Directors Of W&GRA To Meet In April

National Wool Act to Discussed In Special Meet

W. Hodge of Del Rio, president of the Texas Sheep & Goat Raisers Association, has issued a call for a special meeting of the Association of Directors of the National Wool Act to meet in Ozona sometime in April. The exact date, to be decided with a view to avoiding conflict with other meetings, will be announced later.

A special meeting of directors will be called for the purpose of discussing the National Wool Act of 1954. Particular attention will be given to Section 708 of the Act, the so-called "self help" provision, which provides the machinery for a national poll of wool and mohair growers on the question of a one-cent per pound deduction from incentive payments to promote wider use and consumption of wool and lambs.

Finals Farmer Tender; Stepouts Midway, Pure-Bean

The Farmers (San Andres) field in Crockett County has been extended on location south with the Pure Oil Co. No. 5 University in University Lands survey, 18 miles north of Ozona.

Finals for a daily flowing rental of 66.69 barrels of 30 gravity oil, no water, with gas-oil content of 896.1.

Production was through a 3-16 choke and perforations between 2,486-496 feet in 5 1/2-inch tubing at 2,601.70 feet on total depth of 2,605 feet. Pay section was zoned with 500 gallons.

Top of pay was picked at 2,486 feet on elevation of 2,710.3 feet. Shut-in pressure was 175 pounds, flow pressure, 470 pounds.

SMU Band Director To Conduct Clinic For Ozona Hi Band

Oakley Pittman, director of the Southern Methodist University band and band instructor in the Dallas institution, will hold a one-day band clinic for the Ozona High School band here today, Director Byron Gray announced yesterday.

Mr. Pittman, who has been band director at SMU for the past four years, is a personal friend of Mr. Gray and accepted the latter's invitation to come to Ozona to work with the local group.

The Ozona High School A band is composed of 75 pieces, with some 60 students in other groups of beginners and less advanced band students. Mr. Pittman will work with the A band as a whole and in sections throughout the day today.

The Band Boosters will serve refreshments at the band hall at the conclusion of the clinic.

Plans For Opera Discussed At Music Club Meeting Thurs.

Plans for bringing the opera "Carmen" to Ozona, to be sung in English here April 2 by the opera workshop group from the University of Houston, under the direction of Bruce Spencer King, head of the voices department of the University, were discussed at the meeting of the Ozona Music Club last Thursday in the home of Mrs. Ted White.

"Music of the World Wars" was reviewed by Mrs. H. B. Tandy. Mrs. George Russell, Jr., sang "Two Little Shoes," "Smilin' Through" and "Coming in on a Wing and a Prayer." A mixed sextette, with Mrs. Taady, Mrs. James Rollins, Mrs. Russell, Mrs. Aaron Bledsoe, Ross Huffstodler and James Rollins sang several numbers. The program closed with the club singing a group of familiar war-time songs.

Plans Laid For Quarter Horse Show On May 28

6th Annual Event To Draw Area's Finest Quarter Horses

Plans are rapidly being perfected by committees from the Crockett County Sheriff's Posse for the Sixth Annual Registered Quarter Horse Show which will be staged this year on May 28. Charlie Black is general chairman of the show and Pete W. Jacoby, secretary.

The show this year will have the same halter and performance classes as last year and will feature the Junior reining contest and the children's Western class. Halter classes will spread over five classes, including Mares foaled in 1954, 1953, 1952 and 1951 or before; stallions foaled in the same years and geldings of any age.

In the performance classes there will be the open reining contest, with national Quarter Horse rules applying; a roping horse contest; Junior open reining and children's Western class.

Bobby Henshaw

Bobby Henshaw, Famed Artist, To Appear Here Fri.

Stage, Screen, TV Star Featured In Red Cross Benefit

A former stage, screen, radio and TV star, now a salesman for a janitor supply firm, has volunteered his talents to head up a new kind of entertainment for Ozona people to be presented in the high school auditorium here Friday night as a benefit for the 1955 Red Cross fund drive.

