## Shooting Stars Nets Over \$250 For Little League

### Benefit Show Successful in Two Night Performance

"Shooting Stars," the home-talent stage show produced Thursday and Friday nights in the high school auditorium, brought a net return of between \$250 and \$275 for the Lions Club Little League fund, which club officers believe will be sufficient to get the Little League program under way near the end of the present school year.

The stage production, using all local talent, was under the direction of Miss Marge Lombardi of the Empire Producing Co. of Kansas City. Miss Lombardi is directing a similar production for the Rankin Study Club in Rankin this week.

Following is a list of members of the cast appearing in the show whose names had not previously been mentioned:

Betty Allen, Carolyn Stuart, Susie Schneemann, Jean Price, Nancy Perdue, Marion Mock Mrs. H. R. Mock, Myrtle Mae Everett, Barbara Hendricks, Katherine Scoggins, Florence Scoggins, Beverly June Day, Janice Sue Spencer, Viola Mae Dixon, Eda Ann Robinson, Betty Cunningham, Della Mae Mason, Gayle Cunningham, Rexie Thompson, Jan Pridemore, Judy Black, Janet North, Frank Childress, Michael Ellis, Charlotte Johnigan, Sarah Gillis, Mike Malone, Nonie Conklin, Patsy Butler, Sandra Augustine, Sammie Houston, Louise Wood, and Lynn Gustavus.

## Paul Newton To Become Co. Agent In Menard County

### Agent Here Since June Will Leave Soon for New Duties

Paul Newton, Crockett county agricultural agent since last June, has resigned as agent here and accepted a similar post in Menard county, it was announced this week.

Mr. Newton will succeed Bud Nolen, who has been transferred from Menard to Robstown. Mr. Newton was solicited by Menard county representatives at the recent San Antonio show and will confer with members of the Menard County Commissioners Court next Monday relative to the new position.

An active club program is under way in Menard county, Mr. Newton said, and he looks forward to accomplishing a great deal in that field in the coming season. The Menard Club has active feeding programs, livestock judging teams, wool and mohair judging teams, grass judging teams, and other activities. The new location will be nearer to farm property the Newtons own in central Texas, he said, and will be more convenient for him to look after this property.

Mr. Newton succeeded Bill Bergfeld, who was called to active duty in the army last summer. Lieutenant Bergfeld, now stationed at Camp Roberts, in California, has made application to be returned to his former Crockett county post on release from the army.

The question of choosing a successor to Mr. Newton will probably be considered at the next session of the Commissioners Court in consultation with district Extension Service officials.

### DAUGHTER TO DEATONS

Mr. and Mrs. Taylor Deaton are the parents of a daughter born in a San Angelo hospital Monday. Named Diana Lee, the baby weighed seven pounds and seven ounces. Mr. and Mrs. Fred Deaton of Ozona are paternal grandparents. Sam Drake of Dallas is the maternal grandfather.

## Eye Check of Pupils In North Elementary School Is Completed

A project was planned by the Woman's Forum, when making out their year's program, to check the eyes of pupils at the North Elementary School. This project was under the direction of Mrs. Charlie Black, Jr., chairman of the civic committee.

It was through the efforts of Lem Bray and the school board that a Visual Survey Telebinocular machine was secured from the Sonora school. The members of the club were given instructions as to the use of the machine by Dr. Maurice Lemmons.

The project was accomplished last week. Each child's eyes were checked, and the parents will receive a report of the findings recorded according to the telebinocular machine. If the test showed poor vision, the parents will be advised to secure further examination from an optometrist.

Members of the club doing work on the project were Meses. Charlie, Black, Jr., Charles Williams, Jr., Marshall Montgomery, Beecher Montgomery, W. T. Stokes, N. D. Blackstone, Joe Clayton, Hugh Childress, Jr., James Childress, C. O. Walker, Al Cowan, Jess Marley and Ele Hagelstein.

The club would like publicly to thank Dr. Maurice Lemmons, the school board and Glenn Hicks for the assistance and co-operation given by them during the work on this project.

## Report of Lost Hole Of Sun Mitchell Test Error; Drilling Ahead

A report published Saturday to the effect that a deep Crockett county wildcat, the Sun Oil Co. No. 1 Mrs. Myrtle Mitchell of Ozona, had lost the hole after drilling to 7,815 feet in shale is in error, according to Sun officials.

