Rain Brightens County Crop Prospects

Co. Budget Increases, Decreases

A budget is an 'intricate' document for the most simple household. It becomes more and more complicated as it gets larger, from the smallest business, to the largest business.

But, perhaps the most complicated of all is a governmental agency budget.

There are usually a number of departments, each with their own 'needs' or 'wants' as each budget is being prepared.

One such complicated instrument is the proposed 1990 Budget for Bailey County.

According to the proposed budget, the money they will be spending will be something like \$1,061,531.68 from an estimated beginning balance and budget receipts of \$1,612,161.00. This will leave an ending balance of some \$550,629.32, according to the budget that will be presented again for possible adoption in the September 11 Bailey County Commissioner meeting.

Where does most of the money go for the county?

R. L. Scott's Precinct One Budget for 1989 was \$170,065.46, and he has asked for an increase \$89,903.26 with a \$259,968.72 budget for 1990. At the same time, he estimates that at the end of the 1990 fiscal year on September 30, 1990, he will have an ending balance of \$33,623.84.

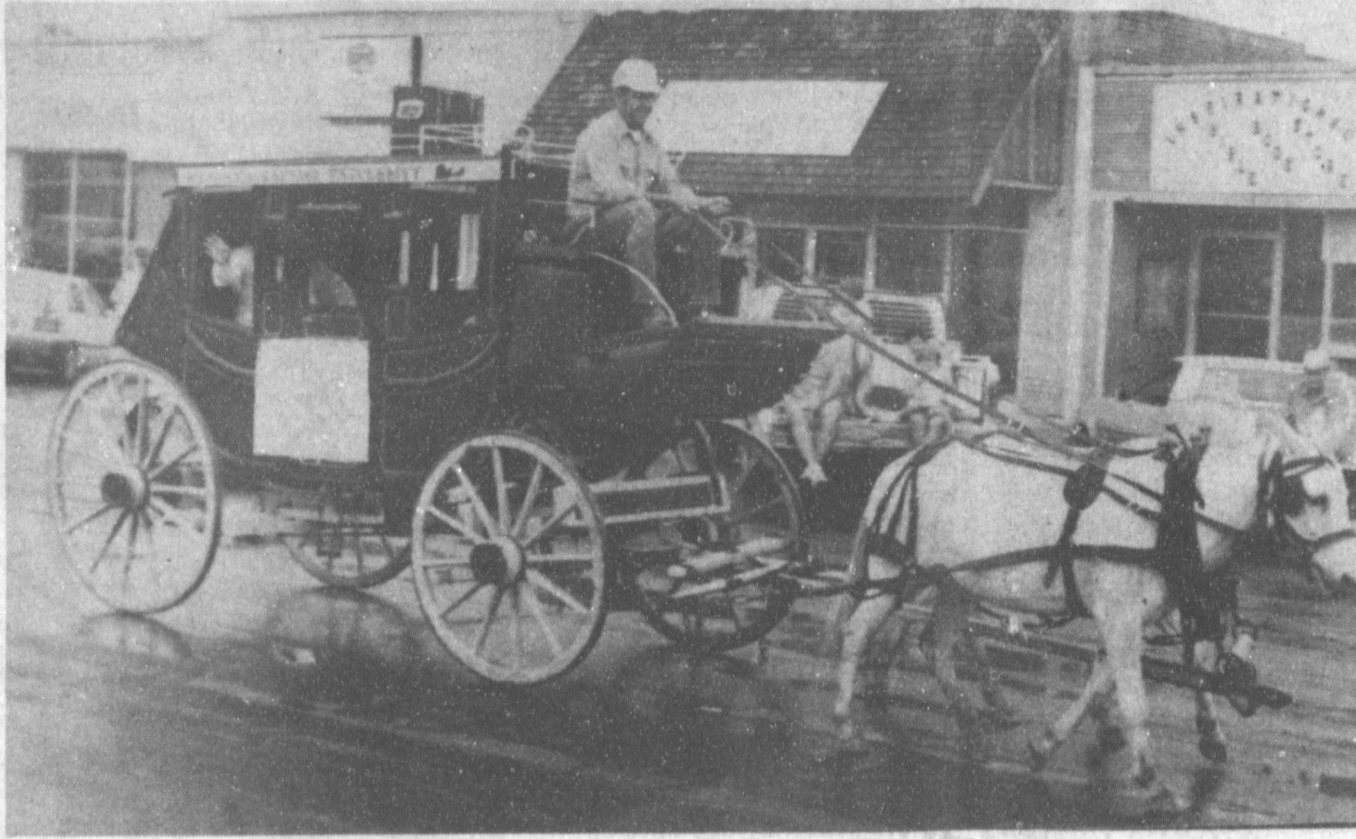

Commissioner Don Seales of Precinct Two has asked for a \$58,766.32 increase for 1990. In 1989, his budget was \$195,388.40 and his request for 1990 is shown to be \$254,143.72. But, the budget shows that he projects an ending balance on September 30, 1990 of \$329,877.19.

Although Precinct Three Commissioner Joey Kindle has asked for a 'modest' \$9,013.80 increase for 1990, he shows he will have an ending balance on September 30, 1990 of \$59,705.58. His budget for 1989 was \$183,279.92 and he is asking for \$192,293.72 for 1990.

Ironically enough, Rudolph Moraw of Precinct Four shows a decrease of \$12,293.47 for the 1990 budget. In 1989, the commissioner's budget was \$222,837.19, and is \$210,543.72 for 1990. However, he shows he will end fiscal year 1990 on September 30, 1990, with a balance of \$181,241.92.

After deducting Commissioner Moraw's \$12,293.47 decrease for 1990, the four Precincts still carry an increase of \$145,389.91.

Then, let's turn it over and look at the other side, an increase, including a three percent pay raise for county employees for 14 other departments shows a total increase for Cont. Page 6, Col. 1

STAGECOACH BRIGHTENS MULE DAY CELEBRATION PARADE--This stagecoach, on loan from Paducah (TX) to Wayland Baptist College, was one of the most noticed entries in last Saturday's Mule Day Celebration parade. The stagecoach is being driven by Muleshoe's own Donald Harrison, who also hitches his mules to the stagecoach for various activities around Plainview for Wayland Baptist College. Muleshoe Mayor Darrell Turner and Muleshoe Chamber of Commerce and Agriculture President Robert Montgomery are passengers in the stagecoach. (Journal Photo)

Fine Arts Boosters Set First Meeting For Monday Night

Muleshoe's Fine Arts Booster Club will conduct their first meeting of the new school year on Monday, August 21, at 7:30 p.m. in the fellowship hall of the 16th and Ave. D Church of Christ.

Members will be organizing the concession stand for six home varsity football games.

The Fine Arts Boosters said with this many home games, plus every Thursday games, they will be needing lots of help and cooperation.

Parents of any Art, Speech or Band Student, enrolled in Junior High or High School is reminded -- "Your HELP is desperately needed."

FAB turns 100 percent of the profit made by their group back to benefit local students.

For more information contact Kent Wiley or Charles Hamilton.

Workouts for Boys' and Girls' Cross Country have started, said Coach Bob Davis.

