THE BIG BEND INTERNATIONAL PARK

More than 9,000 visitors at the Big Bend Park headquarters in 1962, Dr. Bryan Wildenthal, chairman of Big Bend International Peace Park Commission, told a group of newsmen and officials from the U. S. and Mexico at a meeting last week in the Ranger station near Boquillas. The meeting was held for the purpose of planning for a formal dedication of the park in 1964, when high officials of both governments are expected to be present.

Wildenthal, who is also the president of Sul Ross College in Alpine, is just back from a trip to Chihuahua, Mexico, where he conferred with Governor Ramon Casasola and other Mexican officials, who told him that a prominent ranchman has offered to give 15,000 acres of choice scenic mountain and forest land to the Mexican side of the park.

Attendance figures compiled by Don Garrison, Big Bend Park superintendent, show that in spite of the park's remote location more than 100 miles off Highway 90, a summer climate uncomfortably hot in the lower altitudes, and the limitations of such conveniences as paved roads and tourist accommodations, the spectacular scenery in this youngest of the national parks is drawing each year a substantially larger number of visitors.

Numerous improvements are being made, however, in the more than 1/2 million acres in the present park boundary, including a paved road from Marathon on Highway 90 to the Basin and part of the way to Boquillas Canyon. This road will be extended to all prominent points in the park and through the ghost mining town of Terlingua to Alpine, providing a paved loop which may be easily traversed in a day.

The government of Mexico has so far delayed the designation and improvement of its proposed area south of the Rio Grande. Jesus Ramon, congressman from Coahuila, told the group at the Boquillas meeting that steps had been taken by Mexico President and Secretary of Public Works to designate and open roads to an area in the del Carmen and Fronteriza mountain ranges as the first step in implementing Mexico's part in the International Park.

"As we in Mexico see it," said congressman Ramon, "the important thing about the park is that it will be a symbol of the spiritual unity and friendly solidarity of our two countries."

The Big Bend has been called the foremost geological exhibit. According to geologists of the U. S. Department of the Interior, its story, vividly revealed in eroded rock and colorful escarpments, began millions of years ago when the area was submerged by a sea. Sediments of sand, mud and lime deposited on the floor hardened into rock. Various kinds of aquatic life abounded in these waters and are preserved today in rock formations as fossils. Igneous action deep within the earth's hot interior uplifted the surface and caused the sea to recede.

Giant trees, whose petrified remains are found at such spots as Tornillo Flats, grew profusely in a swampy land. Dinosaurs stalked through lush shoreline vegetation. Deposits of molten rock and mountain ranges formed along the lines of greatest pressure. Artifacts unearthed in the region indicate that it was inhabited by a race of men older than the Indian tribes present when the first Spaniards arrived, the Basket Makers, whose traces are evident in caves and canyon campsites of the Pecos and Rio Grande valleys. They are believed to have been driven out by drought or the invasion of plains Indians seeking a sanctuary from white men who were pressing on their ancestral lands to the north.

Two Deep Tests To Be Drilled In Crockett Co.

Moore Bros. Stake Shannon Test; Todd Prospector Set

Applications have been filed to drill two deep wildcat tests in Crockett County.

Moore & Moore of Midland will drill their 1-R Shannon-Amerada, an 8,000-foot rotary test, 24 miles northwest of Ozona.

Drilling, on the 80-acre tract, will begin immediately.

Location is 660 feet from the south and 1,980 feet from the east lines of 23-YZ-EL&RR.

The prospector is 2 1/2 miles east of the Hoover field, but separated by a dry hole 1 1/2 miles to the west. The dry hole, Moore 1 Shannon, was abandoned June 23, 1943, at 8,101 feet. The Strawn was topped at 6,750 feet and the Ellenburger at 7,760 feet on elevation of 2,571 feet.

Southland Royalty Co. et al of Midland will drill their 1-14 J. S. Todd, a 6,600-foot rotary test, 22 miles northwest of Ozona.

Drilling, on the 320-acre tract, will begin immediately.

Location is 670.4 feet from the north and 2,050 feet from the west lines of 14-WX-GC&SF.

The prospector is 3/4-mile southwest of production in the Todd (Crinoidal) field, which produces from pay at an average depth of 5,994 feet. It is also 3/4-mile due south of production in the two-well Todd (San Andres) field, which produces from pay at an average depth of 1,833 feet.

Humble Oil & Refining Co. has filed application to deepen its 1-V University, Crockett County Ellenburger wildcat, located 15 miles west of Ozona.

The project, now drilling below 8,769 feet in lime and shale, will drill to 9,500 feet.

Location, on a 320-acre tract, is 1,980 feet from the south and west lines of 10-31-University lands.

Band Boosters To Have Sweet Sale Nov. 10

Ozona Band Boosters, composed of parents of band members and others interested in promoting success of the school band, will stage a sweet sale at the Ratliff Hardware & Furniture store on Tues., Nov. 10, for the purpose of raising money for booster projects for the year.

A pick-up and delivery service will be operated by members in the sweet sale. Persons who will prepare pies, cakes, candies or other sweets for the sale may call Mrs. Charlie Black, president, or Mrs. Ralph Jones, sale chairman. Orders may be placed with these two also for sweets you may wish to reserve on sale day.

The Band Boosters furnish chaperons for all out-of-town trips by the band, provide the band covers and treat band members to a social in the spring. Membership fee in the Band Boosters is \$1 per year and anyone interested in a better band is eligible for membership.

Miss Sue Flanagan Speaks At Rotary Meet

Miss Sue Flanagan, recently returned from Ireland where she spent one year in Dublin University studying on a Rotary Foundation scholarship, spoke to the Ozona Rotary Club, Rotary wives and their guests Tuesday evening at the Community Center.

Miss Flanagan gave a very interesting analysis of the present and past Irish economic, religious and political situation. Of particular interest was her diagnosis of economic troubles since the Roman and Norman invasions, pointing out that the lack of any natural resources has always been the main Irish problem. The speaker pointed out that while we, here in Texas, try to conserve our water supply with dams, terraces, etc., the problem there is to get rid of the excess rainfall.

The meeting was concluded with a question and answer program.

Mumps Down Hale! Coaches Scramble To Plug Grid Team Hole

A loud moan went up from Ozona High School yesterday, a sort of harmony of anguished tones coming simultaneously from Coaches Larry Wilkins and Swede Pelto.

The doctor had diagnosed Charles (Tadpole) Hale's swollen jaws as mumps! Hale, you know, is a factor in Ozona High School's football plans—as scabback ball carrier and defensive safety.

And just when the district schedule was to start at Menard Friday night!

But after the first shock, the break which snapped off an important cog in a smooth working grid machine that was hitting its stride, the coaches settled down to repair the damage the best they could.

And after sober contemplation, they came up with a new combination which will see Arturo Gonzales in service as tailback, possibly "Silent" West in a halfback slot and Sammy Martinez playing at safety. Tadpole will be missed sorely, they conceded, but "all is not lost," they say.

Fire Department Offers Gun Case In Money Raising Plan

To raise a fund for use of the department in social affairs, in providing extra needed equipment and for the many other uses which are suggested from time to time, the Ozona Volunteer Fire Department will begin the sale of tickets in the next few days on an award of a handsome gun case.