An amended application filed with the Railroad Commission Friday specified that he project would move 24 feet southeast to a location 1,294.8 feet from south and 896.7 feet from most westerly east line of section 11-1-I&GN. A footnote stated that the original hole had been lost, but did not give the depth.

A Sun official Friday stated that the project, in Sept., 1951, skidded 24 feet southeast and started a new hole after having failed to recover junk at 657 feet in lime and shale. Friday's amended application covered this move.

The project on Saturday, was drilling below 7,815 feet in shale. Magnolia No. 1 Henderson, Crockett wildcat, was drilling at 8,617 feet in lime and shale.

Delta Gulf No. 1 Robison, Crockett wildcat, recovered 15 feet of mud, no shows of oil or gas, on a drillstem test of unreported length between 4,450-4,672 feet and was drilling at 4,675 feet in shale and lime. Sinclair No. 1-7 University, Crockett wildcat, was drilling at 6,065 feet in lime.

## Bids Asked For 27 Mi. Seal Coat On Highway 290

### Live Oak-Bachelor Ozona to Sutton Co. Line to Be Coated

Bids for constructing 27.121 miles of Seal Coat from Live Oak Creek to Bachelor Hill, and from Ozona to the Sutton County Line are asked by the State Highway Department in an advertisement for bids appearing in this week's issue of the Stockman.

Bids will be received at the Highway Department in Austin until 9 a. m. March 29, when they will be opened and read.

The project is listed at a "Public Works" project and subject to provisions of state laws regulating wage rates, etc.

Plans and specifications are available at the office of R. N. Jennings, district maintenance engineer for the State Highway Department at San Angelo, or at the department offices in Austin.

## Red Cross Fund Drive Launched Here This Week

### Workers to Canvass Residential District of Town Monday

It's Red Cross Fund Drive time again and first solicitation began in the business section Tuesday of this week.

Next Monday has been set as the date for a whirlwind drive through the residential area of the city in an effort to complete the drive on that day.

Ben Williams, 1952 Fund Drive chairman, and Bill Cooper, were in charge of the solicitation in the business section Tuesday.

The Crockett county quota for 1952 has been set at a little under \$500, this amount being the goal assignment made by the National Red Cross headquarters. Since the local chapter still has a considerable fund on hand, enough to care for the estimated budget for the year, no local fund was added to the fund goal this year, thus accounting for the lower figure. The local chapter, however, will retain a percentage of any amount collected above the assigned goal.

For the purpose of making a quick solicitation of the residential area next Monday, the town has been divided into zones and a captain assigned to each such area. Each captain will select one or more assistants where needed to complete the solicitation in a minimum of time.

The zone captains were announced as follows: Mrs. James Baggett, Mrs. James Childress, Mrs. Abe Caruthers, Mrs. Frankie Jones, Mrs. Bill Conklin and Mrs. Bob Franklin and in the Latin-American sector, Ed Vitela and Sam Martinez.

The fund drive workers will meet for a kick-off breakfast this morning at the Hi-Way Cafe to plan the solicitation.

## Elkhorn Extender Indicated In NE Outpost To Field

### Conoco 10-A Shannon Shows Oil on Drill- stems Test

Conoco No. 10-A J. M. Shannon, prospective  $\frac{3}{4}$ -mile northeast extension to the Elkhorn (Ellenburger) field in Crockett county, has indicated more pay while establishing the water table.

On a two-hour drillstem test from 7,450-80 feet, gas surfaced in four minutes, mud in 44 minutes and oil in 47 minutes. Four barrels of oil flowed in one hour. In addition, the project recovered 350 feet of sulphur water and 90 feet of oil and gas-cut mud. Open flowing bottom-hole pressure was 2,160 pounds; shutin pressure was 3,090 pounds for an unreported length of time.

Electric log surveys were to be taken. Location is 669.9 feet from south and 689.6 feet from east lines of section 21-UV-GC&SF.

Conoco No. 11-A Shannon,  $\frac{1}{2}$ -mile northwest outpost to the Elkhorn (Ellenburger) field, was preparing to swap and test after cementing 5-inch casing at 7,342 feet and perforating between 7,292 and 7,260 feet in lime and dolomite. Location is 669.9 feet from south and 2,068.7 feet from west lines of section 21-UV-GC&SF.

Other Elkhorn outposts, Conoco No. 12-A Shannon was drilling below 7,023 feet in lime and Conoco No. 13-A Shannon had reached 1,360 feet in lime and was waiting on cement to set on 10 $\frac{3}{4}$ -inch casing set on the bottom.

