Here and There

By J. Troy Hickman

AD HARVICK

Another old-time resident of Ozona, James Adam Harvick, slipped quietly from this world to the other world last week. Ad was probably one of the best-known persons in Crockett County.

He was born the eldest son of Adam Strickland Harvick and Mary Serene Harvick at San Saba, Texas, on August 6th, 1879. The lad was very young when his father died, and he came out to this country to do ranch work. From a comfortable chair in the Ozona Wool House, one of his favorite places in the latter years, Ad would occasionally get in a story-telling mood. I've heard him tell some interesting and amusing incidents that dated back to those early times in Sutton and Crockett Counties.

Life was not too easy for a teenage boy out on his own. There probably were not too many people devoting themselves to his welfare. Being without a father, he had to figure things out for himself.

A little after the turn of the century, Ad's mother was in bad health, and he went back to San Saba. He was with her when she died. Shortly thereafter, in 1904, he came back to this country and did some ranch work with the Bob Massie outfit. He stayed on until his death on June 12th 1953.

For a number of years Ad was an inspector for the Cattle Raisers' Association. The job took him around over West Texas a lot. It was nearly impossible to mention a place where he hadn't been. He seemed to know something about every river and creek, every hill, pasture and landmark from here to El Paso.

He became a close reader of the papers and kept up with all the news. He knew what was going on at home and abroad. And he had kicked around the world enough to understand that not everything shows up on the surface. There was a considerable vein of skepticism in Ad's nature, as there usually is in the nature of a man who has seen a lot of life from various angles.

He had a remarkable memory for the exact details of places, events, and people. Somebody would say, "Whatever became of so-and-so who lived here thirty years ago?" Ad could generally tell where so-and-so was, what he was doing, whom he had married and who his wife was before she married him.

Ad sometimes presented a gruff exterior. But I learned that underneath there was a very human fellow, one who loved people in his own way, and who was capable of being a loyal and generous friend. He did not always publicize his generosity, but there are those who experienced it.

We have to take one another as we are in this world, and make some allowance for human faults. We all have them. But I am sure that God is able to look below whatever front you and I may put up and see what is real. One thing about Ad Harvick was that although he had his faults, the inside of him was as good as the outside, or better.

We are going to miss Ad at the Wool House. A lot of people here and there will miss him. Considering the fact that he started alone in the world and had to make everything the hard way, I think he did right well.

Many elderly people have premonitions of one sort or another. A few days before he slipped quietly away in his sleep, Ad told Strick, his brother, "I hope when my time comes I don't have to linger a long time helpless, and be a burden to anyone. I want to go fast and sudden."

He got his wish. In one way or another, God manages to be pretty good to his children.

TWO CAPABLE operators will be added to our staff beginning next Monday. They come well recommended and I invite you to give them a trial. Mrs. Johnny Hoover at the Charm Shop. 1c

Funeral Rites Here Saturday For J. A. Harvick

Crockett Rancher Died in Sleep of Heart Attack Thursday

Funeral services were held at 10 o'clock Saturday morning for J. A. (Ad) Harvick, 73, prominent Crockett county ranchman, and long time resident who died in his sleep sometime Thursday night at the home of a brother, S. M. Harvick of Ozona, where he had been living. Death was due to a heart attack.

Services were held from the Harvick home by the Rev. J. Troy Hickman, pastor of the Ozona Methodist Church. Burial followed in Cedar Hill Cemetery, Cody Funeral Home of Ozona in charge.

Pallbearers were W. E. Friend, Jr., James Childress, T. A. Kincaid, Jr., Alvin Harrell, Harley Cox of Sheffield, Earl Bird of Coleman, P. C. Perner and Beall Barbee.

Mr. Harvick was born in San Saba August 6, 1879, the son of Mr. and Mrs. Adam Strickland Harvick, pioneer residents of San Saba county. His father died when Ad was still in his teens and he came to West Texas to do ranch work. When his mother's health failed a few years later he went back to San Saba to be with his mother until her death.

It was in 1904 that he returned to West Texas and for a time worked on the Robt. Massie ranch in this county. He served for about 15 years as an inspector for the Texas and Southwestern Cattle Raisers Association.

It was while acting in the capacity of an inspector, deputized Texas Ranger, that Mr. Harvick and a companion engaged in a border gun battle with a bunch of livestock thieves, resulting in the fatal shooting of Harvick's companion and serious wounds to himself. The wound, in the hip, caused Mr. Harvick to walk with a slight limp the rest of his life. Purported details of the gun battle were recently recounted in a true-life story in a national magazine.

Mr. Harvick acquired his first ranch lands in Crockett county in 1922. He built up his holdings through the years and at the time of his death held extensive interests in the area.

Survivors include four sisters, Mrs. Annie Hamrick and Mrs. Carl Jones of San Saba, Mrs. Louise Murray of Colorado City, and Mrs. W. J. Beasley of Belton; one brother, S. M. Harvick of Ozona; two nieces, Mrs. Donald Dwyer of San Antonio and Mrs. Ulmer Bueby of Sonora, and two nephews, Martin Harvick and James A. Harvick, both of Ozona.

Volunteer Fire Dept. Names New Officers

New officers for the Ozona Volunteer Fire Department were elected at the annual meeting of the department Wednesday night.

Bud Harrison, a charter member of the department, was elected chief. Named assistant chiefs were James Semmler and Dick Henderson.

Arthur Kyle was elected president of the department, with Carl Thurman as vice president and James Isbell as secretary. Oscar Koest was chosen fire marshal and Father Howard captain.

Charles Ratliff was named as the department's training chief.

