Six Months \$1.25
Outside of the State \$2.50

Notices of church entertainments where admission is charged, cards of thanks, resolutions of respect and all matter not news, will be charged for at regular advertising rates.

THURSDAY, OCTOBER 26, 1939

War Solidifies Americas

The war has brought one boon to this hemisphere—it has immensely solidified the American Republics, all the way from the Great Lakes to Cape Horn.

The Latin-American countries, like their "big brother," the U. S., are extremely eager not only to keep out of war, but to take any and all steps which might help prevent the war from dislocating their economies more than is necessary.

Biggest thing to come out of that parley was the "safety zone," which completely surrounds North and South America (with the natural exception of Canada), for a width of about three hundred miles.

As Life puts it, "This bold extension of the Monroe Doctrine far beyond the traditional three-mile limit left the world gasping." And, once the gasps were over, protests began pouring in.

Don't Make Emergency Permanent

Dangerous precedents can be established in the name of emergency, when steps may be taken which can never be retraced.

Here in our own country we are not at war—but a "limited emergency" has been declared. Plans

are being made for extending the powers of government in many directions, for the purpose of avowedly protecting our interests. It is essential, if democracy is to be preserved and we are to escape the blight of totalitarianism, that the people thoroughly understand the issues that confront them—and analyze them in a spirit of cool logic and not in a spirit of hysterical emotionalism.

No fiat power should ever be placed in the hands of a permanent government bureau or department. If emergency laws must be enacted, they should be administered by purely emergency bureaus, which will automatically dissolve when the emergency is over.

As General Johnson observed recently in a radio address, to give sweeping new powers to the permanent bureaus of government would amount to giving away liberty—and for keeps. Politics lusts always for more power. It never willingly returns a grant of authority, once it has experienced it.

Don't forget that not all the enemies of democracy are abroad—there are plenty of them within our own gates. When it is asked that Congress give the government a tighter check rein on liberty, the lawmakers should make haste exceedingly slowly.

People of Portugal spent over \$540,000 for German medicines in a year.

Qualified
A merchant advertised in his local paper for a clerk. One line of the copy read: "Must be able to bear confinement."

Among the letters of application was one in which the writer recited his many qualifications, and said in conclusion: "And I'm well experienced in confinement, as I have just served seven years in jail."

Consumer Reaps Savings

We have apparently learned that there is no need to worry about sudden and sharp price rises because of the war. The acute fear that possessed many Americans when war first broke out in Europe, causing them to rush panic-stricken into stores to purchase abnormally large stocks of staples, soon subsided.

That is all to the good. There is not a single logical reason why prices in this country, so far as basic commodities are concerned, should zoom. Prices may go up—but the increases should take place slowly, gradually and naturally.

The little towns of this country are served by stores which, from the standpoint of variety, service and price, can be found only in the great centers of population in other lands. The modern merchant, like the modern manufacturer, no longer seeks to charge all the traffic will bear.

The government, it is reported, is ready to crack down if and when profiteering rears its head. And the retailers of America, large and small, are working harder than ever before to hold the cost-of-living down—they know better than anyone else that high prices mean few sales.

Say "I saw it in the Stockman"

1939 Auto Sales In Texas Show Increase

AUSTIN, Oct. 23.—Automotive dealers of Texas suffered the usual seasonal depression during September, but their sales of new vehicles for the first nine months of 1939 climbed a third higher than for the same period of 1938.

A total of 3,673 new passenger cars was purchased in 15 Texas counties during September, 31.8 per cent above September last year but down 21.6 per cent from the preceding month.

Protests have been made in Ireland against attracting tourists to the country because foreigners "make the Irish discontented by their wealth and lavishness."

"A scientist tells us that by means of a specially constructed pendulum it is possible to see the earth turning around. The same result can be achieved by means of a cork-screw."

NOTICE OF REWARD
I am offering \$500 Reward for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may claim the reward.
W. S. WILLIS
Sheriff, Crockett County

THE WORLD'S GOOD NEWS will come to your home every day through THE CHRISTIAN SCIENCE MONITOR. An International Daily Newspaper. It records for you the world's clean, constructive doings. The Monitor does not exploit crime or sensation; neither does it ignore them, but deals correctively with them.

Your Drug Store Now HOME-OWNED An Important Announcement From Pascal Northcutt and Al Nimmo

We are happy to announce our purchase of all stock in the SMITH DRUG CO., Inc., and to advise you that this store is now entirely HOME-OWNED.

We have taken this step as a result of our confidence in the future of this community and through an appreciation for the fine citizenship which composes the county. It has been our ambition since becoming identified with this community to cast our lot here permanently and this opportunity is a culmination of that ambition.

On the occasion of this step whereby we cast our permanent lot with our many friends in Ozona, we wish to express our deepest appreciation for the splendid patronage which we have enjoyed since becoming associated with this store. We are grateful for the many friendships we have made and we are now especially grateful for this opportunity which makes it possible for us to feel that we shall be able to call this our permanent home.

We shall continue to serve you to the very best of our ability and to continue to build a store of which you will be proud, offering you always the choicest brands of merchandise at a fair price. It has always been our aim to please you, and now that the responsibility is solely our own, we shall strive even harder to achieve that aim. And it is our earnest hope that you will continue to give us the opportunity to SERVE YOUR BETTER.

