FOR A
USE

At the time of the year we have a chance to give to the Scouts the Commission, etc., and most of us, however, that we substitute right here at the moment. That is the Ozona House, situated just south of the Ozona Elementary School. The Community House is sponsoring a year-around program for our Latin-American people, including children, young people and adults.

Most of you have heard the story of how a group of local people, desiring to help the Latin Americans, got a grant through the Massie Foundation to help put up the first building. This first building included 3 buildings, including a home for two full-time housewives, Miss Mabel Whitely and Miss Beulah Morton, whose modest salaries are paid by the Women's Division of the Methodist Church. Funds for maintenance of property and program expenses come from various sources in Ozona and surrounding territory. The affairs of the institution are managed by a board of Directors which is made up of Anglo-American people in Ozona.

What does the Community Center accomplish? First of all, it serves as a social and civil center for our Latin American people. Second, it stands as a perpetual sign of goodwill between the two groups living in Ozona. Facilities for personal cleanliness, which are often lacking in Latin homes, are provided for a nominal fee. There is a kindergarten for small children, now serving about 25 preschool age youngsters whose parents pay a small sum for this service.

A large group of young people regularly attend the Sunday night meetings which provide both worship and recreation by and for their own group. There is also an organization of the mothers of the Community House children, a troop of Boy Scouts led by a Latin Scoutmaster. Each summer there is a Vacation Bible School which is large enough to tax the facilities of available space. Seasonal parties are held for the children and youth at Thanksgiving, Christmas, Easter, etc. The Communists, both of whom have been college trained for this type of work, often make calls in the homes of the Mexican people, giving counsel, comfort and encouragement where needed.

There is also a Loan Fund which is used to help the more ambitious graduates of the local high school to attend colleges. A number of Latin young people, both boys and girls, with this help have been able to do excellent work in college and take responsible jobs. At least two of the recent beneficiaries of the Community House program are in the armed forces serving the country, another is in training in a San Angelo hospital, and another is attending Junior college in San Angelo.

No lines of creed are drawn. There is no Methodist Church and no Latin-American church, and, without exception those who receive the benefits of the institution are members of other churches or of no church. The Community House services are available to all who desire them.

In addition to the present in-service Community House needs support from local sources. Present time the program maintenance of property cost \$50 a month. The regular maintenance is considerably less than the cost of the present in-service Community House needs. We are launching a campaign of small monthly pledges work. Pledge cards will be available at the office of The Stockman and at the Ozona Bank. The card reads as follows: "Until further notice, Treasurer of the Board of Directors" (Continued on Last Page)

Financial Drive Of Girl Scouts Bogs Down Here

Drive Committee Asks More Contributions and Pledges

Some indication of renewed progress were apparent at midweek in the current drive for funds to finance local operation of the Girl Scout movement and its area participation, but the drive was still short of its goal by some \$200 and at the half mark in the required number of monthly pledges.

The Girl Scouts have available for the first time this year the services of an area organization with headquarters in San Angelo, with a paid executive to direct activities of local troops of Scouts and Brownies. To meet the community's share in maintaining this service and to secure funds for outfitting the local Girl Scout house, donated to the group by Joe T. Davidson, the local Girl Scout council has set a goal of \$1,000 in cash donations and 60 monthly pledges to meet operating expenses each month.

Mrs. Joe Tom Davidson, finance chairman, is head of the drive, assisted by Mrs. R. L. Flowers, treasurer. Mrs. C. O. Walker is Council president.

The Girl Scout house, not yet moved to location, was purchased from the Methodist Church by Joe Davidson and given to the Girl Scouts. The Ozona Lions Club has assumed the responsibility for moving the house to its location. Part of the funds being collected in the current drive are for use in outfitting and furnishing the house.

Another gift has been made to the Girl Scouts by John R. Bailey of Ozona. Mr. Bailey has designated a 7-acre plot of land from his place near Roosevelt to be given to the local Girl Scout group. Details of this gift and the use to be made of it will be announced later.

The following list of donors, tabulated to shortly before noon Wednesday, has been announced by the drive workers:

Shi-Mispangh, Ben Williams, W. E. Ramsey, Hattie Friend, R. L. Flowers, Fred Hagestein, Ozona Drug, Joe Clayton, Jake Young, Dr. M. L. Lemmons, Mrs. Early Chandler, Mrs. Joe T. Davidson, Joe Tom Davidson, B. M. Hughes, E. B. Baggott, Jr., North Motor Co., Martin Harvick, Dick Henderson, George Binger, Freda Hill, of Big Lake, Verma Rathoff, W. B. Baggott, Dempster Jones, Gene Williams, Mrs. Max Schmiedemann, Mrs. Ashby McMullan, Mrs. L. H. Hicks, John W. Henderson, III, W. R. Baggott, Jr., B. W. Stuart, Houston Smith, Wilson Motor Co., Charlie Black, Spencer & Stevens, Hilton North.

Mrs. J. W. Henderson, Jr., Roy Parker, Dr. H. A. Gustavus, Mrs. Lee Childress, E. B. Ingham, Jr., J. P. Pogue, Vic Montgomery, Eliza Food Market, Tom Powers, Ozona Shoe & Saddlery, Ozona Stockman, West Texas Utilities Co., Crockett. (Continued on Last Page)

Magnolia Spots Deep Wildcat on Henderson Ranch in Crockett

A deep central-south Crockett county wildcat has been stalked 18 miles southwest of Ozona.

Magnolia No. 1 J. W. Henderson, was scheduled to start drilling by Nov. 13 to 12,500 feet with rotary, will be 660 from south, 1,980 feet from west line of section 7-SK-TCR survey.

GUN TO BE GIVEN AWAY THURSDAY NIGHT

A brand new rifle will be given away during the Ozona - Sonora football game at Lions Field tonight. Game time is 7:30 and the award of the gun will be made by the Ozona Volunteer Fire Department.

The gun award is a benefit for Gene Ramirez, charter member of the fire department, who suffered a broken leg recently while on duty in responding to a fire alarm.

