

TORNADO STRIKES LOUISIANA TOWN; 25 KILLED

Balanced Price System Is FD's Aim

Inflation Not Part Of His Program

Nor Is Further Devaluation Of Dollar Planned

WASHINGTON, Feb. 18 (AP)—President Roosevelt made public an interdepartmental committee report today declaring the administration's program "seeks a balanced system of prices such as will promote a balanced expansion in production."

He said this bid did not mean inflation or further devaluation of the dollar.

Several Attacks
Commenting on the report which declared that in the present situation a "moderate rise in the general price level is desirable, and that this rise need not and should not extend to all prices," the president at a press conference, anticipating questions as to what was to be done about it, said the problem was being attacked on a good many fronts.

He said examples of steps already taken toward recovery and a better balance of prices were the new farm act, the new housing construction program and the added \$250,000,000 for relief. He added all these elements would help.

Does the program mean inflation? the president asked himself and replied with a flat no.

Mr. Roosevelt gave the same answer to a self asked query whether it meant further devaluation of the dollar.

Increase Where Needed
He added the virtual abandonment of gold sterilization was part of the plan to help restore a balanced price structure.

The committee report, which he termed noteworthy in that all the officials and experts had agreed on it, declared the price rise "should take place in and must be mainly confined to classes of commodities whose prices are too low."

"These include," the report said, "most of those raw materials and finished products which are produced and sold under highly competitive conditions. Such rise must not be so sharp, or continue so long, as to lead to a repetition of the unhealthy speculative conditions of a year ago."

"Our program seeks a balanced system of prices such as will promote a balanced expansion in production. Our goal is a constantly increasing national income through increasing production and employment. This is the way to increase the real income of consumers."

FOUR MEN CHARGED IN CATTLE THEFT

CARRIZO SPRINGS, Feb. 18 (AP)—Four men were in the Dimmitt county jail today charged with cattle theft while Sheriff Arthur Knaggs prepared to assemble a grand jury here Monday.

Four cattle theft charges were filed against Erskine Prose, two cattle charges against both Harry Miller and Willis Sansom, and one charge against Rube Bell. All reside near here.

What Is Your News I. Q.?

Each question counts 30; each part of a two-part question, 15. A score of 90 is fair; 80 good. Answers on editorial page.

1. Who is this man? What government agency does he head?
2. What anniversary are Methodists observing this year?
3. Did Representative Strovich suggest that the U. S. get rid of Japanese fishermen in Alaskan waters by (a) dropping warnings from a plane, (b) poisoning them, or (c) bombing them?
4. What English invention is designed to enable a heavily-loaded plane to fly without the usual take-off?
5. The London naval treaty of 1936 set no limit to the size of ships. True or false? Did Japan sign it?

WRECKAGE IN WAKE OF MERTZON STORM

Here are two views of the devastation at Mertzton after that iron county town was swept by a windstorm Wednesday night, leaving 18 persons injured, three of them seriously, and 100 homeless. The top picture shows what was left standing of a gasoline and oil storage plant. To the left rear is wreckage of Mexican shack homes. Below, Jim Long's home a mile southwest of Mertzton was whipped by the wind's fury into match kindling. Five buildings were demolished, a score more damaged.

Opposition Develops To Hitler's Moves To Dominate Austria

Groups Band To Stand Against Nazi Policies

By The Associated Press
Nazified Austria rumbled with opposition. Great Britain hinted she would not watch idly the Hitlerization of Central Europe. But Germany went ahead today to extend her domination of Austria.

In Austria there was talk of raising barricades. Diversed groups, all fearful of national socialist plans, found common ground in anti-Naziism.

Monarchists, their homes of empire glimmering, met to formulate an agreement with socialists, irreconcilable enemies of nazidom. The fatherland front, Austria's only legal political party, cried out for a voice in Austria's destinies and was rebuffed by Chancellor Kurt Schuschnigg. The tough Sturmkorps, anti-Nazi troops, were aroused.

Catholics feared Nazi influence was a blow to them. Jews were alarmed. Finance feared a flight of capital. Industrialists feared intensified business with Germany might drain Austria of valuable imported raw materials.

These fears were fed by authoritative German reports that Reichsfuehrer Hitler was determined to accomplish economic union between Germany and Austria. A customs union was taken for granted.

Britain's leaders had what was considered a "show down" talk with Count Dino Grandi, Italian ambassador to London, on the role of Italy in the Austrian crisis. British Foreign Secretary Anthony Eden earlier had promised the government would continue to interest itself in Austria "in relation to Central Europe as a whole."

London diplomatic circles expressed belief Italy had demanded, and received, promises of a military alliance for acquiescing in Hitler's virtual suppression of Austrian independence.

The questions still unanswered were: Why did Italy agree now, when she would hold to her "wait and see" policy. And France, with her interest in continued independence of Austria? Where was Germany's export nazism next? To Czechoslovakia, where there is a large German minority? To Yugoslavia, or other of her smaller neighbors?

Some answers were expected Sunday, when Hitler will address the reichstag. Britain indicated until then she would hold to her "wait and see" policy. And France, with a wary eye on Central Europe, moved to speed her armament.

Three Injured In Hwy. Crash

Mrs. L. D. Chrane In Serious Condition After Mishap

A snowy termination of an unusually moderate winter season contributed to the injury of three persons, one of whom was seriously hurt, in a car crash on highway 1, 19 miles east of here early Friday morning.

Mrs. L. D. Chrane was in a serious condition at the Bivings hospital where she was rushed after the car in which she and her husband were driving from Abilene to Big Spring struck the rear end of a tank truck which had stopped. She sustained a fractured pelvis bone and other injuries.

L. D. "Blondy" Chrane, who was driving the car, said that fog and snow reduced visibility until he was almost upon the truck. John C. Short, driver of the truck, suffered bruises and lacerations as did Chrane. Both were given emergency treatment and allowed to return to their homes.

The highway patrol was following up Friday on its investigation immediately after the collision at 12:30 a. m.

Mrs. Laura Petty Taken By Death
Mrs. Laura Petty, 75, pioneer Howard county resident, died suddenly at the family home at 310 No. W. 4th street here at 1:30 p. m. Friday. Death was due to a heart involvement.

She was the wife of B. L. Petty, and together they had made their home in Howard county for the past three decades. Mrs. Petty was born Oct. 24, 1863.

Surviving her are four sons and two daughters. Funeral services are pending until word is received from one son in California. The body will lie in state at the Eberley chapel.

CAMERA ENTHUSIASTS TO MEET TONIGHT

were reminded today of a meeting to be held at the Crawford hotel tonight, when steps will be taken toward forming a camera club. The session will be held in room 714 at the Crawford, beginning at 8 o'clock.

All those interested in photography have been invited to attend. It is suggested that cameras be brought to the meeting.

Blizzard In Oklahoma

Snow, Ice Create Havoc; Floods Hit Parts Of S'west

OKLAHOMA CITY, Feb. 18 (AP)—The worst blizzard in years befetted Western Oklahoma today as floods, snow, sleet and ice disrupted communication, made highways hazardous and caused widespread suffering in virtually all sections of the state.

Snow covered the parched Panhandle, aiding crops.

Precipitation for the week ranged up to eight inches at Caney, in the south central portion, putting an end to drought conditions over most of Oklahoma.

Telephone and electric power lines snapped under the weight of ice in the Enid area.

Flood menaced Eastern Oklahoma. Pottaw was reported surrounded by water. Rescue workers removed 75 families in crude boats estimated another 100 were marooned in lowlands by Arkansas river and San Bois creek waters.

FORT SMITH, Ark., Feb. 18 (AP)—Swirling waters of a rapidly rising Arkansas river sent hundreds of persons from lowlands in this area and assumed proportions of a major flood today.

Highwaters tied up three railroads, approached tracks of other lines and continued to paralyze traffic on several highways in this district.

High water threatened the Fort Smith factory district and stocks of some of the plants had been moved. Box cars were spotted along tracks to relieve other plants.

Committee OK's Relief Allotment

WASHINGTON, Feb. 18 (AP)—The senate appropriations committee reported favorably today the \$28,000,000 emergency relief appropriations bill, stripped of the "alien" provision voted by the house.

