By J. Troy Hickman

ELECTIONS DO MATTER

The other night one of the big networks put on a coast-to-coast round-up of prospects in the coming Congressional elections. If their guesses are correct, we are to have a Democratic majority in both houses for the next session. That will probably mean that the Congress will do very little. It may even undo some of the constructive things done by the last Congress.

When the President represents the program and the majority in Congress another, it is like driving a car with the brakes on. Inevitably, political considerations will dominate every issue. Neither side is willing that something be done, for fear that the other may get credit.

The American people elected Eisenhower by a large majority. Many of us believe in him. Others are tired of what we had. A few of both motives. The go-ahead signal we gave him was clear-cut. Since then the Eisenhower administration has accomplished a number of things. It has made an effort to keep the campaign program, and some progress has been made, and a small reduction is made on nearly every major issue. The upward trend in taxes has been reversed. Farm surplus commodities are not piling up at a rate as they were. Hostilities in Korea are, for the time, at an end. Some wasteful functions of the government have been cleaned up.

One would think this record would be satisfactory to the voters. But no — the Democrats are angry for the feed trough. Some of them have had their noses in it so long, they have lost the desire to be anywhere else. So they are raking heaven and earth with fine-tooth comb to find an issue, and they are having pretty hard time.

As the election date draws near, the Stevenson school of speakers are firing blasts at random, hoping to hit something. Generalizations are coming thick and fast. One such is that "American standards are at a new level." But where are the proofs? Have we had a secretary of state to work as hard as Dulles?

A second fact contributing to the prospect of a Democratic majority in the next House and Senate is the unpopularity of the Republican party as a party. It has a one-trump hand — Ike. Most of our leaders spend a lot of time hitting each other. The McCarthy-Adkins incident is a case in point. It is even though the Republicans are the world's worst politicians, it might be that they are better than the country than too many of "party peace" with the Democrats.

It would seem that the most decisive factor in the possible Democratic victory in November is never himself. There is the voter who always votes the same way — whoever is in, vote him. This sort of political restlessness grows out of an unrealistic expectation. The voter feels that because he isn't doing as well as he would like, someone is to blame. And "someone" must be the government. Not knowing when he is all off, and being averse to doing any thinking of his own, he will support any proposed change the chance it may somehow help him.

He won't remember that in the past months prices have lowered only but surely on many commodities, so his money goes farther. He doesn't read much, so his opinions are what he hears on the news, colored by the teller's bias. His politics is like his economics. His house is never as good as the other fellow's. He never has as good in his clothes. If he has a Ford, he wishes it were a Chevrolet.

Mark this fellow well. He is the one who will put the Democrats back in control of Congress, and he'll be there before he has a chance to finish his program. (Continued on Last Page)

Unbeaten Junior High Team Bops Eldorado 33-13

Bobby Sutton Leads Sizzling Cubs To Easy Victory

By Ernie Boyd

Coach Chick Womack's Ozona Jr. High stars' unbeaten for the season last Thursday night at Lion Stadium when they crushed Eldorado 33 to 13.

Sparked by Bobby Sutton's running and passing, the Cubs threatened to run Eldorado out of the stadium in the first quarter as they moved quickly into a commanding 21 to 0 lead.

The Cubs kicked to Eldorado and flashed a hard charging defense which refused to allow the Eaglets either to run back the kick or to advance the ball. Eldorado's kick was partly blocked and the Cubs struck quickly. A pass from Sutton to Cervantez, who made sensational catch, moved the ball to the 14 and after two other pass attempts failed, Sutton dashed over the goal behind nice blocking.

The Cubs had scored again before the fans hardly got seated. An Eldorado fumble put the Lions in business on the 30 and three plays later Sutton's pass to Jones was good for the score.

Still a third tally was to come as the Cubs forced the Eaglets to kick and Sutton covered the last 24 yards for the tally in a drive that took only five plays to consummate.

Sutton added another tally early in the second quarter when he took a Cervantez pass and raced over untouched. Following Eldorado's first score of the night, made against a reserve eleven, Sutton made the most dazzling play of the night when he ran to his left, got out of a bevy of tacklers and cut to the right sideline and rambled through and over tacklers to the four yard line before going down. The run consumed 76 yards, and seconds later Cervantez crashed into the end zone for the final score.

The last half saw the Ozona reserve handle the offense while Eldorado was able to get across only one marker against the mixed Cub ball club.

PTA Chalks Up Success With Annual Carnival

\$700 Profit Realized From Well Attended Event Mon. Night

Another P. T. A. annual carnival passed into history Monday night and some 175 volunteer workers who manned the myriad of money-getting stands during the four hours of operations have relaxed after the successful planning and execution of the well-attended event.

A profit of approximately \$700 was realized by the P. T. A. from the efforts of the carnival workers and the cooperation of the public. The money will go toward financing P. T. A. projects for the year.

California even contributed to the profits. Some travelers going from California to Florida attended the festival and declared that they had never seen anything quite like it anywhere but enjoyed it immensely.

The finance committee, in charge of the carnival, included Mrs. Ele Hagelstein, chairman, Mrs. Haskell Leath, Mrs. A. F. Burton, Mrs. John Coates, and Mrs. Ralph Jones.

Mrs. Hagelstein expressed her appreciation for the cooperation received from the membership. She said that as far as she knew no one refused to do anything asked of him. She commented especially on the aid given by newcomers to town. Their interest and help was greatly appreciated.

Various attractions of the carnival. (Continued on Page Seven)

Schools To Observe Open House Thruout System On November 4

Ozona schools will observe open house throughout the system next Thursday, November 4, Supt. L. B. T. Sikes announced this week.

On that day, parents, and the public in general, are invited to sit in any or all of the schools. Classroom doors will be open and visitors are invited to go in and take a seat and observe regular classroom activities as long as they like. There will be no special activities or exhibits for the day, just regular classroom work, Mr. Sikes said.

Parents are asked not to choose open house day for conferences with teachers on problems affecting their children. These conferences can be arranged any other day, but the open house day is reserved for regular class work so that visitors may observe the schools in their regular routine.

Bankline Finals Discovery Well In NW Crockett

New Wolfcamp Producer Gauged At 345 Barrels Daily

Bankline Oil Company and Hurt Oil Co., Ltd., No. 1-A-41 Renee-Mayberry forristall, 3/4-mile north-east of the No. 1-41 Renee-Mayberry Forristall, upper and lower Wolfcamp discovery, 11 miles southeast of McCaney, in Crockett, has been completed as an upper Wolfcamp discovery.

It was completed for a calculated daily flowing potential of 345 barrels of 38.5 gravity oil, no water, with gas-oil ratio of 1,757-1.

