THE TRAGEDY OF 21 MEN

On January 28 one act of a tragedy came to an end when 21 U. S. soldiers disappeared behind the Iron Curtain at Panmunjom.

The tragedy did not consist in the number of men involved. More than that have been slain by the burst of one shell in warfare, or by the fall of one airplane. That many are killed sometimes in a single day on U. S. Highway.

Nor does the tragedy consist in the grief of their loved ones, for countless thousands of hearts are broken in every war.

The tragedy of the 21 is that they are alive in the midst of a certain kind of death that does not end, but prolongs agony indefinitely. They are men without a country.

At first one might be inclined to dispose of them with an easy comment such as, "They got what they asked for." But it may not be that simple.

We do not know what their boyhoods and early lives were like, whether their parents loved them or not, whether they found a normal amount of acceptance and regard from early friends or not.

We do not know whether they volunteered for the army, or whether the long arm of the draft reached into their civilian lives and lifted them into Korea.

We do know that they became prisoners of war. We know that the Reds devised a very cruel way of breaking men's bodies and minds to the point where they could no longer resist the Communist propaganda. We know that some are stronger than others in ordeals. Thousands subjected to this torture did come through. These 21 did not. We don't know why.

It may be that some of these boys have been maladjusted all their lives. There are people who, not prospering under the rules as they are, want to change rules.

A very wise man said long ago, "Everyone lives most of his life on the edge of desperation." Some men, instead of accepting the burden of life as the inescapable price that must be paid for the privilege of life, seek for a way out. "Anything," they say, "is better than this."

Such persons will attempt to shift their loyalties from one group to another, one religion to another, one country to another, one mate to another. Sometimes the change doesn't work out for the best. Sometimes the person turns loose of his old loyalties and fails to get a firm hold on a new one, and has to spend his life in a sort of no-man's-land.

We do not know whether any of the 21 boys who went over to the Reds were trying to shift their loyalties in the hope of bettering themselves, or whether they were broken in spirit and mind by the punishment dealt them. We dare not try to pass a final judgment on them.

But we may be sure that their fate will be a tragic one. Some may never be heard of again. Having now served the purpose of their Red captors, they may just "disappear". If they are allowed to go on living, one wonders whether they will be really accepted into the new kind of life they have chosen with the Communists.

Most of us learned the story of The Man Without A Country in public school. In a fit of rage he renounced his country. His country accepted his renunciation and he went abroad to live. He was not allowed to have any news from or contact with the land of his birth. In his late years he took up abode in a foreign land. Instead of being accepted there, he was shunned. He had no friends, no land. He didn't belong anywhere. More than likely this will be the fate of the tragic 21.

No one of us has any control over some circumstances of his life. We cannot choose the place or time of our birth, or can we pick our parents or our race, or our physical endowment, or our physical

Ozona March Of Dimes Total To Date Is \$2,450

Few Reports Not in; Drive Still Open to Week's End

Ozona's 1954 March of Dimes drive, officially closed with the end of January, will remain open the balance of this week while final reports are being made by drive workers and the drive results checked.

Total contributions to the drive stood yesterday at \$2,450, with some reports not yet received. Frank James, drive chairman, reported. All March of Dimes funds have been deposited at the Ozona National Bank and if there are any persons who have not had an opportunity to contribute and who wish to do so may leave their cash or checks at the bank and the amount will be added to the collection total. The drive will be closed next Friday, Mr. James said.

A number of local organizations assisted materially in making the drive a success, Mr. James said. The Ozona Lions Club realized a net for the drive of around \$1,100 from the Carl Webster Pierce Radio-TV show. Organizations making contributions included Epiphany Sigma Alpha sorority, \$50; P. T. A., \$60; Ladies Golf Assn, \$10 and \$241 from a March of Dimes day at the country club, sponsored by the group; the Ozona Woman's Club, \$15; the Woman's Forum, \$50; the Ozona Literary Club \$50; Ozona Rotary Club, \$25; and Continental Oil Party No. 13, \$47.

The final house-to-house drive, the Mother's March, staged Monday, brought in an additional \$407.70, the chairman reported.

One-third of the total realized from the March of Dimes campaign this year will go to the special vaccination program to be undertaken this year by the National Foundation for Infantile Paralysis. The balance will be divided evenly between local chapters and the National Foundation.

Ozona 4-H Club Makes Good Record In Ft. Worth Show

Win 2nd In Group 15 Crossbreds, 5th In Fine Wools

Crockett county sheep showed well against stiff competition at the Fort Worth Fat Stock Show the past week when a group of Ozona 4-H Club boys and girls show a second place group of 15 crossbreds, fifth in a group of 15 finewool and won high ratings with individuals in mixed showings.

What amounted to a first, second and third places in Suffolk-Rambouillet crossbreed was the 20th, 21st and 22nd places won by crossbred sheep shown by Gary Thomas, Carl Conklin and Erby Chandler, respectively. The first nineteen places were won by various crosses of such breeds as Southdowns, Shropshires, Hampshires and other meat-type sheep. Other Crockett county winners in this class were Bobby Sutton, 32nd; Erby Chandler, 33rd; Chris Hagestein, 37th and Johnny Jones, 39th.

Mark White's finewool lamb was judged in 50th place in a class of 200 lambs. Terry Jean Newton, who was too young to show in the junior class, showed in open classes Monday and won fourth place with her pen of three crossbreds, 12th and 13th places with individuals in the open class.

