## Crockett Voters Approve School Bonds 143 to 62

### \$350,000 to Be Spent For New Building And Addition

Crockett county property tax-paying voters approved by a vote of 143 to 62 the issuance of \$350,000 worth of new school building bonds in an election held Saturday.

The Ozona box gave overwhelming approval to the new bond issue, voting 131 for issuing the bonds to 50 against. The Powell Field box reported 10 votes, all in favor of the bonds. The Owens Box and the Howard Wells box, however, each voted solidly against the issue, in the Owens box four opposing the issue to one for and in the Howard Wells box eight votes, all against the issue. Only two votes were cast in the Todd Field box, both in favor of the issue. Elections were not held at the George Thompson ranch box, the Grivin Power Plant box nor at the Kinser ranch box.

The bonds will be prepared at once and sold for the best bid by the Commissioners Court. The bonds are to be retired serially in ten years and will bear interest at not more than 3 per cent.

Proceeds from sale of the bonds will be used for construction of a new building, to serve as an addition to the high school and junior high school, to accommodate the band, manual training department, homemaking department and provide a new museum room. The expansion program also will result in a much needed addition to the North Elementary School, providing four new classrooms, principally office and clinic room on one end of the present building and a combination auditorium-play room on the other end.

School board members have been in conference with architects and have perfected plans for the new structures. Final plans and specifications will be prepared as soon as possible and school officials hope to have the new buildings completed early in 1952.

## New Pay Horizon In Cities Service No. 1-E Owens Tests

### Penn. Lime Production Flows Distillate & Heavy Gas Volume

Indicating the discovery of a new pay horizon in the multipay Clara Couch pool in Crockett county, Cities Service No. 1-E Owens Tuesday flowed gas and distillate on a two-hour-and-43-minute drillstem test, in Pennsylvania lime. The test was made in a section between 6,191 and 6,291 feet, the total depth.

Gas surfaced in two minutes, mud in five minutes, distillate in six minutes. Gas volume was 10, 730,000 cubic feet daily. A total of 6.45 barrels of 61.7 gravity distillate flowed during the last 30 minutes of the test. Operator was awaiting orders.

Location is 1,685.36 feet from north and 2,312.24 feet from east lines of section 14-GG. It is two miles south and slightly east of Cities Service No. 1-B Owens, which test discovered Wolfcamp pay in the field in May 1947.

The Clara Couch field produces from the Grayburg around 1,500 feet, the San Andres around 2,000 feet, and the Wolfcamp slightly below 5,700 feet.

Magnolia No. 1 Boyd Clayton, 3/4-mile south and slightly west of some operator's No. 1 Clayton Ranch, Ellenburger gas-distillate discovery 10 miles east of Ozona, recovered 150 feet of slightly gas-cut mud on a 40-minute drillstem test between 8,852-96 feet. Operator tested through a 3/4-by-one-inch choke, with no water cushion. Total depth is 8,896 feet in Ellenburger dolomite.

Other Crockett activity: Conti- (Continued on Last Page)

## Combat Infantryman Badge Is Awarded to Sgt. Aaron D. Bledsoe

WITH U. S. 1ST CAVALRY DIVISION ON KOREAN BATTLEFRONT -- (Delayed) Sergeant First Class Aaron Debb Bledsoe, Jr., son of Mr. and Mrs. A. D. Bledsoe, Ozona, Texas, has been awarded the Combat Infantryman's Badge in Korea while serving as an infantryman with the 8th Cavalry regiment.

This badge, which is only awarded frontline combat infantryman, distinguishes the actual fighting man from the rear area and service troops in a combat zone. A soldier must be a member of an infantry regiment to be eligible to receive it.

The badge itself consists of a miniature replica of a revolutionary flint lock rifle on a rectangular blue background superimposed over a wreath. It is worn by the soldier over his left breast pocket above his campaign ribbons.

## Humble Hits Gas, Distillate In Reopened Hole

### Couch Operation May Finally Pay off After 4 Dry Holes

Humble may have hit the jackpot the hard way on an 8,000-acre lease the company holds on the home ranch of the late Mr. and Mrs. S. E. Couch of Ozona.

The company drilled four deep Ellenburger tests on the lease and all were abandoned as dry holes. Seemingly convinced that there should be pay in the area, however, Humble went back into the third of the four dry holes, the Humble No. 1-D Alma Cox, on Mar. 12. Saturday, the wildcat showed for a gas-distillate strike.

The test kicked off after swabbing out acid load and residue following 1,000-gallon acid treatment of perforations between 7,300-10 and 7,320-60 feet in the top of the Ellenburger and flowed for two hours at the rate of 3.6 barrels of distillate hourly and 2,800,000 cubic feet of gas daily. Production was through a 21-64-inch choke. Open flowing tubing pressure was between 1,025-1,090 pounds. The choke. Open flowing tubing pressure was 1,025,625 pounds.

It then flowed 12 hours on a 32-64-inch choke and made distillate at an unreported rate and gas at the rate of one million cubic feet daily.

Operator was still flowing to test and will try to complete as a gas-distillate strike.

Abandoned at 8,203 feet in the Ellenburger, operator drilled into cement to 7,380 feet, then cemented 5 1/2-inch at 7,425 feet.

The No. 1-D Cox is 660 feet from north and 1,980 feet from east lines of section 4-QR-GC&SF, two miles southwest of Ozona. It is one mile east of Humble No. 1 Alma Cox of San Angelo, an 8,221-foot failure; one mile south and one mile east of Humble No. 1-C Alma Cox, an 8,673-foot failure; and 1 1/4 miles northwest of Humble No. 1-D Alma Cox, an 8,203-foot failure.

The ranch is now owned by Mrs. Howard B. (Alma) Cox and Claude W. Meadows, Sr., both of San Angelo, daughter and son of Mrs. Couch, who died about two years ago. Half the royalty is held by them and by the sons and daughters of Claude W. Meadows, Sr. The sons and daughters are C. W. Meadows, Jr., San Angelo; Henry E. Meadows, Midland; and Mrs. Charles Seay, Dallas. The other half of the royalty was sold about 15 years ago.

A semi-wildcat, the Joe G. Sauer of Midland and J. S. Meriwether, Jr., of Fort Stockton No. 1 Sorg Estate, will drill to 2,600 feet with combination tools. It will be 330 feet from the south and west lines of the southeast quarter of section 51-BB-GC&SF and 3/4-mile east of San Andres production in the World field.

