By J. Troy Hickman

A NEW EVENT IN DUVAL COUNTY

George Parr, South Texas political boss who is sometimes called "The Duke of Duval," has been indicted, so the papers say, on a federal count of income tax evasion. In addition, more than 100 indictments are said to have been returned against him by a Duval county grand jury, for acts alleged to have been done during his long term as public office holder there. Parr served nine months of a sentence in 1936 for tax evasion, and was paroled in 1937, and in 1946 had full citizenship rights as a citizen restored. One wonders whether this parole and the later pardon by the governor will not give to bear a part of the responsibility for the total situation in Duval now.

One also wonders what sort of a parole will allow one of their number to get such a control over the county. Granting that Mr. Parr is an exceptionally strong character, and probably not too squeamish in his methods, it is hard to see how he could become the local dictator as he apparently has, unless a majority of the people there were willing.

The 104 indictments, plus the federal charge, should keep Mr. Parr busy for some time. He may be able to assemble enough money to influence to evade the net of the long arm of justice in his district. But whether his influence will weigh anything in a federal court, remains to be seen. He is said to be 58 years old, and many citizens get prison terms, after later decades of their lives, for later them out or recover from their unfavorable influence. Mr. Parr is sentenced on the federal count, which will probably rank as a second offense, and on one or more of the 104 indictments, it is difficult to see how he could finish the term in prison and return to Duval county to rebuild his organization there. The citizens of Parr empire will have to share their part of the burden of making their country a better one and keeping it that way. If there is lack of appreciation for the American way is so weak as to substitute a vacuum, it will be a matter of time until some other potential dictator will fill Mr. Parr's place. For where there are weak and an opportunity for corruption exists, there is always someone ready to rush in to take advantage of it. At several points in the past months of controversy in Duval, it has appeared that many people there are interested in having people in from the outside and solve the problems for them, than they are to solve them themselves. It would seem that many of them would like, if possible, to keep the management they apparently enjoyed under Parr, but not have to pay for themselves for it.

Someone said long ago, "Eternal vigilance is the price of liberty." Even vigilance is not enough. There must be courage, too. Courage enough to take effective action without apology, and take the responsibility for it.

The people of Duval are not the Americans disposed to barter their freedom for patronage. In a sense the whole trend of American life is that direction. It seems that the group is willing to accept responsibility for its own condition, that all of us, in one way or another, want some sort of subsidy. Anything is clear, it is that we cannot have and eat his cake at the same time. We can be free and subsidized, one or the other, but cannot be both. Usually by the time we realize that, freedom is compromised to an irrevocable condition.

It seems that the death of young George Parr was the bell that tolled the end of what may be the last of the Parr regime. For years there had been an undertone of dissatisfaction in Duval. Faint suggestions had been heard before, but the machine's hold was so strong that nothing could break it. (Continued on Last Page)

Class Champions To Replace Grand Champ In 4-H Show

Eighth Annual County 4-H Show Set For January 15

Three 4-H club meetings were held last week in the high school. 4-H members met in their regular monthly meeting on Monday night, November 8th. Sally Baggett was elected secretary to succeed Erby Chandler, who resigned. Members were advised of some of the plans for coming livestock shows in which they will exhibit.

The 4-H Mothers Club met also on Monday night of the 8th. Presiding at the meeting was chairman Mary Hazelstein. Various plans were made regarding several projects in which the club is sponsoring to promote a better 4-H club for the county.

Thursday night, November 11th, a meeting was held of the fathers of 4-H club members. Business transacted was the decision to have a champion of each fat lamb class rather than a grand champion of the show.

It was voted also to present the Mother Davidson Trophy to the outstanding 4-H club member whereas in the past it has gone to the winner of the grand champion lamb of the county show. This change was made in order to give members of the fast growing breeding program an equal chance to receive the award given annually by a West Texas citizen who desires to remain anonymous.

The fathers named the following men to serve on the official advisory committee of the 4-H E. H. Chandler, Ashby McMullan, Bill Baggett, Dempster Jones, Jake Miller, Ele Hazelstein, P. L. Childress, Jr., James Baggett, and James Childress.

The Eighth Annual Crockett County 4-H Club Livestock Show will be held on January 15th, Dub Day, county agent at Rankin, will place the fat lambs, Pat Rose, Jr., of Del Rio, will judge the breeding classes. Lemuel Jones, well-known auctioneer of Junction, will return for the third straight year to cry the auction sale of fat lambs.

Thirty-nine 4-H club members have 250 head of lambs on feed this year, 200 fat lambs and 50 breeding sheep.

"This year we have by far the best bunch of sheep ever fed in Crockett County and for the first time have some wonderful prospects for major show winners in the fat lamb division," remarked County Agent Pete Jacoby, and he advised, some outstanding registered Rambouillet rams and ewes that should offer plenty of competition at major shows.

Most of the lambs on feed are doing well and every class at the county show will have plenty of strong competition, predicts the county agent. In fact it looks right now as if the 4-H club member who does the best job of feeding and caring for his or her lambs between now and show time will come out on top the winner, Mr. Jacoby said.

Heavy Producer In Reagan County on Land Owned By Ozonan

Discovery of a new West Texas oil field was announced by The Texas Company after a preliminary test of the Company's Lula Wilson Young Well No. 1 in Reagan County.

The wildcat well flowed 114 barrels of 44.1 gravity pipe line oil in one hour through a 30/64-inch choke from zone 9346-9346 feet in the Silurian Fusselman. Tubing pressure was 500 pounds and the gas-oil ratio 180 to one.

Located in Section 1, GC & SF RR Co. Survey A-170, Reagan County, the discovery well is three miles south of the town of Big Lake and four miles west of Barnhart Pool. Texaco has substantial acreage in the area.

The well is on ranch land owned by Mrs. J. W. Young of Ozona.

Mrs. W. R. Baggett is under treatment in a San Angelo hospital.

National President Of Music Clubs Is Honored By Ozonans

Dignitaries of the National and State Federation of Music Clubs, including National President Mrs. Ada Holding Miller of Providence, R. I. State President, Mrs. Paul Moss of Odessa; National Committeewoman Mrs. Few Brewster of Austin and immediate past State President Mrs. Ina Wooten Jones of Abilene were honored by the Ozona Music Club with a luncheon Monday noon in the home of Mrs. H. B. Tandy when the group stopped here on a tour of the state. Also accompanying the group was Mrs. Edwin Mayer of Sonora, a state chairman.

Mrs. Tandy was assisted as hostess by past presidents of the Ozona Music Club and Mrs. Ted M. White, current president of the club. Mrs. R. A. Harrell presided at the salad service and Mrs. V. L. Pierce at the tea and coffee service.

Mrs. Miller spoke to the group on the music camps supported in part by the National Federation of Music Clubs.