Conoco Stakes Two Outposts to Enkhorn Ellenburger Field

Continental Oil Co. has staked location for two outposts to the Elkhorn Ellenburger field in Crockett county.

One-half mile north of production in the field, the firm's No. 10-A J. M. Shannon will be 669.9 from south, 689.6 feet from east line of section 21-UV-GC&SF survey, No. 11-A Shannon, a 1/2-mile northwest outpost, will be 669.9 from south, 2,068.7 feet from west line of same section. Both tests will be projected to 7,600 feet with rotary.

A wildcat 1/4 mile southwest of the opener of the Elkhorn field, Wilshire No. 4 Shannon was drilling at 4,940 feet in sand and shale. Gulf Stream Oil Co. of San Angelo, No. 7 University will be a slated 2,500-foot cable tool wildcat in the northeastern part of the county. With elevation 2,683 feet, it will be 2,389.8 from north, 990 from east line of section 22-40-U-sona-Texas farmout.

Crockett wildcats, Standard No. 1-4 Shannon was drilling at 6,680 feet in lime, Sun No. 1 Mitchell at 1,881 feet in lime. Cities Service No. 2-B Hoover was making a trip at 2,075 feet.

Ozona-Sonora Meet Tonight In Football Finale

Kickoff Set for 7:30; Game Marks Close of 1951 Season

Ozona High School Lions, 1951 football aggregation, will wind up their gridiron season here tonight when they meet the Sonora Bronchos in the final District 6A game for both teams.

The game was set up from Friday night to Thursday night in order to allow fans from both cities an opportunity to see either the District 6-A decision between the Eden Bulldogs and the Eldorado Eagles at Eldorado Friday night or another championship fracas between the Iron Braves and the Wink team at Wink the same night.

Both the Lions and the Bronchos are out of the running for the district consolation but that fact in no wise detracts from the importance of the game from the standpoint of both teams. For each it is THE game of the season and, the 1951 editions being about evenly matched, local fans are looking forward to what they expect to be the best football game of the current season.

Traditional rivalry between Ozona and Sonora, nowadays a friendly rivalry of neighbors, plus the fact that this is the season's finale for both teams is expected to produce a record crowd in the stands. Both schools will be represented by their pep squads and bands and colorful between-schools programs have been arranged.

The kickoff has been set for 7:30. This is the last chance to "back the Lions of 1951" and Ozonians are going to be on hand in numbers and full-throated.

P. T. A. to Meet Next Monday Afternoon

Ozona Parent - Teachers Association will meet in regular session Monday afternoon in the high school auditorium.

Mrs. Brock Jones will lead the program on the topic, "Freedom Through Discipline." Bill Brown, minister of the Church of Christ, will lead the devotional. The program will be presented by members of the High School Student Council, with music by the High School Choral Club.

This is National Education Week and all patrons of the school are urged to visit the system during the week.

Mrs. S. M. Harvick, Mrs. Troy Hickman, Mrs. P. T. Robinson and Mrs. O. L. Sims are in Fort Worth this week attending the Texas Federation of Women's Clubs convention. They are expected to return Friday.

Groff-Mansfield Re-Match May Be Staged Here Sun.

Ozonan Is Victor Over Mansfield in Eldorado Match

A possible re-match between Buddy Groff of Ozona and Toots Mansfield of Big Spring as a feature of a calf roping program at the Ozona fair grounds arena next Sunday afternoon was in the making here this week, according to officials of the Ozona Roping Club sponsors of the Sunday roping.

Groff nudged Mansfield in a six-calf match at the Eldorado Roping Club show last Sunday. Groff's time was 81.8 seconds on six calves and Mansfields, 107.1.

Mac McClanahan of Ozona won first place in the first jackpot roping hanging up a time of 11.6 seconds. Another Ozonan, Bud Cox, defeated John Ray Jewell of Eldorado in a six calf match. Alena Faye Powers took third place in the girls barrel race.

A full afternoon's program of jackpot roping and special matches has been arranged for next Sunday afternoon at the fair grounds here under sponsorship of the Ozona Roping Club. Definite arrangements had not been completed for the Groff-Mansfield match-off affair, but club officials saw a strong possibility that the match would be made before the week's end.

Thanksgiving Service At Methodist Church

"We Have a Lot to Be Thankful For" will be the pastor's subject at the Ozona Methodist Church this Sunday morning, November 18, at 11 o'clock which will be observed as Pre-Thanksgiving Sunday. A special Thanksgiving anthem will be sung by the church choir.

The children of the Church School will present a Thanksgiving program for their parents and friends at ten o'clock.

The Vesper Service will be from 5 to 6 o'clock p.m., followed by the Methodist Youth Fellowship with Bible study, refreshments and games.

Chairman Asks Support For Local U.S.O. Fund Drive

Crockett County Quota Is Set at \$560 in 1951 Drive

"We supported the USO to win a war, and now we must support it to help keep the peace in the world," Lem Bray, chairman of the Crockett County USO Fund Campaign, said today.

Mr. Bray said that this county has accepted a goal of \$560.00 as its share of the \$700,000 Texas quota for the USO in 1951.

The funds will be used to operate an increasing number of USO service centers in the United States and overseas, and to finance USO camp shows in Veteran and Military Hospitals, and for the men and women in service overseas.

"I don't have to remind you that this thing comes home to each of us, for our own county is well represented in the Armed Forces, and nearly half of those in uniform are still in their teens," Mr. Bray said. "They need all the services which USO is so well equipped to give -- the friendly, personal home-away-from home service which distinguished USO during the war."

Mr. Bray pointed out that the USO has been reactivated at the request of the Military, and that it will receive the full cooperation of the government in carrying out its program of aid to the boys and girls in the service.

Voluntary donations are being sought at the present time for the local quota, with plans being shaped for an active solicitation at a later date, Mr. Bray said.

Stevie Taliaferro, 3, Makes Headlines in Detroit Packard Meet

More national publicity for Ozona came last week as a result of the visit of Ozona's Packard dealers to Detroit to witness the showing of the 1952 model Packards.