Moore No. 1 Ryburn was drifting at 633 feet in redbeds. Norsworthy No. 1 Mitcham was still fishing for stick tools.

## General, Soaking Rain Brings Hope of Drouth's End

### Area Gets First Appreciable Moisture in Seven Months

A seven-months drouth which has gripped the West Texas ranch country, along with most of the rest of the state, apparently was broken the past week-end when a slow soaking rain visited the area on Easter Sunday and Sunday night.

Ranchmen of the area who have been pouring out thousands of dollars worth of feed daily to livestock saw the fine rains as the possible "beginning of the end" of the livestock feeding which has been necessary in most areas to keep livestock alive in the face of one of the most prolonged winter and spring drouths in many years.

The fall in this section was general and ranged from an inch to an inch and a half, all of it falling slowly and soaking into the parched and powder dry ground. The first showers visited the area Sunday morning, giving Easter church-going crowds another blessing for which to offer up thanks. Then, slow rains set in Sunday night, falling in Ozona through most of the night. The fall here was about an inch, with moisture up to an inch and a half reported south of town.

Continued scattered showers, with another heavy rain boiling up from the northwest late Wednesday afternoon, are adding to the much needed moisture for the dry range lands and bolstering the ranchmen's fervent hopes that the long drouth is at last really broken.

## Seniors to Sponsor Mexican Supper to Aid Senior Trip Funds

The Senior Class of Ozona High School will sponsor a Mexican supper Friday, April 6, at the Community Center from 5 to 8 o'clock. Tickets will be \$1 for adults and 65 cents for children. There will be a program furnished by the Spanish class from the high school to be given each hour.

The Seniors have not "hit" the public to any great extent this year and the group is still far from having enough money for their projected senior trip. The April 6 supper, the senior play and Ozona Lions license tags are the only remaining means the class has to raise funds.

The Seniors will appreciate the help of all in making these last three projects a success. Remember the Mexican supper April 6 from 5 to 8 at the Community Center. Plates \$1 for adults and 65 cents for children.

## State Police Pistol Champions to Shoot For Sheriff's Posse

Arrangements have been made for the appearance in Ozona of the champion pistol target shooting team of the Texas Department of Public Safety at Austin.

The shooting team will present a program for the Crockett County Sheriff's Posse at a special meeting April 10. It has been announced by Miller Robison, Posse president. The date was set for the convenience of the team, made up of members of the State Highway Patrol, which is in great demand throughout the state for exhibition shooting and instructions for peace officer groups.

Detailed information about the number of members of the team and the kind of program to be presented have not yet been obtained from the department, but will be announced as soon as possible, President Robison said.

Mr. and Mrs. Bland Tandy of Big Spring were here for the Easter week-end to visit his parents, Dr. and Mrs. H. E. Tandy.

Mr. and Mrs. W. D. Womack are building a new home on the west side of Ozona.

## Lions Open District Football Flag Chase Against Menard Oct. 19

The Ozona Lions will launch their bid for the 1951 District 6-A football championship on October 19 in a game against Menard in Menard, according to the district schedule recently announced by district officials.

The District 6-A, a new number designation for the reshuffled district in which Ozona is included, will contain six member schools this year, including Eldorado, Sonora, Ozona, Menard, Junction and Eden. Big Lake and Iraan, members of the district last year, were transferred to District 5-A and Eden was added to District 6-A.

The 1951 district schedule is as follows:

- October 12  
Junction in Sonora  
Menard in Eldorado
- October 19  
Sonora in Eden  
Ozona in Menard  
Eldorado in Junction
- October 26  
Menard in Sonora  
Junction in Eden  
Eldorado in Ozona
- November 2  
Eden in Menard  
Ozona in Junction
- November 9  
Eldorado in Sonora  
Junction in Menard  
Ozona in Eden
- November 16  
Sonora in Ozona  
Eden in Eldorado

## 96-Year-Old Former Ozonan Dead; Leaves 129 Living Descendants

Funeral services were held Friday in Brackettville for Mrs. Rebecca Jane Smith, 96, a long time resident of Ozona, who died at 1:29 p.m. Thursday in Brackettville. Funeral services were held from the First Baptist Church in Brackettville, with burial in the Brackettville cemetery.

Mrs. Smith made her home in Ozona until a few years ago when she moved with her daughter, Mary Smith, to Brackettville where they lived with a son, Jim Smith, also a former Ozonan. Mrs. Smith had been in failing health for the past several years. She celebrated her 96th birthday last December 15.

She was first married to Robert Cooke. Five children were born to this union, two living. Tom Cooke of Quemado, Texas, and Mrs. Henry Elledge of Ozona. After Mr. Cooke's death, she married James M. Smith of Virginia, five children being born to this union, three now living, including Jim Smith and Mary Smith of Brackettville and Dave Smith of Del Rio.

Mrs. Smith leaves a total of 129 living descendants, including five grandchildren, 34 grand children, 49 great grand children and 43 great-great grandchildren.

Pallbearers included grandsons, Willard and Warren Smith of Del Rio, Arch Cook, Jack Chapman of Ozona, Mitch Smith of Alpine and a nephew Buster Schwander of Brackettville.

## Spring Revival at First Baptist Church Opens Sunday Morning

The annual Spring Revival of the First Baptist Church of Ozona will start next Sunday morning, April 1, at the regular Sunday morning service hour.

The Rev. B. J. Martin, pastor of the First Baptist Church at Childress, Texas, will do the preaching during the revival, and song services are to be directed by a student from Howard Payne College, whose name was not available this week. Both Rev. Martin and the singer are due to arrive here Monday night. The pastor, Rev. Clifton Tension, will open the revival services Sunday morning and preach again Sunday evening.

Services are to be held twice daily through the weekdays, at 10 a.m. and 7:30 p.m.

Alton Smith, in training at San Antonio with the U. S. Air Force, visited Ozona over the Easter week-end.

## Long Candidate Slate Indicated In Trustee Vote

### Final List Not Available; 3 Definitely in Race

That voters of the Crockett Consolidated Common School District would have a full slate of candidates from which to choose three new school board members in the annual election scheduled for Saturday, April 7, was indicated this morning.

Although the Stockman waited past press deadline time, the complete list of candidates whose names will appear on the ballot was not available. A petition had been prepared for presentation to the county judge listing the names of candidates but what names will be included on this list was not available in time for this issue.

