Dr. J. W. Marshall To Preach Here In Baptist Revival

Wayland President In Sermon Services Next Week

Dr. J. W. (Bill) Marshall, president of Wayland College, Plainview, will do the preaching during a revival meeting at the First Baptist Church here next week.

Dr. Marshall, who keeps his numerous speaking engagements at various points over the state by use of his own private airplane, will arrive here Tuesday and will preach his first sermon in the series Tuesday night.

Sam Allen, basketball and track coach at Wayland College, and widely known evangelistic singer, will lead the song services during the meeting. Services will be held each morning at 10 o'clock and evening services will be at 7:30 from Tuesday night through Sunday, Oct. 7.

Plans have been made for Dr. Marshall to speak at a combined meeting of the Ozona Rotary and Lions Clubs on Thursday of next week and on Friday a three-plane caravan of Ozona Rotarians and Dr. Marshall will fly to San Angelo to present a program for the San Angelo Rotary Club.

Dr. Marshall has recently returned from a trip to Formosa where he had an audience with Chiang Kaisek, leader of the exiled Chinese Nationalist forces on Formosa. He has made a number of visits in recent years to foreign countries, including Hawaii, Mexico and several European countries. In 1940, he went to China on the invitation of Baptist leaders there.

Before accepting the presidency of Wayland College, Dr. Marshall was with the Baptist Foreign Mission Board in Richmond, Va., where he served as overseas personnel secretary. Prior to that he was head of young people's work for the Baptist General Convention of Texas.

Oct. 6 Deadline For Candidates For Representative

Special Election Nov. 13 to Name Successor To Graham

Midnight, October 6, has been set as the deadline for candidates to file for a place on the ballot in the special election called by Gov. Allan Shivers to fill the unexpired term of Callan Graham of Junction, as representative from the 86th district in the state legislature.

Judge John R. Leavell, county judge of Kerr county, designated returning judge for the district, has written Judge Houston Smith of Crockett county suggesting the filing deadline and outlining procedure for holding the election, canvassing returns and making the report to the returning judge.

Judge Leavell suggested that county commissioners court recess from their regular meetings Nov. 12 until Nov. 14 and then canvass returns from the election and report to him, thus making it possible for him to make the returns to the Secretary of State in the 48-hour limit allowed for such returns.

Drawings will be held in each county on October 9 to determine the order of candidates on the ballots. There will be no filing fee for candidates, the county judges have decided, and blank forms are available from each county judge for use of those who might wish to file for a place on the ballot.

Joe Burkett, Jr., Kerrville attorney, has already announced himself as a candidate for the office and H. J. Antoine of Kerrville, unsuccessful candidate for the office at the last election, is expected to be a candidate in the coming special election.

Methodists Plan For Evangelistic Mission Services

Dalhart Pastor Will Preach for Series Oct. 7 to 12

Committees of local Methodists are perfecting plans for a week of evangelistic activities in the United Texas Methodist Evangelistic Mission which begins on Sunday, October 7, and lasts through Friday, October 12.

Services will be conducted at the church each night, Monday through Friday of the week of the mission. The preacher will be The Rev. Lenol Hester, who is pastor of Central Methodist Church in Dalhart, Texas. Mr. Hester, a graduate of McMurry College of Abilene, is also the director of evangelism in his own district.

A supper will be served by volunteers from the Woman's Society each evening, Monday through Friday for a group of work-teams who will call in the homes of prospective members from 7 to 9, during the church service.

A regional rally for Methodist Youth will be held in San Angelo First Methodist Church on Saturday, October 6, at 6:30 o'clock. At this meeting, which will touch off the activities of the week, 500 youth from this region are expected to be present.

On Sunday afternoon, October 14, a mass rally of adults will be held in San Angelo. People from all Methodist churches in the area are expected to be present. Dr. H. Bascomb Watts, the well-known pastor of Boston Avenue Methodist Church in Tulsa, Oklahoma, is scheduled to be the speaker. This rally officially closes the mission.

P.T.A. Carnival Is Record Breaker; Net Profit Is \$1,700

From a financial as well as entertainment standpoint, the 1951 annual P.T.A. Carnival, staged in the city park Monday night, was a record breaker. It was the largest crowd to cram the park area, there were more shows, booths and stands and the night's receipts broke all previous records.