The gun case, a piece of furniture that would be a credit to any home and one that would gladden the heart of any hunter or gun fancier, is being made by Hartley Johnson, a member of the department, who is donating his services. Material for the case is being furnished this year by South Texas Lumber Co. Since the department plans to carry the project on each year as its only money-raising event of the year, the Foxworth-Galbraith Lumber Co. has volunteered to furnish the materials next year.

Tickets will be on sale at \$1 each.

Miss Dorothy White Concert Tonight In H. S. Auditorium Here

Miss Dorothy White, nationally known concert artist and originator of the program, "Fun With Music," will be presented in a varied and entertaining program tonight (Thursday) in the High School Auditorium under auspices of the Ozona Music Club.

The audience participation program will illustrate music as the "Universal Language" with illustrations from Spain, Japan, Hungary, Scotland and France as its opening number.

Music Paints a Story will be illustrated with Sonata Pathetique by Beethoven. Other program numbers include The Schubert Story by Ohlson; The Harmonious Blacksmith by Handel; The Father of Music, Toccata in D Minor, Bach-Silber; Trip to the South and South West, including Mississippi's "Juba Dance," Texas' "Pecos Bill" and Oklahoma's "Indian Game Song." The program closes with "Oh, Suzannah" variations, as music box tone, march, tango and boogie woogie.

Deep Wildcat Set By Moore Bros. On Crockett Acreage

John I. and P. D. Moore of Midland have filed application to drill their 1-A Harris, Crockett County 8,750-foot wildcat, seven miles northeast of Iraan.

Operations on the test were to have begun October 11.

Elevation is 2,721 feet. Location, on a 40-acre tract, is 610 feet from the south and 660 feet from the west lines of 6-III-GC&SF.

The prospector is 50 feet south of the same operators' No. 1 Harris, junked at 3,018 feet.

Vaughan Field Extender Rates 107 Bbls. Daily

Tubb-Gann To Drill Midway Lane 1300 Step-Out

The Vaughan field of Crockett County has been extended 1/4-mile west with completion of Arnold & Barbee 2 J. M. Shannon estate et al. 44-UV-GC&SF, for a daily pumping potential of 107.15 barrels of 25.5 gravity oil plus 26 per cent water.

Production was from open hole between 1,407 feet, where 7-inch casing was cemented, and 1,440 feet, the total depth.

Top of pay was picked at 1,438 feet on elevation of 2,614 feet.

1/4-mile east stepout to production in the Midway Lane 1300 field of Crockett County, Tubb-Gann Drilling Co. 6 Chamberscol, will drill with cable tools to 1,600 feet.

Location is 1,810 feet from south and east lines of northwest quarter of the southeast quarter of league 4, Chambers col. 17 miles southwest of Ozona.

Drilling, on a 276.7-acre lease, will start at once.

An application to change location and block number has been filed for Continental Oil Co. 35-A Shannon, Elkhorn (Ellenburger) field stepout.

This project is located 660 feet from north and 690 feet from east lines of 21-UV-GC&SF.

It will drill with rotary to 7,600 feet.

San Andres Discovery Complete In Crockett

John I. and P. D. Moore 1-M Shannon Estate, Crockett County San Andres discovery, located 22 miles south of Big Lake, has been completed for a daily flowing potential of 38.65 barrels of 30.1 gravity oil, no water, with an estimated gas-oil ratio of 1,000-1.

Production was through a 1/2-inch choke from open hole between 1,649 feet, where 5 1/2-inch casing was set, and 1,842 feet, the total depth. Top of pay was picked at 1,828 feet on elevation of 2,416 feet. Pay section was acidized with 500 gallons.

Tubing pressure was 0-50 pounds, with packer on casing.

Location is 330 feet from the south and 1,650 feet from the west lines of 10-10-GC&SF.

Nov 1 Deadline For Applications For School Transportation Rebate

Parents of school children eligible for transportation were advised this week by Supt. L. B. T. Sikes that November 1 is the deadline for presenting applications for transportation to receive such allowance from the opening date of school or the date the child or children entered school.

Applications received after Nov. 1 will be eligible for transportation payments only from date of the application.

Transportation allowance applies only to those children who do not live on regular bus routes.

M. M. Fulmers, Former Ozonans, In Alaska

Rev. and Mrs. M. M. Fulmer, former Ozonans, are enjoying a month in Alaska where Rev. Fulmer is holding mission services at a Baptist church in Valdez, Alaska. Rev. Fulmer, former pastor of the First Baptist Church here, is pastor of the Uvalde Baptist Church.

Mrs. Fulmer, in a letter to her sister, Mrs. A. F. Nelson of Ozona, describes some of the sights they are enjoying in the far north, the plentiful game and beauties of the country. Inflation is a reality in Valdez, only ice free port in Alaska, Mrs. Fulmer wrote. Soda pop is 25 cents a bottle and ditch diggers get \$3.25 an hour. "Just a vicious circle," she pointed out.

The Fulmers send greetings to all their Ozona friends.

Bonfire, Pep Rallies Send-Off For Lions To First Dist. Joust

On the eve of the first district football game for the Ozona Lions, a giant pep rally and bonfire is planned by the Pep Squad at Powell Athletic field tonight (Thursday) at 6:30.

It's to be a rousing, town-wide rally around the big bonfire to give the Lions a big send-off on their first important district assignment—a joust with the Menard Yellowjackets in Menard Friday night. Game time there will be 7:30 p. m.

A second pep rally is set for Friday morning at 9:30 a. m. in the girls' gym at the high school. All Ozona is invited to gang up for a lusty "buena suerte" to the Lions.

Lions Put Up Best Performance In Loss To Strong Crane Team

The powerful Crane Cranes handed the Ozona Lions their second loss of the season last Friday night with a 34 to 0 decision in Crane.

The score does not indicate the difference in the two teams as the powerful AA club capitalized on every break to build up their score.

The Lions played by far their top game of the season and for the first time this season the Lion defense was a real factor in a contest. The Lions piled up a 16 to 6 margin in first downs and gained 311 yards total offense as compared to 344 for the Crane team.

The Lions playing in the face of a strong wind which played havoc with kicks and passes held the Cranes scoreless in the first quarter and rolled up three first downs while holding Crane without a first down.

An Ozona fumble set up the first score in the second quarter as Crane fell on a lost ball deep in Ozona territory and quickly converted it into a score. The second tally came quickly as a blocked kick paved the way for the score. The third and final tally of the first half came when an Ozona drive which carried to the Crane four fumbled and Lloyd Allen broke through and raced 93 yards for the TD on the second play.

(Continued on Last Page)

Sen. Dorsey Hardeman Woman's Club Speaker

American government was the subject of the program at the meeting of the Ozona Woman's Club last week in the home of Mrs. Max Schneemann. Mrs. A. C. Hoover assisted Mrs. Schneemann as hostess.

Senator Dorsey Hardeman of San Angelo was guest speaker. Senator Hardeman made an interesting and inspiring talk on treaty laws and American foreign policy.

Mrs. Joe Pierce led the group in singing "America." The club this year is sponsoring a community chest as its project.

The next program will be on the topic, "American People." Judge Houston Smith will be the guest speaker.

