Deep Production In Powell Field By Conoco-Humble

Flow from Strawn From 8,087-8,108; Still Testing

Flowing production from a second and deeper pay, probably the Strawn of the Pennsylvanian, had been indicated Tuesday by a wild-cat in the 26-year-old World field on the northern Crockett county ranch of the estate of the late L. P. Powell of San Angelo.

No. 1-E Powell, a joint test by Continental Oil Co. and Humble Oil & Refining Co., which own most of the royalty, showed gas at the surface in six minutes and clean oil in 1 1/4 hours on a 2 1/2-hour drillstem test from 8,087 feet. It flowed 24 barrels of oil in 45 minutes with gas volume 310,000 cubic feet daily.

The oil tested 41.9 gravity at a temperature of 60 degrees. Open flowing bottomhole pressure ranged from 50 to 650 pounds. Shut-in bottomhole pressure after 15 minutes was 3,025 pounds. Recovery when the drillpipe was pulled was 1,560 feet of oil slightly cut with gas and mud. There was no water. Drilling continued with another drillstem test due soon.

With derrick floor elevation 2,757 feet, No. 1-E Powell entered the lime believed to be Strawn at 8,087 feet. It is in about the center of the World field, 660 from the south, 1,820 feet from the west line of section 62, block BB, GC&SF Ry. Co. survey, approximately 15 miles southwest of Big Lake.

The prospect is only 350 feet southwest of the M&M Production Co. No. 12-B Powell, the nearest shallow producer. Established production in the field is from the Grayburg at a depth of approximately 2,625 to 2,657 feet. The surface was retained when the bulk of the royalty under the L. P. Powell ranch was sold to Continental and Humble. The companies unitized a block for the drilling of No. 1-E Powell, which originally was projected to the Ellenburger or around 11,000 feet. No. 1-E Powell is the first test in the field to explore below the San Andres.

Southland Royalty Co. and others No. 1-8 J. S. Todd estate, wild-cat near the C NE SE 8-WX-GC&SF, 4 1/2 miles southwest of the Todd multipay field, recovered 4,900 feet of black salt water on a two-hour drillstem test from 6,858 to 6,888 feet in lower Pennsylvanian lime and shale. It prepared to drill ahead.

Malco Refineries, Inc., and others of San Angelo staked a north-east offset to its No. 1 George Bean, opener and lone producer in the Betty (Grayburg field in Crockett county).

No. 2 George Bean, projected to 1,700 feet with cable tools and beginning by Sept. 6, will be 999 feet from south, 2,342 feet from west line of section 34-1V-GC&SF survey.

Ranch Labor Problems To Be Aired at TSGRA Directors Meeting Sat.

SAN ANGELO. — Ranch labor is still the trouble-spot confronting members of the Association and will be the main business at the next meeting in Bracketville, September 8. Frank Roddie, President of the Texas Sheep and Goat Raisers' Assn. has announced.

The fall directors' meeting will be held at old Fort Clark, now the Fort Clark Ranch, on the edge of Bracketville.

"The ranchman was left out of the recent migrant labor agreement with Mexico. We have invited Mr. W. B. McFarland of the United States Employment Service Regional Office in Dallas to attend and explain a plan by which he thinks Mexican Nationals can be admitted for ranch work. We already have a test case under way," Roddie stated.

The Kinney county hosts are planning for a large crowd and are expecting many members and non-members to attend from the surrounding ranch country.

RAF Pilot Stationed in Singapore Wants Job on 'Sheep Farm' in Ozona When He's Discharged

Oh, for the life of a cowboy!

From the other side of the world from Singapore, Malaya, comes a plea from a British Royal Air Force pilot whose hitch will be up about the middle of next year for help in finding a job on a ranch or "sheep farm" he puts it.

In a letter written to "County Judge Houston Smith, in care of The Ozona National Bank, Ozona, West Texas, U. S. A." L. A. C. Kim Kennett, N. T. Section, R. A. F. Tengah, Singapore, Malaya, writes as follows:

"Dear Judge: "I hope you won't think me forward in writing to you, but I am hoping you might be able to help, so I will explain.

"About the middle of next year, I am due for release from the Royal Air Force, and I would like very much to be able to come to 'Texas' to work on a sheep farm. I am very fond of riding, and was born and bred on an English farm, and am not afraid of real hard work, and as there is not much work in England, I would like very much to work in 'Ozona.' So, if you know anybody who can use my sort of chap, please give them my address. I am 26 and single, and my home is in Sussex, England. I am enclosing a photo as some people go by looks.

