Here and There

By J. Troy Hickman

THE FIRST SIX MONTHS

President Eisenhower has been in office a little over six months. Many of us who voted for him last year have been gratified by the record he has made. He has not pleased everyone. Who does? The opposition party are supposed to look for flyspecks and build up the idea that whoever is in office is making mistakes. This has been done to Ike, but the flyspecks have been few and small.

First and most important, he has conducted himself as a man in a way to hold the respect of the people. He thinks before he speaks. He avoids personalities. What he has to say is usually on an issue and is expressed clearly but moderately. He has rebuked the "book-keepers" in one statement. In another he made it clear that he had no sympathy for the McCarthy-Matthews school of the wholesale condemnation of big groups of people as unpatriotic. In each instance the blow was decisive but not destructive. Ike does not "blow his top." He threads his way through the complex and trying corridors of national affairs like a man who knows where he is going but doesn't propose to step on anyone on his way.

One of his first official acts was to make perfectly clear that all cases of corruption would be exposed and punished, regardless of who was involved. This has already had a good effect on the atmosphere at Washington.

Someone pointed out a long time ago that practical statesmanship is the art of poing the possible. The basis is compromise. Compromise does not always mean the splitting of the difference between the two extremes. It may also mean that when there are two points of view about an issue, the real statesman takes whatever good there may be in each point of view and welds them together in a third position which is usually nearer to the truth than either of the original views. Such a man is generally tolerant and thinks in terms of what is the best possible course under the circumstances. He has ideals, but he does not consider them inflexible.

Let's take a quick look at some high points in the record. Ike has managed to keep the support of many Democratic congressmen behind his program. He has appointed a number of Democrats to positions of responsibility in his government.

His and Dulles' foreign policy has been effective. There is no longer a storm above the heads of the State Department. The offensive in the cold war seems to be passing from Russian to American hands. The confidence of our dependent allies in our ability to play the role of provider has been disciplined without being destroyed.

The Congress passed an appropriation bill which was about 12 billion dollars less than the Truman estimates called for. A lot of fat has been cut off the budget. Even the national defense came in for its share of trimming. Those who were afraid that Eisenhower might be a military-minded President should take note of the fact that he has given us the first reduced military budget in many years. And during his term of office a truce agreement has been reached in Korea. This has been done without apparently weakening our national defenses. A new note of confidence and firmness has crept into our relations with Moscow.

So far Ike has won every major issue with Congress except the proposal to authorize an increase of the national debt. He seems to have kept every campaign promise except the one to reduce the income tax. It is reasonable to believe, however, that this will be done as soon as it is possible.

The President has not allowed himself to become the tool of any certain group. Those who predicted during the election campaign

T. A. Kincaid Laid To Rest In Rites Wednesday

Pioneer Crockett Co. Rancher Died Early Tuesday Morning

Thomas Albert Kincaid, 84, who wrested a ranch empire from a pioneer-day West Texas, spent his life in mounting success in ranching and as a leader in improvement of the sheep and goat industry, was laid to rest in Cedar Hill Cemetery here Wednesday morning following funeral services from the Methodist Church conducted by the Rev. J. Troy Hickman, pastor.

Mr. Kincaid, who came to West Texas as a young man of 19 to work as a ranch hand on the cattle spreads of the time and later to amass land holdings of more than 100,000 acres, died at 3:30 Tuesday in his suite in the St. Angelus Hotel in San Angelo where he had made his home since Mrs. Kincaid's death in 1943.

Burial was in Cedar Hill Cemetery with Cody Funeral Home in charge of arrangements. Grandsons acted as pallbearers.

Born August 30, 1868, in Bastrop county, Mr. Kincaid decided in early youth to cast his lot with a growing West Texas, and with \$3 in his pocket landed in the Devil's River country. He worked for various pioneer ranch outfits, investing his meager savings in cattle. His first land holding was a two-section place in the Knickerbocker area near San Angelo.

When drought plagued the area, he sold what remained of cattle herd and with the backing of March Bros., pioneer San Angelo merchants and wool dealers, came to Crockett county in 1902 with his first herd of sheep. By the late 1920's he had acquired more than 72 sections of land in this county and had other extensive holdings in Upton and Uvalde counties, running some 30,000 sheep, plus some cattle. Soon after coming to West Texas, on June 27, 1888, Mr. Kincaid married the former Miss (Continued on Page Three)

Ozona Teenagers Need One Game To Cop League Title

Locals Play McCamey There Sat. Night; Tie Is Cinched

With at least a tie cinched and needing only one win out of two more games to clinch the league championship, the Ozona Teenage leaguers go to McCamey next Saturday night for what may be the championship decider.

The Ozona team, coached by Byron Stuart, had a narrow squeak here last Saturday night when they squeezed by the Big Lake team 2-1 behind the one-hit pitching of Wayne Hicks. The Ozonans were able to get to the Big Lake hurler for only two hits but counted two runs on these, with the help of a few critical errors by the visitors.

McCamey's Teenagers have a mathematical change to tie the Ozona team for the league title. The Ozonans have won 10 and lost 2 while McCamey has won 8 and lost 4. Big Lake, out of the running with last Saturday's loss, has won 7 lost 5. Both McCamey and Ozona have make-up games to play with Big Lake the game against each other in McCamey Saturday night. Should Ozona win Saturday night, the league championship will be decided. But if McCamey should win and then win over Big Lake while Ozona is losing to the Big Lakers, the season could be thrown into a tie. The season ends officially next Saturday night.

The league champion team will play in a regional meet in Brownwood starting August 17. The tournament will continue three days with 13 district champion teams participating.