Members present included Mmes. W. R. Baggett, M. B. Filppen, J. A. Fussell, N. W. Graham, S. M. Harvick, P. O. Hatley, J. W. Henderson, Lowell Littleton, Ben Lemons, Elred Roach, Stephen Perner, Joe Pierce, Hillery Phillips, P. T. Robinson, O. L. Sims, H. B. Tandy, Ewart White, and Charles Williams. Sr. Guests were Mrs. Davenport, Mrs. Bill Cooper, and Max Schneemann.

New Traffic Signs For School Zone

Sheriff V. O. Earnest is "pointing with pride" this week to the new school zone traffic signs which are in use in front of the high school and junior high on Highway 163.

The new signs are furnished the local school and sheriff's department by Coca Cola and are a great improvement over the signs formerly in use.

Lions To Launch District Play In Menard Fri. Night

Jackets One Of Strong Contenders For District Title

By Ernie Boyd

The Ozona Lions open their district play this week as they travel to Menard to meet the powerful Menard Yellowjackets. The Yellowjackets in two district contests thus far have tied Sonora and crushed Eldorado and are very much in the running for the district title.

The Yellowjackets powered by a single wing offense and a tough defense have shown thus far that they are as good as any in the league and if the Lions are to have any chance against Menard they are going to have to play in better form than they have shown thus far.

The Lions will pin their offense hopes on the strong arm of Charles Garlitz who has thus far rolled up 910 yards in total offense playing his top game of the season last week. Garlitz has passed 89 times this season completing 40 for 521 yards. Garlitz carried the ball 94 times in the first 5 contests picking up 289 yards for an average of 4.15 yards per try.

Ronnie McMullan also played his best game of the season and his defensive play as well as his pass receiving was greatly improved.

Much of the improvement in the middle of the Lion line is due to a sterling comeback by Benny Friend who started the season but failed to show ability to hold his job and was demoted to the B team, then suddenly Friend began to flash the form he had been expected to show and regained his starting post. In the two games played since Friend's return the middle of the Ozona line has shown great improvement.

In other district contests Sonora edged Junction 14 to 6 to hang on a share of the district lead.

Conoco U Test West Of Ozona Recovers Gas

Wildcat 12 Miles SW Of Ozona Drilling Ahead After Show

Continental Oil Co. 1-32-12 University, Crockett County wildcat in 13-32-University, 12 miles west-southwest of Ozona recovered gas on a drillstem test in the Ellenburger.

On a three-hour test between 7,206/242 feet, gas surfaced in 25 minutes and flowed at the daily rate of 34,700 cubic feet. There was a moderate blow for three hours. Recovery was 20 feet of heavily gas-cut mud, no oil or water. Flowing pressure, was zero; bottomhole pressure, 1,375 pounds. The project was drilling below 7,390 feet in lime and shale.

Man Wanted Here On Car Theft Charge Is Arrested In Del Rio

A Mexican national, Roberto Gonzales, wanted here on a charge of theft of a pick-up truck belonging to W. E. Friend, Jr., about a year ago, has been arrested by Del Rio officers on a charge of burglary.

Sheriff V. O. Earnest of Crockett county, informed of the arrest took Mr. Friend to Del Rio to identify the man as the one wanted here on the truck theft charge.

Gonzales came to Ozona in a pick-up he had stolen at Del Rio. He abandoned the vehicle on an Ozona street and sought employment on the Friend ranch. After a couple of days in which he did yard work the Mexican disappeared and with him the ranch pick-up. The pickup was later recovered in Del Rio but no trace of the man was found until his arrest in Del Rio this week.

WHY ADVERTISE?

The following is reprinted from the Wynne, Arkansas, Progress: "The late William Wrigley was once riding with a friend in a crack express train from New York to Chicago. His companion was curious to know why the magnate continued to spend so much money on advertising.

"Your gum is known all over the world," he said. "Why don't you save the millions you are spending on advertising?"

"Wrigley pondered a second and then asked, 'How fast is this train going?'"

"About 60 miles per hour," replied the other.

"Then," asked Wrigley, "why doesn't the railway company remove the engine and let the train travel on its own momentum?"

Ozona Student Holds Top Scholastic Rating

Two hundred and seven students at the Texas State College for Women in Denton have maintained a "B" average or above for the preceding semester, according to Dean Vernon L. Wharton, Dean of the College. The high scholastic average, in

Proceeds Of Prison Rodeo Finance Inmate Education, Recreation

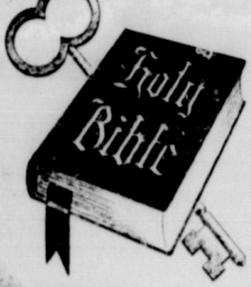

Huntsville—Proceeds from the 1953 Annual Prison Rodeo which opened here Sunday October 4th and has played to 50,000 spectators in its first two performances will furnish the monies needed to carry out the Texas prison board's educational program for the prisoners. The final performance of the 1953 Prison Rodeo will be next Sunday, Oct. 25.

By means of monies earned by the annual rodeo the prisoners of Texas provide for themselves schools that provide compulsory attendance for illiterates, elementary and high school subjects and correspondence courses. In connection with the matter, vocational and trade training is carried on with on-the-job training program in the penitentiary's numerous industries.

While provisions for such a program were made by the State's legislature many years ago, no appropriation of funds was ever made available for the purpose. Neither were provisions made for a recreational program for the Texas convicts, but through their annual rodeo the prisoners also provide themselves a budget for motion pictures, sports equipment and libraries.

Miss Helen Billings Becomes Bride Of Billy Gene Maness In Ranch Home Ceremony

Miss Helen Billings, daughter of Mr. and Mrs. Newman Billings of Langtry, Texas, became the bride of Billy Gene Maness, son of Mr. and Mrs. A. W. Maness of Ozona at 4 o'clock Saturday afternoon, October 17, in the ranch home of the bride's parents.

The double ring ceremony was performed by Johnny Clark, Jr., of Ozona, brother-in-law of the bride. The bride wore an ice blue faille suit with flair-tail jacket with rhinestone and pearl yoke. Her accessories were winter white and navy. She carried a white carnation arrangement on a white Bible.

The bride's only attendant was her sister, Mrs. Johnny Clark, Jr., of Ozona who wore a navy blue faille suit with rose accessories. She carried a bouquet of pink rosebuds.

James Maness of Ozona acted as his brother's best man.

The ceremony was performed before an improvised altar flanked by a double-basket arrangement of gladioli. Other tasteful flower arrangements were used throughout the house.

A reception was held following the ceremony. A three-tiered wedding cake, decorated with wedding bells and roses, topped with a

miniature bride and groom centered the table.

Cake was served by Mrs. E. A. Cain, aunt of the bride. Presiding at the punch bowl was Mrs. K. D. Boatman, sister of the groom. At the bride's book were Misses Beverly Day of Ozona and Elizabeth Blackmon of Del Rio. Assisting in serving were Misses Jo Ann Blackmon and Carol Ann Henderson of Del Rio.