The law provides that a candidate for school trustee may file for a position on the ballot any time before the final ten days before an election. Within that ten-day period, however, a petition signed by five qualified voters is necessary to include a name on the ballot. Such a petition was being prepared for additional candidates.

Names of three definite candidates were submitted to the Stockman. They are Troy Williams, Arthur Kyle and James Baggett.

Another list of six possible candidates was reported prepared but to this morning no definite announcement had been made as to whether or not this list would be offered as candidates on the final ballot.

## Spring Term Of 112th Dist. Court Opens Here Monday

### Grand Jurors Report Monday, Pettit Jury Tuesday Morning

Judge Garland Casebier of Fort Stockton will open the regular Spring term of the 112th district court here next Monday morning.

A panel of 16 men has been summoned for possible grand jury services and these have been ordered to report at 10 o'clock Monday morning, with Judge Casebier scheduled to select a grand jury of 12 from the list.

The petit jury panel, including 42 men, will report for possible jury service at 9 o'clock Tuesday morning.

Summoned on the grand jury panel are Gordon Aikman, R. C. Ward, Joe Clayton, Bill Seahorn, Bill Carson, Jake Young, Royal Caswell, Hugh Boyd, Walter Dudley, Charles E. Davidson, Jr., Roy Thompson, Wayne West, Jack Williams, L. D. Kirby, Austin Millsbaugh and B. G. Owens.

On the petit jury panel are W. D. Womack, Allie Armentrout, Ross Hufstedler, Sam Wells, Paul M. Halcomb, L. A. McCaleb, Truman Mullen, Bob Bailey, M. K. Ellis, Eugene Miller, Martin Harvick, Robert G. Cox, Charles Ratliff, James Chapman, Jess Marley, Jr., Tom Powers, L. B. Cox, III, Taylor Deaton, Joe Tom Davidson, Ben Williams, Demp Jones, Earl Deland, Bill Y. Friend, J. K. Colquitt, E. G. Cunningham, Earl Berry, Tom Harris, Jr., Roy Coates, P. C. Perner, C. B. Guthrie, J. W. Baldwin, R. L. Flowers, A. O. Fields, Troy Williams, Ted M. White, Frank James, Byron Stuart, Paul Gibbs, J. W. Henderson, III, C. B. Hubbard, Basil Dunlap and Leo Bawcom.

The court will be occupied with non jury matters Monday, with the petit jury available for service for jury cases beginning Tuesday morning.

Tom Kincaid spent the Easter holidays in Comanche visiting relatives.

Bill Cunningham, a student at A & M College, was here over the week-end to visit his cousins, Sid and Austin Millsbaugh.

THURSDAY, MARCH 29, 1951

**THIS TASTES GOOD IN TEXAS**

**Recipe of the Week**

**Steamed Cranberry Pudding**

2 cups cranberries  
1 1/2 cups flour  
2 teaspoons baking powder  
3/4 teaspoon salt  
1/4 cup butter or margarine  
1/2 cup sugar  
2 eggs  
1/2 cup milk  
Wash and dry cranberries. Then roll them in 2 tablespoons flour. Sift the rest of the flour with the baking powder and salt. Cream the fat, add the sugar and well beaten eggs and add to the dry ingredients alternately with milk. Fold in berries, turn into a buttered mold, cover and steam 2 hours. Serve hot with sauce.

**Sauce**

1 cup sugar  
3 tablespoons cornstarch  
3/4 teaspoon salt

**FISHERMAN SAVED FROM SEA** . . . One man was saved and five were presumed drowned when a huge wave overturned a fishing boat 200 yards off the ocean beach at San Francisco. The lone survivor, George Monaco, is being plucked from the heavy surf by a coast guard helicopter from the overturned craft. He said a big wave swamped the boat from behind and turned her over several times. A crowd of 3,000 watched the dramatic rescue.

3 cups boiling water  
2 cups cranberries  
2 to 4 tablespoons butter  
Mix sugar, cornstarch and salt. Add 2 cups boiling water, stir until thickened, cover and cook 10 minutes in double boiler. Meanwhile, cook berries with one cup water until soft. Press through a fine sieve and add pulp to cornstarch mixture. Add fat and serve hot over hot cranberry pudding.

**Big step up**

**that's easy to take!**

**YOU** have to hand it to Buick engineers. What they've done to this 1951 SPECIAL is nothing short of a minor miracle.

They've stepped up its style with a brand-new body, an eager new thrust-ahead look, a gleaming new push-bar forefront that's as ruggedly protective as it is stunning to see.

They've stepped up the smartness of its interiors with the smartest fabrics that ever graced the interior of this Buick Series.

They've stepped up the safety, by the sharp

new clarity of white-glow instrument markings more easily read at night.

They've stepped up the power to the highest ratings in SPECIAL history—120 horsepower with Synchro-Mesh transmission, 128 with Dynaflo Drive.

They've come up with a car that's new in everything from the ground up—and a price that's the best news of all.

So, if you've been toying with thoughts of buying a lesser car—better come in and see how easy it is to step up to this thrifty marvel.

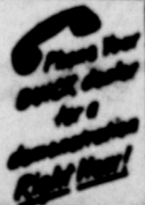

**No other car provides all this:**

**DYNAFLOW DRIVE**—saves strain on driver and car  
**FIREBALL POWER**—high-compression, valve-in-head engine gets more good from every drop of fuel  
**PUSH-BAR FOREFRONT**—combines smart style and unsurpassed protection  
**WHITS-GLOW INSTRUMENTS**—greater clarity at night  
**TORQUE-TUBE DRIVE**—steadies ride, improved driving control  
**6-WHEEL COIL SPRINGING**—cushions ride, saves servicing costs

**DUAL VENTILATION**—outside air fed separately to right or left of front compartment  
**SELF-ENERGIZING BRAKES**—hydraulic—multiply pedal pressure five times at brake drum  
**DREAMLINE STYLING**—sleaked, car-length fenders, gleaming sweepers on most models  
**Plus!** Self-locking luggage lid, Stop-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Power engine mounting, Body by Fisher

Standard on ROADMASTER, optional on other Buicks. WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

**WITH PANTS DOWN . . .** This Korean youngster is resuming his journey after he put the Taedong river between himself and the enemy when thousands of civilians fled from Pyongyang. These men, who had lived in the North Korean capital when the Communists were in power, fled the city when U.N. troops withdrew. They preferred the living under the Red masters.

