr. and Mrs. Han-  
 nah and Gary returned to Abilene  
 Monday after a visit with his par-  
 ents here.

New shipment of Franciscan  
 Pottery just arrived at Wesley  
 Sawyer Jewelry.

### Ozona Teacher Among Group Qualifying for Driver Education

AUSTIN.—Forty teachers have  
 qualified for driver education to  
 high school students after a short  
 course at the University of Texas.

The teachers will be certified  
 by the American Automobile As-  
 sociation and Texas Education  
 Agency. Dr. C. J. Alderson was in-  
 structor for the course, held May  
 28-June 1 as a public service by  
 the University to the State of  
 Texas. It was the fourth annual  
 short course in driver education  
 for high school teachers.

Sponsors say driver training has  
 reduced traffic accidents one-half  
 in the 16-25 year-old group. Or-  
 ganizations co-operating with the  
 University in the program are the  
 Texas Education Agency, State

Department of Public Safety, Tex-  
 as Highway Department, Texas  
 Safety Association, Texas Auto-  
 motive Dealers Association, A-  
 merican Automobile Association,  
 and Texas Congress of Parents  
 and Teachers.

Teachers completing the driver  
 education course include Jack B.  
 Harris of Ozona High School.

LeRoy Barto, former Ozonan,  
 was among 159 students of the U-  
 niversity of Texas ROTC units  
 who were granted Army, Navy,  
 Air Force or Marine Corps com-  
 missions as part of the institu-  
 tions Spring Commencement week  
 program last week. Barto received  
 a commission in the U. S. Air  
 Force.

New shipment of Franciscan  
 Pottery just arrived at Wesley  
 Sawyer Jewelry.

## "Some day I'm going to own a Roadmaster"

ONE thing that interests us mightily is  
 the fact that so many people are step-  
 ping up, when they buy automobiles.

We've been looking at surveys, and it seems  
 that just about everyone wants a better car  
 than the one he's now driving.

So we know how you feel, and we'd like to  
 help you make your dreams come true.

We'd like you to discover how fine a fine  
 car can be.

We'd like you to stretch out in the room of  
 a ROADMASTER—feel the luxury of its double-  
 depth cushions—stroke the fine texture of  
 its fabrics.

We'd like you to know the proud levelness  
 of its ride—and its gentle obedience to your  
 hand on the wheel.

We'd like to show you the many extras this  
 custom-built Buick provides—at no extra  
 charge when we come to make out a bill  
 of sale.

But above all, we'd like you to experi-  
 ence two thrills found exclusively in  
 ROADMASTERS.

One is the smooth might of its Fireball  
 Engine. The other is the supreme simplicity  
 of Dynaflo Drive, which is, incidentally,  
 one of the many features included in the  
 price.

We try to hold down our en-  
 thusiasm in talking about this  
 masterful beauty.

We might claim—you'll find  
 more room—more comfort—

more luxury—a smoother ride—more con-  
 veniences—more thrill in a ROADMASTER  
 than in any other car in the fine-car field.

But why spoil the thrill of discovery? Come  
 find out for yourself how completely a 1951  
 ROADMASTER fulfills the dreams of the car  
 you hope sometime to own.

And let us whisper something to you: The  
 cost of making this step to ROADMASTER  
 ownership is less than most people believe.

Equipment, accessories, trim and models are subject to change without notice.

### Pasture Management Pays Says Presidio County Ranch Foreman

COLLEGE STATION — "Pasture management pays off," declares Woodrow Mills, a Presidio county ranch foreman.

Mills, a former Sterling county 4-H Club boy and now manager of the 26-section Henderson ranch, is a great believer in good pasture management, reports Presidio county agent Houston E. Smith.

The foreman and the county agent have worked out a sound stocking and rotation program for the ranch. With a four pasture setup, Mills allows one pasture to go ungrazed each year, thus giving the vegetation a chance to recover.

Smith reports that good conservation practices have resulted in the grasses making a very good cover.

The Henderson ranch is stocked with cattle and sheep; there are 60 cows, 105 dry heifers, 1635 ewes and 408 yearling ewes.

The average stocking rate is about one animal unit per hundred acres; however, this varies with the pastures and their general condition. Mills studies his animals and pasture conditions very closely and makes adjustments when needed.

A calf crop of approximately 90 per cent and a 100 per cent lamb crop have been obtained on the ranch for the past three years. Calves average better than 500 pounds at weaning time, and lambs better than 85 pounds at weaning. A lamb crop of more than 100 percent was delivered last fall.

### HOSPITAL TO HONOR DONORS

Patients of the Texas Scottish Rite Hospital for Crippled Children watch Colonel Alvin M. Owsley point out names of persons who have left bequests to the institution during the last year. Col. Owsley, former diplomat to three European countries and past national commander of the American Legion, will give the principal address of the hospital's 1951 Memorial Services honoring its benefactors. The special services will be broadcast over Texas Quality Network May 29 at 3:30 p. m.

Construction is under way on a new home being built on the hill-top on the west edge of Ozona for Mr. and Mrs. Byron Williams.

New shipment of Franciscan Pottery just arrived at Wesley Sawyer Jewelry.

### Heavy Increase in Livestock Shipments Noted in Texas

AUSTIN. — Shipments of Texas livestock rose 87 per cent from March to April, reaching a level 6 per cent above April, 1950, the University of Texas Bureau of Business Research reports.

Cattle shipments increased from 3,699 carloads in March to 7,721 in April. Sheep shipments were up 198 per cent over the same period.

Hog shipments dropped 5 per cent from March to April, but maintained a 15-per-cent margin over April, 1950. Cattle and calf shipments in April were 6 and 17 per cent more, respectively, than in the same period last year, while sheep shipments decreased 6 per cent.

### Joe Perry Awarded Degree From A & M

COLLEGE STATION, June 4—(Spl.)—Annual spring commencement exercises were held at Texas A. and M. College Friday. Baccalaureate degrees were awarded the graduating seniors by

the schools of agriculture, arts and sciences, engineering and veterinary medicine.

Chancellor James P. Hart of the University of Texas System was the commencement speaker.

G. R. White of Brady, president of the board of directors of the A. and M. College System, gave

the diplomas. Among those receiving laureate degrees was James Perry, son of Mrs. Perry of Ozona, liberal arts.

New shipment of Franciscan Pottery just arrived at Wesley Sawyer Jewelry.