Out-of-town guests included Mr. and Mrs. Tom Hoeten of Lometa, the bride's grandparents; Mr. and Mrs. E. A. Cain of Dryden, her aunt and uncle; Mrs. Lillian Henderson of Del Rio, grandmother; Mr. and Mrs. E. W. Blackmon of Del Rio, another aunt and uncle; Lonye Cain of Dryden, Misses Elizabeth and Jo Ann Blackmon of Del Rio, L. E. Henderson of Alpine; Mrs. A. W. Maness of O-

zona, mother of the bridegroom; James Maness of Ozona, his brother; Mr. and Mrs. Lelan Staley of Abilene, Mrs. H. F. Meadows, Mrs. K. D. Boatman, Miss Pauline Maness, Mrs. Lola Day, Miss Beverly Day and Bill Priddy, all of Ozona.

Here are two points to remember when you buy a new car! . . .

Chevrolet BUYER-BENEFITS are the Soundest

The thrilling "Two-Ten" 4-door sedan. With 3 great new series Chevrolet offers the widest choice of models in its field.

Chevrolet PRICES are the Lowest of any line in its field!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

NORTH MOTOR CO.

Avenue E and 9th Street

Phone 172

Ozona, Texas

Look at Chevrolet! You'll see that it brings you big-car styling, smoothly rounded Fisher Body beauty, and a rich, roomy, colorful interior with Safety Plate Glass all around in sedans and coupes. Features ordinarily found only in higher-priced cars.

Drive a Chevrolet! You'll be equally impressed by the outstanding pick-up and power as well as the smoothness and quietness of its advanced high-compression Valve-in-Head engine.

Test Chevrolet's handling-ease and riding-ease! You'll find that this car alone combines the greater comfort and convenience of Powerglide automatic driving,* Power Steering* and the Knee-Action Ride—just as it alone gives the protection of Jumbo-Drum Brakes, largest in Chevrolet's field.

And here's the best news of all. Chevrolet offers all these fine-car advantages at the lowest prices and with exceptional economy. Come in, see and drive this car, at your earliest convenience!

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models. Power Steering available on all models.

THE LION'S ROAR

PUBLISHED BY STUDENTS OF THE JOURNALISM DEPARTMENT—OZONA HIGH SCHOOL

Cranes Romp On Lions But Locals Wage Stiff Battle

By Larry Lewis

The Crane Golden Cranes romped over the Ozona Lions last Friday night by a score of 34 to 0.

The ball game was 0 to 0 at the end of the first quarter with Ozona playing good defensive as well as offensive ball. Then in the second quarter Crane's Jim Brock got away on a 39 yard touchdown run. All during the second quarter Crane had a field day. Crane never had a sustained drive for a touchdown. All their touchdowns were made with long runs. Brock made another touchdown a few minutes later. Late in the second quarter Lloyd Allen ran 90 yards for the next tally. Lively converted all three times for Crane.

Crane scored twice in the fourth quarter with Allen and Miller scoring. Lively missed the last conversion attempt.

Ozona got within the Crane 10 yard line twice but failed to score.

The Lions had a lot of bad breaks last week such as fumbles, injuries, and a blocked kick which set up the first Crane tally.

Ozona had a total of 18 first downs to Crane's 10. The Lions made 311 yards to Cranes 348.

This week we play our first district game against Menard. If everyone will really get behind the Lions over in Menard this week—and every week—we will go a long way in the district race! Beat Menard! BEAT MENARD!!

Heard From the Test Tube

By Jerry Carrier

Here we are again, the OI' test-tube and I. We have been racking our brains (brains, that's a joke. Who's got brains?) for something to write in the paper this week and have come up with a great idea. It is: We have come up with nothing, absolutely nothing, that ought to please our fans who wait with expectant gaze at the news-stand for the "Testtube" to appear so they can run home and burn it.

You know I could go on like Arthur Godfrey and downrate my product(?) But he gets paid for it. People pay me to get sick and not write mine.

It seems that all the test tube has got on his mind is teeth. I told him that teeth were only good for two uses, to eat with and to wear a toothbrush out on. Here are some of the things he wants me to write about: "Dentists drill Fast to Hurt Patients' Lows." (I wonder what they're drilling for, oil?) "An Esthetic to Fill Cavities" (a jigger of whisky? H-mm.) "Toothbrush Wins Out" (This will kill you. I thought they went in; eh well.) "Anxiety State Chief Disease of Dentists" (What do you know? Maybe a dentist has to be drilled on too, Heh, heh)

That is what the test tube has floating around in that glass bottom of his and I don't want to talk about such gruesome things as dentists.

He doesn't want to talk about cheerful things such as "Cooler H-Bomb Starting" (Since when did million degrees become "Cool" or such cheery things as an "Ice Tomb for Insects" (who wants an embalmed grasshopper any way?)

Well, ((Hack won't like I told some one that I'd have a semblance of something soggy for her at the end of this period. (that period) so I'll be going.

P. S. the test tube too.

Dear Mae:

Have I got news for you! Some sneaking rat put our letter in the Ozona Stockman. Just think all our gossip all over town. I'll never be able to walk down the hall as long as I live. I can't imagine who did it. I'm gonna hold on to this one like a leech.

I guess "Jack" isn't going to let me read any more of her notes.

Boo-Hoo! I'm sure glad Mr. Pelto made Judy change tables, now maybe "Jack" will talk to me rather than write notes for Judy to pass.

I think Mr. Pelto had a mean streak last week. He made "Kost" stand in the corner. "Tadpole" sit in another and Judy Patterson change seats with Don Lott! Oh, yes, Mike Clayton had to do thirty or forty push ups. (Poor Kid!!)

Pat Cooper has a date with "Scooter" next Saturday night. I hope she has fun. It seems as the Nancy Perdue and Doug Wells are still doing fine in their letter writing. I don't know why Carl Conklin doesn't go on and have a few dates with Beverly K. cause everytime he sees someone who knows her, he either ask "How is she?" or "Where is she?"

I bet Benny, Carl, Brock and "Duck" had fun Saturday evening on the bus. I think Brock won most of the money. Boy, all the back row of clarinets sure did have fun at the ball game Saturday. Wanda didn't feel too good. I think she had a headache. I guess we will have to get all the boys a book of "Manners." I doubt if it would do them any good.

Seen at the Dirve-In Sunday night were Buddy G. and Sandra B. Rosie W. and Sonny H. Bet they had fun. Vivian and Ronnie were there too. Mary Lou and Peggy T. were at Sonora Friday night. R. J. and George were there too. "Hum" Connections maybe. Nothing to report on "Liz" P. "rumatic" life. But it seems like it's still Brock and Tadpole. It looks like some of the Senior boys were trying to get their heads blown off Monday at noon. Buddy G. got Joe Boy Pierce's BB gun. Well I guess Roy Mann will start keeping his trap shut and maybe he won't have to do so many push-ups. Impossible!!

Oh, say have you heard Wanda talking lately? I think she's been taking singing and voice lessons from Marilyn Monroe! I didn't have much time to write this week end. We went to San Angelo you know.

Boy, Judy and Don sure have fun Friday night coming home on the bus. Looks like a new romance going on. Well, Roy M. hasn't gotten his head chopped off yet Mae. But he will in a few days if he doesn't leave Jean alone, and get his homework. He sure is going to look funny running around here without his head. Well, I must go now and see what "Marilyn" and "Liz" are laughing about.