Bobby Henshaw, renowned as a ukulele player and vaudeville entertainer, a recent guest of the Rotary Club here, will be featured in an evening of variety entertainment termed "Echoes of Vaudeville" to be presented in the auditorium Friday evening under auspices of the Ozona Rotary Club and the Lions Club, as a Red Cross benefit.

In addition to Henshaw and his ukulele player and vaudeville stunts, there will be some local talent to broaden the program. The Ozona firemen's band, an all-girl orchestra, George Senne and his Melody Boys and tap dancing by Mrs. Beecher Montgomery will be among the evening's entertainment features.

Mr. Henshaw, now a salesman for the Self Co., of Dallas, manufacturer of janitor and building maintenance supplies, was once described by Walter Winchell as the man whose ukulele took him around the world four times. In 1932 he shared top billing with Gracie Fields at the Playdium in London. He has headlined the vaudeville bill in the Hippodrome at Manchester, England, and every Christmas topped the bill at the Theatre Royal in Dublin, Ireland. He spent 14 years abroad and appeared on television in England as early as 1937.

For several years Mr. Henshaw operated an amateur contest for youngsters in Texas. The contests, in ukulele playing and other talent exhibitions, were very popular and the youngsters nick-named him "Uncle Ukie".

Admission charges for the Friday evening show here will be \$1 for adults and 50 cents for children.

Wildcat Located In Northern Crockett

Earl L. Hayes, Big Lake, will drill a 2,568-foot cable tool wildcat in Crockett County, three miles east of the World field and 17 miles southwest of Big Lake. It will be the No. 1 Maggie Neal.

Ozona Girls Win Volleyball Title In Ozona Tourney

Fort Stockton Winner Of Junior High Division Of Meet

Ozona won the senior girls volleyball championship here Saturday night while Fort Stockton took the junior high title, in the second annual Ozona invitational volleyball tournament.

Ozona defeated Iraan, 32-19, in the finals after beating Reagan County, 29-16, and London, 30-16. Iraan beat out Junction, 47-11, and Ozona B, 49-14, London brushed aside Menard, 64-9, and Ozona B won over Eldorado, 31-29.

In the consolation bracket, Big Lake defeated Menard, 39-22, and Junction outlasted Eldorado, 29-24. Big Lake then turned back Junction, 20-10, for the crown.

Iraan won over London in junior high play, 27-16, Eldorado was turned back by Reagan County, 26-9, Fort Stockton defeated Iraan, 17-13, and Reagan County trimmed Ozona, 23-15. In the final, Fort Stockton beat Reagan County, 31-14.

In consolation play, Iraan trimmed Eldorado, 40-7, and London was eliminated by Ozona, 24-20. Iraan won over Ozona in the finals, 34-8.

On the all-tournament team, set-ups were Betty Wall of Reagan County and Ann Ratliff and Cecilia Cooke of Ozona. Spikers were Fyovonne Grantham of Iraan, Beth Schilling of Reagan County and Jane Meyer of Iraan. Carol Friend of Ozona was the outstanding player of the tourney.

Superior Plans Deep Crockett Co. Wildcat

The Superior Oil Co. of Midland will drill a 9,600-foot rotary wildcat in northeast Crockett County, 3 1/2 miles south-southeast of the World, West (Strawn) field and 18 miles southwest of Big Lake. The prospector will be drilled as the No. 1-22 Shannon Estate.

Estimated elevation is 2,725 feet at derrick floor.

Location, on a 162.1-acre lease, is 660 feet from the north and 1,980 feet from the east lines of 22-BB-EL&RR.

The World, West (Strawn) field produces from approximately 8,076 feet.

The prospector is also one mile southwest of Duquesne Oil Corp. No. 2 M. A. Shannon, wildcat failure plugged and abandoned in November 1954 at 9,520 feet in the Ellenburger, top unreported.

Fine Talent To Be Heard In Presentation Of Opera Carmen Here

On Saturday night, April 2nd, 8:15 p. m., the Ozona Music Club will present in the High School auditorium the University of Houston Opera Workshop in Bizet's "Carmen". The opera, to be sung in English, will be directed by Bruce Spencer King, head of the voice department at the University of Houston. It is being presented this week in Houston on the nights of March 23rd and 25th as one feature of University's fourth annual Spring Fine Arts Festival.