Senator Adams (D-Colo.) said the amendment would have permitted aliens to share in relief if they had declared their intention to become citizens, or had "lived honorably" in the United States 10 years.

The committee struck the amendment at the suggestion of Aubrey Williams, acting Work Progress administrator, Adams said.

Adams said no attempt was made in committee to increase the total appropriation.

Mercury Slips To Low Of 26 Here

Snowfall General In Panhandle; Rains Bring Floods

A definite end to this section's balmy weather had come Friday morning, as sleet and snow accompanied a drop in temperature to 26 degrees. The ground was covered with light snow early in the morning, but sunshine rapidly melted the fall.

How Much Damage?
Opinion was divided as to whether the freeze had killed budding fruit. Some observers believed the ice coating had formed solidly enough to prevent serious damage. However, a forecast of continued cold for tonight gave prospects of a damaging freeze. Rising temperatures were predicted for Saturday.

Meanwhile, terrific rains in Northeast Texas the past few days had sent rivers and creeks out of their banks, leaving 15 towns without gas service, inundated highways and cut off traffic and washed out 1,600 feet of Missouri-Kansas-Texas railroad track southeast of Denison.

Snow blanketed part of the Panhandle and plains area and the cold was extended deep into the state. Schools Closed

Several schools were closed today in the Paris area from lack of fuel after a gas main went out east of Bonham yesterday. Gas company officials at Paris said they expected service to be restored possibly by noon.

Meanwhile untold inconveniences and discomfort were experienced in towns served by the disrupted gas line, from Dodd City to Clarksville from Clarksville to deport on the south and Hugo, Okla., on the north.

Deputies sheriff at Dallas were ordered to stand by to aid marooned families should a levee on the East Fork of the Trinity near the Dallas-Rockwell county line go out. The levee went out four years ago. Many roads out of Dallas were impassable.

Amarillo reported a five to eight inch snow blanketed the Panhandle and was still falling. Some communities in the Panhandle were without communications after snow and ice snapped lines.

Lubbock reported a light snow with low temperature of 18 degrees.

Three-inch snow was reported at Borger and Pampa. Eighteen-degree weather prevailed at Pampa.

SUSPECT HELD FOR EMBEZZLEMENT

SAN ANGELO, Feb. 18 (AP)—Police here are holding Fred A. Hertz, alias Fred A. Hirsch, wanted in Detroit on charges of embezzling \$15,000. J. R. Holiday, police chief, announced today. Hertz admitted his identity early in the week when questioned and subsequent contact with Detroit officers identified him through fingerprints and photographs.

Hertz was representing a music association here, central said. A telegram from Chief of Detectives Henry W. Piel of Detroit said officers there are making plans to come here for Hertz.

JUDGMENT ENTERED

A county court jury found in favor of R. E. Gay against J. B. Garlington here Thursday in a suit over some grain land rental fees. Judgment of \$456.50 was entered for Gay.

Weather

WEST TEXAS—Fair, colder in afternoon; partial, portions, temperature near freezing in the southeast portion tonight; Saturday fair, with rising temperature.

EAST TEXAS—Mostly cloudy and much colder, hard freeze in north portion, temperature near freezing in interior tonight; Saturday partly cloudy, colder on coast, rising temperature in northwest portion.

SOME YET MISSING, SCORES OF OTHERS SUFFER INJURIES

Rodessa Raked By Twisting Winds And Buildings, Derricks Topple; Loss Into Hundreds Of Thousands

RODESSA, La., Feb. 18 (AP)—The death toll from Thursday night's destructive tornado that swept the northern part of this oil town, had reached a total of 25 dead, three missing and 41 injured, according to a compilation by the Shreveport Journal at 1:45 p. m. today.

RODESSA, La., Feb. 18 (AP)—Twenty-two persons were known dead today, killed by a tornado that roared during last night's blackness into this rich Rodessa oil field town. Scores were injured.

Unofficial estimates in the confusion attendant to the disaster placed the number of dead at between 25 and 30 persons, several of whom were still unaccounted for and the injured between 60 and 100.

The tornado struck at 9:45 o'clock during heavy rains that raked adjoining portions of Tennessee, Arkansas, Louisiana and Texas and crashed "supply row" in the business section of Rodessa, causing an estimated \$250,000 to \$500,000 property damage within a space of less than five minutes.

Wind Roared Like Train, Man Says

Storm Like A Terrible Nightmare To Survivor

RODESSA, La., Feb. 18 (AP)—Eddie Hill, 20-year-old oil field worker who dashed from his hotel room into the area leveled by the twister that struck this North Louisiana boom town late last night emerged from the splintered wreckage early today with a vivid story of the disaster.

"I was sitting in my room at the Silverwood hotel a few minutes before 10 o'clock last night," he said. "My wife and I had been discussing the rain and thunder storm. Suddenly we heard a terrific roar. It sounded like a huge freight train rumbling through the center of town."

"The noise lasted about two minutes. Then it was very quiet. We rushed from the room and sped down to Supply street where most of the damage seemed to have been done."

"There was plenty of confusion. People were running about wildly and some asked what had happened. They seemed stunned."

"I ran to the first house I saw had been wrecked and began digging into the debris. I didn't find anybody and moved on. A short distance away in a field I found the body of a man. His head was

RFC To Make New Loans

All Types Of Business Eligible, Jones Says

WASHINGTON, Feb. 18 (AP)—Jesse H. Jones, chairman of the Reconstruction Finance corporation, announced today the RFC would resume immediately the making of loans to "all deserving borrowers" whom the agency is authorized to aid.

Except for a few loans to railroads, the RFC has made no new loans since last October. Jones said railroads, industry, and all other types of business eligible under the RFC could qualify for the loans.

Jones announced the lifting of the ban on lending while making public a letter from President Roosevelt.

"The president told Jones it was his wish that credit be made available to all deserving borrowers, especially loans that will 'maintain or increase' employment."

Jones said the RFC has available \$1,500,000,000, but predicted "we won't have any demand for any considerable part of it."

He said he did not regard "a few hundred millions" as "any considerable part" of the total available.

There had been no change, he said, in collateral requirements since lending was suspended last October except that "we will try all the harder" to qualify every application that is made.

"That does not mean, however, that we will make a loan to every applicant," he said.

FACES NEW CHARGE

City police Friday transferred to county officers a man convicted in 70th district court the past term of driving while intoxicated. Officers said that similar charges would be brought against him as the result of a collision in which he figured as driver and Gregg streets Thursday night.

COMMANDER

Col. Robert Olds, commander of the flight of army planes to South America, alights from his ship at Miami, Fla., from where the planes took off on a ten-stop trip to Lima, Peru. The plane reached Buenos Aires today.

Cotton Quotas Announced By Wallace

Farms To Ballot On Control Program On March 12

WASHINGTON, Feb. 18 (AP)—Secretary of Agriculture Wallace today issued a proclamation ordering the cotton and tobacco marketing quotas of the new farm act into effect, and southern growers of the two crops will vote March 12 on a control program designed eventually to place these products on a price equality with industrial goods and services.

He set the national cotton acreage allotment at approximately 26,300,000, compared with last year's planted area of 24,300,000 acres.

The tentative cotton crop average allotments for states and the area planted to the crop last year, respectively, included:

Arkansas 2,328,025 and 1,998,000; Oklahoma 2,166,129 and 2,539,000; Texas 9,839,627 and 12,899,000; New Mexico 2,345 and 144,000.

The national flue-cured tobacco marketing quota was established at 705,000,000 pounds, compared with last year's production of about 850,000,000 pounds.

The quotas will continue to effect through the coming marketing year, unless disapproved by more than a third of the growers of each crop participating in the referendum March 12.

Oppose 2-Day Shutdown

Proration System Likely Won't Be Extended

AUSTIN, Feb. 18 (AP)—The state railroad commission apparently opposed today the possibility that Texas' Sunday oil field shutdowns, in effect for several weeks, might be extended to two days weekly.

Ernest G. Thompson, commission member, said at the monthly statewide proration hearing—there had been talk it might be necessary to substitute a two-day closing for the present one-day but he wanted to "say I am not for a two-day shutdown."