T. A. KINCAID

Coach Wilkins Attends Coaching School at Houston

Coach Larry Wilkins of Ozona High School is in Houston this week attending the annual Texas coaching school for high school coaches. The school, with nearly 3,000 coaches attending, will continue through Friday.

Interpretations of rules, fundamentals of football and basketball will be stressed by lecturers at the school. The school will be climaxed by the annual Texas high school all-star football game between teams from the north and south.

Two Big Producers In Elkhorn Field Finaled By Conoco

Northwest Extension Flows 775, Another 1,031 Bbl. Daily

Continental Oil Co. has completed two prolific producers in the Elkhorn (Ellenburger) field of Crockett County.

One of these producers, Conoco's 2-27 University location north and west. This well, located in 27-46 University, was finaled for a daily flowing potential of 775 barrels of 40.5 gravity oil, with no water reported.

Gas volume was 274,300 cubic feet daily.

Production was through a 34-64-inch choke and perforations between 7,256-96 feet in the Ellenburger, topped at 7,103 feet an elevation of 2,652 feet. Tubing pressure was 275 pounds. Casing (5 1/2-inch) was cemented at 7,411 feet, the total depth.

This well also flowed oil from the crinoidal of the Pennsylvanian. On a 1 1/2-hour drillstem test between 7,000-65 feet, gas surfaced in 4 minutes, mud in 27 minutes, oil in 30 minutes. The project then flowed 31 barrels of oil in one hour.

Flowing pressure on this flow was 625 pounds; 15-minute shut-in pressure, 2,200 pounds.

This latter pay was cased off and is not being produced.

The second producer, Conoco 7-D University, 20-UV-GC&SF, an edge well on the northeast side of the field, was completed for a daily flowing potential of 1,031 barrels of 40.4 gravity oil, with no water reported.

Gas volume was 202,900 cubic feet daily. Production was through a 35-64-inch choke and perforations between 7,360-90 feet in the Ellenburger, topped by samples at 7,166 feet on elevation of 2,665 feet. Tubing pressure was 275 pounds. Casing (5 1/2-inch) was cemented at 7,424 feet, the total depth.

Shell Oil Co. 2-5 University, Crockett County wildcat in 27-5 University, 16 miles south of Rankin, recovered 6,000 feet of gas in the drillpipe, 150 feet of mud and 249 feet of heavily oil and gas-cut mud on a one-hour drillstem test between 11,256-346 feet.

The gravity of the oil was 39 degrees. There was very little free oil. There was no water. Flowing pressure was 100 pounds; 15-minute shut-in pressure, 2,800 pounds.

There was a steady blow of air throughout the test.

Faculty Nearly Complete As Six Teachers Added

Only Two Positions Still to Be Filled In System

Receipt of signed contracts from six more new teachers during the past week brought the Ozona faculty to near completion, Supt. L. B. T. Sikes announced.

Only two vacancies remain to be filled in the local system before all will be in readiness for the opening of the 1953-54 term, scheduled for Monday, August 31. Positions still not filled this week are those of first grade teacher and high school English and Spanish.

Four of the six new teachers in this week's list have Master's degrees. Douglas A. Green of Midland, M. S. degree and one year's experience, will teach in the South Elementary school. Mrs. Clovis Green, also holding an M. S. degree, will teach Spanish in the North Elementary school. Mrs. Green has had six years of experience.

R. K. Wimberly of San Marcos has been employed as manual training shop instructor. Mr. Wimberly has the Master of Science degree and has had six years of teaching experience.

John Hobaugh, well known throughout West Texas as a baseball player and manager, will teach in the South Elementary school. Mr. Hobaugh, of Alpine, has a Master's degree.

Two young lady teachers, both with Bachelor degrees in education and both with five years experience and both from Gainsville are in the list of new teachers. They are Miss Geneva Knox who will teach girls' physical education and Miss Lucille Farmer, who will teach public school music.

Refinishing and building repair work which has been under way the past two weeks is nearing completion, Mr. Sikes said. The repainting of the high school building has been finished and painting and installation of new lockers in the Junior High School building are in progress this week. Construction work is progressing satisfactorily on the new home-making cottage.

Levo Transferred to Angelo Office Under New Telephone Setup

Bob Levo, who has been manager of the local exchange of the San Angelo Telephone Co., will soon be transferred to the San Angelo office of the company where he is to become commercial representative of the San Angelo exchange.

Mr. Levo and family expect to leave somewhere around August 15 for the new position.

Although Mr. Levo is to be replaced by a maintenance and service man to be stationed in Ozona, there will be no local manager under a new setup to be made when the General Telephone Co., which has purchased the San Angelo Telephone Co. system, comes into possession of the property in the near future. The Ozona exchange and others in the San Angelo system are to be supervised by a district manager. Full details of the new management plan will be announced by the company at a later date.

"Mrs. Levo and I have thoroughly enjoyed our stay in Ozona and sincerely hate to leave our many friends here," Mr. Levo said in announcing the change. "All of our business and social contacts have been pleasant and we have really enjoyed our years in Ozona. We don't want to lose sight of our friends in Ozona and Crockett county and we hope any or all of them will visit us in San Angelo."

Mr. and Mrs. Levo moved to Ozona August 1, 1949, from San Angelo, where Mr. Levo had been with the telephone company for three years. They still own a home in San Angelo.

Little League All-Stars Nosed Out of Area Title

Ozona's Little League all-stars dropped the Area II Championship finale to the East League of San Angelo 11-6 Wednesday afternoon in the San Angelo area meet which began Monday.

The Ozonans earned a chance at the title by defeating the highly touted San Angelo South League all-stars 5-0 in their first game Tuesday afternoon. The locals had drawn a bye in the opening round games Monday afternoon.