Mr. King, a native Texan, is internationally known as a teacher of voice and was for a number of years a leading tenor with the Milan Opera Company in Italy. Since his association with the University of Houston he has directed the Opera Workshop and among its productions have been: La Serva Padrona, Il Segreto di Suzanna, Bastienne and Bastianna, The Telephone and Down in the Valley, and The Marriage of Figaro. Operettas included: Song of Norway, Naughty Marietta, Sweethearts, Mlle. Modiste, and The Waltz Dream. These were enthusiastically received in Houston.

This year's production of "Carmen" is with the assistance of Dr. Stanley Mamilton, stage director, and Tom Boyd, technical director. Dr. Merrills Lewis is head of the Music Department at the University. In the Ozona presentation the

18 Teams Enter Ozona's Annual Track Meet Sat.

West Texas' Finest Athletes Compete In All-Day Meet

Athletes from eighteen West Texas towns will participate in the third annual running of the Ozona Invitational Track and Field Meet to be unreeled Saturday at Lions Field.

Judging from performances of the top area teams in meet so far this season, a new set of records will likely be hung up at the close of this year's Ozona meet. So far all records except the shotput have been bettered in other meets and if the weather is favorable, may be some of these new records will fall in the coming meet.

Favored aggregations dopsters believe will be battling it out for the team championship are Sonora, Junction, Fort Stockton and McCamey, but any of the 18 squads are capable of turning the trick.

Teams entered to date are Sonora, Junction, Menard, Eden, Eldorado, Iraan, Rankin, McCamey, Mertzon, Melvin, Grandfalls, Sanderson, Fort Stockton, Imperial, Balmorhea, Llano and Ozona.

Coch Coach Bob Short's Junction Eagles won the meet last year with 26 1/2 points while McCamey was second, Iraan third, Llano fourth and Sonora fifth.

Preliminaries will begin at 10 o'clock Saturday morning, and the finals will get under way at 2 p. m. Trophies will be given to the high point team, high point athlete and winners of the 440 and mile relays. Individual medals will be given to the first four places.

Officials for the meet are W. E. Ramsey, Ozona, starter; Guy Wheeler, Menard, Bob Short, Junction; and Pete Hickman, Byron Cleere, Swede Peltio and Beecher Montgomery, all of Ozona timers; Oscar Kost, Ozona, announcer; Johnny Clark, Ozona, clerk of the course, and recorders Roy Killingsworth and P. O. Hatley, both of Ozona.

22 Members Train For Places On 4-H Club Judging Teams

Twenty-two 4-H Club members signed up and started training for judging work in livestock, wool and mohair, and grass identification this week, County Agent Pete W. Jacoby has announced.

A practice contest for 4-H club members of this district in livestock and wool judging will be held at Sul Ross College in Alpine on April 2. District contests in grass identification and livestock will be at San Angelo College on May 7. The State Wool and Mohair Judging Contest will be held in San Angelo in June.

Crockett County 4-H club judging teams have been top contenders in district and state contests for several years. For the past two years the Crockett County grass team has represented the 25-county area of West Texas known as District 6 at the state contest at Texas A&M College by virtue of their winning the district contest each year.

Competition is very keen for places on the various teams this year since only four members can make a team and about twice the number are training for places. Some of the earlier practice sessions indicate that some of the older team members will really have to buckle down to keep from losing their places on the team to some of the newer members of the club, the County Agent said.

The following members have started training or signed up to start soon: Carl Conklin, R. J. Everett, Joe Everett, Mark White, Erby Chandler, Bill Black, Charlie Black, Benny Friend, Clayton Friend, Mike Clayton, Joe Clayton Roy Mann, Pierce Miller, Jay Miller, Chris Hagelstein, B. B. Ingham, III, Bob Childress, P. L. Childress, Bill Jacoby, Susie Chandler, Pam Jones, and John Hickman.