Any 9-12 grade student wanting to participate in Cross Country is asked to be at high school for either the 8 a.m. or 7 p.m. workout, or for both workouts.

Thursday morning, Bailey County Extension Agent Spencer Tanksley gave the latest update on the county crop picture.

He said, "Recent rains have put hope and smiles back on a lot of farmer's faces."

"Most reports I have received from rains last weekend are from one to one and one-half inches of moisture. The heaviest amount reported was north of the Three Way School, where two and a half inches was reported."

According to the county agent, there's still problems however, as a look at the total rainfall in the 10 months since last October show the county is still running way behind with only about half of the normal rainfall received during nearly a year.

He added, "Most of the people I have talked to since last October have received 5-8 inches of moisture, which is about half of what we should have received. It's only a few more days from August to September, and that's little time to determine what we have received in moisture in the past 12 months."

"Believe it or not, crops are holding up pretty good across the county considering the lack of moisture, and the basically pretty hot summer which has occurred. The irrigated prospects remain very bright, however, dryland prospects are not good."

Tanksley said in order to have a crop to harvest, dryland producers need more moisture right now and must have a long fall and good harvest conditions like the last two years.

Louvenia Garlington Recognized As No. One Consultant

Louvenia Garlington has just returned from BeautiControl Cosmetics' Celebration '89, a national conference where she attended business-building workshops and received extensive training on BeautiControl's new fragrance lines and other product innovations!

The highlight of the convention was the unveiling of three distinctive new holiday fragrance lines for women: Lui Faveur, the intoxicatingly romantic fragrance for the woman who lives life with a passion; Becoming, a sensually sophisticated fragrance created for the self-made woman; and Confessions, a subtle fragrance with a touch of mystery. Each of

these new fragrance lines includes cologne spray, gentle bath/shower gel, luxurious body lotion and silky body talc.

"BeautiControl Cosmetics is regularly ranked as one of the top 100 small public corporations in the nation" said Ms. Garlington. "At the end of 1988, the company reported \$32.8 million in sales and over 14,000 Image Consultants nationwide.

While in attendance at the convention, Ms. Garlington was recognized as No. 1 consultant in her Albuquerque unit. This unit includes areas of Albuquerque, Santa Fe, Las Vegas, Las Cruces and Clovis, N.M.; Phoenix, Az.; El Paso, Amarillo and Muleshoe, TX. She was honored by her Unit Director, Bea Ann Garcia of Albuquerque at her unit reception at the Loews Anatole Hotel in Dallas.

Creative Living

by Sheryl Borden

Information on figure focus through a wardrobe analysis and a product called "Restore-X Exterior Paint Remover" will be the featured topics on "Creative Living" on Tuesday, August 22 at 12 noon and on Saturday, August 26 at 2 p.m. (All times are Mountain.)

Audrey Childress, with her business, Fashion/Sewing Seminars in Metairie, LA, will talk about selecting becoming clothes and explains that this should be a challenge to every individual. The challenge is to select clothes that will conceal your poor features and improve the good ones. It is important to understand the effect of line and design on the figure.

The flashback segment will feature Roger Langenberg with Restech Industries in Eugene, OR. Roger will explain the product "Restore-X Exterior Paint Remover"--a product manufacturers describe as "liquid sandpaper". This item is biodegradable, convenient, environmentally safe and cost effective.

On Tuesday, August 22 at 9:30 p.m. and repeated on Thursday, August 24 at 12 noon, "Creative Living" will present information on healthy hair, impromptu entertaining, and plan-ahead cooking.

Charles Nicholas, spokesperson for Pantene Hair Care Products and owner of his own hair salon in New York City, will discuss the steps to a healthy head of hair--the first step being understanding the characteristics of your own particular hair, healthy hair and the importance

Miss Pruitt, Stroud United In Marriage

Miss LaTonia Pruitt became the bride of Scott Stroud in a doubling ceremony Friday, July 7 at 7 p.m. in the Calvary Baptist Church.

Parents of the couple are Jeanette Humiston and Glenn and Carlene Stroud.

Vows were exchanged before two spiral candelabras accented with greenery and burgundy bows.

Debra Lackey, soloist, provided the musical selections and

Kathy Gable registered the guests.

Given in marriage by her brother, Steven DeBusk, the bride chose a white satin full length gown accented with lace, pearls and sequins. Her bridal veil, attached to her hat, was accented with pearls.

The bride wore a penny, minted in the year of her birth, in her shoe as something old; something new was pearl leaf earrings; something borrowed

was her grandmothers handkerchief; and something blue was her garter.

Shonda Chancey served as her sister's maid of honor. Bridesmaids were: Stacey Stroud, sister of the groom; and Shilla Hamiston, cousin of the bride.

They wore burgundy satin gowns featuring a square neckline and a bow in the back. They carried bouquets of rose buds in shades of burgundy and pink and white orchids.

ShaTonia Chancey, niece of the bride, served as flower girl. She carried a basket of rose pedals and love knots.

Joey Chancey served as best man. Groomsmen were Dennis Snell and Matt Lee.

The groom wore a white tux with tails. DeBusk was attired in a black tux with black tie and

cumberbund. Best man and groomsmen wore black pen striped tux with burgundy cumberbund and ties.

Zack Balch, son of Dr. Bill and Tammy Balch of Morton, was ring bearer. Ushers were Jamie Chancey and Cary Doshier.

Following the ceremony, a reception was held at the church. The bride's table was covered with a lace table cloth. A three tiered wedding cake, punch, mints and nuts were served from silver and crystal appointments. Beth Chancey served the cake and RayAn Doshier served the punch.

The groom's table featured a semi-truck cake, grapes and ivy covered the table. Kathy Gable served at the table.

The couple will make their home in Muleshoe.

Fox Family Reunion Held In Sudan

The Fox family reunion was held Sunday, Aug. 6 at the home of Bruce Pierce of Sudan.

Those attending from Sudan were Lucille Fox, Leonard and Yvonne Pierce, Randy and Doris Pierce, Regina, Travis and Kurt, Bruce Pierce, Heather and Heath.

Out of town guests included: Harold and Carlette Fox, Billy Fox, David Fox, Bob and LeeAnn Fox, Colette, Coby, Lacy and Coy all of Rosewell, N.M.; Laura Fox, LeCompte, JoBonny and Clayton of Tucumcari, N.M.; Dean Fox, Stephanie and Jason of Hereford; Jimmy Don and Laura Fox and Nathan of Amarillo.

And Betty Charlene Duncan Fox of Albuquerque, N.M.; Mark and Lois Hicks of Mt. Vernon, Va.; Laura Sue Hicks McCarver, Allison and Brittney of Memphis, Tenn.; Barbara Hicks, Ashley, Joshua and Rachel of Kosciusko, Miss.; Celia Pierce Horton and Garrett of Lubbock; Jenine Pierce Foster and Meagan of Midlothia, Tex.; Robert and Peggy Fox Sansone of Ind., Ind.; Clifford and Ruth West, and Damon of Carlsbad, N.M.

It was reported that 50 were

fed quite a spread—a seventeen pound smoked turkey, smoked brisket, ham, pork roast, salads and various pies and cakes.

