### SEEN HIS DUTY AND DONE IT

Senator Joe McCarthy of Wisconsin is the most disputed political character of our day. He is a hero to some. To others he is an anti-type of smear artist and villain. More than likely, he belongs somewhere in between. McCarthy—a new word in the political dictionary—is what happens to a country when elected officials, Senator Joe has tried to do in any way that should have been done by the right people in the past.

At the end of World War II, Uncle Joe Stalin and his Soviet system had a lot of friends in this country. Our erstwhile "gallant boys" were engaged in "a noble experiment with a new order of government."

Time quickly changed our minds on this matter. That is, it changed some minds. It made a change of faces red. Henry Wallace, one, frankly admitted that he had been sold a bill of goods, and went back to corn-raising. W. Averell Harrington, another, saw a last desperate chance to back out of something which was growing increasingly terrifying. His story implicated many others who, like Caesar's wife, were thought to be above reproach.

But some people never admit a mistake. Others may be just too dumb to realize they have made one. The Chambers revelation, which was made under oath and never been refuted, was called "red herring." It was distasteful that it embarrassed the administration.

There were others of the parlor variety of pinks and intellectuals who just couldn't give up their dream of Utopia. Many of them were with high government officials. Indeed, some officials in responsible positions came from their ranks. The New Deal was a high admiration for idealism of the unadulterated type.

Still others there were, like you and me, and about 150 million others in the United States, who have never had any previous experience with disloyalty and espionage. It is a good country. Why should anyone want to hurt it? It was, and still is, incredible to us that anyone could want to take away the freedoms of this good land and exchange them for that brand of living hell manufactured in Russia. Like a man in his bed who hears a noise in the next room and refuses to believe it is only the cat, he entered our house, even after we saw him. We dove under the bed and hid our eyes, when we would have gone for the shotgun. We talked about witch hunts and we oughtn't to put gags on people. All the while termites were eating at the beams of our house.

Of course, no traitor ever wears a label saying that he is a traitor. He always masquerades as a patriot. He worms his way as closely as possible into the center of things. He works in the dark. The more he does is done before we know it. It was so with Hiss. It was so with Fuchs, who gave us the atomic bomb to Russia. All the while, the F. B. I. had facilities for weeding out the communists from among the non-government officials. But this we cannot go to work until the information on Hiss for eight years before he was brought to trial. If Chamber's story is true, during a part of that eight years, Hiss was allowed to continue in a position where he had access to secret files involving the nation's safety. But it did not seem some of our leaders to expect him, because it would have placed them in a position where they had been wrong in placing him where he was. They thought more of their own safety and political future than the country. And the rest of us could not believe that we were in danger. There would have been a little that we could do, if we felt the danger.

## Ozona-Junction Battle For Dist. Flag Fri. Night

### Championship Decider to Be Played At Lions Field

District 6A football championship for 1952 will hang in the balance at Lions Field here Friday night when the Junction Eagles, undefeated and untied in three district starts so far, tangle with the Ozona Lions, also undefeated and untied in two district games this season.

The Lions garnered a lot of scoring experience Friday night when they rolled over the helpless Eldorado Eagles 40-0. The Junction team had swamped the Eldorado lads under a 47-0 avalanche earlier in the season.

Although their confidence is buoyed considerably by success against Menard and Eldorado, the Lions still remain the underdog in the coming crucial battle this week against the Junction powerhouse. But spirit and determination were building up in the local crew as students and townspeople early this week launched a pep build-up which they hoped would reach the crescendo which carried the Lions to a victory over the favored Menard Yellowjackets week before last.

The pre-game rallies will start Thursday night at Powell Field with another huge bonfire and demonstration of school spirit and pep, and at 3 o'clock Friday afternoon, townspeople and school students will join again in a big rally in front of the courthouse, complete with band, pep squad and rallying speeches over the public address system. Ozona business firms have agreed again to put business aside for a few minutes to join the students in their pep rally.

The Lions are in good physical condition for their all-important test Friday night, Coach Larry Wilkins said. The Eldorado contest, scouted by the Junction staff, was easy enough that the Lions were able to keep much of their attack strategy under wraps. With some elements of surprise on their side plus a new surge of spirit and fight, the Lions are given a good chance to overcome the apparent Junction advantage in weight and experience and come up with a victory Friday night. Most observers see the winner of this contest as an almost sure bet for the district championship. Ozona will still have Eden and Sonora to hurdle in the event they take Junction this week.

## Lions Find Easy Sailing in Eldorado To Swamp Eagles 40-0

Ozona High School Lions romped to an easy victory over the Eldorado Eagles in Eldorado Friday night to rack up their second District 6A victory of the season. The Lions ran up a 21 point lead in the second half and in the final quarter the Lion reserves were in and out to the end of the game.

