## Dorsey Hardeman Unable to Speak To Ozona Grads

### Legislator To Mother's Funeral; Substitute Is Sought

Rep. Dorsey B. Hardeman of San Angelo, who was to have delivered the commencement address to graduates of Ozona High School Thursday evening of next week, yesterday wired Supt. C. S. Denham that he would be unable to be here on that date. Representative Hardeman was called to Tennessee early in the week on account of the death of his mother, Mrs. N. B. Hardeman.

Efforts were being made yesterday by the superintendent to secure another speaker for the occasion, but no definite information was available this morning. Mr. Denham was making an effort to get in touch with W. W. Jackson, president of the University of San Antonio, in an effort to have him come here to address the class, but the university president was out of the city and was not expected to return until tonight.

Nineteen seniors will receive diplomas at the hands of Judge Charles E. Davidson at Commencement exercises next Thursday evening. The evening's program includes the processional by Miss Ruth Graydon, invocation by Rev. Eugene Slater, a violin solo by Miss Graydon, Jim Dudley, salutatorian, will read "The Guardian Genius of Democracy" by Mirabeau B. Lamar, and George Ann Kirby, valedictorian, will give Pat M. Neff's "Making Texans." W. B. Robertson and Dorothy Hannah will play a piano duet. Presentation of diplomas by Judge Davidson and scholarship awards by Mr. Denham will follow the commencement address. The benediction will be by Rev. Eugene Slater.

## 30 and 29 Cents Paid For Spring Wools Sold Here

### 2 Sales Made In Past Week For Total of 75,000 Pounds

Two sales of spring wool were made from Ozona Wool and Mohair warehouse here during the past week to equal the season's top price on eight month's length. The top price was received last week for 24,000 pounds of eight month's wool combed clips of Jones Miller and Marshall Montgomery. The wool brought 30 cents.

An additional 50,000 pounds of spring clip moved from the local warehouse Tuesday, sold to Tom Richey, buyer for A. W. Hilliard & Son, at 29 cents a pound. Clips of W. E. Friend Jr., Ray Dunlap, Bascomb Cox and George Montgomery went in this sale.

## ENTERTAIN OIL MEN

Drilling crews of the Nobel Drilling Co. who brought in the Strawn lime producer on the Todd ranch, and who are now drilling an east offset to the deep well, and officials and employees of the Continental Oil Co. will be guests of a group of Ozona business men and ranchmen at a steak supper to be staged at the Hotel Ozona next Saturday night.

Mr. and Mrs. Fowler and daughter, Fontaine, of Snyder visited Mrs. Fowler's mother, Mrs. Bruce Drake, during the weekend.

## France Keeps Vigil on Western Front

Somewhere on France's Lorraine front a French soldier keeps eternal vigilance behind his rifle-machine gun, lest a German surprise attack be successful. Note the cache of hand grenades just below the gun. They are used for close-in fighting.

## Seventh Grade Commencement Program Wed.

### Pageant of Educational Progress Features Exercises

A pageant of educational progress entitled "The Light" will be presented as a feature of the seventh grade commencement exercises to be held in the high school auditorium Wednesday evening of next week.

The Junior high commencement program will open with trumpets by Miles Pierce and Norman Heath and the processional by the Junior High School Chorus. Invocation will be by Clem W. Hoover, minister of the Church of Christ, followed by the class song, "Our Junior High."

Judith Williams, valedictorian, will give the pageant prologue, "Junior High Speaks." Jim Ad Harvick, salutatorian, will represent the light of Education. Other "Lights" will be Health by Billy Laxson; Knowledge, by Burl Sparks; Home, Bertie Sue Brownrigg; Industry, Calvin Williams; Good Citizenship, Melba Cullins; Leisure, William Yancy; Good Character, Louise Bean, and World Fellowship, Basil Dunlap.

Aileen Cooke, Lila Lee Cooke and Judith Williams will compose a vocal trio singing "The Years to Come," and Tom Ed Montgomery will play a cornet solo, "Home, Sweet Home." Alyne Kokit will play a piano solo, "God Bless America," with J. H. Stevens as flag bearer. Mary Elizabeth Gray will sing "Friend o' Mine," the epilogue will be given by Georgia Nell Senne and pledge of the class by N. J. Wardlaw, Jr. Diplomas will be presented by Judge Charles E. Davidson.

## Tb., Bang's Disease Tests Given Dairy Cows In Crockett

Forty dairy cows and cows being milked on ranches in Crockett county for the family milk supply were tested Tuesday for tuberculosis and Bang's disease or malta fever by Dr. Charles W. Koberg, San Angelo veterinarian.

Cows were tested for J. M. Baggett, Vin Jeffreys, Babe Phillips, Ele Hagelstein, W. R. Baggett and Bryan McDonald. All cows in the Keeton dairy herd were recently tested by Dr. Koberg. Dr. Koberg will return here Friday and anybody else desiring his services for testing cows should leave word at the office of County Agent C. J. Van Zandt.