"Hoping you may be able to help me, yours truly, Kim Kennett."

"And the photo is of a nice looking 'sort of a chap' in shorts beret and bare torso, his arms around two native boys, apparently of about five or six years of age.

Ranchers to Observe Mesquite Control Work At Spur Field Day

Ranchmen, County Agents, Veterinarian and Vocational Agriculture Instructors, Members of Soil Conservation Service, Airplane Operators, P.M.A., Production Credit, Federal Land Bank and others are cordially invited to attend the Field Day, October 2, at Texas Agricultural Experiment Station at Spur.

Latest results on methods of controlling mesquite will be observed on 3,000 acres of range and pastureland. The methods used include airplane application of chemicals, ground application of chemicals and oils, hand and mechanical grubbing, brush plows, cabling or chaining and heavy brush cutters.

Results of grazing trials will be observed and discussed on cleared and mesquite infested pastures, and on pastures light, moderate and heavy grazed, rotation grazed seasonally grazed and upland and bottomland pastures, contour furrowing, water spreading, weed control, reseeding, fertilization and other practices will also be included.

Lt. j.g. A. M. Boedeker Former Ozona Teacher, Sails for Korean Waters

Lt. (j.g.) Allen M. Boedeker, former Ozona High School teacher, called back into active duty with the Navy last year, is on his way to Saseabo, Japan, where his ship will be on duty in the Korean waters, according to a letter received by The Stockman this week from Mrs. Boedeker.

Lt. Boedeker's ship left San Diego, Cal., on August 27 and is due to return to the California coast April 25, 1952. Mrs. Boedeker and daughter, Dana, left San Diego after Lt. Boedeker sailed and are now residing with her parents, Mr. and Mrs. T. R. Jones, in Eagle Pass. Knowing he would like to hear from his friends in Ozona, here is Lt. Boedeker's address: Lt. (j.g.) A. M. Boedeker, Jr., USS Hanson, DDR 832, care of Fleet Postoffice, San Francisco, Calif.

Kenneth Parker, son of Mr. and Mrs. Gus Parker, was slightly injured Tuesday afternoon when a pickup truck he was driving overturned on the highway north of Ozona. Parker was brought to the Ozona Hospital for treatment but was later released.

COACH LARRY WILKINS, new mentor of the Ozona High School Lions, is whipping his charges into shape for the 1951 football opener against Big Lake here Friday, September 14.

Coach Wilkins, line coach at Mexia last year and former head coach at Georgetown High School, is cautious about predicting his team's chances in the coming District 6-B race, but is enthusiastic in his praise of the squad's performance in practice and of the cooperation he has had from the boys in the matter of keeping training rules and being faithful to their training.

Coach Wilkins is being assisted in shaping up the 1951 grid warriors by J. A. (Swede) Pelt and Charles Womack, the latter, Junior High coach.

Inspect Results 2-4-5T Solution On Prickly Pear

Field Day Tour Set For Sept. 13 by Co. Committeemen

With a view to its adoption as an approved practice in the PMA range conservation program, members of the County Mobilization Committee, soil conservationists and interested ranchmen will inspect the results of spraying prickly pear with 2-4-5T solution at a field day next Thursday, September 13.

The group will leave the local PMA office at the courthouse at 6 a. m., and then inspect sprayed pear on ranches of Miers Savell, Clay Adams and Stephen Perner. The party hopes to be back in town by noon. Any ranchman or others interested in making the tour are cordially invited to join the party.

Prickly pear has been sprayed at various stages and in varying mixtures of 2-4-5T and diesel oil on the three ranches to be inspected and the committee will be able to form an opinion as to the effectiveness of the treatment in controlling this noxious plant.

The County Mobilization Committee is composed of the County ACA Committee, Jess Marley, W. P. Seahorn, and Brock Jones; County Agent Paul Newton; J. L. Richmond of Fort Stockton, Soil Conservation Service district conservationist; and Jack Jarvis of Del Rio, SCS Range conservationist.

Posse Entertains Faculty and Grid Squad With Barbecue Supper

The Crockett County Sheriff's Posse resumed its monthly meetings Tuesday evening with an entertainment for men of the school faculty and boys of the football squad.