Tom Piner thrilled the spectators with two long touchdown runs of 55 and 40 yards, scored a touchdown through the line from the five and kicked four extra points to account for 22 of the Lions' points.

Wilburn Conklin passed 11 yards to Don Cooper for a touchdown. Garlitz passed to Piner for the 55-yard gainer, flipped another to Maness for 28 yards and a tally, scored one himself from four yards out and passed to Piner on a screened play which gained 40 yards and a TD. The Eagles found the Ozona line almost impregnable. They were able to make only 4 first downs, but in the final period of the game they began clicking with passes and twice advanced to dangerous territory only to be stymied by the stout Ozona line and the superb defensive work of Bill Mauss and Charles Garlitz among others of the Ozona secondary.

## Friday Night to Be 'Parents Night' for Ozona Football Team

Mothers and dads of members of the Ozona High School football squad will be honored at Lions Field Friday night when the Lions meet the Junction Eagles in what may be the district championship deciding game.

Prior to the game, parents of players will be seated along the sideline. Before the game's start, each player will pin a corsage on Mom, give her a big kiss, shake hands with Dad and then go out and try to win this game for both of them.

The parents of players will be seated in a reserved section in the grandstand.

## San Angelo's Stake Shallow Crockett Test

Wilson and Mitchell of San Angelo have staked their University as a 2,500-foot cable tool wildcat 12 miles southwest of Barnhart in Crockett county.

The project is 1/2-mile north northwest of Val-Carroll University, which was plugged and abandoned June 19, 1952 at a total depth of 750 feet.

Operation will begin Nov. 14 on the 320-acre tract. Elevation is 2,664.3 feet.

Location is 2,970 feet from the north and 990 feet from the west lines of 3-47-University.

## Carlsbad, N. M. Woman Dies Near Ozona on Way to Galveston

Mrs. Edith C. Gremillion, 47, of Carlsbad, N. M., died in an ambulance west of Ozona Friday night while en route with her husband and a nurse to Galveston.

L. L. Gremillion was taking his wife to Galveston, with a nurse accompanying, to consult doctors there concerning an unknown disease from which she was suffering. She died about 35 miles west of Ozona and was pronounced dead on arrival at an Ozona physician's office.

Mrs. Gremillion was born at Baird, Texas, Feb. 29, 1905. The body was prepared for burial at the Cody Funeral Home here and taken to Baird for burial.

## Write-In Try In Commission Race Precinct 2 Fails

### Nominee Bill Miller Wins by 6 Votes Over Coates

An unscheduled contest for the post of Commissioner from Precinct 2 developed in the general election Tuesday.

A write-in campaign on behalf of Bud Coates, one of three candidates seeking the commissioner post in the July primary, failed to unseat the nominee of the primary, Bill Miller. Miller emerged with a lead of six votes over Coates in the two voting boxes in the precinct. Miller polled a total of 33 votes to 27 for Coates.

Coates and Miller and incumbent Charlie Black were the three candidates seeking nomination in the July primary. Miller, a resident of the Powell field area, eliminated both the other candidates in the first primary with a one-vote majority over both.

In the Powell field voting box, Miller received 27 votes to 4 for Coates and in the Midway Lane box, Coates received 23 votes to 6 Miller.

## 6th Annual 4-H Club County Show Set For Jan. 10

### Advisory Committee Elects, Lays Plans For County Show

Dates for the Sixth Annual Crockett County 4-H Club livestock show has been set for Saturday, January 10.

At a meeting of the Adult Advisory Committee last week, one new member was elected to the board and one whose term was expiring was re-elected for a new term.

Elected to membership on the committee was Early Chandler and re-elected was Hugh Childress, Jr., both to serve two-year terms. Hold-over members of the committee who have one more year to serve are George Bunger, Ashby McMullan and Batts Friend.

The committee will meet soon to formulate plans for the Sixth Annual Show and to appoint show committees to work out details. James A. Gray of San Angelo, sheep and goat specialist with the A & M Extension Service will judge the show, County Agent Pete Jacoby announced. Mr. Gray has already accepted the assignment, Mr. Jacoby said.

Twenty-three 4-H Club members here are feeding a total of 150 lambs at 4-H barns. The lambs are doing fine, Mr. Jacoby reports. They are still being group fed and this plan will be continued until the close of the football season, when 4-H members on the team will have more time to devote to the feeding program and the lambs can be divided among the feeders and given individual attention.

Parents present for the Advisory Committee meeting were E. H. Chandler, Ashby McMullan, W. P. Conklin, Troy Hickman, Glen Sutton, Frankie Jones, Hugh Childress, Jr., Pleas Childress, Rufe Everitt, Gene Thomas and Max Schneemann.