Judge and Mrs. Charles E. Davidson returned Wednesday afternoon from Baton Rouge, La., where they have been the past two weeks visiting their daughters, Miss Dixie Davidson and Mrs. Mark Garver.

## Baccalaureate Service Sunday In Auditorium

### Clem W. Hoover, Minister Church of Christ, Preach To Grads

Nineteen seniors of Ozona High School are trudging the "last mile" of their high school careers this week and next, with Baccalaureate services scheduled for next Sunday morning and Commencement Thursday night of next week.

Clem W. Hoover, minister of the Ozona Church of Christ, will preach the Baccalaureate sermon to the graduates at 11 o'clock Sunday morning in the high school auditorium. Miss Ruth Graydon will play the processional, which will be followed by the hymn, "Come Thou Almighty King" sung by the audience, and the invocation by Rev. Clyde Childers, pastor of the Ozona Baptist church. Scripture reading will be by Mr. Hoover.

The Junior high school choir, directed by Miss Rebecca Anderson, will sing "A Pilgrim's Journey," a Londonerry air, and "Thanks Be to God" by Dickson-O'Shea. Rev. Eugene Slater will pronounce the benediction following the sermon.

## Timely Rainfall Brings Relief To Crockett Area

### Wide Section Covered By Fall: .9 of Inch Registered Here

In the nick of time, the rain gods again favored the West Texas livestock producing area with timely rains yesterday and last night which will serve to give new life to range vegetation and brighten prospects for good feed during the coming summer months.

Following on the heels of scattered showers in this section Tuesday and Wednesday, with some parts of the area south of Ozona receiving good rains, gathering clouds organized Wednesday night for beneficial precipitation over a considerable section of the country.

A heavy downpour, following by a light fall that lasted through the night, produced a total of .9 of an inch of moisture in Ozona last night, according to the gauge at the Joe Oberkamp store this morning. The section of the county west of Ozona, which had had only light sprinkles earlier in the week, is reported to have received an average of around a half inch as far west as the Pecos river.

## Softball Teams Go Into Action To Open Season

### Double-Header Games To Be Played Three Nights Weekly

Summer hostilities on the softball front got under way at Powell field under the newly installed lighting system at the playground center Monday night and resumed Wednesday night.

A revised schedule, calling for three double-header sessions weekly on Monday, Wednesday and Friday night, as last year, was adopted at a session of team managers Saturday afternoon. The schedule had previously been approved for single games Monday, Tuesday and Thursday nights, with a double-header on Friday night.

The Williams grocers and West Texas Utilities KW's took openers in the Monday night games.

Wednesday night Tex-New Mex forfeited because of absence, and the Laundry team nosed out Williams Grocers by one point.

The schedule for the first half, which extends through June, has been arranged as follows:

Monday, May 6—Laundry vs. Utilities; Williams vs. Humble.

Wednesday, May 8—Tex-New Mex vs. Water Works; Laundry vs. Williams.

Friday, May 10—Utilities vs. Tex-New Mex; Humble vs. Water Works.

Monday, May 13—Laundry vs. Humble; Utilities vs. Water Works.

Wednesday, May 15—Tex-New Mex vs. Williams; Utilities vs. Humble.

Friday, May 17—Williams vs. Water Works; Laundry vs. Tex-New Mex.

Monday, May 20—Utilities vs. Williams; Laundry vs. Water Works.

Wednesday, May 22—Humble vs. Tex-New Mex; Laundry vs. Utilities.

## Draft 1941 Range Program At West Texas Conference

### Ranchmen From 17 Range States to Midland Meet in June

COLLEGE STATION, May 8.—Recommendations of ranchmen from the 17 range states as to how to improve the AAA's range program will be heard—and heeded—at the national range conference to be held in West Texas, June 24-28.

For it will be on the basis of the suggestions of ranchmen-delegates to the conference that the 1941 Range Conservation Program will be drafted, Howard T. Kingsbery, Santa Anna ranchman and member of the state Agricultural Conservation Association committee, points out. Ranchmen at the meeting will suggest ways of improving the program to increase its effectiveness by the approval of new range improvement practices, changing rates of pay for practices, and other changes.

The conference will open at Midland, June 24, from which point the delegates will make a tour of West Texas ranches to inspect conservation work done in 16 counties. The itinerary includes visits to ranches in the vicinity of Midland, Pecos, Fort Davis, Marfa, Alpine, Del Rio, Sonora and

## MOTHER PERNER HURT

Mrs. Mary Perner suffered a severe scalp wound Sunday morning when she fell on the sidewalk in front of her home here, striking her head against a stone step to the porch. Mother Perner stumbled over a hose across the walk. Aside from the laceration on her scalp, she was not otherwise injured, a physician's examination showed.

## Business Building Being Modernized

Work was begun this week on the interior of the Ozona Drug store and will probably be completed in about two weeks. New floors have been laid and carpenters are working on plaster work on the walls this week. A new prescription room will be partitioned off and Mr. Rape has ordered a new case. The posts will be removed from the front and an awning will take the place of the old one, with extensive modernization of the entire front planned.

