## Hospital Bond Issue Election For Apr. 28

### \$200,000 Issue Proposed To Construct County Hospital

Responding to a petition signed by 157 voters, the Crockett county commissioners court meeting Tuesday ordered an election on the question of issuing \$200,000 in county bonds for the purpose of establishing and equipping a county hospital. The proposed new hospital would be built at another site and the present hospital would be converted to use by the county as a courthouse annex.

The proposition will be submitted in a county-wide vote, with all qualified taxpayers voting eligible to vote on the issue.

The commissioners court ordered the proposition as follows: That the commissioners court of Crockett County be authorized to issue the bonds of Crockett County to the amount of \$200,000, bearing interests at a rate not to exceed 4 percent and maturing at such time or times as may be deemed expedient by the commissioners court, serially or otherwise, not to exceed ten years from this date, for the purpose of establishing and equipping a county hospital, and if there shall be annual levies and collected on all taxable property in said county for the current year and annually hereafter while said bonds or any of them are outstanding, a tax sufficient to pay the current interest on said bonds and to pay the principal thereof as same comes due.

The ballots on which the voter will register his opinion will carry the wording "For" or "Against" the issuance of the bonds and the paying of the tax in payment thereof.

Presiding Judges were named by the court to hold the election in the various voting precincts as follows: Precinct 1, courthouse; 2, A. Harrell, presiding judge; 3, North Elementary, Byron Williams; 4, South Elementary, Pete Jacoby; 5, Edway Lane, Mrs. O. R. Henderson; 6, Powell Field, Mrs. Ernest Ashman; 7, Todd Field, O. Q. Alford; 8, Owens Ranch, Jeff Owens; 9, Power Plant, Clemon Scott; 10, Millspaugh Ranch, Austin Millspaugh; 11, Special Canning Board at courthouse, Leta Powell.

## Annual Spring Concert By High School Band Scheduled April 19th

Ozona High School band will present its annual Spring concert in the high school auditorium Tuesday evening, April 19, at 8 o'clock, the director, Byron Gray, announced this week.

Don Lott, trombonist, will be featured soloist for the concert. He will be accompanied by Kaye Lott.

During the concert, the 1955 winner of the Kay Simmons memorial band award, given by Mr. and Mrs. Joe T. Davidson, will be announced. The outstanding band member of the year is selected for this award, given for the first time last year and won by Miss Shirley Kost. The award, a beautiful bronze plaque, will be awarded each year for six years, with the winner's name each year engraved on the plaque. In addition, an individual medal is awarded the winner.

One of the featured selections for the Spring concert, Mr. Gray said, will be an arrangement of familiar melodies of John Philip Sousa entitled "Tribute to Sousa". This music was arranged last season to commemorate the 100th anniversary of Sousa's birth.

The band will include a Prelude and Fugue in G minor by Bach and an excerpt from Beethoven's piano Sonatas arranged for band. There will be selections played in the modern rhythmic style as well as those in the traditional march

## Polio Vaccine Found Effective; Plans For Use Here Indefinite

Parents throughout America were thrilled Tuesday morning with announcement that the Salk polio vaccine had proved 80 to 90 percent effective in controlling the dread disease in last year's tests and that the vaccine, improved still more from that used in the experiments, will be made available for general use.

Plans had been made here for the inoculation late this week of 185 pupils of the first and second grades under the program sponsored by the National Foundation for Infantile Paralysis. The announced plan of use of the vaccine called for three injections covering a five-weeks period and the first injection was to be rushed here in an effort to complete the inoculation before school's end.

But when the free inoculations would begin was still indefinite this week. Dr. H. E. called the State Health Department Monday to inquire about distribution of the vaccine in case of a favorable report and was informed that the department had not been supplied with the vaccine. However, news reports indicate the medicine is being rushed all over the country and its receipt in Texas is expected momentarily. Dr. Salk hinted in interviews that the recommended procedure for the new and more potent vaccine would call for two injections for primary immunity to be followed 7 months to a year later with a clincher booster shot.

Dr. Tandy announced that the Crockett county hospital had ordered 100 inoculations and these would be available commercially to be injected by doctors. Cost of the vaccine has not been announced but Dr. Tandy said that giving of the vaccine would be at regular office call rates, \$3 per injection.

Parents of first and second graders who have not returned the request forms authorizing the free vaccine for their children are asked to do so at once if they want their children to have the immunity.

## Veteran Of Tarawa Landing Gives Vivid Account Of Operation

James L. (Curley) Hayes, a Naval officer in World War II and a veteran of the bloody landing of US Marines on Tarawa Island in the South Pacific, gave a vivid description of that operation in an absorbing talk to members of the Ozona Rotary Club Tuesday noon.

Hayes, now in the agricultural research department of the West Texas Utilities Co. in Abilene, commanded a rocket firing group which landed with the Marines on the island. He described the carnage which resulted in the four-day campaign to take the heavily defended and fortified island. There were 3,869 casualties among US Marines, Hayes said, and 5,896 Japanese lost their lives. This despite many days of ceaseless bombardment of the island in a softening up operation by the Air Force and Naval units.

As an example of the Japanese spy system, Hayes said that five men were drowned in preparatory maneuvers conducted off the coast of Australia before the campaign. The next day, Hayes said, "Tokyo Kose," the radio character so well known to veterans of the Pacific war, not only gave the names of the five victims but their serial numbers. On the other hand, American forces landed on Tarawa thinking it was defended by 2,500 "base" troops whereas it was defended by crack troops, more than twice in number, the veteran Imperial Japanese Marines.

## HOSPITAL CONFERENCE

Noting that Charles Ratliff, chairman of the county hospital board, had given an interesting account of the hospital's operation, the commissioners court noted in its minutes of this week's meeting that the court was unanimous in requesting a joint meeting of the court with the board at the later's next regular meeting to "discuss in full the hospital problem".

## Crockett In New Drouth Disaster Aid Plan Area

### 82 Texas Counties To Benefit From Renewal of Program

Crockett county, excluded from the list of area counties designated as drouth disaster areas and eligible for the US Department of Agriculture emergency aid program through the winter, has been included in a list of 82 Texas counties newly designated by the department as disaster areas, and eligible for the reopened aid program, it was announced from Washington Wednesday.