The lambs taken by the local 4-H Club group will be auctioned off Friday.

Tom Robison, 14-year-old, son of Mr. and Mrs. Miller Robison of Marfa, former Ozonans, had the first place lamb in the finewool class but was edged out for the junior championship by 18-year-old Maurice Tow of Waurika, Okla.

Ranchers Need Prior Approval Before ASC Work Can Be Started

Crockett county ranchmen were reminded this week by Mrs. Mary Dunlap, executive officer in the local ASC office, that before any 1954 practice can be started under the ASC program prior approval must be obtained from her office. Prior approvals expire in six months after date of issue. Money is not set aside for an individual until prior approval is issued.

All requests so far received at the local ASC office for the 1954 program have been approved, Mrs. Dunlap said. A limit of \$400 per operator has been set by the county committee as the maximum which can be earned this year and operators will be allocated the funds as long as the county's allotment lasts.

Funds have become available to pay for earnings above the \$400 limit set in 1953, Mrs. Dunlap announced, and those who earned more than that amount last year are asked to call at the ASC office as soon as possible and sign up for payment. Even though a ranchman has already drawn the \$400 limit through a contractor, if he earned more than that amount by carrying out additional practices, he can draw the additional by signing up for payment.

Howard Lemmons Enters Race For County Attorney

Young Attorney, Long Time Resident Here, Seeks Office

Howard Lemmons, son of Mrs. Ben Lemmons of Ozona and a resident of Ozona since 1928, this week announced his candidacy for the office of county attorney of Crockett county subject to the Democratic primaries this summer.

Young Lemmons has just completed all the requirements for a law degree from the University of Texas school of law at Austin and plans to return to his home town to set up for practice. He will take his bar examination next month after which he will become a licensed attorney. Formal award of the law degree will be made at the spring commencement.

Lemmons was four years of age when his parents moved to Ozona. He attended grade schools and graduated from high school here. He attended SMU in Dallas one year before going into the army during World War II. After his war service, he entered the University of Texas and completed his law training at the end of the semester there in January.

In connection with his candidacy for the office of Crockett county attorney, Lemmons submitted the following prepared statement: "Having satisfied all requirements for my LL.B. degree from the University of Texas, I plan to re-

Commissioner Ralph Jones Issues Statement In Explanation Of Salary Settings By Court

The following prepared statement was issued this week by Ralph Jones, county Commissioner of Precinct 1, relative to the recent actions of the Commissioners Court in setting salary schedules for county road workers in December and other county officers and employes in January:

"This statement is made so that the public may be informed exactly as to the setting of salaries by the Commissioners Court of Crockett County at their regular meetings in December, 1953 and January, 1954.

"A new Road Foreman was employed Nov. 15, 1953 and at the Court's first meeting after his employment, Dec. 14, 1953, a schedule of salaries was adopted which set the salaries the same as they had been raised during the year; and the majority of all the salaries of the road employes were raised during the year. The county had been paying three of the road employes monthly for the use of

98.1 Percent Of Taxes Collected In Crockett Co.

Taxpayers Hull Out \$726,851 For Co., State & Schools

Property owners of Crockett county paid 98.1 percent of the total of taxes assessed against them for county, state and school purposes in 1953, according to a compilation of the totals following the close of a four-months taxpaying period at the end of January.

The near-perfect collection of assessed taxes for the past year was reported by Mrs. Gertrude Perry, deputy in the office of Sheriff and Tax Collector V. O. Earnest, this week.

Taxpayers who own property in the county, approximately 85 percent of properties, paid a total tax bill of \$726,806.26.

Divided up into sums going to the county, state and schools, the totals are, for the county, \$262,265.38 out of a total assessment of \$267,534.91; for the state, \$101,854.76 out of a total assessment of \$103,776.08; and for the schools, \$362,731.76 out of a total assessed of \$366,500.26.

The above figures do not reflect the actual total of money collected by the tax collector during the October-January taxpaying period, Mrs. Perry explained. In addition to the above totals, additional sums were collected in supplemental, delinquent and poll tax payments, not included in the 1953 assessments as given.

Gas, Distillate Well Indicated In N'east Crockett U. T. Test

Sinclair Oil & Gas Co. 1-127 University, Crockett County wildcat in 7-56-University, 20 miles north-east of Ozona, has indicated gas-distillate production from a deep dolomite, possibly the Ellenburger.

On a one-hour drillstem test between 8,245-8,280 feet, gas surfaced in two minutes with volume estimated at 10,000,000 cubic feet daily. Mud followed in 26 minutes and distillate in 32 minutes. There was an unestimated flow of distillate into pits in 28 minutes.

Final recovery was 100 feet of distillate. Flowing pressure was from 1,025-1,125 pounds; 30-minute shut-in pressure, 3,375 pounds.

The project is 7½ miles southeast of the depleted Block 39 field.

1954 Auto Licenses Plates Go on Sale

Auto license plates for 1954 are now on sale at the Sheriff's office. The new plates must be on all motor vehicles by April 1.

Crockett county has received 1,440 passenger plates in two number series, FN 9500 to FN 9999, and FP 10 to FP 949. Truck plates totalling 425 are numbered IX3275 to IX3699. Farm trucks will bear numbers 5P 6350 to 5P 6699.

WALLACE GOOCH, Waco evangelist, will be heard in a series of gospel sermons at the Ozona Church of Christ beginning next Sunday and continuing through Sunday, Feb. 14. Services will be held twice daily, at 4 p.m. and 7:30 p.m.