Mrs. Willard Deaton has returned from San Angelo where she has been the past week at the bedside of a sister, Mrs. Mattie Scott, who has been critically ill.

## Dimitt Nudges Lions From Regional Play In Lubbock Opener

A strong Class A team from Dimmitt, undefeated so far this season, regional winners and now headed for the state championship contests in Austin, easily eliminated the District 6-A champion Ozona Lions at the regional basketball meet in Lubbock last week.

Some season's statistics prepared by Coach Swede Peltó and his scorekeepers were released this week. The Lions won 18 games and lost 13 during the season, scoring a total of 1,020 points to 970 for their opponents, an average of 32.9 points per game for the 31 games, against an average of 31.3 points per game for their opponents. In district play alone, the Lions averaged 39.6 points per game to 28.3 for their opponents.

Among individual players, Bill Schneemann led his teammates in scoring with a total of 190 points for an average of 6.1 per game. He scored 73 field goals; made 44 out of 98 free throw attempts for an average of 44.8%; committed 78 personal fouls and 1 technical, and played in 99 quarters.

Charles Garlitz played 96 quarters, scored a total of 177 points with 68 field goals and 41 out of 81 free throw attempts for a 50.6% average; averaged 5.7 points per game and committed 63 personal fouls.

Joe Bailey scored 153 points, an average of 4.9 per game; looped 44 field goals and made 65 of 131 free tries for an average of 49.6% and committed 46 personal fouls and played in 99 quarters.

Scott Hickman scored 56 field goals and 15 free throws for a total of 127 points, an average of 4.1 per game; had a free throw average of 37.5% in making 15 of 40 tries; committed 41 personal fouls and played in 86 quarters.

Tom Piner saw more action than any of his team mates, playing in 101 quarters. He scored 89 points, an average of 2.9 per game; rung up 31 field goals and made 11 of 35 free throws, an average of 39.6%. He committed 69 personal fouls and one technical.

Bill Maness scored 81 points with 35 field goals and 11 free throws out of 35, for an average of 31.3%; averaged 2.6 points per game; committed 24 fouls in 73 quarters.

Bobby Womack accounted for 64 points with 27 goals and 10 charity pitches out of 29, averaging 34.4%; averaged 2.1 points per game, committed 38 fouls and played in 52 chukkers.

Wayne Kuykendall scored 12 goals and 22 free throws out of 49, an average of 49.1%, for a total of 46 points, 1.5 to the game; played 41 quarters and made 23 fouls.

Virgil Machado had an 80% free-throw average with 8 completed out of 10 tries; scored 7 field goals and 8 free throws for 22 points; committed 5 personals and 1 technical and played 19 quarters.

Wilburn Conklin scored 13 points with 5 field goals and 3 for 6 free throws, a 50 per cent average; played 23 quarters and fouled 8 times.

Don Cooper scored 8 points with 2 field goals and 4 out of 11 free tries, averaging 36.7%; played 29 quarters and fouled 6 times.

## Ozona 4-H Club Boys Share Premium Money In San Angelo Show

Four lambs which two Ozona boys entered in the recent San Angelo Fat Stock Show placed in the money.

Tom Max Robison showed his heavyweight crossbred lamb to sixth place in his class and his lightweight crossbred to ninth place, winning a total of \$50 in premiums.

Irby Chandler showed a heavy-weight crossbred lamb to ninth place and his lightweight crossbred to sixteenth place. Irby won \$45 in premium money.

Following the show, the four lambs were sold at auction, the heavyweights bringing 25 cents per pound and the lightweights 29 cents.

## Third Annual Horse Show Set For May 30-31

### Charlie Black Heads Planning Committee For Posse Show

May 30 and 31 are dates set for the third annual Crockett County Quarter Horse Show and reining and cutting horse contest to be sponsored again this year by the Crockett County Sheriff's Posse.

Charlie Black was elected general chairman of the coming show at a meeting of Posse officers Wednesday afternoon. Chairman Black will choose other committeemen to aid in making plans for the show.

The third annual event will open Friday night, May 30, with an open jackpot roping and a featured matched roping. Tentatively chosen for the matched roping are Buddy Groff and John D. Holliman in a 12-calf match, roping six calves each of the two nights. The horse show proper will be held Saturday, May 31, with the cutting and reining contests and the final of the matched roping on Saturday night.