Mrs. Mary Dunlap, executive officer of the ASC office here, received official notification of the reopening of the program Wednesday morning. Receipt of the necessary application forms was expected from the state headquarters in the next few days, Mrs. Dunlap said, along with complete information on operation of the plan so that ranchmen of the county could begin realizing benefit from the emergency program. The designation is made effective until April 29.

Under the drouth aid plan, eligible farmers and stockmen may obtain surplus livestock feed grains at cut rate prices, through a system of purchase orders handled by feed dealers and turned in for replenishing their own stocks from government surpluses. Disaster designation also carries with it making farmers and ranchmen eligible for government loans to carry on their operations. All adjoining counties and a wide block of West Texas counties are included in the newly designated drouth disaster area.

## County Machinery Ordered To Ready Henderson Airport

### Equipment Available In 3 Weeks To Begin Base Work

First step toward construction of a paved landing strip at the Henderson airport a mile north of Ozona for use as a county airport under a lease arrangement with owner Dick Henderson, will be taken in about three weeks.

After outlining road maintenance projects for the county engineer, D. C. Ratliff, the commissioners court in meeting Monday ordered all available county machinery concentrated at the airport to do the base work for the airstrip as soon as present and pressing road maintenance and building jobs are completed.

When the paved landing strip is finally completed, it will be the culmination of a plan proffered more than two years ago by Henderson to create a modern airport and operate it for the benefit of the flying public under lease if the county would build the paved landing strip. The matter was tabled by the court at that time but action of the court at this session launches the first move toward actual building of the port.

## Youngsters Swarm Cooke Pasture To Hunt Easter Eggs

Several hundred Ozona youngsters, estimated the largest number in the history of the annual Ozona Rotary Club's Easter egg hunt, spread out over the grassy flat in the R. J. Cooke pasture south of town Sunday afternoon to find eggs the Easter bunny had left in almost every tuft in the hunt area.

More than a hundred specially marked eggs were scattered among the brightly colored eggs and these were good for prizes given by Ozona merchants. Only two or three of the prize eggs failed to turn up in the scouring given the pasture by the youngsters.

## 1,599 Motor Vehicles Registered In County By April 1 Deadline

Crockett county motor vehicle registration up to the April 1 deadline totalled 1,599, up 50 plates from the same time last year and showing an increase in registration revenue of \$1,100 over a year ago.

Registration figures at the office of Sheriff and Tax Collector V. O. Earnest showed a total of 987 passenger plates issued, 294 commercial trucks, 242 farm trucks and a total of 76 motorcycles, scooters, truck tractors and trailers, house trailers and dealer licenses. Total fees collected from registrations in the county reached \$31,145.42, all of which is retained in the county treasury. Over the entire twelve-months period last year, vehicle registration in this county reached 2,191, with total revenue of \$35,225.

## Individual Payments To Cemetery Workers Draws Frown of Assn.

Announcing pay raises for all cemetery caretakers, the Ozona Cemetery Association, in annual session Monday with members of the commissioners court, issued an urgent appeal to lot owners in the burial plot to abandon making individual payments to these workers for special attention or chores, in fairness to all lot owners in the cemetery.

Association members pointed out that the three caretakers regularly employed can and do keep the cemetery in good condition and urged the special pay practice be abandoned so that attention can be given equally to all plots.

Plans were announced for some additional paving to be done in the cemetery this summer by the county and extension of water lines is also in the summer's plans. Mrs. J. C. Montgomery was re-elected president of the association and Miss Leta Powell was re-named secretary-treasurer.

## Wool Preparation Demonstration Here Saturday Afternoon

All ranchmen in the Ozona area are cordially invited to witness a shearing and wool preparation demonstration to be staged Saturday afternoon, April 16, at the Ozona Wool & Mohair Co. warehouse, Beall Barbee, owner, announced.

The demonstration will be directed by J. A. Gray, wool and mohair specialist with the A&M Extension Service. Ernest Williams secretary of the Texas Sheep & Goat Raisers Assn., has announced plans to be present at the demonstration, Mr. Barbee said. The program will start at 1:30 p. m. Saturday.

## Palmetto Polo Club To Have Lighted Field

Crockett County Commissioners Monday acted favorably on an appeal by officers of the Sheriff's posse palmetto polo team to leave the present poles and lights at the former Little League park for use of the team in night polo play.

Under the Powell athletic field lighting and improvement program now under way, the West Texas Utilities Co. was given a contract to install the lights at the new field. The contract included moving the equipment from the Little League park and use of as much of the material as possible. The contracting company estimated its additional expense at \$407 and the court voted that amount to be paid the contractors to leave the lights at the polo field.

## HOSPITAL NEWS

Patients admitted: Roy Glen Hord, Alton Hord, Thomas Hord, Mrs. Rex Halydier, Pat Fitzhugh, Peg Harvick, Mrs. Raymond Brownrigg, Mrs. Richard Flowers, Mrs. G. D. Flanagan, L. E. Collins, Gregorio Lara, Mrs. Anastacio DeHoyos, Omecio Ortiz.

Patients dismissed: John M. Crane, Roy Glen Hord, Alton Hord, Thomas Hord, Mrs. Rex Halydier, Pat Fitzhugh, Peg Harvick, L. E. Collins.

## Chandler Heights, New Subdivision For Ozona, Becomes Reality

Chandler Heights, a new residential subdivision for Ozona, became an official reality this week when the commissioners court granted E. H. Chandler permission to file his map and plat of the subdivision, dividing a portion of Survey 25, Block OP, into town lots and dedicating streets and alleys for public use.

The new subdivision, on the hill just west of downtown Ozona, has been in process of planning for several months and work was to begin sometime this week in laying out streets and alleys, cutting ditches for water and sewer lines and making ready for the actual beginning of construction of new homes in the subdivision.