## C. A. Woody Takes Over Management Crockett Hospital

### Name Changed Under New Hospital Board Supervision

C. A. Woody, first administrator of Ozona's hospital, took over the job as administrator of the renamed Crockett County Hospital last Saturday.

Mr. Woody was employed by the new hospital board appointed by the Commissioners Court to administer affairs of the hospital. The board is composed of Tom Harris, president; Lowell Littleton vice president; Mrs. Charles Williams, Jr., secretary - treasurer, Mrs. P. T. Robison, W. T. Stokes and Mrs. T. J. Bailey.

Mr. Woody left Ozona to become administrator of the Hansford County Hospital at Spearman, Texas. He came to the board strongly recommended by all former employers. He is a graduate of the Gradwohl School of Laboratory and X-Ray Technicians at St. Louis, Mo., and holds a Senior Membership Certificate in the American Association of Hospital Accountants. His experience record consists of 14 years in hospitals, in fact, he says he has virtually grown up in hospital and knows their operation from top to bottom. He is a qualified anesthetist and has given anesthetics for many specialists.

Mr. Woody is married, his family consisting of his wife, Hazel, son Wayne, 8, and daughter Kayla Jo, 3, and their pet and chief hobby, a registered Saanen milk goat and her offspring, Frisby.

KERRVILLE. — Roy A. Harrell, Schreiner Institute student from Ozona, has been placed on the Honorable Mention Roll for the first six weeks semester grades. He is the son of Mr. and Mrs. R. A. Harrell of Ozona.

## Rain Furnished Double Feature Election Night Thrill for Ike Backers

Ozona partisans of General Dwight D. Eisenhower and Dick Nixon for president and vice president were doubly jubilant in the early evening as they listened to election returns via radio which indicated the trend in favor of their candidate and at the same time heard rain pattering down outside. The combined sounds of the radio and the rain inspired, no doubt, a few bars of that popular tune, "Happy Days Are Here Again," for these partisans at least.

The rain, first in nearly two months here, came in the form of slow-falling, intermittent showers, amounting to a total of .3 of an inch of moisture here. Of course, that small amount of moisture will not do much toward winter feed growing, in view of the parched earth in these parts, but it was refreshing to vegetation and a welcome demonstration that the stuff can actually fall from the skies if conditions get just right.

## Tom Power Is Heavy Winner in First of Club Roping Programs

Tom Powers of Ozona carried off top honors Sunday afternoon in the first of the weekly winter season roping programs to be staged at the fair grounds here by the Ozona Roping Club. Powers won first in three jackpot ropings, was second in one and third in another. Powers hung up the day's record time, 10.8 seconds in the fourth jackpot.

The club recently acquired 34 head of fresh calves and Sunday's program was the first time they had been roped. The next event on the club slate will be reeled off next Sunday afternoon at 2 o'clock.

In addition to five jackpots for adult ropers, there were two jackpots for junior ropers. Jody Jones of Ozona won the first in 19.9 seconds. Charlie Black of Ozona was second in 21.2 and Eddie Stevenson of San Angelo, third in 23 flat. In the second event, Marlin Stevenson of San Angelo was first with 12.3, Eddie Stevenson, his cousin, second with 17.7 and Charlie Black, third with 28.3.

In a matched roping on 4 calves each Orville Thomas of San Angelo bested Charlie Davidson, III, of Ozona 53.9 to 57.

Jackpot roping results were: First jackpot: Powers, 13.1; Bill Edwards of Crane, 13.2; John Ray Powell of Eldorado, 14.8.

Second: Powers, 11.9; John D. Holleyman of Rankin, 12 flat and Tony Scott of San Angelo 13.2

Third: Holleyman, 11.2; Powers 12 flat and Davidson, 12.3

Fourth: Powers, 10.8; Edwards and Thomas tied for seconds with 12.3

Fifth: Holleyman, 11.7; Davidson 12 and Powers, 12.4.

## Ft. Stockton Robbery Suspect Arrested By Crockett Co. Sheriff

Malvin R. Shores, about 27, was arrested by Sheriff's deputies near Lancaster Hill west of Ozona last night and is being held in jail here for Pecos county officers. Shores is wanted in Fort Stockton in connection with an armed robbery there.

Two companions of Shores were arrested by Fort Stockton officers and a radio alarm was broadcast of Shores' escape. Sheriff V. O. Earnest and deputies Billy Mills and Hearst Laws set up a watch on Highway 290. On a tip from a motorist that there was a parked car near Lancaster Hill, the officers found Shores asleep in his stalled car.

A .38 calibre pistol was found in the car. Shores gave his address as Miami, Fla.