The occasion was the presence at the Packard family meeting of 3-year-old Stephen Taliaferro, son of Mr. and Mrs. Warren Taliaferro, and grandson of Mr. and Mrs. C. W. Taliaferro, all associated in the local Packard agency.

Packard Motor Car Co. picked out young Stevie as the youngest Packard salesman at the meeting and took his picture, with dad and granddad, for use in Detroit papers, in "Automotive News" and in the Packard dealers monthly publication.

Little Stevie, a true Texan, wasn't averse to the photographer's suggestion that he pose as a Texan, and he accommodated by showing he "rolls his own in Texas style" by holding a sack of Bull Durham string in teeth, and pulling it shut, while pop and grandpop look on fondly.

Fire Department Hears Santa Plans To Visit Ozona

Pre-Christmas Visit Promised by Flying Saint Nick

Christmas will be rolling around sooner than you think.

In fact, members of the Ozona Volunteer Fire Department were reminded of the approaching Yule season this week when they received word that old Santa Claus has put Ozona on his itinerary for his annual pre-Christmas visit to the youngsters of the area.

If you remember, Santa Claus made it around to Ozona shortly before Christmas last year to chat with the kids, pass out a few goodies and maybe take some orders for his projected Christmas Eve calls.

From information now available Santa will come by plane again this year, since, after all, West Texas distances are considerable even for globe-trotting Santa Claus.

The Fire Department, with the Lions Club cooperating, plans to meet Santa at some landing field near town and bring him into the city aboard one of the snappy new fire trucks. The kids will be given advance information about the time of Santa's visit -- not yet definitely known -- and every youngster in Crockett county will be expected to be on the downtown streets to welcome Saint Nick. Keep listenin' for further announcements.

Slight Interest Is Shown by Crockett Voters in Election

Crockett county took but little interest in the off-year election Tuesday, despite the fact that five proposed amendments to the state's constitution were at stake and choice of a representative to represent the 86th district in the House of Representatives at Austin was to be made.

Apparent winner of the representative post was Joe Burkett, Jr., Kerrville attorney, on the basis of incomplete returns. Burkett held a lead of 1,833 to 1,185 for John P. Hill of Ingram and 1,057 for Herbert J. Antoine of Kerrville.

Crockett county favored Hill by a slight margin, with Burkett in second place and Antoine a close third.

Buddy Phillips, son of Mr. and Mrs. Hillery Phillips, who is stationed at San Antonio with the U. S. Air Force, was slightly injured when his car was in collision with another vehicle on a downtown San Antonio street. Mr. and Mrs. Phillips are in San Antonio to be with him. Young Phillips suffered cuts and bruises but was not seriously hurt, according to information available here.

Lion Club To Sponsor Scrap Drive In County

Citizens Asked To Deposit Scrap on Vacant Lot Here

In cooperation with the U. S. Department of Agriculture, which is sponsoring a nationwide scrap drive to aid the defense effort, the Ozona Lions Club has undertaken the scrap drive in this county and has issued an appeal to ranchers and city dwellers to cooperate in bringing in all kinds of scrap material.

The nationwide drive is under way during the month of November. Steel and more steel is needed by industries of the nation in building weapons for defense, as well as items for civilian use. Steel mills can increase their output if greater supplies of scrap iron is made available to them. New steel is approximately half scrap and a half pig iron and reports from the steel industry point out that supplies of scrap now on hand at the mills are dangerously low.

In an effort to round up all available scrap on ranches and in the oil fields of this area, the Lions Club is mailing a letter outlining its drive plans this week.

The club has designated the vacant lot just east of the Silver Spur Motel as the collection site. All residents who may have any amount of scrap metal of any kind available, including junk batteries, are being urged to take it to the lot and add it to the Lions Club collection.

Arrangements have been made by the club to send for any piece or pieces of scrap that can not be handled by hand and will require winch trucks or heavy trucks for hauling.

Lions Club President Maurice L. Lemmons is working with committees appointed from the club and countywide cooperation in the undertaking is asked by the club.

Sheriff's Posse Turkey Shoot Is Set For Monday

25 Turkeys Waiting For Best Marksmen; Site West of Ozona

Get up the old rifle, you marksmen, and get ready to hunt a fat turkey and take him home for Thanksgiving dinner.

The time will be 2 o'clock next Monday afternoon on the Gene Williams ranch, two miles west of Ozona and south of the highway.

The Crockett County Sheriff's Posse will stage its first turkey shoot on the site next Monday afternoon. There will be 25 fat turkeys, each one poking its head out of a crate -- and that's your target.

Tentative rules for the shoot were outlined by committees in charge of arrangements. Shooters using open sight rifles will have a range of 100 yards and with scope sight 150 yards -- these for heavy bore rifles. There may be a range set up for 22 calibre rifles, and even for pistols, if there is demand. There will be a limit of one turkey per contestant.

Turkeys will be placed in crates, their heads exposed and their bodies protected by an earth bank or heavy logs leaving only the head as a target. Clip the head and the turkey's yours -- at so much per shot, the rate not yet definitely determined.

Proceeds from the shoot will be used by the Posse for some community project or charity drive.

L. J. Kittle, former Ozonan and father of Mrs. Coralie Meinecke of this city, underwent an operation at Comanche last week. He is still confined to the hospital but is reported recovering satisfactorily.

"ALUMNUS CHRISTIANS"

The Reverend Robert F. Hollett, Pastor of a suburban church near Chicago, recently pressed some thoughts that hit close home as far as many of us residing in rural areas are concerned. He spoke critically of those he termed "Alumnus Christians" — people who once attended church regularly and then, after moving into the country, gradually drifted away because they couldn't muster the energy to dress up on Sunday morning. Equally remote, he warned, is the person who feels that "he has done his share of church work, and now it's someone else's turn."

To the cynical it may seem kind of Pollyannish to chide someone for not going to church. But think! We are fighting a war at this moment to preserve your right and the right of your neighbors to go to the church of your choice. Freedom of religion is one of the few real "inalienable rights" that men die to defend when the chips are down.