Handmade saddles will be given again as prizes for the champion reining horse and the champion cutting horse, with handsome trophies and ribbons for the winners in the quarter horse divisions.

More than 100 of the finest quarter horses in the area were entered in the second annual show last year.

## Rev. Tennison Accepts Borger Church Pastorate

### Ozona Baptist Pastor Leaves Next Week For New Charge

Rev. Clifton R. Tennison, pastor of the First Baptist Church here for the past 3 years, has accepted the call of the Calvary Baptist Church in Borger and will leave next week for his new charge.

Rev. Tennison, just completing his third year of his present tenure, served the local church as pastor for a year and a half some seven years ago. Between his two terms as pastor here, he herded the First Baptist Church at Memphis, Texas.

Rev. Tennison says the Borger church is a comparatively young church, now in process of building a new building. The basement of the new structure has been completed and the congregation is holding services there while the building is under construction.

Borger is a city of about 35,000 population and has four Baptist churches. The Calvary Baptist Church has a Sunday School enrollment of between 600 and 700, Rev. Tennison reports.

Rev. Tennison will remain here through next Sunday, although the family's effects were moved to Borger this week.

A pulpit committee was to have been elected at a meeting of the church congregation last night and the process of calling a new pastor for the church here will get under way at once.

## Baylor Coach to Show Orange Bowl Picture Here Wed. Night

Baylor Football Coach George Sauer will be principal speaker at a meeting of the Crockett County Sheriff's Posse next Wednesday evening at the high school.

Coach Sauer will show colored movies of the Orange Bowl game New Year's day between the Baylor Bears and Georgia Tech.

Members of the Sheriff Posse will be hosts to Coach Sauer and other guests at a barbecue supper in the girls' gym preceding the program. The Orange Bowl picture will be shown in the auditorium starting about 8 o'clock. All men of the town are invited to see the game movie.

METHODIST CHURCH NOTES

Many congregations in American Methodism will begin an observance of the Lenten Season with the Week of Dedication, Mar. 9 to 16.

Following the series, "Through the Bible," the pastor will preach this Sunday morning on "How a Foolish Leader Split a Nation," based on the story of the division of Solomon's kingdom between Rehoboam and Jeroboam. The topic for Vesper Service, 5 o'clock p. m., will be, "The Man of God," the life and times of Israel's first prophet, Elijah. The series on the Bible will cover the narrative parts of the Old and New Testaments.

On Sunday, March 16, the last day of the Week of Dedication, Mr. Hickman's topic will be "The Christian Absolutes." An offering will be received for a Methodist missionary project in La Paz, Bolivia.

The Youth Fellowship meets at 7 o'clock p. m.

A class of instruction for children in the meaning of the Christian life and church membership will be held in the pastor's study on the Saturdays of March 17 and 24, from 10 to 10:45 o'clock a. m. Those who desire to unite with the church will be received on Palm Sunday, April 6, at the morning service. The ritual of infant baptism will also be provided at the same service.

Mr. and Mrs. Eddie Bower and Joan of Dallas spent the week-end here visiting Mrs. Bower's mother, Mrs. Vera Baker.

Aaron Bledsoe was elected apprentice fireman at a meeting of the Volunteer Fire Department Wednesday night. Paul Newton, county agent, soon to leave for Menard to become county agent there submitted his resignation from the department.

Dr. and Mrs. H. B. Tandy returned Sunday from Rochester, Minn., where both recently underwent surgery at the Mayo Clinic.

New Official Travel Map of Texas Available Thru Highway Dept.

The shortest distance between two points is established by an old axiom, but from the standpoint of motorists, the shortest distance between two points can only be established by the Official Travel Map.

D. C. Greer, state highway engineer, announced today that the department's new 1952 Official Highway Travel Map is now available free to the general public. The Official Highway Map is revised and published annually. It is used by all state agencies as the basis for computing official car mileage. The new map is 28x36 inches and is chock-full of travel guidance and information on Texas. The material is illustrated and in color for easy comprehension and appearance. Several important changes have been made in this year's map which include a topographical relief drawing along with the addition of synbels which show the locations of the 854 roadside parks and turnouts. Special emphasis has been placed on indicating various recreational scenic and historical spots. All U. S. and state highways are shown. The more important Farm and Ranch to Market roads which serve the cross-country motorist are also shown. The travel information reflected on the map is designed to supply motorists with guidance needed for safety, comfort and pleasure while traveling Texas highways.