Net receipts from the evening's entertainment were approximately \$1,700, Mrs. Ashby McMullan, P.T.A. president, announced yesterday after a check-up of receipts and expenses. This is the only money-raising event of the year for the P.T.A.

"We are grateful to everybody who assisted in making the carnival such a grand success," Mrs. McMullan said. "A lot of people did a lot of work in planning and managing the various features of the carnival and the people responded magnificently. We are proud of its success and want to thank every worker and every supporter of the undertaking."

Tom Smith, Ozona ranchman, is recuperating in a San Angelo hospital after undergoing major surgery Wednesday. Mr. Smith's condition was reported as satisfactory this morning.

Billy Williams, 7 Is Polio Victim

Billy Williams, 7-year-old son of Mr. and Mrs. Troy Williams, is suffering from polio, according to diagnosis of physicians at San Angelo where the child is hospitalized.

The child became ill Saturday and was taken to San Angelo Monday for observation and treatment. Tests completed the first of the week led doctors to pronounce the illness as poliomyelitis. His right arm appears to be paralyzed and he complains of pains in his legs.

Reports this morning from the child's bedside indicate that the presently apparent affected areas are the neck, shoulder and right arm, the child's legs not being so far involved. Hot pack treatments were being started and the child's temperature was reported considerably lower this morning.

Cities Service Spots Deep Wildcat Test in Western Crockett Co.

Cities Service Oil Co. has staked location for a slated 7,500-foot rotary wildcat in southwestern Crockett county, 6 3/4 miles north of Fort Lancaster.

The company's No. 2-B Hoover, beginning operations by Sept. 26, will be 330 from south, 2,310 feet from west line of section 4, block GG. It will be on the northeast side of the Clara Couch (Whitehorse) field and 1,240 feet east of the operator's No. 1-B Hoover, a gas well.

Elkhorn Field Gets Second Well In Ellenburger

Conoco Outpost Flows 60 Bbls. Hourly; Powell Strike Flows

The Elkhorn (Ellenburger) field of northern Crockett county Monday was assured its second well as a five-eighths mile northeast outpost to the discovery flowed on a drillstem test.

Continental No. 3-A J. M. Shannon estate, C SE NE 22-UV-GC&SF, was taking a drillstem test from 7,222-250 feet, the total depth in dolomite. It had gas in five minutes but tool was still open.

Earlier, a drillstem test from 7,174-225 feet, tool open one hour, 55 minutes, had gas in two minutes and oil in 11. It flowed 60 barrels of oil in the first hour.

In the next 45 minutes, it flowed 45 barrels of oil, no water. Open flowing bottomhole pressure was 1,640 pounds with 15-minute shut-in pressure of 3,080 pounds.

No. 3-A Shannon is five-eighths of a mile northeast of the pool. In 22 hours of its 24-hour potential test, Continental and Humble No. 1-E L. P. Powell estate, opener of a second and deeper pay, the Strawn, in the World (Grayburg) field in northern Crockett, flowed 263.59 barrels of oil in 22 hours with 270,000 cubic feet of gas per day. Flow was through a 45-64-inch choke and acidized perforations from 8,088-

No. 1-E Powell estate is in section 62-BB-EL&RR survey, 11 miles southeast of Big Lake. Southland Royalty and others No. 1-8 Todd, wildcat 4 1/2 miles southwest of the Todd multipay field, was drilling below 8,142 feet in lime after a two-hour drillstem test from 8,052-105 feet had a slight blow of air for four minutes and died. Recovery was 20 feet of drilling mud with no shows. All pressures were zero. Location is 1,933.3 from south, 660 feet from east line of section 8-WX-GC&SF.

Two other Crockett wildcats were going deeper, Nevelle G. Penrose No. 1 University at 7,045 feet in lime and Sun No. 1 Mrs. Myrtle Mitchell of Ozona below 810 feet.

Terrell Petroleum Co. No. 1 University, wildcat 19 miles north of Ozona, has been plugged and abandoned at 1,748 feet in broken lime and blue shale.

Baptist Display New Church At Open House Sun.

Howard Payne Prexy To Speak Morning, Glen Edwards Night

Formal opening of the newly enlarged First Baptist Church of Ozona will be held next Sunday, with special services at the morning and evening hours and an open house from 4:30 to 6 Sunday afternoon during which the entire community is invited to inspect the new additions and the remodeled interiors of the rest of the building.