Stanolind to Deepen Todd Unit Block Test

Stanolind Oil and Gas Co. has filed application to deepen its 8-A J. S. Todd Unit Block 1/4-mile south and northwest of production on the southwest side of the Wyatt field of Crockett county.

The project will be deepened to 2,000 feet. Elevation is 2,501 feet. Location on a 640-acre tract, is 660 feet from the south and 1,980 feet from the west line of 30-WX-GC&SF, 15 miles northwest of Ozona.

Del Rio Ropers Win Two-Calf Match In Sunday Program

Del Rio ropers won first and second places and an Ozonan third in Sunday's two-calf average jackpot roping sponsored by the Ozona Roping Club at the fairgrounds arena.

James Leonard of Del Rio won first money with a total time of 25.2 seconds on his two calves. Cliff Lowery of Del Rio was second with 26.5 and Vic Montgomery of Ozona was third in 26.8. Lowery's time of 11 flat on one calf was the best time of the two-calf match in which 21 ropers were entered.

But the best time in the entire afternoon's roping program with several other jackpots run off, was 9.3 chalked up by James Leonard. For the fastest time he won a pair of Sellinger buckskin gloves offered by Ratliff Store of Ozona.

The afternoon's program exhibited for the first time publicly, the Roping Club's new buckskin string which will be used in the All-Colored Rodeo this week-end. Five bronc riders were entered in a jackpot and Raymond Brownrigg of Ozona won the event. In an exhibition ride later in the afternoon, Brownrigg and the bareback rigging were shucked by Pecos Blackie, one of the toughest horses in the string. The black fellow has been tried three times in the local arena and so far about two jumps is all he has needed to clear his back. It's reported some Arizona colored bronc riders are coming to try their hand in tonight's and Friday night's all-colored event.

Miss Simmons was visiting the Albers ranch for a week-end outing when the accident occurred. She was taken to a hospital in Del Rio but died en route.

Officiating at the funeral rites in Loraine was the Rev. L. A. Hartley, pastor, assisted by the Rev. J. A. Price, pastor of the Methodist Church at Roscoe. Burial was in the Loraine Cemetery beside the grave of her mother, Mrs. Walter Simmons.

Miss Simmons, who was born December 14, 1936, would have been a junior in Ozona High School next fall. She made her home here with her sister, Mrs. J. W. Howell. A member of the girls track squad, Kay piled 24 1/2 points in the Bluebonnet Belle Relays in San Angelo this year to put her team runner-up in the competition. She set a new broad jump record of 16 feet, 6 inches. She participated in band and other school activities and was one of the most popular students.

Survivors include the father, Walter Simmons of Loraine; a sister, Mrs. J. W. Howell of Ozona; and four brothers, William Simmons of Amarillo, Harold Simmons of Nacogdoches, Trend Simmons of Ray, N. D., and Wilfred Simmons of Midland.

Angelo Builder Awarded Contract For HE Cottage

Structure May Be Completed by Nov. 1; Cost \$43,611

Contract for construction of a homemaking cottage for the Ozona school system, last unit in Ozona's school building program provided by a bond issue of \$350,000 voted in 1950, was awarded Friday by the school board to R. B. Owens, San Angelo general contractor.

The contract price for the completed building, with some equipment and furnishings included, is \$43,611. Mr. Owens was awarded the contract on his low bid of \$46,233, but some minor changes in plans were agreed upon to effect the saving to the contract price.

Five contractors submitted bids for the construction job. The highest bid was \$54,700. The contractor was allowed 80 working days to complete the building. It is estimated that construction will be completed by about November 1 and school officials predict that it will be ready for occupancy probably after the Christmas holidays.

The new building is to be constructed next to the band hall and its front wall will be of Arizona ledge stone to harmonize with the band hall. It will include a food and clothing laboratory, living and dining room, bedroom, bath and foyer. The building will have about 2,700 square feet of floor space.

Hicks Hurls No-Hitter To Beat Iraan Teeners 8-0; Big Lake Here Sat.

Wayne Hicks, Ozona Teenage League chucker, hurled a no-hitter against the Iraan team in the Teen league here Saturday night while his teammates were piling up eight runs to trim the Iraan crew 8-0. Hicks struck out 17 batters out of 21 to face him.

It was the second straight win for the Teeners, with one loss, to Big Lake in the season opener. McCamey went down 22-2 last week under a hail of base hits by the Ozona lads.

The locals meet Big Lake for a return engagement in the Little League park here next Saturday night.

Ozona Hi School Girl Dies From Gunshot Wounds

Kay Simmons, 16, Accidentally Shot on Albers Ranch

Funeral services were held at 2:30 p. m. Tuesday from the Baptist Church at Loraine for Glenda Kay Simmons, 16-year-old Ozona High School girl, who was fatally wounded by a bullet from a .22 calibre rifle accidentally discharged at the Larry Albers ranch south of Ozona last Saturday.

Miss Simmons was visiting the Albers ranch for a week-end outing when the accident occurred. She was taken to a hospital in Del Rio but died en route.

Officiating at the funeral rites in Loraine was the Rev. L. A. Hartley, pastor, assisted by the Rev. J. A. Price, pastor of the Methodist Church at Roscoe. Burial was in the Loraine Cemetery beside the grave of her mother, Mrs. Walter Simmons.

Miss Simmons, who was born December 14, 1936, would have been a junior in Ozona High School next fall. She made her home here with her sister, Mrs. J. W. Howell. A member of the girls track squad, Kay piled 24 1/2 points in the Bluebonnet Belle Relays in San Angelo this year to put her team runner-up in the competition. She set a new broad jump record of 16 feet, 6 inches. She participated in band and other school activities and was one of the most popular students.