The church as we know it in America, regardless of denomina-

tion, is a symbol of Christianity and the sanctuary of the Christian principles underlying our form of government and our economic system. These principles are dedicated to the dignity and importance of the individual. The "Alumnus Christians" to whom the Reverend Hollett addressed himself are in danger of losing sight of the great truths of human existence.

Bishop Oxnam Says U.S. Will Not Be Led 'Down Road to Rome'

DALLAS. — "The American people will not be led down the road to Rome . . . They prefer the American way."

This prophecy is made by Bishop G. Bromley Oxnam of New York in the Nov. 3 issue of "The Nation" in an article setting forth reasons why Protestants repudiate President Truman's appointment of an ambassador to the Vatican.

"Protestantism is shocked and outraged by this un-American announcement," the bishop writes. The article cites several specific denials made by Mr. Truman of any intention, while he was in the White House, of having an ambassador in the Vatican.

Bishop Oxnam warns that the "road to Rome leads to clericalism, . . . to political deals with the Roman Catholic pope" and that "the road to Rome is also a road to Washington."

"The road to Rome leads to an alliance with a church that is itself a vast landholder, allied with the reaction in Europe that has often stood against the reform necessary to establish the free society."

"Is the church which insists on being a church and a state to become a member of the United Nations? Are Mohammedans, Buddhists, Confucianists and other religionists to set up so-called states and likewise become members of the United Nations?" the Bishop asks.

Soil Conservation Service to Publish Monthly Magazine

Landowners through the Ozona area will be interested in the announcement by the Association of Texas Soil Conservation District Supervisors that a new publication, "Soil and Water," will be launched the latter part of December, designed to help further the conservation of land through the far-flung soil conservation district program which now covers 95 per cent of the entire state.

The Ozona area is in the Crockett Soil Conservation District, served by SCS technicians with headquarters in Ozona and Del Rio.

The publication is being sponsored by farmers and ranchers who are members of soil conservation districts which now cover 142,327,400 acres in Texas.

Its purpose will be simply to help solidify the efforts of these 100,000 far-seeing landowners toward a permanent land usage program which will keep Texas soil productive from now on, Clayton Puckett, president of the association and a landowner and active rancher at Ft. Stockton, said.

"Soil and Water" will be published monthly, starting the latter part of December, and will contain upwards of 50 pages devoted to all phases of the district program, which includes conservation of soil, water, range, timber and wildlife.

Editorial offices will be maintained in the Wilson Building in Temple, where the long-handled organization, the Association of Texas Soil Conservation District Supervisors, has its headquarters.

John B. Cole, executive director of the association, will serve as editor. He was formerly with the Texas State Soil Conservation Board and has had wide experience in agricultural and conservation work.

Louis Reid, native of Fort Worth is managing editor. His experience includes publishing a community newspaper in Fort Worth, reporter for the Fort Worth Star-Telegram and Fort Worth Press. He is a graduate of the University of Missouri.

THE LOW DOWN FROM HICKORY GROVE

You know, good people, and without choosing to appear smartly we should not act one half as loony as we do act. Here we are spending dinero on education far and beyond that of any other Na-

tion — and what is the answer.

Russia spends nothing to speak of on school houses — Russia has communism. We say the Russian people — with little schooling — are duck soup for communism. We, here in our enlightened land, don't fall for communism, but listen, we are duck soup for socialism. And keeping right on with the enlightened theory, and proving that enlightenment only goes so far, how come we don't catch on that socialism is just an early symptom of coming communism. About the only difference between chronic socialism and chronic communism is as to who is the bossman — the dictator.

If our education program is worth a hoot — and if it is on the

up and up — how come our half loony, suckish behavior. How come we countenance Govt. ownership, municipal ownership, socialism. We just as well be saving the school expense. Folks with good answers, send 'em in — send 'em in to ye Ed. — send 'em prepaid. Thanks, folks.

Yours with the low down,
JO SERRA

Livestock Shipments Increase as Result Of Drouth in Texas

AUSTIN. — Livestock shipments in Texas during September were 74 per cent greater than in the same period last year, but only

4 per cent above shipments in September, 1950. The disparity is explained by the drouth in Texas pasturelands. The drouth's effect on the number of animals shipped is shown in a comparison of shipments in September of 1950 and 1951. Specifically, calves, 20 per cent; hogs, 20 per cent; sheep, 20 per cent; and other animals, 20 per cent. However, shipments of hogs, sheep and other animals, were up 74 per cent. RANGES FOR SALE. What have you? See L.

IS YOUR CAR Ready for Winter?

Your car, too, needs a "fur coat" so to speak, for the cold winter months ahead.

Old oils and greases tend to thicken in cold weather and your car can not perform at highest efficiency. It's time to drain your crankcase, flush out the cooling system, check it for leaks — anti-freeze, you know — put fresh grease in chassis, transmission and differential, clean motors, check spark plugs, wiring and batteries, and otherwise give the old bus a general winterizing treatment.

For the best in oils, greases, you needn't look farther than your Cosden station. Drive in today.

ESCAPES FROM RED URANIUM MINES . . . These six Czechs are happy in the refugee camp near Nuernberg, Germany, after their escape from the dreaded Joachimov uranium mines where they were sentenced to long-term forced labor in the mines for two years, working under inhuman conditions 425 feet below the surface, before they made their daring escape and surrendered to German police. They hope to reach the U. S. or Canada. They were fed the best meal they had eaten in five years when they were taken to the German camp.

Powell, for many years county and district attorney, recently resigned that position and accepted a position as general manager of the Oklahoma Gas Co., soon to be announced. Kenney, vice president of the gas company, Miss Big Spring this week will be in the offices of the company to become familiar with the same used.