Dr. Thomas H. Taylor, president of Howard Payne College, Brownwood, will deliver the address of the morning at the service beginning at 11 o'clock. One of the charter members of the church will be selected to review the history of the local church, Rev. Clifton R. Tension, pastor, said.

Formal dedication of the electric organ and carillon is set for a special service from 3:30 to 4:30 Sunday afternoon. The dedication service will include an organ concert by Lynn Whitten of Wayland College, Plainview, organist for the Wayland Choir which has appeared here on two occasions.

Open house will be observed at the church from 4:30 to 6 Sunday afternoon and all Ozonans are cordially invited to visit the church and inspect the new additions and improvements.

The day's activities will be closed with the evening service starting at 7:45 o'clock when the Rev. Glen Edwards of Grandview, former pastor of the Baptist Church here, will deliver the sermon.

Construction work has just been completed on a 40 by 50 foot two story addition to the church, a wing extending north from the sanctuary, the new addition also including a beautiful bell tower in which are housed the organ and carillon amplifiers and also the church's original bell that hung in the belfry of the old wood-

\$6,100 More in PMA Funds Made Available For Crockett County

An additional \$6,100 has been made available to ranchers in Crockett county for soil and range conservation practices under the 1951 P.M.A. conservation program, Mrs. Mary Dunlap, administrative officer, announced this week.

The new fund, the second additional allotment received by this county since the original apportionment, will be available to operators who have not participated in the 1951 program but who are otherwise eligible to do so.

The new allotment makes a total of \$99,200 in federal funds spent in this county this year under the PMA program, the original allotment of \$87,000 and two supplemental allotments of \$6,100 each.

Hay Trucks Booted From Downtown Park

Nobody wants to see hay trucks lined up around the city park, least of all the ranchmen who have to buy the sky-high stuff as the result of West Texas' worst drought. But since they have to have the hay, they do want the truckers to continue to bring it, but the law thinks that the hay marketing could be just as well carried on in another spot than in the heart of the city.

Because some truck drivers abuse their privilege and the parking of the big trucks create something of a parking and traffic nuisance in the downtown area, Sheriff V. O. Earnest early this week ordered all hay truck drivers to use the county property at the south edge of town, on Highway 163, as a parking place.

So, if you have to dab down and buy hay, you will find the hay marketers henceforth at the county lot just south of the county barn.

FINE SPORTSMANSHIP

Ozona fans who accompanied the high school football team to Iraan last Friday night were treated to a splendid exhibition of sportsmanship on the part of the Iraan school, coaching staff and football players.

Through a larger school enrollment and one of those fortunate circumstances in which most of last year's championship team is back again this year, the Iraan school was able to field a football team that vastly outclassed the less experienced Ozona team.

It was apparent to Ozona fans that the Iraan coaching staff was attempting to hold down the score — even to the extent on one occasion of refusing a penalty against the Ozona team which was in possession of the ball and had made a first down on the play in which the rules infraction occurred. And, of course, the superior first team players were benched early in the game to allow bench warmers a chance to play as well as to prevent an unreasonably top-heavy score.

Such sportsmanship on the part of a coaching staff and team is

always appreciated by the less fortunate team and its backers, and doubtless Iraan fans are prouder of their team for having shown this consideration than they would have been for having witnessed a slaughter. It is good for youth to teach them courtesy and consideration, it is good for adults to witness a display of sportsmanship and it is good for towns and the future of their relations as neighbors.

Rivalry will be as strong as ever when next an Ozona athletic team tangles with an Iraan team, and victory for the home team will be as sweet as ever, but it will be a long time before any Ozonan who witnessed or participated in the football game there last Friday night can feel other than kindly toward Iraan and its gracious people.

Firemen's Training School to Be Taught Here by Chief Parker

A ten-hour course in fire fighting and maintenance of fire fighting equipment will be conducted in Ozona beginning Monday night, October 1, and each Monday night for five consecutive sessions, by Chief Parker of the Firemen's Training School of the A & M College engineering extension service.

Ozona is one of five towns in this area in which such training schools will be in progress during the period. Chief Parker will also conduct schools in Sonora, Eldorado, Junction and Rocksprings. All Ozona Volunteer Firemen and others interested are invited to attend the instruction classes. Two-hour sessions will be held each Monday night in the training series.