Survivors include the father, Walter Simmons of Loraine; a sister, Mrs. J. W. Howell of Ozona; and four brothers, William Simmons of Amarillo, Harold Simmons of Nacogdoches, Trend Simmons of Ray, N. D., and Wilfred Simmons of Midland.

Body Of Mexican National Found In Stock Tank

Unable to Reach Top Of Tank, Lone Bath-er Drowns

Trapped inside a concrete stock tank in about 12 feet of water, with the top of the tank walls about 30 inches above the water level and out of reach, a Mexican laborer drowned some time between Friday and Monday on the Carl Appel ranch in Crockett county.

The body was found Monday by Ben Robertson, a neighboring rancher, who was passing the Appel ranch while on a tour checking phone line trouble. Mr. Robertson and two employes stopped at the ranch to get a drink of water and found the body floating in the tank.

The Mexican native was identified as Ricardo Saucedo, age unknown, whose home was at Muscas, Mexico. He had been working for a short time on the ranch for Mr. Appel. Mr. and Mrs. Appel had been gone from the ranch since Friday and the condition of the body indicated that death probably occurred Friday or Saturday, Sheriff V. O. Earnest, who investigated the death, reported.

From mute evidence on the tank wall, Sheriff Earnest was able to reconstruct details of the drowning and the horror which the victim must have experienced before relieved by death.

The Mexican had removed his clothing, which was found on the top of the tank wall, along with a bar of soap and a bucket. There was a rope tied outside the tank wall for use as a means of exit from the tank when it was necessary for a person to get into it. But Saucedo evidently plunged into the tank without considering a manner of exit and it was not until he was already trapped that he realized his predicament. Mindful of the fact that there was nobody at the ranch and nobody within hearing distance who might

Youth Recreation Program Drawing Big Daily Attendance

Ozona youths are turning out in great numbers each morning for the summer recreation program at the school, sponsored by the Ozona Lions Club with assistance from the schools and county.

Although off a bit this week because of vacations and summer travels, attendance last week was running at an average of about 45 persons daily. One day the number rose to 47.

The youngsters, being directed this week by P. O. Hatley and daughter, Miss Francine Hatley, are enjoying a variety of games, including volleyball, kick ball, dodge ball, croquet, table tennis, horse shoe pitching, free goal shooting and the like. The youths enjoy freedom of choice of games and everybody finds something to his liking in the morning program. Swimming will be added later in the summer when the pools are completed.

Glenn Hicks, regular director of the program, and Mrs. Hicks are in Henderson this week.

Ozona Oil Wins Little League First Half Flag

Second Half Race to Begin Thursday of Next Week

Ozona Oil Co. Red Sox boomed their way to the first half championship of the current Little League season by dumping the South Texas Lumber "White Sox" last Thursday night and taking the second place Spencer-Stevens Yankees Monday night.

The Yankees had held the lead in the league until they were dumped last Thursday night by the lowly Kyle Kleaners, who finished last in the first half standings. South Texas beat Kyle in the final game of the half Monday night.

Bobby Sutton, fireball chucker and leading the league in the hitting department, pitched a no-hitter for the Ozona Oil Red Sox Monday night to defeat the Spencer-Stevens Yanks. The game was called at the end of the fourth when the Sox held a 15-point lead, a league rule.

Second half play will begin Thursday night of next week. Meanwhile all contenders will get in a little rest and some extra practice from now until the second half race starts.

Standings at the end of the first half:

	W	L	Pct.
Ozona Oil Co.	7	1	.875
Spencer-Stevens	6	3	.667
South Texas	3	6	.334
Kyle Kleaners	1	7	.125

Elkhorn Northwest Stepout Flows Oil On Drillstem Test

Continental Oil Co. 1-27 University, northwest stepout to the Elkhorn (Ellenburger) field, flowed 103 barrels of new oil, no water, in 1 1/2 hours on a drillstem test taken between 7,260-860 feet.

Tool was open one hour and 45 minutes on the test, with gas to the surface in five minutes and oil in 15 minutes. Flowing pressure was 1,925 pounds. Operator reversed out the recovery which was all oil.

Earlier, the project had surfaced gas in one hour and recovered 500 feet of heavily oil and gas-cut mud, no water, on a two-hour drillstem test taken between 7,160-260 feet.

The project, bottomed at 7,420 feet in the Ellenburger, was running logs at the latest report. Location is in 27-46-University.

Conoco 34-A, Shannon west stepout to the Elkhorn field swabbed 193 barrels of oil, no water, in 10 hours through perforations between 7,392-435 feet. It was preparing to install pump.

Location is in 21-UV-GC&SF. REMINGTON ADDING Machines at The Stockman office.

Colored Folk Set For Week-End Celebration Here

Rodeo, Baseball Games, Dance Set For Juneteenth

Ozona will play host to the colored folk from all over, this week-end and a variety of entertainment is in store for visitors expected to be here from a territory from San Antonio to El Paso and from Del Rio to Abilene.

The Juneteenth celebration will start today, Thursday, with a baseball game between a crack colored team from Brady and an Ozona aggregation reinforced with player recruits from Del Rio and other nearby points. The two teams will play again Friday afternoon, both games at 1:30 p.m. at the Powell baseball field.

But the big event of the two-day celebration will be the annual All-Colored Rodeo tonight and Friday night at the Ozona fair grounds arena. Sponsored by the Ozona Roping Club, a full evening's entertainment is promised both evenings for spectators and participants as a varied menu of rodeo contests has been arranged.

There will be goat roping, calf roping, hair pulling contests and bareback bronc riding, a wild mare race, matched foot races and even sack races for the colored children. Each evening's program will begin at 8 o'clock.