SUNSHINE CIRCLE STUDIES AMERICAS

The Sunshine Circle of the Woman's Society of Christian Service met Wednesday with Mrs. M. B. Flippen. Coffee was served and the program, a combination of the

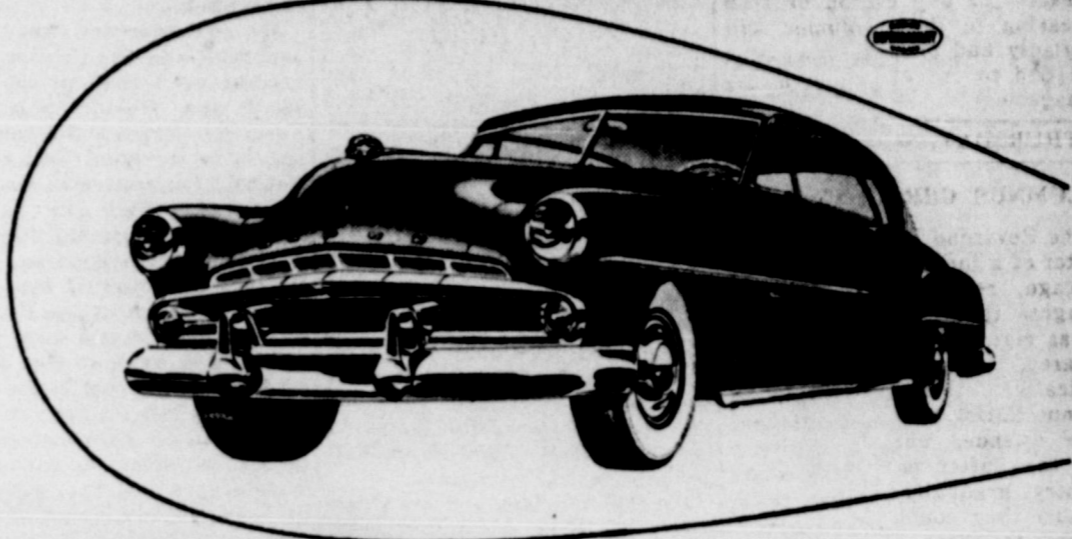

study on "We Americans, North and South," followed.

Mrs. Bill Baggett led the study, reviewing chapters dealing with Brazil and Mexico. Mrs. Bill Cooper gave the devotional. Members present were Mrs. W.

T. Stokes, Mrs. Dempster Jones, Mrs. Bill Cooper, Mrs. Bill Baggett and Mrs. Flippen.

The Circle will have a Harvest Day program at the Community House next Wednesday morning, Nov. 14.

"You'll love Electric Cooking!"

It's so fast, cool, and economical... and

no fumes or soot to mar your kitchen!"

What could be cleaner than cooking with heat from an electric wire? Constant, even, accurately controlled heat... no combustion, no matches, fumes or soot to soil pans, kitchen walls and curtains... that's electric cooking! New quick-speed heating units, which send heat directly into cooking vessels, and ovens scientifically insulated on six sides keep kitchens cool. Economical, too, electric cooking helps stretch kitchen budgets. But that's just part of the story. Your Electric Appliance Dealer will be glad to demonstrate the many, many other advantages of electric cooking.

WATER PUMP
and other

RED JACKET-REDA
Submersible Pump

Latest in Water Pumping Equipment for the Home and Farm

THE PUMP YOU DON'T SEE CAN BE SEEN AND HEARD. AND NEVER REPAIRS. PUMP AND MOTOR COMPLETELY SUBMERGED UNDER THE WATER.

TO PUMPING — LUBRICATION — TO FIT OR PUMP HOUSE — TO ACQUIRE — TO BE INSTALLED QUICKLY AND EASILY — CAPACITIES TO 300 GAL. PER HOUR — PRESSURES TO 500 LBS. — PUMPING DEPTHS TO 100 FT.

Used, Tested and Proven FOR OVER 30 YEARS

Identical in design to the Jacket-Reda "Submersible" have been used successfully in the oil fields for over 30 years. Billions of barrels of oil and brine have been pumped to depths down to 10,000 feet for varying all field conditions. Contribute to the quality, economy and reliability of this type pumping equipment.

Almost Maintenance and Economy

is the only type of submersible pump that can be installed as small as 4". Absolutely silent operation. Pressure tank controls can be installed separately. Costs less to operate because of greater pumping efficiency.

See and see this new submersible water pump

TOO MUCH TALK

By Doris West

Your old Snoopy Sue is back again with eyes and ears open for all the gossip and news — Tody was seen in a light green Pontiac Sunday night. By the way, where were you, Tody? It seems as if Marion and Wayne finally got together again Monday night.

By way of the grapevine — there were some lucky girls who got lost, besides running out of gas on the trip to Eden.

Has anyone noticed the 4-H medal that Alena Faye has been wearing lately? Congratulations, Alena, Dorothy Greer and Jimmy Arnold seem to be getting along fine lately. How about that, Dorothy?

Has anyone thought to ask Jane Adams what a good time she had while she and Jeannene were touring El Paso lately? You had all the luck, did you, Jane?

News — Billie Chandler and Frankie Chapman were seen together Sunday night. Henrietta seems to enjoy company at church now, especially the company she had last Sunday night.

By the way, before we close this gossip center for another week, someone please ask Jean Price what she did with her time Sunday night.

SPORTS

Once Over Lightly

By Wayne Kuykendall

The Eden Bulldogs squeezed out a 35-6 victory over our home team Friday night, which proved to be a real battle.

Weldon Brandon, 185 pounds of sheer dynamite, would not be stopped. Time after time, he pounded at the line. Although there was no running room in the Lions' line end runs proved fatal. At the end of the first quarter, there had been no score. Neither team had even threatened. Tom Piner, Virgil Machado and Charles Hale showed great power on offense.

The Lions' tally came when Tom Piner took a handoff from Joe Bailey on the five and went all the way. The Lions threatened many times during the game only to be stopped by a penalty or a fumble.

What If?

By Billy D. GIBB

Boys cared for Jean Price as much as she cares for them? Sonora beat us Thursday night? Somebody didn't have the money to pay for his pictures?

You could order everything in a catalogue? Everybody was like Bob from California?

Jane didn't sit by Charles in English II?

The girls had a winning basketball team?

Graham and Vivian didn't crack jokes in English class?

Sophia passed her American History?

Office Supplies—Stockman Office

Band Organized On Military Lines; Officers Appointed

Say, have you heard about the new army being organized in OHS?

