An Appeal for 101 Days of Safe Driving

During the summer months-from Memorial Day through Labor Day-highway traffic fatalities are high. So high that the Governors' Conference has endorsed a nation-wide safe driving program during the 101 days between the two holidays.

Only you, the motorist, can make this campaign a success . . . If you, and every other highway traveler, will resolve to drive at a safe speed, to follow the recommendations of Safety Associations for safe highway driving, literally hundreds of lives will be saved during this summer's travel. One of them may be your own.

Wherever you drive this summer, PLEASE DRIVE SAFELY

Safety Associations recommend that you follow these simple rules for a safe vacation trip:

- · Observe all posted speed limits; don't hurry, ever.
- · Regulate the speed of your car to highway and traffic conditions.
- . Don't drive too long-stop when you're tired.
- · Observe all highway caution warnings-slow down for curves, when descending steep hills, etc.
- . Don't drink when driving.
- · Follow the golden rule of traffic courtesy: give other motorists the same consideration you'd like for them to give you.