Bobby Sutton, Coach Joe Davidson's ace hurler, allowed the South League stars only five hits, all well scattered. He had a no-hitter working until the fourth when the opposition hammered out three singles in a row. He allowed two more in the ninth.

Johnny Cooper started for the Ozonans in the championship game but yielded to Pat Jones in the fourth after Martinez, S. A. third sacker, clouted his second home run with the basis loaded. Martinez had a perfect afternoon at bat with four hits out of four times up.

David Sikes, Ozona third baseman, also had a perfect day at bat with two hits out of two times up. Johnny Cooper had two for three.

Miss Eunice Barge returned recently to her home in Emerson, Nebraska, after spending two weeks here as guest of Mr. and Mrs. Taylor Word. Also recent guests in the Word home were the couple's son, Lt. Max Word of Kansas City, and Mrs. Word's brother, Clyde Carson, and her mother, Mrs. R. P. Carson, who were on their way to their home in San Marcos after vacationing in Colorado and New Mexico.

Pool Acceptance Hinges On Final Bill Settlements

Co. Ready to Accept Job When Accounts Are All Paid

The swimming pools are complete, except for a few minor finishing details and bits of equipment which still have not arrived, but the scheduled week-end opening this week could not be definitely announced, although considered likely.

Local representatives of the contracting firm, the Texas Pool Corporation of Dallas, and members of the Commissioners Court were in conference Wednesday afternoon relative to turning the completed job over to the county for final acceptance.

But a matter of a few unpaid local accounts for materials and labor, which must be arranged through the Dallas office of the construction firm, barred immediate agreement on acceptance and prevented definite announcement at that time of opening time for the pools.

The account settlements, which must be made before the county can accept the work and release the contractors and bonding company, were believed in process of accomplishment through long distance telephone communication between the local construction foreman and his superiors in the Dallas office. Calls were being made last night and county officials felt confident that all accounts would be paid and the pools accepted, subject to delivery of certain equipment items now in transit, and completion of painting and other finishing work being done this week.

The two beautiful pools, as fine as will be found anywhere, are proving most tantalizing to the younger generation, what with the water and pool bottoms and sides thoroughly cleaned during the past week as the filtration system was put in full operation, but the youngsters still barred from using them. But the final details of settlement with the contractors were believed in process of solution to permit the pools to be thrown open to the public by the week's end, Judge Houston Smith and Commissioner Ralph Jones, who participated in the negotiations, declared.

Heavy Rains Spot Ozona Area; High Winds Do Damage

McMullan Ranch Building Damaged During Rain Squall

Torrential rains which fell in spots, measuring up to three and a half inches, with accompanying high velocity wind gusts which ripped off a barn and garage roof at the Frank McMullan (Davidson headquarters) ranch south of Ozona, struck the Ozona vicinity Monday night.

Damage was estimated in the neighborhood of \$5,000 from winds at the McMullan ranch. Mr. and Mrs. Early Baggett, who were passing along the highway near the McMullan place, took refuge from the high wind and possible hail by driving into the McMullan ranch multigarage. They arrived just in time to see the roof ripped off over their heads, but they escaped injury and their car was not damaged.

Rains measuring up to 3 1/2 inches fell on the McMullan ranch and the Chas. E. Davidson ranch and other falls of from very light to an inch or more was reported in the narrow belt favored by the rain squall.

Heavy rains also fell north and northwest of Ozona, with three and four inch falls reported in this area, again falling in a spotted fashion. Johnson draw which runs through Ozona was again

ZOOS ARE SECURE

This brief but significant little item appeared on the editorial page of the Coatsville, Pennsylvania, Record: "Four zoo-reared timber wolves, members of a normally proud and resourceful species, were reduced to raiding garbage cans when released on a wooded island in Lake Superior recently. The security of life in the zoo apparently had deadened their initiative and they could no longer depend on their hunting instincts to provide food. Which should teach a moral: 'People, too can be pampered and petted too much.'"

That is a telling commentary on the cradle to the grave security philosophy. What it always produces is the deadly security of the zoo or the jail.

Jimmy Read, son of Mr. and Mrs. Madden Read of Ozona, is recuperating in a San Angelo hospital where he underwent surgery last Saturday. He is expected to be able to return home by the end of this week.

Ozona Teacher Attends S. R. Summer School

Alpine, Texas — Johnny Clark, Ozona Junior High School Principal, completed six hours of Graduate work during the first six weeks session of the Sul Ross State College summer term in Alpine. Courses completed included Guidance and Counseling and Techniques of Research.

Mr. Clark is a graduate of Magnolia High School and has attended Harding College.

W. C. Armstrong, 80, Dies in Sleep At Albert Bailey Ranch

W. C. (Uncle Will) Armstrong, 80, retired, died in his sleep Wednesday night at the Albert Bailey Ranch near Ozona where he had been visiting.

Funeral services conducted at 5:30 p. m. Friday at the Cox Funeral Chapel in San Angelo, with the Rev. Ennis B. Hill, pastor of the First Methodist Church officiating.

He was the last of the immediate family of the late Mr. and Mrs. William Armstrong who moved to San Angelo in 1880 from Burleson County. His father died in 1909, and his mother, Mrs. Sarah Armstrong, died two years ago on her 105th birthday anniversary.

Mr. Armstrong was born April 12, 1873, in Burleson County.

Closest survivors are five nephews, Frank A. Perry of Fort Stockton, R. E. (Bob) Perry of Golden, Colo., W. A. (Will) Perry of San Angelo, Lee M. Perry of San Antonio and R. W. (Bob) Armstrong of Laramie, Wyo.

