### Ozona Firemen To Ft. Worth Natural **Compete In Hill Country Contests**

#### Semi-Annual Meeting To Be Held in Junction August 14

Ozona's Volunteer Fire Departchief of the local department, announced this week.

The Ozona department has made tion with the more seasoned firemen in the Hill Country Association in the contests which are a part of the program at the semiannual sessions. The local department swept the field in the meet at Eldorado and again in Sonora last year and the year before.

"We will have at least one team for the contests." Chief Robison said, "and we are going to give 'em a run for their money.

The contests are divided into teams of six men, three men and one man, in each case the teams hooking up hose to the fire hydrant and truck and turning water through a length of hose with nozzle attached, a race against time. A state record for six-man team was set at Dallas recently, the team making the hook-up and FOR SALE-6 Registered Here- running water in 16.3 seconds.

## **Gas Company Gets** Local Franchise

#### Expect to Have System in Operation Here By November 1

Empire Natural Gas Co., with ment, youngest organized group headquarters in Fort oWrth and in the Hill Country Firemen's As- operating natural gas systtems in sociation, will be represented at a number of Texas and Louisian . towns and cities, was granted a Association to be held in Junc- distribution system in Ozona by tion August 14, Miller Robison, the Crockett County Commissioners Court here yesterday.

James A. Davis, president of Empire Natural Gas Co., and J. P. a remarkable record in competi- Kenney, another official of the company, both from the Fort Worth headquarters, were here this week to meet with the Commissioners Court to present their requests for a franchise.

Mr. Davis said the company hopes to have natural gas available in Ozona by November 1. The company operates gas sytems in Brady, Big Spring, Gorman, Desdedmona, Lyndon, La., and other places.

The gas supply for the Ozona system is to be secured from the Magnolia Clayton gas - distillate well about 10 miles east of Ozona. Mr. Davis said that his company had secured an agreement with Magnolia to purchase the city's supply from the Clayton well's output and that contract will be signed with the company next week. All necessary pipe and other ma-

terials are already on hand in the company's yards in Big Spring and as soon as all preliminary details are completed, bids will be asked from contractors for installation of the system here.

A schedule of proposed rates to be charged the different classes of customers in Ozona was filed by the concern with the Commissioners Court. For general use, domestic and business customers, the rate schedule is as follows: First 2,000 cubic feet per month

\$1.00 per thousand CF. Next 10,000 cubic feet per month

time he got his orders to pack up to go home until he finally got far enough at sea to feel safe. Returning from a mine sweeping patrol ,his top sergeant told him to go get his things together, that he was to be sent thome.

" Ididn't believe him," Bledsoe said. "He insisted and showed me the order, three of us from my company. I went to my pup tent to get my belongings and when I picked up my bedroll I found a huge shell fragment imbedded in the roll. If I'd been there, I would not be here."

While he was on his way to the

HOUSE JOINT RESOLUTION NO. 2

HOUSE JOINT RESOLUTION NO. 2 proposing an amendment to Section 49-b, Article III, Constitution of Texas, so that the total amount of bonds or obligations that may be issued by the Veterans' Land Board is in-creased to One Hundred Million Dollars (\$100,000,000); providing for the issuance of add bonds and certain conditions relating thereto and the use of the Veterans' Land Fund; providing for an election and the issuance of a proclamation therefor. BE IT RESOLVED BY THE LEGISLA-TURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III, Constitution of Texas, be amended so that the same will hereafter read as follows: "Section 69-b, There is hereby created a Board to be known as the Veterans' Land Board, which shall be composed of the Gov-ernor, the Attorney General, and the Com-missioner of the General Land Office. The Veterans' Land Board may issue not to exceed One Hundred Million Dollars (\$100,000,000) in bonds or obligations of the State of Texas for the purpose of ereating a fund to be known as the Veterans' Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas, in such form, and upon the terms as are now prescribed by Senate Bill No. 29, Chapter 318 bolica shall be executed by said Board as an obligation of the State of Texas, in such form, denominations, and upon the terms as are now prescribed by Senate Bill No. 29, Chapter 318 of the Acts of the Fifty-first Legislature (provided, that when the limitation of Twenty-five Million Dollars (125,000,000) is used in said Senate Bill No. 29, the same shall here-after be construed as One Hundred Million Dollars (1100,000,000), or as said Act may be hereafter amended, or by other laws that the Legislature may hereafter enact; provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum, and that the same shall be sold for not lees than par value and accrued interest. "In the sale of any such bonds, a prefer-ential right of purchase shall be given to the administrators of the various teacher retire-ment funds, the Permanent University Funds, and the Fermanent School Funds; such bonds to be issued as needed, in the opinion of the Veteram'. Land Bond.