A number of lots have already been sold in the new residential area and it is understood that a half dozen or more owners have all preliminaries in connection with financing details completed and ready to build. Others are in process of completing loan applications.

## Plans Shape For Juneteenth Rodeo For Area Colored

### Bronc Riding, Roping To Feature Two-Day Event

Ozona Roping Club members named new officers and laid plans for the annual All-Colored Rodeo, to be held this year on June 18 and 19, at the annual meeting of the organization this week.

The All-Colored rodeo program will be held Saturday night, June 18, at 8 p. m. and Sunday afternoon starting at 2 p. m. at the fair grounds arena. Due to the fact that Juneteenth this year falls on Sunday, the traditional dance for local and visiting colored folk will not be held this year. There will be, however, the barbecue dinner, which has become a regular feature of the get-together, to be served at the fair grounds Sunday noon.

To make the various contests of added interest to the colored cowboys, the club is adding \$100 in cash to the bareback bronc riding contest winners, and \$40 each to the calf roping, goat hair pulling, steer riding and double mugging contests. As has been done in other years the jackpot goat roping contests will be run off ahead of the regular show program to speed up the show for spectators.

The best all-around cowboy of the show, to be judged by a committee, will be awarded an engraved silver and gold belt buckle. The winner must have participated in at least one roping and riding event of the show.

The winner of that award, and perhaps the top money winner of the show will be the rider, if there is one, who can stay aboard old "Juneteenth", the yet unconquered outlaw black horse who in three seasons has proved the merits of all riders, white or colored. Not one rider has yet been able to solve the tremendous mid-air heave and change of pace which the cunning equine outlaw performs if his would-be rider keeps his seat more than the first two jumps.

In addition to "Juneteenth", the colored bronc riders this year will have to face a sorrel named "Bitterweed", who is another clever and hard bucked who has so far shed every would-be rider. These two horses will perform along with a string of only a little less "salty" broncs to be assembled for the two-day show.

Charles E. Davidson, III, was named new president of the Roping Club, J. B. Parker was chosen vice president and Bud Cox, secretary-treasurer.

Crockett County Singing Convention will meet at the North Elementary school Sunday afternoon at 2:30 o'clock. An invitation is extended to everyone to attend.

## State Board May Decide Watershed Project May 12th

### SCS Board's Action Governed By Survey Report Findings

If the preliminary survey report is complete by that time, Crockett county's application for watershed assistance in constructing flood control dams on the watershed of Johnson Draw will be approved or rejected at the next meeting of the State Soil Conservation Board, to be held in Crockett, Texas, May 12.

This was the information conveyed in a letter received this week by Chas. E. Davidson, Jr., chairman of the Crockett Soil Conservation District, from V. C. Marshall, executive director of the State Board.

"The next meeting of the State Board will be at Crockett, Texas, May 12," Mr. Marshall advised the local board chairman in the letter. "The final disposition of your petition for watershed assistance will be made if the preliminary survey report has been completed. The board's approval or disapproval will be based entirely on this report. If the benefits are indicated to be greater than the cost of the project, same will be approved, otherwise, it will be disapproved. The law provides that if to qualify, benefits must exceed costs. The board has no option to act on any other basis."

It is scarcely conceivable that any survey report could put the cost of a control program at more than a fraction of the benefits to be derived from protection for the vast area of urban and ranch country which suffered damaged in excess of 12 million dollars in the one flood of last June 28, hence the local committee feels that sufficient data has been supplied to assure approval from this angle.

Possibility that Crockett county may have to assume 60 percent or more of the cost of flood control project is seen under an interpretation of policy made by Secretary of Agriculture Ezra Taft Benson relative to the Watershed (Continued on Page Three)

## Self Help Plan Of Wool Act Gets TS&GRA Approval

### Directors Meet Here In Called Session Tuesday

By a vote of 35 to 27, directors of the Texas Sheep & Goat Raisers Assn., meeting in called session here all day Tuesday, approved a resolution endorsing principles of section 708 of the National Wool Act of 1954.

Section 708 is the so-called "self help" feature of the act and calls for a referendum of the nation's growers to determine whether a one-cent-per-pound deduction shall be made from incentive payments under the act to go into a fund for advertising, promotion and research of wool and lamb products.

The vote came following three hours of discussion by proponents and opponents of the resolution which was presented by Walter L. Pfluger of Eden, Pfluger and Fred T. Earwood of Sonora are Texas area directors of the American Sheep Producers Council Inc., which would direct the program.

The resolution follows: "Be it resolved that the directors of the Texas Sheep & Goat Raisers' Assn., assembled at Ozona Texas, this 12th day of April, 1955, go on record favoring the principles of Section 708 of the National Wool Act of 1954 and approving the agreement submitted by the directors of the American Sheep Producers' Council to the secretary of agriculture in February, 1955, which was accepted and signed by the secretary in March, 1955, activating the provisions of Section 708.

THURSDAY, APRIL 14, 1955

**Ronnie McMullan Honored At Dance**

Ronnie McMullan, Ozona High School senior, was honored at a dance at the Ozona Country Club Friday night. About 400 guests from 14 West Texas towns gathered for the event. Hosts were his parents, Mr. and Mrs. Ashby McMullan, and brother, Jim, a sophomore at A&M College.

Music was by Jack Tree and his orchestra from Abilene. Assisting the McMullans as hosts were Mr. and Mrs. James Baggett, Mr. and Mrs. W. E. Friend, Jr., Mr. and Mrs. Jack Wilkins, Mr. and Mrs. Austin Millsbaugh, Mr. and Mrs. Gene Thomas, Mrs. George Russell, and Mr. and Mrs. Brock Jones. Guests attended from Ozona, Sonora, Rocksprings, Del Rio, Alpine, Big Lake, Menard, Junction, Iraan, Eldorado, Barnhart, Rankin, Fort Stockton and McCamey.

**Slick Oil To Drill Farmers Fields Test**

Slick Oil Co., Houston, has filed application to drill the No. 6 University one location west and slightly south of production in the Farmers (San Andres) field of Crockett County, 18 miles north of Ozona.