Behind The Scenes In American Business

By John Craddock

NEW YORK, Oct. 25.—BUSINESS.—A chance for the unemployed or partly employed to pick up a few dollars is indicated by the sharp rise in scrap iron prices since the war. From \$15 a ton in August to \$25 or \$26 a ton today means a squeeze on profits of steel companies, which mix equal quantities of scrap with iron ore in making steel, but anyone with the time and energy to scour cellars, vacant lots or junk heaps for discarded pieces of iron or steel should be able to sell such findings to the local junk dealer at a good price.

Another effect of the war has been on carpet prices, and anyone contemplating a new rug for the home would be well advised to buy now. Although the U. S. is second only to Australia in wool production, the mild climate here makes it impossible to produce the coarse, heavy wool needed for carpets. China, involved in her own war with Japan, can ship none here. Argentina and other suppliers have had their clip embargoed because of the European conflict. Result is a looming shortage in America, already reflected in a 10 per cent increase in carpet prices since Sept. 1.

WASHINGTON. — Once again the government is becoming concerned as business activity increases. Word has gone out that the department of commerce soon will issue a warning against over-expansion. Unless the brakes are applied to rapidly mounting inventories in hands of retailers, wholesalers and manufacturers, some officials in the department feel, business next spring may

Estonia Fires Her Army; Russia Takes Charge

Tiny Estonia packed away her vest-pocket army when her foreign minister Karl Selter was forced to sign a treaty making the nation a virtual protectorate of Soviet Russia. Photo shows soldiers of the tiny Baltic sea coast are being taken to storage. Map shows Estonia's position. The two islands off her assistance treaties with Latvia and Lithuania, to the south, placing them in substantially the same position as Estonia. Observers believed Russia was strengthening her position against any possible action by Germany, her new "ally."

have to coast along with several lean weeks or months while waiting for goods now being produced to be consumed. The theory is, of course, that sustained recovery can be built only by expanding the nation's production and facilities at a rate that keeps just a shade ahead of demand from the public which is the ultimate consumer.

STIFF PACE.—Several times in the last ten years industry has stepped up production only to be thwarted by inability of consumers to match the pace. It happened toward the end of the ill-fated NRA experiment and again in the summer of 1937. When on some future day it is possible to untangle all the strands of present-day economic activity, the plight of the consumer very possibly may be traced to a tremendously increased tax burden, especially taxes of the hidden variety which are buried in the cost of merchandise the consumer is asked to buy. The extent of this tax load is indicated by a study on states taxes just completed by the National consumers tax commission, whose headquarters are in Chicago. The commission found that three indirectly assessed levies—those on motor fuels, payrolls and general sales—produced more than half of the \$3,904,525,000 total tax collections of the 48 state governments in 1938.

THINGS TO WATCH FOR.—Another wrinkle for women's hats—plastic sheeting for a pastel, translucent rim in a summer bonnet. . . . New type of high-vitamin bread, which retains the heart of the valuable wheat kernel usually disposed of by millers because it has an oil making it impossible to store flour. . . . Speedometers in club cars of trains so that passengers can tell how fast they are going. . . . New stenographer's "bible"—booklet called "50 Common Typing Faults and How to Correct Them" written by world's typing champ and being circulated by a leading typewriter manufacturer. . . . Super-scoop steam shovels—one costing \$450,000 and having a "bite capacity" of 35 cubic yards now being built in Marion, Ohio. . . . Use of the airplane in

wild life preservation—the Maine game commission has purchased a Stinson "Reliant" plane to drop young fish from the air to stock inland streams in summer, and to transport hay and other feeds to snowbound deer in winter.

HEADLINES IN NEW YORK—Department store sales for nation rise 11 per cent in first week of October. . . . Plans to lend government gold holdings to Latin-American nations as a trade spur are near negotiation stage. . . . Industrial production in last few weeks has climbed close to 1929 levels. . . . U. S. exports up 16 per cent in first month of European war. . . . TWA buys five Boeing four-engine "stratoliners" for service in spring. . . . World's most power-

ful air-conditioning compressor weighing four tons and occupying 21 square feet of floor space, developed by Westinghouse Electric; its cooling effectiveness is said to equal that of 200,000 pounds of ice. . . . Heavy soft coal demand for steel mills and coke ovens in Midwest causes rail car shortage.

Navy Aviation Board To Hold Texas Exams

According to information received from the U. S. Naval Air Station, Pensacola, Fla., a board of naval officers will meet at the Adolphus hotel in Dallas, Texas, for about ten days commencing November 13, for the purpose of

examining candidates for naval aviation training. This board is headed by Lieut. A. Laverents, as senior member. Lieutenant Laverents is a wartime aviator at present on duty at the Naval Air Station, Pensacola, Fla. He states that about 150 candidates have already applied and have been accepted for examination. All candidates will be given a personal interview and a flight physical examination. No mental examinations will be given as candidates will be judged on their scholastic record. Successful candidates will be sent to Miami, Fla., for one month's preliminary training, after which they report to Pensacola for the prescribed naval aviation course. Upon graduation, these students are commissioned as officers in the Naval Reserve and sent to active duty with the aviation squadrons of the U. S. Navy. To be eligible for this training candidates must meet the following requirements: Be an American citizen between the ages of 20 and 27. Be unmarried. Be at least five feet six inches tall, and weigh between 132 and 200 pounds. Be in sound physical condition. Have at least two full years of college education.

cola for the prescribed naval aviation course. Upon graduation, these students are commissioned as officers in the Naval Reserve and sent to active duty with the aviation squadrons of the U. S. Navy. Be at least five feet six inches tall, and weigh between 132 and 200 pounds. Be in sound physical condition. Have at least two full years of college education.