Potential was based on an actual 12-hour flow of 172.5 barrels of oil through a 14-64-inch choke and perforations between 5,950-5,980 feet in seven-inch casing cemented at 6,242 feet on total depth of 6,246 feet.

Top of pay was picked at 5,950 feet on derrick floor elevation of 2,381 feet. Completion was natural. Tubing pressure was 1,275 pounds; casing pressure, 2,300 pounds.

Operator has requested discovery allowable and new field designation, saying the reservoir for which discovery allowable and new field designation is asked is isolated from the gas-distillate zone of the No. 1-42 Tippett by a permeability barrier as encountered in the No. 1-41.

The No. 1-42 Tippett was completed as dual discovery from the lower Clearfork for a daily potential of 64 barrels of oil, and as a Wolfcamp gas-distillate discovery for a gauge of 14,200,000 cubic feet of gas plus 35 barrels of distillate per million cubic feet of gas.

The No. 1-41 Forristall was completed as an upper and lower Wolfcamp discovery for a combined potential of 3,112 barrels of oil. The lower Wolfcamp pay section was from between 6,294-6,330 feet and the upper Wolfcamp pay section from between 6,187-6,217 feet, which is considerably lower than the No. 1-A-41 Forristall.

Suggested field name is: Tippett, East (upper Wolfcamp).

Tony Garza Back In Cafe Business Here; Buys Spanish Village

Tony Garza, who opened the original Little Mexico cafe in Ozona, is back in his original stand to offer Ozona resident fine Mexican foods.

Garza has just purchased the Spanish Village Cafe, the original location in which he established the business in Ozona, from Antonio Flores, and will be open for business Friday morning.

Garza has been manager for the past several years of three El Chico Cafes in Brownwood and Comanche, a chain of Mexican cafes specializing in Mexican foods and offering American foods as well. He promises a new array of the finest Mexican foods and invites all his old friends to give him a trail.

Dorsey Hardeman To Speak Nov. 4 On Flood Control

Senator To Discuss Work of Water Resources Group

A subject of intense interest to Ozonans, flood control, and water resources conservation, will be discussed here next Thursday night at a joint meeting of the Ozona Rotary Club and the Lions Club and their guests by Dorsey B. Hardeman, state Senator and chairman of the state's Water Resources Committee, which has just completed a slate of recommendations to be presented to the next Legislature after two years of study of the state's water problem.

Senator Hardeman has accepted an invitation from the Ozona civic

Sen. Dorsey Hardeman

organizations to address a local gathering at the high school auditorium at 7:30 p. m. Thursday, Nov. 4. The senator will be honored at a barbecue supper to be staged jointly by the Lions and Rotarians in the girl's gymnasium preceding the auditorium meeting.

Senator Hardeman will discuss the work of the committee which he heads and possibly the specific recommendations which will be presented to the legislature for possible action at the next session. Principal among these proposals is that for a statewide tax of 3 cents on the \$100 valuation for the purpose of underwriting a state bond issue for Texas water projects.

Ozona's interest in flood control will be touched by the Senator, who was among the civic leaders in San Angelo pressing to completion the huge Concho River dam which protects San Angelo from flood.

The public is invited to hear Senator Hardeman at 7:30 Thursday night in the high school auditorium.

Menard Proves Too Fast, Tough For Ozona Lions

Locals Smashed 40-13 In First District Contest Here

By Ernie Boyd

The Ozona Lions found the Menard Yellowjackets too tough and too fast last Friday night as they came out on the short end of a 40 to 13 count in their first district contest.

For the Lions it was the same old story of a fast boy running wild. This time it was Robert Hooten, Menard speedster, who ran the Lions dizzy sweeping their ends for big yardage in both directions. The Lions made a contest of the fray by stopping the Yellowjackets up the middle and the game might have been a vastly different contest except for two mistakes which provided Menard with two cheap touchdowns in the first half.

The scoring got started when the Lions fumbled on their own thirty-eight after holding Menard for downs. Robert Hooten skirted his own left end for twenty and then two downs later falling (Continued on Page Seven)

Rankin-Ozona Junior High Games Cancelled; To Play Rocksprings

A scheduled two-game series between Ozona and Rankin Junior high teams, the first slated in Rankin today, were cancelled this morning, Coach Chick Womack announced.

A report that Rankin was playing its high school freshmen was confirmed in conversation with Rankin school officials this morning and the projected series was cancelled.

To replace the cancelled games, Coach Womack matched his unbeaten charges against the Rocksprings junior high team, the game to be played on Lions Field here at 5:30 Tuesday afternoon.

Conoco Ranch Field Outpost Flows On Test

Strawn Production Indicated In Harris Ranch Test

Continental Oil Co. No. 6-C-C-F, Harris, 1/2-mile north outpost to production in the three-well Ranch (Strawn) field of Crockett County, 12 miles south of Texon, flowed oil on one of two drillstem tests in the Strawn.

On a two-hour and 49-minute test between 8,130-8,160 feet, gas surfaced in 3 1/2 minutes, mud in 42 minutes, and oil in 49 minutes. The well flowed 40 barrels of oil in one hour and 55 minutes. Gas volume was at the daily rate of 1,332,000 cubic feet per day. Recovery was 1,443 feet of free oil, 396 feet of heavily oil and gas-cut mud, and no water. Flowing pressure was 425-1,125 pounds; shut-in pressure for an unreported time, 3,350 pounds.

On a one-hour and 15-minute drillstem test between 8,160-8,190 feet, gas surfaced in eight minutes. Recovery was 2,071 feet of oil and gas-cut mud, 248 feet of muddy oil, and 1,525 feet of sulphur water. Flowing pressure was 275-1,125 pounds; shut-in pressure for an unreported time, 3,250 pounds.

Operator set 5 1/2-inch casing at 8,198 feet, the total depth and will perforate and test above the water.

Location is in 4-BB-2-A J. Barfield.

Gulf Oil Corp. No. 1-E J. H. Tippett, indicated Clearfork discovery in 38-31-H&TC, one mile southwest of the Tippett (Wolfcamp) field of Crockett County, 11 miles southeast of McCaney, kicked off and flowed 22 barrels of oil and 77 barrels of water through a 3/4-inch choke and perforations between 4,351-4,547 feet in 26 hours.

Operator set packers at 4,290 feet and 4,328 feet and swabbed 4 1/2 hours for a recovery of 17 barrels of water.

Testing continued. Plugged-back total depth is 4,620 feet.