Pallbearers were B. B. Noelke, Frank A. Perry, Jr., Jack Filliman, Albert Bailey, Burrell Box and Bob Armstrong.

Rain-

(Continued from Page One)

on a rise early Tuesday morning from the rains to the north and other draws in the vicinity were running.

Ozona recorded three quarters of an inch of moisture in the early evening disturbance. The cloud, which approached from the east, kicked up a terrific dust storm ahead of the rain, so thick that motorists traveling east of Ozona reported they could not even see hood ornaments on their cars for a few minutes. The dust which descended on Ozona was soon settled out of the air by the quickly following rainfall.

Spots favored by this and other recent showers are showing some greening of pastures but most of Crockett county remains bone dry as the drought continues its death grip.

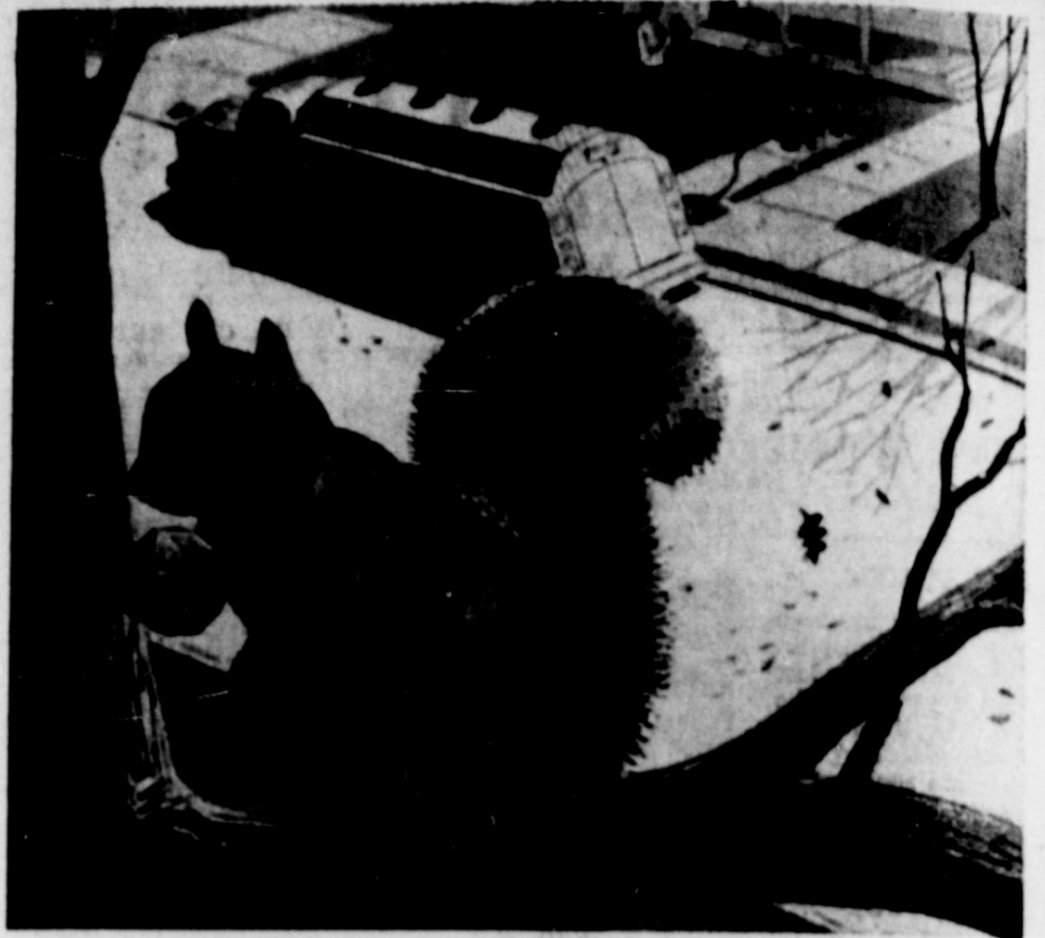

Cisneros Completes Summer School Courses

Alpine, Texas — Pedro Cisneros, completed six hours of Sophomore work during the first six weeks session of the Sul Ross State College summer term in Alpine. Courses completed included Principles of Secondary Education; Psychology of Adolescence, Dominant Types in English and American Literature, Band (Audit) and Choir (Audit).

Mr. Cisneros is the son of Mr. and Mrs. Reyes Cisneros of Ozona, Texas.

MOVING TO SAN ANGELO

Mrs. Ada Clendenen, who has resided in Ozona for the past 13 years, will leave this week for her new home in San Angelo. Mrs. Clendenen has operated an antique shop in Ozona and will move her stock and open a similar business in San Angelo at her home, 1102 Pullian Street. She will also devote her time to writing. Her second novel, a sequel to the first "Ida Wears the Britches," is soon to be released by a San Angelo publishing firm.

Time you thought about winter, too!

Winter never catches a squirrel with an empty nest—because the squirrel plans ahead! So, if you want perfect heating comfort this winter, you should plan ahead, too. Call us today.

There'll be more people than ever heating their homes with fuel oil this winter—and we are busy right now preparing to fill your winter needs.

As local businessmen we pride ourselves on knowing what these needs will be. That is how we can best play our part in the progressive oil industry that brings better living to this community. Call us—let us prepare your home for perfect winter comfort.

OZONA — TEXAS

LET'S TALK LIVESTOCK
BY TED GOULDY

Fort Worth — The headline of the week pertaining to farming appeared in the Groesbeck Journal, our notion. It certainly covers the situation in many sections of the Cotton Belt. It read: "Every-thing But Atomic Bomb Being Used to Save Cotton".