Kerry Tandy Solos At Whiting Field, Fla. Naval Air School

WHITING FIELD, Florida — Naval Aviation Cadet Kerry S. Tandy USN, son of Dr. and Mrs. H. B. Tandy of Ozona, Texas, recently completed the first phase of his naval aviation training by taking his solo flight.

Working for his Navy Wings of Gold and a commission as Ensign in the United States Navy, Tandy flew for the first time unescorted by an instructor in the Navy's sturdy SNJ Texan Trainer.

Tandy, who attended Ozona High School, Ozona, and the University of Texas, Austin, reported for duty at Whiting Field, August 7, 1951.

John R. Bailey is reported much improved in a Temple hospital where he went for treatment last week. It is hoped that he will be able to be home in a few days.

LIGHTS! ACTION! MUSIC! Everybody Was on Hand for the Carnival

By Norris Pogue
The P. T. A. Carnival cracked into action, lights on and barkers began to shout the praises of their booths. It was one rip roaring escapade right down to Mr. Yager's last splash and Mr. Pelto's being crowned Miss P.T.A. Poor Rube stood open mouthed among Western Swing bands, shooting galleries, cake walks and the food stand which sold everything from pop to eclairs. You could find everything your heart desired from the general store to fortune telling. At one end of the park bingo was in full swing while at the other, people wished in a wishing well or went fishing with their luck as bait. There was a roulette wheel and a cake auction, and a pony which was given away to Carolyn Stuart. Now, if you didn't enjoy yourself more than you have in a long time last Monday night, you must have stayed home and caught up on your shut-eye.

No 1950-51 Annuals; Deal Is Cancelled For Fund Shortage

By Marion Mock
Mr. Yager made the announcement last week that last year's annuals would not be received. When questioned further, Mr. Yager explained that some of the material was not completed. Every year the merchants of our town buy advertising space in our annual. The school has not yet collected the money from the merchants for the advertising. If they should collect now, they would have to turn right around and collect again for this year's annuals. That would make the merchants have to pay twice. Another reason Mr. Yager gave was the cost of the annuals. The original cost was \$1,744.60. Only 160 annuals were sold. That would come to \$560. The school would have to go into the hole \$1,214.60 in order for us to receive our annuals. With the new building plan under way, the school feels that that would be too much money to put out. The school hopes that the students will not feel too bad about the annuals. Instead, look forward to this year's annual and help make it a success.

Know Your Coaches

Larry Wilkins, the Ozona Lions' coach for the '51 season is a graduate of Kilgore Junior College. He played four years for Mexia High School, lettered three years at Kilgore, and has been coaching for twelve years. While at KJC he was captain of the 1936 state championship team and also made an all conference back the same year. Concerning his new position, Coach Wilkins says he scheduled some hard non-conference teams this year in order to get the team ready for the conference games, so let's all stick with the Lions until they meet with Menard for the first conference game of the year! The Lions tangle with the San Angelo Kittens this Friday night at the Lions Field. Coach Wilkins predicted that if the boys improved on their blocking, tackling and determination to win, they would break into the winning column.

Mr. Charles Womack, Junior High coach and Senior High physical education teacher, jokingly said yesterday at the field house that he was a "non-graduate" with no personality.

Mr. Womack while being interviewed by a reporter for the Lions Roar, admitted that he was a little news shy. But this did not daunt your eagle-eyed reporter; he snooped until he found out that everyone thinks Mr. Womack is a very understanding and capable coach.

DROP the wrench, buddy! We can catch the little things that go wrong before they develop into major breakdowns—if you bring your equipment to us for service at regular intervals.

We take care of countless truck troubles for wise haulers who count on us to keep their present carriers running smoothly. Our mechanics know all makes—it's second nature with them to watch for and correct the "ping" in an engine, or a steering shimmy.

Checking trouble points often overlooked in ordinary service is part of our maintenance program. For our men

know the "little things" are important to the life of a truck—even more important in these uncertain times.

So make regular stops at our shop—save 3 ways: (1) cut down the possibility of costly repairs, (2) get better performance with less "down time," (3) get more years of service from the equipment you now own.

1951 TAXES

Payable Beginning Oct. 1st

Your 1951 county, state and school taxes become due and payable on and after October 1.