Trick Or Treat For World's Children New Halloween Plan Here

For the first time in Ozona history, a group of Ozona youths will be raising money instead of havoc on Halloween night. As always the cry will be "Trick or Treat," but the treats instead of sweets this year will be coins for the world's underprivileged children, helped through UNICEF — the United Nations International Children's Emergency Fund.

The idea of "Trick or Treat for the World's Children" developed three years ago among a number of church groups. This year the project is being sponsored by the United States Committee for UNICEF.

The project committee of the Methodist Youth Fellowship, with Becky Davidson as chairman, introduced the idea here. Through the efforts of this committee, the M. Y. F. is planning a new evening of fun for themselves which will benefit the world's children.

Plans for the project are in the hands of various committees. (Continued on Page 5)

Ranchers Protest Contamination Of Underground Water

Ozona Supply May Be Endangered By Oil Field Practice

Ozona residents, county and water district officials who have been haunted by fears of contamination of Ozona's water supply from oil well drilling in the county will join ranchmen in the northwest section of the county, whose fresh water wells have been contaminated, in their interest in a hearing set by the Texas Railroad Commission in Austin on December 2 to inquire into the practices of oil operators in that area of the county.

Huge quantities of salt water are being pumped into gigantic earthen pits and back into abandoned wells in the old World oil field in northwestern Crockett county. Rotted casing in some of the old wells is also responsible for polluting the fresh water strata.

This contaminating fluid, along with sulphur water has seeped into the ground and been pumped into wells and thus into fresh water sources of wells on the Virgil Powell and Shannon estate ranches. It has affected wells 12 to 13 miles distant, ranchers say. Contamination of some wells in the western part of the county is also reported here.

The condition has existed for about five years but has become critical during the last year. For a time the commission limited operators to 900 barrels of water to 45 barrels of oil, but the limit long since has been lifted. There is no limit to the amount of water pumped.

The 10 a. m. Dec. 2 hearing in Austin was called on the Railroad Commission's own motion to look again into the situation. Several hearings have been held in recent years but there has been little or no relief.

Only solution appears to be re-pumping the contaminating water back into the level from whence it came. This is an expensive method, but some of the dozen or more operators in the big field have been using it.

Fresh water is obtained on the Powell ranch at about 600 feet. This strata is protected on top by a thick limestone formation. However, geophysical tests in search of new oil levels have punctured the lime covering to such an extent that the salt water has ruined fresh water wells, ranchmen say.

The Shannon estate ranches in the area are leased to seven or eight ranchmen. All have had trouble with salt water.

A San Angelo attorney said the threat of salt water contamination was not confined to Crockett County. He said the fluid could easily get into levels which would contaminate fresh water as far as Lake Buchanan, 175 miles to the east. The "dip" or slope is in that direction.

The Board of Water Engineers and the University of Texas both have studied the situation.

Crockett County ranchmen are hopeful that a constructive solution will come from, or be started at the Railroad Commission hearing.

Scout Leaders Plan Year's Activities

Ozona Boy Scout leaders, meeting with Jerry Starky of San Angelo, area field executive of the Concho Valley Council, at the Scout house Tuesday night, planned the year's activities for local Scout troops.

Meeting with the Scout executive were Richard Lawrence, Scoutmaster of Troop 53; Charles Schneider, assistant Scoutmaster, Troop 53; Clifford Tubbs, assistant Scoutmaster, Troop 63; and J. B. Monroe, representing the Ozona Rotary Club, sponsoring organization.

Troop 53 Scouts have held two meetings and are in the process of registering for the new year. Regular meetings will be held hence forth every Monday night at 7

Seventeen Attend Second Grade Brownie Meeting Tuesday

The Second Grade Brownie Troop met at the Girl Scout House on Tuesday for their regular meeting, and election of officers. The registration of the troop was completed this week, and after appropriate ceremonies the girls will really be Brownies, "and get to wear my pin".

Officers elected were Janis Parker, President, and Carmen Childress, Secretary. Officers will serve for one month, and monthly elections will be held.

The troop is working on individual scrapbooks which will help them learn and understand the Brownie Promise, and the purpose of Scouting.

Refreshments were served by Mrs. Ernest Dunlap and Mrs. Joe Couch, who also furnished transportation for the girls. Present were Vicki Applewhite, Joleen Butterfield, Carmen Childress, Diana Couch, Mary Jane Dunlap, Billie Gladney, Jill Graves, Judy Ann Hale, Ann Long, Cheryl Lyles,

Steer Roping, Branding Planned By San Angelo Fat Stock Show Nov. 14

The San Angelo Fat Stock Show & Rodeo Association will sponsor an Invitational Steer Roping and Branding to be held at the Fairgrounds, 2 p. m. Sunday, Nov. 14.

Ten of the top ropers in the world will compete for a \$10,000 purse. Each roper is paying an entry fee of \$500 and will rope five steers each.

Entered are: Cotton Lee, Fort Sumner, New Mexico; Toots Mansfield, Big Spring, Texas; Troy Forte, Lovington, New Mexico; Shoat Webster, Lenapah, Oklahoma; John D. Hollyman, Ozona, Texas; Everett Shaw, Stonewall, Okla.; Don McLaughlin, Smithfield, Texas; Clark McEntire, Wio-wa, Oklahoma; Steve Stevenson, Big Lake, Texas; Ike Rude, Brawley, California.

Mr. and Mrs. Bryan McDonald and their son-in-law and daughter, Mr. and Mrs. J. B. Thompson, Jr., of El Paso, visited relatives here over the week-end. Mrs. Thompson, the former Patsy McDonald, is teaching in the El Paso schools while Mr. Thompson is attending Texas Western College. Mr. and Mrs. McDonald stopped in Midland on their way home for a visit with a son, Charles McDonald, and family.

W. S. C. S. OPENS STUDY

All Circles of the Methodist W. S. C. S. met at the church Wednesday morning to begin the new study on "Thy City". Rev. Troy Hickman, pastor, introduced the study, with Mrs. Hickman assisting in the program. A group discussion followed.

A business meeting of the Society will be held next Wednesday, Nov. 3 at the church, the program featuring a showing of a film strip on the study. On Nov. 10, all circles will meet together to continue the study, the meeting to be at the home of Mrs. Joe Pierce, Jr., at 9 a. m.

Present for this week's meeting were Mmes. H. B. Tandy, T. A. Kincaid, Jr., Paul Perner, Joe S. Pierce, III, Troy Hickman, M. B. Flippen, Charles Williams, Sr., O. D. West, L. B. Cox, Jr., Stephen Perner and Joe Pierce, Jr., Mas Isidra Verver and Rev. Troy Hickman.