Two More Dist. Wins Chalked Up By Lion Cagers

Eden and Menard Fall In Turn Before Ram-paging Locals

The Cinderella kids are still at it. The Ozona Lions of cage Coach Swede Peltó, who dropped 11 games in a row in their practice schedule, made it four district wins in a row Tuesday night by taking the "big one"—60-52 over the Menard Yellowjackets, early-season favorites. It was the Ozona team's 23rd straight district win covering a period of four seasons.

The Lions, sparked by the accurate shooting of Charles Garlitz, who racked up 25 points, the fine ball handling and backboard work of Johnny Ramirez and Bobby Martinez and the fine play turned in by Sammy Martinez and Ronnie McMullan, had the fast Menard team in a daze as they effectively held the Jackets in check to keep a lead of from six to 15 points throughout the contest.

Friday night, the Lions copped their third district win from an outclassed Eden team, which finished a close six points behind in a final flurry of point making against a liberally substituted Ozona team.

Sonora's Bronchos will invade the Lion lair here Friday night of this week and next Tuesday night, the locals go to Junction for the crucial test. The Junction Eagles are also undefeated in district play. A postponed game with Junction on the local court is set for Saturday night, Feb. 13, after a game with the Eldorado Eagles on the home court the night before.

Angelo Degree Team To Confer Masonic Degree Here Feb. 8

A degree team from San Angelo Suez Temple will confer a Master's degree in Masonry Monday night, Feb. 8, at the Ozona Masonic Lodge, it was announced this week.

A covered dish supper will be staged by the lodge starting at 6:30 p. m. All Master Masons are invited to attend. Bring a dish of food, says the lodge announcement.

Gulf Extension In Midway Completed

The Midway Lane 1300 field of Crockett County, 13 miles northwest of Ozona, has been extended one location south and northwest with the completion of Gulf Oil Corp. 8 Chambers County School Land for a daily pumping potential of 55.20 barrels of 23 gravity oil plus 86.3 per cent water, with gas-oil ratio of 123-1.

Production was from open hole between 1,390 feet where 7-inch casing was set, and 1,424 feet, the total depth. Top of pay was picked at 1,416 feet on elevation of 2,616 feet. Completion was natural.

Location is in 4-Chambers csl.

1,293 Poll Tax Issued For New Record Total

96 Get Receipts In Last-Minute Sunday Session

Crockett county's 1954 voting strength will be at a new record high as the result of a last-minute rush to pay poll taxes at the tax collector's office the past week-end.

A new record total of 1,293 poll tax receipts were issued from the office of Sheriff V. O. Earnest up to the deadline when the office closed at 7 o'clock Sunday evening after remaining open for a five-hour period Sunday afternoon as an accommodation to the late taxpayers.

The new record voting strength is 148 above the previous record set in the general election year of 1952 when 1,145 polls were registered, and 588 above the off-election year of 1953 when only 705 paid poll taxes.

Of the total poll tax receipts issued, 1,245 are regular voting polls, 13 are alien non-voting and 35 exemptions, under-age, new residents and disability exemptions.

Swimming Pool Planting To Be Complete Soon

Literary Club Orders Shrubs, Trees For Beautification

Beauty will be added to the already beautiful Ozona swimming pools and patrons of the city's two pools will enjoy a new look when this year's swimming season rolls around, thanks to the efforts of the Ozona Literary Club.

The club has placed an order for a total of 52 trees and shrubs which will be used in landscaping the grounds and surrounding areas of the two pools. Twenty-six shrubs, flowering and decorative shrubs, and two trees are to be planted at the north pool and 22 shrubs and two trees at the south pool.

The Literary Club, having adopted the pool beautification project for the year, secured the services of a nurseryman-landscaper in conference with county officials planned the pool planting. The trees will be planted at the front of the buildings and the shrubs outside and inside the pool enclosure area. Grass planting around each pool and in lawn areas at the front entrances will be included in the final planting this spring.

Baptists Plan Winter Revival Starting Feb. 14

Rev. C. A. Roberts, Ft. Worth, To Preach In 8-Day Meeting

Rev. C. A. Roberts of Fort Worth will do the preaching during the winter revival campaign of the First Baptist Church of Ozona starting Sunday, February 14. Rev. Blake Woolbright, pastor, announced this week.

Jack Kay of High Point, N. C., will lead the song services during the revival lasting through February 21.

The church is being led in preparation for the meeting by four committees, Rev. Woolbright announced. The prayer committee is headed by Ted Lewis, the visitation committee by Jack Stricklin, the hospitality committee by Mrs. Lowell Littleton, and the finance committee by Ira Carson.

Rev. Roberts is a graduate of Baylor University and is one of the leading young evangelists in Baptist circles. He was an all-state basketball player while play-

Lt. Perry On Team of Ft. Bragg Psychological Warfare Soldiers Who Broke Record In Waging Paywar On Behalf of Crowley, La., Folio Drive

FORT BRAGG, N. C.—With a lot of guts, ingenuity, enthusiasm, and applying the Golden Rule, five soldiers of the Army's Psychological Warfare Center turned a small town's annual polio drive into a nation-wide record, near-\$11,000 "Louisiana hayride."

Using a radio auction as their vehicle, the five Paywarriors netted almost \$3,000 more than the \$8,000 set as the contribution goal of Crowley, La. They took in the money in a 17½-hour broadcast, spread over Jan. 9-10.

Polio Fund officials said the amount collected represents the highest per capita contribution, through a radio collection, in the United States.