The collapse of hog prices all over the country in past few weeks has been a graphic example of the manner in which the consumer controls the price of meats. Pork supplies are currently 15 percent below a year ago. On the basis of short supplies, rocketed into sharply higher levels met consumer resistance, and dropped by 10 percent in the month of July. Earlier predictions that hogs would hit \$30 before Summer was over seem to have gone by the board for good. Folks just won't pay that kind of pork prices.

The American Meat Institute says the wholesale meat prices in August are now 16 percent below the August 1, 1952 level.

At Fort Worth Monday hog prices tumbled again, by 75 cents per hundred. Heavier and lighter weights were \$1 to \$2 off. Sows shared the bigger drop. Light hogs drew \$23.00-23.25; light and heavier weights sold for \$20.00-22.00. Sows drew \$17.00-20.

Cows and bulls were strong to 50 cents higher at Fort Worth Monday. Steers and yearlings were weak and weak. Killing calves were ready to weak. Stockers and feeders ruled 50 cents or more lower. Good fed steers and yearlings \$18.00-22.50. Plain and medium grassers \$10.00-17.00. Fat calves \$9.50-12.50; canners and cutters \$6.00-9.00. Bulls \$8.00-13.00. Good and choice fat calves \$16.00-20.00; common and medium \$12.00-15.00; culls \$8.00-11.00. Stocker calves \$13.00-19.00; steer

yearlings \$18.50 down. Stocker cows \$10.00-16.00.

Slaughter sheep and lambs were steady at Fort Worth Monday. Stockers and feeders were dull, weak to lower. Good and choice fat lambs \$20.00-22.00 and common and medium offerings drew \$12.00-19.00, culls from \$8.00-12.00. Feeder lambs drew \$13.00-15.00.

Slaughter ewes sold from \$4.00-6.00; some solid mouthed stocker ewes \$7.00-10.00. Old wethers drew \$6.00-10.00. Slaughter yearlings \$12.00-17.00. Two-year-olds \$10.00-12.00.

T. A. Kincaid-

(Continued from Page One)

Ada Drennan, daughter of the late John Drennan, pioneer rancher and deputy sheriff of San Angelo. Mrs. Kincaid was the first white girl born in San Angelo.

First a cattleman, Mr. Kincaid, like most successful ranchmen of the times, early recognized the money-making potential of the sheep business and became one of the strongest boosters and leaders of the wool and mohair industry. He served longer than any other man as president of the Texas Sheep and Goat Raisers Association. He was elected to head the struggling association in 1925 and applied the same drive which had carried him to success in his own private business to the association affairs, with the result that the association became a powerful force for improvement of the industry.

After serving 11 years as head of the Association, Mr. Kincaid retired from office but never lost his intense interest in improving the ranching industry. The Association which he served so long, and for the most part at his own expense, honored him a few years ago by placing his portrait in the Animal Industry building at A & M College.

Mr. Kincaid remained active as a rancher until 1938, when he sold the last of his livestock and leased acreage which he had retained after dividing his vast land holdings among his children in 1934. But even after retiring, he continued in the service of the industry, as a member of the state agricultural conservation

commission from 1937-39.

Survivors include nine sons and daughters, Mrs. R. P. Lynn of San Angelo, J. Bert Kincaid of Rankin, and T. A. Kincaid, Jr., E. D. (Bud) Kincaid, Mrs. Lee Childress, Mrs. V. I. Pierre, Mrs. S. M. Harvick, Mrs. Marbury Morrison and Mrs. W. E. Friend, Jr., all of Ozona; two sisters, Mrs. Don Keeble of Corpus Christi and Mrs. Dee Barker of San Antonio; 20 grandchildren and 28 great grandchildren.

Miss Marion Mock To Wed Aaron Bledsoe In Church Rites Sept. 6

Mr. and Mrs. H. R. Mock of Ozona announce the engagement and approaching marriage of their daughter, Marion Jean, to Aaron D. Bledsoe, Jr., son of Mr. and Mrs. Aron D. Bledsoe, Sr., former Ozonans, now making their home in Rankin.

Vows will be exchanged Sunday, September 6, in the First Baptist Church of Ozona.

The bride-to-be was graduated from Ozona High School in May of this year. She was drum major of the school band for two years, edited the school newspaper, The Lions Roar, for two years, was elected band sweetheart in her senior year and won the citizenship award of the Ozona Woman's Forum. She has been employed this summer in the Ozona National Bank.

Mr. Bledsoe, a combat veteran of World War II and the Korean war, is assistant manager at the South Texas Lumber Co. here.

County Judge Houston Smith returned Tuesday night from a three-week vacation spent in New Mexico, Arizona and California.

What Car Belongs Here?

Not many people would hesitate in naming the car they feel belongs in that inviting driveway.

It's the entrance to a fine American home, with a tradition of gracious living behind its handsome pillars—and the car which so obviously belongs before it is a Cadillac.

But here is a fact which it is important to remember—a Cadillac likewise belongs in the driveways of millions of other American homes which are far more modest than the beautiful structure shown in the illustration above. For it is practical, as well as thrilling, to own a Cadillac.

Listen, if you doubt it, to these amazing and significant facts:

—there are twenty-two models of other makes of American motor cars which actually cost more than the lowest-priced Cadillac!

—a Cadillac will actually run farther on a gallon

of gasoline than numerous cars which are built and sold primarily for economy!

—a Cadillac is so dependable and long-lived that it is just about as economical to service and maintain as any car you could buy.

—and, finally—according to authentic used car evaluations—a Cadillac may be expected to return a greater percentage of its cost at the time of resale than any other car built in America.

In view of these significant facts, don't you think you should consider a Cadillac for your driveway? Whether you live in a mansion or a house designed for easy living—a Cadillac belongs.