The back side of the map is jam-packed with factual and pictorial Texas history. The story of Texas is unfolded with the map. Many famous milestones and landmarks are described and portrayed pictorially. There are 26 pictures in full color of the more popular historical points of interest in the state with a full caption explaining each scene. A panorama is used to introduce some of the more popular historical characters in a "passing parade" of Texas history. This new map can be obtained by mailing the map card distributed by the Tax Assessor-Collector's office with the sale of license plates, or by writing directly to the Texas Highway Department, Austin 14, Texas. Copies are also available in any Highway District Office of the Highway Travel Information Bureau.

## Juniors Hard at Work Practicing For Class Play

Hey, that's your cue! That's what everyone has been saying at Junior play practice lately. "Everybody's Crazy" is a mysterious comedy whose characters are perfectly fitted by the Junior class. The cast has been set, and they're getting down to memory work. Mrs. Janie B. Hull has threatened anyone who laughs while the play is actually being given. (They're all getting their laughs during practice.)

Because there are so many Juniors, there couldn't possibly be enough parts for all; however, everyone will take a part in making the play possible.

## Student Musicians Play for Rotarians

## TOO MUCH TALK

By Doris West

Well, it's again time for Snoopy Sue to spread around the "hearsay" of the past week. A lot of times girls' methods for getting boys' attention fails, but Tody Cunningham seems to have a cinch method — huh — Bill S., Tom, Buddy and Scott.

A few people who might remember Wanda Bishop might be interested in knowing that she got married Christmas. (Girls, the best way to lose a friend is to marry him!)

Norris Pogue, wonder of the Senior class, (Wonder how long he'll last) seems to be getting around with Kenneth's girl, Alena Faye, lately. Better watch him, Kenneth; he's really a shylock. Since Marion has been telling off on Norris, Norris feels that you should know something about Marion. In spite of the fact that Marion has been seen with Buster, Norris seems to think that Marion has a slight crush on Wayne. I don't know where he got that idea; all she does is brag on him, take up for him, and make "eyes" at him.

Bill was so kind as to tell Reta that she could go on the Senior Trip and go with the boys. (All of which Reta had already planned without his permission.) Poor little naive Bill. (Here's your chance, Joe.)

While snooping around the other night, I heard a person complaining about getting home so late every night and one legitmist said, "Oh, you do get home?"

Snoopy Sue was asked, "What's this younger generation coming to?"

I've been looking for an answer for weeks, and the only thing that I've hit upon is, "An end someday."

### They Do "Give A Hoot" For Easy

From where I sit, quite often a "bright idea" will turn out to be "not so bright" after all. That's why we should never be too cocksure of our ideas and opinions—but always try to keep an open mind. I believe a refreshing glass of beer is the best thirst-quencher — you may believe differently.

But who's to say one's right and the other is wrong? Let's just practice tolerance. It'll save a lot of hootin' and hollerin'.

## Fads and Fashions

By Jane Adams

Preview of end-of-school dances: Lots of white net dresses. Some of them over satin, instead of taffeta. More feminine dresses, with lots of extra touches. Less necklaces. They would detract from the extra details on the tops. This week: Less wool socks, more more Capezios, now that cold weather is ending. Charlene Perk's tailored shirt and full skirt that is made from a green, very light and springy material.

Alena Faye threaded a narrow polka dot tie through the slits in a collar. Wanda Carden's purple and white scarf tied very high over the collar of a pink shirt tailored like a boy's. Vivian Trotter's and Shirley Kost's new hair cuts that are just on the long side of being very short.

## 'Quiz Kids' Enter Spelling Competition In District Meet

By Marion Mock

Dot that "i"; don't loop that "t"; bring that "a" down to the line; and loop that "l."

Yes, pity the poor ears that have to hear that speech every day. Wanda Carden, Nancy Perdue, Kent Chapman, Kay Simmons and Ann Rattliff are all trying out for the Interscholastic League spelling contest which will be held April 4 in Menard.

Mrs. Massingill is sponsor of the group which will consist of the two best spellers from OHS. Tryout tests will be given by Mrs. Massingill about the middle of March. From this test the two best spellers and one substitute will be chosen.

At the district contest the state will send out 120 words in a sealed envelope taken from the list of words the contestants have been studying. The words will be given out at the rate of six per minute. Besides being judged on accurate spelling the contestants will also be judged on their writing.