It was also reported that non-Texans, east of the Mississippi, were shocked to see a yellow-meated watermelon.

The reunion was video-taped. The "City slicker kids" of the family were entertained by Bonnet and Fury, ponies owned by Leonard Pierce. Laughter and reminiscing punctuated the day.

BIBLE VERSE

"When I Consider Thy heavens, the work of Thy fingers, the moon and the stars, which Thou has ordained, what is man that Thou art mindful of him? And the son of man, that Thou visiteth him?"

1. Can you locate this quotation in the Bible?

2. Who is the author of it?

Answers:

1. Psalm 83-4

2. David, great king of the Jews, who died about 1016 B.C., according to Josephus, Jewish historian.

Candlelight Ceremony Unites Tami Snell, Allison

The First United Methodist Church in Lamesa was the setting for the candlelight wedding of Tami Gay Snell and Gary Benjamin Allison on August 19 at 7:30 p.m. The Rev. Clayton Pennington of Klondike Baptist Church read the double ring vows.

Parents of the bride are Mr. and Mrs. Glyn Snell of Lamesa. Allison is the son of Mr. and Mrs. Winston Allison of Muleshoe.

A heart-shaped candelabra ornamented with lace, greenery, and ribbon stood at the center of the church front. Placed at each side of the heart candelabra were spiral and stairstep candelabras, each entwined with silk illusion, greenery, and satin ribbons. Grecian columns, each draped in linen and topped with a green ivy plant, completed the decor setting at the front of the sanctuary.

Red, navy, pink, and green votive candles in crystal diamond holders nestled in silk illusion and greenery atop the altar railing. Illuminating the windows were votive candles in diamond holders surrounded with greenery. Pew bows graced the front and back pews. While lace and ribbon hearts adorned with flowers and double wedding rings accented the aisles.

Pianist, Alfrieda Sterling, organist, Carolyn Lowe, and trumpeter, Cisco Arrendondo provided the wedding music, including the processional, "Bridal Chorus". Soloist Deborah Lackey, Reggie Vaughn, Stacy Vogler, and Shea Estes sang "Lord Lift Us Up Where We Belong", "Without You", "Somewhere in the World", and "After All". Guests sang "Saviour, Like a Shepherd, Lead Us" as the couple exited the sanctuary.

Escorted by her father, the bride wore a formal gown of white silk taffeta with beaded and sequined French Alencon lace. The fitted bodice had a dropped veed waistline rising to a Sabrina neckline. The bodice was heavily adorned with lace, pearls, and sequins with tear drop pearls in lace hanging from the front.

The puffed sleeves had bows nestled under them with pearl drops in medallions hanging from them, falling to a straight lace sleeve to the wrist. A large bow was attached to the back waistline with soft gathers forming the full skirt, which fell to a full cathedral train. A border of sequined French Alencon lace encircled the train and skirt.

The bride's headpiece was composed of pearls forming diamonds across her forehead with a band going around the center. A white flower was attached to the side which had pearls, beads, and mini-flowers cascading from it. A pouf of silk illusion with pearls scattered in it held an attached three-length veil.

She carried a cascading bouquet of white roses, small tiger lilies and mini-carnations interspersed with tiny red, navy, pink, and green flowers, babies breath, and English ivy.

In keeping with tradition, the bride carried a linen handkerchief given to her grandmother by her mother. Something new was her gown and something borrowed was a pin she wore belonging to her late great-grandmother, Ella Rogers. Her garter served as something blue, and she wore an English sixpence in her shoe for luck.

Wanda Snell, mother of the bride, was matron of honor. Bridesmaids were Kori Jensen of Lubbock, Deborah Lackey of Muleshoe, and Kerri Denbow of Levelland.

The honor attendants wore formal length dresses in solid color satin of deep red, pink, navy blue, and emerald green fashioned with a fitted dropped waist bodice that had a sweet-heart neckline with a ruffle that flowed from the front around the cut-out back, and Juliet sleeves. A large bow was attached to the back waistline atop the flared skirt.

They carried bouquets composed of roses, mini-carnations, small tiger lilies, dogwood, babies breath, and English ivy in color variations of their dresses.

The flower girl was Kelly Allison, cousin of the groom, of

Hereford. She wore a street length dress of purple satin with a fitted, dropped waist bodice, flared skirt with ruffles and attached bow in back. She carried a heart-shaped basket of purple and white flowers.

The ring bearer was Tony Rodriguez, nephew of the bride, of Lubbock. He wore black dress pants and white shirt accented with a purple bow tie and garter.

The groom was attired in a black-tail tuxedo and white dress shirt with a black cummerbund and bow-tie. His boutonniere was a white rose with babies breath and greenery.

Serving as best man was Eric Allison of Amarillo, brother of the groom. Groomsman were Charles Riegel of Muleshoe, David Etheredge of Levelland, and Lloyd McCray of Lubbock.

They wore a black tuxedo with cummerbunds and bow ties that matched the bride's attendants dresses.

Ushers were Jeff Snell of Odessa, brother of the bride, Brad Snell, cousin of the bride, Walter Lackey, and Toby Carpenter of Muleshoe.

Candlelighters were Brandon Carpenter and Ronnie Logsdon of Muleshoe. Both ushers and candlelighters wore black pants and white shirts accented with garters the color of the attendants.

Registering the guests was Lora Schneider of Wilson.

Michael Precure of Lazbuddie voiced a prayer, during the ceremony, for the couple.

Following the ceremony, a reception was held in the fellowship hall of the church.

Music for the reception was

provided by Shirley, Van Kountz, and Sandra Peace.

The bride's table was covered with a white lace over linen cloth which was caught up at the points around the table with satin ribbon bows. Highlighting the table was a four-tiered heart-shaped wedding cake ornamented with red roses and ribbons and separated by swan columns. The cake topped with a "Precious Moments" bride and groom.

The groom's table held a silver coffee service with hors d'oeuvres. The centerpiece was a floral arrangement of country blue tiger lilies, cabbage roses, and white daisies intermingled with navy blue tweedia and English Ivy arranged in a country blue basket.

Assisting at the tables were Lori McGuire of Brownfield, Fonna Oaks of Lubbock, Michelle Hogg of Canyon, Gaynell and Tom Rainwater, cousins of the groom, of Anson.

Distributing rice roses to the guests were LaMonica Vaughn of Lamesa and Samantha Allison, cousins of the groom, of Hereford.

The bride is a graduate of Klondike High School. She attended South Plains College and Wayland Baptist University. Allison is a graduate of Muleshoe High School and South Plains College. They both plan to attend Sul Ross University in the fall.

Testerman, Kube Repeat Marriage Vows

MRS. J'DON KUBE
(nee Jannette Testerman)

Jannette Dianne Testerman became the bride of J'Don Kube on Friday evening, July 7 in the yard of the bride's parents home in Sudan. Rev. James Hawthorne, pastor of the First United Methodist Church, read the double ring vows.

Parents of the couple are Mr. and Mrs. Glen Testerman of Sudan and Berna Dean Kube of Muleshoe and the late Clarence Kube. The bride is the granddaughter of Mary Lena Maxwell and Mary Testerman, both of Sudan. Kube is the grandson of Mrs. Jane Snellgrove of Lubbock.