Lots of Love "Lizzie"

P. S. We had a band critic down the other day. He watched us march and play. From all expressions on his face we were awful. He has blonde hair and eyes. He is real cute—for a dog. Every time we would play something he would start howling like he was dying. Now, I know we're bad but, we're not THAT bad. I'm sure curious to know what "Marilyn" and "Liz" secret is. Interesting I bet. I bet Don wishes he was dead, cause "Jack" and "Jerry" are always talking and he can't get his homework. I expect him to try to brain them one of these days. I guess he just doesn't have the nerve. Ha-Ha.

OFTA CLUB MEETS

The Ofta Club met on October 12, 1953. Plans were made for a committee to write out a constitution for the club. The President, Susie Schneemann, appointed Nancy Perdue, Myrtle Mae Everett and Betty Cunningham as the committee.

Susie read a letter from Mr. Kelly, state F.T.A. Consultant. In it, he proposed certain projects for this year. It was voted that we pay our dues of 50¢ by Monday, Oct. 19. It was also decided to have installation of new members and officers as our social for this month. The date for our installation has been set for Monday night, October 26 at 8 o'clock in the High School Auditorium. The public is invited.

Big Lake B Ousts Ozona B 21 To 14

By Fed Shoubrouck

Last Thursday in Big Lake, the Ozona Lions 'B' team and Big Lake Owls 'B' team battled it out, the teams were very well matched and played a good game.

Big Lake's first touchdown was made when they ran a punt back. They scored again in the second quarter but held the Ozona Lions scoreless.

In the third quarter, Robert Freeman caught a pass from quarter back, Bobby Martinez and ran twenty yards for Ozona's first touchdown. Late in the third quarter Big Lake scored again making it 21 to 7. In the fourth quarter Arturo G. ran 30 yards for the second Ozona touchdown. The extra points for Ozona were made by Orville P. and Bobby M. on a quarter back sneak play.

In the last few seconds of a play Big Lake had the ball on the one yard line and they tried three times to make a touchdown but the lions held them, ending the game with a score of 21-14. Don't forget the game this Friday our first conference game. Ozona in Menard.

Fads and Foie

By Kenneth Phillips

Oh... I am ashamed to walk into the old low school anymore. I feel low enough to sit on the edge of a cigarette paper, and dangle my legs. Now who could be responsible for the state of mind I'm in? Let me start from the first—it all happened a few days ago in Speech.

All the seniors in Hackus Leathius class (Charlie, Duck, Gibbs, and I) were starting off the morning with our usual game of "drop the teacher" when all of a sudden a fuse was blown. . . Mr. Leath's dope was wearing off just at the wrong time. Well, he says, he says to those other nasty old boys. "If you were half as big as you think you are, you would be able to walk under a snake belly with a top-hat on, and clear six inches!" And you know something. . . He's right. So from now on I won't yell out loud anymore, I will resort to my Boy-Scout signal fads.

It seems that everybody hates my guts. . . "Drack" came "fluttering" in Saturday night full of splinters! It seems that somebody took my advice, and slept with one eye open. So if you notice any "bags" under my eyes its cause I believe that he is out for revenge, and I am sleeping with both eyes open.

While I am on the subject of "splinters" it reminds me of what Currier did to Mr. Hack's desk Monday. It seems that he had messed up on his measurements, and got an over shot of dope. . . anyway, he got kinda carried away, and left the imprint of his ill' fist on the surface of our "graying" teacher's desk. But everything turned out all right in the end, Janice sneaked up, and cut down his volume control. All kidding aside though, it was a good speech, even those on the third floor thought so!

Really people, you should quit while you're ahead, what I mean is, if you're still reading in hopes that it's gonna get better you'd better stop now. You see, that mean old Garlitz keeps teasing me with cute little sayings like, "Phillips is pushing Currier." The

truth hurts so you know! It hurts me way down deep inside.

I should tell you a little about what Garlitz plans to do after high school. As you all know, his idol "The Handsome Swede" hit our innocent little town after getting his D.D.T. degree from T.C.U. I have often heard Charlie say, "If old terrific Swede can do it, so can I."

So his mind's made up, he is gonna go to Froggie-Land and major in drilling for money! Soon a great institution of learning will be graced with his magnetic personality, and someday the Board of Directors will look back at the day he entered, and say, "Why couldn't he of gone to SMU?"

Well, (you should never begin a sentence with well) anyway, I know that you are about to gag now, so I guess that I'll hit the trail that all football heroes dream

about. . . . a cool shower! Bye now. . .

Dates and Doin'

Everyone went to San Angelo Saturday night to see the Conto S.A.C. game. Among those were Martha B. and Carol B. Martha says she had a wonderful time with Leslie Rogers and Coral was with Tadpole to the Melody Club.

Vivian and Sandra have gotten diamond rings—they hate to disappoint everyone but they're not the real thing! But they really have some cute joke with Mr. Wilkina. I think he has decided he had better keep his boys from 3 'til 9:30.

Betty W. had a wonderful time in Denton this week-end. Tom P. unloaded jackets, rings, medals, and sweaters on Betty, so if you are in the hall and think you see (Continued on Page 5)

Something really Special -in power,

**room,
 ride,
 price**

What picture here a car that keeps our order book pages turning quicker than quick.

It is the 1953 Buick SPECIAL 4-Door Sedan—the bargain value that doesn't stay long on our showroom floor.

For this is the best-selling Buick in the land—snapped up by eager buyers who know something really special when they see it.

For your information, we present some SPECIAL facts.

It has a Fireball 8 Engine with the highest power and compression ratio ever placed in a Buick SPECIAL—plus, if you wish, the instant getaway response and utter smoothness of Twin-Turbine Dynaflo.*

It has easy-sitting-room for six adults—as much room as you'll find in cars costing hundreds of dollars more.

It has a ride unique among automobiles. The

Buick Million Dollar Ride. The soft and steady and ever-level ride that comes of coil springs on all four wheels—a full-length torque-tube drive—a massive X-braced frame—a solid and substantial roadweight poised with meticulous balance on broadly spaced wheels.

But what makes the Buick SPECIAL so extra special is the low delivered price it carries.

It is a price just an easy step above the so-called "low-price three"—and a price that gives you more room and power and ride-comfort for your money than you get in any other car, except another Buick.

Wouldn't you like to see, sit in and drive one of these great-powered Buicks—look into its beauty, its luxury, its handling ease—and judge for yourself how small a price tag it wears?

Phone us this week, or drop in. We'll be happy to arrange a demonstration.

Phone 50 — Ozona, Texas

Fort Worth—A feature of the cattle trade at Fort Worth Monday was the arrival of a string of 41 cars of cattle from the Kernot Ranch at Alpine. These cattle coming by rail comprised one of the largest such strings of cattle from one owner to arrive at market here in more than 20 years. The cows and bulls in the shipment were cleanups and most of

them carried considerable age. Also in the shipment were about 350 short-aged Summer calves. Most of these calves sold at \$15.50, with some culls at \$8. The cows sold with about three carloads at \$9.00 and about 30 carloads at \$7.50. Two or three cars of bulls sold at \$9.50 with a trim at \$8.50.