The Posse staged a barbecue supper in the high school gymnasium, for members and guests. The new teachers were introduced and boys of the grid squad recognized. Music was provided by the square dance band composed of George Senne, Homer Good and A. E. Gillam.

Incendiary Origin Suspected in Two Grass Fires South of Ozona

Two grass fires, about five miles apart and burning simultaneously, believed of incendiary origin, were extinguished at about noon Tuesday when the Ozona fire truck made a run to the scene.

The first fire was about five miles south of Ozona and had almost burned out by the time the truck arrived. It was quickly extinguished and the truck went to a second fire about ten miles out. Early Baggett and several helpers were at this blaze with power sprayer and had almost brought it under control.

Terrell Petroleum to Drill Shallow Wildcat

Northeastern Crockett county is scheduled for another shallow wildcat by Terrell Petroleum Co. of Fort Worth.

The company's No. 1 University, projected to 2,000 feet with cable tools and scheduled to begin at once 19 miles north of Ozona, will be 330 feet from south and west lines of section 17-42-U. It will be 3 1/4 miles and 1 1/4 miles southwest of a location which was scheduled by the firm within the last month.

Tide Water Associated Oil Co. No. 1 Shannon estate, World field producer, has been completed on the pump in three hours for 52 barrels of oil from open hole between 2,368 feet, where 7-inch casing was set, and 2,514 ft., total depth. Location is 330 feet from north and west lines of section 43-BB-TCRR survey.

Crockett wildcats, Sun No. 1 Mitchell was drilling at 510 feet in lime, Lion No. 2 Neal at 115 feet, and Penrose No. 1 University at 3,730 feet in lime and shale.

WCSA Meets for Business Session

Members of the Woman's Society of Christian Service met for a business session Wednesday morning in the fellowship hall of the Methodist Church. Mrs. H. B. Tandy, president, presided at the meeting, which was opened with prayer by Mrs. Mary Flowers.

The Jenny King Circle members were hostesses at coffee preceding the meeting. Miss Mabel Whited gave an outline of work at the Latin-American Center.

Present were Meses, Charles Williams, Scott Peters, Joe Pierce, L. B. Cox, Jr., Bill Friend, W. T. Stokes, Mary Flowers, D. B. Pettit, Victor Pierce, Hugh Childress, Jr., Floyd Henderson, Charles Williams, Jr., W. D. Cooper, H. B. Tandy, L. R. Cox, III, and Miss Mabel Whited.

The Jennie King Circle will meet with Mrs. Charles Williams, Sr., next week, the Sunshine Circle with Mrs. L. E. Cox, III, and the Willing Workers with Mrs. W. R. Baggett.

On September 26, all Circles will meet in the fellowship hall of the church for study of the topic, "Churches for Our Country's Need." The session will begin at 9 a. m.

It was announced that District Seminar will be held in Eden, Texas, on September 12. It will be a training day, especially for Missionary Education leaders of each circle.

Miss Ann West Is Honored at Bridge

Miss Corinne Phillips entertained Wednesday afternoon at the Country Club with a bridge party honoring Miss Ann West of San Angelo. Miss West is to be married September 22 to Edward Simons of Tyler.

Fall flowers decorated the tables. After bridge and canasta, refreshments were served to Messdames Albert Cohan, Beecher Montgomery, P. C. Perner, Jack Brewer, Will Colquitt, Joe Williams, Taylor Deaton, W. L. Harrison, Wayne West, Jr., James Dockery of Santa Anna, Jean Osterander of San Angelo, Bit Terry of Colorado City and Miss Lillian Schneemann.

Money doesn't talk these days, it goes without saying.

Schools Open With Enrollment Increase of 67

High School up 19 to 106 Total; S. Elementary up 57

Ozona Public Schools opened Tuesday morning for the 1951-52 session with opening exercises in the high school auditorium at 8:30 o'clock.

Enrollment figures for the opening day as announced by Supt. Lem Bray show an increase of 67 pupils in the entire system over last year's beginning. The enrollment total was 718 pupils in all branches of the system, an increase from 651 on opening day a year ago.

The largest enrollment increase was in the South Elementary where a jump of 57 pupils over the last year opening was noted. The South Elementary enrollment figure was 258 against 201 last year. Whether or not this opening day increase will mean a net gain of that many pupils in the year's average can not be determined, however, until comparisons can be made at later dates.