The project will be drilled with rotary to 2,650 feet with operations beginning April 15. Ground elevation is 2,710.8 feet.

Location, on a 166.80-acre lease is 1,650 feet from the east and 1,090 feet from the south lines of 8-50-University Lands survey.

**Final Study Session By Woman's Society**

The Methodist Woman's Society of Christian Service met at the church Wednesday morning for their final study on the book of Mark, taught by Rev. Troy Hickman.

Next Wednesday, April 20, there will be no local meeting, but the annual District Conference will be held in Sonora on that day. All members are urged to attend.

Present for the meeting Wednesday were Mmes. W. T. Stokes, Lindsey Hicks, Clay Adams, Joe

Pierce, D. B. Pettit, Nip Blackstone, Paul Perner, Howard Lemmons, Frank McMullan, Batts Friend, Johnie Henderson, Pete Jacoby, N. W. Graham, O. D. West, J. A. Fussell, Charles Williams, Sr., H. B. Tandy, R. A. Harrell, T. A. Kincaid, Jr., W. D. Cooper, S. M. Harvack, Joe Clayton, Perrie Jeffery, Bill Baggett, Ray Piner, Floyd Henderson, and Troy Hickman and Miss Isidra Verver.

**LADIES GOLF ASSN.**

Because of high wind, members of the Ladies Golf Assn. took to the bridge tables at the country club Tuesday instead of the golf course. High score at bridge went to Mrs. Dempster Jones, low to Mrs. Jess Marley. Others present were Mrs. Marshall Montgomery, Mrs. Hillery Phillips, Mrs. J. S. Pierce, III, Mrs. Charlie Black, Mrs. Joe Friend and Mrs. Joe Pierce.

Continued From Page One

It further resolved that the Texas Sheep & Goat Growers' Assn. use personnel and facilities of the association to disseminate information and publicity to growers on the forthcoming referendum through every available media, such as the official magazine (Sheep & Goat Raiser), newspaper, radio and television other means.

W. Hodge, Del Rio president of the association, opened the meeting with an explanation of the purpose — to discuss the referendum and to determine if the GRA desired to become affiliated with the National Council of Industry and Agricultural Tariff and Trade. Hodge said the committee is doing a fine job in helping to hold the line against lowering of tariffs.

After a brief discussion, in which growers who are familiar with the work of the committee, it was a worthwhile group. It was voted to contribute \$500 to support the committee's work. A prolonged discussion on Section 708 of the wool act followed. A barbecue dinner was served at the country club to about 125 visitors at the noon hour after which discussion was resumed in the district courtroom at the court-

**Flood Project**

Continued from page one

tion and Flood Prevention (Public Law 566, 83rd Congress).

An advisory on this policy statement by Secretary Benson was given to the local SCD board recently by the State Board. In it, the secretary requires that local people realize that part of the cost of flood control works of improvement is equal to the ratio of local benefits to total benefits.

We do not have available to us at this time a definition of local benefits, but from the study of flood prevention work plans prepared in this state by the Soil Conservation Service, we are convinced that local benefits will be between 60 and 90 percent

of total benefits."

This policy, which requires local people to bear a high percentage of total cost, will "effectively defeat the intention of Congress to provide Federal assistance in watershed protection and flood prevention," in the opinion of A. C. Spencer, field planning engineer, who prepared the advisory.

However, if the local cost should be within reason, and preliminary information indicates it would not be tremendous, the policy might give Crockett county an inside track on getting a measure of federal assistance, presuming that the people of this county would be willing to vote a bond issue to pay the local cost share of an effective flood control project on Johnson draw.

To date, the state SCS board has

received applications for assistance under this Act from 77 watersheds in Texas. Seventeen of these applications have been approved and five disapproved. Field examinations of the other 55 are being completed as rapidly as personnel of the State Soil Conservation Board and the Soil Conservation Service can get to them," the engineer said.

"It appears, however," Mr. Spencer wrote in the bulletin, "that not more than five or six of these 77 watersheds could possibly provide their share of the cost required by Secretary Benson's policy statement."

Mr. and Mrs. Larry Albers and son, Wayne, visited with friends in Artesia, N. M., over the weekend.

**An Open Letter**

**To Ozonans Who Still Don't Have Television**

Dear Friends:

We feel like you are missing some mighty good entertainment for yourself and the family and that's why we are writing you this letter — to urge you not to miss another day of the good television programs that you can now get right in your own living room in Ozona, over our community antenna system.

For instance, you are missing Dave Garaway's program and the news by film and word report, available most mornings over WOAI-TV, San Antonio, plus other fine programs available a large percent of the time over this NBC network station. You are missing "I Love Lucy", "December Bride," CBS network programs, the Jack Benny programs, Amos and Andy, the Eddie Cantor show, "Break the Bank," Ed Sullivan's variety show, dozens of other fine features, plus full length movie shows, news and weather reports, the big league baseball "Game of the Week" telecast every Saturday afternoon over KTXL-TV, San Angelo, and you can be ready for the football games in the fall.

Unfortunately, the "best things in life" are not free. But we have developed a plan that will fit anybody's budget to finance the installation cost and your TV set dealer can make you most attractive payment plans on the purchase of a set. The residence installation charge is \$150 and the monthly service charge is \$5.40, both charges including federal excise tax. You may pay the \$150 in cash or you may have terms. One finance plan calls for \$50 down and the balance payable \$10 per month for 11 months. Another is at \$25 down and \$11.60 per month for 12 months, the monthly service charge added in each case. Or, if you prefer, you can have television now by paying \$10.80 (the 80 cents is tax) per month, and no installation charge, with the privilege of later paying the regular installation fee and dropping your monthly service charge to \$5.40.

The following are at present authorized dealers for television sets in Ozona: The Ratliff Hdw. & Furn. Co., Phone 181; Ozona Boot & Saddlery, Phone 2; or Warren Taliaferro at Taliaferro Garage, Phone 9. Call one of these dealers and find out what liberal terms are available on the purchase of a set and then call No. 2, No. 268 or No. 210 and tell us to make your cable hook-up.