WINTER ISN'T AS DREARY SINCE WE GOT A TELEPHONE

Actually, it seems like a busy season! People call up to offer Jim or the boys a job somewhere. Betty keeps her 4-H Club girls going by telephone—and now and then the superintendent calls her for a substitute teaching job. I couldn't call it a dull winter—or lonely either, when I can talk to my friends any time on the telephone, no matter how bad the roads are!

IT PAYS TO HAVE A TELEPHONE—ESPECIALLY IN WINTER!

You Can't do BETTER by your Car

That's a fact, mister—or Mrs., as the case may be. They just don't make an automotive motor fuel better than Humble's Esso. . . . A broad statement, we grant you, but Esso will back it up in the perfect performance it gives you in every-day use in your car. . . . But we don't ask you to take our word for it; rather, we suggest that you try Esso and see for yourself. We suggest that you check its anti-knock quality, its power, its easy starting, its cooler operation. And after you've used it regularly for a while, you'll notice that it leaves your motor in first class condition—an important point to the gentleman who pays repair bills. . . . Next time your gauge shows low, fill up with Esso at the nearest Humble sign. Test a tankful—you'll come back for another!

• AROUND • the WATERINGS . .

By C. MAYE DUNLAP

"Every time it rains, it rains pennies from heaven" is the song the ranchmen will be whistling this week since it started showering around the country again last night.

Richard Flowers recently sold 1200 head of mixed lambs to Ray Willoughby at 7 1/4 cents.

Les Humphrey, San Angelo buyer for Conley and Humphrey, has bought approximately 12,900 lambs at 7 1/4 cents.

Public Welfare Is Program Topic At Woman's Club Meet

The Ozona Woman's club met Tuesday afternoon at the home of Mrs. Hillery Phillips for the semi-monthly meeting.

Mrs. W. R. Baggett was leader of the public welfare program. Mrs. W. E. Smith gave a talk on "Child Welfare" and Mrs. B. B. Ingham discussed the "Indian Welfare" and exhibited several pieces of Indian handcraft that was made by Texas Indians on the reservation at Livingston, Texas.

The house was decorated with fall flowers, and pumpkin pie and coffee were served.

Club members present were Mrs. B. B. Ingham, Mrs. P. T. Robinson, Mrs. W. R. Baggett, Mrs. Carl Colwick, Mrs. W. E. Smith, Mrs. Stephen Perner, Mrs. Vic Pierce, Mrs. A. W. Jones, Mrs. A. C. Hoover, Mrs. George Montgomery, Mrs. Scott Peters, and Mrs. A. E. Deland.

Guests included Mrs. E. H. Chandler, grandmother of Mrs. Colwick, Miss Aubrey Littleton of San Angelo, and Mrs. Alice Baker.

Mr. and Mrs. Lowell Littleton had as their guest during the first of the week Mr. Littleton's sister, Miss Aubrey Littleton from San Angelo.

2500 head from Fleet Coates.

About 2,000 broken mouthed ewes have been shipped out from Sonora and Eldorado during the past week that sold for \$2 a round. The Mann Commission company of San Angelo were the buyers.

It's almost a month until the trapping season opens and buyers and trappers are anxiously looking forward to December 1 this year. Varmints are plentiful and with the good acorn crops they should have good pelts. Optimistic prices are predicted.

Congratulations to Mr. and Mrs. John Bailey, who are to celebrate their 40th wedding anniversary Saturday.

Spiritual Life Study Continued

Continuing its spiritual life study, the Woman's Missionary society of the Methodist church met at the regular hour Wednesday afternoon at the church. The study was directed by Mrs. J. A. Fussell.

Present were Mrs. Stephen Perner, Mrs. Vic Pierce, Mrs. Bright Baggett, Mrs. Evert White, Mrs. O. D. Busby, Mrs. Minnie Crumley, Mrs. George Russell, Mrs. Eugene Slater, Mrs. Bascomb Cox, Mrs. John Bailey, Mrs. Madden Read, Mrs. Floyd Henderson, Mrs. Scott Peters, Mrs. Tom Owens, Mrs. Charles Williams, Mrs. W. R. Baggett and Mrs. J. A. Fussell.

BUDDY PHILLIPS HONORED ON 9th BIRTHDAY

Mrs. Hillery Phillips honored her son, Buddy, with a birthday party on his ninth birthday at her home Friday afternoon.