For the first time, the high school enrollment soared past the 100 mark on the opening day. The high school enrollment figure was 106, an increase of 19 from last year's opening at 87 pupils.

A loss of 17 pupils was registered in the North Elementary, this year's opening enrollment being 202 pupils against 219 last year. The Junior High School showed a net gain of seven pupils, 142 enrolled this year against 135 last year. The school for colored pupils gained one in enrollment, 10 this year against 9 last year.

The kindergartens showed a total enrollment of 47, of which 20 were in the newly established Latin-American kindergarten and 27 in the North Elementary kindergarten.

Through a shifting of classes and personnel, a previously announced faculty vacancy was filled, Mr. Bray announced. The present staff at the North Elementary where the one-teacher shortage existed, will be sufficient to handle the school barring a sharp increase in enrollment.

Twenty-two teachers, new to the local system this year, were introduced by Supt. Bray at the opening exercises Tuesday morning. Brock Jones, president of the school board, spoke in behalf of the board to express appreciation for the cooperation of parents and teachers toward the school's betterment, and Rev. Clifton R. Tenison, pastor of the First Baptist Church, conducted a brief devotional.

After announcements by Supt. Bray of the school plans for the year and the day's schedule, students went to classes for the rest of the morning. Pupils were dismissed at 2:30 p. m. on the opening day, the full daily schedule of classes being observed Wednesday.

The year's program was outlined to teachers at a general faculty meeting held Saturday. There was a good turnout of parents for the opening exercises Tuesday morning and to these Supt. Bray expressed appreciation for their interest in the school program.

Auto Driver License Fees Doubled Sept. 7

A. F. Temple, Chief of the Driver's License Division of the Texas Department of Public Safety, reminded motorists today that the fee for Texas Operator's and Commercial Operator's licenses will be doubled effective September 7, 1951.

The increase which was authorized by the 52nd Legislature sets the new price of the Operator's License at \$1.00 and the Commercial License at \$2.00. Fee for Chauffeurs License will remain at \$3.00. The Operator's permit will remain valid for a period of two years while the Commercial and Chauffeurs will continue to be issued for one year periods.

LEADER IN MIG KILLS . . . Capt. Milton E. Nelson, Tarrant City, Ala., shown entering his plane, is the present ace among jet fighters in Korea. Capt. Nelson has destroyed four MIG-15 jet fighters since he arrived for service in the Korean war with the Fifth Air Force's fourth fighter wing. Nelson stepped into the lead after "Ace" Capt. Jim Jahara was rotated to the United States on the armed services' regular plan for sending troops home after certain amount of combat.

veritas assistance in all forms since the end of the war has amounted to \$55 billion. In other words, "post-war" rehabilitation and reconstruction abroad has cost the American taxpayers more than arms assistance during the war."

Pair Honor Miss Ann West at Coke Party

Mrs. James Dockery of Santa Anna and Mrs. W. L. Harrison entertained with a coke party Wednesday morning at the home of Mrs. Dockery's mother, Mrs. Coralie Meinecke, to honor Miss Ann West of San Angelo who is to be married September 22 to Edward Simons of Tyler.

Fall flowers were used in house decorations and a sandwich plate and cokes were served. Guests included the honoree, Mrs. Bit Terry of Colorado City, Miss Jean Ostrander of San Angelo, Miss Corinne Phillips and Mesdames Boyd Clayton, Beecher Montgomery, P. C. Perner, Byron Williams, Wayne E. West, James Semmler, W. M. Colquitt, Al Cowan, Billy Mills, Roy Coates, Joe Williams and Paul Newton.

GRASS ROOTS OPINION

Morrison, Ill. News: "Our government may topple because you and I have neglected our Ship of State. Directly and indirectly we are sabotaging that sleek, swift vessel designed by the framers of the Constitution to gracefully and successfully take the lead among world governments in the race for a better world. We have allowed barnacles to accumulate on her hull, and her timbers and planking to rot. We have rigged her with ignorance and manned her with incompetence."