**THE GOOD LIFE**

For the first time since the American revolution, with the exception of the war Between the States, the people of our country are faced with a stark test of faith. The conflict with world communism now is not so save the world for democracy, but to repel an enemy who is determined to destroy in our own land the Christian ideal of human dignity and individual liberty and the political system which upholds that ideal. Our faith and our strength is this ideal.

As a nation, we came through World War II with little discomfort. Living standards have risen to record levels. So has the public debt which is exacting its toll in depreciating money. However, it is evident that devalued dollars have not yet cramped our style. Last year, according to the Commerce Department, U. S. citizens spent a staggering \$178,832,000,000. The fabulous "American way" is well illustrated in a current joke which defines a pedestrian as a motorist who has found a place to park his car. The list of American "haves" could go on indefinitely. Already there are 8,000,000 television sets in homes — homes which are equipped with tens of millions of deep freezers, refrigerators, electric stoves, radios, washing machines, and infintum.

In retrospect, after nearly two centuries of freedom and the limitless progress that only freedom could have achieved, it would be

a wonder if we were not confused when suddenly confronted with the prospect of a fight for actual survival. But the time when we can afford confusion has nearly run out. These words of Lenin uttered thirty years ago, ring with new significance: "As long as capitalism and socialism remain we cannot live in peace. In the end, one or the other will triumph — a funeral requiem will be sung either over the Soviet Republic or over world capitalism. . . We have to use any ruse, dodges, tricks, cunning, unlawful methods, concealment and veiling of the truth."

This is the ruthless concept, backed by vast military force, which is confronting America and the world. To meet it we will need more than arms and men. We will have to lay our sights on primary objectives and keep them there. We must forget the adolescent notion that material security is an unqualified "right." The "rights" embodied in the American ideal are few and elemental. They include freedom of speech and religion, equality of opportunity and the protection of private property. They are the tools which the individual may achieve "life, liberty and pursuit of happiness."

In a word, it is time we again understood what this country really stands for. John Dos Passos, the distinguished American author, has said, "this country was not founded to furnish glamorous offices for politicians, or to produce goods and services, or handouts of easy money. This country was founded to make men free." In the wealth of material comfort we have enjoyed so long, we have tended to forget that great truth. Now, we must return to the simple fundamental — "This country was founded to make men free."

We face a two-faceted task. We must fight with all we have against our enemies outside. And while we are undergoing all the sacrifices and trials that may involve, we must keep our people free. One of the greatest dangers is that we may grant so much unlimited authority to the government that the system of checks and balances which stand between us and tyranny will be permanently destroyed. The problem of economic controls is a perfect example here. They should be imposed only if they are clearly nec-

essary to implement the war effort. Otherwise, we will have control for control's sake — which is the essence of dictatorship. Then our productive capacity will be crippled and, far more important, we will no longer be a free people — we will have lost the battle. We Americans have come to a climactic phase in the history of

the good life. It is our duty to hold together for future generations the framework of freedom which made that good life possible.

Bruce Spencer King of Houston arrived last week to join Mrs. King who has been here for several days visiting her sister, Mrs. B. B. Ingham and other relatives.

**MARCH 31**

**LAST DAY TO REGISTER MOTOR VEHICLES!**

Despite the fact that the law provides that April 1 shall be the deadline for making application for motor vehicle registration, this year's deadline will be March 31.

April 1 comes on Sunday and the law makes no provision for an extension to April 2 for such a contingency.

Therefore, all registrations must be completed by Saturday, March 31. Applicants for registration after that date will be required to make affidavit that the vehicle has not been used on the highways or pay a 20 per cent penalty on the amount of the registration fee.

**OPEN THROUGH NOON HOUR**

**LAST WEEK OF REGISTRATION PERIOD**

For the convenience of the late registrants, the tax collector's office will be open through the noon hour during the final week of this month.

# THE LION'S ROAR

PUBLISHED BY STUDENTS OF THE JOURNALISM DEPARTMENT—OZONA HIGH SCHOOL

## News of Departments

Have you ever wondered how a reporter collects his news? No? It's not surprising. Few people do. Nevertheless, the following contains an excerpt from a telephone conversation in which one reporter, we'll call her Lois because that's her name, seeks information from another reporter, we'll call her Pat, for this column, News of the Departments.

Oh, yes, in sort of an off-hand way it might be best to mention that Pat's little brother, John, and his friend, Joe Boy, were making fudge at the Hickman residence. Not being very accomplished in the domestic sciences, they were continually urging her to join them to give counsel.

The telephone rings. It is answered. Greetings are exchanged. Then —

Pat — Just don't forget to hand in your assignments. We're short on news this week.

Lois' clever retort — Oh.

Pat in her most editor-like tone — Do you have News of Departments written?

Lois, another clever retort — No. (pause) Wait a second and you can tell me what you're doing in your classes (another pause. No pencil. (Another and longer pause) Now!

Pat — Well, in English IV we are reading "Silas Marner" and working in our grammar notebooks and no, John, you're making candy, not a cake. We sort of . . .

Lois — Pat?

Pat — Huh?

Lois — Run that by once more.

Pat — We're reading "Silas Marner" out of class and having discussions about it in class. You all quit, now, and give me that fork. Then we . . . no, John, butter. . . .

Lois — We have half the class period for study of grammar such as the conjunctions we're studying now. John! It's burning! Take it off the stove! (pause while badlam broke loose in the Hickman household)

Lois — Under control?

Pat — (nonchalantly) Oh, yes, where was I?

Lois — English.

Pat — That's about all though — very cut and dried. It won't make much copy. Bookkeeping we're — well, we're — we're keeping books!

In maybe about a week we start on a second practice set for partnerships like Jones & Jones, Smith & Jones, or like that one in town, Spencer 'n' — Spencer'n' — uh

Lois — Tracy?

Pat — No! Kincaid.

Lois — Oh.

Pat — It's a lot harder and will probably take us a month. We'll never make it. If you don't quit stringing that, John, and get it out of your ears.

Lois — What about band.

Pat — I can't tell you.

Lois — Why? Is it a secret?

Pat — No, I wasn't there today.

Lois — Well, today isn't the only day.

Pat — Last week's news is stale.

Lois — So is this week's.