You can buy a Cadillac for prestige and glamour—or you can buy it for economy and common sense. And whichever you buy it for, you'll get all four.

Better come in and see us today. We'll gladly give you the facts and a demonstration.

OZONA, TEXAS

The Summer Stooge

By Kenneth Phillips

Hi stupid readers .. don't give me any back talk cause I am in a hairy mood anyway! You see, I just had a nightmare about La Von Henderson. I dreamed that he had become, by some crazy twist of fate, a member of my family. Now that wasn't too bad, but he looked, and talked like our parrot! I apologize for calling our lovely people stupid. You can realize how bad you would feel though if you had a peaceful nights sleep disturbed by a face like La Vons! But I guess that everybody "can't be handsome.

Last week I told you that Boney had a tape-worm. Well the question is .. does Boney have a tape-worm or does a tape-worm have Boney?? A few of us went to San Angelo (Gibbs, Larry, Pogue, Boney and I) "The Worm" ate his supper about 7:30 o'clock in the evening — Then after the show Boney decided that he had gotten a little hungry! Every other word was — GRUB! I swanny, that boy nearly ate my arm on the way home. I have never seen such a hungry person! But I guess that it'll turn out for the best in the long run. You see, Stiney wants to gain weight, so if he keeps feeding "The Worm" one of them is bound to get heavier.

Pogue went with us up there. About fifteen minutes after we hit town some of his old bootlegging buddies came around. But being the kind of boy he is he resisted their begging, and stopped at half a case! (rootbeer of course) His old friends soon wised up, and made their getaway. They had to learn the hard way too! But Pogue was rather a party-pooper on the way home. The only thing he would talk to was Boney's tape-worm. Something about the Korean Situation.

There was a little excitement a few days ago. Vivian, Sandra, Shirley, Greenie, Bagg, Minnie Pearl, Kent, Tom K, Jody, Big Louie, Beasley and I went over and wet ourselves in the new pool. This all happened Sunday night. But somebody squealed and Mr. Wallace (Ye old night watcher) revved up his rod, and came over to check on it. But every body had already slipped into a dry towel by then, and things turned out for the best.

There is a story going around that the pool is going to open next Sunday! But don't believe everything you read .. even though it is in the paper. I hope you aren't still reading along to see if its gonna get any better. Cause I just can't get over that dream. Girls, if you see a shaggy thing with glasses coming down the street at you, its idiot Lewis! He is gonna see how much longer he can get the hair on his darling face, than than over his ears. Enough about the bad things in life —

Has anybody seen Dow or Schneemann lately? I am beginning to get worried. Wheatie has his classification card, you know.

I'm not too concerned about Wheat's Army career. If he soldiers half as well as he plays basketball he'll get his "section eight" in no time.

And Dow, he was in town about six hours, then he went back to the ranch. I guess "The Pecos Hermit" rides only after dark!

If you're straining your weak little eyes to find out who has had dates .. look no further. Cause they aren't in here. It's too much trouble keeping up with people like Jerb! This guy slays me, a different girl every night. Ah, yes, Ozonie's own "Little Mexican Jerb." But I suspect Crockdall has had something to do with it. It has come to my ears that Crock is a retired bookie! But the big boys (McMullan Inc.) caught him taking home more than his share. He was forced to close shop or be rubbed out.

If you happen to hear a low roar in the middle of the night, don't panic .. it's only Jody's old car. He and Jamie got together, and a sale was made. Knox lowered it a few feet and put some lights on it. From the front it looks like .. well, have you ever seen a green bug with fenders?

Wait a minute, I have just received a bulletin from the F. B. I. Buddy Gibbs, alias "Hot Lips" is wanted by the Mexican government for smuggling hot bubble-gum over the border! If seen, please notify me. It's my bubble-gum he's smuggling!

If some of you people think that I don't have a serious thought in my head, you're all wrong. Why just the other day I was talking to Ronnie about girls! And we came to a decision .. they make the best mothers. I think I should warn all the boys. Greenie is out to get her a man. She is a chang-

ed woman. Now she has a real low voice, and has learned to raise an eyebrow! So watch out .. she's here to "separate the men from the boys."

While it's on my mind, I would like to give all my best wishes to Aaron and Marion. Congratulations to a couple of swell people. I know you'll be awfully happy together.

Now, the rest of you girls. Don't cry, there's still a chance for you. After all, Jimmie will be home from horse-doctor heaven in just six years. I can see it all now. After graduation, one night he is sitting home, sucking on a coke when the phone rings. "Hello, Mack, I think Nellie's dying. You ad better come over." So he hops in his Plymouth and plays alligator. After arriving, he takes one look at the patient and says .. "I'll need plenty of hot water, towels and chewing tobacco!" Yep old Jimmie is destined to become famous. Then one day I can tell my kids I knew Jimmie McMullan way back when. (I wonder if they'll speak to me?)

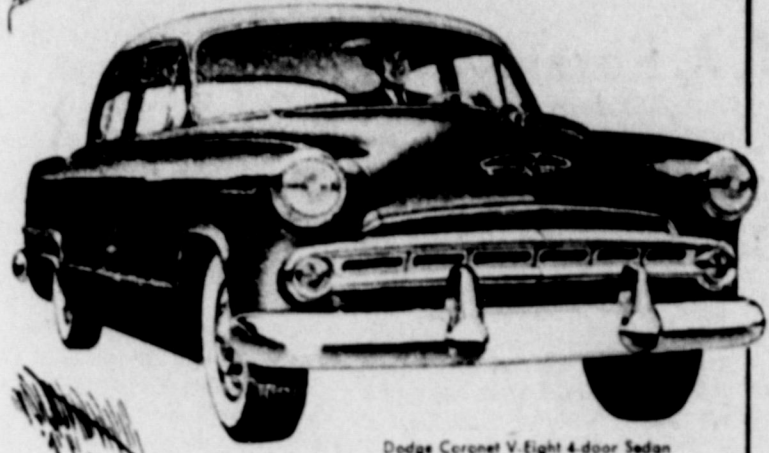

I should say something about Ronnie this week, but he told me if I would lay off that he would split his school socks with me.