## OZONAN'S BROTHER DIES

Charlie N. Baker, Sheriff of Pecos county for the past six years, died in a Fort Stockton hospital Wednesday evening from a heart attack. Sheriff Baker was a brother of Hubert Baker, Ozona grocer. Funeral arrangements had not been announced this morning.

## Dwight Eisenhower Two-to-One Choice Of Crockett Voters

### Record Vote Registered in General Election Tuesday

Republican nominees Dwight D. Eisenhower and Richard Nixon for president and vice president of the United States, who swept Texas and the nation for a landslide victory over a Democratic party which has been entrenched in Washington 20 years, was the choice by a two-to-one margin of Crockett county voters in Tuesday's general election.

With one small box in far western Crockett county, still not reported, the unofficial totals in the balloting in this county show a record total of 970 votes counted. Approximately 10 votes are expected to be recorded in the unreported Thompson box. The 1952 general election vote in this county compared with 545 polled for president in the last general election of 1948. The 1952 July primary, with many contests for local office to stir interest, brought out a then record vote of 926.

The Eisenhower - Nixon ticket received a total of 654 votes in Crockett county to 306 for the Democratic Severson - Sparkman ticket. The four splinter parties, Prohibition, Progressive, Christian Nationalist and Constitution, received not a single vote in this county, according to the incomplete and unofficial returns available in the office of County Clerk George Russell yesterday.

Governor Allan Shivers and Attorney General Price Daniel, candidate for United States Senator, received 882 and 883 votes respectively in this county. That at least 137 voters voted a straight Republican ticket in this county is indicated in the returns. Governor Shivers and Daniels each received that many votes in the Republican column where they were crossfiled. Daniel receiving 746 in the Democratic column and Shivers, 745.

Voters here approved both the proposed amendments to the Texas Constitution. The municipal workmen's compensation insurance proposal, which apparently was approved by Texas voters, received 243 votes favoring and 162 opposing. The medical education fund, amendment, which was defeated over the state, received 209 favorable votes to 193 against.

## Interesting Program Planned for TS&GRA Convention in Angelo

SAN ANGELO. — Interesting speakers, good entertainment, a style show honoring "Miss Wool and Her Ten Pretty Maids," and a chance to just visit are offered to all who attend the 37th Annual Convention of the Texas Sheep and Goat Raisers Association to be held here November 10 - 12, 1952. The first day will be mostly for registration and committee meetings. Headquarters will be the Cactus Hotel.

John T. Williams, Sanderson, association president, has announced that speakers will cover important phases of the industry. J. C. Petersen, president, National Lamb Feeders Association, Spencer, Iowa, and manager of a firm that buys several hundred thousand West Texas lambs annually, will be on the program.

What is being done to promote the use of wool and mohair at a time when man-made fibers catch the public's eye will be covered by F. Eugene Ackerman, president, Wool Bureau, New York City. J. M. (Casey) Jones, executive secretary of the National Wool Growers Association will cover the association activities on behalf of the grower and explain a new plan of "Parity-Tariff for Tax Payer Protection."

Williams said that two talks which will be of great interest to dry West Texas will be on "Water for Texas" and soil and water conservation in general. Gibb Gil- (Continued on Last Page)

## Fads and Fashions

By Jane Adams  
Monday morning brought the  
feel of winter. The leaves are turn-  
ing yellow and sometimes red, and  
there is a damp smell in the air.  
There are so many new fall coats.  
Helen Billings' thick, fuzzy, red  
wool, cut straight and boxy. Tody  
Cunningham's is full and gray.  
The sleeves taper to a pleated cuff  
that buttons with tiny buttons to  
her wrist.

... Lots of short, little jack-  
ets that are brief, warm and easy  
to put in your locker. Sandra's  
poodle cloth one, Vivian's very or-  
ange corduroy one; Ann Ratliff's  
football jacket, Mary Beth's three  
letter jackets, two with an "L" and  
one with an "O." Other football  
jackets: Barbara Bonn's, Sandra's  
Betty Wally's, Helen Billings',  
Rosie Wally's.

Seen around this week: Wide rib  
bed corduroy. Susie's green dress,  
Sandra's bright and light blue  
skirt and Billie's green corduroy  
skirt worn with wool jersey.  
Jeannene's way of tucking a scarf  
in the pocket of a shirt the way  
men fold a handkerchief in the  
breast pocket of a suit. Last year  
lettermen wearing levi jackets in-  
stead of the jackets they gave their  
best girls. Jan's temporarily silver  
hair. Miss Compton's white sweat-  
er that is embroidered with four  
crests. Carol Blackstone's mustard  
colored jacket with its hood that  
zips down and makes a collar.

We've backed 'em this far, so  
let's feel that good old football  
spirit tomorrow night, too, and  
yell, yell, yell.