Pat — Do you want all the interviews next week?

Lois (trembling) — Not!

Pat — Be careful then. In band we're getting ready to go to a marching contest.

Lois — When?

Pat — I don't know.

Lois — Where?

Pat — I don't know. — Anyway, we're playing the same songs over and over so we're about to go crazy. John, behave or you can't make any fudge (faint indistinguishable reply from the distance)

I don't care if it is half done, you can't make it unless you behave — Gosh, you ought to have plenty of news by now.

Lois (more or less discouraged)

— Yeah, plenty.

## Chorus to Present Assembly Program

An assembly program will be presented for the student body Friday, March 30 by the OHS choral department. There will be a variety of selections typifying each kind of music in its repertoire, both secular and religious.

The performance will be approximately 30 minutes long. Added attractions are the girls' sextette which is scheduled to perform and soloist, Jeannene Thompson.

Buddy Phillips, training in the Air Force at San Antonio, was home on leave the week-end.

FOR SALE: Warehouse, 48 x 90 ft. with 90 ft. trackage. E. C. Tarvin, phone 397, Barnhart. 51-5p

## Spring Traing Over Track Work to Begin

Although this is a piece of news that we almost missed, spring training for the football boys has come and gone. The training lasted 30 days. The coaches, Harris and Peltó, had a pretty big turn out of around 30 boys. There were Graham Childress, Bill Schneemann, Tom Piner, Charles Garlitz, Jimmie McMullan, Joe Bailey, Bill Maness, Billy West, Scott Hickman, Wayne Kuykendall, Kenneth Bledsoe, Kenneth Phillips, Pete Cisneros, Kootsey Smith, Onesimo DeHoyas, Bobby Womack, Ronnie Mullan, Don Cooper, Jodie Jones McMullan, Don Cooper, Tadpole Hale, Jodie Jones, IVrgil Machado, Baldomero Ramon and Buddie Whitley.

At the end of the training period, the boys had a game among themselves just to see what they could do. The Purple Panthers won over the Golden Geese 25-0.

Following the training period, the boys had a little over a week to recuperate and get ready for track which started Tuesday.

## Student of the Week

Our student of the week was born on January 23, 1934 in McCamey, Texas. Because her father is a Methodist preacher, she has moved around a lot. After McCamey, she lived in Austin, then Mercedes, Uvalde, San Antonio, San Marcos and finally, Ozona, which she likes best of all the towns she has lived in, except she wishes there were just a few more tall boys.

She's almost 5' 10" herself, has light blue eyes, and light brown hair. She likes to ride, swim, sew, cook, read and plan parties. Her favorite food is Mexican food, her ambition, to teach nursery school after she graduates from Southwestern, which she will attend after finishing San Angelo College. Her ideal man can be either very brunette or very blonde, about 6' 2" tall, have a crew cut, wear pretty (bright) shirts, and have the usual good personality and lots of fun to be with requirements.

Of course, it's senior Pat Hickman, Lions Roar editor, Student Council parliamentarian and member of the annual staff.

## Off the Bookshelf —

EDGE OF TIME — The Story of the first couple to start farming in the Panhandle. Among the hardships are their living quarters, a mud hut, and their trouble with the ranchers.

HORNS OF CAPRICORN—This is the story of two families on the Mississippi who held a bitter grudge against each other. A widow and her two daughters come back to the old homestead, following the death of their father, and live side by side by a family whom they consider their enemies. When the older daughter falls in love with the oldest neighbor boy, it makes for many hard feelings and much confusion. We'll let you read the book for yourself to discover how it ends.

ILL MET BY MOONLIGHT — Commando's land on the island of Crete, and with the help of islanders, capture a Nazi general and try to escape the island with him. DINNER AT ANTOINE'S —

This story takes place in New Orleans during the colorful season of the Mardi Gras.

A wealthy shipper comes to New Orleans to marry his fiancée, who has two daughters who seem to be having trouble trying to steal each other's husbands. When the older, who has palsy, is killed, it becomes a who-don-it-sort of story

## Over the Holidays —

There doesn't seem like much happening over the holidays . . . mostly, everyone stayed home and just rested. This is such a short week for the paper, I couldn't ask everyone what they did, but the ones I caught either said, "Nothing in" or "Stayed home." I caught

a few people as they came out of the classrooms at the hall and got a little news from a reporter. It seems that the ones who stayed home and did nothing were Pat Hickman, Jeannene Thompson, and Jeannene Thompson. (Continued On Page 5)

**"We've driven our 5 Dodge cars over a million miles"**

Says **GEORGE GILL**, Tasciob Fleet Operator, Red Bank, New Jersey

"When five standard Dodge sedans cover a million miles you realize what Dodge dependability means. All those miles were safe, dependable, comfortable miles for our passengers—amazingly economical and trouble free miles for us!"

**Depend on it! This great new Dodge will see you thru the long pull ahead!**

IN TIMES like these, it pays to own a car you know is engineered through and through to stand up better, serve you longer at lower cost. That's why we suggest you drive the car whose reputation for long life, ruggedness and stamina is recognized the world over.

**Spend 5 Minutes With Us.** Come in today. Five minutes is all it takes to check and compare . . . to learn how much more Dodge dependability can mean to you. Learn how you could pay up to \$1,000

# MERCURY WINS AGAIN IN MOBILGAS ECONOMY RUN!

**1951 MERCURY WITH OVERDRIVE IS DECLARED "ECONOMY CAR OF ITS CLASS"**

**New 1951 MERCURY**  
Nothing like it on the road!

**Kincaid & Spencer**  
OZONA, TEXAS

MERCURY with Touch-O-Matic Overdrive\* again takes first prize in Class "C" in the Mobilgas Economy Run! Proving its pound-for-pound gasoline economy, this stock Mercury scored amazing 59.868 ton-mile performance over a grueling 840-mile course staked out by the American Automobile Association. Virtually every kind of weather and road condition—7,000-foot ice-ridden mountain passes . . . sweltering, sand-swept roads of Death Valley—put the car to the test. But still, the new 1951 Mercury delivered the best ton-mile gasoline economy of any car in its class. That's something to think about when you buy a 1951 car. It's good to know that the new 1951 Mercury can save you money for years to come, no matter where you drive! As if this amazing economy weren't enough, Mercury also offers new styling that's more than just skin deep. New riding comfort that's designed to give you a smoother ride longer. New value that can't be surpassed by any car on the road today! Once again the facts have proved it—the new 1951 Mercury is "the buy of your life!" See it today in our showroom. \*For "the drive of your life," Mercury offers you a triple choice in transmissions. Merco-Matic Drive, the new, simpler, smoother, more efficient automatic transmission—or thirty Touch-O-Matic Overdrives are optional at extra cost. There's also about one synchronized standard transmission.