We have made a big investment to bring good television reception to Ozona homes over the community antenna system. The reception is good and will continue to be good. We hope that you will investigate and make your decision to enjoy this splendid entertainment today.

Sincerely yours

The Ozona Television System

**DATES OF APRIL**  
 Beverly Killingsworth

If you've ever wondered about some of the things that happened in April here are some of them.

Lets start with some famous men's birthdays.

Hitler was born on April 20, 1889.

Shakespears on April 23, 1564.

There were also many deaths of famous men and here are a few of them.

Benito Mussolini was shot on April 28, 1945 while fleeing to Switzerland.

Shakespeare died on his fifty second birthday on April 23, 1616.

President Franklin D. Roosevelt died April 12, 1945.

Some famous battles fought in April were:

The battle of Shiloh during the Civil War on April 6-7, 1862. Lee surrendered to Grant during the Civil War April 9, 1865.

General J. E. Johnston surrendered to Sherman on April 26, 1865 and the war was over.

The capture of Santa Anna during the Texas Revolution on April 21, 1836.

The Battle of Lexington and Concord on April 19, 1775.

The Battle of San Jacinto April 21, 1836.

By the way did you know Paul Revere made his famous ride on Concord on April 19, 1775.

Harry Truman became president on April 12, 1945 at the death of president Roosevelt.

On April 23, 1945 a conference was called to plan the United Nations Charter just two weeks after the death of president Roosevelt.

To end this little article I will wind up with the birthstone of April and what it signifies. The stone is the diamond and it signifies innocence.

## Fads and Fashions

Ann Ratliff

We seldom have a fad that lasts very long, but often find something fun to wear and continue to do so, making it a part of our wardrobes. Such things are miniature clothespins of bright colors, worn for earrings, pins, or decorations for a collar; a rhinestone brooch worn on a bare shoulder for evening (held on by invisible tape); very brief shorts for warm summer days; and a pony tail for a cooler neck.

For school wear, we have a few unusually bright and pretty skirts — Darlene Alford's pink cotton, gathered, splashed with tear shaped dots of many colors; Patty Hardesty's aqua, decorated with tiny piping, worn with a black blouse with print to match; and Martha Bailey's red and baby blue plaid.

And there was quite a contrast Friday night and Sunday morning. Friday all the girls looked so sweet and dainty in their full dresses and billowing net skirts; Sunday, so sophisticated in tailored dresses and suits, but just like pictures either way.

## QUESTION OF THE WEEK

By Lou Nelle Beall

What did you do during the holidays?

Erbie — slept, fished and marked lambs

Beverly — stayed at home and did nothing

Joyce — I went to Oklahoma to the Easter Pageant.

George — went to Big Lake

Suzanne — I had a marvelous time in Lubbock

Cecilia — went to Boerne and San Antonio

Kent — went to the ranch and went fishing

Liz — Had a ball in Vernon

Wanda — stayed at home and thought about "pulling a ball"

Carolyn — my mind and Wanda's ran on the same track

Janice — had a ball of Andrews with Indians

Darlyne — loafed

## 4-H SUPPER

Last Tuesday night everyone there enjoyed a wonderful barbecue supper at the girls gym at the high school.

It was the first supper and award banquet for the 4-H club here in Ozona.

Mr. Sikes was the master of ceremonies. Rev. J. Troy Hickman gave the invocation.

Mr. Joe M. Glover of Fort Stockton was the speaker for the program and gave a most enjoyable program.

Carl Conklin, Club president, won the "Mother Davidson Award".

R. J. Everett won the Gold Star award as the outstanding member of the 4-H this year.

Silver belt buckles went to Carl Conklin and Erby Chandler. Nathan's Jewelers silver loving cups went to Erby Chandler, and Bill Fish.

The trophy for champion group of three was presented to Erby Chandler by Nathan. A showmanship award was presented to Carl Conklin which was a silver tie clasp.

Soil conservation awards were presented to Roy Mann and Erby Chandler. Achievement award went to Erby Chandler.

Carl Conklin president of the club presented the 4-H sweetheart with a beautiful 4-H club locket with the 4-H emblem on it.

All members of the club who had finished projects during the year received project awards.

Mrs. E. H. Chandler was chosen the outstanding woman adult leader and Tommy Newton was chosen as outstanding male adult leader of the year. They were both presented beautiful plaques.

Nathans Donsky was chosen the outstanding 4-H booster and was presented a beautiful plaque by Sonny Henderson.

## Facts About Figures

By Cecilia Cooke

Easter is over and now we have to settle down once more. In just six more weeks we receive our cards for keeps. Old figures will leave and new ones will enter in. Until then these are a few facts on a figure who is new in high school this year. She is a freshman. This is none other than Alma Ingham.

Alma was born in McCamey, Texas on September 3, 1940. She now stands five feet, two and half inches. Her weight is hundred, twenty pounds which she claims is too much. Blue is the color of her eyes and brown is the color of her hair.

Through the years, Alma has, like anyone else, found different things to become favorite. These are a few she has chosen. Fried chicken is her favorite food—wonder if this could have anything to do with her weight? Well, back on the subject. Her favorite color is blue. We can all see why it is for that is the color she wears the most. Again the favorite subject and teacher go together. These are Homemaking and Mrs. Hull. Tennis, her favorite sport, and summer, her favorite season, also go together. They are both alot of fun. "Gentlemen Prefer Blondes" and "Brave Bulls" are her favorite

movie and book. As a passtime she likes to ride horses, go fishing, and swimming. As you see, Alma has quite a few favorites.

And now for Alma's education which probably is her most favorite. Agree Alma???

Grade school was spent in Shef-

field, Texas. Then to Ozona she came for junior high. During her senior high she played volleyball and soft ball. Her activities were the piano and organ. Now her freshman year, which will long be remembered along with initial (Continued on Page 5)

From where I sit... by Joe Marsh

## Learn How to Pull Together

Saw a kid go by the Clarion office on a brand-new coaster wagon yesterday—and it reminded me of when my brother and I were about forty years younger.