Coordinating the voluntary work of the five soldiers was 2nd Lieutenant Joseph A. Perry, 34, son of Mrs. Gertrude Perry, Ozona. A former government worker in Germany, Lt. Perry entered the service on May 1, 1953, at Fort Benning, Ga., where he served until the end of August.

At that time he was assigned to the Psychological Warfare Center, and, after completing the officer's course of the Psychological Warfare School was further assigned to the 12th Consolidation Company of the Center's 6th Radio Broadcasting and Leaflet Group.

Lt. Perry graduated from Ozona High School in 1947, and received his Bachelor of Arts degree, in History, from Texas Agricultural and Mechanical College in 1951.

The other four members of the group were Privates First Class Louis M. Basso, of Groveland, Mass., Frank Mason, of Holliston,

Mass., Larry Meek, of Aurora, Ill., and John Van Cronkhite, of Yonkers, N. Y. They traveled at their own expense, with the Army giving them time off.

The success of the campaign is a personal triumph for Basso, who was "borrowed" from the Army to help the town run "Operation Polio." As a civilian radio announcer and disc jockey of KSIG, the Crowley station, he came up with the idea of the radio auction two years ago and netted \$5,500 for the fund. Last year he repeated the stunt, to the tune of \$7,400.

The quintet arrived in Crowley three days before the broadcast, and spent that time in feverish advance publicity preparations. Except for Basso, they alternated in riding in a sound truck in an around Crowley, broadcasting appeals for contributions. Meek also wrote articles for the Crowley Daily Signal, Van Cronkhite did photographic work, and Lt. Perry dropped leaflets from a civilian plane on Crowley and eight surrounding towns while Basso was laying the groundwork for the broadcast.

The big moment came at 6:30 p. m. on Saturday, Jan. 9, when "Operation Polio" went on the air. The contributions came in slow, and at midnight they signed off with a disappointing \$2,700.

On Sunday, the tide turned. Basso began broadcasting at noon, and by 7 p. m. the contributions went over the top, reaching \$10,000 some 3½ hours later. All of the five soldiers were on the air at one time or another, auctioning everything that came to the studio as gifts.

Besides humorous incidents, the Paywarriors also encountered touchingly dramatic scenes as children, themselves polio victims, came to the studio offering their donations for sale in the drive.

Little Jo Ann Kibedeaux, 6, came with a brace on her left leg, bringing all of her savings, ten dollars, in her hand. Basso sold the \$10 bill twice, for several hundred dollars. The bill was then returned to Jo Ann.

The broadcast drew to an end, a listener called in, offering ten dollars if the Paywarriors sang "I love Paris" for him. A few minutes later he called again.

"I'll give you ten more if you stop," he said. The Paywarriors swallowed their pride and checked the cash register for another ten dollars.

Potsdam Interpreter, Student of Communism, Is Rotary Speaker Here

Dr. Louis E. Fraser, professor of languages at San Angelo College and one of the interpreters attached to the American delegation at the Potsdam conference, spoke on the subject of Communism as compared to our way of life at the regular meeting of the Ozona Rotary Club Tuesday noon.

The speaker, a close student of

world affairs and of the rise of Communism in the world, traced the growth of Communism from the teachings of Karl Marx to the present, from 80,000 to 800,000,000 enslaved people of today. Dr. Fraser concluded with a comparison of the Ten Commandments with the Communist doctrine, pointing out under the Communist scheme, murder, theft, etc. are in no wise wrong so long as they serve the Party.

Lions Win Third And Fourth District Games In A Row

By Larry Lewis

The Ozona Lions topped the Eden squad here last Friday night 58-52. It was Ozona's third win in the district contest and Edens fourth loss. It also marked the 22nd consecutive district win in a row.

The Lions, getting off to a slow start, had Eden 20-14 at the end of the first quarter. Then, rushing to a 34-21 lead at the half and going into the third period 50-39.

Big Charles Garlitz led the Lions scoring with 21 points, followed by Sam Martinez with 13. Jimmy Peek hit 18 for Eden while Jimmy Green scored 12.

In the second game this week the Lions roared over Menard 60-52. This made the district win column go up to 4 wins and no losses and the win also added another victory in consecutive district wins to make it 23 straight!

The Lions held Menard anywhere from 6 to 13 points behind until the last three minutes of the ball game when the Menard players started getting hot and hit everything they threw at the basket.

Charles Garlitz was high for the Lions with 25 points while Pete Perry hit 14 for the losers.

The Lions play Sonora here Friday night and will be out for another district win.

Heard From The Test Tube

By Jerry Currier

Here we are again, the ol' test-tube and I, to make all good scientists tear their hair. I have been threatening Phillips all week with mentioning him in my column, but I just don't want him to get a swelled head. And for that matter I don't want to clutter up my article with bad names.

The testtube tells me that he knows a fellow that sculpts dried apples. Why anyone would want to sculpture a dried apple I don't know.

The ol' testtube and I visited Columbia University the other day to see Dr. William L. Donn's seismograph that spots hurricanes. Dr. Donn says that the seismograph does this through the medium of microseisms, which hurricanes cause.

I discovered, the other day from the testtube, that the Department of Agriculture keeps a new kind of bank. A bacteria bank! That just goes to show you that you can borrow anything these days. If you need a cold, all you have to do is rush up to The First Nat'l Germ Bank and borrow one at 50% interest compounded quarterly. Of course it's easier to just take all your clothes off and run down the street shouting "Eureka, I've found it." That's what Archimedes did. And if he can do it so can I. This is for Mr. Brentz's benefit so he'll know that I do study my Physics.