Perner, second from left, is showing a new box coat in all wool in navy and white. Her hat is of navy straw with a yellow trim. Mrs. Austin Millsbaugh, next in the group, chose a champagne colored silk shantung two-piece dress and straw hat of the same color. The commentator, Mrs. P. L. Childress, is dressed in black linen. Her hat is of black straw with a large pink rose on the brim at the back. Picture by Miss Mildred North snapped at the Woman's Forum show at the Country club Saturday.

NATURAL GAS AND THE CONSUMER

An advisory committee has recommended to President Eisenhower that natural gas should be freed from government controls "prior to its entry into an interstate transmission line." Chairman Priest of the House Commerce Committee states that legislation will be prepared to end federal regulation of independent gas producers.

This is definitely in the interest of the country's 21,000,000 consumers of natural gas, who want abundant supplies at a fair price. It should be emphasized no one is trying to stop regulation of sales at the consumer end, which is a public utility operation. But the public utility principle does not exist at the producing end of the line. The producers are involved in a highly competitive business - both in seeking leases from property owners and then in selling the gas to pipe lines after it is found. On top of that, the risks of the business are very great. The majority of both gas and oil wells turn out dry - only

the few prove commercially worth while. Men won't run these risks when faced with the possibility that unwise regulation will force prices down to profitless levels.

The average field price of gas is only about 10 per cent of the cost to the householder - the remaining 90 per cent is accounted for by transmission and distribution costs. So, even if producers got exactly nothing, the benefit to the householder would be small. Freeing gas from regulation at the wellhead is the only way an adequate future supply can be assured - which means it is the only way to protect the interests of everyone concerned, consumers included.

From where I sit... by Joe Marsh. Finally Talked Herself Out. A certain talkative young lady almost spent a night locked in "Doc" White's drugstore. She entered Doc's store about 11 PM, going directly to the pay phone. At eleven-thirty Doc went home - not having seen a customer for a half hour. Around midnight he got a call from the store... she had finally run out of conversation (and money) and found the front door locked tight. Doc vowed he'd leave her there to teach her a lesson. But Mrs. W. spoke up: "Now you go turn her loose. It's hard to cut a good conversation short - something only a woman understands." From where I sit, however, plenty of men are as hard to pry away from a telephone as any female. Some people are just naturally long-winded, while others are the silent type - just as some of us like coffee and others prefer a glass of beer. The important thing is to be considerate... before friends start giving us the "busy signal." Joe Marsh

GOSSIP

Dear Jane,
This week seems like "old home week". Just looking around the halls it seems that most of the old couples are going back together. Wanda and Stubby are seen quite often holding hands as they walk from locker to locker. Jerry and Cecilia are going steady again. Both of them seem to be pretty happy about it.

It seemed like Carol was pretty happy Monday morning, she had a date with Jody Sunday night. They haven't been seen together for quite awhile.

Everyone was real proud of the volleyball girls for winning the tournament held here Saturday. We were especially proud of Cecilia, Ann K., for being on the all-tournament team, and of Carol F. for being outstanding player. They really played some good games.

Sonny, Johnny, and Hugh turned into real cowboys Saturday and Sunday. Johnny and Hugh went out to Sonny's ranch to help him "round" up his sheep. You can tell by looking at their little red faces what kind of weather they had. I think from the appearance of their clothes it must have been a little dusty too. Ann and Barbara took their dinner out Sunday and the boys even let them ride their horses for a few minutes. I think they sorta got in the adventuring spirit. Anyway they put the girls in the back of Sonny's old pickup and tried to scare them by running over trees. But it really seemed to hurt Sonny more, especially when he found out he had broken his fuel line and we had to walk four miles to get back to the car.

Jessie Marley was really unhappy for awhile last week. Lizzie went to New Mexico with her mother and he looked real lonely. But now she's back and everybody is happy.

I think Pat W. is getting sorta tired of Charles limping around. It is sorta hard on the shoulders to have to help someone walk up the stairs every day. I think it's sorta a new twist though. Pat carrying Charles' books. I imagine he likes it.