A gold and silver engraved belt buckle will be the reward of the colored cowboy chosen as the champion cowboy of the show.

The champion calf roper, champion bronc rider and champion goat roper will receive a pair of Sellinger buckskin gloves as gifts from the Ratliff Store of Ozona.

Entries in all the rodeo events will be received Friday afternoon at the Ozona Boot & Saddlery.

The two-day event will be climaxed with a big all-colored dance Friday evening on the fairground platform. Music will be furnished by Harold Stanberry and his orchestra from San Antonio, an all-colored orchestra in great demand throughout South Texas. Stanberry's orchestra consists of five pieces and a vocalist.

A Juneteenth parade, with cowboys and cowgirls and decorated cars and trucks has been set for downtown Ozona at 5 o'clock Friday afternoon.

Colored cowboys from all over this area are expected to be here for the roping and riding events. Inquiries have been received from many far-away places and this year's celebration is expected to top previous records in attracting visitors.

Shell-Friend Gas-Distillate Discovery Flows

Ellenburger Producer Shutin After Cleaning Out Acid

Ellenburger gas-distillate production was established Monday in the Shell Oil Co. No. 1 Mrs. W. E. Friend, wildcat one mile southeast of Ozona.

In section 93, Block GH, GC&SF survey, the Ellenburger discovery flowed 33 barrels of distillate in two hours after washing with 500 gallons of mud acid through shot holes from 8,400 to 8,435 feet. The test was reported to have flowed 15 barrels in 30 minutes through 1 1/4-inch opening and made 130 barrels in two hours through quarter-inch choke. Gas volume was estimated at 3,000,000 cubic feet. Flowing tubing pressure was 1,300 pounds.

The well was shutin after testing and rig was being moved off this week. Although no definite announcement has been made, local rumor was afloat of further drilling plans in the area and possible pipeline outlets for production from the discovery are seen as a future development. The new

TWO new experienced beauty operators will be at your service beginning next Monday at The Charm Shop in Ozona. Mrs. Johnny Hoover.

Lions Add Six More New Members; Plan Scrap Drive

Six more new members were added to the Ozona Lions Club roster last Thursday when the club met in regular luncheon at the Hobse of Flowers Tea Room. The additions brought to 15 the total number so far added in the June membership drive being pushed by the club.

Now members added at the last meeting were A. S. Lock, Jack Brewer, James Maness, Alex Neal, Bill Talyor, and L. B. T. Sikes. Mr. Sikes transferred his membership from the Calvert Lions Club.

The club president, Jack Wilkins, appointed a scrap drive committee composed of Gene Thomas, chairman, Dick Henderson, John Childress and Gene Williams, to push the club's scrap drive this summer. Scrap of all kinds is to be assembled on the lot north of the Little League ball park. Persons who have scrap to donate to the club are asked to call any member of the committee and a truck will be sent to pick it up.

Donors who will do so are asked to dump scrap metal at the collection site.

Half of the funds realized from the sale of scrap metal will be donated to the Lions Crippled Children's Camp at Kerrville and the other half retained in the local club's community fund.

The club voted to donate curtains for one of the hospital rooms. A movie of a hunt in Canada was the day's program.

Ranchmen Try Pitting Of Pasture Lands to Be Ready for Rains

Range pitting is being demonstrated by several Crockett county ranchmen in an attempt to conserve their soil and aid in recovery of bare rangeland.

Two ranchmen, Eugene Miller and Pleas Childress, Jr., have already pitted extensive acreage. T. A. Kincaid, Jr., has purchased the equipment and is in the process of pitting some of his rangeland.

Childress has pitted in two pastures on his Turkey Roost Ranch an equivalent of some 20 miles of pitted strips some six-eight feet in width. He also sowed about \$800 worth of grass seed of different varieties on the pitted area.

A half-inch rain in March brought up part of the seed and some dieoff resulted from the dry, hot period which followed. A 1.5-inch rain on this demonstration on April 23 showed great depth of moisture penetration against unpitted soil of the same structure. As yet, results are not known what effects the last rain will have on the grass seeding. Both pastures will be deferred for at least one year if results are observed.

Miller has pitted on bare flats in two pastures some 200 acres of range land. Grass seed was seeded in only one small area of approximately 15 acres. Miller received .45 inch of hard rain on April 23. The rain fell in a period of five-seven minutes. No run-off was observed from the pitted areas, but excessive run-off did occur on unpitted land.

Moisture penetration was checked five days after the .45 inch rain, and there was sufficient moisture, in the pits to cause the soil to ball up down to depth of 16 to 18 inches. No moisture at all was observed on areas where pitting was not done.

Miller plans to pit several hundred acres more of range land where brush has been cleared and pitted.

An Ozona mother - daughter graduation is in store at Texas State College for Women at Denton this summer. Mrs. P. O. AHtley

and daughter, Jane, both will receive their Master's degrees at the end of the present summer session at TSCW. Jane received

her bachelor's degree at the end of the regular session and is completing work for the master's degree this summer.

Heard About the Electric Weather Predictor?

Squint Smith built up quite a reputation last month by predicting the weather. What he said usually came true.

It got so that folks would sit around his little Antique Shop just to get his opinion.

Last Monday, though, he said he didn't know what the weather was going to be like next day. That surprised us and when we asked what happened, Squint said, "Shipped up on my electric bill and was turned off. I'll get to my radio again tomorrow though." Squint had been getting

the weather over the radio—just like anyone else!

From where I sit, that's the way it goes with some "experts." They often don't have any more inside information than you can get for yourself. Like those who "know" cider is the only thirst-quencher after a day's work. Far as I'm concerned, I'll take a temperate glass of beer. But—I won't try to "predict" your choice for you.

