AGE FOUR

Fort Worth-Parity prices of livestock as announced Monday by the Bureau of Agricultural Economics reveal hogs selling at 117 per cent of parity, the only species in that fortunate position.

Average hog price on August 15 was \$23.60, effective parity \$20.20. Average cattle prices, \$16 .-30, effective parity \$21.00, or 78 percent of parity. Average calf prices \$16.70, effective parity price \$23.30, 72 percent of parity. Average lamb price \$20.10, effective parity \$22.80, or 88 percent of parity. Average wool price 53 cents, effective parity price 58.4cents, or 91 percent of parity.

Last week the daily papers and news services of the state carried a report from Houston's sixth annual marketing school. At this meeting, a spokesman for a leading cattlemen's association said price supports would be ineffect. ive "because cattle are now selling at 90.1 percent of parity.

This sort of off-the-cuff use figures has hurt the stockman's chances many times in the past tainly gave the foes of the cattle circuit, too. producers some ammunition with his mis-statement of the facts.

Who will get Johnny to school the first day?

All hands will be on deck to speed Johnny off to his exciting new world. And no hands will be busier than Mother's. That is unless you count Reddy Kilowatt's helping hands, which help Mother at every turn.

Reddy helps wash Johnny's socks, iron his shirt, cook his breakfast, and even heats the water to scrub behind his ears. And later Reddy will help him get his lessons by making study easy on his eyes.

As a matter of fact, the older Johnny grows the more ways Reddy can help him ... and Reddy's help is just about the biggest bargain in the family budget today.

Johnnie has no Choice!