Given in marriage by her father, the bride chose a candlelight ivory gown, designed by Mori Lee. It was fashioned with angel satin and edged with Alencon lace, pearls and iridescent sequins. The bodice featured a sweetheart neckline accented with Alencon lace, studded with pearls and iridescent sequins and sheared throughout the bodice. The sleeves were "double pouf" Juliet with the same lace and beading as the rest of the gown. A slimming basque waistline allowed the full ball gown skirt to flow gracefully, sweeping to a cathedral train. The back of the gown was accented with a bow.

The bride's veil of French illusion was pouffed at the back and attached to a V-headband of pearls and rhinestones, with an

arrangement of lace leaves, flowers and beaded feathers at one side of her face.

Her bridal bouquet was a crescent design with lilies, gladiolas, eucalyptus and gypsophylas. It was designed and made by the bride's aunt, Sherilyn Drum of Caddo Mills.

Brenda Testerman, sister of the bride, served as maid of honor. Bridesmaid was Glenna Testerman, sister of the bride. Junior bridesmaid was Kelli Baker.

The attendants wore floor length dresses of burgundy satin with dropped waistlines and big bows in the back. The junior bridesmaid wore a street length dress of burgundy satin with a bow accenting the back. They carried arm bouquets of sprays of orchids with candlelight ivory lace bow and streamers, that were designed and made by the bride's aunt, Sherilyn Drum.

Weldon Kube, brother of the groom, served as best man. Groomsman was Kevin Harris, brother-in-law of the groom. Weldon and Kevin also served as ushers.

Registering guests was Debra Smith of Lubbock, cousin of the bride.

The registering table was draped with a delicate hand-crochet table cloth, a hairloom made by the bride's maternal great grandmother, Jessie Farmer, and great great grandmother, Lena Ramsey.

The bride's gown was something new; something old and borrowed was her great great grandmother, Julia Annen's, gold wedding band from her grandmother, Mary Testerman. Her blue garter, designed and made by her aunt, Sherilyn Drum was something blue; and she wore pennies in her shoes, minted in the years of their births.

Music was by Laura Leal of Muleshoe.

Immediately following the ceremony, a reception was held.

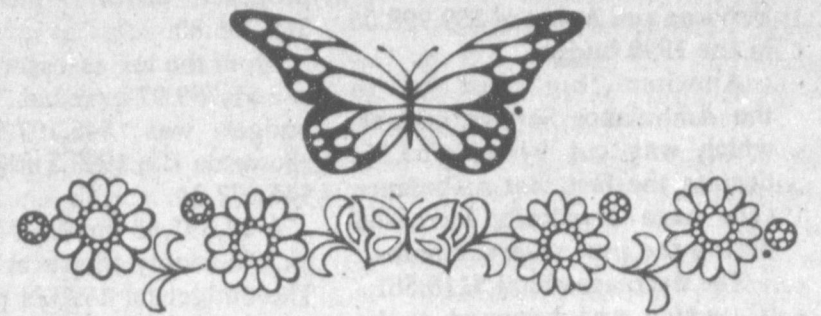

Following a wedding trip to Lubbock, Carlsbad, N.M. and Ruidoso, N.M., the couple will

make their home in Muleshoe.

The bride is a 1986, graduate of Sudan High School and a 1987, graduate of Jessie Lee's Hair Design Institute, and is employed at Louie's Shear Shack in Muleshoe. Kube is a 1985,

graduate of Farwell High School and is employed at Dale Oil Company in Muleshoe.

The groom's mother hosted a rehearsal dinner at the Parish Hall of St. John's Lutheran Church at Lariat.

Dave Finnigan To Present Juggling Workshop

Have you ever wanted to be a juggler? If so you will have an opportunity. Dave Finnigan will be conducting a workshop Monday, August 21 from 11 a.m. to 2 p.m. at the Muleshoe Art Loft.

While other seniors at Edmonds High School had interesting plans for the future following graduation, Davy Dinnigan, a senior with cerebral palsy, had one of the most unusual and exciting plans.

He was an avid baseball fan, but unlike most fans, he knew many of the players personally. He had a collection of over 30 signed baseballs, each with a story behind it; numerous bats, also with stories; over 100 signed cards, and lots of other gear like the cap Billy Martin gave him. He also had the last Mariner shirt worn by Julio Cruz. A corner in Davy's house is dedicated to his baseball museum.

He wasn't always a baseball fan, in 1980, he was invited to his first ball game in Kingdome by a family friend, who had arranged for "Davy's Day at the Ballpark." He was met at 5:30 p.m. at the gate to the Kingdome by the head of publicity who ushered him right past the sign that said "Stay Out-This Means You" and into the umpire's locker room. There he was given a game ball by the head umpire for the day, Jerry Neudecker, who said "Take this ball into the Mariner locker room, Davy, and get all your heros to sign it."

Davy toured the locker room, collecting signatures and then went out with the team for batting practice. While in the dugout, Tom Paciorek pulled a bat out of the bat rack and gave it to Davy. He then pulled out another bat and said "Davy, this bat is identical to yours and I'm going to hit you a home run with it today." Needless to say, Paciorek did just that, hitting the game winning home run in the fourth inning.

When he went home from the ballpark that night, he took with him his signed baseball and bat, and even the home run ball, which was retrieved by a fan. After the game, Tom Paciorek inscribed this ball "To Davy Finnigan-You're a fine young man and an inspiration to all of us. Your fan, Tom Paciorek."

From then on, Davy was the "locker room kid"; and the only person, aside from the working press, allowed in the Mariner's locker room after every game.

Dave Finnigan has a bachelors degree in Sociology and Anthropology from Cornell University and his Masters in Public Health Education from the University of California at Berkeley. He spent four years as a US Army Officer, stationed in Germany and Korea. For ten years, from 1966 through 1975, he worked in population and family planning programs in Korea, Taiwan, the Philippines, Indonesia, Thailand, Nepal and Turkey.

He worked for the Ford and Rockefeller Foundations, the Population Council, the World Bank, the US Agency for International Development and various United Nations agencies. In this period he published more than 20 professional papers and a compendium on incentive programs. In 1976, while a PhD candidate at the University of Washington, he learned to juggle.

Created the character of Professor Confidence; taught over 350,000 people to juggle, presented over 500 performances, presented in-service workshops for physical educators in 12 states and three Canadian provinces, presented programs in 39 Department of Defense schools in Japan, Okinawa, the Philippines and Korea, produced a prize-winning film, The Juggling Lesson, which appeared on Showtime nationwide, written, or been the subject for, articles in Money, Games, Smithsonian, Ford Times and Sports Illustrated; organized Wendy's Juggle-a-thon for Cerebral Palsy, chosen as the best promotional program for Wendy's for 1982, are just a few of the things he has accomplished.

He is presently president and board chairman of Jugglebug, the major manufacturer of recreational juggling equipment. Director of the Juggling Institute, an educational organization with instructors throughout the United States, Canada and Western Europe.

LEARN TO JUGGLE! Dave Finnigan Will Be At The Muleshoe Art Loft Mon. Aug. 21st From 11 to 2 p.m. Come Out And Learn To Juggle, Or Just To Watch. All Ages Invited.