FRESHMAN FOUNDED FACTS

Some of the facts and figures in  
our Junior Business class are so  
important for all of us to know and  
practice that from time to time a  
student is writing a sort of editor-  
ial about the chapter we hap-  
pen to be studying at that time.

The first of this series of ar-  
ticles is about accidents and young  
people. This is a chapter on "Keep-  
ing Out of Trouble" that should  
help everyone as they go on the  
journey of life.

The greatest joy killers are acci-  
dents; they can be prevented by  
safety rules and thoughtfulness.  
A large percentage of the acci-  
dents people have daily are the  
result of pure carelessness or reck-  
lessness — sometimes of pure con-  
trariness. The National Safety  
Council record show that nearly a  
million persons are killed or in-  
jured in accidents each year.

The statistics show the follow-  
ing in order of frequency: Motor  
vehicle accidents: deaths, 32,000  
and non-fatal injuries, 1,150,000;  
accidents in the home: 32,000  
deaths and 4,700,000 non-fatal in-  
juries. These figures show that in  
one year 94,000 men, women and  
children died accidental deaths—  
one every 5½ minutes, 11 every  
hour, 260 a day, 1,800 a week. At  
the same time 8,900,000 Americans  
suffer non-fatal injuries — one  
every 3 seconds, 17 every minute,  
1,000 each hour, 24,000 a day, 170-  
000 a week. That is surely a lot of  
unnecessary suffering.

Let's all try to bring down these  
figures by driving safely and stop  
being reckless in the things we do.

## Question of the Week

By Della Mae Mason  
How do you like the new prac-  
tice of introducing other team's  
cheer leaders to the student body?  
Martha Bailey — I like it. It  
shows good sportsmanship.  
LeLe Currier — I like it fine.  
Ann Ratliff — I like it  
Tadpole — They should have  
introduced them to the football  
team.  
Kent Chapman — I like it. Only  
I wish they would say it loud e-  
nough for everyone to hear.  
Vivian Trotter — It's fine.  
Scott — It's pretty good.

## Dates and Doin's

on lately since all the football

boys have to stay home and rest  
up for the games. But we don't  
mind, do we girls, as long as the  
boys keep on winning?

But every Saturday night there  
is always a celebration. This time

## He Even Hates to Stop for Lunch!

Put a man behind the wheel of a Golden Anniversary  
Cadillac—point it to a destination some hundreds of  
miles away—and try to stop him!

And small wonder! In all the world, there is no finer  
relaxation for a work-weary man than a day's drive at  
the wheel of a Cadillac.

Try it sometime, and see for yourself. The moment  
you slip into the driver's seat, you'll sense that some-  
thing extraordinary is about to happen to you.

The car has a "feel" to it—even when it isn't in  
motion. You sit right. The wheel falls naturally into  
your hands. You look out through the big curved wind-  
shield—over the beautiful hood and into the distance  
—and you know that "this is it!"

And then you turn the key and the great engine  
whispers into action—and the day's fun begins.

First, there's the *silence*—only the sound of the wind  
—and the occasional tick-tick of the electric clock.

And then there's the *comfort*—the easy, soft, steady  
ride over almost any type of road.

And next, the *handling ease*! The steering wheel  
moves with the weight of the hand. There is remark-  
able steadiness on straightaway and curves. And the  
brakes give added confidence each time you touch  
the pedal.

So the miles go by and the miles go by. Towns and  
villages appear and disappear.

"What's that? It's time for lunch?"  
"Okay—but let's make it something quick and easy.  
We'll have a big dinner tonight."

Don't you think you'd like to own the car that can  
make a journey such a great delight?  
If so—come in and see us—any time.

### Lions Roar

(Continued from Page 3)

ery one had a fine time but we've heard that Buster Trotter was the main attraction. What would you boys do if he was still in high school? Jimmie might be a little worried, n-o-o-o?

Shirley entertained Scott Mary Beth, Cooper, Bobby F. and La Von Saturday night with a steak fry. Everything was delicious with the exception of one thing, something green. What was it, boys? Saturday night Jane finally got something she's been needing for a long time — a spanking. And as we say, Buster seems to be doing all right.

Seems we heard somewhere along the way that Jane's dog, Willie, got Vivian's pajamas put on her. Was that the reason Vivian smelled like dogs Saturday night or was it because of some other dog (or boy)?

We believe that it's high time that we published the real name of the J.U.V. to stop any rumor the boys have been putting forth. It's the Daleth Zeta, but just what that means, I guess you'll have to find out for yourself. Maybe the Stoolies, Kenneth and Ronnie know something about that. Go to locker 237 and see.

Rosie had a date with Charlie Black Monday night. Ronnie didn't seem very upset. Wonder why. A-lena and Sonny went along, too.

What did Sarah, Kay and Ann B. have their eggs wrapped up in that they were so embarrassed about? Oh, well, girls, that's what it takes to be in the J. U. V.