The commission announced the federal Bureau of mines had estimated 1,344,900 barrels of oil daily would be required from Texas to supply the national market demand in March, which compared with the estimated current production of 1,235,000 barrels.

When Thompson said he did not favor a two-day closing, another commissioner, Lou Smith, asked who had been responsible for the talk of the greater shutdown period.

Thompson replied he previously had considered a two-day closing would be necessary.

Depicting a recent increase in the filling station price of gasoline at Dallas, Thompson said that with the price of gasoline at reflexively very low and many refineries, especially in East Texas, having to close, he could not understand why the consumer should have to pay more.

The commission announced the average East Texas bottom-hole pressure increased 7.68 pounds during the thirty-day period ended February 8. It has been dropping during most of the last six months.

The pressure figure for February 8 was reported at 1,177.7 pounds. The average daily allowable for the 30-day pressure period was set at 100 barrels.

The commission released a table showing that foreign supplies of oil were 57.7 percent of the total oil supply in the preceding year, 1937.

France Seeks More Armament Funds

PARIS, Feb. 18 (AP)—France's national defense council, with an eye on the crisis in Central Europe, today unanimously agreed to ask heavy additional appropriations from parliament to speed up rearmament on land, sea and in the air.

Members of the chamber of deputies said a meeting of defense and finance ministers with Premier Camille Chautemps presiding, agreed that 10,000,000,000 francs (\$20,000,000) must be voted for a long-term armament program.

Most of this, it was said, would go to the navy and air force.

GOODWILL PLANES AT BUENOS AIRES

BUENOS AIRES, Feb. 18 (AP)—A squadron of five huge bombers of the United States army roared over Buenos Aires at 11:05 a. m. Eastern Standard Time, today at the end of a 2,600-mile goodwill flight from Miami, Fla.

ELLIS READ KAYOES OPPONENT TO MOVE IN GG MEET

Jim Skalisky, Willie Grey Lose Out

Red Womack Ruled Out, Others Scheduled Tonight

PORT WORTH, Feb. 15.—On the shoulders of Ellis Read were the hopes of Big Spring's fight fans as skirmishing along four of the eight fronts in the Golden Gloves boxing finals here Thursday night moved into the semifinals.

Read, who topped his lightweight title in Big Spring by scoring two technical knockouts, tacked another win to his scrapbook when Referee Sully Montgomery stepped in to wave the Howard county boy aside after Read had floored Clyde Vandergriff, Fort Clark, in a fast second round of their scheduled three round mill.

James Skalisky, Big Spring feather, was put out of the running in his first bout when Jack

Loving of Lubbock floored him with a hard right to the jaw in the initial mill.

Willie Grey, Big Spring flyweight, followed Skalisky when he was knocked flat with a left hook in the second round of his bout with Dick Menchaca of Galveston. Menchaca later went on to win over Wayne Mixson of Houston.

Red Womack, Big Spring bantam titlist, was removed from the tournament when he failed to pass a doctor's examination.

Another West Texas boy who came through successfully was Lon McMillan, Haskell bantam, who licked L. B. Martin of Lubbock in 20 seconds of the first round. The referee stopped the fight after Martin had hit the floor twice.

Noah Valdez, San Angelo flyweight, knocked Paul Renya kicking in a featured bout after drawing a first round bye.

Welters, middles, lightheavies and heavies will see action tonight.

TWO-YEAR SENTENCE

DALLAS, Feb. 15 (AP)—A jury yesterday gave M. B. Cox a two-year prison sentence on an indictment charging him with accepting bets on horse races.

Thomas-Adamick Bout Tonight Is Tossup

Experts Will Not Hazard Guess On Outcome; Detroit Boy Unimpressive

By GAYLE TALBOT
NEW YORK, Feb. 15 (AP)—At a late hour today, nobody had been found willing to hazard a guess on the purpose, not to mention the outcome of tonight's 10-round dual between Jimmy Adamick, the kid from Detroit, and bounding Harry Thomas.

The who's-afraid-of-who everybody is puzzled that many intended to go and see for themselves, the expectation being that around \$25,000 worth would turn up at Madison Square Garden. The fact that old Doc Kearns, the bogy man of boxing, was going to be in Adamick's corner undoubtedly added to the popular interest.

Every since the strident voice of the doctor was heard clear from Detroit promising the unqualified greatness of his newest protege, the ears of those closest to boxing have been perked up. It was ordained from the first that Kearns and Adamick would make their way East eventually, and here they are.

Adamick, through no particular fault of his own, finds himself in a tough spot for a youngster. Kearns, the most articulate of all fight managers, said that Adamick was "better than Dempsey." He wasn't, of course, talking in his best superlative on that occasion.

Anyway, Adamick got here, and in his gymnasium workouts he looks only like a willing but unskilled young fighter, with a good punch when it lands.

But as the amazement grew at Adamick's ineptitude, the boys began putting padlocks on their money pockets, having decided it would be better not to bet at all, but just to wait and see.

A canvas of the town's ring authorities on tonight's outcome elicited 14 "why ask me?" and 15 blank stares. Only dumb Dan Morgan was willing to be quoted.

"I predict that if it goes over five rounds the department of health will take over the place," said Dan. "They're nothing in this world worse than two tired heavyweights."

Castleman May Not Be Able To Pitch

Rumors Floating In From South Say Giant Is 'Off'

By EDDIE BRIEF
NEW YORK, Feb. 15 (AP)—Present day baseball salaries make even hard-bolled Burleigh Grimes shudder. On the train the other night he recalled that back in 1918 he led the National League pitchers with 25 victories and received twenty \$1,900 for the job. "Here's one to paste in your hat: Bill Chandler of Marquette will be the next president of the National Basketball Coaches' association. Interesting pictures from Puerto Rico show Harry Jeffra and Sixto Escobar, who fight for the bantamweight title Sunday night, eating at the same training table. What would General Phelan say if that happened in New York?"

Page Dr. Dafoe: There are four pairs of twins on the Wise (Va.) girls' basketball team. A letter with only a picture of Tommy Farr and the letters "U. S. A." mailed from London, arrived at the New York Hippodrome yesterday. "Dope from the south says Clyde Castleman may not be able to pitch an inning for the Giants this year, which will be just too bad. As many of you have suspected, Joe and Mike Jacobs, old cronies for years, are not just "like that" any more. Reason: the Galento fade-out.

Confidentially, Joe Louis looks a little fat. Four stars and a bell for Damon Runyon's new picture, "A Slight Case of Murder," previewed here yesterday. White could do a lot worse than accept that \$15,000 pro offer. If only for one year. Jimmy Braddock doesn't mean to be overlooked when he opens his restaurant in about a month. Signs ordered yesterday will cost \$4,800. Sammy Byrd, the reformed big league ball player, is showing the golf pro a thing or two in Florida.

Trojans Play In Coahoma Tonight

Oilers Meet Locals, Monahans In Twin Bill

Squeaky Thompson's Trojans, local independent basketball quintet, move into the Coahoma gym tonight where they will oppose Bert Cramer's Magnolia Oilers of Foran in one feature of a twin bill. The Monahans Oilers will battle the Foranites in the other game, it has been announced.

Thompson will take a strong delegation in attempt to avenge an early season defeat inflicted by the Oilers. He will use Jake Morgan, Smitty Smith, H. C. Burrus, George Neel, Chock Smith, Doyle Vaughn and Durwood McWright.

Cramer will be at full strength in an attempt to beat back the charges of the strong Monahans representatives. He intends to employ Fitzgerald, Childers, Turner, Asbury, Liles and Crouch in both games.

The Trojan - Foran game is scheduled to begin at 7:30 o'clock.

Arkansas Favored To Trounce Baylor In Waco Gym Tonight

WACO, Feb. 15 (AP)—Determined to crack the "Hindenburg line" of the Southwest conference leaders, Baylor university goes out upon home ground tonight to bowl over the undefeated Arkansas Razorbacks and keep itself in a three-cornered scramble for the title.