Well, folks, I guess that's all for this week, so the testtube and I will be off from our fans until next week.

SOPHOMORE CLASS

The Sophomore Class discussed whether or not we should have a Valentine Dance. A vote was made and said that we would have it informal on February 13. We then discussed how we would raise the money. It would be decided at the next meeting. Committees were selected to carry on the various entertainment activities for the dance. Meeting was then adjourned.

BAND PLAYS IN ASSEMBLY

The program was given to us by the band under the direction of Mr. Smith.

At the first of the year the band gave the program and Mr. Vick was here and directed them in some music. He was here again this time. He directed them in a march and an overture, both very good.

The band played several marches and overtures, and also had a solo by Dwight Odum which was good.

I am sure everyone enjoyed hearing the band again and we all hope they will play again for us sometimes. Cecilia Cooke

Fads and Foie

By "BIG PHIL"

Ah yes, I was a pretty sleepy young man after this week-end. Several of my fellow friends fell into this slot also—I went up to Midland. There I saw Stiney's old heart-throb, Perks. Then I came to a decision, leave the woman alone. This conclusion was also spurred by the fact that I was down to my last roll of pennies—over in Odessa, Big Bud lay in the gutter, sleeping off a special brand

of cigarette, made up of Brooms Muler and asperin! Then Dow, and Lil' Ron from Juarez got a map, and went on their merry way to cow town. You know, it's still pretty wild country up that way. Their car train was attacked three times by a band of renegade Indians. But after that more bad luck befell them. A shot had pierced their only water barrel, and they had to fall back on their whi-key supply, but this wasn't too bad cause it was only three days to the next water hole! But then when they got to the watering place—as you know there has always been trouble among the redskins and lil' Ron. So to get even they had poisoned the water hole.

Then they came across this oasis, and this beautiful woman gives Dow a glass of water! Naturally being an honest man Dow offered to pay her for the drink. When he ask her how much for the drink she said, "Anything you'll give me."

Enough for this week, gentle readers, so till the next time you turn the page and the name of "Big Phil" comes into focus and terror once again comes into your heart, go eat a pickle-burger. (I'm getting cornier than Currier!)

Dear Mae:

Well, it looks as the time has sneaked up on me again, I hope you will forgive me for just a short letter.

I guess Judy P. will take better care of a certain ring now that she found it. (She had lost it) I also hope she takes care of the "picture" she has of herself. Wow! is it a killer, if I had it I would pin it on the bulletin board!

I guess Jean P. is happy now that David C. is out of the hospital, he was burned pretty bad you know.

I see Mike and Wanda are still going steady! They're getting as bad as Jan and John!

I wonder how Bill P. and Beverly Day are getting along, have you heard?
The Ozona girls Volleyball team played Iraan last night for their first game, to our sorrow they lost, but maybe next time they will be on the ball and do better we hope so anyway.

I guess I better go now for I have work to do.

Even the price is sensational!

As you look at it, you can see a lot of what makes this new 1954 Buick SPECIAL so sensational.

You can see the long, low, sleek and ultra-glamorous lines that add up to the biggest automotive styling change in years.

You can see the remarkable new windshield with the back-swept corners—greatest visibility improvement since closed cars came on the market.

But what you can't see—till you drop by for a visit—is the sensationally low price of this car—a local delivered price that's just a few dollars more than those of America's "low-priced three."

And you can't see—sitting where you

are now—the rest of the great automobile that's yours for so low a figure.

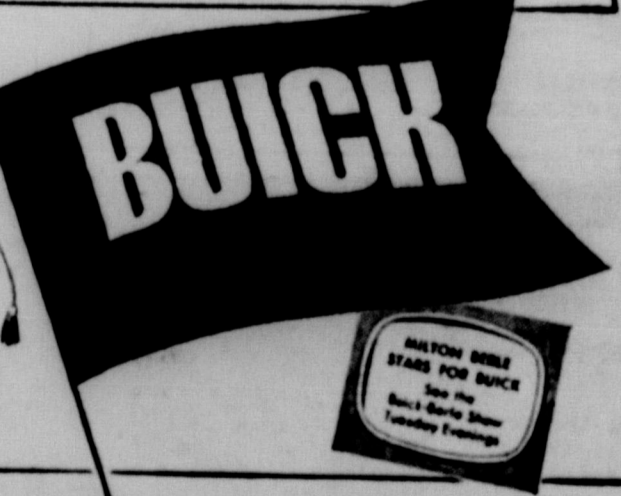

The spectacular power of this SPECIAL's brand-new V8 engine. The honest six-passenger roominess. The truly modern interior luxury. The superb new handling ease. The sublime comfort of Buick's famed Million Dollar Ride—now steadied even more by a newly developed front-end geometry.

Fact is, there's so much that's terrific about this new glamor car, you ought to drop in and give it a really thorough study and sampling.

That way you'll prove to yourself that the buy—and the thrill—of this year is Buick. Come in this week, won't you?

BEAUTY TREATMENT THAT GIVES 19% MORE VISIBILITY
New back-swept windshield on all 1954 Buicks is the latest note in modern styling, and a big step-up in your view of the road ahead.

 to Ozona, where I have lived my life, to engage in the practice of law. During the past several months I have received encouragement from several of the voters of Crockett County to announce in the office of County Attorney at this time I am making such official announcement of my intention to run.