Would you characters like some more of the song dedications? Well, here they are, anyway. Shirley to Reed, J: "One More Chance. Sandra to Gibbs, I Get Ideas. Boney to Rosie, Love Me or Leave Me Alone! Vivian to Jody, Hey, Big Boy! I guess that I had better stop there. I figure I have got myself in enough trouble for this week. So till the time comes for me to bore you again. I'm going home!

CORRECTION

In a mention of Ozona's new motel, the Flying W Lodge, now under construction at the east edge of town, the Stockman last week mixed ownership of the new business. The motel is being built by the Williams Brothers, Jack, Joe and Byron. The Stockman erroneously included brother-in-law Joe Clayton among the owners.

BEST SALESMAN

Retailer "can't get along" without newspaper advertising "and they'd better not try". Those words didn't emanate from an advertising solicitor, but from a retailer, J. C. Penney, chairman of the board of the company that bears his name, and a man who knows

how to sell merchandise. "We can't do business without newspaper advertising," said Mr. Penney. "The newspapers are our

market place where we come to cry our wares." In thousands of communities the local newspapers reach millions

of readers regularly with a visual record of news and advertising that is not matched by any other means of communication.

PLAN NOW TO BE Ready For School

You, too, can enjoy Cool Cooking with an Electric Range

There's a Modern Electric Range to fit your needs! SEE YOUR DEALER TODAY

You, too, can make your kitchen a cooler, happier place to work... when you switch to Electric Cooking. The new high-speed units, which heat almost instantly, let you select the exact temperature you want and send that heat directly into the utensil, not into the room. And the oven—insulated on all sides—can be used for hours without raising the kitchen temperature as much as 1 degree. Yes, for cool, comfortable cooking, women everywhere are switching to Electric Cooking.

West Texas Utilities Company

Did you know that with an electric range you can enjoy all the advantages of an electric hot water heater on a low off-peak rate of 1c per kilowatt?

PRICE the "low-priced" cars, add a few dollars more, and there you are.

Because that's all the money it takes to buy this great new 1953 Buick SPECIAL.

That's all it takes to boss its high-compression Fireball 8 Engine—now stepped up to the highest horsepower in Buick SPECIAL history.

That's all it takes to enjoy its still finer Million Dollar Ride—its full six-passenger roominess—its light-as-a-flyrod handling ease.

But if you're surprised at this news, we can't blame you a bit.

Most people are—when they learn that you can get Buick styling, Buick structure, Buick room and power and comfort and steadiness, all for just a few dollars more than the cost of the so-called "low-priced three."

Add another happy surprise.

In this Buick you get a long list of "extras"