It may be Baylor's last stand. A loss in the two-game series would endanger a handicap difficult to overcome in future combat. The Bears have dropped one game in six played, and that's plenty in a roughhouse race.

Breaking even with the Porkers would be more of an aid to Southern Methodist university than to the Bears themselves. The Methodists will be busy tonight engaging Rice at Dallas, but they'll be pulling for Baylor to take at least one game.

That would mean S.M.U., which has dropped one game, would go into its series with Arkansas next week on even terms with the

Revolta Is Favored In New Orleans

NEW ORLEANS, La., Feb. 15 (AP)—New Orleans player John Revolta, his pockets jingling with souvenirs from California's "gold coast," started out today the spilt-haired favorite in the \$5,000 Crescent City open golf tournament.

Revolta, leading money winner along the winter golf trail that started on the Pacific coast, went on a tour of the windwept city park course yesterday in the pro-amateur event and stepped off the 15th green with a new course record—67, five under par.

His amazing card included eight birdies, five on the first nine, three bogies and

Armstrong May Show In Texas

LOS ANGELES, Feb. 15 (AP)—Bobby Burns, ranking bantamweight in the Southwest 25 years ago, said today he would leave here shortly for his home town of Dallas, Texas, to arrange for a proposed bout there featuring Featherweight Champion Henry Armstrong.

Burns was promised that Armstrong would be available for a date in mid-March with an opponent yet to be selected.

SHOOTS 67 FOR NEW RECORD

By FELIX R. MCKNIGHT
NEW ORLEANS, La., Feb. 15 (AP)—Money player John Revolta, his pockets jingling with souvenirs from California's "gold coast," started out today the spilt-haired favorite in the \$5,000 Crescent City open golf tournament.

Revolta, leading money winner along the winter golf trail that started on the Pacific coast, went on a tour of the windwept city park course yesterday in the pro-amateur event and stepped off the 15th green with a new course record—67, five under par.

His amazing card included eight birdies, five on the first nine, three bogies and

Waner To Talk Over Matters With Leader

PITTSBURGH, Feb. 15 (AP)—Paul Glee Waner, "best man" among National league hitters three times, was in Pittsburgh today to bat out a double.

He donned his finest togs this morning to be best man at a radio wedding of his close friend, Evangelist Jack Munyon, and this afternoon had a date to discuss contract matters with President William E. Benswanger of the Pirates.

One of six Pittsburgh players still unsigned, Waner was invited here by Benswanger after long distance negotiations between Pittsburgh and Sarasota, Fla., proved non-productive.

NEW RULES MAKE 'IRON MAN' OF JAKE NAGODE

CHICAGO, Feb. 15 (AP)—The new basketball rules have started Jake Nagode, center for Northwestern's Big Ten leaders, on the way to an "iron man" record.

The 6-foot, 2-inch star has played every minute of the Wildcat's seven conference games—five partly to the no center jump rule. Nagode was just a part-time performer under the former regulations.

GARNER GIRLS COP HONORS IN CO. CAGE TOURNAMENT

FORAN, Feb. 15.—Garner's mighty girls basketball team resumed their activities here Thursday night by smashing the Coahoma team, 40-12, in the battle for the girls' championship of Howard county.

The Billies had previously beaten Foran, 25-23, while Coahoma had advanced into the final round by trouncing Moore, 27-8.

Harland led the scoring parade of the victors in the final game, tallying 18 points while Long trailed with 16. Chapman accounted for three field goals.

The Garner team has played a total of 33 games this season, losing only to Foran and Courtney.

Bufs Play Abilene In District Cage Meet

Forsan Is Crucial Opener; Eagle Record Is Best In Entire State

Forsan's Buffaloes, who completed a successful campaign for the Howard county basketball title last Friday night by trouncing Coahoma in a hard-fought game, "jumps from the frying pan into the fire" in Abilene this afternoon when they oppose the mighty Abilene Eagles, one of the three most powerful high school basketball teams in the state, in a first round game of the district tournament.

The Eagles, winners in 19 straight starts during the current campaign, were overwhelming favorites to take the charges of Henry Six's camp.

The Bufs, runnersup in last year's meeting, lost most of their regulars by graduation. Nix has brought his team along slowly to where they may be capable of giving the Eagles an argument.

The Forsan mentor is expected to open the "crucial" game with Whetzel and McDonald at forwards, Parker at center and LaBeff and Creelman in the backcourt.

Other first round games to be played in the Abilene gym will pit Roby against Peacock, Divide against Hamlin, Snyder against Colorado, Girard against Ovale, Sweetwater will meet the winner of the Roby-Peacock game.

The championship game is ticketed for Saturday night at 9 o'clock.

Texas Racing Twins To Run In AC Meet

Delmer Brown Faces Herbert; Rideout Opposes Kansas

NEW YORK, Feb. 15 (AP)—Will Glenn Cunningham break his own indoor mile record? Will Ben Johnson clip another tenth of a second or so off the 50-yard dash standard? Ralph Metcalfe thinks so.

Ralph, who is better than a raw hand at the old sport of foot-racing, makes the prediction with the timeliness of pay day. Glenn and Ben pace a few heats with Pop Tate in the New York A. C. games Saturday night, the top performers of a glittering field.

"The Cunningham," says Metcalfe with awe, "is always in command. At Providence Tuesday night he knew where he was every minute."

Ralph, who is coaching at Xavier university in New Orleans, turned to watch Ben Johnson as the crack negro sprinter came thundering down Columbia's board track.

"Here's a fellow who's just starting to run. Long ago as 1935 he was trimming us. But he wasn't as good as he is now."

The New York A. C. meet has attracted a field that is big and good.

Cunningham faces Archie San Roman, Gene Venzke and Blaine Rideout of Texas. Johnson numbers Perrin Walker and Allan Tolmich among his opposition.

The Buermeyer 500 has drawn Jimmy Herbert, unbeaten New York university negro and Delmer Brown of North Texas State Teachers' college.

JURGES COMES TO TERMS WITH CHICAGO BRUINS

CHICAGO, Feb. 15 (AP)—The Cubs' holdout worries ended today when Shortstop Bill Jurgens signed a contract with the National League baseball club. Terms were not announced, but Charles Drake, assistant to the president said Jurgens signed the first contract offered him after refusing it once.

COAST WARNING

NEW ORLEANS, Feb. 15 (AP)—The New Orleans weather bureau here issued small craft warnings for the Texas coast. The text follows:

"Small craft warnings ordered 8 a. m. Central Standard Time on Texas coast. Fresh to strong north and northwest winds this afternoon and tonight."

New Plan For Ticket Sale Is Promised

PASADENA, Calif., Feb. 15 (AP)—A new deal in distribution of Rose Bowl football tickets to insure a supply for public sale was promised today with the election of three new directors by the Tournament of Roses association.

George S. Campbell, president of the association, referred in his annual report to criticism over allotment of tickets for last New Year's day game.

Courtney Vies With Seagraves

MCCAMEY, Feb. 15.—Courtney's first round opponent in the district basketball tournament opening here today will be Seagraves of the Garden City who oppose Midland in another game.

First round games include Wink vs. Odessa, and Big Lake vs. Odessa.

Big Lake and Courtney were favored.

THE FIRE BOYS GOT A LITTLE CARELESS

BROOKHAVEN, Pa., Feb. 15 (AP)—Things were dull around the firehouse of the Brookhaven volunteer fire company yesterday, so Chief Joe McCain put the boys to work burning weeds on the lot. Then they went to lunch. The firehouse caught fire—and burned to the ground.

WANER TO TALK OVER MATTERS WITH LEADER

PITTSBURGH, Feb. 15 (AP)—Paul Glee Waner, "best man" among National league hitters three times, was in Pittsburgh today to bat out a double.

He donned his finest togs this morning to be best man at a radio wedding of his close friend, Evangelist Jack Munyon, and this afternoon had a date to discuss contract matters with President William E. Benswanger of the Pirates.

One of six Pittsburgh players still unsigned, Waner was invited here by Benswanger after long distance negotiations between Pittsburgh and Sarasota, Fla., proved non-productive.

WATERFILL AND FRAZIER FAMOUS WHISKEY

Waterfill and Frazier Famous Whiskey is produced in the heart of the Blue Ridge Mountains, where the purest water and the finest grain are used in its production.