Out-door games were played and refreshments were served from a table on the lawn to Mary Katherine Flowers, Corrine Phillips, Lillian Schneemann, Bernard Lemmons, Jane Augustine, Joe Perry, Joe Bean, Arthur Byrd Phillips, Benny Gail Phillips, Tom Kincaid, Maurice Cox, Phil Hardberger, Jack Collins Coates, Kerry Tandy, Sonny Perner, Billy Joe McDonald, Mrs. T. A. Kincaid, Jr., Mrs. Arthur Phillips and Mrs. Lowell Littleton.

Mr. and Mrs. J. C. Montgomery have returned from a trip through the northern states. They went from here to Flint, Mich., where they drove a new Buick from the factory and continued their tour into Canada and back through New York, Washington and other points of interest.

Fred Gipson— (Continued from Page One)

It's past midnight in this same upheaval of ragged and broken granite boulders. It's bitter cold. A heavy fog is settling down. The dim moonlight above cannot penetrate much. There's a thin glaze of ice upon the rocks and trees.

The hounds have treed. They rage at the foot of a tall post oak, one trying to climb it. The Little Brother holds the flashlight, while with stiff fingers, I chop into the hole I've cut. There's a savage growl and the scraping claws up the inside of the hollow.

The hounds tie in. Bedlam breaks loose there in the dead of night. The hounds have caught something they can't turn loose. That's a big old coon. He's a scrapper from way back. He's got a strong set of jaws, four sets of claws. He's sinking them deep and fast.

Howling dogs, ears torn and bleeding, break away, only to be sucked into the fight again. One slap of a fore paw rolls a half-grown hound pup, end over end. He hides behind a log, sitting on his tucked tail and howling his misery.

The battle rages off into a deep hollow, up a steep bank on the other side, around the foot of another boulder pile. It's a wild, whirling mass of tumbling bodies and bloody, squalling savagery. It's what makes a kid stay out all night on a coon hunt.

Then the old coon finally stands off the pack of young hounds. And Old Queen, veteran of many such a scrap, gets a chance to do her work. She closes in, waits her chance, then suddenly clamps her jaws across the back of the battler's neck. She shuts her eyes and keeps that hold.

We've got another coonhide to add to those stretched up in the barn.

But we're not out of the rocks. By now, the fog has closed down completely. We can't see a foot ahead. And in the excitement of the fight our senses are muddled. We don't know one direction from another. We're right at home, but we're lost.

We feel our way over the ice to the top of a huge boulder, trying to see out. We can see up here. We're above the fog. But only the topmost rocks are sticking out. We can't see any features of the surrounding country.

We crawl back down into the smother of fog. We ease back into a shallow cave in the cracks of the rocks, where there is a heap of dry leaves. We set fire to a dead blackjack at the mouth of the cave, kick the leaves back to the

far end and pile down. The hounds, wet and blood-smearred, crawl in and bed up with us. We're proud to have them. A hound can warm the freezing side of a man that's away from the fire.

And there, until daylight, we huddle together, sleeping fitfully, scorching at times, freezing at others. We're glad when the cold grey daylight breaks and we can crawl out.

Stiff and sore and exhausted, we climb again to the top of the rocks to get our bearings. And to the south, less than a quarter of a mile away, the tin roof of the ranch house sticks out through the trees.

"You're not listening to a word I'm saying," scolds the Duchess. And I'm on the spot again.

PARTY FOR YOUNGSTERS

A group of youngsters enjoyed a party at the home of Shirley Faye Manning Friday afternoon, when they gathered to play games, eat angel food cake and drink hot chocolate.

Present were Sue Littleton, William Meinecke, Mary Ann North, Dorothy Stevens, Tommy Laxson, LaFerne Nance, D. L. Terry, Richard Cloud, Dorothy Dell Fenner, Frank Chapman, Vanna Lee Ivy, Eugene Evans, Joe Elledge, Jaunell Word, Raymond Brownrigg, Cieta Terry, Albert Yancy, Elea-

nor Doran, Doris Armentrout, Billy Gene Manning, Shirley Faye Manning, Judy White and Roy Manning.

NEAL HANNAHS HOSTS AT FORTY-TWO

Mr. and Mrs. Neal Hannah entertained members of their club Tuesday night with a forty-two party at their home.

The Hollow'en motif was suggested in decorations, and ginger pudding and coffee were served.

Present were Mr. and Mrs. Lowell Littleton, Mr. and Mrs. Lee Wilson, Mr. and Mrs. Boyd Lovelace, Mr. and Mrs. Hubert Baker,

Mr. and Mrs. L. B. Cox, Jr., Mr. and Mrs. P. T. Robinson, Mr. and Mrs. Ben Robertson, Mr. and Mrs. Ted White, Mr. and Mrs. Bryan McDonald, Mr. and Mrs. Stephen Perner, Mr. and Mrs. George Neersra, Mrs. Alice Baker and Miss Aubrey Littleton.

Attending the Texas U-Arkansas football game in Austin Saturday were Mr. and Mrs. Doug Kirby and Mr. and Mrs. Buddy Moore.

Elizabeth Ann Baggett, small daughter of Mr. and Mrs. James Baggett, has been ill for the past week.