Ceramics Display Features Woman's Club Program Tuesday

Program for "Everyday Living" was the topic when the Ozona Woman's Club met Tuesday in the home of Mrs. Hillery Phillips with Mrs. Jack Holt as guest.

Hillery Phillips gave a talk on ceramics and illustrated with her pottery in different finishes. Mrs. Charles Williams, Sr., discussed china and what the hobby had to offer. A feature of the program was a lovely display of figurines and china pieces arranged in the dining room. Showing their work in this program were Mrs. Ashby McMullan, Mrs. Paul Perner, Mrs. Early Baggett, Mrs. Lee Childress, Mrs. Smith, Mrs. M. B. Flippen,

Mrs. Taylor Word, Mrs. Charles Williams, Sr., and Mrs. Hillery Phillips.

Mrs. Max Schneemann, president, opened the meeting with a greeting to a new member, Mrs. Frank McMullan, and the guests. Mrs. Stephen Perner was program leader and introduced the speakers.

Guests for the day included Mrs. Billy Hannah of Denver, Colo., Mrs. Phonix from Georgia, Mrs. Paul Perner and Mrs. Early Baggett. There were 22 members present.

The next program of the club will be on November 9. However, the program set for November 23 "Better Homes Through Hymns", will be exchanged for the November 9 program, "The Canadian Rockies." Mrs. Ira Carson, who will direct the program on the Canadian Rockies, will be in Mineral Wells attending the state Fed-

erated Women's Club convention during the Nov. 9 meeting.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

By Vern Sanford
Texas Press Association

AUSTIN, Texas — Democratic State Committeemen, led by Governor Allan Shivers, have taken steps, some of them unprecedented, to keep Texas politically conservative.

With the goal being a strong conservative backlog when the national election comes up, committee members made several moves, beginning at Texas grassroots, to insure that conservative forces can present a strong front in the campaign.

The committee created a special statewide group to keep conservative party leadership active through 1956, added 27 "special advisors" of Governor Shivers to work over the state, and decided to hold quarterly meetings from the precinct level up, for closer contact with voters.

Union Law

A law giving a union member full protection if he disagrees with union politics is proposed by a University of Texas professor.

Jerry S. Williams of the University law school suggested that the National Labor Relations Act be amended to let the federal labor board settle cases involving union discipline.

That would determine whether a member was thrown out of a union for just cause, said Williams.

He said that union officials have been promising for fifty years to set up better methods of handling such disputes.

Gasoline Suit

Gasoline wholesalers involved in a state anti-trust suit have asked the Supreme Court to review its

charges. Attorney for the companies argued that the trial court now has insufficient guidance on interpretation of anti-trust laws.

Oil Allowance

An increase of 64,300 barrels of crude oil per day in November has been ordered by the Railroad Commission.

The boost will jump total permissive flow to 2,864,749 barrels daily.

Truckers Protest

Texas truck operators are pro-

testing a suggestion of the Texas Railroad Association that increased financing for Texas highways be derived from a ton-mile tax on truck freight.

The suggestion was made at a group meeting called by the Texas Highway Department to discuss ways of obtaining additional financing for highways.

Water

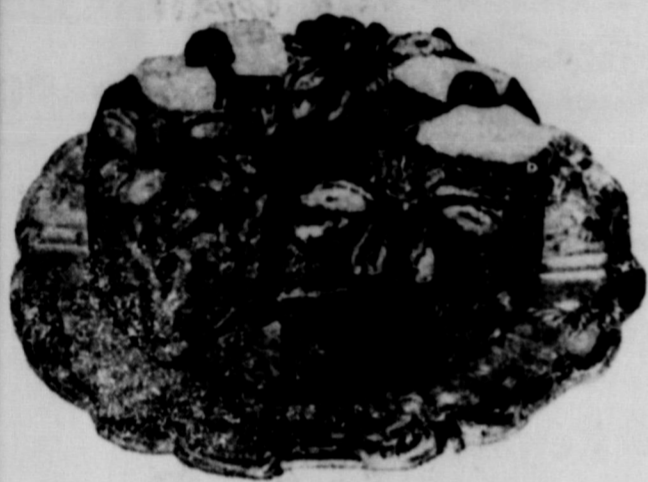

Streamflows continued to decrease over Texas in September but storage in reservoirs still can meet needs, the Board of Water

Engineers has reported. Storage capacity of the state's nine largest reservoirs fell from 62 to 50 per cent during the dry month, the board said.

James Motor Co.

Motor Trend magazine shows Mercury is

LOWEST COST CAR IN ITS CLASS TO OWN

13-car test by leading automotive magazine covers all costs of owning and operating a car—shows Mercury has lowest cost per mile in its class!

What does it really cost to own and operate various 1954 cars? Motor Trend magazine decided to find out—in probably the most detailed study of true car cost ever made. All the costs that go into car ownership were covered, including depreciation. Thirteen cars in all price classes were compared on a 40,000-mile basis. It was a survey

that duplicated "an average experience of a car owner in the first year's operation and ownership of a car."

The results: Mercury beat all cars tested in its class for low ownership cost per mile—beat all cars in the test in every class except for one in the so-called "low-price" field.

And, remember, for all its economy, Mercury has a new 161-hp V-8 engine. You enjoy the easy handling of the only ball-joint suspension in its field. And you get a car that holds the "class championship" for resale value.

Best of all, you couldn't pick a better time to buy a Mercury. We are now offering special year-end deals that top any we have ever made. Come in and see!

Fads and Fashions

The fashion this week leans toward the freshmen girls attire, who are the first with the new short skirts and long socks. They look unusually sweet in their hair-bows and bricks to match their costumes. There were many with dainty prints and stripes, Gwenelle Walker in an aqua print skirt worn with a white P. E. shirt, name embroidered in red; Carolyn Mayfield in a red striped skirt, red ribbon in her hair and wine jacket. Pat Woodall was wearing a wild print skirt, white blouse and little girl flats. Martha Flowers combined a blue skirt and blue seersucker blouse, and purple and gold ribbon in her hair. Dortha Melton was wearing a striped skirt and aqua T shirt.

The socks were cute with loafers or flats. Mary Jo Ward's were white, worn with a red straight skirt, lavender jacket and tan loafers. Genelle Childress wore a pair of navy loafers to match her navy jacket. Wanda McCaleb was fashionable in Black and pink, white shirt, and of course purple and gold bow.

A few had sweet dresses, hemmed for the occasion. Alma Ingham had a red striped one with embroidered pockets, Caroline Galbraith wore a red and white plaid; Mary Pudom's was lavender, worn with saddle oxfords.