The law specifies that tax bills may be paid on and after October 1. Therefore payment of taxes can not be accepted BEFORE October 1.

Except for school taxes, the same discount schedule for prompt payment as in previous years will be in effect this year. The discount will not be allowed on school taxes, but on county and state portions of the total tax bill, a discount of 3 per cent will be allowed in October, 2 per cent in November and 1 per cent in December.

If you mail in your tax remittance, deduct the amount of allowable discount, taking only the county and state portion of your taxes for computing the deduction. No discount may be taken from your school tax or poll tax.

Fads and Fashions

By Jane Adams
A cold wind blew in for awhile last week, making it cold enough for woollens. Things we especially noticed: Shirley Kost's purple skirt with a lavender sweater, Jeannene Thompson's corduroy skirt with stripes going around instead of down, wide belts buckled in back with a crest pinned on the front sometimes, crests hanging around necks on heavy chains. Cold weather didn't last long enough. Soon it was warm enough for a bathing revue. The winner was from OHS. Miss Fit was crowned Miss P.T.A. of 1951. We liked her yellow bathing suit. It'll get really cold eventually—so the H. E. girls are sewing in woollens. Most popular are dolman sleeves (easy to sew) and very, very slim skirts.

Ozona Represented In Wool Contest

The first week in October has been designated as Texas Wool and Mohair Week by the government. The Kerrville Lions' Club, as stated by the Hill Country Chapter of the Woman's Auxiliary of the Texas Sheep and Goat Raisers' Association, is staging the first State Wool and Mohair Festival there the first week in October. Ozona will be represented by Jeannene Thompson who is entering in the Junior Coat Division. In Kerrville, the girls will not only be privileged to take part in the festivities, but will compete for the title of Wool and Mohair Shepherdess of Texas. The high point winner of the sewing contest will gain this award, as well as the other state prizes and then will advance to national competition.

NOTICE OF CANCELLATION OF SUB-DIVISION

To any person interested in the subdivision of Lots 5, 6, 7 and 8, Block A-1, in the town of Ozona, Crockett County, Texas, as same appears in a plat filed on said lots by Mrs. Laura Hoover, recorded in Volume 12, Page 344 of County, Texas, is hereby commanded to appear before this court at its regular term on Monday, October 8th, 1951, at 10 A. M. at Court House in Ozona, Crockett County, Texas, to protest, if they so desire, the application of J. W. Owens to cancel said subdivision and throw such land back in to acreage as it existed before such sub-division was made. Said application of J. W. Owens was filed with this court on Monday, September 10th, 1951.

It is ordered, adjudged and decreed by the court that the Sheriff of Crockett County, Texas, publish this notice in some newspaper, published in the English language in Crockett County, Texas, for at least three weeks prior to action herein by this court, and that he make due returns thereof to this court.

Witness the name and seal of the Commissioner's Court of Crockett County, Texas, this 10th day of September, A. D. 1951.

IMPORTANT JUNIORS!

By Billie Chandler
The Juniors have come a long way from last year. If you don't think they have, just listen! Why is the editor of the Lion's Roar a Junior? By the way, she's Drum Majorette, too!

Two offices in the Student Council are filled by Juniors. One of the captains on the football team and quite a number of valuable players are Juniors.

In the past years in high school filled important places in every event. Last year the Sophomores (who are the new Juniors) walked away with first prize for the best Homecoming float!

If you don't believe Juniors are important, just ask a Junior!

Fifth Grade Makes Trip to Ft. Lancaster

By Diane Phillips
Mrs. White's fifth grade went to Fort Lancaster Friday afternoon.

Friday morning they went to Judge Houston Smith and he told them about old Fort Lancaster.

He showed the picture of Fort Lancaster painted by Mrs. Charles Williams, Sr., to them.

The Judge told the following stories to the class: Stagecoach attacked by Indians, Crockett County's first murder, fight on Ingham Ranch between North and South soldier, dressed as women to trick Indians.

The fort was first built to protect the emigrants going to California during the gold rush. Later it was used by the Confederate soldiers during the Civil War.

The class had a fine time studying the ruins of the old fort and finding the materials used by the soldiers.

FUTURE HOMEMAKER NOTES

By Carol Blackstone
Do you care to know the foods your body needs, why it needs them and how the body uses them? Then come with us in Homemaking 8. You see, we find out by the sampling method and that's fun.