### Statewide Cancer Kick-Off Broadcast Set for Monday, Apr. 2

HOUSTON. — The 1951 Texas Cancer Crusade, which is launched every April throughout the state by the Texas Division of the American Cancer Society, will be "kicked off" with a half-hour broadcast over the Texas Quality Network, Monday, April 2, George E. B. Peddy of Houston, 1951 chairman, has announced.

Launched with a brief talk by Governor Allan Shivers, the special broadcast will originate from the Senate Chamber at the state capitol in Austin. The broadcast will begin at 9:30 p.m., with an introductory song by the University of Texas A Cappella Choir. Following the talk by Governor Shivers, Mrs. Joseph M. Perkins of Eastland, Vice President for Field Activities of the American Cancer Society will speak; followed by Dr. G. V. Brindley of Temple, Executive Vice President of the Division; and Frank C. Smith of Houston, President.

Ella Louise Goodson was home from Durham's Business College in Austin for the Easter holidays, visiting her parents, Mr. and Mrs. W. T. Goodson.

**MOST WANTED CRIMINAL** — A 32 year old ex-G.I. military policeman, now a patrolman on Mobile, Ala., police force, arrested one of the nation's "10 most wanted" criminals, Courtney Townsend Taylor (left). The officer, Jack Nelson (right), said it was easy to pinch the notorious Taylor whom FBI authorities charge with passing \$88,000 worth of bad checks during the last seven years in many of the 48 states.

### Style Show April 14 To Be Sponsored Here By Woman's Forum

### Last-Minute License Plate Applicants May Face Penalty on Fee

If you have not yet been to the tax collector's office to register your car, you had best postpone the other chores of the minute and hasten up to the courthouse and get it done.

Saturday is the final day for registering motor vehicles for 1951. Since April 1, the final day as provided by statute, falls on Sunday and no provision is made for a one-day extension in such an instance, if you wait until Monday to register your car you will have to pay a 20 percent penalty or make affidavit that your car has not been operated past the deadline.

### Childhood and Teen Problems Club Topic

Problems of childhood and teenage was the topic discussed by Mrs. Ben Williams at the business meeting of the Ozona Literary Club Tuesday afternoon. The meeting was held at the home of Mrs. J. P. Pogue with Mrs. Pogue and Mrs. Cleophas Cooke as hostesses.

Delicious strawberry whip and coffee were served to the following members: Mrs. Williams, Mrs. Robert Levo, Mrs. Jack Harris, Mrs. Fred Stoker, Mrs. Willard Skelton, Mrs. L. B. Harris, Mrs. Ken Cody, Mrs. Pogue and Mrs. Cooke.

REMINGTON ADDING machines at The Stockman office.

### Conoco to Drill Shannon Deep Test; Vaughan Test Spotted

Two wildcats one deep and one shallow, have been spotted in Crockett county.

Projected to 7,800 feet with rotary, Continental No. 1-A J. M. Shannon estate will be 2,000 from south, 2,068 feet from east line of section 22-UV-GC&SF.

It will be 14 miles northwest of Ozona, three miles northwest of the Vaughan field and 4 1/2 miles northeast of the Todd Deep field.

Texas Pacific Coast & Oil Co. No. 1-1 University, projected to 3,100 feet with rotary 15 miles southwest of Big Lake, will be 330 from south, 990 feet from east line of section 31-7-U. It will be three miles northwest of the World field.

Mr. and Mrs. Lee Nelson and little daughter, Judy Ann, of Blanco, Texas are visiting Mr. Nelson's parents, Mr. and Mrs. T. L. Nelson. The Lee Nelsons plan to move back to Ozona soon.

### BAPTIST NEWS NOTES

Teachers and officers of the First Baptist Church met for their monthly supper and inspirational meeting Monday night. Supper was served by the Beginner and Nursery departments to 27 of the 52 officers and teachers. The pastor presented some helps which will be of benefit to the teachers in addition to their personal libraries.

Cottage prayer meetings are being held throughout the week in behalf of the revival to begin Sunday. The following homes will be meeting places each night, Tuesday through Saturday at 7:30 p. m.: Clifton Tennysons, Church, J. T. Kestons, Ben Williams and Roy Thompsons.

Brick has arrived for the building addition. Cast stone soon will arrive and progress will be keen. The pastor, Rev. Clifton Tennyson, reports a successful revival

meeting at Hamilton last week. There were 70 additions to the church during the revival period. The pastor's father, Rev. R. C. Tennyson, is pastor at Hamilton.

First All-Texas Worsted Fabric

Garland Adair (left), curator of history for the Texas Memorial Museum, Austin, accepts from Robert E. Pent samples of the first worsted fabric ever woven from Texas yarn spun from Texas-grown wool. Pent is president of Pioneer Worsted Co., New Braunfels, the first worsted plant to be established south of the Mason & Dixon Line.

For the Field Day all cattle will be penned by Progeny Groups and records of performance will be available for each group. The morning will be devoted to an inspection of cattle in the feed lots. Barbecue lunch will be served at noon and a speaking program of interest to stockman will follow beginning at 1:00 p.m. Several speakers will appear on this program to discuss latest methods of brush and weed control, poisonous plants on ranges, various livestock and range problems, and to give the latest information on cattle work at various points.

REMINGTON ADDING Machines at the Stockman office.

JENNIE KING CIRCLE

The Jennie King Circle of the Woman's Society of Christian Service of the Methodist Church met Wednesday morning with Mrs. J. M. Baggett for a social hour beginning at 9 o'clock, with the day's program following.

Mrs. W. E. Friend, Jr., continued the study on countries in the East. Mrs. T. A. Kincaid, Jr., concluded with prayer.

The Circle will meet Wednesday, April 11 at 9 o'clock with Mrs. B. Cox, III, with chapters 3 and 5 from the study, to be given by various members. Present for the week's meeting were Mrs. D. M. Jones, Mrs. Joe Clayton, Mrs.