Our folks weren't poor, but there wasn't enough to buy two wagons for Christmas. We got one between us. Dad made a rule that we each could have it for a week—but the boy with the wagon was responsible for keeping the kitchen wood-box filled.

Seemed a bargain to Bud and me—at first. But soon we discovered it was no more fun playing

alone than working close. It wasn't long before we were sharing the wagon in return for sharing the chores.

From where I sit, you can't enjoy a privilege yourself if you're going to deny it to others. There are some folks who want the right to enjoy their favorite beverage—but would deny me my right in an occasional glass of beer. I doubt if such people get their full "share" of happiness, though.

## FORD SelectAire AIR CONDITIONER

The new Ford SelectAire Air Conditioner was exhaustively tested in Texas and is specially designed for your fullest comfort.

The Ford SelectAire Air Conditioner is a complete system. It cools and dehumidifies air in summer—warms air in winter—defrosts or defogs windshield—provides fresh-air ventilation. All major units of the system are mounted forward of the instrument panel—none are in luggage compartment to rob you of valuable space, as in some systems.

It is very easy to use. For you regulate cooling, heating and ventilation—all with a single control unit which is mounted on the instrument panel.

Warm or cool air, as desired, is distributed across the floor of the car. Also, there are two fully adjustable registers on top of the instrument panel which permit air to be directed at any angle for maximum comfort or against the windshield for defrosting.

SelectAire Air Conditioning is available in any of Ford's 16 V-8-powered beauties for 1955. See the fine new Fords at your Ford Dealer's. And Test Drive one that's equipped with SelectAire Air Conditioning. You'll agree that Ford offers everything you need for top driving pleasure: eye-pleasing beauty—spirited Trigger-Torque power—smoother Angle-Poised Ride—and a spring-time interior climate throughout the year.

### Two Field Names Approved By RRC In Crockett County

The Texas Railroad commission, Oil and Gas Division, has announced a new field designation for two fields in Crockett County.

The Buckhorn (Ellenburger) field of Crockett County was opened by Willets & Craig (formerly Earle M. Craig Jr., Midland, No. 1 Melissa Childress Smith, Ellenburger, discovery in 16-AB-University, 11 miles northeast of Ozona.

It was completed March 1 for a daily flowing potential of 213.13 barrels of 44.1 gravity oil, no water, with gas-oil ratio of 1,499 feet. Production was through a 1/2-inch choke from open hole between 8,130-8,162 feet.

Top of pay was picked at 7,948 feet on derrick floor elevation of 2,510 feet.

The Fitting gas field of Crockett County was re-opened by Robert T. Brown, Dallas, No. 1-A University, Grayburg conglomerate discovery 22 miles west of Ozona.

It was filed March 31 for a calculated, absolute open flow of 520,000 cubic feet of gas per day. Production was through perforations between 1,133-53 feet. No distillate was produced.

NOTICE OF BOND ELECTION THE STATE OF TEXAS COUNTY OF CROCKETT

TO THE RESIDENT QUALIFIED PROPERTY TAXPAYING VOTERS OF CROCKETT COUNTY, TEXAS:

TAKE NOTICE that an election will be held on the 28 day of April, 1955, in Crockett County, Texas, at the places, in the manner, and on the proposition set forth in the attached copy of an Order for Bond Election, duly entered by the Commissioner's Court of Crockett County, Texas, on the 11 day of April, 1955.

Leta Powell, County Clerk, Crockett County, Texas ORDER FOR BOND ELECTION THE STATE OF TEXAS COUNTY OF CROCKETT

On this the 11 day of April, 1955, the Commissioners' Court of Crockett County, Texas, convened in Regular session at the regular meeting place thereof at the Courthouse in Ozona, Texas, with the following members of the Court, to-wit:

Houston S. Smith, County Judge, Ralph Jones, Commissioner of Precinct No. 1,

W. T. (Bill) Miller, Commissioner of Precinct No. 2,

U. S. (Rusty) Smith, Commissioner of Precinct No. 3,

Jake Young, Commissioner of Precinct No. 4,

Leta Powell, County Clerk, being present, and among other proceedings had by said Court was the following:

There came on to be considered the petition of Max Schneemann, Jr. and 152 other persons asking that an election be ordered upon the question of issuing bonds of Crockett County for the purpose of establishing and equipping a County Hospital as authorized by Article 4478, Vernon's Civil Statutes.

It appearing to the satisfaction of the Court that said petition is signed by at least 10% of the resident property taxpaying-qualified voters of Crockett County, Texas, who own taxable property in said County and who have duly rendered the same for taxation, and is otherwise in conformity with law.

It further appearing to the Court that it is advisable to issue said bonds and that said petition should be granted, and said election as prayed for shall be ordered:

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF CROCKETT COUNTY, TEXAS:

That an election be held in said County on the 28 day of April, 1955, which date is not less than 15 nor more than 30 days from the date of this Order, at which election, in accordance with said petition, the following proposition shall be submitted to the resident qualified property taxpaying voters of said County for their action thereupon:

PROPOSITION "Shall the Commissioners' Court of Crockett County, Texas, be authorized to issue the bonds of Crockett County, Texas, to the amount of \$200,000.00, bearing interest at a rate not to exceed 4% per annum and maturing at such time or times as may be deemed most expedient by the Commissioners' Court, serially or otherwise, not to exceed 10 years from their date, for the purpose of establishing and equipping a County Hospital as authorized by Article 4478, Vernon's Civil Statutes, and if there shall be annually levied and collected on all taxable property in said County for the current year and annually thereafter while said bonds or any of them are outstanding, a tax sufficient to pay the current interest on said bonds and to pay the principal thereof as the same becomes due."