A bunch of seniors got together and figured out that exactly 2 months from last Monday, March 21, they'll be out of school. Well I guess we'll see you then.

ONE-ACT PLAYS

By Suzanne Dale

Do you like good, free, entertainment? Then we'll see you Saturday night, March 26, at the High School Auditorium. This will be the occasion of the district one-act play contests.

Starting at seven o'clock, you can see Sonora, then Junction, Menard, and lastly Ozona.

Nothing is known yet about the other plays, but if they are only half as good as our own, we will certainly be honored with four great performances.

NEW 198-HP MONTCLAIRS PROVE THEIR NEW SUPER TORQUE BY PICKING UP SPEED ON 28% GRADE AT TEST-TRACK IN DEARBORN, MICHIGAN

NEW 198-HP BEAUTY PICKS UP SPEED CLIMBING 28% GRADE

More power where it counts
from Mercury's new Dual-Exhaust
SUPER-TORQUE V-8 engine

There's a lot of talk about horsepower these days. The numbers go up and up. But what does all this extra power do for you?

The picture above tells part of the story. There's so much power delivered at the wheels of this new 198-horsepower Mercury Montclair that you can actually pick up speed while climbing the steepest hill you can find. This is one graphic way of demonstrating Mercury's new kind of super-torque power.

More top speed is of little value to most

motorists. Cars already can go faster than most legal speed limits. Where you want extra power is in the everyday speed ranges where you do 95 per cent of your driving. And that's exactly where the 1955 Mercury gives it to you... for instant pickup, safer passing power, easier hill climbing.

We've said nothing here about styling — and now there isn't room. But Mercury's years-ahead design is speaking for itself right now at our showroom. Stop in today.

Profits from the style show go into the Forum's community fund.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

By Vern Sanford
Texas Press Association

Austin, Texas — After prodding from the head coach, line coach and backfield, the Legislature got busy on both the put and the take phases of its money job.

House and Senate committees reported the biggest biennial budget in history. The Senate version calls for \$1.5 billion. The House bill ran slightly less.

In one day of debate, the House passed its bill, calling for \$212 million in two years from the general revenue fund, now currently in the red. It would require \$33,600,000 more than current spending, for general purposes, plus a proposed addition of \$27 million for highways.

Hearings by the revenue and taxation committee finally were held on Gov. Allan Shivers' tax recommendations — the Murphy 2-cent per gallon gasoline tax in-crease; and the Kirklind one-cent cigarette tax increase.

Governor Shivers renewed his urging for the gasoline tax hike, backed by the highway commis-sion's estimate that Texas needs to spend \$2,200,000,000 on high-ways during the next 10 years.

Rep. Jerry Sadler who said he was "authorized to speak for a majority of the House," told the

revenue and taxation committee that the 2-cent gasoline tax hike won't pass.

Sadler prefers a one-cent per gallon gasoline and condensate processing tax. This, he contends, would bring in \$160 million a year and permit repeal of the present 4-cent gasoline sales tax. A processing tax would reach out-of-state as well as Texas buyers of gasoline.

Sadler also has proposed a \$3.30 per barrel hike in the tax on beer.

Heard by the oil, gas and mining committee was Rep. J. B. Walling's "anti-waste" bill to set mini-mum prices for natural gas. At present rates this bill would bring in an estimated \$20 million a year.

Under committee rules, the tax and gas-conservation bills auto-matically went to sub-committees for a week's study.

Veteran's Affairs

Veteran land deals and their in-vestigation resulted in an ever-growing list of legal suits against Bascom Giles, former commis-sioner of the General Land Office.

Filed by Atty-Gen. John Ben Shepperd in 53rd District Court here was a civil suit against Giles, seeking a lien on property purpor-tedly owned by the former commis-sioner in Falls County.

Giles has been indicted by a Bexar County grand jury on a charge of accepting a bribe. He also faces a Travis County indict-ment accusing him of conspiring to take \$83,500 in veterans land program funds.