THE SPORTS PARADE

By HANK HART

All interested parties may pick up a broadcast of the Fort Worth Golden Gloves finals by turning their radio dials around to 1340 kilocycles at 9 o'clock tonight. The station broadcasting will be KTAT which will be on the air for one hour this evening.

Four Big Spring boys, Red Cunningham, heavy; E. F. Lawson, lightweight; J. C. Wallace, middle, and Alton Bostick, welter, will see action for the first time.

Reports say that Ellis Read, local lightweight titlist, showed plenty of stuff in his duel with Clyde Vandergriff of Fort Clark.

Both boys started fast in the first round with Read getting a shade the better of it. His advantage was clear in the second mill.

Read will run into some rugged competition from here on out, however, Joe Augustus, the champion of a year ago, is still in the running along with Matt Martinez of Austin. Martinez licked the guy that plastered Augustus in the district tournament at Austin so he must be plenty tough.

Read has yet to meet any one in his class. In fact, there hasn't been anyone who's stayed the limit with him since he took up this Golden Gloves business. He boasts a better percentage knockout record than does Henry Armstrong, world's featherweight champion, if that means anything.

One of the chief upsets of the entire meeting was the one scored by Dick Menchaca of Galveston over Wayne Mixson of Houston. Menchaca copped the duke by a shade. The Mixson boy was ticketed for a through trip to Chicago.

The other four Big Spring boys who have yet to battle may fare a bit better than the quartet who went out last night.

J. C. Wallace is favored to win no matter who he gets in the first round and Alton Bostick is slated to advance unless he greets Arthur Dorrell of Dallas in the first round. Should Bostick win his first fight, he undoubtedly would give Dorrell plenty of trouble later on.

If Red Cunningham slips into the lightweight ranks as he had hoped and E. F. Lawson makes the middleweight ranks, both boys may be heard from later. Otherwise the pair may be on the outside looking in when tonight's milling is history.

Both boys are too light to compete in the weights they won here.

Since the Chicago White Sox and the Pittsburgh Pirates are stopping in Sweetwater around April 7 for an exhibition game, there's no reason why they couldn't appear in Big Spring if contacted in the right way.

A game of that nature would begin the season right here and the department believes that Big Spring could get twice as many baseball fans out for the game than either Sweetwater or Abilene.

Looks For Hot League Fight

Giles Says That Four Clubs Will Fight, Reds Improved

TAMPA, Fla., Feb. 15 (AP)—Warren Giles, a short baldish man who looks more like a banker than the No. 1 front office man of the Cincinnati Reds, arrived here today and quietly went about the business of preparing the spring training camp for the club he represents.

"Anything can, and probably will happen in the National league race this year," he said.

"But it looks like a four-club race for the pennant. New York, Chicago, St. Louis and Pittsburgh are too strong for the second division clubs. The Giants will be tough again. So will the Cardinals and the Pirates."

As to his own club, which dwelt in the cellar most of the season, Giles declared:

"We will be stronger this year. I'm sure. Bill McKechnie is one of the smart men in baseball. I think we'll make a strong bid for fifth place."

NEW RULES MAKE 'IRON MAN' OF JAKE NAGODE

CHICAGO, Feb. 15 (AP)—The new basketball rules have started Jake Nagode, center for Northwestern's Big Ten leaders, on the way to an "iron man" record.

The 6-foot, 2-inch star has played every minute of the Wildcat's seven conference games—five partly to the no center jump rule. Nagode was just a part-time performer under the former regulations.

Tulips Form A Gay Background For Affair

Mrs. Mullenix Is Hostess To Leisure Club At Home
Tulips and various pot plants formed a gay background for an entertainment given by Mrs. Clouston Mullenix for the Leisure club Thursday afternoon at her home.

Gloria Strom Is Honored With A Birthday Party

Eleventh birthday anniversary of Gloria Strom was honored Wednesday afternoon by her mother, Mrs. Carl Strom, with a party for her friends.
Two-tiered birthday cake bearing the honoree's name and topped with eleven pink candles centered the dining table from which the guests were served.

Spring Note Is Emphasized At Informal Bridge By Mrs. Friend

A gay spring note was created by clusters of seasonal flowers and orange blossoms in the entertaining rooms of Mrs. Jim Friend's home Thursday afternoon when she was hostess for an informal bridge.
Violet and sweet pea corsages for guests were used as graceful centerpieces for each table covered with cut-work cloths. Blue, pink and yellow colors were used for decorations, talkies and table appointments.

REVIVAL MEETING OPENS MONDAY AT 4TH STREET CHURCH

The East Fourth Street Baptist church announces a revival meeting, beginning next Monday evening and continuing through two weeks. Services will be held daily at 10 a. m. and 7:45 p. m.
Rev. W. Y. Pond will be the preacher for the meeting. Mr. Pond is an evangelist, appointed by the State Mission Board of Texas, and is one of the best known evangelists in Texas.

Local Man's Father Dies

Services Held In Paris Tuesday For Charles O. Crook
Mr. and Mrs. William S. Crook have returned from Paris where Tuesday they attended funeral services for his father, Charles O. Crook, native Texan who had resided in Lamar county for all of his 85 years.

You Need To Earn \$125 A Month To Wed These Co-Eds

NEW WILMINGTON, Pa., Feb. 13 (AP)—Young men, unless you're earning \$125 a month, don't propose to a college girl, especially a Westminister college co-ed.
That, co-eds at the college here voted, is the minimum, although the average favored \$150 and 25 per cent think \$200 is necessary.

Big Spring Women Attend Party At Stanton Thursday

Seven Big Spring women were guests of Mrs. B. A. Purser at Stanton Thursday afternoon when she entertained with a luncheon and bridge party.
The Washington motif was used for decorations and favors. Mrs. W. M. Dehlinger and Mrs. A. F. Conklin received high and low prizes for the guests. Mrs. Tod Houston high for club members and Mrs. Eddie Krohn high for binged.

CALENDAR Of Tomorrow's Meetings

ALLEGRO MUSIC CLUB at the home of Marjorie Potter, 553 Hillside drive, at 10:30 o'clock a. m. Roll call to be answered with name of composer beginning with same letter as your own.
SENIOR HYPERION CLUB meets with Mrs. James Little at 3 o'clock.
1930 HYPERION CLUB meets with Mrs. J. C. Loper at 3 o'clock.

Hatchets, Hats Given As Favors At Dinner Bridge

Cactus Night Club Entertained At The Settles Hotel
Men were presented with hatchets and the women received George Washington hats as favors Thursday evening when Mrs. Virginia Wear and Roland Schwarzenbach entertained the Cactus Night club at the Settles hotel.

Washington Motif Is Used By Hostess Of Seven Aces Club

George Washington motif was used by Mrs. Sherman Tingle Thursday afternoon when she entertained members and guests of the Seven Aces bridge club at her home.

Guests Serve Themselves At Recent Party

Mrs. Stephen Rowe, a former member, rejoined the club. Mrs. W. D. McDonald, only guest of the club, was given a prize at the end of the game as well as Mrs. L. R. Millon, who won club high, Mrs. Rowe, consolation prize, and Mrs. Bob Lee, bingo.

Two-Table Dinner Bridge Given By Mrs. Sam McCombs

Mrs. Sam McCombs entertained with a two-table dinner bridge Thursday evening using the George Washington motif for decorations and appointments.

Idea Sewing Club Is Entertained By Mrs. G. Cunningham

Mrs. Grover Cunningham entertained the New Idea Sewing club Thursday afternoon at her home. Members and guests spent the afternoon sewing.

Red, White and Blue Color Theme Used At Bridge Party

Table appointments and talkies in red, white and blue of the George Washington color theme were used by Mrs. Sam McCombs Thursday afternoon when she entertained the Entire Nous club.
Mrs. Hollis Webb won the floating prize, Mrs. Guy Stinebaugh, club high, and Mrs. C. Y. Clink scales bingo award.

Removed From Hospital

Mrs. Jos Hoadle received a wire Friday that her brother, Jack Dean, who has been in a New Iberia, La., hospital for some time, was carried to his home in Jeanerette, La. Dean is a former resident of Big Spring.