Fleet operators, farmers, independent truckers—truck users everywhere—buy more Chevrolets than any other make. There can be only one reason for that: Chevrolet trucks offer more of what you want.' Includes Chevrolet logo and 'first in demand' slogan.

Fleet operators, farmers, independent truckers—truck users everywhere—buy more Chevrolets than any other make. There can be only one reason for that: Chevrolet trucks offer more of what you want.

As the official registration figures keep rolling in, they keep telling the same positive story about truck popularity and truck value: Again in 1953, for the twelfth straight production year, truck buyers show a clear-cut and decisive preference for Chevrolet trucks. If you're a truck user, this fact is mighty important to you. Why? Well, as you know, trucks are built and bought for just one reason—to do a job. So isn't it logical then that since Chevrolet trucks outsell all others, they must do a better job at lower cost? That's why it will pay you to stop in and see us before you buy your next truck.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

Good Results Range Pitting, in Drouth Time

Crockett Soil Conservation Supervisors observed pitting and seeding trials on the Turkey Roost Children's Turkey Roost last week. Those attending were Charlie Davidson, Jr., Bascom, Jr., Alvin Harrell, Troy, Pete Jacoby, county agent and Don Fulton, soil conservation representative. Pitting and seeding were done March 2, 1953. The work was done with a small disc plow with a grass seed attached behind. A Ford tractor was used to pull the machine. The contour of the slope was 20 to 30 feet were left in each run. The seeds were: Lehmann's and Bluegrass, blue grass, sideoats, little and big blue stem, grass, blue panicum and dropseed.

Truck was taken from the area after the first rain in March. The area received three inches of rain since then. The last moisture was 12. In spite of the small amount of precipitation, a good seedling was established in places which are developing under droughty conditions are blue panicum, sideoats and sand dropseed. Some blue and blue panicum have developed a seed head.

Truck was found in pits at a depth of seven inches, while others could be found in the unpitted areas. Supervisors also noted the

dense growth of wild verbenas and other plants which came up in the pitted strips. None was growing in the areas between the pits. Pleas Childress also planted seed in unpitted areas, but no results could be seen.

The pasture showed much improvement, after being rested for three months. The rocky slopes have a good cover of sideoats grama, cane bluestem, Texas wintergrass, buffalograss and other native species. The gently sloping, deep soil site, shows less response. There are areas of bare soil which will take longer to recover due to the crusted condition.

The supervisors concluded that range recovery can be speeded up with pitting, and that range resting is beneficial even on low rainfall.

NOTICE OF EQUALIZATION

In obedience to the order of the Board of Equalization regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the Court House in the town of Ozona, Crockett County, Texas, at 9:00 A. M., Tuesday, the 23 day of June 1953, for the purpose of determining, fixing and equalizing the value of any and all taxable property located in Crockett County, Texas, for taxable purpose for the year, 1953, and any and all persons interested or having business with said Board are hereby notified to be present.

Don't gamble with your right to drive!

Thousands of Texas motorists had their driving licenses suspended this year because of inability to meet provisions of the Texas Motor Vehicle Safety Responsibility Law. Let this happen to you in '53. Get your right to drive with Farm Mutual's famous non-duplicate policy that meets all provisions of Texas law. Let us tell you about State Farm's fair, fast service, semi-annual payments and the generous dividend that State Farm has made to policyholders, year after year, for today.

(Two Bit) Meador Call Collect 23161 EL DORADO, TEXAS

Pay more? What for?

Fifty Years Forward on the American Road

You don't have to pay costly-car prices for costly-car comforts. Ford brings you everything [and we mean everything] you've ever wanted in a car, at a price that's well within your reach! And according to recent surveys, a Ford returns more of its original cost when sold than any other car at any price!

Here are a few of the "Worth More" advantages you'll find in the '53 Ford:

- 1. A V-8 engine—powerful and smooth!** Ford's famous high-compression V-8 is a leader in quiet, flexible, economical performance. Ford, remember, has built more V-8's than all other makers combined—over 13 million!
- 2. America's most economical Six engine!** If it's a Six you want, Ford offers you the high-compression, low-friction Mileage Maker . . . the engine which, with optional Overdrive, won over all other cars, regardless of size or weight, in this year's Mobilgas Economy Run! And it's yours for the same kind of money that buys less modern sixes in other cars.
- 3. America's finest and most versatile automatic drive!** Fordomatic Drive is the "automatic" which gives you both the get-up-and-go of automatic gears and the smoothness of a fluid torque converter. If you choose Fordomatic, you will find that it makes all your driving easier . . . more relaxing.
- 4. Automatic gas savings!** Ford's Automatic Power Pilot (on Six and V-8) meters just the right amount of gas, times ignition precisely, burns fuel evenly and completely. You get full high-compression performance from every drop of gas—regular or premium.
- 5. America's newest and finest power steering!** Ford's Master-Guide power steering gives you new ease, stability and safety in guiding your car on smooth roads or rough. Your car gains in sure-footed roadability and you expend up to 75% less effort in driving—and parking.