On Tuesday, September 25, our Future Homemakers enjoyed a social hour with Mrs. Pearl Perner as our guest speaker.

After her talk on living in Chile and Mexico, far away places seemed much nearer to each of us.

At the close of the hour Susie Schneemann and Georgiana Ball served cookies and punch.

Municipal Concert Season Opens With Excellent Performance

By J. Troy Hickman
An appreciative audience of moderate size applauded a better-than average evening of musical entertainment last Tuesday night at the High School Auditorium when the Ozona Municipal Concert Association presented the first program of the season.

Miss Angeline Collins, soprano, Brent Williams, tenor, and Allen Rogers at the piano delighted the group with a bill made up entirely of popular favorites; while they built up an atmosphere of easy formality by ad lib comments as introductions.

An unscheduled bit of merriment was supplied in the first half of the program when an unfastened vest strap in Mr. Williams' attire, unknown to him, slid into public view. By the time the second half began, however, Mr. Williams had reharnessed himself along more conventional lines and the concert went merrily on.

All three artists were thoroughly likeable persons. They had the good sense to sing almost entirely in the language of the realm. All

numbers were brief and spirited. Following solo programs by Mr. Williams and Miss Collins, the two sang four selections together to draw the heartiest applause of the evening.

The buxom but expressive Miss Collins and the tall and dignified Mr. Williams salted their joint performances with very pleasing dramatic seasoning which blended well with the music of Romberg and Kern.

Mr. Rogers, the diminutive but gracious accompanist, played a quartet of fragments from Debussy and a Nocturne from Chopin most acceptably.

The entire performance was solidly satisfying. To me, at least, it was the best of all the concerts I have heard in the Municipal se-

Ozona Methodist Church to Observe World Communion Day

World Communion Day, which is scheduled to be observed in most protestant Churches of America on October 7, will be celebrated in the Ozona Methodist Church next Sunday, September 30, at eleven o'clock a.m. The Rev. Fred Brucks of San Angelo, District Superintendent in charge of this sector of Methodism, will preach the sermon at the morning service.

The sacrament of The Lord's Supper will be observed and a special offering will be divided one half to the relief of overseas needs, one fourth to a fund to

provide chaplains for various units of the armed forces and support is not provided by government, and one fourth to strengthen the program of camps and minister to large numbers of soldiers.

The First Quarterly Conference for the Ozona Methodist Church in the current year will be held Sunday afternoon at eleven o'clock with the Rev. Fred Brucks presiding. Reports will be heard from various officers and groups of the church.

JUNIOR MOTHERS MEET

September 25 Junior Mothers met at the High School Auditorium for a general planning session. Mrs. Ray Finer and Mrs. Cunningham served coffee and cookies to add interest to the hour of planning.

Skip Makes a Slip

Miss Gilbert, the teacher, was telling me how Skip Lawson almost went to sleep in her physics class. She noticed him nodding and—since they were discussing electricity—said in a loud voice: "Now maybe MR. LAWSON will explain what electricity is." Skip started up, looked around wildly, and blurted out, "Gee! I used to know, but I forgot."

"What a loss to science!" sighs Miss Gilbert. "No one to this day knows what electricity really is, and here we have a genius who could explain it—but forgot!"

Now, more than ever, the price tags sum it up:
You're paying for a Packard....why not own one?

Packard is holding the line on prices!
We can't tell, of course, what may happen in later months. But in the face of industry-wide price booms, Packard has made today's decision: *No price increases now!*
And why is it possible for Packard to continue holding the line on prices?
Answer: Because Packard "got in under the

wire" on its latest (and greatest) new-model changeover.
That was a wise move for Packard to make—and it points to a wise move for you to make...
Check today's delivered prices on auto now. You'll know then, for certain: "You're paying for a Packard... why not own one?"

One easy step never took you so far!

Just compare the slight difference in your monthly payments (after 1/3 down payment), between one of the lightest bulk "low-priced" cars and a new 1951 Packard... the newest new car of them all!

IF YOU'VE BEEN PLANNING TO PAY	THE EXTRA MONTHLY PAYMENTS FOR A PACKARD CAN BE AS LOW AS...
\$2100	\$11*
\$2200	7*
\$2300	3*
\$2400	0*

*And remember: a generous trade-in allowance can make these figures even smaller. Note: Figures above are based on current delivered prices—but cash discounts are comparable throughout the country.