County Budget

Cont. From Page 1

the 14 departments of only \$51,041.40.

Then take a look at three departments that received a drastic decrease in the 1990 budget.

As the Bailey County Coliseum was paid off in 1989, the decrease in the budget there is showing a total of \$26,820.00.

There's a decrease for Health Services and Aging of \$59,998.06 in the 1990 budget.

Another 'big' cut is in the Ambulance Service budget, which was cut by \$31,763.56, despite the fact that ambulance calls have drastically increased during the past several months.

The decreases total \$118,581.62, which was assumed to be added to the Precinct Funds to help fund the \$145,389.91 increase in the Precinct budgets.

Now, let's break the budget down a little more.

Fourteen departments received a total increase of \$51,041.40 for all departments.

Most of the increase can be attributed to the pay raises granted by commissioners.

The increase in the county judge's department is \$1,620.48. Last year, the judge's budget was \$47,794.80, and is \$49,415.28 for 1990.

For the county clerk's office, the increase is shown to be \$4,444.16. Last year's budget was \$62,794.84, and was increased to \$67,239.00 for 1990.

Non-Departmental increases are shown to be \$19,161.16. This portion of the budget includes such things as cemetery caretaker, janitor relief, utilities, insurance, and a couple of new items, including \$3,000 for lawn service and janitorial service at \$8,000.

The non-departmental budget for last year was \$166,987.04 last year, and this year is \$186,148.20.

A very modest increase is shown for district court. Their 1990 budget is for \$33,153.18, a \$364.97 increase over the \$33,788.19 from last year.

Justice of the Peace and Constables show an increase of \$1,567.48. This budget was \$27,777.64 last year and is increased to \$29,345.12 for this year. Precinct Four Justice of the Peace Todd Ellis receives no salary, no insurance or other benefits except \$500 for state-mandated school and travel once a year.

The smallest increase is for county court, at \$25.00. Their \$6,660.00 budget of 1989 was raised to \$6,685.00 for 1990.

For the district clerk, the increase from \$46,251.08 in 1989 to \$48,002.00 in 1990, is an increase of \$1,750.92.

The county attorney received an increase in the proposed 1990 budget of \$1,512.20. That budget is proposed to be \$36,887.00 for 1990 and was \$35,374.80 for the year of 1989.

Another very modest increase was in the district attorney's office. The 1989 budget was \$15,198.08 for 1989 which is a proposed \$510.72 increase to \$15,708.80.

From the tax assessor's office, is a \$1,769.97 increase. The 1989 budget was \$46,107.37, and shows on the 1990 budget to be \$47,877.34.

A \$3,391.68 increase is shown for the county treasurer's office. The budget for 1990 is proposed to be \$31,488.00, up from the 1989 budget figure of \$28,096.32.

At the Bailey County jail, the increase shown is \$4,966.39. The budgeted figure for 1990 is \$100,838.36, up from the \$95,871.97 in the 1989 budget.

For the sheriff's office, an increase of \$9,193.32 is shown. The budgeted amount in 1989 was \$127,824.72, and the proposed budget for 1990 is shown to be \$137,018.04.

Another very modest increase is the \$398.04 for the county extension office. Their 1989 budget was \$49,584.48, and the proposed 1990 budget shows \$49,982.52.

The district attorney investigator is getting an increase of \$529.88 in the 1990 budget. The 1989 budget figure was \$23,476.32 and shown on the proposed 1990 budget is \$24,006.20.

Despite having a budget hearing last Monday, the budget was not approved by the county commissioners, who elected to check further into citizens' requests for an additional deputy sheriff for Bailey County.

The budget will again be scheduled for a meeting on September 11.

In the Thursday *Muleshoe Journal* the budget will be broken down further, department by department, so you can see where and how your tax money is being spent.

Registration for the fall semester at Eastern New Mexico University will be conducted on Thursday and Friday, Aug. 24-25 in the College of Business Building.

Graduate students, seniors and juniors will register on Thursday in alphabetical order, with sophomores and freshmen scheduled for Friday.

For more information, contact the office of the Registrar at 505-562-2175.

Crop Prospects

He said that while observing dryland crops during the past week, he saw fields of cotton not in bloom, and acres of grain sorghum not headed out.

He added that many acres of crops were not planted until early to mid-June and "time" is the key factor in order for these crops to produce a harvestable yield.

Tanksley said corn is starting to mature very rapidly with many fields now in the dent to grain maturing stage of growth.

Harvest is expected to begin sometime around Labor Day, September 4, or immediately after Labor Day, as an early harvest is anticipated.

On Friday, August 11, to kick off the Mule Days Celebration, the Muleshoe Mule Skinners sponsored the Mule Day Trail Ride.

Leaving the old airport at 8:30 a.m. were two mule drawn wagons, 21 riders on mules and horses, and the Channel 13 TV crew from Lubbock, for a total of 35 people.

Heron and Stella Washington of Muleshoe prepared a barbecue lunch, with all the trimmings, which was served at noon at Bill Millen's pecan grove.

The trail ride returned to Muleshoe and their starting place at the old airport around 4:30 p.m. on Friday, in time for the night entertainment held at the airport.

Research Teams Seek Texas Grant Funds

Faculty research teams, representing 53 higher education institutions in Texas have submitted 3,119 grant proposals in competition for \$61.3 million under the state's Advanced Research and Advanced Technology Programs. The ARP and the ATP are the largest competitive grant programs funded by any state.

Peer review panels of eminent scientists from across the country will screen the proposals and recommend how best to allocate the funds. The Texas Higher Education Coordinating Board will announce the awards this spring.

"The 71st Legislature recognized the relationship between state-supported university research and revitalization of the Texas economy and voted overwhelmingly to approve more than \$60 million for these programs in the 1990-91 biennium," said H. M. Daugherty, Jr., Chairman of the Coordinating Board.

"Even though \$60 million is a lot of research money, our faculty are proposing research projects that could require almost 10 times that amount," said Lynne Bowers, director of the division of research programs for the Coordinating Board. "The competition is intense in all areas," she said.

Competition in the \$40.5 million Advanced Technology Program is greatest in these categories: biomedicine, 360 proposals; agriculture and aquaculture, 241 proposals; and biotechnology, 223 proposals.

"The 71st Legislature passed a bill (S.B. 199/Parker) adding the environment as a priority area in the Advanced Technology Program. We've received 138 proposals in environmental sciences and engineering," said Roger Elliott, Assistant Commissioner for Research.

Other categories and the number of proposals received are: energy, 167; materials science and engineering, 134; information sciences, 130; manufacturing technology, 108; micro-

electronics, 101; aerospace, 79; marine technology, 37; and telecommunications, 35.

Biological sciences and engineering topped the list of research submissions in the competition for \$20.8 million under the Advanced Research Program, with 407 proposals and 202 proposals respectively.

Other research categories and the number of proposals received are social and behavioral sciences, 169; chemistry, 128; computer and information sciences, 104; physics, 88; earth sciences, 86; mathematics, 62; material science, 54; marine sciences, 28; atmospheric sciences, 21; and astronomy, 17.