Ann Ratliff
 ASSEMBLY PROGRAM

By Beverly Killingsworth

Thursday afternoon at 2:40 we were presented with a Southern Assembly program.

Smith and Dane's Varieties was the name of the program.

They presented a program of music starting off with a marimba. Then they played several pieces on toy instruments.

Then they presented a program of magic tricks of mind reading. They presented several tricks with their dogs.

All in all it was a very good program. We all certainly enjoyed it and hope to have them back.

Song Dedications —

Tylene Maddoux

Wanda to Susie — "Smoke Gets in your Eyes"
 Liz to Cecilia — "Turning Around the Hill, Running Around the Hill, I Never Knew What Running Was 'till I Ran Around the Hill"
 Alma to George — "Hold My Hand"
 Pat to Jessie — "Honey Love"
 Mary Jo to Joe — "It's Been So Long"
 Genelle to Clayton — "Come on to My House"
 Carl to Beverly — "I've Been So Lonely"
 Peggy to Tylene — "You Better Not Do That"
 Cecilia to Jerry — "Hold My Hand"
 Tylene to Leila — "Wish You Were Here"

Dear Rosie and Betty,
 Afraid this is going to be short note. Got big doings that have to be done.

This week has proven to be quite a week. Jan and Benney, Carolyn and Johnnie, have decided to quit going steady.

Lately, Jody has been dividing his charms between Carol and Sandra, but they don't seem to mind. Saturday nite, after the "B" game a few kids went over to Stubby's house and had a get together. For once, there were eight boys and just five girl's, all had a fine time.

Also over the week end we had a few visitors from Austin. Kenneth, Duck, and Larry. Kenneth and Larry went home Saturday. But Duckie stayed until Monday, so he could take "Rat" to the show.

Monday nite was the PTA carnival. Buster and Stubby grabbed Wanda and Patty from the carnival and took them with them. Martha and Sandra grabbed Sonny and Jody. Also seen were Jan and Charlie, Benney and Ann.

Tuesday was quite a day, our pictures were taken and we saw band uniforms, twirling uniforms and even suits which the seniors wore.

Speaking of pictures, we got to rush so we can get "promises for pictures" from everybody.

See ya next wee!!
 Janice, Greenie and Carolyn

4-H CLUB

By Mike Clayton

The "ole" 4-H Club is still going strong, with the exception of hay thieves. One morning, while I was feeding my "fat" lambs, in comes "Stiney" Henderson, drags through the doors on his hands and knees, from lack of sleep. I was in my pen in the rear of the barn, feeding like I always do, when it becomes exceptionally quiet. Stiney didn't see me watching him through a crack in the fence, so he thought all was clear. He tip-toed across the aisle, hovering over Carl Conklin's hay barrels, standing there with his bulging blue eyes viewing the scene to see if anyone was around. He reached down and took half a bale of Carl's hay, took it over and fed it to all six of his "skinny" sheep.

Another tall, broad-shouldered young 4-H lover, known as Benney (Batts) Friend, si always wondering why his sheep never get fat. I can answer that very plainly—he barely feeds them enough to keep them alive. When he walks into his pen, all of his sheep run over to him, chewing on his pants leg and pushing him down, begging for food. Then he blows his top, gets up screaming as loud as he can "You dad-blasted, skinny old buzzard bait" as he cuts loose with the sharp-pointed toe of his boot and kicks them right in the face. They go sailing out the back of the pen, laying there quivering. Then he wonders why his sheep won't get fat.

All in all, the 4-H Club has some very fine lambs, quite a number of different breeds. They are all doing very well.

Social Events

After the game Friday night, the twirlers had a dance out at the C. C. Everybody was kinda "down - hearted" but, after-a-bit things loosened up and there was some great dancin'—Oh yes, we had somethin' new, the "Firehouse five" played, and we want to thank the twirlers for giving such a swell get together.

Another dance was given — after the "B" team Sat. night, everybody headed over to the McMullan "Shack" for games and dancin' — We want to thank Mrs. "Mc" for such a nice time.

Martha Baley

FRESHMEN NEWS

Boy, what a relief!! At last Freshmen Day is over, but oh what a day that was!! During activity period the upperclassmen painted us up and made us do all kinds of crazy things! During second period they made us parade down town single file obeying all their commands. We kept telling ourselves, "Wait until next year and we will be upperclassmen then."

This Freshmen Day was sponsored by the Student Council and when we got back to the building they served us cokes and doughnuts. The upperclassmen kept up the teasing.

Even after all this the Freshmen agreed that it was really great fun, even though we are all quite sore. It is a day I am sure that we will never forget and we hope to have it every year.

Four SWC Games On Air Saturday

Saturday The Humble Company will bring Texas football fans broadcasts of four games involving Southwest Conference teams.

Action from the Texas - SMU game at Austin will be brought by Kern Tips and Bob Walker. Radio time will be 1:50 p. m. over WFAA - WBAP - 820, Dallas - Ft. Worth; KPRC, Houston; KGKL, San Angelo.

The TCU - Baylor game in Ft. Worth will be broadcast by Ves Box and Coit Butler beginning at 1:50 p. m. over radio stations KR-LD, Dallas; KTRH, Houston; WOAI, San Antonio.

From Houston the Rice-Vanderbilt game will be described by John Ferguson and Eddie Barker. Radio time will be 1:50 p. m. over KTSA, San Antonio; WFAA - WBAP - 570, Dallas - Ft. Worth.

The Texas A&M-Arkansas game will be broadcast from College Station by Dave Russell and Jerry Doggett. The broadcast will begin at 8:00 p. m. over radio stations KFJZ, Ft. Worth; WRR, Dallas; KTHT, Houston; KGKL, San Angelo.

Mr. and Mrs. R. A. Harrell and Cynthia returned the first of the week after a week's visit in Houston with Mr. and Mrs. Spencer King.

TIMES HAVE CHANGED

If you are a typical family man who earns \$4500 a year and works the usual eight-hour day, the Tax Foundation has some news for you.

Two hours and thirty-five minutes of that day go to earn the money needed to pay your taxes, direct and indirect. That's much longer than you need work to buy your food, almost twice as long as it takes to pay your housing costs, and four times as long as for your clothing or transportation.

It used to be argued that only wealthy people had any particular interest in the tax question, and that the way to meet government costs was to soak the rich. How times have changed! There aren't enough rich people if you took their total income. Today everybody is soaked to the limit. It is the masses of people who have the

greatest interest in cutting government spending and the tax bite.