The touring officers were honored at a seated tea Sunday afternoon at the Edwin Mayer ranch near Sonora. Attending from Ozona were Mrs. Ted White, president of the Ozona Music Club, Mrs. Pleas Childress, Mrs. Lowell Littleton, Mrs. Sid Millsbaugh, Mrs. Hillery Phillips, Mrs. V. L. Pierce, Mrs. Roy Killingsworth, Mrs. Charles Odum, Miss Peggy Moore and Miss Lois Erwin.

Forum Game Party Dec. 2 To Benefit Welfare, Polio Fund

Ozona Woman's Forum is making plans for its annual Game Party to be held in the North Elementary School auditorium the evening of December 2, at 7 p. m. The event will be staged as a benefit for the local Welfare Fund and for the club's contribution to the annual polio drive.

There will be games for all, including bridge, dominoes, forty-two, canasta and other games. Admission charges will be announced, the funds thus derived to go into the club's special fund for these causes. Refreshments will be served and prizes given in the various game divisions.

Gulf Completes Discovery Well In Tippett Area

Shallow Wildcat Set; Farmer Field Gets Two Extenders

Gulf Oil Corp. No. 1-E J. H. Tippett, Crockett County lower Clearfork discovery in 38-41-H&TC, one mile southwest of the Tippett (Wolfcamp) field, 11 miles southeast of McCamey, was completed for a daily flowing potential of 28.4 barrels of 37.6 gravity oil plus 5.41 barrels of water.

Production was through a 3 1/2-inch choke and perforations between 4,195-4,250 feet, 4,300-4,320 feet and 4,380-4,450 feet. Pay section was washed with 500 gallons of mud acid and 6,000 gallons of regular acid. Gas-oil ratio was 54,261-1.

C. D. Arnold et al, Iraan, have filed application to drill a shallow wildcat in Crockett County, 12 miles southeast of Iraan. It will be the No. 1 J. W. Owens.

Cable tool drilling to 2,500 feet will begin at once.

Location, on a 240-acre lease, is 230 feet from the south and 990 feet from the east lines of the northwest quarter of 2-GG.

The project is one mile east of the Clara Couch field, but separated by dry holes.

The Farmer (San Andres) field of Crockett County was extended one location south and west with completion of Plymouth Oil Co. No. 4-Z University, in 5-50-University, 10 miles southeast of Big Lake.

It was completed for a daily flowing potential of 77.30 barrels of 31.4 gravity oil, no water, with (Continued on Last Page)

Lion Gridders Wind Up Season In Sonora Fri.

Locals May Furnish Lively Tussle For Powerful Broncs

The Ozona Lions will close their 1954 season in Sonora Friday night as they meet the Sonora Broncos in their final game of the season. The game will not affect the standing of either ball club much since the Broncos have already sewed up the district 6 title insofar as the playoff is concerned. A Lion victory would throw the title chase into a tie between Junction and Sonora but since Sonora defeated Junction they will represent the district anyway.

The Lions have shown marked improvement since the Menard game and played fine ball against Junction and continued to improve against Eden. The Broncos have not been extended to win since their narrow loss to Ballinger in the season opener.

The Lions are expected to be in top shape for the contest with no injuries reported. The game will be the last for five of the Lion starters, Ronnie McMullan, Charlie Hale, Eusebio Longoria, Antonio Rodriguez and Jody Jones. The five will be missed next year and have played key parts on the Lions 1954 club.

The game will also mark the final appearance in district play of two of Sonora's outstanding performers, George Wright and Donald Fuqua. There are other seniors on the Sonora ball club but coach Joe Turner will indeed be fortunate if he is able to replace Wright or Fuqua.

The Sonora kickoff time is slated at 7:30 at Bronco field.

Olson, Pure-Bean Fields In Crockett Co. Get Extensions

The Olson field of Crockett County has been extended one location northeast and southeast with completion of Plymouth Oil Co. No. 4-0 A. C. Hoover in 11-GG-T&NO, 18 miles southeast of Iraan, for a daily pumping potential of 157.94 barrels of 27.8 gravity oil, no water.

Production was from open hole between 1,826 feet, where 5 1/2 inch casing was set, and 1,950 feet, the total depth. Top of pay was picked at 1,826 feet on derrick floor elevation of 2,418 feet.

Pay section was washed with 500 gallons of mud acid and fractured with 3,000 gallons.

The Pure-Bean field of Crockett County has been extended 1/4-mile south with completion of Pure Oil Co. No. 4-BS Bean Consolidate, in 88-OP-GC&SF, nine miles northeast of Ozona for a daily pumping potential of 8.33 barrels of 29 gravity oil, no water.

Production was through perforations between 1,220-1,434 feet in 5 1/2-inch casing cemented at 1,486 feet, one foot off the bottom. Top of pay was picked at 1,263 feet on derrick floor elevation of 2,608 feet. Pay section was acidized with 4,000 gallons.

Lions Break Losing Streak With 40-0 Win Over Eden's Bulldogs

The Ozona Lions snapped a five game losing streak Friday night as they walloped the Eden Bulldogs 40 to 0. The win in addition to being the first district victory of the year was sweet revenge for the 39 to 0 loss pinned on the Lions by the Bulldogs last year. Strangely enough even though the game was rated about even the Lion margin kept intact a string of one-sided victories by the victor between the two schools.

The Lions went into the lead late in the first quarter when Ronnie McMullan took Charles Hale's pitchout and went over from twelve yards out as Brock Jones provided the key block. McMullan's conversion attempt was (Continued on Last Page)

Record Attendance Of 300 At P.T.A. Meeting; School Band Entertains

The Ozona School Band presented the program at the regular meeting of the P. T. A. last Monday night at 7:30 in the high school auditorium. Three hundred people attended the meeting, which is the best attendance the P. T. A. has had yet.

Mrs. W. H. Whitaker's fourth grade won the two dollar award for having the most parents present at the meeting.

The project committee chairman, Charlie Applewhite, reported that the audiometer which has been voted on as project for the year would cost \$435. Another project, the purchase of three movie projectors for the school, was approved.

A report was made on the fence for the north elementary school ground. Investigation revealed that the fence would cost \$1400.

Mrs. Janie B. Hull is to accompany the president of the P. T. A., Mrs. James Baggett, to Corpus Christi for the State Convention of the P. T. A., Nov. 17, 18 and 19.

The membership cards have arrived, and will be distributed by the room mothers to all members of the P. T. A.

Seven County Officials Draw Four-Year Terms

Amendment Adopted In Nov. To Alter Local Traditions

Seven local county, district and precinct officials who were running in the summer primaries and in the general election for two-year terms in office actually won four-year terms under one of the record eleven amendments to the Texas Constitution which were adopted by the Texas electorate in the November 2 election.