- 6. Largest choice of models in the low-price field!** Ford alone gives you a choice of 18 different models . . . a SIX or V-8 . . . Fordomatic, Conventional or Overdrive . . . the widest variety of body, color and upholstery combinations. You can practically "design" your own Ford!
- 7. A body that's the style-setter!** Only Ford in its field gives you the advantages of a hull-tight Crestmark Body . . . the trend-maker in design and beauty. Ford's body is the longest and Ford's trunk, the largest. You enjoy more usable space.
- 8. New driving conveniences!** Ford's first in its field with such "Worth More" features as easter-acting, suspended pedals that eliminate floor holes . . . foam rubber cushions on front and rear seats in all models . . . and convenient Center-Fill Fueling.
- 9. An automatically controlled ride!** When you Test Drive this Ford, notice how the wide front tread (widest in the low-price field) takes tilt out of turns . . . gives you a more level ride. With new "balanced suspension," new spring and shock absorber action and new rubber compression bumpers, road shock in the front end alone is reduced up to 80%.
- 10. It's worth more when you sell it!** An impartial survey of used car prices proved that Fords return a greater proportion of their original cost than any other cars in America. It's another fact to add to Ford's reputation as the "Worth More" car. But don't take our word for it. Stop in and Test Drive this Ford for yourself. We predict you'll be sold before you're in second! It was true last year and it's even truer this year: you can pay more, but you can't buy better than Ford.

WORTH MORE WHEN YOU BUY IT . . .
WORTH MORE WHEN YOU SELL IT . . . **Ford**

OZONA — TEXAS

The Summer Stooge

By Kenneth Phillips

Rejoice, here I am again. Let's face it, you just can't get rid of me. I am here to stay.

While it's on my mind . . . there was sure a good party out at the Baggett's ranch last Friday night. Let me tell you about it. There was all the food anyone could eat. (I was worried about Jane for awhile, though, ulcers, you know!) Anyway there were enough eats.

But I am getting ahead of myself — First, we changed into our bathing suits, then we headed for the tank. Killer Hale nearly mashed the back of my head in with a monster inner-tube. I think he was being paid. Then after a few people had been drowned, and everybody was sufficiently water-logged we made a mad rush for the food.

Then Ann slipped the electricity to the phonograph, and we started dancing. Let me describe for you a few of the dancers. "Tippie-Toes Hickman" was present, and with him was Coon Chandler. They looked utterly-utterly bouncing around the dance floor. Then following them were Dow and Jane. This was another charming couple. Next was Robbie and an unidentified dog. She kept calling it La Von so I guess that was "It's" name.

Enough of that, let's go on to happier things in life. Tadpole and Carol B. were there. She was wearing a strapless, backless, . . . no I can't go on. Mother might get mad at me. Others at the shindig were Larry and Jeannene, Wilburn and Alena Faye, Cooper and Audrey La Tour. Don't write for an address, I just work here.

Now let's get around to the stags, and does. Present in this group were Roy Alvin, Ben and Baggett Pace. Enough of them. Let's get to the stray women. There we find Brewer, Greenie and Helen. I guess I have kept you in "suspenders" long enough. You are asking, "Who was lucky enough to go with you?" Let's put it this way. I was lucky enough to take George Bounce. Bless her heart, she insisted on playing submarine and got a stop-

ped up snout. This in turn led to sinus trouble. For awhile I thought I was gonna have to administer artificial respiration. In case you haven't guessed it, she couldn't breathe very good. But everything turned out all right, and she made it up the steps under her own power.

Now, let's get back to the party. We had finished eating and started dancing. Well, this kept up till around nine o'clock or a little after. Then someone said, "Let's all go swimming again." Immediately there was a mad house. Doors slamming and wet bathing suits being prepared to get wetter. Things were really going there for awhile. Then we hopped in "ye ole shot-rod" and charged the tank for the second time. This time we got the jump on the sharks, so Tadpole and Benny rubbed them out for us. Along with Larry Lewis. Ah, yes, heads rolled.

Well, after everybody got chilled to the bone, we got out and started for a warm house. After returning to the house, we all re-dressed and sat down in the living room. As you know, eventually all good things must come to an end, so the party broke up. Here, now and again, for all the kids I would like to thank Mr. and Mrs. Baggett and Ann for a wonderful time, and for one of the best parties I have ever been to. Here's hoping that it'll happen again sometime. (Gentle hint, you know.)

By the way, I didn't tell you who Ann was with, but if you can't guess you'll just have to suffer. But his initials are Benny Frierd.

Well, that takes care of Friday night. Now let's get around to what happened Saturday night. Let me tell you something while it's on my weak mind. For the last couple of weeks I have been telling you about some records that I like, and maybe you would, too. Well, here are some more.

They are: "Minnie-Ha-Cha." A guy by the name of Ferland Husky puts this thing out. It is an answer to "Kaw-liga" and Mr. Husky sure sounds a lot like Hank Williams. Another one is still another answer to "Kaw-liga." Homer and Jethroe do this one. I like it even better than the one about "Minnie."

Now let's get back to Saturday night. There weren't too many at

the show with dates. In fact, I couldn't find anybody. George and I had a battle to see who could cook the best cake. I won't say who won. I'm too ashamed. Womack and Parker were on the prowl Saturday night, but they couldn't find anyone to prowl with them, so about one o'clock they called it a night. Scared of the dark, I think. I guess that about takes care of that night.

Now, let's move up a day. We'll start with Sunday afternoon. It was, as usual, hot and dead. I saw several enchanting personalities at the show. You'll have to suffer 'cause I don't feel like printing such names in a respectable column. Now comes Sunday night. This can be answered in one brief thought, too. Everyone went by themselves. By this I mean no dates were at the show. I guess everybody is still broke or just doesn't care!

Well, friends, here it is Monday and I am gonna stop writing this thing. Rejoice, you don't have to suffer any more. Why you ask. I am going out of town to look for a job. So, till next week. Try to keep cool or something. So long. See you Juneteenth.

Business Meeting, Study Held by WSCS

Methodist WSCS members met for a business session and officers' training school Wednesday morning at the church. The Society president, Mrs. Paul Perner, presided.

Mrs. Joe Pierce gave the devotional. A talk on Society finances was given by Mrs. B. B. Ingham, Sr., treasurer. Goals for 1953 were outlined by Mrs. W. D. Cooper.