IS YOUR CAR? Ready for Winter?

Your car, too, needs a "fur coat" so to speak, for the cold winter months ahead.

Old oils and greases tend to thicken in cold weather and your car can not perform at highest efficiency. It's time to drain your crankcase, flush out the cooling system, check it for leaks - anti-freeze, you know - put fresh grease in chassis, transmission and differential, clean motors, check spark plugs, wiring and batteries, and otherwise give the old bus a general winterizing treatment.

For the best in oils, greases, you needn't look farther than your Cosden station. Drive in today.

Easy does it!

YOU'RE going to be surprised about lots of things the first time you and this Buick get out on the road.

Take the easy way it responds to your every wish - steps away from a stop light - soars up a hill - lets loose a surge of power at the touch of your toe on the treadle - or gentles to a stop at the touch of the brakes.

Take the way it rides the road - with an easy stride, sure-footed on turns, level as a lance on straightaways.

Take the way it steers - so light and true that it seems to guide itself.

Take its ease of control. More than a million owners now know the wondrous freedom from tension and strain that goes with Dynaflo Drive.

It's easy to see where this eager beauty gets its standout performance, when you glance at the list of all-star engineering features shown above.

But how about price? Can you afford it?
 "Easy does it" is the answer to that one too.

Fact is - if you can afford a new car, you can afford a Buick. Better come in to see us soon.

educated and happy. Just as the swamp on the edge of a city will breed insects that will keep the health of a city in constant peril, so the presence of huge masses of ignorant, hungry and unhappy people in the world are a constant danger to a prosperous country like ours. It does not help for us to say, "I am not responsible." We may not be responsible. But facts are the facts, just the same.

I am not a socialist. I am not a Communist. I do not believe that all the goods should be divided equally among all the people, or that they would remain so divided very long. But I do want to be a realist and face such facts as I can see. And those facts seem to be that as long as there are two people in the world, one of whom has goods and the other does not, that the one who does not have goods will forever be trying to satisfy his hunger and misery by getting some of what the other fellow has. I believe, furthermore, that it costs more money and worry to keep him fought off than it costs to help him get a little more for himself.

We have enough technicians in America to help the whole world, if we would do it. Much good land abroad is not in cultivation. Much more is producing only a fraction of its potential. The resources of many countries have hardly been touched. If enough of us believed in this thing to send adequate help in money and know-how to the needy parts of the world, they would be so busy trying to improve their lot that they would not have time to envy our lot. That would take a lot of money, but not as much as military preparedness costs.

At this date, Uncle Sam takes in the income tax alone, from twenty to eighty-five per cent of the national income. Dr. Frank Laubach, who since 1915 has been working in 68 foreign countries teaching ignorant people to read and observing conditions abroad, says that ten percent of the American national income plus a hundred thousand American technicians correctly distributed over the world, would win for us the friendship of the world, avert the crisis, and put the hungry part of the world on its feet in ten years time.

That is a big order, but it is a whole lot less than sending a son to the army or paying an income tax that begins at twenty per cent and goes on up, getting higher every year.

Does anybody have a better idea to advance? If so, now is the time to share it with the rest of us. We are in a crisis today. After Korea, there will be some other hot spot. We have the atom bomb, so does Russia. The next war will have no winners. We will all be losers. But there are many who believe that there is still time to avert a third world war, if we act now and with enough.

en church which stood on the site of the present high school.

The educational annex will provide a large assembly room and six classrooms for the Junior Department on the top floor and the ground floor will be used by the adult department of the church school. It also provides a large assembly room and four classrooms, plus kitchen equipment for use of the assembly area as a fellowship hall.

Another addition to the building is an 8-foot extension across the entire length of the old building on the east side, this area housing a refrigerated air conditioning unit which will air condition the church sanctuary and the new educational annex. The addition also will house the heating units for the building and provide dressing rooms for the baptistry.

A number of changes and improvements as well as refinishing work was done on the interior of the original church building, including rearrangement of the baptistry to provide room for the choir to be seated in a circle at the back of the rostrum. The original educational wing has also been completely remodeled, the upper story to house the beginning and primary departments

and the lower floor the Senior Intermediates and two nursery departments. A new pastor's study was made on the southeast corner of the building, with an outside door.