Although Crockett county voters did not approve the four-year term amendment, a majority of Texas voters who voted in the general election did, and as a result, counties in the state hereafter will elect local officials for four-year terms and will elect them piecemeal, that is, a few every two years.

The amendment was set up to take immediate effect, but instead of awarding immediate four-year terms for all local officials, the constitutional change set two-year terms beginning next January 1 for some officials and four-year terms for others making it necessary to hold elections every two years as at present, but reducing the number of offices to be up for decision by the voters.

The seven local officials who drew four-year terms by being elected this year were County Judge Houston Smith, County and District Clerk Leta Powell, County Treasurer Jim Dudley, County Surveyor W. P. Conklin, County Commissioner Bill Miller of Precinct 2, Commissioner Jake Young of Precinct 4 and Justice of the Peace W. M. Jehnigan of Precinct 1.

Facing an election two years hence will be V. O. Earnest, Sheriff; Assessor and Collector of Taxes; County Attorney Dixon Mahon; Commissioner Ralph Jones, Precinct 1; Commissioner Rusty Smith, Precinct 3, and Constable Tom Smith. District Attorney Cornell Ashley of Fort Stockton, who takes office January 1, will also face election in two years. But all of these officers will be elected for four-year terms at the next election, under the amendment.

Kidd Sets Test In Pure-Vaughan Field

Barran Kidd, Dallas, has filed application to drill his No. 4 Pure-Vaughan one location northeast of production in the Pure-Bean field of Crockett County, 9 1/2 miles northwest of Ozona.

Cable tool drilling to 1,500 feet will begin at once.

Location, on a 320-acre lease, is 995 feet from the south and 990 feet from the west lines of 82-OP-GC&SF.

Lions Auction Benefit Flood Control Fund

Barbecue Dinner In Park Sat; Jones Is Auctioneer

With its first objective the raising of a "slush fund" to promote the accomplishment of a flood control program above Ozona on Johnson Draw to prevent a repetition of the disastrous flood of June 28, the Ozona Lions Club will stage an auction sale in the downtown city park next Saturday.

In addition to the flood control fund, the club plans to allocate a part of the profits from the venture to an improvement program for the baseball park, to provide a field for Little League, Teen League, high school and town baseball at what is known as Powell Field.

There will be a barbecue dinner in the park Saturday. Tickets at \$1 each are now on sale by Lions Club members, each ticket entitling the holder to a barbecue plate. In addition to the dinner, each ticket will entitle the holder to a chance at a television set to be given away by the club in a drawing during the afternoon.

Lem Jones of Junction, well known auctioneer, will cry the auction sale of merchandise in the park. Mr. Jones is no stranger to the auctioneer's microphone in Ozona, having been the auctioneer the past two years at the 4-H Club lamb sale at the annual county show.

There will be no livestock offered in the sale but many wanted items of merchandise, donated by Ozona and San Angelo merchants, will be offered for sale to the highest bidder.

The flood control fund is being set up a starter for what the Lions Club hopes will be a continuing fund for use of local committees set up to follow through on the effort to bring about the construction of some kind of dam or dams to prevent future flood from the Johnson Draw source. Preliminary surveys have already been made by the Army Corps of Engineers and the Soil Conservation Service. What the findings were or what the next step the community should take are questions which prompts the need for continued prodding of the project.

One of the plans which Lions Club officials have in mind to make use of the fund which they hope will be provided by Saturday's auction is the preparation of a brochure, a complete picture of the flood's ravages, the frequency of occurrence of flood conditions in the wash and all information concerning the entire drainage area which might be useful in a governmental study of the plan for flood control. This information, to be compiled and prepared in as many copies as needed, will be useful in placing the matter before the proper governmental agencies in the event the effort toward federal help in solving the flood problem is to be followed.

Other uses to which the fund, which the Lions Club hopes will be augmented from other sources if further need arises in the future, will be the financing of operations of a local committee in travel and communications in keeping the flood control matter before proper officials.

With this announced program by the local civic organization, hearty support in the Saturday selling should come from all Ozona residents.

PAPER TO BE PRINTED DAY EARLY NEXT WEEK

Because of the Thanksgiving holiday next Thursday, the Stockman will be printed a day early. Cooperation of advertisers and contributors of news articles is requested in accomplishing the early edition.

DO WE WANT FREEDOM?

Someone once said, "Christianity has not been tried and found wanting; it has been found difficult and not tried."

And on the same basis, many today are ready to throw government "by the people" out the window, finding that it requires "the people" to work at it.

It is much easier to turn local problems over to the state government, and state problems over to the federal government, and take our ease — until the day we find that with the problems has gone the power, and the people are ruled, not ruling.

The Texas Manufacturers Association has met strong opposition in some quarters in contending vigorously for the principle of local solution of local problems and for keeping government as close to home as possible.

Many, preferring to shirk their own responsibilities in government and take the hand-outs of a paternalistic state, apparently believe that any opposition to such practices is merely to keep the people unfed, uneducated, and uneducated.

TMA will undoubtedly hear such accusations repeated as a result of resolutions passed at its recent Conference of Texas Industry in Dallas, for once again that organization affirmed its support for government on the lowest possible governmental levels, including local control of public schools.

It urged that federal aid to public schools be opposed, except in areas where federal installations create an excessive burden on local communities, which is in direct opposition to the recent resolution of the national organization of school teachers.

Some teachers will probably say again that TMA is opposed to improving education, and the cry will be taken up by others who fail to look beneath the surface of the issue.

But we would suggest that before such a cry is raised it would be well to remind ourselves that a benevolent dictatorship has always proved the most efficient form of government, but no dictatorship has ever long remained benevolent. And surely there is no faster move toward dictatorship than to vest purse-string control of our schools, traditionally the adjunct of the home, in Washington.

Do we really want "government of the people, by the people, and for the people," or would we prefer to be spoon-fed, even when that means we'll soon have no choice about what's in the spoon?

**Texas Farm Income
Remains Steady**

Austin, Texas — Texas farmers received approximately as much cash income from products in the first nine months of 1954 as they did in the same period last year, the University of Texas Bureau of Business Research reports.

The difference in the 1953 and 1954 totals was less than a half of 1 per cent.

Cotton income was up 32 per cent, followed closely by cotton-

seed (27 per cent), sheep and lambs (16 per cent) and corn (12 per cent). However, grain sorghums income dropped 25 per cent, and other declines were registered by dairy products and eggs (each 20 per cent) and fruit and vegetables (18 per cent).

The outlook for principal cash crops is brighter, the Bureau reports. Pessimistic views are confined to crops of local importance in scattered areas.