Tom Harris, Mrs. Ele Hagelstein, Mrs. Floyd Henderson, Mrs. H. B. Tandy, Mrs. Stephen Perner, Mrs. James Baggett, Mrs. T. A. Kincaid, Jr., Mrs. L. B. Cox, III, Mrs. W. E. Friend, Jr., and Mrs. Baggett.

Unrecorded among news events of three weeks ago was the birth of Travis Ray Smith, son of Mr. and Mrs. Raymond Smith of Ozona. The boy arrived at Ozona Hospital March 2.

We feel better every time Eisenhower refers to our future generation. For awhile we doubted if there would be any.

Cattlemen's Annual Field Day and Barbecue Saturday at Balmorhea

On Saturday, March 31, 1951, the Balmorhea Experiment Station will hold its Annual Cattlemen's Field Day and Barbecue.

Two hundred head of cattle have been in the feed lots since early November and the results will be presented at the Field Day program.

This progeny testing work started in 1941 and has had as its object the development of faster gaining strains of beef cattle which still retain their good quality.

Records have been kept on quality, grade, rate of gain, line of breeding, desirable characteristics, conformation and many other items important to the breeder of better beef cattle.

Among 26 cars entered in standard classifications in the 1951 Mobilgas Economy Run...

three Studebakers

CHAMPION...COMMANDER V-8...LAND CRUISER V-8

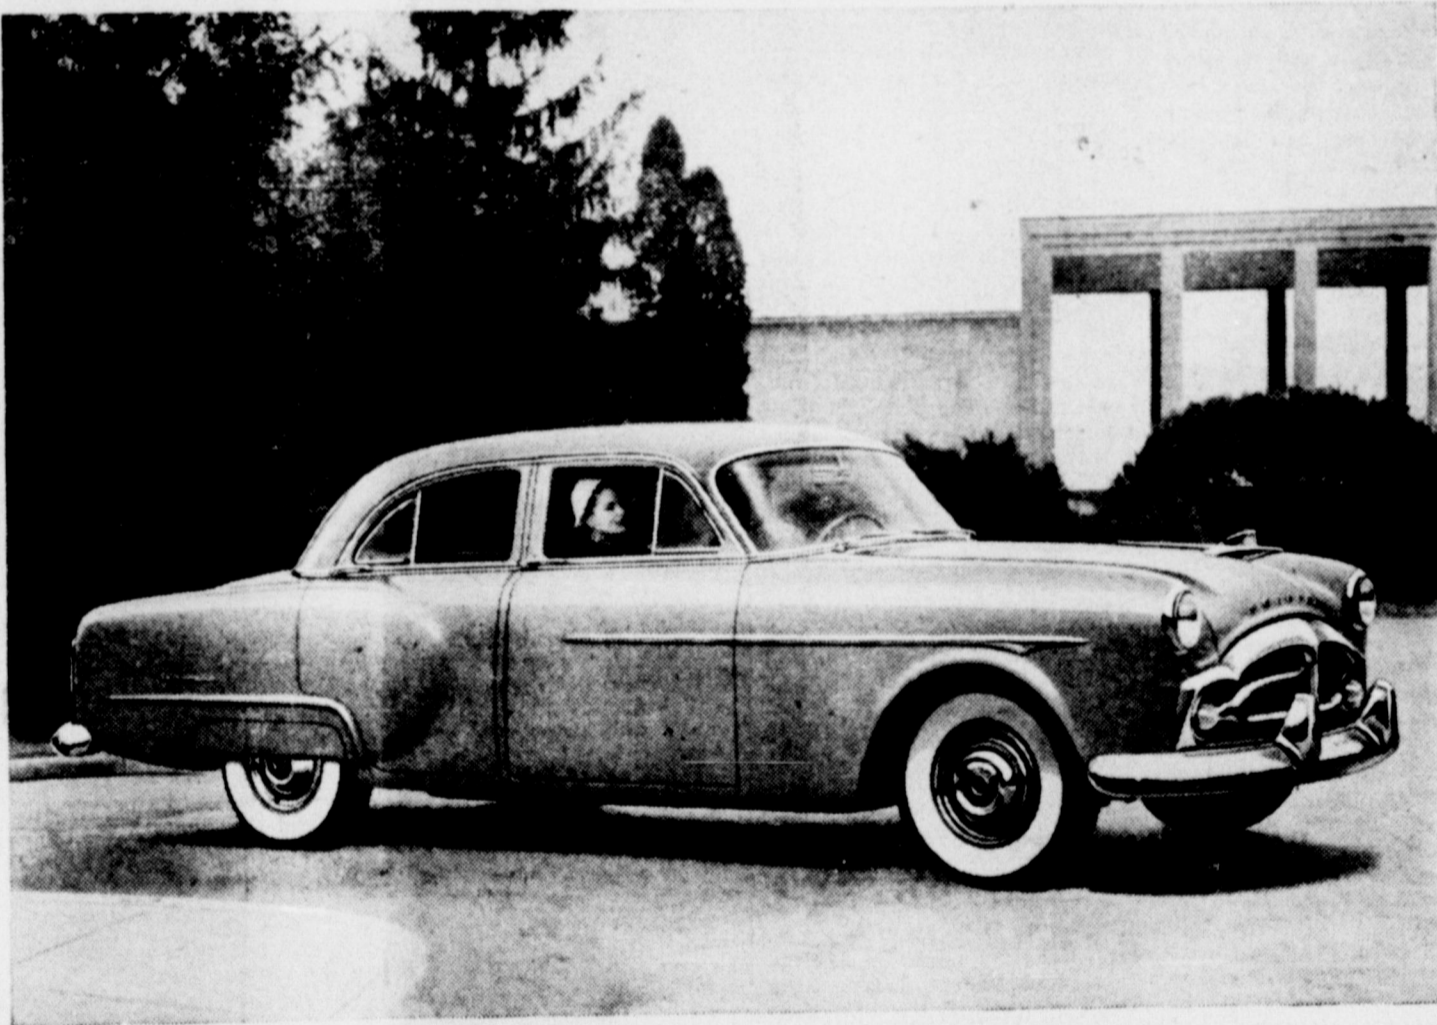

finished 1st, 2nd and 3rd in actual miles per gallon

Commander V-8 won the highest award in price class B for ton miles per gallon

LOOK AT THESE SENSATIONAL STUDEBAKER GAS MILEAGES

Table with 3 columns: Champion (28.6), Commander V-8 (28), Land Cruiser V-8 (27.6). All are actual miles per gallon.