Red Cross Warns Home Is More Dangerous Than Highway, Urges Check for Hazards

American Red Cross supplies householders and farmers with a check list of accident hazards in fight against large annual death toll. Hazards shown: top left, mowers, harrows and other farm machinery, left in gear, when making repairs, may result in grave injury to farmer. Top right: pointed shears in the hands of children are as dangerous as matches. Below right: most home accidents are due to falls, and scatter rugs on polished floors should be anchored by use of non-skid lining as shown.

HOME mishaps kill or injure many more persons than motor vehicles, yet the average householder faces traffic with mingling and relaxes at home. Each year hazards injure more than 100,000 persons engaged in farm work, yet the farmer fails to take safety precautions which the factory worker adopts as a matter of course.

Together home and farm work accidents last year killed 35,400 adults and children and injured the staggering number of 4,750,000 persons. To combat this annual accident scourge the American Red Cross launched a nation-wide program in 1935 to acquaint householders and farm workers with the hazards coincident with their work and home life. This year more than 1900 Red Cross chapters are sponsoring this task in the communities they serve.

On October 23 the annual Red Cross campaign will begin throughout the

nation to assist householders to discover and eliminate hazards liable to cause accidents in the home. Members of the American Junior Red Cross and their schoolmates will distribute check lists to parents and assist in examining their own homes and in removing hazards. This Red Cross warning reaches more than 9,000,000 homes and farms each year.

The Red Cross stresses the need of removing hazards which may cause falls, as this type of accident resulted in more than half of last year's home accident fatalities. Among chief causes are poorly lighted stairs, loose railings, small rugs improperly anchored and children's toys left about. Burns and explosions cause the next heaviest loss of life, 5,300 being killed in 1938 by this type of accident, and the Red Cross self-check list points to the danger of scalding liquids in pots and pans left near the edge of the stove, matches left

within reach of children, and fireplaces unguarded by proper screening. Other main causes of accidental death are mechanical suffocation, poison gases and firearms, Red Cross officials said. Accident prevention is a part of the continuing Red Cross program. All Red Cross services are supported by the people who join at the time of the annual Roll Call, this year from November 11-30.

Baptist Missionary Circles Hold Study Programs Wednesday

The Annie Sallee circle of the Baptist W. M. S. met Wednesday afternoon at the home of Mrs. Annie Ray Smith for a Bible study. Apple pie with whipped cream and coffee were served. Present were Mrs. Joe Billie, Mrs. Cleophus Cooke, Mrs. J. P. Pogue, Mrs. J. M. Cox, Mrs. Charles Powell, Mrs. E. A. Nelson and Lottie. The E. A. Nelson and Lottie circles met at the Baptist church for a Royal Service program. Those taking part on the program were Mrs. Claude Hill, Mrs. Clyde Childers, Mrs. A. W. Mrs. A. C. Hoover, Mrs. Mrs. Littleton, Mrs. J. T. Keen, and Mrs. Charlie Butler. Others present were Mrs. R. K. Mrs. Johnny Culp, Mrs. J. Whitley, Mrs. Lee Snyder, Mrs. Mitchell and Mrs. W. J.

Foocy to Herman

Edward Gohring of Rockford, Ill., wishes nothing but bad luck to his first cousin, German Field Marshal Herman Goering, No. 2 Nazi. Here Gohring views the field marshal's picture in his family album and expresses his uncousinly attitude.

TATTLING

By C. MAYE DUNLAP

There was a time when the lusty yelp, "Fork 'em, cowhand," applied only to the male element of the ranges, when handling cattle from atop a weaving, cutting and roping horse was a job for only the men, but the feminine element is coming into its own now. Some of the ranchmen of West Texas have come to the realization that their daughters can ride jump for jump and rope loop for loop with them, and do it on horses that they had thought that none but themselves could sit in action.

We doubt, however, if it was much of a shock for Tom Owens to see how well his daughter, Margaret, could ride in the Midland rodeo, because she has been doing a fair job of riding a horse for several years, but it is safe to bet that he was sort of proud when Margaret won first place, which gave her the title "Miss 1939," and had the additional honor of having United States Senator Tom Connally present her with the prize, a \$150 saddle, and girth it on her horse. Margaret can rope and tie a Brahma calf in 31 1/2 seconds, and that is good time in anybody's language.

What with hearing about the honors being bestowed upon our Ozona boys at college, we decided it was about time to begin to hear from the fairer sex of the group, and sure 'nuff, we got the grapevine this week that Mary Alice Smith and Billie Gene Linticum have been initiated into the Progressive club at T. C. U.

Mary Frances West cruised home over the past weekend from Waco, where she is attending Baylor U. to visit her parents and friends here, and to witness the football game between Ozona and Menard Saturday. Mary Frances will argue anyone that Baylor tops all the universities and colleges in the world, and says their football team is really great.

RAY DUNLAPS ARE HOSTS AT FORTY-TWO

Mr. and Mrs. Ray Dunlap and Mr. and Mrs. Hugh Gray entertained five tables of friends with a forty-two party Friday night at the home of the Ray Dunlaps. Queen's wreath and fern decorated the house and pineapple sherbet and cake were served.

High score prize was given to Mrs. W. S. Willis for the women, and Harlan Townley won high score for the men. Mrs. Ernest Dunlap won the traveling prize.