The OHS contestants meet every day either in the morning or afternoon, or in their spare time which they don't have. And to add to their headaches, they have such words to spell as parsimonious, nondescript and promulgate.

## ETTA KETTE GOES TO THE SHOW

This is another article in the series on manners contributed by the Junior Business classes after their study of the subject. Poems are from the book, Your Manners Are Showing by Betty Betz. Also used a lot was Behave Yourself, by Allen & Briggs.)

This is the sort of date that is a once-in-a-lifetime experience for a girl, because she wouldn't ever want to go with the boy again.

Jack and Frances screeched to a stop in front of the show with flying gravel to announce their arrival. Frances had the grace to blush as the manager frowned at the sidewalk. Frances sat politely in the car knowing that Jack would open the door for her. (She took Junior Business.) Jack leaped from the car and raced to the ticket window. (He didn't take Junior Business.) Embarrassed, Frances shoved the car door open and walked into the lobby.

After several minutes of trying to wrangle the lady in the ticket office, unsuccessfully, he raced into the lobby, grabbed Frances' hand and pulled her over, under, and around people and objects to the popcorn booth. Jack bought his popcorn and pushed Frances down the aisle before him. As she was stumbling down the dark aisle, with Jack giving her a none-too-gentle shove when she lagged, Frances wondered where to sit. She didn't have to wonder long — "Hey, Frances, let's sit here." She slowly turned around and walked up the aisle several rows to where Jack stood waiting for her. He shoved her into the row first and they waded through knees and over feet.

He began to show everyone what a popular boy he was by waving at his friends all over the show and by popping the friends closest to him noisily on the back. As the show progressed, Jack still showed everyone how friendly he was by leaning across Frances to talk to his friends on the other side of her. He also let everyone know he wasn't stingy by getting up several times to bring Frances peanuts, popcorn, candy, cokes or the like.

When the show was over he shoved his way outside and to the car; there he waited for Frances, occasionally blowing the horn for her. Finally she came out; it seemed she hadn't been able to

## EVER BEEN COLD?

EVER BEEN COLD? Then imagine what it feels like to work out of doors in temperatures ranging to 40° below zero. For that's how cold it gets up in Alaska, at our advanced fighter bases guarding the northern air approach to America.

Here hundreds of men like this one keep a constant vigil, making certain that our planes are ready to repel any and all enemy invaders. For their job is to keep the peace.

But you and eighty-three million intelligent, thrifty Americans like you are helping keep the peace, too. For your regular purchase of U. S. Defense Bonds is building the great economic strength that backs up these men on the fighting fronts. Keeping America strong for peace—in a hostile world where peace is only for the strong.

And at the same time you make the safest investment in the world today. For Defense Bonds are as safe as America!

### The U. S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10 as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest investments.

### Lions Rear

show or just quite so hard as Jack had. When Frances arrived usually out of the car, after spending around corners and leaving quite a bit of his time at the intersections. Jack called out that he'd be seeing her. Jack wondered later to his friends why she had been so unenthusiastic about another date?

She knows and I know, but do you?

Of course, every girl knows that if you go to the show with a date and don't bring around looking over his shoulder to see how much he gets set back or to see if he gets ahead. You walk calmly into the lobby and wait until he approaches with the flowers.

No girl but a goat would go pushing down the aisle without an usher to lead the way, and no boy but a goat would come here to if there is an usher, he leads the way, the girl follows him and then comes her date. It's an entirely different story if there isn't an usher. The boy goes first to find the seats and then, if the row he chooses is crowded he goes in first; otherwise, the girl goes first. But the man always takes the seat nearest or at the aisle.

When you are passing in front of people going to or from your seats, face the screen. Don't turn around and stare blankly into the eyes of someone you don't know. Never stare anything across the

roads of the people on the row in front of you. If you see the seat of person who intends being climbed over, don't get a seat on its back.

If you must wear a tail or extreme hat to the show, remove it before you are asked to. Don't do such things as talking or laughing that will annoy the people behind you. If the people behind you talk, simply ask nicely for them to stop. If they persist, call the manager.

In leaving the theatre, if the crowd makes walking over almost impossible, the lady precedes the gentleman. This is true in almost all cases, except if the crowd is really dense, then the gentleman goes first to make a path for the lady.

Let's try to use a few of these rules at the show in the future and see if everyone can't enjoy the movies much, much more!