The band, under direction of Mr. Smith is being organized as a military unit. Mr. Smith appointed as first in command, Captain Bobby Womack. Next in command is Drum Major Marion Mock.

The band was divided into two companies, A and B. There is a lieutenant, two sergeants and four to five corporals in each company. Pete Cisneros is lieutenant for Company A and Kenneth Bledsoe, lieutenant for Company B. There are four corporals in Company A. They are Wilburn Conklin, Jo Ann Deaton, Jan Jones and Kay Simmons. In Company B there are five corporals, Raul Machado, Lynn Parker, Robert Freeman, Brock Jones and Allen Haire. Ann Ratliff is corporal of the flag bearers and Jeannene Thompson is corporal of the twirlers. Alena Powers and Betty Waley are clerical corporals.

Captain Womack and the drum major are over the entire band. Directly under them are the lieutenants, whose job it is to see that everything in his company is in order. Next comes the sergeants. They have fewer men under them but just as big a job. Then the corporals are next in line. There is a corporal in every rank. It is his job to see that everyone in his rank has his music and to keep them in line.

There is going to be a method of gigning members of the band. The gigning will be for excess talking, playing or anything else out of line. An officer may gign anyone below his rank.

Mr. Smith and members of the band strongly feel that this will make for a better band.

Our Shepherdess came home, a head in the clouds, telling the perfect end to an exciting week. Heard in El Paso by National representatives, she has been asked to sing at the National Convention Congratulations, Jeannene.

While in El Paso Jeannene attended a series of parties and modeled her coat in a style show for Popular Dry Goods. And did they give her a thrill when they asked her to choose the accessories she'd like to wear with it from their store. Jeannene chose black opera pumps of suede, a matching gray poodle cloth hat which frames her face, and long bright red gloves which are worn with the sleeves of her coat pushed up to the elbows. Since these accessories showed her coat off to such a nice advantage, the men at the convention took up a collection and gave them to Jeannene as a gift.

Our Shepherdess came home, a head in the clouds, telling the perfect end to an exciting week. Heard in El Paso by National representatives, she has been asked to sing at the National Convention Congratulations, Jeannene.

Fads and Fashions

By Jane Adams

New looks — purple satin girls' warm-ups — white tennis shoes and low socks for boys' basketball — angora socks to match angora sweaters — long earrings, every shape but the old round kind — more finished sewing projects in H. E. Boys wearing western shirts that are plaid and striped or pastel colors — massive crests on big chains around the necks of sweaters.

To be seen next week: Ozona Rolls Over Sonora, Thursday night brings our last football game of the season. BACK THE LIONS

Jeannene Thompson Models Prize Winning Coat at El Paso Meet

Jeannene Thompson, the state winner in the Texas "Make It Yourself with Wool and Mohair Contest" and a product of Mrs. Hull's H. E. class, made a special trip with all expenses paid to El Paso last week to show off that prize coat of hers at the Texas Sheep and Goat Raisers Annual Convention.

By now everyone knows that Jeannene won the title of "Shepherdess of Texas" at the Texas Wool and Mohair Festival in Kerrville, October 3-6, and that she is to represent Texas at the National Convention in Oregon in December. While in Kerrville, Jeannene also won the first place in the Junior Division and a \$100 Defense Bond for all her efforts. To add to Jeannene's praises need we mention the two page picture spread and write-up that showed off her winning coat in the "Sheep and Goat Raiser" for November.

While in El Paso Jeannene attended a series of parties and modeled her coat in a style show for Popular Dry Goods. And did they give her a thrill when they asked her to choose the accessories she'd like to wear with it from their store. Jeannene chose black opera pumps of suede, a matching gray poodle cloth hat which frames her face, and long bright red gloves which are worn with the sleeves of her coat pushed up to the elbows. Since these accessories showed her coat off to such a nice advantage, the men at the convention took up a collection and gave them to Jeannene as a gift.

Our Shepherdess came home, a head in the clouds, telling the perfect end to an exciting week. Heard in El Paso by National representatives, she has been asked to sing at the National Convention Congratulations, Jeannene.

High School Trio Sings for Rotary

The OHS Trio sang for the Rotary Club Tuesday. The trio is composed of Marion Mock, first soprano, Jeannene Thompson, second soprano, and Kay Kirby, alto. The girls were accompanied by Billie Chandler.

The girls sang three numbers and an encore. The numbers were "Little David, Play on Your Harp," "By the Bend of the River," "Lullaby." "The Little Worm" was the encore.

Report Cards Bring Cries of Anguish

Aw, yes, there was bad news last Wednesday. When report cards were distributed during fourth period there were a lot of broken hearts though some of the football players aren't so sure

that's what was broken.

The reports given by some of these report cards were favorable while others took the course of bad news. Perhaps there's something to that old saying, "No news is good news."

Report cards are issued every 9 weeks with reports given in numbers with 100 the highest possible mark and 70 as the lowest

possible passing grade, the man who fails most of the number, especially 2

Yes, Kenneth Thompson is the hospital. As a result (Continued on Page 5)

Better performance 4 ways with DODGE 2-TON "Job-Rated" TRUCKS

- MORE ECONOMICAL POWER**
A big, high-compression 236.6-cubic-inch engine developing 109 h.p. You get the right engine for top economy with aluminum pistons, four piston rings (top ring chrome-plated), exhaust valve seat inserts and other extra values.
- SPEDIER DELIVERIES**
Five-speed transmission, 2-speed rear axle, and choice of axle ratios give you greater pulling power, faster getaways and higher top speeds. Low loading height and hinged stake center sections help you to save work and time.
- EASIER HANDLING**
You can turn sharper, maneuver better and park easier with a Dodge 2-ton "Job-Rated" truck — because you get wide front tread, cross-steering (except C.O.E. models), short wheelbase and worm-and-roller steering gear.
- BIGGER PAYLOADS**
In Dodge 2-ton "Job-Rated" trucks you can move extra big payloads without overloading. That's because a lot more of your load is carried on the front axle. Deep, rugged frame and all-steel body stabs and side mean extra strength.