Bersa, Ohio, Enterprise: "The construction cost of our own Economic Planners' Arizona irrigation project, together with its so-called "multi-purpose" trimmings is to be \$708,780,000. But that's just the beginning of what the American taxpayers would have to pay. The Interior Department itself admits that actual cost to the taxpayers, counting interest on the borrowed money necessary to build it, would be \$2,784,509,000. That's almost 10 times the total value of all farm lands and buildings in the whole state of Arizona" as recorded by the U. S. Census Bureau. Yes, planning by government economic planners comes high!"

TRAIL BLAZER -

with plenty on the ball

**How long since you lifted the
 hood of a car, and took a good
 look at what's beneath?**
 We like to have folks do that with a
 Buick.
 You'll find that broad bonnet isn't
 put there for show. It's packed with
 horsepower—high, wide and hand-
 some—more horsepower than
 normal drivers will ever use in full.
 And—if you're up to date on modern
 features—you'll find that this bonnet
 is packed with these too.
 Do you know, for example, that
 every new engine introduced or
 previewed in recent years is built
 on the valve-in-head principle?
**Score one for Buick. No Buick
 engine has ever been built in any
 other way.**
 Do you know what it takes to make
 full use of high compression? A
 valve-in-head engine!

**Score two: Buick has been stepping
 up compression ratios for years.**
 But Buick has blazed one trail
 which other engines still haven't
 followed—don't ask us why.
 Every Buick has a Fireball Engine
 which, as we've said before, is like
 having a string of comets by the tail.
 Fact is, in every flame-packed
 cylinder there is a comet—rolled
 into a swirling ball by a special
 turbo-top piston—touched off by a
 flashing spark every 5 inches you
 travel in a Buick.
 That's why we're proud to show
 folks that Buicks have a Fireball
 Engine—and prouder still to have
 them take one of these thrilling per-
 formers out on the road.
 Want to try it? Come in and see us
 soon.

Here and There
By J. Troy Hickman

(Continued From Page One) business of a school. It is wrong to put so much pressure on a coach and a bunch of kids that they are willing, if necessary, to sell out their honor to win a game.

That is what happened at West Point. And you and I are involved in it. The shame of the cadets is our shame. The scandal of college athletics is the scandal of a nation that has lost its head over a game.

YOUNG WOMEN WANTED NOW!

If you have high school or college training you may qualify for America's finest career — The Women's Army Corps. Unlimited opportunities... A chance to qualify for Officers' Candidate School. Help yourself and help your country now when it needs you. See Sgt. George L. Fike at the U. S. Army & Air Force Recruiting Station, 15 East Concho Street San Angelo, Texas. Phone 3513. Or see Sgt Fike in Ozona each Wednesday from 10: a.m. to 1:30 p.m. at the Postoffice. 8-9-9-6

CARD OF THANKS

I wish to express my sincere appreciation to all my friends who sent me flowers and cards and visited me during my stay in the hospital. I also want to thank the doctors and nurses for their kindness.

20th Annual Prison Rodeo Set for Four Sundays in October

HUNTSVILLE, Aug. 31 (Echo) — Texas' own Original Prison Rodeo, with the toughest stock, will open in Prison Stadium in Huntsville on October 7; this year, the 20th of the series; the 1951 show promises to be the biggest and best yet, and ticket sales and reservations by mail or wire will begin September 1st.

The world famous rodeo pits convict cowboys against live-stock owned by the Texas Prison System and has earned the name of "the world's wildest rodeo." More than 100,000 persons have paid to see this show on October Sundays in past years. That is all the recommendation anyone needs who has not seen it.

When the rodeo starts with the

Mad Scramble, the show's most dangerous event, the two hours that follow are jam-packed with Saddle and Bareback bronc riding, bull riding, wild horse racing, mule racing and the riotous Charlot Race. Each event a spine-tingling, nerve-chilling fight to the finish between outlaw riders and outlaw beasts.

Prices for reserved seats are \$2.40, tax included, and may be obtained by ordering by mail or wire if remittance is enclosed.

Elmer Haire suffered facial cuts and bruises when he lost control of his car on Highway 163 between Ozona and Juno Tuesday morning. The car, which turned over, was badly damaged.

FOR SALE — 32 head 3-year-old Rambouillet bucks. On feed six weeks and ready to go. \$30 per head. Clay Adams, Ozona, Tex. 1p

Mrs. S. M. Harvick, president of the Ozona Woman's Club, Mrs. P. T. Robison and Mrs. N. W. Graham attended the Sixth District Women's Club meeting at Abilene, Wednesday.