Continuation in Doubt

Continuation of the Veteran's Land Program is in doubt. House investigators have recommended liquidation of the present set-up.

Sen. George Moffett abandoned "indefinitely" his plan to ask Texans to vote another \$100 mil-lion in veterans' land bonds.

Only 15,000 of the 971,000 eligi-ble veterans have applied for land to date, under the eight-year-old veterans' land program. That is less than 1.6 per cent of those who are eligible.

Hello there,

Checked your insurance lately? Is your policy renewed annually without regard to the increased cost of build-ing?

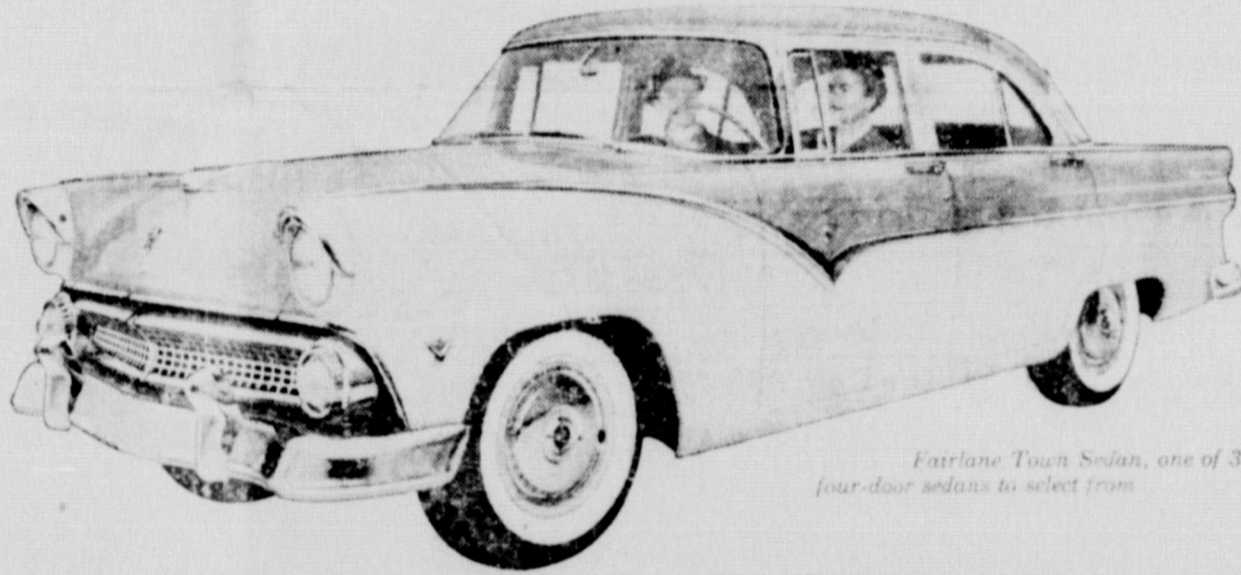

Have you considered "flood insurance"? A Personal Property Floater protects you on flood damage, as well as fire, windstorm, theft, etc., to your furniture, clothes, jewelry — many things a fire policy does not cover. Cost? Not bad. \$5,000.00 worth of protection can be bought for less than \$32.00 a year.

Have you added the new Physical Loss Form to your current policy? Much added protection for only .09 per hundred, per year — well worth it, too.

How about Extended Medical Payments? Protect your-self and members of your family in cars not your own — on the streets as a pedestrian — in your own driveway, hit by your car. Cost? Same as your Medical Payments premium.

Check with me for Dwelling, Automobile, General Li-ability, Hospitalization, Accident and Health Insurance. Can save you 15% to 40% on your insurance cost.

Automatically your best buy!

Ford's five power assists combine to give you more added convenience and extra driving ease than you can get in any other car in Ford's field!

It's great fun to step into a Ford's rich, colorful Luxury Lounge interior... to touch the gas pedal and feel the might of Trigger-Torque power responding instantly to your every wish. It's fun, too, to bask in the admiration aroused by Ford's Thunderbird-inspired styling.