Miss Tibba McMullan Honored At Shower In W.E. Friend, Jr., Home

Miss Tibba McMullan, daughter of Mr. and Mrs. Frank McMullan, whose marriage to John Rae Powell of Eldorado is planned this fall, was honored at a gift tea given Saturday afternoon in the home of Mrs. W. E. Friend, Jr. Hostesses were Mrs. Friend, Mrs. L. B. Cox, Jr., Mrs. Glen Richardson of Sonora, Mrs. Bill A. Friend and Mrs. H. B. Rees of Big Lake.

Mrs. Bill A. Friend and Mrs. Charles E. Davidson, Jr., greeted guests at the door. In the receiving line were Mrs. W. E. Friend, Jr., Miss McMullan, her mother, Mrs. Frank McMullan, the groom's mother, Mrs. Elizabeth Powell of Eldorado, and his two sisters, Mrs. Walter Ray and Mrs. George Graham.

The bride's chosen colors of blue and brown were emphasized in house and table decorations. Blue carnations with brown foliage were used in flower arrangements throughout the home. The table was covered with a cutwork ecru cloth and the centerpiece was formed with tiny umbrellas of brown net and blue carnations.

Presiding at the silver coffee and tea service were aunts of the nuptial pair, Mrs. Joe T. Davidson, Mrs. Ashby McMullan, Mrs. Floyd McMullan, Mrs. W. K. Powell, Mrs. Sam Powell and Mrs. Bryan McDonald.

Others in the house party were Mrs. L. H. Hannips and Mrs. Bob Erikson of Rocksprings, Mrs. C. E. Davidson, III, Mrs. Frank McMullan, Jr., Mrs. Vic Montgomery, Mrs. Batts Friend, Miss Judy White, Miss Carol Friend, Mrs. Hillery M. Phillips, Jr., Mrs. Bill

Melton, Mrs. Sonny Bailey, Mrs. Jack Brewer, Mrs. Sam Ferner, Miss Jeanette Trotter, Mrs. Johnnie McMullan, Mrs. Buddy Moore, Miss Joan Holt, Mrs. Joe Tom Davidson, Mrs. H. P. McClanahan, Mrs. Johnny Hunnicutt, Mrs. Hillery Phillips, Miss Vicky Friend, Mrs. James Baggett, Mrs. L. B. Cox, III, and Mrs. John Rae of San Angelo, the groom's grandmother.

About 130 guests called, from Ozona, San Angelo, Sonora, Rock-springs, Big Lake and Robert Lee.

Miss McMullan was honored at a bridge party at the R. L. Flowers home Monday night. Hostesses were Mrs. Jack Brewer, Mrs. Chas. E. Davidson, III, and Miss Jeanette Trotter.

Guests were Mrs. Glenn Richardson, Mrs. Sonny Bailey, Mrs. Frank McMullan, Jr., Mrs. Johnnie Hunnicutt, Mrs. Bill Melton, Mrs. Dixon Mahon, Mrs. Ames Chapman, Mrs. H. P. McClanahan, Mrs. J. B. Parker, Mrs. Hillery Phillips, Jr., Miss Judy White, Miss Joan Holt and the honoree. A gift was presented the bride-to-be.

At Big Lake Tuesday morning, Miss McMullan was honored at a coffee and linen shower by Mrs. Robert Magruder, Mrs. R. L. Kinney and Mrs. Seth Stout. Other guests were Mrs. Bobby Rees, Mrs. Johnnie McMullan, Mrs. Frank McMullan, Jr., Mrs. Oscar B. Orr, Mrs. W. L. Morriss, Mrs. Max Schneemann, Jr., Mrs. Don Johnson, Mrs. J. D. Armstrong, Mrs. G. A. Jameson and Mrs. Blain Benton.

Plymouth Producer Extends Farmer Field In Crockett County

The Farmer (San Andres) field of Crockett County has been extended 1/2-mile west with the completion of Plymouth Oil Co. 1-X University, for a calculated daily flowing potential of 314.40 barrels of 30 gravity oil, no water, with gas-oil ratio of 1035-1.

Potential was based on an actual 19-hour flow of 248.94 barrels of oil, through a 1/2-inch choke from open hole between 2,193 feet, where 5 1/2-inch casing was set, and 2,506 feet, the total depth. Top of pay was picked at 2,125 feet on derrick floor elevation of 2,682 feet. Pay section was washed with 500 gallons of mud acid and fractured with 5,000 gallons.

Tubing pressure was 200 pounds, casing pressure, 425 pounds. Location is in 8-50-University, 10 miles southeast of Big Lake.

Plymouth Oil Co. of Midland has filed application to drill its No. 2-X University, one location west of production in the Farmer (San Andres) field of Crockett County, 10 miles southeast of Big Lake.

The project will be drilled to 2,700 feet with combination tools. Operations are to begin immediately.

Location, on a 166.98-acre lease, is 330 feet from the north and 990 feet from the west lines of 8-50-University Lands survey.

WANTED AT ONCE — Man or woman to supply Rawleigh household necessities to Consumers nearby. Full or part time. A postal card will bring you full details without obligation. Write Rawleigh's, Dept. TXJ-1530-271 Memphis, Tennessee.

Two Ozona Men Are Named Trustees Of Baptist Institutions

Two Ozona men were named trustees of Baptist institutions during the annual meeting of the Baptist Convention of Texas held last week in Fort Worth.

Arthur C. Hoover was named to the board of both Buckner Orphans Home in Dallas and Hardin-Simmons University in Abilene. Ira M. Carson was elected a trustee of Howard Payne College in Abilene.

Dr. J. Ralph Grant, pastor of Lubbock's First Baptist church was elected president of the convention at its closing session Thursday. The Baptists also named Dr. Robert E. Naylor, pastor of the Travis Avenue Baptist church, Fort Worth, as first vice-president and Rev. Carroll Ray, pastor of the Central Baptist Church Pampa, as second vice-president.

The Convention picked Dr. W. Herschell Ford of El Paso to preach the annual sermon at next year's convention, to held in Houston October 25-27. The alternate is W. L. Shuttlesworth, pastor of the Calvary Baptist Church, Tyler. Joe Trussell of Houston will be music director. Corpus Christi was chosen as the 1956 convention city.

FOR RENT — Furnished apartment and one bedroom. Call Mrs. M. E. Flowers, phone 122.

Freshman Day Is Observed In Schools

Freshman day, an innovation introduced into the Ozona High school this year and observed Monday, was pronounced a huge success by students, upperclass and freshman alike, and by school officials.

Instead of the usual first-day hazing of freshmen, plans were laid at the beginning of school for a "freshman day". The plan was initiated by the Student Council and student members outlined the day's program, with school authorities cooperating by allowing students time off from classes to carry out their day's activities.