Former Residents

Mrs. I. J. Robb and daughter Mrs. John Hill and Mrs. Hill's son John Gilmore, former residents of Big Spring and now of Sierra Blanco, spent last week here visiting and are at San Angelo this week.

Visits Visitor

Mrs. Jimmy Lowe of Merkel is here this week as a guest of her sister, Mrs. J. A. Pruitt.

Confined To Home

F. K. Owens of 311 Nolan is confined to his home this week with influenza. Mrs. Owens is recovering from a throat infection.

Back From Dallas

Mr. and Mrs. Howard Lester returned this week from Dallas where Mrs. Lester has been under the care of a doctor.

Expect Guest

Miss Margaret Stevens of Wilmington, Calif., is expected to arrive here Sunday for a short visit with her grandparents, Mr. and Mrs. J. H. Hefley and family.

Moving Here

Mr. and Mrs. Claude Darden of Jayton plan to move here this week. Darden will be a salesman for the West Texas Motor company.

OUR PAROLE SYSTEM WORKS

J. Edgar Hoover, director of the Federal Bureau of Investigation, is one of the severest critics of the parole system prevalent in most states, under which convicted criminals are released from prison without supervision to return to their careers in crime.

But it is distinctly pleasing, in view of this, to note Mr. Hoover's commendation of the Texas parole system, under which convicts are released in comparatively large numbers, to be supervised by county parole boards throughout the state.

The Texas system is succeeding, beyond any doubt. In the two and a half years since its inception only about six per cent of the convicts released on conditional clemency have been returned to prison either for failure to comply with terms of their paroles or for commission of new offenses.

The system now operating in Texas is by no means perfect, because it is still in its infancy. It was not until the last year that county boards were appointed in most of the counties, and the work was retarded during the period of transition from the old to the new plan.

FLASHES OF LIFE

PHILADELPHIA - A hand that had scooped \$60 from a chain store cash register and taken a wallet containing \$4 from Manager Frank Thorpe, came back for a second visit.

BOISE, Idaho - A jury that included eight dog owners vindicated a brown and white pointer of charges he bit a two-year-old child.

BOISE, Idaho - A jury that included eight dog owners vindicated a brown and white pointer of charges he bit a two-year-old child.

TRUCKIN' - To be taught in England by television.

Your Credit is Good At Iva's Jewelry

That was a bland general outline and the correspondents pressed him to explain how such a course would operate with relation to the nine-power treaty in which major nations pledged themselves to respect the territorial integrity of China.

An Example

One state department official, seeking to draw a concrete illustration, suggested that it might be similar to a neighborhood in which one family is found to be noisy and troublesome.

But it is simply "parallel" action if each of the neighbors goes individually to protest. It is still simply "parallel" action if they meet to exchange data on what is happening without agreeing to do anything.

Again And Again

Repeatedly Secretary Hull has insisted that the United States has no "parallel" action with Great Britain in efforts to restrain Japanese aggression.

On July 16 he issued a broad outline of policy part of which stated: "We avoid entering into alliances or entangling commitments but we believe in cooperative effort by peaceful and practicable means in support of the principles herebefore stated."

Some seem to doubt it yet, but those are the gentleman's words.

Man About Manhattan

NEW YORK - Yesterday I went down to Trinity churchyard and strolled for an hour among the crumbling tombs of departed heroes!

Here, too, is buried Alexander Hamilton, killed in a duel by Aaron Burr, and at his side, under a time-yellowed slab, Hamilton's widow, "the daughter of a soldier of the revolution."

In a quiet corner of the yard rest the bones of "William Stone Montgomery, Esq., eldest son of Sir Wm. Montgomery, Bart., and late Capt. of His Majesty's 9th Regiment of Infantry, aged 25."

Trappers in Western New York report a greater demand for skunk fur.

Hollywood Sights And Sounds

HOLLYWOOD - "Of Human Hearts" is a film of great sentimental power. Clarence Brown's new production projects again a favorite movie theme, parental sacrifice unrequited by a thoughtless child, and the film capitalizes expertly on all the available heart-tugs.

This time the setting, a pioneer Ohio river community in days preceding and during the Civil War, adds rugged strength to the telling, the camera capturing remarkably the atmosphere and feeling of a time and place in American life.

Charles Coburn of the stage makes his movie debut as the kindly, drunkard doctor, Guy Kibbee and Charley Grapewin are village characters, with Leonid Kinskey, Gene Lockhart, Sterling Holloway, Leatrice Joy Gilbert (daughter of the late John) and Ann Rutherford figuring briefly. John Carradine, as President Lincoln in the climactic sequence which sends the boy back to his neglected mother, should be long remembered.

Macomber Joke
Four reformed gamblers attempting to dispose of the bodies of four of their former enemies - that doesn't sound like comedy, does it? But "A Slight Case of Murder" is one of the funniest of recent films.

The Runyan-Lindsay play has been transferred to the screen for consistent laughs. The idea may sound offensive, but Lloyd Bacon has directed so that even the most squeamish will take the picture as it is intended.

"Start Cheering" is the newest of the nutty collegiate musicals. Charles Starrett plays a movie star who chucks his contract to attend college. Walter Connolly is his agent who does his darndest to get the lad expelled. Jimmy Durante, returning to films after an absence, gets most of the laughs.

John Craig, who departed the Transitory "Life Sept. 14th, 1747." And a step beyond is the grave of a British army officer, Sydney Breeze, who composed this epitaph for his tombstone: "Ha, Sydney, Sydney! Lyest Thou here? I here lie. 'Til Time is flown to its extremity."

Here, too, is buried Alexander Hamilton, killed in a duel by Aaron Burr, and at his side, under a time-yellowed slab, Hamilton's widow, "the daughter of a soldier of the revolution."

In a quiet corner of the yard rest the bones of "William Stone Montgomery, Esq., eldest son of Sir Wm. Montgomery, Bart., and late Capt. of His Majesty's 9th Regiment of Infantry, aged 25."

EMPIRE FOR A LADY

Chapter 28
"HALINGONG NEEDS CLYDE"
So I went to the Avon. It was instead of Clyde who sat beside Christine on the Avon's deck while the low moon of Balaingong hid bars of silver across us, and the whole world seemed to swim every time she looked me in the eye.

First, of course, I explained that Clyde was too sick to come, and that I had persuaded him to go to sleep by promising that I would come and talk to her instead. I exaggerated, as much as I dared, how bad off he was - almost literally unable to keep his feet.

And now I explained to her as well as I could why Clyde would not take the rajahship of Balaingong, even if he could get it away from Mantusen. I took a lot of time to it, but most of my remarks might just as well have been left unsaid. I could make her see his reasons, but I could not make her see them.

I had never seen her eyes glaze before. She turned her face to the water and this time the moonlight made her profile look very tired, and very pale. She did not speak for a long time.

When she did speak her voice was so sad, my sympathy that I was hurt by every word. It was as if she were looking down a long future that no longer held any shadow of hope.

Christine said, "There's only one thing left to do." Her words were so low that they were almost inaudible. "I will have to make my brother rajah of Balaingong."

It hit me with a force that was awful. So this was why the British were the best empire builders on earth! No desertion, no lack of resources, seemed able to make this girl turn.

"He can't do it," I said savagely. "It isn't in him to do it!"

"I know. But we - he - will have to try."

"I tell you, he can't succeed at it," I insisted. "He won't last six months, or if he does, he'll die here, and that will be the end of it."

"Captain Clyde is one of the finest and most able men I have ever known," Christine said, and her tone was as if she spoke of someone who was dead. "He could have brought this thing through. When I found out what he was, I thought he was a gift from God."

"I know that Clyde was hooked. She had him. She had him utterly and completely, and there was nothing he could do to help himself. How could he leave her there, tangled in the hopeless task of trying to rule Balaingong through her sick brother? Nothing worse could happen to her than would inevitably happen to her there."

In The Name of Allah
And the only alternative was that he himself should attempt to seize the raj of Balaingong. Whatever he might think of his chances, James Clyde was left no choice. He was bottled in Balaingong bay as surely as if the guns of the whole Asiatic squadron were trained upon the pass.