The rally Monday night was a big success with speeches from Coach Wilkins and R. Cox and Mr. Leath. With all the six yells and hollers, we're sure to BEAT JUNCTION!!

### Three Holidays on Calendar for Year

According to the school calendar of events for the year there will be three holidays — the first on November 27 for Thanksgiving. Schools will dismiss at 2:30 November 26, and resume work on December 1.

The Christmas holiday period will commence with the closing of schools Thursday afternoon, December 18, and will resume on Monday — December 29.

The remaining holiday will be on March 13 to allow all local teachers to attend District 11, TSTA meeting in Brownwood. It will be noticed that the Christmas holiday is somewhat shorter than last year's. However, the schedule calls for the closing of schools on May 15 which will be 13 days short of the 1952 school closing.

### NINE WEEKS TESTS

By Doris West  
Whew — just finished my last test!

Did you pass? Really!? Has anyone ever passed one of Pelto's tests?

Well, — no, I don't think so, but of course, I've just been here going on four years.

Now you can breathe more easily. Nine weeks tests are over, and we have found out how we stand. We know whether we have to work harder the next nine weeks. It is hard to realize that we've just waded through the first nine week and have taken one week off the second nine weeks. And how's the coloring on your report card? Not so good — huh? We hope to see them better next nine weeks.

### TYPING CLASS NEWS

By Lynn Parker  
Last week we were all astonished to come into typing and find sixteen new typing stands. We wish to thank Mr. Mayes for his work in making the stands. They are a different type of stand from the old ones and everyone seems to think they are much better also.

We have four new chairs that you can adjust to fit your height. Only the shorter people use them and say it's a funny feeling not to have to stretch your arms so much when you type. It's not surprising if you see someone drifting across the room since the chairs have rollers and you can get around pretty swiftly in them. However the fun is coming to an end since they are going to find someone to take the rollers off.

Typing classes are getting ready for open house. Typing I students are saving their best one and five minute speed tests to put on display. Typing II are saving their best one, five and ten minute speed tests.

Mrs. Cody also has a new book-keeping desk that is very nice and she is very proud of it.

### READY FOR PHOTOGRAPHER

By Janice Spencer  
If you had visited several of the girls Tuesday night, you would have found rolled up hair, cream on faces and many other things. All this wasn't in vain though. You see, the pictures for the annual were taken Wednesday.

Boys got off pretty easy here because it would look funny for their hair to be rolled up. Wednesday morning the men teachers were pulling at their stiff collars and ties. For they all wore suits. Other funny looking things were the half dressed boys seniors. They had on white shirts, ties and suit coats; then when you looked down you found blue jeans and boots.

The pictures are being taken by Wheat Studio in Dallas, Texas. The count of pictures now is between 750 and 800.

### THE LAW OF SPORTSMANSHIP

I will not cheat, nor will I play for keeps or for money. If I should not play fair, the loser would lose the fun of the game, the winner would lose his self-respect, and the game itself would become a mean and often cruel business.

I will treat my opponents with courtesy, and trust them if they deserve it. I will be friendly.

If I play in a group game, I will play not for my own glory, but for the success of my team and the fun of the game.

I will be a good loser or a generous winner.

And in my work as well as in my play, I will be sportsmanlike — generous, fair, honorable.

### Students Enjoy Assembly Program

By Kent Chapman  
"Zenda va lava servendale. Vackeem sav odden ve ball!" I didn't get it either, but that's about what it sounded like to me. On Monday afternoon our newly decorated and freshly painted auditorium was filled, top and bottom, with people from all five of our schools. Not all of the students were able to attend because of lack of room. This was the first in a series of assembly program that we will get to see this year. There are six to go.

La Von was the lucky stiff who got to do that classy wooden shoe dance with Chita. We'll have to try that dance at the next party. (She was cute, too.)

With a little research on the subject, Chita, I found that she has a four octave voice. That's really good, too.

I'll have to drag out my musical saw and get famous sometime.

Let's continue to have such good programs as this in the future.

### PARENTS' WEEK IN FOOTBALL

In case any of you will be wondering Friday night, the football players are designating this game as being in honor of their parents.

All parents will stand on the sidelines before the kickoff, and the boys will present their "Moms" with "mums." In this way the players can show their appreciation to their "proud parents."

### PEP RALLY MONDAY NIGHT!

By Susie Schneemann  
Where is all of that hollerin' coming from? was the question asked Monday night. From the Ranch theatre, was the answer. Ranch theatre???? Why, I thought Mr. Cox always kept the people quiet in there! No, silly, that's where the pep rally was held.