Since there has been some question regarding my being eligible to take the office January 1, 1954, I would like to now state that I will have satisfied all statutory requirements concerning residence and education.

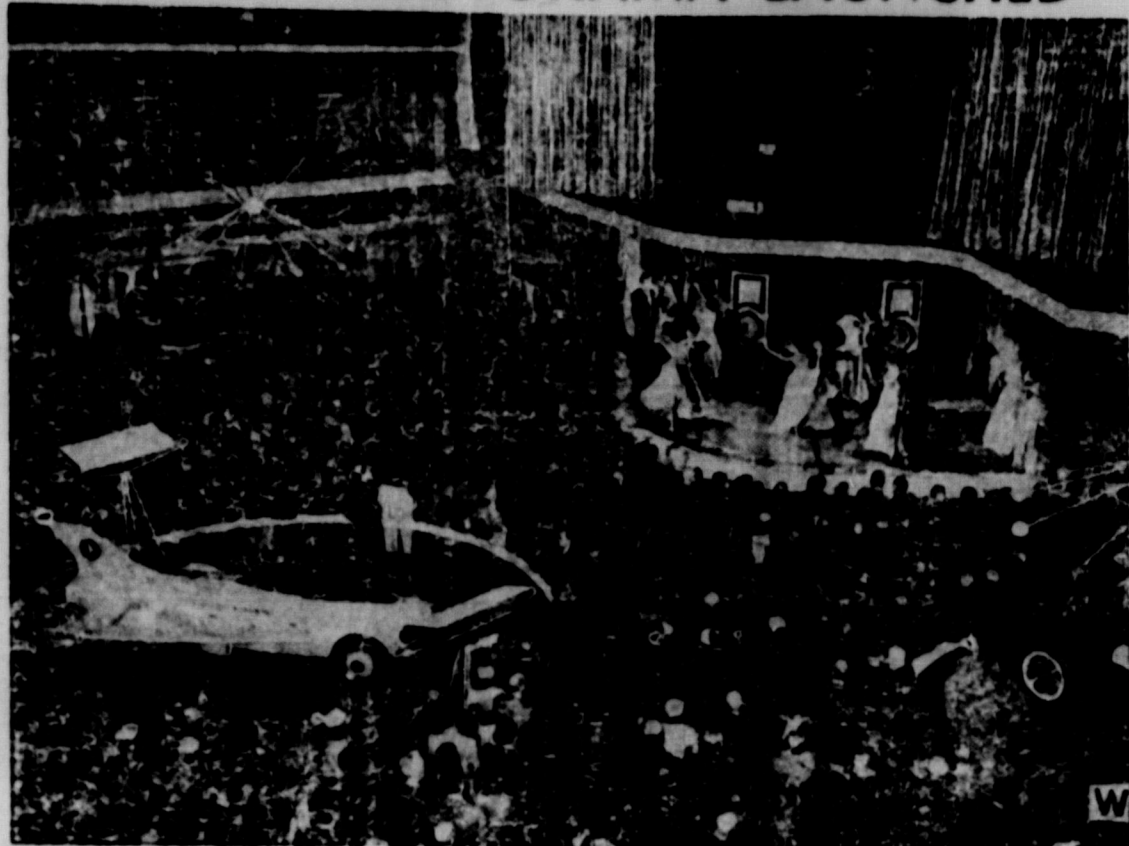

My plans are to return to Ozona to make my home approximately the first of May, 1954, and at that time I will personally contact as many old friends as I am able and the same time will try to make many new friends as possible. I am a veteran of World War having seen foreign service in Italy and Africa, and also a veteran of the Korean War, where I served 11 months with the 25th Infantry as a Combat Infantry Platoon Leader. I served in the medical services for a total of five years.

I would appreciate very much your consideration and support in the forthcoming election and will endeavor to do all in my power to fulfill the duties and responsibilities as your County Attorney.

Miss Patricia Hickman Honored At Gift Tea

Miss Patricia Hickman, daughter of Rev. and Mrs. Troy Hickman, whose marriage to Sherman L. Plepler of Coleraine, Minn., will take place Friday evening, Feb. 5, in Coleraine, was honored at a gift tea Monday afternoon in the home of Mrs. S. M. Harvick. Hostesses were Mrs. Harvick, Mrs. L. B. Cox, Jr., Mrs. B. B. Ingham, Sr., Mrs. R. A. Harrell, Mrs. Stephen Perner, Mrs. Ted White, Mrs. Charles Williams, Sr., Mrs. Floyd Henderson, Mrs. Joe Pierce, Jr., and Mrs. H. B. Tandy.

Guests were greeted at the door by Mrs. Martin Harvick and Mrs. T. A. Kincaid, Jr., Mrs. B. B. Ingham, Sr., and Mrs. Evert White invited guests into the living room where they were received by Mrs. Harvick, the honoree, her mother, Mrs. Troy Hickman and her sister Miss Marjorie Hickman.

Mrs. Charles Williams, Sr., registered guests in the bride's book and Mrs. W. D. Cooper assisted in the library. In the gift room were Mrs. Stephen Perner, Mrs. Floyd Henderson and Mrs. Ted White, Mrs. R. A. Harrell, Mrs. Joe Pierce, Jr., Mrs. L. B. Cox, Jr., and Mrs. H. B. Tandy assisted in the dining

room. Mrs. Paul Perner, president of the Methodist WSCS, and Mrs. L. B. Cox, III, president of the Sunday School class taught by Mrs. Hickman, alternated at the coffee and tea service.