September rail car shipments of Texas livestock were up 17 per

cent over August and 117 per cent over September, 1953, indicating heavy marketing because of the prolonged drouth. However, range and pasture prospects picked up sharply in October and cattle marketing was curtailed sharply

Gunners Mate 3C Larry Graves, son of Mr. and Mrs. Robert Graves of Ozona, has returned to duty aboard the destroyer USS Formoe at San Diego after a month's leave spent at home. Mr. and Mrs. Graves and daughter, Jill, took

Larry to San Diego and while there had an opportunity to visit two of their sons, Larry and Billy Ray, are both serving. Billy Ray, a gunners mate first class, was given a two weeks leave by the ship's captain to accompany his parents home. Billy Ray is due for discharge in February after 4½ years of service in the Navy. Larry has been in a year and a half and is scheduled for a tour of duty in the Far East aboard the Formoe.

Tibba McMullan, Rae Powell Wed.

Rae Powell and Miss Tibba McMullan were married in San Antonio, Texas, on Saturday, Oct. 16, at the First Presbyterian church. The Rev. Allan Guthrie officiated. The couple was attended by the bride's brother and his wife, Mrs. Frank McMullan Jr. of San Antonio, and the groom's father, Mr. and Mrs. Frank McMullan, Sr. of San Antonio.

The bride, born and reared in San Antonio, is a graduate of Reagan High School and attended Tech College in Lubbock, Texas. She is the daughter of Mr. and Mrs. Frank McMullan, Sr. of San Antonio.

The groom, son of Mrs. Elizabeth Schleicher County, Texas, in Ft. Worth and lived there 16 years, then moved to San Antonio where he graduated from San Antonio High School of that city.

After graduation from high school, the groom entered military service and was in service for two and a half years.

In 1947 John Rae has been on the Powell ranch near San Antonio where he and his bride are making their home.

WOMAN'S FORUM NIGHT GAME CLUB PARTY HELD

Mr. and Mrs. Martin Harvick and Mr. and Mrs. P. L. Childress were hosts to the Ozona Woman's Forum night game club Thursday night at the country club.

High score award went to Mr. and Mrs. Jack Williams. Mr. and Mrs. Austin Millsbaugh and Mr. and Mrs. Joe Clayton tied for second, the Millspaughs winning high card cut. Low score went to Mr. and Mrs. James Childress and bingo to Mr. and Mrs. P. C. Perner.

Others present were Mr. and Mrs. N. D. Blackstone, Mr. and Mrs. W. T. Stokes, Mr. and Mrs. E. B. Ingham, Jr., and Mr. and Mrs. T. J. Bailey.

BIRTHDAY LUNCHEON

The Homemakers Class of the First Baptist Church met for a covered dish luncheon at 1 p. m. Monday in the fellowship hall of the church.

The occasion was to honor class members whose birthdays fall in this month. Honored were Doris Brentz, Norma Halbert and Lorain Merritt.

Decorations were arrangements made from a variety of fall leaves and chrysanthemums. Several cameras were in operation, Leota Cox with her movie camera and Babe Womack with a Polaroid took shots.

The group sang Christmas carols in practice for several com-

ing events in which they are to participate.

Sixteen members were present. They were Lillie Strickland, Leota Cox, Pearl Brewer, Jerry Woodall, Faye Brown, Vada Pridemore, Mae Lewis, Alverta Butterfield, Louetta Beall, Joy Fair, Myrtle Everett, Manon Wallace, Ruth Hester, Doris Brentz, Norma Halbert and Babe Womack.

I have just returned from Houston where I took post graduate work and have reopened my office in Ozona. Dr. Alice E. Wilmot, Chiropractor. 1c

Service for all...

...the big and the small

Whether it's the biggest trailer truck or the smallest orange crate racer—we're ready with plenty of service. You see, to us running a service station means more than just keeping your car supplied with gasoline and oil. It means top-flight service—the kind that can actually add thousands of miles to the life of your car and give you more comfortable driving "every mile of the way." Giving your car the care it deserves is the best way we know to compete for your business. So drive in today—you'll find it will pay off in motoring pleasure.

Call on us for **COMPLETE SERVICE**

Ozona Oil Company
Phone 143 West Highway 290

It's got a "V" in its bonnet—
or your choice of two new sixes!

The motoramic **Chevrolet** for '55

Great new **8**

It's the valve-in-head V8 as only the valve-in-head leader can build it!
You'd expect Chevrolet to out-V8 the field—and it has! Chevrolet's new "Turbo-Fire V8" puts a brand-new kind of excitement under your foot. The excitement of 162 horsepower! The excitement of an 8 to 1 ultra-high compression ratio that squeezes more pure fun out of a gallon of gas than you ever dreamed possible! The new "Turbo-Fire V8" is so efficient that it requires only four quarts of oil instead of the usual five or more. And it has the shortest piston stroke in the low-price field, for longer engine life. But we can't even begin to give you the whole story here. Come in and drive the new "Turbo-Fire V8!"

Two new 6's **6**

With enough new advances to fill a book!
Chevrolet offers two new highstepping sixes for 1955! There's the new "Blue-Flame 136" (teamed with Powerglide as an extra-cost option) and the new "Blue-Flame 123." Both bring you new, higher-rated power—the zippy, thrifty high-compression kind. Both have new, more efficient cooling and lubrication systems... new engine mounts that result in almost unbelievable smoothness. And, like the new "Turbo-Fire V8," both are sparked by a new 12-volt electrical system for finer performance and faster cold-weather starting. They're the liveliest, smoothest sixes Chevrolet ever put into a passenger car!

The Bel Air 2-Door Sedan—one of 14 new Fisher Body beauties in three new series.

More than a new car... a new **CONCEPT** of low-cost motoring (and much too good to miss driving!)

Committees Named, Supper Planned For Golf Assn. Husbands

Ladies Golf Assn. members enjoyed the monthly luncheon and play at the country club Tuesday. Golf winners for the day were Velma Marley, Gladys Pierce, Alice McMullan, Charlotte Phillips and Helen Wilkins.

Appointments of committees for the year were announced. The foods committee is composed of Marge Ramsey and Blanche Walker; the golf committee includes Pauline Montgomery, Lillie Baggett and Donna Beth Davidson. The bridge committee will be Roberta Cooper and Frances Albers.

The golf committee announced a prize to be awarded to the players who plays with the largest number of different persons during the next month. Lillie Baggett was announced as the winner of the ringer tournament just concluded. Plans were made for a supper for club husbands to be staged at the club on December 14.

Present for the luncheon and games Tuesday were Katy Jones, Jeanie Williams, Donna Beth Davidson, Eileen Childress, Winnie Williams, Blanche Walker, Pauline Montgomery, Marjory Ramsey, Velma Marley, Marge McMullan, Gladys Pierce, Helen Wilkins, Lillie Baggett, Wilma Friend, Alice McMullan, Charlotte Phillips, Mae West, Frances Albers, Dorothy Pierce, Wanda Stuart and Ethel Hemphill.