Yes, believe it or not, this was one time when you could holler to the top of your voices in the picture show and no one cared. Mr. Cox was good enough to let us have a pep rally in the show from 6:30 until 7 p.m. If we start Monday with such spirit, there is no telling what we will be doing by Friday!

### North Elementary News

Our little football game will be between Bob Cooke's Longhorns and Royce Ballinger's Mustangs. Kickoff time will be at 6:15 Friday evening. Lineups will include: Mustangs—Royce Ballinger, Tommy Stokes, Johnny Jones, George Blackstone, Ronnie Beall, Mike Patton, Denny Holden, Louie Mock Jimmy Sutton, Ronald Carnes, Joe McMullan, Dickie Flanagan, Lynn Webb and Bill Meinecke. For the Longhorns — Pat Jones, Frank

Shattuck, Robert Boyd, Mark Baggett, Ridge Sewell, Burford Blackmon, James Lacy, Art Kyle, Bobby Childress, P. L. Childress, Jimmy Freeman, Bob Cooke, L. C. Poin-dexter, and Muggins Good.

Safety Patrol for this week will include: Muggins Good, Ronnie Beall, Bobby Friesen, Jerold Greer, Bob Meinecke, Alvin Yancy, Sandra Wilkins, Mary Sue Trotter, Carolyn Rake, Margo Pogue, Penny Phillips, Carla McLeod.

### FOURTH GRADE - Miss James

We have been busy taking our nine weeks tests. We are anxious to know what will be on our report cards.

In geography we are visiting the Amazon Basin. We find that this region is very different from our own country. The thing that interests us most is that this region has two seasons determined by the rain while we have four seasons determined by the temperature.

This week we are collecting pictures, stories and news about cats since this is National Cat Week.

### FIRST GRADE - Mrs. Joiner

We had lots of fun at our Halloween party. Some of our room gave a play about the Three Pigs and the Wolf. Bryan Montgomery was the reader. Mother Pig was Linda Clapp and the three pigs were Douglas Moore, Paul Perner, III, and Ora Mae Sparks. The Wolf was Randy Pinner. The men selling sticks, straw and bricks, were Wayne Pitts, Don Williams and Randy Mock.

Adding Machines at the Stockman.

SECOND GRADE - Mrs. [Name] We have just had a house full of black cats, witches and goblins. All we have left of Halloween are the memories of a good time and the good times we had during the season.

The hostesses for this week will be Mrs. Chandler, Mrs. Carter, Mrs. Moss, Kay Thomas and guest at our party.

We are enthusiastic about our unit on Thanksgiving that we are starting.

Each one in our class has a hundred on our spelling test this week. Our goal is for a perfect class score on all the tests during the month of November.

We are enjoying the new room for our play periods on cold mornings.

### THIRD GRADE - Miss [Name]

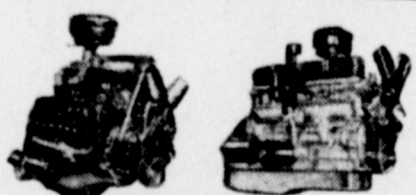

We had such a good time at Halloween party. We had a parade, sang songs, played games and were served refreshments, sandwiches, cookies and colas. Miller and Johnny Children's prizes for pinning hats on a moon.

In science, we have been learning about trees. We learned that leaves change their color and a tree gets food. We also learned about butterflies, and found there are several different ones in their development. We read stories about the life of a butterfly. Here is one by Beverly [Name].

Butterflies lay eggs. The eggshatch, a caterpillar comes out. The caterpillar grows. (Continued on Page Five)

Like your travel with a JOYOUS THRILL?

WE HAVE NEWS for a lot of folks who
want more fun from driving than they
get from their present cars.

There's a trim bundle of eager high-powered
energy that's just the ticket for you - a
spirited automobile that can give you thrill
after joyous thrill, for mile after fleeting mile.

Why not come in and try the Buick we have
in mind?

The excitement starts with your first look at
it, your first sitting in it, your first fingering
of its slender wheel.

But wait till Dynaflo Drive\* begins work-
ing its magic-and its constant and complete
smoothness fills you with never-ending
wonder.

Wait till you feel the bubbling exuberance

of taking your first hill with a high-compres-
sion Fireball 8 Engine doing the honors.
That's when you get a man-sized sampling
of the tremendously able and instantly
responsive power you command here.

Wait till you feel the serene satisfaction of
skimming over rough roads, cobbles or
ridged crossings. That's when you know,
better than words can tell, what a million
dollars' worth of ride engineering can do in
the way of magnificent comfort.

Wait till you jockey into a real tight parking
space and note the fun and ease that Power
Steering\*\* brings to a once-tough job.

But-why wait?

There's a Buick that can do all this - and
more, far more - all ready for you to try it.

And listen: If you can afford a new car, you
can afford a Buick.