That said election shall be held at the following places in said County, and the following named persons are hereby appointed officers for said election: 1. At Election Precinct No. 1 at Court House Building, in Ozona, Texas, with R. A. Harrell as Presiding Judge; 2. At High School Building in Election Precinct No. 2, in Ozona, Texas, with Jim Dudley as Presiding Judge; 3. At Election Precinct No. 3 at the North Elementary School Building, with Byron Williams as Presiding Judge; 4. At Election Precinct No. 4 at the South Elementary School Building, with Pete Jacoby as Presiding Judge; 5. At Election Precinct No. 5, Midway Lane, with Mrs. O. R. Henderson as Presiding Judge; 6. At Election Precinct No. 6, at Powell Field, with Mrs. Ernest Dishman as Presiding Judge; 7. At Election Precinct No. 7, at Todd Field, with O. Q. Alford as Presiding Judge; 8. At Election Precinct No. 8, at Owens Ranch, with Jeff Owens as Presiding Judge; 9. At Election Precinct No. 9,

at the West Texas Utilities Power Plant, with Clemon Scott as Presiding Judge;

10. At Election Precinct No. 10, at the Millspaugh Ranch, with Austin Millspaugh as Presiding Judge;

11. At Election Precinct No. 11, Special Canvassing Board, at Court House Building in Ozona, Texas, with Leta Powell, as Presiding Judge;

all being Election Precincts in said County.

The ballots of said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF THE BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF"

"AGAINST THE ISSUANCE OF THE BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF"

Each voter shall vote on the proposition hereby submitted by placing an "X" in the square beside the expression of his choice, or said voter may scratch or mark out one of said expressions, thus leaving the other as indicating his vote.

The manner of holding said election shall be governed, as near as may be, by the General Election Laws of this State, and none but resident qualified property taxpaying voters of said County who own taxable property in said County and who have duly rendered the same for taxation shall be allowed to vote at said election.

Notice of said election shall be given by publication of a copy of this order in a newspaper of general circulation published in Crockett County, Texas, on the same day in each of two successive weeks, the date of the first publication to be not less than fourteen days prior to the date set for said election, and in addition thereto, a copy of this order shall be posted in each of the election precincts for said election and also at the County Courthouse at least fifteen days prior to the date of said election.

The County Clerk is hereby authorized and directed to cause said notice to be published and posted as hereinabove directed and further orders are reserved until the returns of said election be made by the duly authorized election officials and received by this Court.

The above order being read, it was moved and seconded that same be passed. Thereupon, the question being called for, the following members of the Court voted AYE: Ralph Jones, W. T. (Bill) Miller,

U. S. (Rusty) Smith, Jake Young, and the following voted NO: None. PASSED, APPROVED AND ADOPTED this the 11 day of April, 1955.

### Security Field Representative To Be Friday at 9 a. m.

Field representative of the Social Security Administration in San Angelo will be in the District Courtroom here on Friday, April 15, according to Thomas J. Bennett, district manager. Bennett added, "Were it not for the voluntary cooperation and assistance of the county Judge and the county representative of the Social Security Administration to meet with Crockett County representatives, it would probably be necessary for many of them to come to San Angelo to do their business with us, and expense is thus incurred by the people of Ozona and the county."

Bennett continues, "The new law directly affected the wages and salaries of the employees of the Social Security Administration as the 1954 Amendment is estimated to have increased the wages of every ten work-employees persons."

**TALK WITH THE OZONA LIVESTOCK MARKET**  
**ED GULLOY**

The accent was on "quality" in the cattle market at Fort Worth on this week's session. Higher grades were readily available at generally lower prices, while the less attractive ones were on the weak side.

On the early rounds, buyers were able to get steady prices for fed steers and heifers. Cows and packers complain that the cows are either in pasture or clover or in growth and are washy

and low in the yield and grade, a seasonal development.

Good and choice fed steers and yearlings topped at \$23.50 and \$23.75 at Fort Worth Monday, a load of experimentally fed steers from the Spivey Station brought in by Paul Marion at \$23.50, and two loads of fed steers from a commercial feeder drew \$23.75, both these sales were above any made here last week when \$23 was the practical top. Fat cows \$11 to \$13.50, a few \$14. Loads of cows at \$13.50 from both East and West Texas in the yards Monday as Naud Burnett, Greenville, had a load at \$13.50 and a load from Mill Iron Ranches, Wellington, at that figure. Cannors and cutters \$7 to \$11. Bulls \$10 to \$14.50, a few higher. Good and choice slaughter and stocker calves \$18 to \$21.50, a few to \$22. Plainer kinds \$10 to \$17.

Monday's trade in the sheep barns at Fort Worth saw Spring lambs and yearlings or older sheep sell steady. However, old crop shorn lambs were still under some pressure and no better than barely steady with last week's low close at best.

Packers are still bearish about heavyweight old crop lambs and when weights get around 100 pounds or more on these, the price is definitely lower again.

Some inquiry for breeding ewes developed on the heels of some rain in the sheep country but few desirable aged or desirable quality ewes were included in the runs. Some rather aged kind from \$6 to \$8, and better kinds quotable well over that.

Feeder lamb trade was again very quiet, most stocker or feeder fleshed lambs selling for slaughter. Fat milk lambs topped at \$23 and old crop shorn lambs \$18 down. Slaughter ewes \$7 to \$6, old bucks around \$4. Medium grade yearlings drew \$15, some handy weights might bring more. Old mutton scarce.

### THE WORST MONOPOLY

Secretary of the Interior McKay recently denounced the most dangerous and destructive of all monopolies - government monopoly. He said: "In other parts of the world today this philosophy of government monopoly has created a living nightmare for hundreds of millions of unfortunate people." In the same speech, the Secretary said that one of the great conflicts of the present lies between the philosophy which supports ownership and development of our natural resources in the traditional American way and one which "presses constantly for expansion of an all-powerful federal bureaucracy."

There is no greater enemy of freedom than all-powerful government - and no greater friend of slavery.

### CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 12,798 miles of Grading, Structures, Base & Surfacing from US 290, 4.0 miles West of Ozona to 12.8 miles Southwest on Highway No. FM 2083, covered by S 1971 (1), in Crockett County, will be received at the Highway Department, Austin, until 9:00 A. M., April 20, 1955, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the

State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascer-

tained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or

type of laborer, workman or mechanic employed on this project. Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of R. A. McCullough, Resident Engineer Sonora, Texas, and Texas Highway Department, Austin. Usual rights reserved. 1-2c

is your telephone a Broadcasting Station?