No more than 70 percent of the funding may be awarded to the University of Texas and Texas A&M University systems, according to the legislation (H.B. 2181, 70th Session) creating the research programs.

The peer review panels will meet now through October to rank proposals and, as is customary in peer review, the panelists will remain anonymous. Elliott said he expects the Advisory Committee for Research Programs to analyze the peer review results and recommend grant awards to the Coordinating Board in October. Researchers should receive grant funds by Jan. 1, 1990.

Bailey County Schools Feel Impact Of Mandated Changes

School budgets have increased by 50 percent since the school reform HB72 was enacted five years ago, according to the Texas Research League of Austin. They said a total of \$13.5 billion was approved by school trustees in 1,055 Texas school districts last year.

To pay for it, officials levied local property taxes totaling \$5.6 billion. The state provided \$4.9 billion. The remainder came from school lunch and other fees, federal aid, bond sales, interest and other revenue.

The figures come from the latest issue of *Bench Marks 1988-89 School District Budgets in Texas*, an annual publication of the Texas Research League, an Austin-based, educational corporation engaged in governmental research.

An average of \$3,384 per student for current operations was budgeted last year plus \$288 for repayment of debt and \$464 per student for capital outlay.

Muleshoe ISD's budget provided \$3,463.76 per student for current operations, while Three Way ISD's budget provided \$7,082.63 per student for current operations. Also, the MISD shows -0- for debt service and TWISD has \$290.34 for debt service. MISD shows \$278.11 per student for capital outlay, based on the 1667 students enrolled in the fall semester of 1988. TWISD shows \$448.33 per student for capital outlay based on the 145 students enrolled in the fall semester of 1988.

The average salary for classroom teachers paid by Muleshoe ISD in 1987-88 was \$20,734.00 and for the Three Way ISD, \$19,826.00, plus supplements for the career ladder for both schools in Bailey County.

In Muleshoe ISD the average salary for administrators was \$38,772.00 and \$23,974.00 for other professional support employees (librarians, counselors, nurses, supervisors, etc.); while in Three Way ISD the administrators average was \$47,181.00 and \$24,320.00 for other professional support employees.

Four dollars in five were spent for salaries. Statewide, payroll expense averaged \$2,757.00 per student, as compared to \$2,665.26 in Muleshoe ISD and \$4,706.19 in Three Way ISD. Payroll expense is a combination of salary levels and staffing patterns.

Taxpayers provided one teacher for 14.3 students in Muleshoe ISD and 6.6 students in Three

Way ISD while the statewide pupil-teacher ratio was 17.1 to one. Because of the existence of small classes, especially at the high school level, and abbreviated teaching schedules, many other classes have more than the average number of students.

To fund higher school budgets with a declining tax base, school trustees in most districts have raised tax rates. The average school district imposed a property tax rate of 91.2 cents per \$100 of appraised value, which value averaged 96.5 percent of market value (selling price).

The "true tax rate" was 88.1 cents (91.2 times 96.52 percent) statewide. Locally the Muleshoe ISD imposed a rate of .85 and property was appraised at 101.1 percent of its market value, making the true rate .860 per \$100 of market value (selling price). Three Way ISD imposed a rate of \$1.196 and property was appraised at 116.2 percent of its market value making the true rate \$1.390 per \$100 of market

value (selling price).

The report points out that the calculation of a true tax rate based on market value rather than on appraised value enables a valid comparison of tax levels with other schools. In 1988, the true tax rate exceeded \$1 in 336 school districts in Texas.

The tax on a house that would sell for \$80,000 in Muleshoe ISD would have been \$621.00 and for the same house in the Three Way ISD, taxes would have been \$845.00. If the homeowner were eligible for homestead exemptions, the tax would have been \$578 for the Muleshoe ISD and \$785.00 for the Three Way ISD. If owned by a person 65 years or older, the tax on an \$80,000 house in the Muleshoe ISD would have averaged \$493.00 and for Three Way, \$665.00, or less if subject to a tax freeze. That compares with statewide average tax bills of \$723, \$638, and \$544 respectively for an \$80,000 house.

Last year Muleshoe ISD's

Hospital Board Looks At More Renovation

All board members were present for the regular meeting of the Muleshoe Area Hospital District Wednesday night at the Muleshoe Area Medical Center.

First on the agenda was Christina Koenig, who handles the Indigent Health Care program for the hospital.

Following a discussion, the Mandated Provider Contract was approved, with Dr. Mark McClanahan named mandated provider of health services for the hospital.

A lengthy discussion was held with John Chisholm, administrator of Muleshoe Area Medical Center; Rachel Snider, administrator of the Muleshoe Area Health Care Center and Debra Bush, who handles the hospital and nursing home supplies and linens.

They discussed the proposed laundry renovation, and or removal to another location, as well as the possibility of contracting a linen service to handle laundry for the facilities.

Some changes will have to be made to meet Medicare-Medicaid requirements.

In other Medicare requirements, Administrator Chisholm said much of the work has been completed, and other required

work is ongoing at this time.

He also reported that Coy Noles had withdrawn his bid as auditor for the Muleshoe Area Hospital District and other CPA firms are being considered.

Other reports were given on the progress with FHA, development of a five year plan and setting up priority lists for updating equipment.

In emergency room coverage, the administrator said he had contacted several places, such as Texas Tech, Cannon Air Force Base and doctor recruiting firms, and expects that to be worked out in the near future.

In reporting on required training for aides who work in the nursing home, Rachel Snider said five of the 21 aides had received perfect scores, and those teaching the classes said they were very pleased with the rapport between the aides and residents of the nursing home.

They are also attempting to recruit two more LVN's for the nursing home, added the administrator.

John Chisholm praised the work Rachel Snider is doing to take care of the 46 residents of the Muleshoe Area Health Care Center, and said everything is working well in that area.

Board members looked over proposals for a new 'logo' for the hospital and nursing home, and approved the colors.

Work continues to put together an employee benefit package, according to another report.

Chisholm announced that the Muleshoe Area Medical Center has now been fully approved as a health service provider by Blue Cross/Blue Shield.

Tabled for the next meeting was a proposal to become a member of the Texas Hospital Association, which Chisholm said would have the potential of being very beneficial to Muleshoe Area Medical Center 'down the road.'

Several other items were discussed before the meeting was dismissed.

revenue from the property tax increased by 4.0 percent and Three Way ISD's revenue increased, by 2.9 percent for 1988-89 as compared to a 6.8 percent increase statewide.

Local property taxes plus state aid was \$2,830 per student in Muleshoe ISD and \$5,568 per student in Three Way ISD as compared to \$3,221 statewide.

The primary purpose of state aid is to equalize state and local tax resources among schools, said the Texas Research League.

In 1988-89 tax resources ranged from less than \$2,500 per student in 12 districts to more than \$10,000 in five districts.

Obey Limits

Often hunters kill more than their legal limit of game.

Those who persist in violating limits are guilty of two counts: legal and sportsmanship.

It's impossible for game wardens and federal officials to discover every violation, especially on land owned by those breaking the law.

This is an appeal to hunters to observe the limits. In the long run, such a policy will pay dividends to all hunters.