But... for the ultimate in driving fun and ease, try a Ford with Ford's optional power assists: new Speed-Trigger Power Steering, power brakes, windows and seat. Ford's power assists combine to do the most for you automatically... so you get the most out of driving!

Automatic Driving at its Best

Speed-Trigger Power Steering Drive like a new, automatic, low gear while less you start in low, shift to intermediate, and then into high—all auto-matically—all while the drive...

Power to Steer For You

Master-Lights Power Steering does up to 75% of the steering work for you... yet you retain the control feel of the wheel on straightaways... it's a great help when parking... makes all driving easier and more relaxing.

Power to Apply Your Brakes

Swift Sure Power Brakes do up to one-third of the stopping work for you. And there's built-in safety. With power off, you stop your car as easily as though your Ford were equipped with the standard braking system.

Power to Adjust Your Seat

Ford's 4-Way Power Seat is the only power seat in Ford's field that adjusts "up and down" as well as "forward and back" for most comfortable driving positions. A touch of the conveniently located single seat control does it.

Power to Lift Your Windows

With Power-Lift Windows you don't need to stoop in order to open or close all side windows. Driver can operate all four windows from the master con-trol. And each passenger has a indi-vidual control switch for his own window.

U. S. Senator

Texas-grown rice and Rio Grande Valley red grapefruit were served in the House and Senate dining rooms last week through the courtesy of representatives of these important Texas farm products.

On Monday a bountiful helping of rice and gravy was added to every plate served in the Capitol dining rooms. This was sponsored by Senator Johnson and the writer at the request of Marcus Mauritz of Capado, President, and Kern Tips

of Houston, Public Relations Director, of the Texas Rice Promotion Association. They furnished the rice and a box of rice recipes for each member of Congress.

On Thursday Senator Johnson and I arranged for each person in the Senate dining room to receive a Texas grapefruit, and Congressman Joe Kilgore did the same in the House dining room. The grapefruit were shipped to us by Mr. Austin Anson, Executive Manager of the Texas Citrus and Vegetable Growers and Shippers Association of Harlingen.

Excessive Oil Imports

Independent oil producers and state officials from most of the producing states are urging Congress to place a limitation or quota on foreign oil imports. I have joined Senator Neely of West Virginia and 15 other senators on an amendment to the reciprocal trade act which would direct the President to restrict excessive imports of any commodity when it is found that the imports are damaging domestic industries essential to national defense and security. The amendment would limit foreign oil

imports to 10% of domestic consumption.

Excessive foreign oil imports are today's greatest threat to the independent producers and to all others in the industry who do not own and produce foreign oil. Texas has had to shut down its wells to as low as 15 days production per month, partially because of excessive imports. Continued restricted production at only half of capacity eventually will ruin the independent operators and throw thousands of Texans out of work, to say nothing of the serious loss in tax revenues.

Some foreign oil importers have restricted their imports voluntarily, but others have failed to do so. Under present circumstances, it appears that legislation restricting oil imports to a percentage of domestic production is the only solution. We now have such import restrictions on many agricultural products. The President's Committee on Energy and Fuels has found that serious damage will be done to the national security if future imports are allowed to exceed the levels of 1954.

How Much Is a Penny Worth?

It all depends on how you look at it. These are all American pennies. Worth, at face value, only one cent. But to a coin collector, some of these pennies are worth many times more. To him, their real value is high.

The real value of the pennies you spend for electric service is high, too. Think what you get for them in terms of comfort, convenience and easier living.

Electric service is always there to help with the housework, the cooking, the laundry and dishwashing. It will warm the baby's bottle late at night or help Dad shave in the morning.

When you count all the things your electric service does for you, don't you agree that you get more for the electric pennies than for the money you spend for anything else in your family budget?

worth 100 cents and call the present one a "dollar-ett." Texas Land: ("It's too bad a few chislers must ruin an apparently good program.")

In a discussion with Bob Bartlett, Federal Communications Commissioner a few days ago, he told me that Texas still retains the title of the state with the most radio and TV stations.