An EXTENSION TELEPHONE... or two... gives privacy. Lets you make or take a call without family, friends or the neighbors' children tuning in. Cost? A lot less than you think. Call our Business Office today.

and Mrs. Carl Appel, Mr. and Mrs. Charles Williams, Mr. and Mrs. Whitaker, Mr. and Mrs. L. B. Cox,

III, Mr. and Mrs. Dempster and Mr. and Mrs. Bill Carter guest.

# Time To Spray Pecan Trees For CASEBEARERS

From now through the next two or three weeks is the time to spray your pecan trees to control Casebearers — the insect which destroys the nut crop.

Time of spraying is vital in controlling the casebearer. A killing compound must be on the tree to destroy the eggs or larva before it bores into the embryo nut — afterwards is too late.

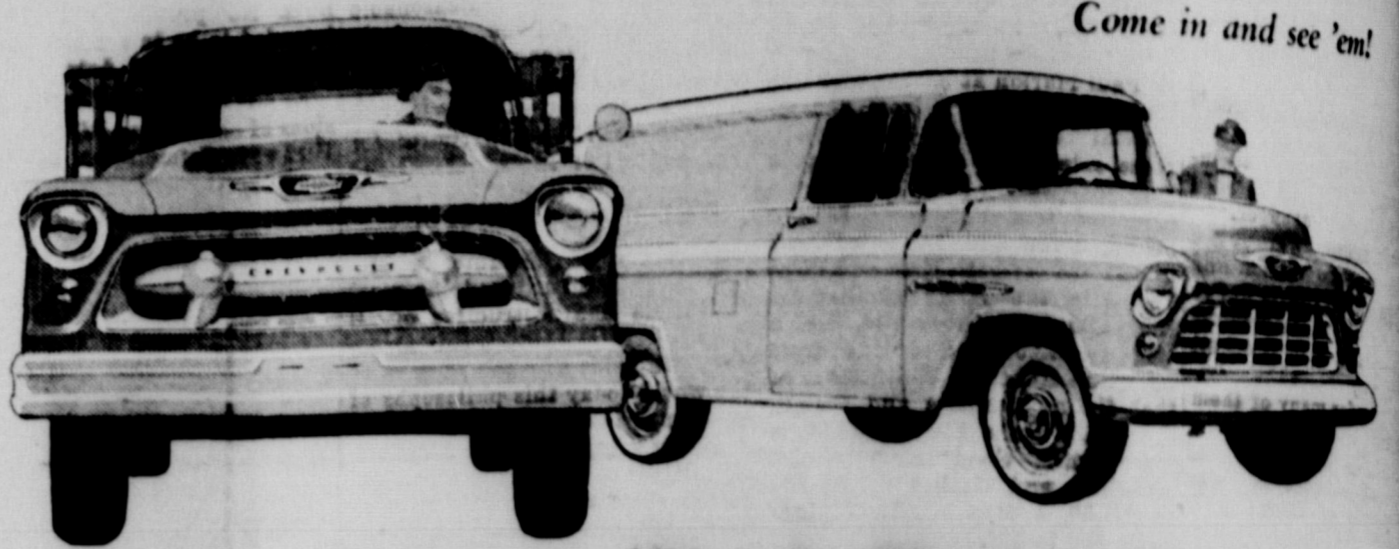

We are watching trees and at the proper time will begin spraying. The scientifically compounded formula we use stays on two or three weeks, barring rain, and will be effective in destroying eggs and larva before they develop.

Leave your order with us and just tell us to "take care" of your trees. Also controls for caterpillars and pecan borers.

## NEW CHEVROLET *Task-Force* TRUCKS

—with a whole truckload of new advantages for you! Here's what happens when America's No. 1 truck builder pulls out all the stops! Here are some of the new advances ready to work for you right now.

**Work Styling—a new approach to truck design!**

Two distinctively different styling treatments—one in light- and medium-duty models, another in heavy-duty!

**Six powerful new "high-voltage" engines!**

With a modern 12-volt electrical system for increased generator capacity—plus many other new advances.

**The last word in cab comfort and safety!**

New Sweep-Sight windshield for increased visibility. A new concealed Safety Step that stays clear of snow or mud.

**New capacity—up to 18,000 lb. G.V.W.**

Offered in 2-ton models! This means you can do a lot more work on heavy hauling jobs with real savings.

**New more durable, standard-width frames!**

New frames are of 34-inch width to accommodate special body installations. And they're more rigid!

**All models available with new Power Steering!**

New Chevrolet Power Steering cuts turning effort up to 80 per cent... cushions road shock. Optional at extra cost.

**You can have new Overdrive or Hydra-Matic!**

Overdrive is optional on 1/2-ton models; truck Hydra-Matic on 3/4- and 1-ton models at extra cost.

**Power Brakes standard on 2-ton models!**

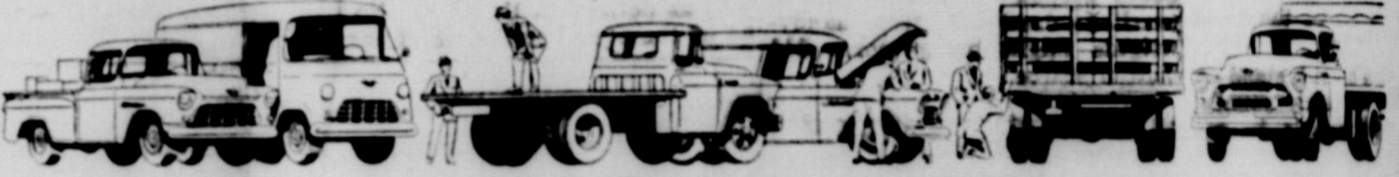

This great power helper is yours at no extra cost on 2-ton models! Optional at extra cost on all other models.

**Tubeless tires standard on 1/2-ton models!**

New tubeless tires give you greater protection against a blowout... deflate more slowly when punctured!

**CHEVROLET**

Come in and see the newest things in trucks!