Powerful 236.6 cu. in. engine

Five-speed transmission available. Two-speed rear axle available, too.

Heavy frame, long, strong springs, big capacity axles

Cross-steering, wide front tread

THIS 2-TON CHASSIS is engineered to fit your body needs. On platforms of 137", 152", 170", 192", it will accommodate a wide variety of bodies, from 8 ft. to 15 1/2 ft. in length.

Dodge 2-ton "Job-Rated" trucks provide similar features and advantages to give you better performance on your job.

The class of champions! 89 out of 97 State Champions chose Dodge to drive in the 1951 National Truck Contest!

SPORTS

Last Thursday the Ozona Club played the Del Rio Kittens in a 34 to 6 defeat. Benny Friend of Ozona ran 50 yards for a touchdown in the fourth quarter. Del Rio made 2 touchdowns in the first quarter, one in the second and 3 in the third quarter. That was the last game of the season for the Ozona Cubs. They came out with one win and five defeats. Even with the defeats the boys feel that their season was successful and give praise to Coach Womack. - Gail Garlitz

SEVENTH GRADE NEWS

The seventh grade is decorating their room for Thanksgiving. We are drawing pictures on the board and coloring them. In English we are studying clauses. We are studying simple, complex and compound sentences. The girls are making skirts in Home Economics and the boys are making gun racks and lamps in Shop. - Cecilia Cooke

EIGHTH GRADE NEWS

The 8th grade boys who are out for basketball have started their workout in their P. E. period although practice doesn't officially start until Monday, 19th. The boys are already "smoothing out the rough spots and getting their positions down." The 8th grade girls are practicing basketball in P. E. class. We hope to have a team organized before too long.

PRETTY EXPENSIVE!
INVOICE
ELECTRIC SUPPLY CO.
Quantity Item Cost
Broken \$
insulator 205.00
Seems like a high price to pay for a pound or so of porcelain, doesn't it? Yet that's just what it cost one co-op recently to replace an insulator broken by a very thoughtless fellow with a rifle and nothing else to shoot at. It took over 75 man-hours and 180 miles of line inspection to locate and repair the insulator.
The man who fired the shot just couldn't realize that he would cause all that trouble and expense. More important, he probably couldn't realize that the outrage his stupidity caused would work a real hardship on many consumers on that line.
And "hardship" doesn't just mean that those folks wouldn't have any lights. In the present emergency, farmers and ranchmen are depending more and more on electricity to help them do the job of producing the food and fiber that is needed.
Our job is to keep the farmers and ranchmen supplied with electricity, and to extend service to farms not yet electrified. Please don't make us take time from that job to repair equipment that wouldn't be damaged except for useless shooting.
We would like to ask every member of this community to do one thing: When you use a gun, use your head. Don't sabotage vital electrical equipment.

Safety Responsibility Law to Apply to Out Of State Drivers Too

AUSTIN. — Texas motorists who become involved in traffic accidents in other states and motorists from other states who become involved in accidents in Texas are most likely to find that the long arm of the new Motor Vehicle Safety Responsibility Law has followed them right to the scene of their misfortune, Public Safety Director Homer Garrison, Jr., pointed out today.

As explained by Director Garrison, here is how it will operate when the law becomes effective in Texas on January 1:

Assume that a Texas motorist is driving his automobile in another state having a similar security type safety responsibility law and is involved in an accident that results in death or injury to a person or property damage to a person in excess of \$100. He will be required, under the laws of that state, to furnish proof of his ability to meet damage claims either through insurance or by depositing sufficient security to cover the apparent damage he caused.

Should the Texas motorist fail to do this, the authorities of the other state will suspend his privileges to own or operate a motor vehicle in that state and will send a certified copy of its suspension order to the Texas Department of Public Safety. If the circumstances in the other states would have resulted in suspension in Texas, his motoring privileges will also be suspended in Texas. They will remain suspended until he has satisfied the law of the other state to the extent that he would be required to satisfy the Texas law.

In the same manner, the new Texas law applies to non-resident

motorists who are involved in accidents in this state.

"When you understand that 10 per cent of the traffic accidents in most states are caused by out-of-state drivers," Director Garrison said, "you will appreciate the importance of this provision in our law. It means that a visiting motorist will be no longer be able to skip out of responsibility for his damages by crossing the state line. If he does, he will find the administrator of his own state's safety responsibility law waiting for him with a suspension order. I think this alone will do much to promote greater safety on our highways."

Since 34 other states have enacted safety responsibility laws similar to the one that soon will become effective in Texas, the area where motorists are not subject to these modern statutes has been considerably narrowed. While the safety responsibility law in a few of these states does not include this reciprocal provision, they are rapidly adding it. In addition, traffic experts predict that most of the 13 states that have failed to enact these statutes will do so within the next two years.

The Buick pictured here packs more power than you find in any other car of its size and room and price.

That's the power of Buick's newest high-compression valve-in-head eight—the F-263 Fireball Engine, that really gets miles from a gallon of gas.

Add to this the fact that it tips the scales at 3817 pounds curbside—and you begin to see why this big-powered beauty is such a nimble-footed number out on the road.

But that's only Chapter I of the performance story.

There's a big-car feel to the way this trim traveler covers the ground—hugs the curves—holds its course on the straightaway—smothers the bumps with its big soft coil springs on all four wheels.

There's big-car room inside—six-passenger room—headroom, hiproom, shoulderroom, kneeroom, front and back.

Come in, look it over, and we think you'll agree—it's big in everything but price.

And that's where it really shines. If you've shopped around you'll know what we mean when you read the price tags, and what they include in the way of standard equipment that shows up as "extras" on so many others. Such things as an oil filter, air cleaner, vacuum booster, built-in summer ventilation are all yours at no extra charge.

It's hard to believe but it's true. If you can afford a new car, you can afford this Buick at the prices we're quoting today.

Better come in and look this smart buy over.

Equipment, accessories, trim and model are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Buicks.