NOTICE OF CANCELLATION OF SUB-DIVISION

To any person interested in the sub-division of Lots 38 and 39, in Block X, in the town of Ozona, Crockett County, Texas.

Any person interested in the sub-division of Lots 38 and 39, in Block X, in the town of Ozona, Crockett County, Texas, as same appears in a plat filed on said lots by S. S. Millsbaugh, Jr., in Volume 12, Page 251 of the Deed Records of Crockett County, Texas, is hereby commanded to appear before this

court at its regular term on Monday, Dec. 13th, 1954, at 10 A. M. at Court House in Ozona, Crockett County, Texas, to protest, if they so desire, the application of Dorothy Millsbaugh to cancel said sub-division and throw such land back into acreage as it was before such sub-division was made. Said application of Dorothy Millsbaugh was filed with this court on Monday, November 8th, 1954.

It is ordered, adjudged and decreed by the court that the Sheriff of Crockett County, Texas, publish this notice in some newspaper, published in the English language in Crockett County, Texas, for at least three weeks prior to action hereon by this court, and that he made due returns thereof to this court.

Witness the name and seal of the Commissioner's Court of Crockett County, Texas, this 8th day of November, A. D. 1954.

THE COMMISSIONER'S COURT OF CROCKETT COUNTY, TEXAS

By: Houston S. Smith, County Judge.

THE 1955 BUICK

New thriller in Style - Power - Performance

A BRIGHT NEW FRESHNESS greets your eyes and tells you: *Buick's done it again.*

You see it in the bold distinction of that gleaming Wide-Screen Grille. You see it in the rakish sweep of the rear-end contours. You see it in the whole fore-and-aft newness of fleet-lined grace that marks Buick the beauty thrill of 1955.

New horsepower - up to 236

You learn more when you get the power story. Up to new peaks go the horsepower of every Buick V8 engine - a wallowing 188 hp in the low-price SPECIAL - a mighty 236 hp in the CENTURY, SUPER and ROADMASTER.

And it's new, more responsive, far abler power you can literally feel as you go.

But even bigger Buick news for 1955 is

something more than style and power. It's what the "variable pitch propeller" now has done for Dynaflo Drive.

Up goes performance - and gas mileage too

When you find it necessary to push the pedal to the floor board, you do more than call on the greatest high-compression V8 power in Buick history.

You do what a pilot does when he heads his plane down a runway.

You do in oil what he does in air - you cut down take-off time by using "variable pitch propellers."

In this case, the propeller blades are inside the Dynaflo unit. But they're engineered to swivel or change their "pitch" just like plane

propellers - and with the same result: one pitch for getaway, another pitch for gas-saving fuel efficiency.

And what you get in the way of instantaneous safety - surge with absolute smoothness, you can only believe when you feel it.

This you have to try

Of course, we want you to come and see the trend-setting new Buicks - look into the betterments in gasoline mileage that add new thrills to these spectacular cars.

But this year, "seeing" is only the beginning. So - while you join the crowds viewing the new Buicks this week end, make a date to get behind the wheel as soon as you possibly can. We promise you the thrill of the year.

*Standard on Roadmaster. optional at extra cost on other Buicks.

SMU-Baylor Game To Highlight Week-End

A statewide telecast of the Michigan-Ohio State game and broadcast of four other football games will be sponsored in Texas Saturday by Humble Oil & Refining Company.

All football broadcasts will be at 1:50 p. m.

The SMU-Baylor game will be broadcast from the Cotton Bowl, Dallas, by Kern Tips and Eddie Barkley. Carrying the game will be radio stations KRLD, Dallas; KTRH, Austin; KGKL, San Angelo.

From Rice Stadium, Houston, the Rice-TCU game will be described by Ves Box and Jerry Dogan over radio stations WFAA, WFAA, 820-Dallas-Ft. Worth; K-Houston; WOAI, San Antonio.

The Texas Tech-University of Oklahoma game at Lubbock will be broadcast by John Ferguson and Dale over radio stations KEJL, Odessa; KFDA, Amarillo.

Arkansas plays LSU in Shreveport, Louisiana, and Dave Russell and Bob Walker will be on hand during the game over radio station WFAA-WBAP-570, Dallas.

Man or Woman Own Your Own Business. A new item. First time used. Start in spare time, if desired, then work full time. Billing and collecting money on our machines in this area. qualify you must have a car, \$360 cash to secure territory and inventory. Devoting 4 hours a week to business your end percentages of collections would net approximately \$175 monthly with very good possibility of making over full time. Income increasing accordingly. If applicant can qualify financial assistance will be given by Co. for expansion to full time position with average income. Include one in application. Box 278. 1p

Hunters Asked To Contribute Deer Hides To Texas TB Patients

Austin — Deer hunters are asked again this year to give TB patients in the state hospitals the hides from their season's kill.

Mrs. Mary Alice Coombs, occupational therapy director for the hospital system, says buckskin provided in this way last year is now going into Christmas gifts the patients are making for their families at home.

Austin Taxidermist, L. M. Rathbone, motor freight lines, sports editors, radio announcers and the hunters themselves teamed up with the Texas Tuberculosis Association in a statewide contribution of hundreds of hides, Mrs. Coombs said.

Mrs. Smith says the hides should be lightly salted, marked "charity", addressed to the Austin Taxidermist Studio, 2708 South Lamar, Austin and shipped by motor freight. If this procedure is followed, she says, most of the motor freight lines in Texas will transport the hides free of charge.

Farm Families To Pay Social Security Beginning January 1

The 1954 Amendments to the Social Security Law will bring Federal old-age and survivors insurance to most farm families beginning in January 1955, declared Thomas L. Bennett, Manager of the San Angelo Social Security District Office. These amendments signed into law by the President on September 1, extend social security coverage to all farm operators who earn as much as \$400 in profits in 1955 and later years to all farm employees whose cash earnings amount to as much as \$100 paid by the same employer farmer in 1955 and following

years.

Any farm operator or farm employee who does not now have a social security card should apply for one immediately. Application forms are available at most post offices. The social security number will identify a person's earnings which will be used when figuring the social security payments to which he will be entitled when he reaches age 65 and files a claim or

the amounts payable to his family when he dies.

Farm operators and farm workers are urged to drop a postal card immediately to the Social Security office at San Angelo and request a leaflet will explain in understandable language what farmers and their families should know about their social security, and what they should do now and in the future to protect their rights.

It's The Rain You Keep That Counts; Judicious Stocking Urged To Keep Cover On Range Land For Maximum Moisture Benefit

By Bob Scott, SCS

The Crockett Soil Conservation District has been very fortunate during the growing season of 1954, as far as rainfall is concerned. Have you stopped to analyze just how much of this rain you actually used? Ozona has had more than twenty-four (24) inches to date.