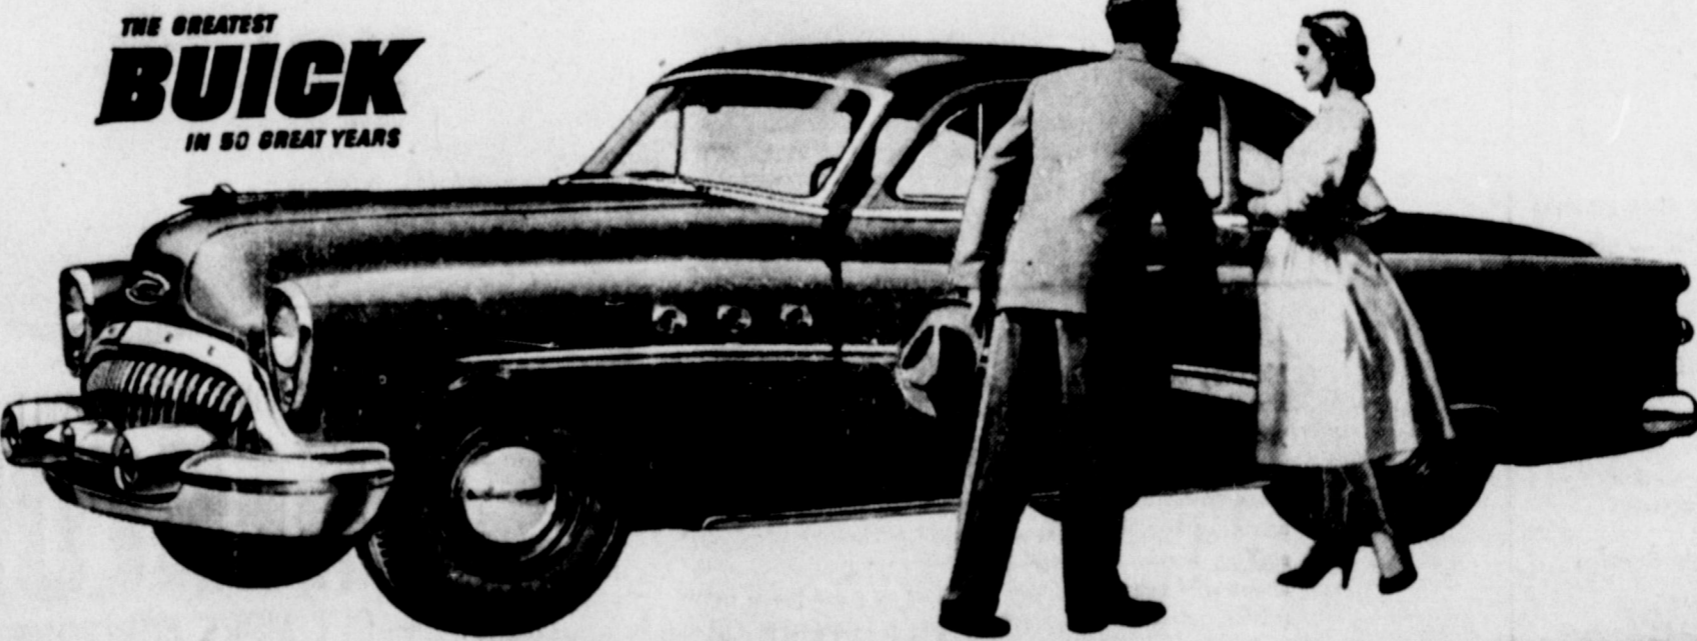

Move right in for less than you think

at no extra cost—things like direction signals, dual map lights, twin sunshades, lighter, trip-mileage indicator, automatic glove-box light, oil-bath air cleaner, full-flow oil filter, bumper guards front and rear—things most other cars of similar price charge as extras.

So there you are—definitely able to move right into this big, broad, robust-powered Buick for a price you'd expect to pay for a lesser car.

Why not drop in on us to see and drive this honey of a buy? The rest we'll leave up to you.

Come in and ask us about the low delivered price on this new 1953 Buick SPECIAL 2-Door 6-Passenger Sedan

BREWER MOTORS

Broadway - Ozona, Texas

Here and There By J. Troy Hickman

(Continued From Page One)

that a Republican victory would establish Wall Street brokers as the real rulers of the nation must admit that Wall Street has had pretty rocky going thus far. Ike is neither a left-winger nor a right-winger. He is not a partisan.

His record on public welfare issues does not bear out the fears of his opponents in the campaign of last year. At his suggestion the Congress will likely extend social security benefits to thousands of persons who are not now covered. When the drought-relief plea was made, results came through in record time. It would be hard to find in the history of our government an instance where a federal emergency relief program was formulated so swiftly.

It has been said by some that Eisenhower is not as aggressive as he should be, that his leadership lacks firmness. This is a strange comment on a man whose reputation as a leader was made by leading armies successfully on difficult campaigns. It reminds me of what happened at the Texas Relays last Spring in Austin.

I was among the crowd in the grandstand watching these great track and field events. Some of the top athletes in the nation were there, including a number of Olympic stars and the holders of some world records.

When the contestants lined up for the mile run, most of us were watching Wes Santee, a new collegiate sensation. He ran the first and second laps very easily, almost casually. He is not like any other distance runner I ever saw. His stride appears to be short, and he lifts his knees high as he runs. The third lap was still easy, apparently slow. On the last lap he did not seem to labor. His body was a fluid, graceful, well-coordinated machine.

I thought, "Well, Wes is not up to standard today. This is going to be a slow time. Guess he just doesn't want to run today." But when the time was announced, it lacked only a little of being a national record.

I had seen a great race and hadn't known it. I had been watching the man who may yet prove to be the world's greatest mile runner. I was expecting something dramatic. Santee didn't agonize, or wall his eyes, or throw his head back on the last lap. When he crossed the line he didn't heave and pant, or fall down. These are the things we expect of a great distance runner.

Ike is a master performer in the field of leadership. He is not deliberately dramatic, he does not appear to be extending himself to the limit. But the record shows that he is getting things done. He is getting a lot of right things done. He is preserving the dignity and fairness that we have a right to expect of our chief executive. And he has a lot more on the ball than we have seen. Like any other great performer, he is saving his burst of speed and power for the last lap.

Unlike his two predecessors, Eisenhower does not believe that the problems of this nation can be solved by the application of collectivist programs which have been so often discredited in Europe. His program is made up of elements indigenous to the Amer-

ican system of government and congenial to our principles of life. It is more important for the President of The United States to be a good man than to be an astute politician or a skilled leader. For the ultimate bases of life, including the national political life, are moral and religious values. Both before and since his election, Ike has taken open and convincing stands squarely upon moral and spiritual issues. He does not believe that the ends justify any means necessary to achieve them, but has repeatedly said and demonstrated in action that a nation and its president must be right and do right before they can expect any lasting good to come to them.

To me, Eisenhower has abundantly justified the hopes that many of us had when we voted for him.

Business Meeting Held By Baptist W. M. S.

Woman's Missionary Society of the First Baptist Church met at the church Wednesday morning for the monthly business session of the society. Mrs. Ben Williams, president, presided, and Mrs. H. A. Gustavus gave the stewardship devotional.

Reports were made by the chairmen of all committees. The president appointed a nominating committee who will present a slate of nominees for Society offices to be elected at an early date. Members named to the nominating committee were Mrs. H. R. Mock, Mrs. S. L. Butler and Mrs. Bill Holden.

Mrs. G. G. Allen and Mrs. Ivy Smith, Jr., served refreshments to the following members present: Mrs. O. C. Webb, Mrs. S. L. Butler, Mrs. Ben Williams, Mrs. H. R. Mock, Mrs. H. A. Gustavus, Mrs.

Halbert and Mrs. Bill Holden. Next week is Royal Service Week and an interesting program has been arranged for the meeting

of the Society on Wednesday, Aug. 12. All members are urged to attend and bring along a friend. The meeting will be in the fellow-

ship hall of the church beginning at 9 a.m.

Churchwide visitation meetings are held each Tuesday evening at

7 p.m. GLAMORENE, the Rag-Clearing Miracle, on sale at Raffle