In the 1951 Mobilgas Economy Run, three Studebakers successfully defended their reputation for stand-out gasoline mileage. The Studebakers were piloted by experienced drivers under A.A.A. Contest Board rules. Each Studebaker had overdrive, optional at extra cost—and used regular, not premium, gas. See your Studebaker dealer.

"Are all automatic drives alike?"

That's a question we often hear—and we believe the answer to it has a big bearing on your choice of a new car. The answer is...

NOT in snow, sand, or mud! If ever you've bogged down and couldn't "rock" your car because of the gear-shift lag in a self-shifting transmission... you'll appreciate this Packard Ultramatic advantage: You can change instantly—without clashing—from Forward to Reverse!

NOT on slippery streets! If a sudden "down-shift" has ever thrown your car into a dangerous skid, you'll know why Packard owners are so enthusiastic about the safety of Ultramatic Drive. Its smooth engine braking power gives you complete control!

NOT on the long haul! If you're familiar with the cost of gas-wasting slippage at cruising speeds, you'll welcome the thrifty, lasting efficiency of Packard Ultramatic Drive. No gas-wasting slippage when cruising. No service problems.

It's more than a car -- it's a

political saw, "What this nation needs is a revival of religion." One wonders if a revival would be recognized in Washington, if it came down Pennsylvania Avenue with a band in front and placards on both ends. If the President meant an easy deliverance from our national problems by way of a show of piety, he is wrong, as he has often been before. If he means a spiritual awakening accompanied by a tightening of the moral integrity of official and citizen alike, for once he is right.

Already we have passed our financial problems on to our children in the form of a tremendous national debt. If it is true that "the power to tax is the power to destroy," we are already partly destroyed and the end is not in sight.

We are not the pampered darlings of the Almighty. If we can not solve our problems and keep our integrity, we shall go down into the same night with others before us who did not solve their problems or keep their integrity.

**College Students Honored at Dinner**

Mrs. Hilton North and Mrs. Gertrude Perry entertained with a dinner party at the Adams Tea Room Saturday evening to honor their daughter and son, Mary Ann North and Joe Perry and guests, Ollie Whitley and Judy McQuillen.

The guest list included besides the honored couples, Mildred Hopkins, Polly Harding, Corinne Phillips, Sus Meinecke, Jo Lou Brewer, Judy White, Kay Kirby, Mr. and Mrs. Jack Brewer, Jr., Bill Melton, James Chapman, Bill Cunningham, Billy Stanfield, Chris Perner, Sam Perner, Lin Hicks, Charles Schneider, Joe Ross Huffstodler, J. G. Huffstodler, William Meinecke, Jimmy Read, Alton Smith, Bernard Lemmons, Dick Fryar and Frankie Chapman.

**NOTICE OF ENFORCEMENT OF LAWS REGARDING STRAY DOGS IN CROCKETT COUNTY**

It has come to the attention of the Commissioners Court of Crockett County that stray dogs are depredating on livestock in pastures adjoining the town of Ozona and causing considerable financial loss to ranchmen. Stray dogs have become so numerous in Ozona that the Court feels that immediate action toward curbing their depredations is imperative.

Therefore, the court has decided to employ a dog pound man whose duty it shall be to catch and destroy stray dogs in and around Ozona in so far as the law permits and directs.

Crockett county has a dog law license law which requires all dogs to be registered and tagged. The law provides that it shall be unlawful for the owner of any dog six months or more of age to allow any such dog to run at large unless the animal has been registered and tagged.

The law further provides that "it shall be unlawful for the owner of any dog to allow such dog to run at large between sunset and sunrise of the following day, unless such dog has securely fastened about his mouth a leather or metal muzzle as will effectively prevent such dog from killing or injuring sheep, goats, calves or other domestic animals or fowls," the above paragraph applies whether the above paragraph applies whether dogs are registered or not.

The law offers protection to owners of domestic animals against depredation by dogs, in the following language, being Sec. 3 of Art. 1371, Tit. 17 of the Penal Code:

"Any dog, whether registered and tagged or not, when found attacking any sheep, goats, calves and or other domestic animals or fowls, or which has recently made, or is about to make such attack on any sheep, goat, calves and / or other domestic animals or fowls, may be killed by anyone present and witnessing or having knowledge of such attack and without liability in damage to the owner of such dog. Any dog, whether registered and tagged or not, known or suspected to be a killer of sheep, goats, calves or other domestic animals or fowls, is hereby declared to be a public nuisance and such dog may be detained or impounded by any person until the owner may be notified, and until all damage done by said dog shall have been determined and paid to

**Reddy for ANYTHING!**

Whom does your government turn to for leadership in time of WAR? To business men, of course. Because they know how to deliver the goods. Their "know-how" plus plenty of Reddy Kilowatt power helped win World War II. Reddy Kilowatt power was "never too little, never too late". Now, he's ready again. Your Reddy Kilowatt is always READY... on TIME... and at the lowest wages in his history.

The business-managed electric industry is the one industry that has doubled its capacity, and reduced the cost.

- NEW HALF-TONNERS have easy new steering column gearshift.
- NEW WIDER VISION in all cabs, 50% more foot view.
- FOUR-SPEED SYNCHRO-SILENT TRANSMISSION available at extra cost in Series F-4, F-5 and F-6.
- NEW CHROME-PLATED TOP PISTON RINGS now standard in all four Ford Truck engines.

Choose from over 180 new Ford Truck models, from 95-h.p. Pickups to 145-h.p. BIG JOBS like this. You can choose a V-8 or SA.

**FORD TRUCKS for '51**

feature **POWER PILOT ECONOMY**

The Ford Truck Power Pilot is a simpler, fully-proven way of getting the most power from the least gas. The Power Pilot automatically meters and fires the right amount of gas, at precisely the right instant, to match constantly changing speed, load and power requirements.

Unlike conventional systems, the Power Pilot uses only one control instead of two, yet is designed to

synchronize firing twice as accurately. You can use regular gas... you get no-knock performance. Only Ford in the low-price field gives you Power Pilot Economy!

Ford Trucks cut your expenses through low initial cost, low fuel consumption, minimum maintenance, longer life.

Come in today to get ALL the facts on the Economy Leaders for 1951.

Ford Trucking Costs Less because—