Mrs. Taylor Word reported that nine bags of clothing are ready for shipment to Korea and one large box of boys' clothing has been prepared for shipment to West Texas Boys' Ranch.

Committee chairmen met in study groups with committee members. Present were Mmes. Paul Perner, Bud Cox, J. A. Fussell, Joe Pierce, Pete Jacoby, W. R. Stokes, D. B. Pettit, John Henderson, Jr., N. W. Graham, George Harrell, H. B. Tandy, Stephen Perner, A. C. Lock, Ralph Jones, M. B. Flippen, W. D. Cooper and Misses Mabel Whited and Mildred Raletton, and one visitor, Mrs. Harding from Stratford, Texas.

LADIES GOLF ASSN.

Members of the Ozona Ladies Golf Assn. entertained their husbands with a covered dish supper Tuesday night at the country club. Following the supper, Jack Wilkins showed a movie on golf and other sports.

Present were Messrs. and Mmes. Doug Kirby, J. M. Baggett, Jack Williams, Jack Wilkins, Boyd Clayton, Ashby McMullan, J. K. Colquitt, Byron Stuart, Jess Marley, Demp Jones, W. E. Ramsey, Byron Williams, Beecher Montgomery, Hugh Childress, Jr., Charles Williams, Jr., Lefty Walker, Alie

Lock, Frank McMullan, George Bunger, Sherman Taylor, Tommy Harris, Eddie Bower of Dallas, H. B. Tandy, Gene Thomas, Marshall Montgomery, Taylor Deaton, Joe Williams, Joe Clayton, James Baggett, W. E. Friend, Joe Pierce, Clay Adams, Sam Scheuber, Bob Peacock, John Childress and Mrs. Ethel Hemphill of San Angelo.

Members played golf in the morning. Winning awards were Gladys Pierce, Jean Scheuber and Katy Jones. Winners in trophy play were Dorothy Montgomery, Jeanie Williams, Jonsey Williams, Katy Jones, Lillie Baggett Gladys Pierce and Jean Scheuber.

WOMEN! \$2 hourly pay doing assembly work at home. Easy handwork. We furnish everything. For details, write — Mfg. Co., Yorktown, Indiana.

Make a
Double-Date
with a
"Rocket 8"!

DRIVE IT YOURSELF!

You want a car you'll both be happy with—one that performs for a man, handles easily for a woman. We believe Oldsmobile's the answer. That's why we're launching this special "Double-Date" campaign—inviting you to come in and drive the Super "88" or Classic Ninety-Eight together. See for yourself how the "Rocket" Engine rules the straightaway, how Hydra-Matic Super Range levels the hills, how the Power-Ride Chassis seems to iron out the roughest roads. Then . . .

LET HER DRIVE IT TOO!

You'll learn that Oldsmobile has a double appeal—to men and women alike. She's probably told you already how she loves Oldsmobile's long, sweeping lines and luxurious Custom-Lounge interiors. But at the wheel she'll discover that this big, powerful car is as obedient to her light touch as to yours—with Power Steering* and Power Brakes* taking the work out of driving. Come in soon. Discover the double appeal of Oldsmobile . . . together!

*These Power Features and new Automatic Eye are optional on extra cost.

LET'S TALK LIVESTOCK
BY TED GOULDY

FORT WORTH. — Some improvement in the activity on cattle calves, and considerably better prices on sheep and lambs were noted at Fort Worth Monday. Greater demand from buyers outside the state as well as local buyers made the difference. Lighter supplies of livestock and the market circle also were favorable factors.

Good and choice fed steers and calves cashed at \$17 to \$23.00. Choice fed steers averaging 850 lbs. from McClung Land Cattle Company, Johnson City at \$23, and some 596 lb. yearlings from W. W. Gilbreath of Erath Co. at \$23. Common and medium slaughter steers yearlings sold from \$9 to \$16. Good of fleshy feeders at 1,030 lbs. from Herman Mitchell of Delta county at \$15. About three head of 725 lb. brahmans sold for \$50. D. L. Powers, Jack county, a load at 758 lbs. at \$13.50. Some yearlings ranged at \$5 to \$10.

Good cows sold for \$8.50 to \$11.50. New heiferettes to \$12 and above. Good and choice fat calves drew to \$18, a few baby beef kinds 500 lbs. to \$20 and above.

Common and medium kinds \$8 to \$13, with culls \$5 to \$8. Stocker and steer calves drew \$10 to \$17, three loads at \$19, the day's top. Heifers off these averaged 457 drew \$17.50 for slaughter. Yearlings sold around \$15 down.

Fat Spring lambs, good and choice, drew \$17 to \$23, with common to medium from \$10 to \$15, and culls from \$5 to \$10. Yearlings sold from \$15 down, feeder yearlings at \$13.50 down. Feeder Spring lambs drew \$10 to \$16. Old ewes cashed at \$3 to \$4.50. Old wethers sold at \$8 down. Old bucks sold around \$2 to \$2.50.

Top hogs sold at \$23.75 to \$24, and sows cashed at \$18 to \$21.

FINED FOR THEFT

Two men, Robert R. Farris and J. W. Harrison, both of San Angelo, were fined \$100 and costs in justice court here last week on plea of guilty to theft charges. The men were charged with theft of a number of drill bits from four different rigs operating in the Elkhorn field in this county.

BOY TO SAUNDERS

Capt. and Mrs. Allan Saunders of Ozona are parents of a son, named Brent Cleveland Saunders born in the Crockett County Hospital Sunday morning. The baby weighed 5½ pounds. The Saunders have two other children, Wynn, 5, and Sharon, 2.