Deficit Widens

The deficit in the broadest measure of U.S. trade widened sharply in the first three months of the year as improved sales of American merchandise were swamped by a deterioration in the country's investment balance sheet, the government reported.

City, County Get Liquor Checks

State Comptroller Bob Bullock last week sent checks totaling \$11.3 million to 221 counties and 442 cities that collect mixed drink sales tax.

The checks represent the counties' and cities' share of the state's 12 percent mixed drink tax collected during the second quarter of 1989.

Bullock said that the state collected \$46.8 million in mixed drink taxes for the second quarter, compared to \$45 million collected during the same period in 1988.

Under state law allowing the sale of mixed drinks, Texas cities and counties each receive a 12.5 percent share of the tax collected on mixed drinks sold within their boundaries.

Of the total \$46.8 million in state collections, counties received more than \$5.8 million, up from \$5.6 million received in the second quarter of 1988. Cities received more than \$5.4 million, up from the \$5.2 million received last year during the second quarter. The state's general

revenue fund received the balance.

Bullock said \$35.5 million was deposited into the state's general revenue fund from second quarter collections, compared to \$34.2 million collected in the second quarter of 1988.

The mixed drink tax is collected by the Alcoholic Beverage Commission. City and county rebates are sent out quarterly by Bullock's office.

Bailey County's share of the tax revenues of \$5,887.18 was \$735.90; while the City of Muleshoe received \$551.61 on the reported taxes of \$4,412.89.

Cochran County's share of the reported \$1,369.23 was a check for \$171.15.

Littlefield received \$475.52 on reported taxes of \$3,804.19; and Lamb County's reported tax was \$6,763.48, and they received a check for \$845.44.

Parmer County received the smallest check at \$82.63 on reported mixed drink taxes of \$661.00.

1989 Property Tax Rates in Lazbuddie ISD

This notice concerns 1989 property tax rates for Lazbuddie ISD. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:	\$ 406,641.30
Last year's operating taxes	\$ 37,626.79
Last year's debt taxes	\$ 444,268.09
= Last year's total taxes	\$ 45,333,479
Last year's tax base	\$.98
= Last year's total tax rate	\$/100

This year's effective tax rate:	\$ 443,974.09
Last year's adjusted taxes (after subtracting taxes on lost property)	\$ 45,335,460
= This year's adjusted tax base (after subtracting taxes on new property)	\$.9793
= This year's effective tax rate	\$/100
× 1.03 = maximum rate unless unit publishes notices and holds hearing	\$ 1.00
	\$/100

This year's rollback tax rate:	\$ 406,372.20
Last year's adjusted operating taxes (after subtracting taxes on lost property)	\$ 45,335,460
= This year's adjusted tax base	\$.8963
= This year's effective operating rate	\$/100
× 1.08 = this year's maximum operating rate	\$.9680
= This year's debt rate	\$/100
= This year's rollback rate	\$ 1.0566
	\$/100

SCHEDULE A: Unencumbered Fund Balances

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
	-0-

SCHEDULE B: 1989 Debt Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment
Total required for 1989 debt service			38,229.00	
- Amount (if any) paid from funds listed in Schedule A			-0-	
- Excess collections last year			-0-	
= Total to be paid from taxes in 1989			38,229.00	
+ Amount added in anticipation that the unit will collect only 95% of its taxes in 1989			2,012.05	
= Total Debt Service Levy			40,241.05	

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the full calculations at Parmer C.A.D.

Things they never told you about a heat pump.

Fact #9

A heat pump will not work well enough by itself to keep you warm all winter.

Someone selling you a heat pump will either attach it to your natural gas furnace or even try to sell you a new furnace you probably don't even need. All because a heat pump won't do the job by itself.

If you need a new air conditioner this summer, get a modern high-efficiency air conditioner.

But don't let 'em mess with your furnace.

J&L FASHIONS RECEIVES AWARD--For the second time since opening their store just over a year ago, J&L Fashions has received a national award. This time, Judy and Leon Logsdon received "Runner-up" for 'Excellence in Promotional Advertising,' and received a full-page spread in a trade magazine, *Rag News*. They also received a check with their plaque. (Journal Photo)

J&L Fashion Wins Award For Promotions

J&L Fashions, owned and operated by Leon and Judy Logsdon, has won another award --this time, using *Journal* pictures and stories.

They were unable to attend the last seminar conducted by Marlenna Fashions, Inc. in Atlanta, GA, July 15-17, but received their award by mail.

Marlenna Fashions *Rag News*, a fashion trade magazine, sponsored a contest on advertising.

Leon and Judy said they were so proud of the coverage by local news media on the last contest they won, that they submitted articles from the newspaper and also pictures taken by *The Journal*.

The picture was of Becky Castorena modeling their clothes

in the Fine Arts Club Dinner Theatre Style Show, and even though the caption was wrong, identifying another store, the picture, along with another picture taken by *The Journal* and a *Journal* article were used to give J&L Fashions a full page spread in *Rag News*.

J&L Fashions were runner-up in the contest on Promotional Advertising. They now have a new plaque to display in their store, along with a check for \$250.

The Logsdons commented, "We would like to say 'Thank You' to the news media for your support and coverage, and also to their customers who have made all of this possible."

Cattle Will Benefit From Grain Research

Dr. Rodney L. Preston, professor of Animal Science with Texas Tech University, recently summarized several topics of research that were presented during the 15th Biennial Grain Sorghum Research and Utilization Conference held earlier this year. The chief observation by Preston was that the price difference between corn and grain sorghum (+12 to 18%) should favor the feeding of grain sorghum by those in the cattle feeding industry.

The cost of processing steam-flaked grain sorghum, compared to steam-flaked corn, almost completely disappears when the fact that grain sorghum has 95-98% of the energy value of corn and a normally higher protein rate makes the two grains nearly equal.

Research that supports the use of grain sorghum over corn includes a study comparing steam-flaked grain sorghum and steam-flaked corn. The study in question demonstrated that steam-flaked sorghum (density = 26 lb/bu) was equal to steam-flaked corn (density = 20lb/bu) when fed to feedlot steers. The steam-flaked corn resulted in better yield grades, but did contain a greater degree of yellow pigment in the external fat. To combat this, cattle would require a longer feeding period to reduce the yellow fat color when coming to a feedlot from lush pastures.

A second area of sorghum research tested the associative effect of "slowly" and "rapidly" digested grain sources. The rations were comprised of either finely rolled grain sorghum, steam-flaked corn or a combination of the two grains. Intake was greater, gains were similar and efficiency lower in steers fed the finely ground sorghum, compared to the other two rations. The three feeds showed similar estimated net energy values, indicating the difference in efficiency was due to the lower intake in the animals fed steam flaked corn.

Other studies that Preston determined to be important touched on the advantages of increased quality control to eliminate differences in berry size, the amount of trash found in

the grain and the variations in starch digestion between assorted types of hybrid grain sorghum. The use of urea for the preservation of reconstituted grain sorghum may be a new approach.

Considering the advancements in research, Preston feels that cattle feeders can profit from the normal difference in price between grain sorghum and corn.