The cattle trade benefitted by much lighter supplies at Fort Worth and all around the major marketing circle. Prices were fully steady to strong on all cattle and calves and instances on calves and yearlings were 50 cents or more higher.

Good and choice fed steers and yearlings sold from \$17 to \$23.50, while common and medium offerings drew \$9 to \$15 and cutter grades scored \$6 to \$9.

Fat cows cleared at \$8.50 to \$11, and canners and cutters drew \$5

to \$8.50. Bulls cashed at \$6 to \$11.50.

Good and choice slaughter calves sold from \$12 to \$15.50, a few fancy heavyweights sold from \$15.50 to \$16. Common and medium kinds sold from \$8 to \$12, with culls at \$5 to \$7.

Good and choice stocker steers calves ranged from \$12 to \$15.50, with a few bought in the \$16 to \$17 field by speculative interests. Stocker and feeder steers and yearlings of good to choice kinds sold from \$10 to \$15, some fleshy feeding heifers at \$10.50 and some fleshy feeder steers at \$15. A few steer yearlings sold up to \$16. Stocker cows drew \$6 to \$10.

Sheep and lambs were slow and weak to lower. Lambs of slaughter classes were 50 cents to \$1 lower. Ewes ruled weak to 25 cents or more lower. Feeder lambs were mostly steady.

Good and choice butcher hogs averaging 190 to 240 pounds sold for \$21.50 to \$22.25, and lighter and heavier weights cleared at \$19.50 to \$21.50. Sows cashed at \$19 to \$21.50.

One carload of choice slaughter lambs topped at \$17.50 while most good and choice fat lambs cashed at \$15 to \$17, and cull, common and medium kinds sold from \$8 to \$14. Stocker and feeder lambs sold for \$10 to \$15. Slaughter yearlings cashed at \$8 to \$12.50, and some spots on choice lightweight yearlings were 25 to 50 cents higher.

Slaughter ewes cashed at \$4.50 to \$5.75. Solid-mouthed ewes sold from \$6 to \$6.50. Old bucks sold around \$ 2 to \$2.50. Old wethers drew \$6 to \$8.

FOR SALE — Baby Parakeets. Just right to start training to talk. See Ruben Whitehead, across from Ranch Feed & Supply. 1p

So the People May Know

When the county tax collector intends to sell real property for taxes, it is his responsibility first to publish in a newspaper information about the sale. Texas law says:

"In making sales of real property for taxes, the Collector shall advertise the same for sale in some newspaper published in the county where the land is to be sold, for three successive weeks, if there be one; and the publisher of such newspaper shall receive as compensation the legal rate of Two (2) cents per word for the first insertion of such publication and One Cent per word for each subsequent insertion or such newspaper shall be entitled to charge for such publication at a rate equal to but not in excess of the lowest published word or line rate of that newspaper for classified advertising, and such fee shall be taxed as other costs of sale against such land, and the Collector shall allow the Collector such fee to be paid by the Collector to the newspaper publisher in each case where the land is bid in and sold to the State. If there be no newspaper published in the county, or, there being a newspaper published in the county and the publisher thereof refuses to publish the advertisement at the price herein fixed, then the advertisement shall be made by posting the same for thirty (30) days previous to the day of sale, at the courthouse door and three other

public places in the county where the land or lots are situated, giving in said advertisement such description as is given to the same on the tax rolls in his hands, stating the name of the owner if known, and if unknown say "unknown", together with the time, place, and terms of sale; said sale to be for cash, to the highest bidder, at public outcry at the courthouse door, and between legal hours, on the first Tuesday of the month."

*Price Daniel's book of Texas Publication Laws, pages 156 and 157.

Ladies Golf Assn. Names New Officers; Plan Tourney Nov. 17

The ladies golf association met Tuesday for regular play and for the regular monthly luncheon. They entertained ladies who are members of the Country Club with lunch followed by bridge. High score in bridge was won by Alice McMullan and second high by Fae Tandy.

Blind bogeys in golf were won by Charlotte Phillips Gladys Pierce and Velma Marley. Fae Tandy served coffee and doughnuts before golf play.

The team play was won by the Dorothy Montgomery team, the losers, Lillie Baggett's team will serve breakfast to the winners next Tuesday morning at 8:30 a.

m. at the club, after which golf will be played at 9 a. m. by all members.

New officers elected for the coming year were President—Pauline Montgomery; vice president—Velma Marley; secretary-treasurer—Katy Jones; corresponding secretary—Jeanie Williams; reporter, Lillie Baggett. As the new officers took their place their retiring officers pinned a corsage on them. The president Mary Friend presented golf balls to the old golf committee, Alice McMullan and Gladys Pierce.

A trophy in putting will be given by Marge McMullan for the next month of play. Twelve golf balls will be given by W. E. Ramsey for the member playing the most times during the next month.

The association voted to have an invitational golf and bridge tournament November 17th.

Those attending were Jane Black Mary Friend, Donna Beth Davidson, Jeanie Williams, Alice McMullan, Jonsey Williams, Bonnie Thomas, Willie V. Baggett, Marge Ramsey, Marge McMullan, Dorothy Friend, Pauline Montgomery, Katy Jones, Charlotte Phillips, Velma Marley, Gladys Pierce, Mary Bess Harris, Wanda Stuart, Dorothy Pierce, Fae Tandy, Blanche Walker, Rachel Childress, Nettie Holt, Louise Bunker, Winnie Williams, Mary Deaton, Dorothy Montgomery, Martha Millsbaugh, Wilma Friend, Liz Williams, Roberta Cooper, Nan West, Vivian Clayton, Niki Ratliff, and Lucille Malcom of San Antonio.

Kerrville — Roy Harrell of Ozona is a member of the 1953 Schreiner Institute high school football team, coached by Athletic Director Ted Carley.

Harrell plays end for the Schreiner Rebels. He is expected to see action in the four remaining games

Seems You Ought to Know Him!

You see a man in a beautiful new Cadillac—and, almost instinctively, you take a second look.

Your judgment tells you that those who drive Cadillacs are likely to be people of importance—and are very probably in the public eye.

It is small wonder that you feel this way about people who own and drive these distinguished cars.

For more than half a century, Cadillac has been a favorite car of the leading people in every community across the land. For Cadillac is the only car in America whose name has consistently been reserved for the finest cars it is practical to produce.

People who want the finest have learned to come to Cadillac—as the tide goes with the moon!

Of course, you don't have to be a prominent person in order to find a reason for moving up to Cadillac.

There is every practical reason for owning a Cadillac—as well as every personal one.

Under normal driving conditions, the Cadillac car will run a full day on a single tankful of gasoline.

The lowest priced Cadillac costs less than twenty-two models of other makes of American-built cars.

And a Cadillac, according to an authoritative study of national used car prices, will return a greater share of its owner's investment at the time of resale than any other motor car in the land.

So whether you are prominent, or whether you are practical—Cadillac is your perfect choice!

Better come in and see us. Cadillac was never so fine and beautiful as it is today—and it was never more practical to own and enjoy.

We're at your service—any time you wish to call!

MR. BOYD'S FIFTH GRADE

By Carolyn Neill

Last week we elected class of- ficers. Richard Sikes is presid- ent, Priscilla Stewart is Vice Pre- sident and Art Kyle is secretary.