Mr. and Mrs. Lindsey Hicks returned to their home here Tuesday after a few weeks sojourn in a San Angelo hospital. Mrs. Hicks was in the hospital for treatment when Mr. Hicks was seized with an attack of appendicitis necessitating surgery. Both are recuperating.

Cotton and Cattle Producers Take Bulk Of Farm Income Drop

AUSTIN. — Farm cash income in Texas for the first four months of 1953 totaled \$431,994,000, about \$123,000,000 less than the same 1952 period, the University of Texas Bureau of Business Research reports.

Six commodities brought income increases this year. Wheat income was up 144 per cent, and oats 75 per cent. Income from sheep and lambs, eggs, poultry and m-hair gained from 25 to 30 per cent.

Producers of cottonseed, wool, grain sorghum, cotton, corn, and cattle took the heaviest relative losses. Cotton and cattle producers suffered most in actual dollar losses. Cotton income was down \$57,600,000, and cattle, \$42,500,000.

MERLE NORMAN Cosmetics will be presented at the Charm Shop next Monday by Mrs. J. T. Keeton, local representative of the line. You are invited to see this line of cosmetics.

E. H. Chandler of Ozona recently purchased three purebred Aberdeen-Angus bulls from Byron Hayes, Creston, Iowa.

Miss June Perner, daughter of Mr. and Mrs. Stephens Perner of Ozona is attending the summer session at T.C.U. in Fort Worth. Miss Perner was a student at TCU during the recent long term.

Mr. and Mrs. Joe Patrick of Ozona attended funeral services in Del Rio Wednesday for E. L. Rowell, who died Monday in Leakey. Mr. Rowell was the father of Mrs. Henry Patrick of Hobbs, N. M., daughter-in-law of Mr. and Mrs. Patrick of Ozona.

Friend Well —

well is 1 3/4 miles northeast of Shell No. 1 Kincaid, an Ellenburger gas-distillate discovery which has remained shut-in.

Another Shell discovery was recorded in Crockett county during the week when oil was recovered on a drillstem test from 8,920 to 8,985 feet at Shell's No. 2-5 University, section 27, block 5, University land, eight miles northwest of the Lula Devonian pool in northwestern Crockett county.

Open 2 1/2 hours, gas was at the surface in 35 minutes, with volume too small to measure. Recovery was 180 feet of heavily oil and gas-cut mud, 150 feet of 41.8 gravity oil and 450 feet of mud-cut oil, 60 per cent oil. Flowing pressure ranged from 150 to 245 pounds and shut-in bottomhole pressure was 2,670 pounds. Coring was slat-

ed. MCM Oil Co., Midland, has completed three extensions to the Farmer San Andres pool of northern Crockett.

Five-eighths of a mile, northwest of the pool, MCM No. 1-B University, section 2, block 50, University land, gauged 70 barrels of 35 gravity oil daily through 10/64-inch choke and open hole from 2,124 to 2,500 feet, with 4,000 gallons of acid. Gas-oil ratio was 700-1.

Three-quarters of a mile east of the south side of the pool, its No. 1-A University, section 11, block 47, University land, was completed for 63.5 barrels of 35 gravity oil daily through one-eighth-inch choke and open hole from 2,230 to 2,353 feet, after acidizing with 2,000 gallons. Gas-oil ratio was 800-1.

Five-eighths of a mile east and slightly north of section 10, block

47, MCM No. 1-D University, gauged 65.3 barrels of 35 gravity oil daily through 10/64-inch choke and open hole from 2,124 to 2,500 feet, with 4,000 gallons of acid. Gas-oil ratio was 700-1.

The later two provide a possible link between the Farmer and Block 47 pools, the latter being one mile east of the No. 1-D University.

George Barnes No. 1 John W. Childress, section 82, block GH, GC&SF survey, nine miles east of the Vaughan pool, was abandoned at 1,503 feet, in barren San Andres topped at 1,421 feet, plus datum point of 1,086 feet.

Mexican Drowns —

(Continued From Page One)

come to his rescue, the man's struggle to reach the top of the tank and the horror that occupied his mind when realization came

that he was hopelessly trapped can only be imagined.

The body was recovered and brought to Ozona in a Cody Funeral Home ambulance. The Mexican consul at Del Rio was notified and the consul contacted relatives of the man in Mexico. Relatives requested that the body be buried in Ozona and burial services were held at the cemetery here late Wednesday afternoon.

Mr. and Mrs. W. T. Goodson had as their guest this week their son-in-law, Pvt. Calvin Hodge, stationed at Fort Bliss, in El Paso. Their daughter, Mrs. Hodge, is staying here with her parents until she can join her husband at Fort Bliss.

Mr. J. T. KEETON will be at The Charm Shop next Monday to present the complete line of Merle Norman Cosmetics.

CROCKETT COUNTY HOSPITAL NEWS

Patients admitted: Mrs. Ruth Anderson, Dennis Coates, Robby Hargraves, Mrs. Josefa Perez, Mrs. Alan Saunders, Ethel Warrior, Josephine Garza, Deloris Aguirre, Mrs. Harry Joslin.

Patients dismissed: Mrs. Alan Saunders, Josephine Garza, Mrs. Josepha Perez, Robby Hargrave, Dennis Coates, Mrs. Ruth Anderson, Mrs. Paul Gibbs, Raynold Bolf, A. E. Moore, Sandra Scott.

W. R. Massey, an employe of the Smith Drilling Co., operating in the Shannon ranch area, was seriously injured early Friday morning in an oil rig accident. The man was taken in a Cody ambulance to the Big Lake hospital where he received emergency care and then was taken to a San Angelo hospital for further treatment.

ment. Massey was struck by falling drill pipe.