Guests included Mr. and Mrs. A. O. Fields, Mr. and Mrs. O. D. Busby, Mr. and Mrs. Charles Butler, Mr. and Mrs. Ernest Dunlap, Mr. and Mrs. Harlan Townley, Mr. and Mrs. Charles Powell, Mr. and Mrs. Bill Littleton, Mrs. Leslie Nance, Mrs. W. S. Willis and Mrs. Alice Baker.

MRS. COLWICK ENTERTAINS FRIDAY CLUB

Mrs. Carl Colwick entertained the Friday Bridge club at her ranch home Friday afternoon with two tables of members and one table of guests.

High score prize was given to Mrs. Tom Smith, and guest high was won by Mrs. Arthur Phillips. Consolation went to Mrs. George Montgomery. Mrs. Tom Harris, Mrs. Johnny Henderson and Mrs. Hudson Mayes won high cuts.

Fall flowers were used as decorations and a salad plate and hot tea were served as refreshments.

Others present were Mrs. O. A. Kirby, Mrs. Mike Friend, Mrs. Ben Robertson, Mrs. Ted White, Mrs. Hillery Phillips and Mrs. J. A. Barrow.

The club is to meet with Mrs. Johnny Henderson Friday.

Joe Oberkamp was ill the first of the week.

Fredda Surguy, daughter of Mr. and Mrs. Fred Surguy, entertained several of her friends with a party at her home Saturday afternoon. Outdoor games were played and lemonade and cake were served to Estes Smith, Arthur Runnion, Ralph McCaleb, J. B. Chapman, Billy Gene Hill, Patsy Johnson, Billy Ray Manikin, Margaret Williams, Jo Nell Russell, Sandra Jean Augustine, Sammy Laxton, Edith Lou Piner, Jane Augustine, Mrs. Sam Mitchell, Mrs. Slim Davidson and Mrs. Fred Surguy.

METHODIST CHURCH Eugene Slater, Minister

Calendar of Services:
Sunday school, 9:45 a. m.
Y. P. meeting, 6:45 p. m.
Morning worship, 11 o'clock.
Evening worship, 7:45 o'clock.
Mid-week services, Wednesday 7:30 p. m.
Woman's Missionary society Wednesday, 3 p. m.
Young Woman's Missionary society, Thursday 2 p. m.
Choir rehearsal, Thursday, 7:30 p. m.

The pastor suggests that one of the finest ways with which to begin the new conference year is for everyone to attend church this Sunday. Begin right now to open your life to the blessings that regular church-going bring you!

Tom Adams, an employe on the ranch of Mrs. B. B. Ingham for several years, has accepted a position at the Davis Mountains Camp between Balmorhea and Kent. Mrs. Ingham recently leased her ranch on the Pecos river to her brother, Morris Dudley, and her two sons, B. B. and Dudley Ingham.

Mrs. Carl Colwick has as her guest her granddaughter, Mrs. E. H. Chandler of Stephenville, who will visit here for about ten days.

Methodist Young Woman's Missionary Group Holds Meeting

The Methodist Young Peoples Missionary society met Thursday at the ranch home of Mrs. James Baggett for a Mexican luncheon.

Mrs. Ted White was the leader for the day. "The World Community in American Cities" was discussed by Miss Dorothy Faye Drake and Mrs. Richard Flowers.

Present were Mrs. Eddie Eddie Bower, Miss Dorothy Faye Drake, Mrs. J. A. Barrow, Mrs. Ele Hagelstein, Mrs. Paul Phillips, Mrs. Bill Conklin, Mrs. Ed Bean, Mrs. Billy Childress, Mrs. Johnny Miller, Mrs. Dempster Jones, Mrs. Carl Colwick, Mrs. Ted White Mrs. Lloyd Johnson, Miss Betty Lou Coates, Mrs. Miers Savell of Sonora, and Mrs. Richard Flowers.

Mrs. John Gray from Stephenville is here visiting her daughter and son-in-law, Mr. and Mrs. Tom Harris, for two weeks.

Mrs. W. F. Coates, Miss Dollye, Betty Lou and Roscoe Coates, spent Sunday in Fort Stockton where they visited Mr. and Mrs. Collins Coates.

Mrs. Bill Adams from San Antonio visited friends and relatives here Tuesday. She was accompanied home by her parents, Mr. and Mrs. Chris Memcke, who will visit there for several days.

Gas Gas All Time

Mrs. Jan. Filler says: "Gas on my stomach was so bad I couldn't eat or sleep. Gas even seemed to press on my heart. Adlerika brought me quick relief. Now, I eat as I wish, sleep fine, never felt better."