'The Veterans' Land Fund shall be used he

again bombed and strafed. "I came to the conclusion that they were after me," he said. "When I got on the ship, I found there by their grand daughter, home of Mrs. Cunningham's aunt, Mrs. Arkie Tuttle Maxwell, Mrs. it didn't even have a pop gun and Roxie Joy, Hill of San Antonio, and Mrs. Tom Phillips, of Munday, Bill Sevey and children and Mr.

Sgt. Bledsoe expressed some regret that he "had not accomplished anything" in Korea - the fighting was still going on and the battle not yet won. (There was no hint of armistice talks then.)

"I don't want to go back and I was glad to get out of it, felt that I had to get out, in fact," Sgt. Bledsoe said, "but it's a little hard to leave before you've seen it through, before the war is won.' But if any man has "accomplished anything" or done his share for his country, it's Sgt. Aaron Bledsoe, his listeners Tuesday agreed. -000

#### 'HARD, TOUGH POLICY OF SELF DENIAL'

Again on July 4 President Truman called on the American people to "Follow a hard, tough policy of self-denial." Look who's talking. Ponder these words, coming from the man whose top-heavy salary is tax exempt, and who spends a half million dollars a year of the taxpayers' money to maintain and operate the yacht Williamsburg for his week - end poker-playing jaunts down the Poomac.

Apparently the little man from Missouri thinks every American woman has a mink coat and every household a deep freeze. Well, they don't have them, and many people are finding it tough going to rake up enough to eat after chipping into the federal kitty to keep the Williamsburg going, to build the eighty-five thousand dollar dog-and-cat hospital at Los Alamos, for the quarter million dollar research on the lowly chigger and thousands of other useless,, wastful projects of the Queer Deal

"Follow a hard, tough policy of self-denial." The plea is superfluous as well as an insult to the intelligence of the American people and, unless I miss my guess, the spokesman along with a lot of his yes men are going to be retired next year to their haberdasheries, farms, etc., to learn a little something about this hard, tough policy of selfdenial. Yes, I'm a Dem

In all the world of manufactured products, there is nothing more difficult to wait for-once you have decided to own it-than a Cadillac car.

methods

If it is to be your first Cadillac, it is doubtless the fulfillment of a long-cherished dream-and it is hard to wait for one's heart's desire, once it is so close at hand.

And if it is to be a replacement for your old lovewell, experience has taught you how consistently and completely the good things come from Cadillac-and your curiosity is a force to reckon with!

To make it worse, temptation is all about you. Down the street and around the corner are cars to be had almost as soon as your signature is on an order blank.

But be patient and be firm-for there is a reason why

other cars may be had so readily-while there is some delay in delivery of a Cadillac.

It is because so many wonderful people, like yourself, want only Cadillac-and will accept no compromise.

If we already have your order-turn a deaf ear to those who would have you compromise your preference for the sake of earlier delivery.

And if you want a Cadillac, but have not yet placed your order, come in and do so. We will talk with you frankly about delivery, so you may know about what to anticipate.

Remember-there is only one car which is recognized wherever highways lead as the Standard of the World -and that car is Cadillac.

Week, October 14-20, according to Two Ozonans in Draft an announcement from Big Spring today by M. M. Miller, OIIC West Texas area chairman.