The bride's chosen colors of silver and pink were used in decorations throughout the house with sprays of pink stock, silver lycopodium, pink carnations, pink camellia, elfie roses, myrtle, nandina and silvered ligustrum.

The dining room table was laid with a pink organdy floor length cloth over taffeta caught with nosegays of pink carnations on silver ribbon bows. A large silver bowl holding an arrangement of pink stock and carnations centered the table, with pink wedding bells on silver leaves surrounding the bowl to complete the centerpiece. The buffet held silver candelabra with pink candles. Nosegays of pink carnations cascaded from the silver candelabra. Pink flowers and silvered grasses and dried flower clusters were used in tasteful arrangements throughout the house.

About 100 guests called during the tea hours.

Shallow Wildcat Set On University Land 25 Mi. West of Ozona

Wright Cowden of Midland has filed application to drill a shallow cable tool wildcat in Crockett County, 25 miles west of Ozona. It will be the No. 1 University.

The project is slated for a 2,050-foot bottom. Operations are to begin immediately.

Location, on a 160-acre lease, is 330 feet from the north and west lines of the southeast quarter of 36-29-University.

The prospector is 3/4 miles southeast of the Lancaster Hill field, which produces from the Grayburg at an average depth of 1,624 feet.

It is also 3 1/4 miles east of Wilcox Oil & Gas Co. 1 University, plugged and abandoned at 3,245 feet on elevation of 2,712 feet. Operator reported no tops.

LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth — Woolled slaughter lambs advanced sharply by Fort Worth Monday and prices were 50 cents to \$1 above last week's close. Shorn fat lambs were strong to 50 cents higher, and slaughter ewes sold strong to 75 cents higher. Some 100-pound woolled lambs topped at \$21.50, a new high for the current movement. Fresh shorn ewes at \$9.75 were fully 75 cents above last week's close. Feeder lambs and yearlings were fully steady to strong.

In the cattle division all classes sold fully steady on the early rounds and in the cleanup sales in the later part of the day some spots were easier on fat cows and on the shortfed beef steers and yearlings.

Calves drew firm prices, some sales of the more desirable kinds stronger. There was some slowness on the medium inbetween fleshed calves of heavier weights that weighed in the light yearling bracket.

Stocker demand was fully adequate to provide strong prices for the class, quality considered. High quality load lots of stockers and feeders were quotable \$1 or more above most sales recorded Monday.

Good and choice fed steers and yearlings cashed at \$18 to \$23, and common to medium offerings cashed at \$12 to \$17.

Fat cows cleared at \$11 to \$12.50, and canners sold from \$7 to \$11. Bulls sold from \$10 to \$14.

Good and choice slaughter calves cleared at \$16 to \$19, with a few fancy heavies to \$20. Common and medium offerings cashed at \$12 to \$15, and culls sold from \$10 to \$12.

Medium and good stocker calves sold from \$15 to \$19, with choice loads quotable higher. Medium and good stocker steers and yearlings cashed at \$14 to \$19.50, with choice loads quotable higher. Stocker cows drew \$10 to \$13.50.

Good and choice woolled fat lambs sold from \$19 to \$21.50, and shorn fat lambs of good and choice grades sold from \$17 to \$18.75, the higher figure on fresh shorn kinds. Cull, common and medium lambs cashed at \$12 to \$16.50. Stocker and feeder lambs sold from \$13 to \$19, shorn feeders largely from \$17.50 down. Shorn feeder yearlings cashed at \$12 to

\$14, and slaughter yearlings sold from \$10 to \$15.

Slaughter ewes sold from \$7 to \$9, some fresh shorn ewes at \$9 representing a new high for that class in the current movement. Old bucks drew \$4 to \$5.50. Old wethers cashed at \$9 to \$11.

Moore Set Outpost To Todd, North Field Gulf Spots Vauhan

John L. and P. D. Moore et al of Midland have filed application to drill a 3/4-mile northeast outpost to their 1-M Shannon, opener and lone producer in the Todd, North (San Andres) field of Crockett County, 18 miles northwest of Ozona. It will be the 1-S Conoco-Shannon Estate.

Drilling with combination tools to 2,000 feet will begin at once.

Location, on an 80-acre tract, is 2,310 feet from the north and 990 feet from the east lines of 10-10-GC&SF.

The No. 1-M Shannon was finished Oct. 15, 1953, for a daily flowing potential of 38.65 barrels of 30.1 gravity oil, no water, with an estimated gas-oil ratio of 1,000-1. Production was from between 1,549-1,842 feet in the San Andres, topped at 1,838 feet on elevation of 2,416 feet.

Gulf Oil Corp. has filed application to drill its 2-J Shannon Estate at one location south and west of production in the Vaughan field of Crockett County, 11 miles northwest of Ozona.

Cable tool drilling to 1,450 feet will begin when permit is approved.

Location, on a 240-acre tract, is 330 feet from the north and 990 feet from the east lines of the north quarter of the northwest quarter of 5-UV-GC&SF.

Accurate and Complete

RANCH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Al Ross Instructor Offer Course In Photography In Ozona

Glenn Burgess, photographer, business man and college professor from Alpine, may hold an extension course here in amateur photography. That is, if as many 10 Ozona people will sign up. This information was received last week by J. Troy Hickman in a telephone call from Mr. Burgess.