PROMPT DELIVERIES

DISCOUNT YOUR TAX BILL!
Under an act passed by the last legislature, discounts from 1 to 3 per cent on property taxes for the current year were authorized. These discounts are to be earned by prompt payment of taxes.
The Crockett County Commissioners Court has joined the state in offering this saving for prompt payment of taxes and has authorized the tax collector to grant discounts on county and school taxes in the same amount as that given by the state.
Greatest saving on 1939 tax bill can be effected by payment during the month of October. Thereafter the discount rate scales down through December, payments on and after January 1, 1940, earning no discount. The discounts offered on total taxes, except poll taxes, are as follows:
3% DISCOUNT... On Taxes Paid During Month of October
2% DISCOUNT... On Taxes Paid During Month of November
1% DISCOUNT... On Taxes Paid During Month of December
Where taxes are paid in two installments, NO DISCOUNT is allowed on first half payments, but IS given on second half payments in the same order, 3 per cent if paid 90 days before due date, 2 per cent 60 days before due and 1 per cent 30 days before due.
This provision of the new tax law is called to your attention in order that you might take advantage of the saving offered.
W. S. Willis
Sheriff, Assessor and Collector of Taxes of Crockett County

State Police To Promote Safety Weeks In Schools

AUSTIN, Oct. 25.—State police have completed arrangements for additional activities in the traffic safety field during the week of October 30 to November 4. Col. Homer Garrison, Jr., public safety director, announced today.

Gov. W. Lee O'Daniel proclaimed that period as school safety week in Texas and joined forces with the Texas Safety Association, local safety organizations and school officials to carry safety messages into the entire school system. Director Garrison said highway patrolmen have tested practically every school bus in the state to insure a minimum number of accidents caused by mechanical defects.

State police, too, will take part in chapel programs and assist safety patrols in directing traffic in the vicinity of rural schools. Attention of the officers will be directed at correcting careless operations of bicyclists and motorists who transport school children, Garrison said.

In keeping with the proclamation issued by the chief executive the public safety head called upon parents, school officials and motorists to assume individual responsibility in the protection of students, "not only during school safety week but throughout the year."

"Those who transport school children," Garrison warned, "should discharge their passengers at curbs nearest their destinations so streets would not have to be crossed on foot. Playground supervisors should be alert to the dangers of their charges darting into streets to retrieve balls."

The state police department has been conducting and planning safety education courses in public schools and colleges for several years in which thousands of students take part.

"Marriage is an eternal problem."

"Yeah?"

"Yes, a man is forever trying to make enough to pay for one more permanent wave."

SCHOOL SAFETY WEEK PROCLAIMED

Bumpers were declared more deadly than bayonets for Texas school children as Governor O'Daniel called upon educators, parents and civic groups to intensify traffic safety education during School Safety Week, Oct. 30-Nov. 4. Directing the state-wide safety campaign will be, left to right in the picture, L. A. Woods, Superintendent of Public Instruction; Governor O'Daniel; Col. Homer Garrison, Director of Public Safety Department; and George Clarke, Secretary of the Texas Safety Association.

New Payment Plan To Speed Up Checks Under AAA Program

COLLEGE STATION, Oct. 5.—A new payment process which will speed up delivery of checks 60 to 90 days and stimulate soil-building operations under the AAA program was announced here this week.

The new arrangement will apply to 1939 conservation payments, scheduled to start flowing to approximately 600,000 Texas farmers and ranchmen about October 20. B. F. Vance, assistant state AAA administrator, said.

Under previous regulations it would not have been possible to start paying 1939 conservation checks until December 31, the deadline for carrying out soil-building practices under the '39 program.

First applications received in the College Station state headquarters of the AAA were from Bosque county. Along with Delta

and Williamson counties, Bosque will be among the first to receive any 1939 soil conservation payments, Vance said.

Vance explained that the new process allows a farmer to apply for his conservation payment as soon as he completes requirements for earning his full soil-building allowance. Many farmers, he said, already have finished this work.

Reasonably Safe
"You haven't said a word for 20 minutes."

"Well, I don't have anything to say."

"Don't you ever say anything when you have nothing to say?"

"No."

"Well, then, will you be my wife?"

Jennie: "Dick didn't blow his brains out when you rejected him. He came around and proposed to me."

Jeanette: "Then he must have gotten rid of them some other way."

Another Vice President

Billy: "I'm going to be a draft clerk in a bank?"

Betty: "That's swell. What do you do?"

Billy: "I open and close the windows."

BIGGEST GAME—

(Continued from Page Six)

and "O" for Ozona. They yelled a few yells and left the gridiron. (The Ozona high school band is going to have to take a few lessons from the Navy band!)

Beginning the second half, Captain Nat ran for another touch-

down. After the dust cleared away, the fans found out that he had run two touchdowns! The rest of the game was a jumble of passes and end runs.

The final whistle blew at 5:30 with the score at 23-6. The lineups follow:

NAVY, coached by Supt. C. S. Denham—Ira Yancy and Preston Williams, ends; Ted Mankin and Joe Bean, tackles; Estes Smith and Sam Perner, guards; Jack Coates, center; Don Cooke and Clyde Terry, halfbacks; Vernon Myers, quarter; Bernard Lemmons, fullback.

ARMY, coached by Gene Holton—Robert Yancy and Billie Hill,

ends; Joe Perry and Cary Tandy, tackles; Robert Brown and Billy Hoover, guards; Joe Ros, center; Johnnie Padier and Arthur Runyan, halfbacks; Nat Read, quarterback, and Joe Max Word, fullback.

The substitutions were Robert Lovelace, Bill Roy Manning and Mike Friend.