"In broadening the OIIC pro-gram in Texas this year," Mr. Miller said, "we feel fortunate in enthe vital Ozona community."

Mr. Miller explained that Texas has been divided geographically into 14 OHC areas this year with almost 700 oil and gas men serving on 331 volunteer community committeees throughout the state.

Men and women from all segments of the petroleum industry over the nation-have been banded ed about their industry.

In commenting upon his appointment as the new community chairman, Mr. Piner said that his objective and that of the local committeemen serving with him was: "To help re-affirm the faith of the American people that their individual interests, as well as those of the nation, are best served, in peace or in war, by competitive, privately - managed oil and gas companies."

#### Call Aug. 16; State's October Quota 742 Men

Two Ozona young men have been ordered to report for induction inlisting Ray Piner's leadership in to the armed forces on August 16, with a group of other inductees from the five county area served by Selective Service Local Board No. 110 at Sonora.

The Ozona drafters will be Ezekiel Don Cooke and Santiago Moya Rodriquez.

AUSTIN. The Texas draft call together since 1947 as voluteer Paul L. Wakefield, state Selective Service director, announced

This compares with a September quota of 619 and an August call of 772. From March through July, state calls were decreased; but beginning with the August call, quotas have been increased, the state draft director pointed out. The October quota of 742 is the state's share of a national quota of 41,000, biggest national monthly quota since March. Part of the September and October quota of men will see service with the Marine Corps.

General Wakefield said that local board quotas for October wil! be assigned and mailed "around August 8th or 9th." No local board quotas will be available until that time. Local boards have received September calls.

The state director of Selective Service said his headquarters had received information that not as many male college students in the Southwest had taken the Selective Service qualification test as in other areas.

Figures received showed that 6 per cent of male college students in Western South Central states took the test, as compaared to 19 per cent in Northeastern states, and 11 per cent over the nation and territories as a whole.

Washday is simple when you own a Bendix Economat Washer. You simply set the dial, add soap and clothes ... and walk away! All the work is done automatically by the Economat. And when washed in a clean-water Economat, your clothes are washed clean.

> West Texas Utilities Company

## The New 1951 Economat Work-free Washer

with the exclusive RINS-SAVER that saves up to 56 gallons of water every washday

Undertow Agitator Washing

The familiar agitator combines with Bendix's exclusive Wondertub to create an amazing new washing action. Clothes and suds are drawn deep into hot, cleansing undertow currents

Heavy soil drains out the bottom; light soil rises to the top, and drains down through the hollow agitator. Dirty wash-water never filters back through your clothes.

#### Vacuum Drying

The wonder-working Wondertub (it's guaranteed for five years) gently extracts water from clothes. There are no deep creases, no broken buttons, and your hands never touch

You're invited to see the Economat today!

CURE, a trim new Buick makes a mighty D pretty picture when you see it in your driveway, or watch it wheel by.

But if you could get a mechanic's-eye view of this big, broad beauty as it sits on a lift, you'd see an impressive picture of rugged brawn that makes good-to-look-at Buicks give such a good account of themselves on the road.

You'd see the full-length torque-tube drive that firms the whole power relay system, and steadies your going like a giant hand beneath you.

You'd see big sturdy wheels with really wide rims that provide surer footing, give better car control, make tires last longer.

You'd see all four wheels cushioned by stout coil springs that are completely service-free, practically breakproof - and a principal reason for the ever-level Buick ride.

But mainly, you'd see the massive foundation that backbones every Buick -

the deep, wide, X-member frame that's rugged as a rock, and a brute for strength.

So when you look at the beauty of a Buickthe big mileage power of its valve-in-head Fireball Engine-and the moneysaving ability of its Dynaflow Drive\*-don't overlook the tough stamina that goes with it all.

And don't overlook the fact that a new '51 Buick, with all its heft, costs less per pound than any other car of comparable size, structure and weight.

Better come see us first chance you get-and find out what a smart buy this is-from every angle.