How about coming in this week for a real
sampling of this joyous travel?

Equipment, accessories, trim and models are subject
to change without notice. \*Standard on Roadmaster,
optional at extra cost on other Series. \*\*Optional at
extra cost on Roadmaster and Super only.

**Here and There**

Into that picture of criminal negligence and amazing selfishness, came two acts of God. One was the episode of W. Chambers. The other was Joe McCarthy. I am not trying to make heroes of either of them. But God can use imperfect instruments to do his will. W. Chambers is a man that no one would want to trust with power. But his story stand in black and white, and to date not one single major aspect of it has been challenged.

Joe McCarthy is not a man to like. In using a scattergun to hit a small target, he has undoubtedly spattered a lot of innocent bystanders. But the thing he has done needs to be done by someone in a better way. Some believe that Joe is an opportunist who is making political hay out of a national issue. That may be true. But it does not have to be true. There is no essential reason why a politician cannot be sincere, even if he is crude. McCarthy may be like the old country boy who got a medal for saving a little girl from drowning, at the risk of his own life. After the citation had been made and the medal pinned on, he was asked to say a word to the crowd. Blushing, he dug a bare toe into the ground, twisted his body with embarrassment, and said, "Shucks. Wasn't nothin' to it. Just seen my duty and done it."

We are going to have to accept the fact that for the first time in the history of the United States our way of life is seriously challenged. There is no special danger in the challenge from without, because that can be seen. The danger is in the unrecognized challenge from within. We do not need to go sniffing at each other, to see if there is any odor of political treason. We don't need to become hysterical and start persecuting innocent people. But we do need to face the grim fact that there are enemies among us, and that some of them are posing as friends.

The old principle of "a man is innocent until proven guilty" is well enough in civil and personal affairs. But it has only a limited application on the level of nation-

al disloyalty and espionage. We all believe in freedom and due process of law. But we must also see that a man can use freedom and due process to rob others of their freedom and due process. A man's freedom should end at that point where he uses it to destroy freedom, — his own or yours.

We may wish that we did not have to listen to Joe McCarthy. We should note, however, that the voters of his own state, who should know him better than we do, returned him to office by a landslide. They must believe in what he is trying to do. We must remember also that he served his country in the armed forces, and made an honorable record. Before we write him off the books as a scoundrel, we ought to ask ourselves if probably he has not, somehow, served this country well as an instrument of God. He has pointed up in a crude and wasteful manner, some of the things that we need to know. He has done in a way some of the things that should have been done by the right people in the right way.

christ, chancellor of the Texas A & M College system and J. C. Dykes deputy chief of the United States Soil Conservation Service will cover those two topics. Two well known San Angelo speakers, State Senator Dorsey B. Hrdeman and Congressman O. C. Fisher, complete the roster of speakers.

Of particular interest to the ladies will be the "Miss Wool and Her Ten Pretty Maids" style show and contest Monday night, November 10, Williams said. Eleven girls selected as finalists in a statewide contest will model all wool dresses designed and made expressly for the occasion by nationally famous manufacturers.

Growers desiring rooms for the convention should send requests to the Board of City Development.

**WSCS Executives To San Antonio Meeting**

Mrs. Floyd Henderson, Conference Secretary of Spiritual Life, Mrs. H. B. Tandy, district secretary of Women, and Mrs. Madden Read, district secretary of Children's Work, will attend a Public Affairs Forum in San Antonio next Tuesday. The Forum is sponsored by the WSCS and Wesleyan Service Guild in cooperation with the Methodist Youth Fellowship, Interboard Council, Board of Lay Activities, and Committee on World Peace of the Southwest, West Texas and Rio Grande Conferences of the Methodist Church. Mrs. R. O. White of Rankin, Conference secretary of Missions Education, will join the Ozona group here to attend the session.

**Ozonans to Attend WSCS and Methodist Meetings in Big Lake**

Representatives of the Woman's Society of Christian Service and the Ozona Methodist Church will attend a simultaneous District Conference of the WSCS and the church to be held in Big Lake today.

Members of the WSCS executive board attended a pre-Conference meeting last night in the home of Mrs. Roy Shilling. Mrs. Floyd Henderson of Ozona, will retire after serving two terms as district president, and Mrs. W. D. Cooper of Ozona will retire as recording secretary after serving two terms. Mrs. Madden Read, district secretary of children's work, and Mrs. H. B. Tandy, secretary status of women, both of whom have served for one two-year term, are slated

to be re-elected at the Big Lake meeting. Mrs. G. M. Boswell of San Angelo is expected to be named district president to succeed Mrs. Henderson.

Rev. Troy Hickman, pastor, Mrs. Max Schneemann and possibly other representatives of the local church expect to attend the church conference in Big Lake.