All freshmen were required to carry a brick all day, the girls in short skirts and the boys in short pants. They were given the traditional "make-up" with lipstick and were paraded through the downtown section under the watchful eye of the upperclassmen. At the conclusion of the "initiation", the student Council was host at a refreshment hour, serving cokes and doughnuts.

Mrs. B. B. Ingham has returned from a week's visit in Sweetwater with her son-in-law and daughter. Mr. and Mrs. Nelson Boothe. While there, Mrs. Ingham attended the 50th wedding anniversary observance by Mr. and Mrs. Walter Boothe, parents of Nelson Boothe.

Sonora B String Tames Ozona 27-7

By Ernie Boyd

The Ozona B team dropped a 27 to 7 ball game to the Sonora Colts in Ozona Saturday night in a well played contest which saw the Cubs maintain an early 7 to 6 lead until the third quarter when the Colts found a leak in the Ozona line and banged away for three touchdowns.

Roy Glen Sutton and Jimmy Martinez along with Tommy Babb sparked the B team drive which finally punched over the marker which, with the extra point, stood up until the second half.

Jimmy Brown, Roy Sutton and Jake Young all played well on the defense for B team.

Mr. and Mrs. Hugh Childress, Jr., were in Houston over the week-end to visit their son, Graham, a student at Rice Institute. The Childress attended the Rice-Texas University football game Saturday and attended a "parents' orientation" meeting on the Rice campus.

'PRESCRIPTION' MEANS 'PROTECTION'

More often than you might suppose, we hear the question: "Why do I need a prescription to buy the medicine the doctor has ordered to make me well? It just seems to make the cost go up."

It's easy to see why some people ask this, and the answer is just as simple. Your Doctor's prescription is written for your protection. It is his explicit order to us, your pharmacists. We are trained by years of college and practical experience to follow his scientific instructions to the letter.

We are also the final check-point before the medicine reaches you. We double-check all prescriptions. It's our duty to see that there are no mistakes and to call the doctor if there is any question about his orders.

So, "prescription" really means "protection" ... your protection. We're happy to provide it.

Menard
 (Continued from page one)
 to go up the middle, he hit the same spot for 17 more and the games first score. Ronnie McMullan blocked the extra point try and the Lions were still within one touchdown of the lead.
 The Lions and Jackets struggled through the balance of the first and all but 20 seconds of the second quarter on equal footing with neither side being able to mount a scoring threat. With less than a minute until the half, Menard kicked to Ozona with the ball rolling out deep in Ozona territory. The Lions tried a flat zone pass and Pete Peary hauled in the low throw on the ten and scored the second Menard TD by merely stepping over the goal. Again the Lions blocked the kick and the

score at the half was 12 to 0.

Menard came back and struck quickly in the third quarter for their third tally on a deceptive pass which caught the Lions flat footed, the ball being thrown from Wallace to Hooten.

Trailing 19 to 0 the Lions struck back quickly. Following the kick-off the locals ran one play before Sam Martinez skirted Menard's right end for 58 yards and the score.

Going into the fourth quarter the Lions trailed 19 to 7 and there still seemed to be a chance but the Lions fell apart and the Yellowjackets ran up 21 points to the Lions 6 in the final canto.

Sparked by Hooten and Peary the Yellowjackets drove 60 yards for one marker and quickly counted again on a pass from Wallace to the right end.

Ozona hit paydirt again as Martinez rambed 42 yards for the second tally. The Yellowjackets proceeded to wind things up for the night with three long end runs that netted 70 yards and the final score.

In first downs the Yellowjackets

held a 10 to 7 margin but the first downs do not reveal how the long Menard gainer plays eat up the ground in big bites.

Ronnie McMullan, Jodie Jones, and Sam Martinez, played well both offensively and defensively for the Lions while Antonio Rodriguez played very well on the defense along with Fred Shoubrouek.

Dallas Operators To Drill Deep Test In Western Crockett Co.

Humphrey Oil & Gas Co., & Pat O. Humphrey of Dallas have filed application to drill an 8,000-foot wildcat in Crockett County, 9 1/2 miles southeast of Iraan. It will be the No. 1 H. M. Halff & Bivens Estate.

The project will be drilled with combination tools. Operations are to begin immediately. Elevation is 2,250 feet.