Many parts of the district received considerable more than this, even excluding the flood producing rains in June. Much of the high intensity rain is always lost to runoff. Analyses of rainfall records have shown that about one third of the average rainfall in West Texas occurs as small showers that are quickly lost in evaporation and are ineffective. What about those remaining rains that fell slow and easy, the kind we call perfect? Extensive tests made by the Soil Conservation Service in the district and all over West Texas showed that after three inches of good slow rain had fallen, penetration on bare rangeland averaged not more than six inches, immediately following the rain. Tests also show that one inch of water will wet most of the Crockett type soils, about six inches deep. That means that out of three inches of rain, less than a third got into the ground. On the other hand, penetration studies on rangeland with a good cover grass, showed a penetration of eighteen inches and up.

If a third of the total rain is lost in evaporation due to small rains and if a third is lost during the good rains on bare range, very little of our moisture is reaching the grass roots level.

It is true, that in the Crockett Soil Conservation District, we once more have some cover over a large part of our rangeland. It has taken far above average rainfall conditions to get that start, of even annual woods, in some instances. As winter sets in, it is time to evaluate the importance of saving some of this cover for protection. Judicious stocking to keep some of that cover on the ground, even if it is weeds and low producing grasses, is the cheapest and best insurance a rancher can buy. Ten inches of rain next growing season, falling on good ground cover, will produce more vegetation than thirty inches did this year. Litter on the ground when it

rains, means more rain absorbed, better plant vigor, protection from evaporation and more feed for the market through our livestock. Don't overdraw on your basic asset — the soil.

Observe Christmas for the entire family with the WORLD BOOK ENCYCLOPEDIA Red President Binding \$129, \$10 down and \$6 per month. See our ad in Nov. 15 LIFE or contact Ed Nunnally, 237 N. Magdalen, San Angelo, for more details. 32-4c

Midland Operator To Drill Shallow Wildcat On Shannon Estate

Lloyd E. Inzerarity, Midland, has filed application to drill a shallow wildcat well without in Crockett County, 20 miles northwest of Ozona. It will be the No. 1 J. M. Shannon Estate.

Contract depth is 1,800 feet. Estimated elevation is 2,320 feet. Operations are to begin immediately. Location, on an 80-acre lease, is 530 feet from the north and west lines of the southeast quarter of 11-9-D&SE.

The prospector is 1 1/2 miles east-southeast of the shallow Todd, North field which produces from

the San Andres at an average depth of 1,818 feet. It is also 1/2 mile southwest of gas production.

Standard Oil Co. of Texas No. 1-7 J. H. Tippett, east offset in the upper Wolfcamp discovery of the Tippett multipay field of Crockett County, 12 miles southeast of McCamey, recovered gas and oil on

a 16 1/2-hour drillstem test between 5,893-905 feet.

Gas surfaced in 5 1/2 minutes. Operator ran a swab into the test tool and the project kicked off and flowed 28 barrels of oil during the test. Total recovery on the test was 30 barrels of oil. Location is n 42-31-H&TC.

FOR SALE — 2 bedroom home built by James Hill \$3,200 or \$3,500 and I move to your lot, plus cost of utilities, water and gas to house. Armond Hoover, Jr. Phone 3205

The new Series 60 Special, representing the standard 1955 models, features a new Florentine-curved roof line, a new slender center post, and a great new 250-h.p. engine.

CADILLAC for 1955

Presents the Most Beautiful and Finest Performing Motor Cars in Its History!

The spectacular new Eldorado, a dramatic interpretation of the new Cadillac styling, offers many unique features, including a new 270-h.p. Cadillac engine.

This is one of the most significant new-car announcements in Cadillac history.

For it introduces to the world's motorists the most magnificent creations in Cadillac's fifty-three years of motor car production.

Three new Cadillac series are offered for your consideration in 1955—the famous Series Sixty Special, the beautiful Series Sixty-Two, and the distinguished Series Seventy-Five . . . in addition to the spectacular new Eldorado.

They are, as you can readily see, magnificent

in beauty—with a new, jewel-like grille and front-end assembly . . . with dramatic and graceful new sculptured side styling . . . and with added dignity and bearing in every detail.

They are magnificent, too, in performance. There is a new Cadillac engine, the most powerful ever offered in a production motor car . . . an improved Hydra-Matic Drive . . . advanced Cadillac Power Steering . . . and, as an option at extra cost, refined Cadillac Power Braking. And they are magnificent in luxury . . . to a

degree unusual even for Cadillac. Their interiors are almost unbelievably beautiful . . . and they are offered in a remarkably wide selection of gorgeous new fabrics and leathers.

Beyond any question, these new Cadillac creations represent a new Standard of the World—and we urge you to see and inspect them today in our showroom.

You will be most welcome—and we know you will find your visit one of the most interesting experiences of your motoring life!

Cadillac has established a new styling trend with the 1955 Eldorado to meet overwhelming public demand at the 1954 GM Motorama for a truly different car showing the most advanced and yet most functional design characteristics. The new Eldorado is powered by a 270 horsepower high compression V-8 Cadillac engine, and has a wheelbase of 129 inches and an over-all length of 223.3 inches.

Woman's Forum Adopt Savings Bond Project

The Ozona Woman's Forum has pledged its help in expanding the U. S. Treasury Department's School Savings Program in Ozona, according to Mrs. J. A. Harvick, club Chairman of Americanism. Members voted at a recent meeting to adopt the project for the 1954-55 club year, working with our County Savings Bonds Committee and local school authorities.

Four national women's organizations — American Legion Auxiliary, Daughters of the American Revolution, General Federation of Women's Clubs, and National Congress of Parents and Teachers have accepted leadership in backing this project across the country.

Lowell Littleton, County Savings Bonds Committee Chairman, welcomed the help of Ozona Woman's Forum and urged other local women's organizations to accept the Pledge of Service.

BIRTHDAY PARTY

Mrs. Lonnie Smith entertained for her son, Danny Earl, on his sixth birthday last Thursday, Nov. 11, at the Granny Miller hall. Games were played and ice cream and cake served to 29 guests.

Present were Jack and Jill Applewhite, Cynthia Mahon, Sheila Rhodes, Betty Henderson, Doyle Wallace, Doyle Easterwood, Mike Womack, James Glen Monroe, De-

lores Goodfellow, Richard Mayfield, Walt Stricklin, Jimmy Wallis, George Cox, James Coy Montgomery, Kelly Moore, Kayle Jo Woody, Esther Williams, Dwight Childress, Janice Katija, Sue Easterwood, Ginger Womack, Gary Moore, Bobby Mayfield, Stanley Smith, Louwanda Stricklin, Scottie Wallis, Tommy Allen, and Calvin Ray Montgomery. Testing Continues At Tippett Offset

Standard Oil Co. of Texas No. 1-7 J. H. Tippett, east offset to the upper Wolcamp discovery in the Tippett multipay field of Crockett County, 12 miles southeast of McCamey, was continuing to test.