TEXAS OUT-O'-DOORS

AUSTIN, Oct. 25.—Texas continues to be one of the leading duck hunting states in the union, a report received by the game, fish and oyster commission discloses. The Lone Star state was fifth in the sale of federal duck stamps for the fiscal year ending June 30, with 58,704. Minnesota showed the way with a total of 116,461; Michigan was second, having a total of 80,458, and its neighbor, Wisconsin, was third with 79,688. California ranked fourth with a total of 63,394.

During the last five seasons hunters purchased almost three and a half million of the duck stamps. Over that lengthy period, Texas ranked sixth with a total of 208,100. Duck stamp sales show that each year since 1935 there has been an increase in the number of sportsmen who attempted to bag migratory waterfowl in the United States. Last year a total of 1,002,715 stamps were issued.

Just because the season is open is not a sign that all, even ardent, sportsmen take the field. It is generally recognized that in many sections of Texas the doves are still nesting when the season opens in September. Therefore, a group of men who are known as the "Knights of the Sixteen-Gauge Guns" who live in Weimar, Texas, are opposed to hunting birds when the feathered tribe has not finished its job of family raising. So, numerous Weimar hunters are awaiting another date on the calendar—Dec. 1, when the quail season gets under way.

While it is still some time before the duck season gets underway, November 15, a good many sportsmen are purchasing their federal duck stamps early, according to reports received by the game department. Many post offices report double their sales at the same time last year.

Cooperation plus — the telephone company at San Angelo, now includes in its telephone directory a full page of state game and fish laws.

Now is the time for landowners to start thinking about feeding quail during the rugged days of winter. With a marked increase in bobwhites being reported from sections of Texas, it is more necessary than ever to leave food standing for these birds, it is pointed out by the executive secretary of the game department. A few rows of grain left standing at the field edges, close to natural cover, is the best insurance possible for carrying over the game and insectivorous birds.

Emergency feeding is not nearly as effective as proper preparation against food shortages, the executive secretary pointed out. One of the best plans is that of leaving small grains near the edges of the fields. Hundreds of farmers in Texas are building shelters for quail under the supervision of the game department and all indications are that quail are in for a healthy cycle in Texas.

Boys in Austin are giving a vivid demonstration of how birds can assist small and large landowners

Cigarette 'Tax' Insures Front Line View

Visitors to France's front line meet a new and delightfully different "instrument of war." They find they can pass into the line upon payment of a tax of one cigarette. Payment gives the right to view German lines by looking over the sand bags.

Mrs. H. B. Tandy—

(Continued from Page One)

Clayton and Mrs. Christine Collins.

The First Christian church was the setting for the Fine Arts program held Friday evening. Among Ozonans on the program were Miss Ruth Graydon and Miss Rebecca Anderson who played a piano duet "Flight of the Bumblebee" by Rimsky-Korsakov, and Miss Graydon played "Chant Negre" by Dramer on the violin with Miss Anderson accompanying.

Junior Day was observed Saturday and Mrs. James T. Mann of Brady presided over the 70 juniors present. Mrs. Madden Read took six girls from here for the day. Ruth Townsend, delegate from the Junior Hi Glee club, gave a report on the work the Glee club is doing here. Nan Tandy represented the band department and gave a short talk on its work. Others attending the meeting were Judith Williams, Louise Bean, Barbara White and Myrtastine Hokit. Miss Mary Riddle took four girls from the Mexican settlement to represent Los Troubadores.

Among the resolutions adopted by the convention was one extending sympathy to Mrs. S. M. Harvick and Mrs. V. I. Pierce, officers of the Sixth District, on the recent death of their sister, Mrs. Leona Brooks.

The annual convention will be held in San Angelo next year.

alike. This group of hustling boys rent ducks to house wives who turn the birds into their gardens. The ducks make a clean sweep of all insects without destroying the plants, and, incidentally, bring owners 50c per day in rental fees. Texas has a large number of insectivorous birds and it is estimated by biologists that the bird-life of the state is worth 16c per acre for every acre in the Lone Star state due to their insect devouring habits.

It is rather unusual how sportsmen from communities band up in picking their sites for hunting. As an example, of 258 Dallas sportsmen checked on their file cards in the office of the game department, only seven hunted deer in the Trans-Pecos last year, the remainder going to the Hill country. Of the 208 Fort Worth sportsmen checked, 54 hunted in the Hill country and the remainder in the Trans-Pecos.

Many Ozonans See T.C.U.-A.&M. Game

Ozona was well represented in Fort Worth Saturday when a number from here were there to see the T. C. U. Frogs whipped by A. & M. Cadets.

Witnessing the game were Fred Hagelstein, Bud Kincaid, Hillery Phillips, Walter Augustine, Mr. and Mrs. Boyd Clayton, Mike and Mrs. John Hemphill of San Angelo, Mr. and Mrs. Frank James, Mr. and Mrs. T. A. Kincaid, Jr., and Mrs. Kincaid's sister, Mrs. Baxter of Dublin, Miss Carolyn Montgomery and Miss Janet Akin of San Angelo, and George Vic Montgomery.

Mr. and Mrs. J. A. Barrow had as their weekend guest, W. N. McKenney of Houston.