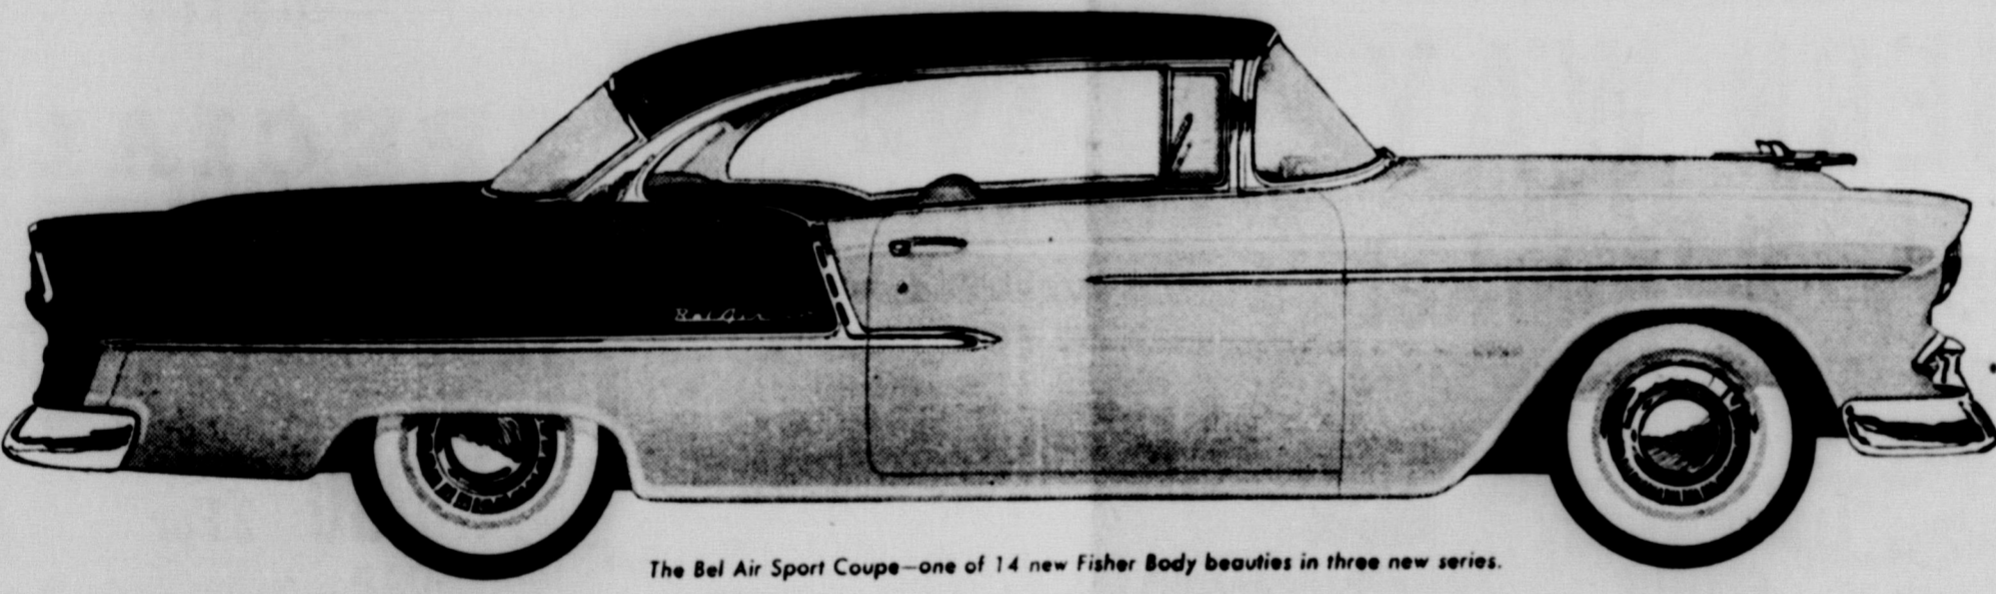

Location, on a 5,520-acre tract, is 330 feet from the north and 2,900 feet from the west (river) lines of 57-1-I&GN.

It carries the V8 design to a new high in efficiency with its high horsepower (162), high-compression (8 to 1), high performance and surprisingly high gas mileage. Available with standard transmission, or with the extra-cost options of Overdrive or Powerglide.

6

You can choose from two new sixes, too! Chevrolet also offers the last word in six-cylinder performance and economy! There's a new "Blue-Flame 136" teamed with Powerglide and a new "Blue-Flame 123" with either standard transmission or Overdrive.

Can't you tell just by looking that Chevrolet and General Motors have come up with a completely new idea about the low-priced car? The idea is this: to build a car that offers the very newest thing in styling, the most modern features, the finest kind of performance and the highest quality of manufacture—all at a modest price. It's something that took a lot of doing and that only the world's leading car builders could do. Everything's new in this Motoramic Chevrolet from its lower top right down to its tubeless tires. Come in for the most fascinating visit you ever made to an automobile showroom!

The motoramic Chevrolet

More than a new car—a new **concept** of low-cost motoring!

Here and There

By J. Troy Hickman
(Continued from page one)

Somebody will tell him that the Republicans are the rich man's party and the Democrats are for the little man, and he'll believe it. He would have believed it just as readily the other way around, had someone said it first.

Some think the stay-at-home vote will be big this year. That usually hurts the party in power, because the one trying to get in power will likely get his people to the polls.

Let us not make the mistake of thinking that it makes no difference whether we vote in November. It may make a big difference, for when Democrats go back to the chairmanship of the "key" committees, we will have the Truman New Deal back with us again, through the back door.

When a country grows up like this one has, people have to take more interest in the government. There was a time when a rural man who killed his own hogs could afford to be indifferent. Not any more. The long arm of Uncle Sam has moved in to tinker with every detail of his life. He had better put in his word while he can about what Uncle's policy will be. The man who refuses or neglects to go to the polls is making certain that the axe-grinder will win the election.

Every election is important. Every issue in each election is important. Although it is sometimes beyond the power of one of us to understand all the issues or evaluate each candidate intelligently, if each one of us will keep a lively interest in issues and candidates, and will go to the polls every time and do the best he knows, things will come out about right. Because issues we don't understand and candidates we don't know will be understood and known by others elsewhere.

RUTH CLASS MEET

Ten members and two visitors were present for the Ruth Class annual installation service at the First Baptist Church. Mrs. D. J. Brewer presented the charges to the new officers, using the theme American Airways. A short business meeting was held after the installation. Coffee, rolls, nuts and mints were served.

Spanish and French Music Featured In Music Club Meeting

Influence of the French and Spanish colonists on the heritage of American music was the program topic at the meeting of the Ozona Music Club Tuesday night at the North Elementary school auditorium. Mrs. H. B. Tandy was program leader.

Mrs. George Russell, Jr., sang an old Spanish Hymn, "Praise Be to God," and a Spanish-American folk melody, "At the Gate of Heaven" and "Cielito Lindo," a Mexican folk song.

A group consisting of Mrs. H. B. Tandy, Mrs. Chas. Odom, Mrs. Ted White, Mrs. Roy Killingsworth, Mrs. Frank James, Mrs. Doyle Perdue and Vernon Harlan sang several folk songs, with Jim Harris accompanying at the piano.

Miss Isidra Verver directed a group of children from the Community Center in an exhibition of Spanish dances.

Mrs. Tandy led in a sing song after which a group of fifth grade pupils under the direction of Miss Geneva Knox and Miss Lucille Farmer gave a demonstration of French folk dances.

Mrs. W. N. Hannah, chairman, read the report of the musical scholarship committee of the club recommending that Mary Lou Johnigan be awarded the scholarship this year. The club approved the award.

At a social hour following the program, refreshments were served by the hostesses, Miss Geneva Knox, Miss Lucille Farmer and Mrs. H. R. Mock. The next meeting of the club will be on November 4 at 7:30 p. m. in the home of Mrs. George Russell, Jr.

LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth — Salesmen were asking sharply higher prices at Fort Worth Monday in anticipation

higher on cows and bulls. Slaughter calves of choice kinds were fully steady, but the less-than-choice variety sold on a weaker basis, some 25 to 50 cents lower.

Choice stockers were steady, but those of less quality were weak to 50 cents lower.

A shipment of 103-lb. lambs topped at \$20 at Fort Worth Monday. Shorn fat lambs topped at \$18. Feeder lambs drew \$12 to

of a reaction from the sharp breaks of the previous week. However, the buying side took a gloomy view of the huge runs reported around the 12 major markets (over 152,000 cattle and over 39,000 calves) and they also reported wholesale meat trade was very spotty and weak.

Result of this was that most slaughter cattle sold near steady with a few spots 25 to 50 cents

\$15.50. All lamb sales were steady to strong.

Yearlings and older sheep fully steady. Slaughter ewes sold at \$6 to \$12. Old wethers around \$4. Yearling muttons from \$8 to \$15.