On a 27-hour drillstem test through perforations between 5,893-905 feet, the project flowed eight barrels of oil in 20 minutes then died. After tool had been opened 23 hours it flowed another eight barrels of oil.

Operator then made one run with the swab, recovering two barrels of oil. The tool was pulled, recovering 18 barrels of oil. Operator then reversed out 17 feet of oil and 200 feet of mud. The project is plugged back to 6,125 feet.

Doris Lee West, Freddie Dutton Wed In Sonora Ceremony

Miss Doris Lee West, daughter of Mr. and Mrs. W. T. West of Ozona, became the bride of Freddie B. Dutton, son of Mr. and Mrs. O. B. Dutton of Sonora in a ceremony at 7:30 p. m. last Thursday in Sonora.

The ceremony was performed by T. R. Chappell, minister of the Church of Christ in Sonora, in the minister's home.

Mrs. Dutton is a graduate of Ozona High School and is now employed at the Ozona National Bank. The bridegroom is serving in the United States Navy and will be stationed in Hawaii.

Miss Louise Mills of Beaumont is a guest this week of Mr. and Mrs. Ralph Jones.

TALK WESTSTOCK
ED GOULDY

Improved moisture in the territory market had up Fort Worth. The strong were triggered by broad demand when some replacement calves and were 50 cents to \$1 high.

were usually showing light calves of the light types to cattle buyers and getting away better showing them to calf the most strictly calf were topping around \$17.

50 for slaughter, some of the heavyweights were able to sell into the \$18 to \$21.50 bracket as light yearlings when fancy fat.

Cows were selling measurably better than at the close last week, although beef buyers were inclined to be pessimistic in view of the approach of Thanksgiving.

Fat cows drew \$7.50 to \$11 and canners and cutters sold mostly from \$5 to \$8, some light shells below \$5 still. Bulls sold from \$8 to \$12.

Good and choice slaughter calves of light and medium weight sold from \$13 to \$17.50 while choice and prime heavies sold frequently as light yearlings into the \$18 to \$21 bracket. Lower grade calves drew \$7 to \$13.

Good and choice stocker steer calves drew \$15 to \$20, and yearlings sold from \$19 down. Heifer calves topped at \$18 for stocker and heifer yearlings stockers sold from \$17 down. Replacement cows cashed at \$8 to \$12.

The movement of cows back

to the country in recent weeks has given rise to some misgivings as to whether the cow herd in the part of the country will actually be reduced this year or not.

Shorn fat lambs topped at \$18.50

at Fort Worth Monday, a shipment from Pecos County at that price selling as strongly as at any time in the past three weeks. Woolled lambs of the good to choice kinds sold from \$18 to \$20. Feeders at

\$15 were considered fully steady to stronger, the kind and quality considered.

Old wethers drew \$7 to \$11, and yearling muttons cashed at \$9 to \$14.50. Old ewes drew \$5 to

\$6 and breeding ewes sold from \$6 to \$12. Very good demand for suitable breeding ewes was again evident on all sides. Old bucks sold around \$4, some higher for stocker purposes.

From where I sit... by Joe Marsh

Granny Drives But Won't "Shift"

Grandma Taylor parking 1924 Franklin out front the day. Neat as a pin, radiator bumpers gleaming—the whole is as shiny as the day she left it 30 years ago.

When I stopped and looked in—for there, hanging on the tire was a sign: "This car for sale."

Asked Granny what was going "Joe," she says, "it's this crazy old car. Everybody wants to buy Franklin. But it has served years and it's not for sale at price."

From where I sit, it's strictly the new cars for me—but Grandma Taylor, and others, are certainly welcome to their "old faithfuls." It's simply a question of preference. Same with a choice of beverages. For instance, I like a temperate glass of beer with supper. You may prefer coffee. Fine! The important thing is that we respect each other's choice—and "ride along smoothly" together.

Joe Marsh

FORD THUNDERBIRD—the thrilling new personal car that set the style for Ford's '55 lines.

From the Thunderbird look ...comes Ford's new styling

THE NEW FAIRLANE SEDAN is a truly distinguished car that will be at home everywhere.

And Ford's long, low Thunderbird-inspired lines are complemented by exciting new interior styling—and many rich upholstery materials never before used in an automobile.

In Ford's new Fairlane, Customline, Mainline and Station Wagon Series—you'll see styling that was inspired by the Thunderbird—the distinguished Ford personal car that was received with so much enthusiasm all over the nation. This styling is reflected in Ford's longer, lower silhouette—daring new exterior color treatments—colorful upholstery never before found in a car—everywhere you look.

New Trigger-Torque Power

All three of Ford's new engines are the mightiest ever offered in Ford Cars. All offer split-second Trigger-Torque performance. There's a 162-h.p. Y-block V-8. A still mightier 182-h.p. Y-block Special

V-8 which is offered with Fordomatic Drive in Fairlane and Station Wagon models. And the new 120-h.p. I-block Six.

Plus all these "worth-more" features

- New Speed-Trigger Fordomatic Drive† gives quicker starts and passing
- New Turbo-Action Spark Plugs resist "fouling" up to three times as long
- New 10% larger brakes mean smoother stops, up to 50% longer brake lining life
- New Tubeless Tires offer extra puncture and blowout protection
- New Angle-Policed Ball-Joint Front Suspension makes all riding and handling easier. *at extra cost.

 OZONA — TEXAS

Here and There

By J. Troy Hickman

(Continued from page one)

Then one night an innocent college student was killed. Some believe that the shot was meant for his father, a prominent and active figure politically in the struggle against the Parr machine. The death of this boy lent the drama and the dramatic factor to touch off a revolt. Since that night the coils of the law have been slowly but relentlessly tightening around the Duval machine.

Even in its death-throes, the old Duval regime may still have force enough to win another victory or so. It will take courage for the citizens there who so long have rested in the shades of the Parr tree to rise up and repudiate it. Some won't. But there is hope that a majority will.

The rest of us will wait with lively interest the outcome of the next few elections and the disposition of the 104 local indictments, as well as the new federal indictment.

Unless all of us are free, none of us is really free. Unless there is honesty and courage in the most remote precinct, honesty and courage are in danger everywhere.

Gulf Completes --

(Continued From Page One)

gas-oil ratio of 390-1. Production was through a 3/4-inch choke from open hole between 2,210 feet, where 5 1/2-inch casing was set, and 2,490 feet, the total depth.

Top of pay was picked at 2,210 feet on derrick floor elevation of 2,692 feet. Pay section was acidized with 1,000 gallons of fractured with 500 gallons.

Tubing pressure was 130-pounds, casing pressure, 240 pounds.