All right, if we are in high school, we're supposed to act a little bit grown-up!

**KS IN 1952**  
**Students Still Rush Out at Noon Hour**

While trying to dig up some news for the paper this week, the inquiring reporter literally dug up this information of 2 years ago. From the Lions Hour of '50 we found this article approximately titled "False Alarm."

"A bad rumor at OHS and the students that widely to their homes and then ran over each other getting to the door."

"What's the commotion? Was it a fire or a land invasion?" Has there been a murder? No, it was none of these, just merely that at OHS and the students are rushing home for lunch."

Seems as if the times never change. It's still hard for our "non-believer" student to find his feet around during the noon hour.

**Valleyball Teams Square Off for Play For District Title**

When it's football or basketball season, everyone knows what's going on, but now that volleyball season is here, a lot of people, especially the boys, don't know what's happening. Well, here's a what makes it tick.

The district is divided into two halves. In one half Edgewood, Serrano and Drama will battle it out for the half while Junction, Magnolia and Glen will probably be it each other's threads for the other half. Then, of course, the winners of each half will have a knock-off.

Each team will play two games with each team in their half of the district.

### Lions Pushed out In Regional Meet by Strong Dammitt Team

**By Wayne Karkendall**

The Lions Lions, winner of district 44 with 8 straight wins and no defeats, were knocked out of the regionals by a mighty Dammitt team.

Joe Bailey, playing his last game for the Lions Lions, turned in a fine performance. Also doing a fine job at the court was Bill Schenmann.

Graduating this year from the Lions basketball team will be Joe Bailey, a three year veteran. Joseph Womack has two years of basketball behind him and Virgil Karkendall who got his letter this year.

Returning veterans for next year's squad will be Bill Schenmann, Tom Pinner, Charles Garlin, Bill Munroe, Wayne Karkendall, Scott Hesterman, Tom Cooper and William Condit.

The Lions better be up for next year as they did this year. They have a mighty good chance, too. Good luck, team.

**THE 1952 FEDERAL BUDGET OF \$85.4 BILLION IS GREATER THAN ALL THE INCOMES OF ALL THE PEOPLE WEST OF THE MISSISSIPPI**

THIS STARTLING PICTURE is the result of study by the National Chamber's Government Program, based on figures from the U.S. Department of Commerce. Because of all people include all the people in the U.S. Department of Commerce. Since later Commerce Dept. figures available to be pay were for 1950, the Chamber estimated total 1952 income at 12 per cent less than for 1950. Total 1952 spending under the President's budget would equal the income of all the people of the Westward plus 30 per cent of the income in Wisconsin and all the income in Montana.

# RANCH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today than ever before that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax returns.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your controlled checks or your present records can be transferred to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

## Call out the Reserves with a touch of your toe!

**Most cars lead a double life.**  
 A good part of the time, they're running errands, taking children to school, taking women to stores, taking men to work, taking family and friends to clubs and social functions. It doesn't call for a very great output of horsepower for duties like these.

**But there are times when you want a car that can do vastly more, and these are the times when you'll want what this year's ROADMASTER has to offer.**

**Beneath its proud hood, there's a Fireball-8 Engine—a valve-in-head that can let loose 170 lively horsepower when needed.**

**And—alongside this engine—there's also an Airpower carburetor which thriftily feeds fuel and air through two smaller-than-usual barrels for normal driving—which means that you now use less gas at 40 than you'd formerly use at 30.**

**But there are two barrels in reserve—waiting for you to call them into action—and they let loose a soaring rush of power that sinks your shoulders back into the seat cushion, swoops you past a truck—out of a tight spot—up a hill—sets your speedometer needle to registering**

added miles more than twice as fast as your watch can tick off the seconds.

This is an experience you certainly should know firsthand.

You should also know how Buick's Power Steering\* provides a helping hand in slow-motion maneuvers—lets you keep the "feel" of the car in straightaway driving.

And just for good measure, this '52 ROADMASTER also has the biggest brakes of any postwar Buick—the greatest trunk space since spare tires moved off the front fenders—a warning light that glows when the parking brake is set—and to top it all, the smartest interior fabrics that Buick has ever offered.

When are you coming in to look this distinguished performer over? We urge you to make it soon.

Equipment, accessories, trim and models are subject to change without notice. \*Optional at extra cost on ROADMASTER only.