For the last few weeks during our art periods, we have been drawing pictures of landscapes, halloween, and pictures of our stories in reading. Most of them are very well drawn.

Every morning at recess while the boys play football, the girls play volley ball, kick ball or base- ball. We all like it very much and are learning to play pretty well.

MRS. GREEN'S FIFTH GRADE

By Bob Childress

Every Monday morning we pledge to the flag and then we sing America. We've learned a song in band already. We are working on another one now. In arithmetic we are multiplying by three numbers. It is fun if you understand it, if not—well it isn't much fun. We also check our answers.

Last week it was report time. To those who need it—best of luck this six weeks.

THE STUDENT COUNCIL

By Shirley Adams

We have been meeting every Wednesday morning at 8:10. Our discussions have covered many

things concerned with the school. We are making several rules for the children to observe when they are playing on our playground equipment. We try to be fair to everyone, but don't want any- body getting hurt. Our safety patrol is working fine.

Methodist W.S.C.S. Meets With Mrs. Hicks With Program Monday

Members of the Woman's Society of Christian Service of the Methodist church met Wednesday morning in the home of Mrs. Lindsey Hicks for its monthly program. Assisting Mrs. Hicks as hostesses were Mrs. E. B. Baggett, Jr., Mrs. Ele Hagelstein, Mrs. Joe Williams and Mrs. Hugh Childress, Jr.

A musical number was given by Mrs. Hicks on her organ. Mrs. John Coates was leader of the program on the topic, "Faith of Our Fathers."

Mrs. Dempster Jones discussed Mexico. Mrs. Coates' topic was South American and Africa. Mrs. B. C. Flowers talked on India and the Philippines. Hymns of faith were selected and sung, with Mrs. H. B. Tandy at the organ. Closing prayer was by Mrs. J. A. Fussell.

Present were Mmes. Pete Jacoby, L. B. Cox, Jr., Dempster Jones, John Coates, B. C. Flowers, John- ly Henderson, H. B. Tandy, E. B. Baggett, Jr., W. D. Cooper, Tom Harris, N. W. Graham, C. V. Tubbs, Lindsey Hicks, T. A. Kin- caid, Jr., Hugh Childress, Jr., B. B. Ingham, Sr., Charles Williams, Jr., Paul Perner, Ele Hagelstein,

Joe Pierce, Jr., Joe Pierce, III W. T. Stokes, M. B. Flippen, J. A. Fussell, S. M. Harvick, George Har- rell, Stephen Perner, Charles Wil- liams, Sr., G. A. Pittman, Nip Blackstone, and Miss Mildred Rals- ton.

Circle meetings will be held by the Society on October 28. The Jennie King Circle will meet with Mrs. W. D. Cooper, the Sunshine Circle with Mrs. B. B. Ingham, Sr., and the Willing Workers Circle with Mrs. Evert White.

Week of Prayer will be observed with a program in the church san- ctuary at 9 o'clock a. m. on Oct. 30.

Ozona P.T.A. Observes Organization Birth

Birthday of the Texas Congress of Parents and Teachers was ob- served by the Ozona P.T.A. in its regular meeting Monday afternoon in the high school auditorium.

Mrs. Byron Stuart, program lead- er, read the Parent-Teacher pray- er and traced the beginning of the P.T.A. organization.

The two fifth grades of the North Elementary school, under the direction of Mrs. Troy Hick- man and Mrs. Ted White, pre- sented the program.

Mrs. Hickman's group presented a skit on "United Nations Week," with the following pupils partici- pating: Joe McMullan, Sally Bag- gett, Ronnie Beall, Bill and Bob Meinecke, June Bunker, Penny Phillips, Bama Burton, Tommie Sue Chandler, Jimmy Williams, Linda Millsbaugh, B. B. Ingham, Camille Adams, Nonie Conklin, Johnnie Jones, Tommy Stokes, and

Joe Warren Friend.

Mrs. White's group gave four short skits on "The Four Free- doms." Weldon Day announced the following cast: Freedom from Want, with Billy Ewing, Leslie Deland, Leonora Bishop, Sandra Wilkins and Frances Nixon; Free- dom from Fear, with Bobby Fri- son, Janie Chestnut, Roy Killings- worth, Joan Sowders, Lanny Brentz and Muggins Good; Free- dom of Speech, with Bob Cooke, Margo Pogue, Nova Jean Craw- ford, Bill Gipson, Tommy Hill and James Lacey; Freedom of Religion with Roy Killingsworth, Douglas Stuart, Margo Pogue, Mary Briggs,

Mary Sue Trotter, Russell Cordel and Ronald Carnes. Mrs. Hick- man's grade was presented with the P.T.A. attendance award for the day.

Two delegates, Mrs. A. O. Fields and Mrs. Frankie Jones were e- lected to attend the P.T.A. con- vention in San Antonio in Novem- ber.

The organization's treasurer re- ported that \$767.04 was netted on the annual carnival last week. P. T.A. voted to purchase a duplicat- ing machine for the North Ele- mentary school and to have shelves installed in the storage closets in each of the Junior High rooms.

From where I sit ... by Joe Marsh

Modern Art Takes a Licking!

Did you know we had a real artist in town? Yes sir! Handy Jackson was a contributor to the Sculpture Exhibition at the Centerville Fair last week.

His work was streaky pink and curved all around—sort of streamlined. Caused quite a stir. Nobody was sure what it was supposed to represent, but some liked it and thought it was good art. Handy gave me the lowdown:

"Why, it was nothing but a piece of cattle salt our cows have been lickin' at for months. I just had it mounted. Fooled a

lot of folks — one fellow even wanted to buy it!"

From where I sit, Handy's "modern art" just shows how some people can be led astray. Some even get to be "experts"—especially about the other fel- low's business. Whether it's art or music, or a simple thing like choosing, say, beer or milk with a snack, we should live and let live. There's no call for either of us to set ourselves up as a "model" for the other!

Joe Marsh

You'll get more than you expect

In feature after feature, Ford matches the finest . . .

with fine car ride . . . fine-car build . . . and fine-car V-8 GO!

Check these fine car features that are yours when you buy a Ford, the one fine car in the low-price field. You get glass area galore . . . the most in Ford's field. You get more usable inside space than in any other low-priced car. Seats are foam-rubber-cushioned both front and rear. You get such Ford advances as convenient Center-Fill Fueling and suspended clutch and brake pedals. But here are the big reasons why Ford is worth more when you buy it and when you sell it, too!

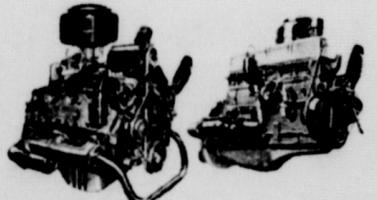

Up to 80% less road shock

Ford has reduced front end road shock (the kind you notice most) up to 80%. And by a perfect teaming-up of rear springs, diagonally-mounted rear shock absorbers and tailored-to-weight front springs, Ford has proved that a car can ride smooth as silk without gas-eating extra weight.

Built like the finest

Ford's hull-tight body is sealed against water, dust and draft. Body panels are made of steel of the same quality and thickness as that used in the costliest cars. Ford's rugged box-section frame has five strong cross members including a special K-bar member which adds extra twist resistance . . . gives longer car life.