The Farmer (San Andres) field has been extended one location west with completion of Plymouth Oil Co. No. 2-X University in 8-50-University, 10 miles southeast of Big Lake.

It was completed for a daily flowing potential of 83.10 barrels of 30.6 gravity oil, no water, with gas-oil ratio of 650-1. Production was through a 5-16-inch choke and perforations between 2,620-26 feet in 5 1/2-inch casing cemented at 2-

628 feet on total depth of 2,630 feet.

Top of pay was picked at 2,620 feet on derrick floor elevation of 2,698 feet. Pay section was acidized with 500 gallons and fractured with 2,000 gallons.

Tubing pressure was 200 pounds, casing pressure, 120 pounds.

Lions Beat Eden --

(Continued from page one)

good.

In the second quarter the Lions got rolling again with Mike Clayton and Ronnie McMullan shouldering the bulk of the ball carrying chores. Ronnie McMullan covered the final sixteen yards on a pitch-out. The point after touchdown was again good.

After the half the Lions really got rolling with McMullan quickly punching over two more tallies as the Ozona defense refused to allow the Eden team to make any headway. Jess Marley, Eusevio Longoria, Jody Jones, Silent West and Fred Shoubrouck dogged every Eden ball carrier and gave Eden's fine passer the jitters with their determined rushing.

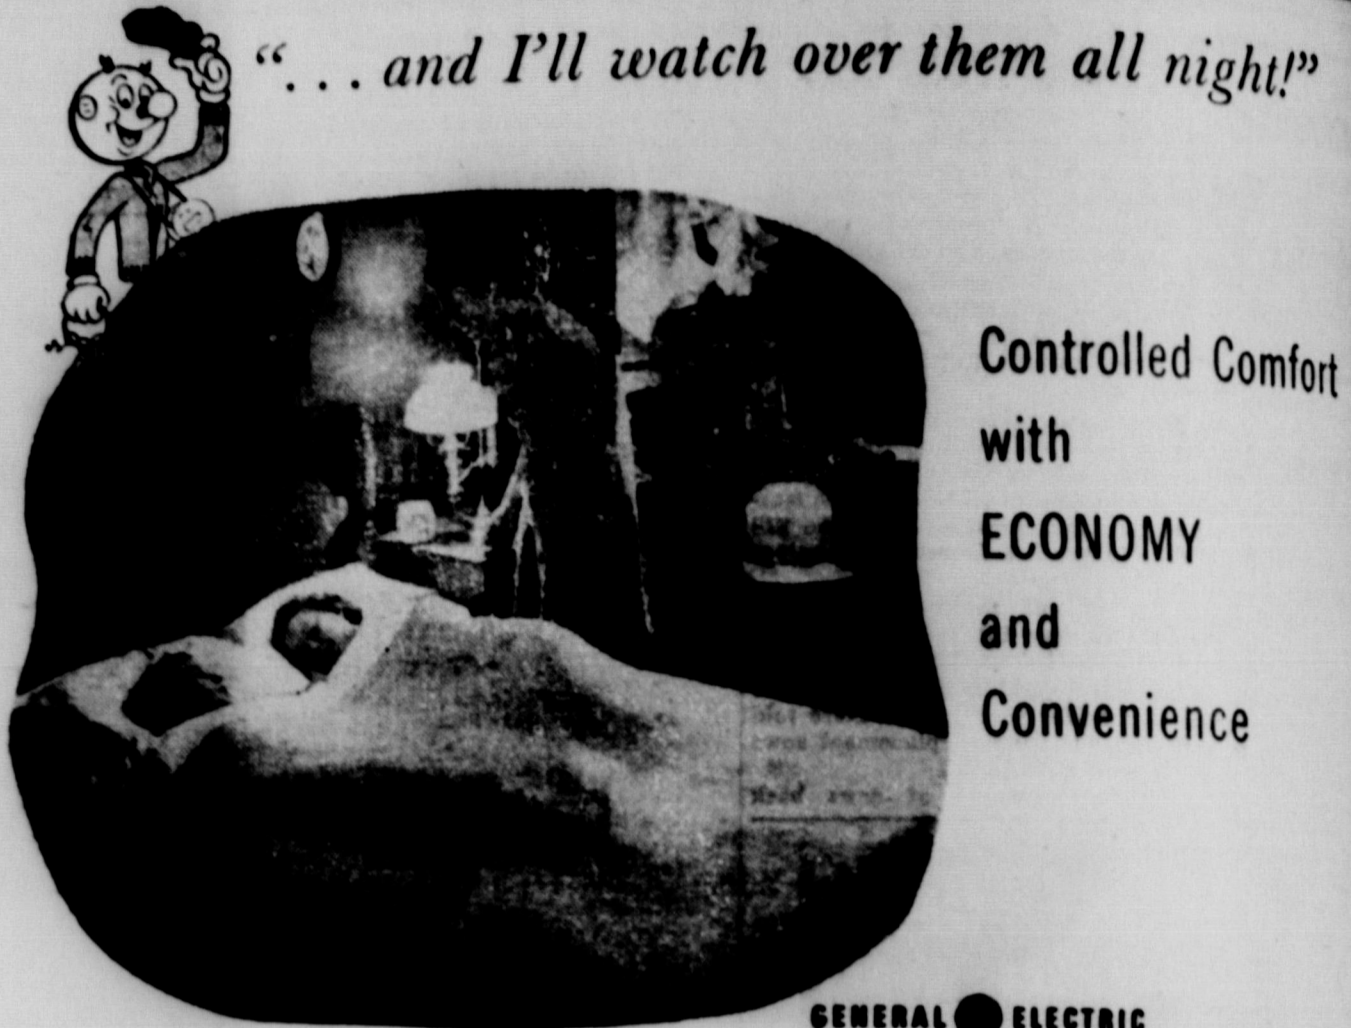

Orville Paulk added the Lions fifth score in the fourth quarter as he went 33 yards to paydirt following Juan Delgado's pass interception.

The big gainer of the night came on the final Lion tally when Arturo Gonzales went 69 yards on an off tackle slant for the marker. Charles Hale converted and the Lions with a reserve filled lineup barely staved off an Eden bid for a score as time ran out.

In the first down department the two clubs were tied at 10 a-piece but the figures do lie as the Lions have been discovering for the past two seasons.

Jack Keyes, Bill Pfluger and Bill Jacks paced the Bulldogs in their losing effort and provided most of the offensive and defensive punch the ball club showed.

Tom Kincaid, son of Mr. and Mrs. T. A. Kincaid, Jr., of Ozona, a student at Schreiner Institute in Kerrville, has been named managing editor of The Mountaineer, Schreiner newspaper. Kincaid was recently promoted from Sergeant to Staff Sergeant in the Schreiner cadet corps.