Preston's observations were published in Feed Facts, an educational service of the NGSFA Grain Sorghum Promotion Federation, which is supported by the Nebraska Grain Sorghum Development, Utilization and Marketing Board; the Kansas Grain Sorghum Commission; the Texas Grain Sorghum Producers Board and National Grain Sorghum Producers Association.

Country Club Report

By Claudine Elliott

The Muleshoe Women's Country Club Association met Wednesday, August 16th for their monthly meeting.

Dorothy St.Clair, our president presided over the business meeting. She recognized our guests, Mary Mayo, sister-in-law of Jerry Mayo and Amber Thomas, granddaughter of Helen Templeton. Our birthday ladies for this month were Carelean Hamilton and Sherri Shipman.

All committees made their reports. It was reported that five ladies went to Tulia this month for our Hi-Plains Playday. They were Yolanda Bell, Analita Haley, Claudine Elliott, Argilee Millen, and Helen Templeton. Yolanda Bell won low net and low putts in her flight and Claudine Elliott won low gross in her flight. The next Hi-Plains Playday is September 13th in Dimmitt.

Dorothy appointed Yolanda Bell, Charlotte Fields and Kay Fields for our nominating committee to get our officers for next year. They will announce their officers at the September meeting.

Helen Templeton, our Playday chairman, gave golf awards to Analita Haley, Claudine Elliott, Dorothy St. Clair, Jeanetta Precure, Jo Rempe and Kay Fields.

Our raffle winner this month was Ruby Lee Kerr. Congratulations to Ruby Lee.

After the meeting the ladies divided into teams and played a scramble. Two teams tied with a score of 75. One team was Dorothy St.Clair, Analita Haley, Charlotte Fields, and Yolanda Bell. The other team was Helen Templeton, Carelean Hamilton, Sherri Shipman, Kay Fields and Claudine Elliott. An exciting playoff with the teams playing three holes before a team won. Dorothy St.Clair, Analita Haley, Charlotte Fields and Yolanda Bell were the winning team. It was a fun sudden death playoff!

Those attending our luncheon were: Martha Young, Helen Templeton, Analita Haley, Laverne Winn, Ruby Lee Kerr, Jerry Mayo, Yolanda Bell, Kay Fields, Charlotte Fields, Shirley Hicks, Dorothy St.Clair, Argilee Millen, Jeanetta Precure, Marlene St. Clair, Sherri Shipman, Jo Rempe, Claudine Elliott, Carelean Hamilton, Darlene Henry and out two guest Mary Mayo and Amber Thomas.

Use the right energy for the right job.

Yes, we get a lot of wind in West Texas. But a gadget like this just can't do the job when you want to mow your lawn.

A gadget like a heat pump can't cool your home as well as a high-efficiency air conditioner, either. And it can't warm your home as well as a natural gas furnace.

Think of winter this summer. Nothing heats your home like natural gas from Energas, West Texas' best energy value.

Attitude...
OF PRAYER

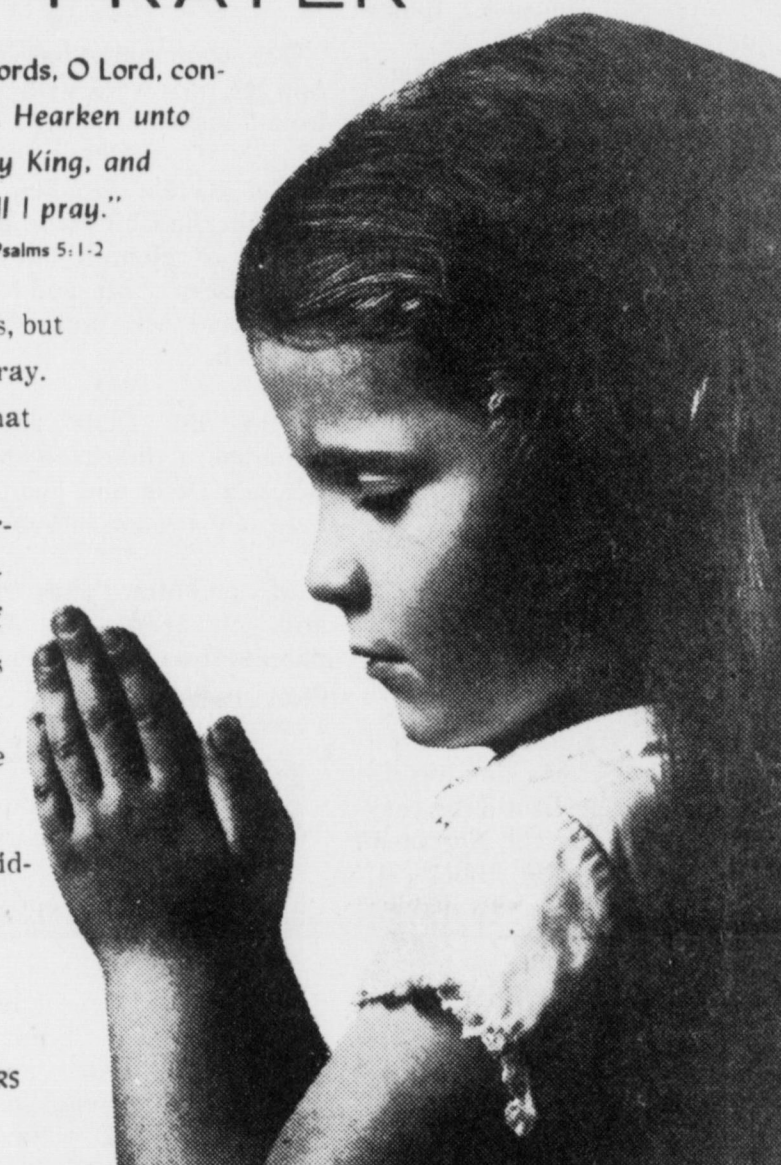

"Give ear to my words. O Lord, consider my meditation. Harken unto the voice of my cry, my King, and my God: for unto thee will I pray."
Psalms 5:1-2

God hears and answers prayers, but not everyone knows how to pray. Even the Lord's disciples asked that he teach them how to pray.

Attitude of the individual is important in prayer. Prayer is the opportunity that we have to tell God of our blessings and give thanks. It is an opportunity to petition for help, but above all, our hearts should be willing that God's will be done.

Prayer should be offered individually and in groups.

ATTEND CHURCH
AND
PRAY WITH OTHERS

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Imported Foods

A good case can be made for the admonition to "eat American." The U.S. Food and Drug Administration recently admitted a House committee's report on the presence of much contaminated foreign food on the U.S. market is valid.

The report, by the staff of the House Energy and Commerce Committee, warns that the Food and Drug Administration and U.S. Customs aren't sufficiently staffed to intercept and turn around the mass of unclean imported food reaching the U.S. market.

Often shipments of contaminated food, turned back at one U.S. port, find their way into the country at another port. Inspection is currently more a token system than complete inspection, partly because of the enormous task of inspection of all foods seeking entry to the U.S. Until and unless more thorough inspection of imported foods is possible, Americans are well advised to scrutinize imported foodstuffs--of all kinds--very carefully. A good rule is to eat American, when and if there's a choice.