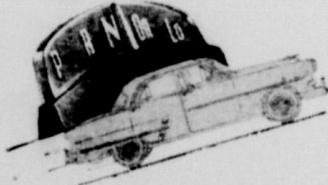

V-8 or Six power

Only Ford in its field offers you a fine-car high-compression V-8 engine . . . the result of Ford's experience building more V-8's than all other makers combined. And Ford's high-compression, low-friction Six is the most modern Six in the industry. Both engines have Ford's exclusive Automatic Power Pilot which squeezes the last drop of power out of every drop of gasoline.

Master-Guide power steering

Ford Master-Guide is the last word in power steering. It does up to 75% of the steering work for you when you need it . . . yet it leaves you with a natural feel of steering on the straight- away. And it helps you control the car on rough, rutted roads. Available on all V-8 models.

Fordomatic Drive

It's the finest, most versatile of all automatic drives . . . combines the smoothness of a fluid torque converter and the "Go" of automatic mechanical gears. Ford also offers you Overdrive and Conventional drive.

in the "Worth More" FORD

COME IN . . . SEE . . . VALUE CHECK . . . TEST DRIVE IT TODAY!

Here and There
By J. Troy Hickman

(Continued From Page One)
ier of fortune, in 1530 passed through the Big Bend. In a written account he told of an indigent people there who were practicing diversion irrigation of a primitive kind to raise small patches of corn, beans and melons.

In the era of the Spanish missions the church was established in this wild region. With it came the presidio. Lost Mine Peak, a high point in the Chisos Range has a legend of a lost silver mine supposed to have been worked by Indians under Spanish control, and later hidden. The crumbling walls of the old Presidio San Vicente may still be seen nearby on the bank of the Rio Grande.

The Comanche Trail, a route used by the mounted warriors of the plains in their annual raids into Old Mexico, was practically the same as the present paved road from Marathon through Persimmon Gap, and crossed the river near present Boquillas.

Apache tribes, driven off the Staked Plains by the Comanches, found in the Chisos Mountains a base from which they could strike at points on both sides of the border. The Chisos Range got its name 'Ghost Mountain' from an Apache legend about a slain chief whose spirit lingered among his tribe on the heights. Alsate, a spectacular peak in the park, outlines the profile of a man whom the Apaches said was a beloved chief. By 1880 the Apaches had been defeated and practically destroyed through joint efforts of the U. S. and Mexican governments.

Despite the antiquity of human life in the Big Bend, the geography of this vast frontier was unknown to modern men until 1852, when Major W. H. Emory and a party authorized by the International Boundary Commission of the U. S. and Mexico made the first official survey. Emory Peak, highest point in the Chisos (7,835 feet from sea level), was named for him.

After the Civil War white men drifted into the region to make homes. Some were ranchmen. Others were outlaws. The few years saw much violence as rustlers and bandits struggled with rangers and ranchmen for control.

The Big Bend has been called The Last Frontier of the Southwest. In 1933 the Texas legislature designated parts of the pre-

sent park area as the Texas Canyons State Park, a name that later was changed to Big Bend State Park. The next year congressman Thomason introduced a bill at Washington to make the Big Bend a national park. Senator Morris Sheppard started action at the capitol to create an international park as a gesture of goodwill between the U. S. and Mexico. Congress authorized the change in 1935.

Various public-spirited Texas citizens joined the cause. Amon Carter, editor of the Ft. Worth Star Telegram, was named chairman of a commission appointed by the governor of Texas to drive for a million dollars in private subscriptions to buy lands for the park.

Chambers of commerce in border towns organized local committees to help. Dr. Horace Morelock, then president of Sul Ross College, Dr. Clifford B. Casey of the History Department, Glen Burgess, an Alpine photographer, and various Brewster County ranchmen have been staunch advocates of the cause.

Lon Garrison, park superintendent, and a party of rangers and photographers, returned recently from a trip to the del Carmen, Fronteriza, and Burro mountains on the Mexican side of the river. They found scenery immensely rich in dramatic contrast. In deep canyons were running streams and on mountain peaks were thick stands of pine and fir. Peaks in these ranges are higher than the highest in the Chisos.

Glen Burgess, who has photographed the area from the air, says that the escarpment on the north rim of the del Carmen range measures more than a vertical mile from rim to river bed, and that it is the second highest escarpment on the continent.

M. R. Tillotson, Area Director of the U. S. National Park Service, was reported to have said, "I have been to Yellowstone, Glacier, Grand Canyon, and the other national parks. Big Bend combines parts of all of them."

The Mexican government's delay in developing its portion of the international park is believed by some due to opposition from powerful lumbering, mineral and ranching interests in northern Mexico. Another deterrent is the lack of access into this difficult terrain. Only a few lumber roads enter the region.

A new enthusiasm expressed by

Governor Cedula and Congressman Ramon, plus the offer of a 15,000 acre gift of choice park lands, suggest that the government of Mexico may be ready at last to begin the development of its part of this project. Park enthusiasts hope that some part of the Mexican area will be open for public inspection by the date of the formal dedication in 1954.

Football —

(Continued from Page One)

Despite a 21 to 0 deficit at the half, the Lions came back strongly and kept the ball most of the last two periods raging up and down the field but failing to tally. One drive carried to the Crane 3, one to the 11 and two others to the twenty but in each case a strong defense or a penalty blunted the thrust.

Crane added two last half tallies the first coming when they captured an onside kick that the Lions were caught on, and the second coming on a 54-yard pass from quarterback Butler to six foot-six inch Clarence Miller.

The Lions started the game with only four men sitting on the bench and facing a team that had walloped Big Lake 55 to 0 and blanked Iraan 27 to 0. The Lions were decidedly outweighed and had shown critical defensive weakness. As the game developed the Lions defense began to consistently down Crane ball carriers as Lion ends Taylor and Jones rushed the Crane passer and the middle of the Ozona line held firmly. Even though at times as the game went on the powerful Crane team hit for long gainers and scores the Lions never quit and looked good all the way.

Charles Garlitz and Ronnie McMullan, the team co-captains, were outstanding both on the offense and defense as Garlitz ran and passed with skill. Garlitz connected on 13 of 22 throws for 186 yards, most of the shots going to McMullan who ran with power after receiving the ball. The Lions attack was crippled however after the first quarter as the Lions elusive halfback and standout pass receiver, Sam Martinez retired from the contest with a leg injury. In Martinez' absence West played well and along with Mike Clayton, Charles Hale and Arthur Rodriguez all gave good performances.

Adding machines at the Stockman

Texas Farm Income 19 Pct. Below 1952

Austin, Texas—Texas farm income for the first eight months of 1953 fell 19 per cent below the comparable 1952 figure, University of Texas Bureau of Business

Research estimates indicate.

Income from grain sorghum was down 44 per cent; cotton, 25 per cent; and cottonseed, 31 per cent. However, revenue from oats increased 47 per cent and from flaxseed, 24 per cent.

Paralleling the crop trend, cat-

tle revenue decreased 31 per cent. Income from calves was down 18 per cent; from hogs, 8 per cent. Sheep-and-lamb income was up 24 per cent.