No other car provides all this:

- DYNAFLOW DRIVE**—saves strain on driver and car
 - FIREBALL ENGINE**—high-compression, valve-in-head—gets more miles from every tank of fuel
 - PUSH-BAR FOREFRONT**—combines smart style and unsurpassed protection
 - WHITE-GLOW INSTRUMENTS**—assure greater clarity, especially at night
 - TORQUE-TUBE DRIVE**—seals the chassis, steadies ride, improves driving control
 - 4-WHEEL COIL SPRINGING**—cushions and levels the ride, saves servicing costs
 - DUAL VENTILATION**—outside air fed separately to right or left of front compartment
 - SELF-ENERGIZING BRAKES**—hydraulic—multiply pedal pressure five times at brake drum
 - DREAMLINE STYLING**—tapered, car-length fenders, gleaming sweepers on most models
- Plus: Self-locking luggage lid, Stop-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher
- When better automobiles are built BUICK will build them

Paymaster FEEDS

Here and There
By J. Troy Hickman

(Continued From Page One)

Directors of the Ozona Community House is authorized to draw on my account at The Ozona National Bank for the sum of (blank) per month for support and maintenance of the Community House program and property. Unless otherwise indicated on my card, the first payment shall be for December, 1951, and it is understood that I may revoke this authority at will by notifying the bank or the Treasurer of the Community House." (Signature).

I plan to sign one of these cards. I hope that some of you will do likewise. The Community House program is good Americanism, for it is helping our Latin-Americans to help themselves and to be better citizens. It is also good good Christianity.

Regardless of what church you belong to, or whether you belong to any church, the directors of the Community House invite you to join in this community-wide, non-denominational undertaking. It should be worth the price of at least one out of seven football game, the cost of one party. Fill your card out for a dollar a month, two dollars a month, or whatever you want to give.

Remember that the campaign ends on November 20.

United Nations Is Woman's Club Study

The United Nations was the study topic when the Ozona Woman's Club met Tuesday at the home of Mrs. Charles Williams, Mrs. Williams, second vice president, presided at a brief business meeting preceding the program.

Mrs. J. A. Fussell presented a paper on "Feeding the World" and Mrs. Evert White discussed the "Progress and Objectives of the United Nations." Others present were Mrs. L. B. Cox, Jr., Mrs. A. C. Hoover, Mrs. Joe Pierce, Mrs. W. R. Baggett, Mrs. M. B. Flippen and Mrs. Stephen Perner.

The next meeting will be at the home of Mrs. Evert White with Mrs. B. B. Ingham, Sr., also as a hostess. Movies sent by the Humble Oil Company will be shown.

Mrs. Max Schneemann and Mrs. Miller Robison are attending the Texas Congress of Parents and Teachers in session in Dallas this week. Mrs. Schneemann is vice president of the Sixth District, P.T.A. and Mrs. Robison is chairman of the by-laws committee.

Miss Sue Meinecke Honored at Gift Tea In Davidson Home

Miss Sue Meinecke bride-elect of Bill Melton of Ribera, N. M., was honored at a gift tea Tuesday afternoon in the home of Mrs. Chas. E. Davidson, Jr., with Mrs. Davidson, Mrs. Frank McMullan and Mrs. Doug Kirby as hostesses.

Guests were greeted at the door by Mrs. McMullan. In the receiving line were Mrs. Davidson, the honoree, her mother, Mrs. Coralie Meinecke, her sister, Mrs. J. T. Dockery of Santa Anna, and Mrs. Sherman Taylor.

Mrs. George Montgomery and Mrs. Marshall Montgomery presided at the tea table. The table was laid with an Italian cutwork cloth. The centerpiece was an arrangement of fall colored mums embedded in ruffled net, with silver candelabra holding white candles on each side.

Mrs. Jack Brewer was at the bride's book. Others in the house party were Mrs. H. P. McClanahan, Mrs. Jesse Young, Mrs. Joe Bean, Mrs. Chris Perner, Mrs. Beecher Montgomery, Mrs. Tom Ed Montgomery, Mrs. James Baggett and Misses Jo Lou Brewer, Dixie McMullan, Kay Kirby and Benny Gail Phillips.

Miss Meinecke and Mr. Melton are to be married Thursday evening, November 22, at the Ozona Methodist Church.

Miss Meinecke is to be honored at a luncheon today at the luncheon today at the House of Flowers Tea Room given by Mrs. George Montgomery and Mrs. Beecher Montgomery, Mrs. H. P. McClanahan and Mrs. Al Cowan will be hostesses at a coke party at the Country Club Friday morning to honor the bride-to-be.

TCU-Texas Contest Takes Spotlight in Southwest Conference

Humble Oil & Refining Co. football broadcasts Saturday promises excitement galore with three Southwest Conference thrillers and an inter-sectional tilt scheduled. TCU, undefeated in conference play, meets Texas, SMU tangles

with Arkansas and Rice battles Texas A & M in important Conference games. Baylor plays host to the Wake Forest eleven.

Broadcast time for the TCU-Texas contest is 1:50 p.m. Kern Tips and Alec Chesser will be at Memorial Stadium in Austin to describe the action over stations WFAA-WBAP, Dallas-Ft. Worth; KABC, San Antonio; KRIS, Corpus Christi; KFDX, Wichita Falls; KFYO, Lubbock and a number of smaller stations in this area.

When SMU opposes Arkansas in Dallas' Cotton Bowl, Charlie Jordan and John Ferguson will be on hand to give a play-by-play account of the clash. Air time is 1:50 p.m. over stations KRLD, Dallas; KRRV, Sherman; KVET, Austin; and KMAC, San Antonio.

Ves Box and Dave Russell will be at Rice Stadium in Houston to give an account of the Rice-Texas A & M tilt. Broadcast time is 1:50 p.m. over stations WTAW, College Station; WFAA-WBAP-720, Dal-

las-Ft. Worth; KWTF, Falls; KTRH, Houston; KRLD, Midland; KGGI, San Angelo; and a number of other stations. The Humble Company will broadcast the game between Rice and Wake Forest, which will be at Baylor Stadium in Waco. Walker will go on the air at 1:50 p.m. over the following stations: WACO, Waco; KFZL, Ft. Warr; WRR, Dallas; and KTSU, San