Texas currently has 212 AM radio stations, 23 FM stations and 45 TV stations. Six additional requests for TV stations are pending.

If you see a man flying through West Texas without benefit of wings, it may be a "furriner" who was treated to a bit of Texas practical-joking recently.

Through the courtesy of two good El Paso friends, I had some jalapeno peppers which I distributed to members of the Texas Congressional Delegation in the House Restaurant. The "furriner" walked by and fell for the old gag of "have a sweet pepper." He bit into the fiery little jalapeno, expecting a sweet pepper, and the last time I saw him he was headed West.

The Washington newspapers have been high in praise of Federal Judge R. E. Thomason of El Paso, who himself represented the 16th District in Congress a few years back.

Everyone knows how the good judge sentenced "turnabout" witness Harvey Matuso to three years for obstructing justice and contempt of court recently.

The papers here have praised the judge for his courage and said he did "exactly what the Senate investigating committee" should have done.

Former colleagues of the El Paso judge here in Congress have complimented him on his handling of the case also.

These former colleagues stated that "it looks as if that liar is getting a taste of West Texas justice a la Ewing Thomason."

Fort Worth — Fed steers and heifers were steady and other slaughter classes 50 cents or more higher at Fort Worth Monday. Fat cows were strong and lower grades were around 50 cents higher. Fat calves were 50 cents to as much as \$1 higher in some cases. Bulls were steady.

Good stocker and feeder steers continue in good demand, while low grade stockers became increasingly hard to move. Both stocker and feeder steers and steer calves were around 50 cents higher.

Fed cattle sold at \$23 down while common to fairly good kinds brought \$15 to \$18. Fat cows sold for \$11.50 to \$12.50. Canners and cutters brought mostly \$8 to \$11. Bulls brought \$10 to \$14. Choice killing calves brought up to \$21.50.

Medium and good stocker and feeder steers and steers calves brought \$15 to \$21.50.

Sheep receipts were not quite as large as last Monday and Spring lambs were fully steady with a top of \$23.50. Good and choice shorn slaughter lambs cashed at \$18.50 to \$20, the latter price being paid freely for lambs with number two pelts. Plain and common kinds of clipped lambs sold at \$13 to \$18. A few good woolled killing lambs sold at \$20.

Other classes of slaughter sheep were steady. Some fairly good slaughter ewes sold at \$8. Good fat ewes are quotable up to around \$9 in the wool. Some good, number three pelt shorn slaughter year-

lings brought \$16.50. Common to good kinds of shorn aged wethers sold at \$11 to \$13.

Shorn feeder lambs were 50 cents higher and other classes of feeders and stockers were steady.

Stocker and feeder lambs brought \$16 to \$19, the latter price for woolled and half fat shorn lambs.

stage settings are being designed and made by R. K. Wimberley, teacher of Manual Arts in the local high school, and his committee. The costumes are those used by the Metropolitan Co. in Houston last year and were new for that performance.

The roles in "Carmen" are all sung by students of voice in the

University of Houston with the exception of "Don Jose" which is being sung by Joseph Truncale of Beaumont, Texas. Mr. Truncale has his Masters Degree from the University of Houston and has been doing special study with Mr. King for his role. He is director

of the Beaumont Opera Workshop which he organized. He has sung professionally in ten of the Dallas Starlight Operas, with the Lake Charles, La. Symphony, the Amarillo Symphony, and the Beaumont Symphony. Recently he was selected as the outstanding young

man of the year in Beaumont. In addition to Mr. Truncale there are four scholarship students in the cast. Miss Laverne Sneed sang the leading role in "The Marriage of Figaro" and appears regularly on Television. Miss Ruth Carter is said to have a most

outstanding voice and is at her best in this production. The Ozona Music Club has announced that no reserved seats will be sold and that the price of the tickets will be \$1.00 for adults and 50 cents for all students. The club membership is enthusiastic a-

bout bringing this group to Ozona and are especially anxious to have music lovers from all surrounding towns share the American version of "Carmen" with them. All are cordially invited to be in the school auditorium on Saturday night, April 2nd, 8-10 p. m.