What I was left wondering was how long he would live, and how far he would get with it; and at what point, beaten, discouraged, and broke, he would finally be forced to turn back.

Three days later, intricately inscribed in Arabic upon a parchment cut from the head of a drum, a document was drawn up coding the raj of Balaingong to James Clyde, Rajah, Lang di Pertuan, under stipulated terms of tribute. It was signed by Mantusen of Saremba, and pledged upon the Koran in the name of Allah the Compassionate, the Merciful, the Shelterer of Orphans, than Dhom and so on and so on.

For once the usual long siege of negotiations necessary to accomplish anything with a Malay rajah was forehordened for us.

or the holy men that divided the world with their contests and disputes, I reflect with sorrow and astonishment on the little competitions, factions, and debates of mankind."

BEATTLE (UP) - Nineteen years ago in Waterloo, Iowa, Mrs. Helen W. Olds put a 1915 Lincoln head penny in circulation. Recently she made a purchase here and in her change was the same penny. Mrs. Olds' brother gave her the penny in 1917. It had a hole in the rim, and peculiar markings on the back.

Elliot's Column... Each Friday

ABIT O' THINKIN' Pelicans

The Pelicans of Monterey lived high on the oval of the fisheries. One fine day, the scraps were used to make fertilizer, and the pelicans who had long since forgot how to catch fish, nearly starved to death. Working pelicans were imported to teach them how all over again.

The lesson is that there are plenty of fish to be caught if we use the right bait and have not forgotten how to fish. Use translate fish into opportunity, and Monterey into Big Spring, and all we need is the right bait: ambition and industry.

Forecasts New Inventions Due To Change Type Of Attacks From Air

WASHINGTON, Feb. 18 (AP)—A military inventor told the house naval committee today an "entirely new type of aerial attack" to be announced in the immediate future would necessitate great alteration of the proposed \$1,000,000,000 naval expansion program.

Lester P. Barlow, Stamford, Conn., who said he was the first man to use bombs in aerial warfare, told the committee the new form of air warfare would permit effective attack on all types of naval ships from altitudes above 15,000 feet.

He declared designs now are available for "aerial mines" — not aerial bombs as now understood by our military organizations, but aerial mines which have a similar relation to the air above the water as marine mines have below the surface of the water."

In support of his contention that battleships would have no value for defense of this country in face of the new air weapons, Barlow said with planes equipped for launching aerial mines and operating at 15,000 to 20,000 feet, "only a superior air force could prevent America's air forces from sweeping the seas 500 miles from our coast lines, and on short notice."

Earlier, Dr. Thomas Healey of Georgetown university, told the committee the premises upon which the need for the new naval program is based are "unsupportable and confused."

"We did nothing under those treaties," he said, "except sacrifice the supremacy of the American navy and destroy \$300,000,000 worth of warships to satisfy Britain who now wants us to build twice as many because she believes they will be used in 1938 to protect her interests."

Entries Received For Stock Show

First entry blanks on calves and lambs to be shown in the first annual 4-H club boy and FFA livestock show here March 1-2 were received by the chamber of commerce office Friday.

H. M. Carter, Sterling City, entered four lambs and five calves in the competition which will draw animals from more than half a dozen counties in this area.

E. J. Bashin, Mitchell county agent, sent in blanks for three calves but said that at least six others would be entered from his county.

Other entries are expected from Glascock, Howard, Martin, Dawson, Borden and Scoury counties before the deadline on Feb. 23.

BENEFIT PAYMENTS OVER \$93,000

Ranchers came in for benefit payment checks for cooperation on the 1937 range conservation program when a block of 44 checks for \$13,943.76 was received by the county agent's office Friday.

The payments covered most of the benefits due from cooperation in the program. It brought total agricultural benefit payments received here to \$93,559.79, of which \$75,577.03 is for farm program cooperation.

SCOUT PROGRAM IS GIVEN AT CLUB

A program on Boy Scout work was presented before the American Business club in its regular weekly meeting Friday.

Al Stiles, area executive, discussed the scouting program and outlined the challenges facing the club in its sponsorship of a new club troop. Ed McCurtain, field executive, gave a reading.

J. E. Fort and Bill Younger were installed as new members and Stiles, McCurtain and Joe Lassiter were listed as visitors.

Farmers To Vote Next Month In Establishing Cotton Quotas

(Editor's Note: The central purpose of the new crop control act is to increase the farmer's share of the national income. The following article explains the agriculture department's theory on how to attain that goal through stabilization of sales.)

WASHINGTON, Feb. 18 (AP)—Southern growers of cotton and tobacco will vote March 12 on a control provision of the new farm act designed eventually to place these—and other farm products—on a price equality with industrial goods and services.

The provision, if approved by two-thirds of the farmers voting will establish marketing quotas to restrict sales of cotton and tobacco this season.

Agriculture department officials made arrangements today to hold the referendum in between 10,000 and 15,000 communities. They estimated that more than 2,000,000 growers will be eligible to cast ballots.

It is the theory of officials—and the new legislation—that measures cutting down on market supplies would tend to prevent further price declines and possibly improve prices.

The legislation sets up "ideal" prices for the basic farm commodities. They are called "parity" prices. They are defined officially as those which would give individual farm products the power to purchase as much non-farm goods and services as they did in the 1909-14 period.

A parity price for cotton would be about 16 cents a pound, compared with the prevailing price of slightly less than 9 cents. A parity price of wheat would be \$1.19 a bushel, instead of the present quotation of about 95 cents. For corn it would be 85 cents instead of about 60.

It is not the belief of officials, they say, that the new program will or should raise prices to these parity levels—at least not for several years.

One of the big factors back of increased cotton sales abroad this season has been the fact, they explained, that the American product has a slight price advantage over competing growths.

Officials said it would be their purpose to concentrate on raising the farm income rather than prices to the "parity" level.

Urges Fund For Wool Research

WASHINGTON, Feb. 18 (AP)—Representative South (D-Tex.) said he had urged a house appropriations subcommittee to approve a \$40,000 item in the agriculture department appropriations bill for the continuation of wool research.

South said there was some opposition to the provision, because this year for the first time the appropriation for the work must be obtained from the general agriculture department funds. Heretofore the money has come from a special fund which grew out of excess wartime profits seized by the government from certain wool operators.

"That fund has become exhausted," said South. "Congress must now appropriate new money for wool research and I know there are some who oppose doing this. I have talked with various members of the agriculture committee and other congressmen urging them to support this provision."

"The work that has been carried on in wool study is of inestimable value to the industry. In addition to the research, the information growers have been given regularly in shearing, sacking, sorting and shrinkage of wool has been of great dollars and cents value to them individually."

WINS ACQUITTAL IN CHILD'S DEATH

PHILADELPHIA, Feb. 18 (AP)—Mary O'Connor was acquitted today of all charges in the "mud puddle" death of 5-year-old Nancy Glenn last Labor Day.

The 35-year-old girl athlete had been charged with murder, voluntary manslaughter and involuntary manslaughter.

A cheer went up in the courtroom as the foreman of the jury of nine men and three women announced the verdict.

Mary and her mother had sat tensely nearly 20 minutes after they learned that the jury was ready to report—until Assistant District Attorney Charles C. Gordon could be found and brought in for the verdict.

Quiz Ex-Convict In Shooting Of Patrolman

AUSTIN, Feb. 18 (AP)—W. E. Garner, Texas ex-convict, was held in jail here today while officers made tests to determine whether he fired the pistol that wounded State Highway Patrolman C. H. Key yesterday. Key is recovering.

Garner, who was shot and captured near Buckholts, said "I'm not saying I didn't do it; I just don't remember."

The 50-mile crime ride started near Hearne, Robertson county, where Key was shot in a scuffle while he was trying to administer first aid to a woman who had been a passenger in an automobile driven by Garner. The automobile had crashed.

Mr. and Mrs. Fletcher Willis, Cape Girardeau, Mo., Mr. and Mrs. William Tripp of Reno, Nev., and E. D. Blaylock of Aransas Pass, Texas, had been picked up on the highway. It was Mrs. Willis who was injured.