INVESTIGATION OF BOMB CRATER . . . Near Kaesong, Korea, United Nations officers and Chinese and North Korean Communist officials crowd together around a huge bomb crater. The Communists have issued claims that the crater was caused by a United Nations plane which dropped its load in a neutral zone during the armistice talks. The crater is on the outskirts of Kaesong, but still in the armistice restricted zone. The bomb caused no damage to life or property. In reply to Red claims, the United Nations has asked for a re-investigation of the incident, as the Reds have issued many false claims.

ial occasions.

Grandma did love to eat. Bless her heart, she couldn't eat much in her latter days. The doctors had her on a diet, but she always ate what she wanted, anyhow. She would look at me and say, "Troy, a little bite of something won't hurt anybody." Like most South Carolina farm women, Grandma could really cook. One of her specialties was tapioca pudding. She usually kept some cooked up for me. She loved fried squirrel meat. "Troy," she would say when I got home from school, "Take the target and kill Grandma a squirrel." In talking to me she never said "I" or "me" but always referred to herself in the third person.

The chimney-corner mood did not last always. When the kids were grown up, they sold the farm and divided up what there was to divide. Grandma's part was enough to keep her in the little necessities. She lived usually with one or another of her married children. Now and then she would get tired of us, or be peeved about something. She would say, "When you get old, nobody loves you or cares anything about you." She'd pack up kind of reproachfully and take off. Maybe she'd rent an apartment nearby and "light-house-keep," as she called it, for a while. But Grandma would always come back to us. My parents were good to her, she said, and she enjoyed our house.

She loved to go. Some of her children lived in Arkansas, some in Oklahoma and some in Texas. Twice or more a year, she got on the train and always had a good time. She would complain about getting cinders in her eyes, but she was ready to start out again when the first warm weather came in the spring. The rheumatism bothered her considerably.

Along in the late sixties, she had her hair bobbed for the first time. She liked nice clothes, liked to be with people. She never saw a stranger, but made friends right and left. Although her schooling had been practically none at all, Grandma never seemed ignorant to me. She read some, when her eyes would let her. She used to be always losing her glasses and sending me to look for them. They would be pushed up on her forehead. Grandma was a lot younger at 70 than she had been at 50. She lived the last part of her life as a resurrected person. I think this was in some ways the happiest part, for most of her children married happily and did well in business.

Grandma had to have her laxative about every day. Carter's Little Liver Pills were her favorites, although she occasionally got sidetracked to Salhepatia. Her real faith never wavered from Carter's. Sometime in the seventies, while I was going to college in Austin and Grandma lived in an apartment house there, she called me and asked me to escort her to the doctor's. I did. We went up in the elevator. Grandma hanging onto my arm. The doctor filled her full of some kind of buttermilk and took pictures of her intestinal tract. Coming back down the elevator she got sick and lost most of the buttermilk. She was embarrassed and, being the age I was, so was I. Years after that, Grandma used to say, "Troy, you remember the time I mussed up the elevator?"

Yes. She had a malignant growth of some sort in her tract. But she lived far beyond her allotted years. I think she was nearing 80, or maybe past it, when she died in a hospital in DeQueen, Ark., surrounded by the care and attention of several of her children.

Grandma was just a plain South Carolina woman. But to me she is a blessed memory, something I would not have missed for the world, and something I hope my children won't miss. To me, Grandma stood for something that I feel clearly, but find hard to explain. She stood for old age, with its gentle humor, its patience, its rich experience, and its mellow tolerance.

An old person in my church once told me, "I feel so useless, just standing around in the way." Dear old friend, whoever you may be and wherever, never think or say that! Old age is its own excuse for being. All you have to do is just be here, and just being here is the finest thing you can do. For you have carried the burden through the heat of the day, and now at evening time you are due some rest and honor and love. Let dreams be for the young. Let work be for the strong. But while we dream and work, we need the benediction and blessing of the aged upon us. You give us assurance. You steady us. Just be yourself and stay with us as long as you can.

All-Colored Rodeo Set for June 18-19

Ozona's third annual all-colored rodeo, one of the outstanding summer attractions, has been set for June 18-19 at the fair grounds.

This year's event will include a calf and goat roping, bronc riding, wild mare races, goat hair pulling and other popular contests.

New chutes are to be built at the rodeo arena for the bronc riding contests and other show features may be added as committees workout plans. A big Juneteenth dance on the platform at the fair grounds will probably be the closing feature of the two-day show.