Proprietor of a photo supply shop in Alpine, free lance press photographer, and instructor in photography at Sul Ross College, Burgess is known all over West Texas for his pictures of The Big Bend Park and Davis Mountains.

In the telephone chat with Mr. Hickman, Burgess said, "Another Al Ross professor will be driving his car to Ozona each Monday night of the new semester (now through May) to teach a course at high school. By riding with me I can offer the photography course at a bargain rate."

The class would carry full college credit for those qualifying. College credit, but the credit fee is optional. It would be open to anyone old enough to grasp the subject-matter and willing to part with the fee, \$21.

"Incidentally," said Mr. Hickman, "the fee figures out this way: 16 weekly class sessions at 4 hours each, 48 class hours of instruction. Cost per hour to each student, less than 50 cents."

The class will be open to beginning and experienced amateurs. The instruction and demonstration will include both picture "taking" and darkroom "processing", developing film and prints. "You would imagine," said Mr. Hickman, "that anyone who takes a course would be able to master the fundamentals of picture composition, film exposure, equipment management, and thereafter process his own film and prints at home if he wants to."

Those interested in taking the course should leave their names (phone call will do) at The Stockman Office through February 9th with Mr. Hickman after Feb. 10. Since the semester period for which the course is available has run, it is important that no time be wasted."

Mr. and Mrs. Robert M. Neal, former Ozonans, have purchased a Shop de Los Llanos, a ready-to-move store in Junction. The Neals are ranching in Kimble County. Mrs. Neal is the former Mrs. Mae Dunlap, daughter of the late Dunlap of Ozona.

BOYS THANK HOSTS FOR TOURNEY QUARTERS

Perhaps typical of other "thank you" notes received by Ozonans from boys who stayed in Ozona homes during the recent basketball tournament, one from two lads from Uvalde who stayed at the Arthur Kyle home is a refreshing commentary on the innate courtesy and consideration of most modern youths, especially in the

ile delinquency in these days. "We would like to thank you for the kind way we were received on our recent trip to Ozona," the boys, Jimmie Holland and Geo. C. Jolley, Jr., wrote. "We really had a good night's rest and everything was fine. I think it really face of the many stories of juven-

showed that the people of Texas have big hearts and we thought it was swell the way people of Ozona pitched in and helped the boys that came to your fine tournament. I hope we can come again next year as we really enjoyed it. "Thanks again and good luck in your district race."

Here and There

cal stature. We may be entirely displeased with some aspect of the deal fate has given us. But most of us do better to go on and make the most of our circumstances. Seldom does it pay to rebel against them, or try to trade them for something else.

Some people have always known this. It was expressed long ago in a fable about a little pine tree. A little pine tree stood at the edge of a great forest. It was unhappy with its lot. "O that I could be one of the giants of the forest," it said. A fairy happened to be nearby and heard the little tree's wish. The fairy waved a wand and instantly the pine became mighty giant, standing proud and high. That night a storm struck the forest. The little pine trees all bent their heads and the wind passed over them. All the big giants, unable to bend, shattered and fell.

The fairy came back and touched the fallen giant with his wand, and it became the same little pine again. Still it was unhappy. "If only I could have big broad leaves like some trees have," said the little pine. "They would be so much better than these insignificant needles of mine." The wand touched the little pine and it stood clothed in glistening broad leaves. But a flock of goats came by and stripped it bare.

Once more the fairy came to its rescue and turned it back into the same little pine. Still it was unhappy. "I wish I had leaves of gold," it said. "Then men would admire me and I would be so proud." The wand touched it, and it stood shining in the sun, a tree of gold.

But a thief came near and saw the golden tree. He brought a bag and stripped every leaf. Once more the little tree was desolate and ashamed. The fairy came back again.

"What now, little tree," he said. "What is your new wish?" "Please sir," said the pine, "just let me have my old self back again."

As the patient fairy made the final gesture with his wand and changed the unhappy pine back to its original state, it said, "I

have learned that for little pine trees little pine needles are best."

The fate of the unfortunate 21 will cause many a long thought about the ways of God and man. It will point up again the reality of what Wordsworth called, "The inhumanity of man to man," and what Jesus said long ago about the sword.

The mob had come to arrest him. In a mood of uncalculating loyalty Simon Peter, one of the disciples, drew a sword to protect his Master. Then Jesus said to him, "Put your sword back into its place; for all who take the sword will perish by the sword."

This lesson the world has yet to learn. These 21 boys are paying the price for our failure to learn it. In the days ahead thousands of others will pay the same price. It may even be that all of us will some how have to pay.

Mrs. Glen Richardson Honored at Rocksprings

The Rocksprings pack building was the scene Thursday of a bridge party honoring Mrs. Glen Richardson, a recent bride, who was the former Miss Rosalie Friend of Ozona.

Mrs. Lowell Hankins was hostess and was assisted in entertaining by her daughter, Mrs. Frank McMullan, Jr., of Ozona.

Guests were greeted at the door by the hostess, the honoree and her mother, Mrs. W. E. Friend, Jr., of Ozona, and were registered in the bride's book by Mrs. McMullan.

Miniature trees hung with red glitter hearts formed the table centerpiece and mantel arrangements. A Valentine motif was used in other decorations in the entertaining room. Potted primroses were given as prizes to Mrs. Walter Thurman, Jr., Mrs. Soull Shanklin, Mrs. Howard Grooms, Mrs. Jean Hankins and Mrs. Louise Babb. The honoree was given a planter of ivy.