DOCTORS ATTEND MIDLAND MEETING

Six Big Spring physicians attended the postgraduate refresher course on pediatrics and obstetrics at Midland Wednesday and Thursday. Going to the course were Dr. Frank Boyls, Dr. B. G. Cowper, Dr. J. E. Hogan, Dr. G. H. Wood, Dr. Preston Sanders, and Dr. George T. McMahon, who is superintendent of the state hospital now under construction here.

State Insurance Man Inspecting Local Facilities

Making one of his periodical rate inspection tours, L. E. Newsum, engineer for the state fire insurance commission, was giving the Big Spring water system, fire and building inspection departments a thorough inspection Friday.

He was concerned with checking on the enforcement of building codes, electrical wiring codes, fire department and the ability of the water department to furnish a sufficient reserve to combat large fires.

Rigid enforcement of building and electrical codes, he pointed out, was not a personal matter with city agents, but rather the discharging of a function which will benefit the people as a whole.

Work of his department also met with praise for being constant on the job in holding fire losses to a minimum.

Seven Escape Mine Deluge

Eighth Perishes As Group Trapped By Waters

HAZLETON, Pa., Feb. 18 (AP)—Seven of eight men trapped by a rush of water in an anthracite mine at nearby Jeaneville were found today, uninjured. The eighth was dead.

Officials of the Lehigh Valley company said the dead man was Paul Kuritz, 40, of Hazleton. Rescuers pushing through tons of debris during the night found his body buried in mud piled up by the water that rushed into the mine yesterday from a pool left as a result of surface mining.

The others were safe in a "rock hole" high above the reach of the waters.

All said they were uninjured and "felt fine." They said they would go home and not to a hospital.

Two men rode to safety yesterday on the face of the wall of water which deluged the mine.

"I had just fired off two sticks of dynamite to make a hitch in the bottom rock for a set of timber," Bernard McAlarney said.

Then the deluge came.

It poured down with a roar yesterday from a break in the top of the mine. It rushed through the tunnels. It rose toward the roof. The swirling flood bore McAlarney, a miner, and George D. S. Putter, assistant superintendent, both of Hazleton, to a point of safety.

Then the waters, coming from a "sipping" basin above, subsided natural drainage system.

Train Wreck Is Probed

Full Evidence Awaits Recovery Of Two Trainmen

TRINIDAD, Colo., Feb. 18 (AP)—Formal investigation by Colorado & Southern Railway officials of the head-on crash that killed four veteran trainmen late Wednesday near Folsom, N. M., probably will not be completed before tomorrow night or later, A. J. Horton, division superintendent here, said today.

Horton pointed out the testimony of two trainmen still in a hospital here today will be needed before a complete report of the wreck can be turned over to an interstate commerce commission representative for transmission to Washington.

Doctors at the Trinidad hospital where the injured passengers were brought on a special train said today all were sufficiently recovered to be returned to their homes.

"The freight cars were piled high and twisted into junk," said J. T. Poirier, freight conductor.

Poirier said the freight was ordered to meet the passenger at Folsom at 11:55 p. m., Wednesday, and the passenger was ordered to meet the freight at Trinidad, N. M., several miles north of the crash scene, at the same time. The crash occurred between the two communities at 11:42 p. m.

Tornado (Continued from Page 1)

area carrying lanterns, flashlights and torches. They dug into the wreckage blindly, guided in some instances by the cries of those trapped under the demolished houses.

To neighboring towns

Trucks from the oil fields were rushed in and quickly converted into ambulances. Some were used to drag portions of fallen walls and heavy timbers from the victims.

Lack of facilities here prompted the transfer of the dead and injured to the neighboring towns.

Louisiana and Arkansas highway police converged on the area and kept the highway open for the passage of the injured-laden trucks.

They died, according to a check at Shreveport funeral homes by the Shreveport Journal:

Mrs. Beaulie Trevillion, 30.
Patricia Bess Trevillion, 4.
Robert A. Trevillion, 15.
Mrs. Clark, 30.
Laura Lee Clark, 7.
Other dead reported at Shreveport were:

A. M. Bennett.
L. B. Somerfield.
Blossfield girl aged 1.
Robert Jackson.
Unidentified man, 30.
James Haddock, 43.
Shreveport victims at Atlanta were:

B. E. Crowder, 43.
Mrs. R. E. Crowder, 51.

Townsend On Way To Serve Term

LOS ANGELES, Feb. 18 (AP)—Dr. Francis E. Townsend, 71, gray haired, bespectacled old age pension leader, was on his way by train today to Washington, D. C., to serve a jail term for contempt.

The Long Beach physician, who walked out on the Bell congressional committee which was questioning him on how his \$300-a-month pension campaign was financed, left last night amid the cheers of several hundred followers.

They sang songs, and several women wept.

Behind the jail bars, Dr. Townsend plans to finish writing a book about his life and philosophy.

FIVE JAP PLANES ARE BROUGHT DOWN

HANKOW, China, Feb. 18 (AP)—In one of the most thrilling air battles of the Chinese-Japanese war, Chinese air forces today shot down five Japanese pursuit planes near Hankow.

The battle occurred when a Japanese squadron tried to raid this temporary capital of China.

NON-STOP FLIGHT

SAN ANTONIO, Feb. 18 (AP)—Four March field, Calif., Douglas B-18, bombers, under command of First Lieut. Jack Murtha, took off from Randolph field at 10:30 this morning on a non-stop flight to St. Petersburg, Fla., across the Gulf of Mexico.

They will remain at St. Petersburg until Saturday night and then make a night flight over the same route to El Paso, completing the return trip to March field Sunday, under their announced schedule.

Unfavorable weather conditions caused a delay in their departure from Randolph field, originally set for yesterday.

Thos. E. Pierce's Sister Succumbs

Mr. and Mrs. Thos. E. Pierce left for Tyler Friday morning upon receipt of word of the death, in a hospital there, of his sister, Mrs. Homer Vickery. Mrs. Vickery died Thursday night at 10 o'clock, following a long illness. She had been in the hospital for some time.

Pierce was called to her bedside because grave, when her condition became grave. He had returned home Wednesday night.

The funeral service is scheduled for Saturday afternoon at Lindale, the family home. Besides Mr. Pierce, Mrs. Vickery is survived by her husband and three other brothers.

FAMED SLEUTH OF PRO ERA DEAD

NEW YORK, Feb. 17 (AP)—Izzy Einstein, whose bizarre prohibition sleuthing contributed a droll note to the companionship of the speakeasy era, has passed on.

The general master of dizzy disguises, who for five years convulsed New York with his whimsical law enforcement, succumbed yesterday to an operation for a leg infection.

Izzy was half of the celebrated team of Einstein and Moe Smith, comical, 250-pound arms of the federal law and narcotics of 5,000 speakeasies between 1920 and 1925.

As thirty New Yorkers secretly slipped illicit drinks, Izzy and Moe, posing with gay abandon as coal heavers, fishermen, garbage men or millionaires, would pop out of the woodwork or up the dumb-waiter shaft to flash their badges and inform the proprietor sympathetically that "dere" said news here.

Quiz Ex-Convict In Shooting Of Patrolman

HIGHWAY HEARINGS

AUSTIN, Tex., Feb. 18 (AP)—Highway commissioners posted a hearing docket today for county groups seeking road improvements Feb. 21.

They scheduled discussions of requests from Matagorda, Brazoria, Wharton, Wilcox, Hill, Limestone, Karnes, El Paso, Floyd, Briscoe, Red River, Hunt, Fannin, Van Zandt and Kaufman counties.

POWERFUL GUNS

WASHINGTON, Feb. 18 (AP)—A single coast defense gun develops as much power in firing one shell as do all of the engines propelling the navy's battle fleet, a navy scientist said today.

In a report to the American Association for the Advancement of Science, Dr. L. Thompson of the naval proving grounds at Dahlgren said recent experiments have shown the gun puts a 10,000,000 horsepower push behind the projectile.

Such shells, weighing more than a ton, can be dropped with accuracy on a target 20 miles at sea, Thompson added.