## 5 Fined On Drunk Fighting Charges

Five Mexicans were charged with drunkenness and fighting Sunday and paid \$14 fines in Justice Court. They were Colletano Vasques, Manuel Longoria, Valentine Munoz, Jaun Longoria and Simon Barelo.

## Annual Baptist Picnic Friday At O. B. Trap

### Group Leaves Church At 4 o'Clock For Outing

Continuing a custom of many years standing, the Baptist Sunday school will sponsor a picnic next Friday, May 10, it was announced this week by the pastor, Rev. Clyde Childers.

For many years, it has been the custom of the Baptist group to hold the annual picnic on Live Oak creek at the live oak mott, 40 miles west of Ozona, where the membership has enjoyed an all-day picnic.

This year, however, the group will meet at the church at 4 o'clock Friday afternoon and go from there to the O. B. Trap Co. trap four miles south of Ozona for "an old-fashioned afternoon of fun and fellowship," as the minister put it. Each family of the church is urged to attend and bring a friend. Each group will bring lunch for their own family and friends.

Committees named for the day are: Transportation, Leslie Nance, chairman, A. C. Hoover, Mrs. George Bean, Mrs. Hugh Gray and Mrs. Ray Dunlap; refreshments, J. T. Keeton, chairman, Troy Williams, Raymond Stewart and Lowell Littleton; entertainment, Mrs. Lowell Littleton, chairman, Mrs. Clyde Childers, Ernest Dunlap and Joe Keeton.

## Men Of Baptist Church Organize Local Brotherhood

In a called meeting Tuesday evening, a group of men met in the small auditorium of the Baptist church to perfect organization of a Baptist Brotherhood, which is a laymen's organization the purpose of which is to reach and train all men of the church 17 years of age or older.

The group elected officers and voted to meet each Tuesday evening for a program. Three times each month the program will be given from the Southern Baptist Brotherhood Quarterly and the fourth meeting in each month will be devoted entirely to entertainment. It is believed that this organization will meet a long felt need in the church for training and fellowship among men and a rapid growth for the movement is predicted by the pastor, Rev. Clyde Childers.

Officers of the Brotherhood were elected as follows: President, Ira Carson; membership vice president, Leslie Nance; program vice president, Joe Keeton; activities vice president, Ernest Dunlap; secretary-treasurer, R. J. Adams; pianist, Dr. John A. Sherburne; chorister, Lowell Littleton.

Mrs. Scott Peters, who is in a San Antonio hospital, is reported much improved.

## Second Conoco Deep Producer On Todd Looms

### 3B Todd Reaches Pay At 5,749; May Complete Today

Crockett county's oil interest centered this week on an indicated second deep producer from the Strawn lime in the making in Continental Oil Co. and others No. 3B Todd, east offset to the same operators' No. 2B Todd, Strawn lime discovery, which was completed a month ago for a natural flow of 840 barrels of high gravity oil in 12½ hours.

The No. 3B Todd, 1,170 east offset to the discovery well, had run 7-inch casing after obtaining pay from 5,749 to 5,754 feet, the total depth. Casing was cemented to 5,739 feet with 800 sacks and plugs were scheduled to be drilled today, with prospects of completing the well late this week.

The test topped the crinoid section of the Strawn lime at 5,735 feet, 2,521 feet below sea level. This was said to be 99 feet lower than in No. 2B Todd, which entered the crinoid section at 5,590 feet. The discovery well flowed 840 barrels of 40.5 gravity oil in 12½ hours through 11-64th inch choke on 2-inch tubing. It is 1,980 feet from the south, 2,010 from the west line of section 29-WX-GC&SF, and is 16 miles northwest of Ozona.

Soma Oil & Gas Co. No. 1 W. T. Noelke, wildcat on the western edge of Crockett county which flowed wild for three days after blowing itself in recently, was experiencing difficulties in diverting oil laden gas through tubing and satisfactory production has not been obtained, but reports here were that the flow was estimated at 20 barrels hourly. The gas has been gauged at 40 million cubic feet in the well.

Moore Bros. of Midland, drilling a test six miles southeast of the Soma well, in section 10, block GG, HE&WT, obtained saturated cores of sand from 1,970 to 2,024 feet.

The Moore Bros. shallow test being drilled on the Floyd Henderson ranch north of Ozona struck sulphur water at 1,116 feet in lime that rose 50 feet an hour. The well was shut down for orders. It is in section 51-OP-GC&SF.

## Local Census Count To Take Rest Of Month

### Ranchers Asked To Secure Forms Covering Operations

While many other sections are winding up the population census for 1940, the count in Crockett county probably will not be completed before the end of May, Bryan McDonald, local enumerator, has announced. A late start in making the enumeration here has resulted in the delay, it was declared.

Although the census bureau urged workers to complete the count by May 1, there is actually no definite time limit and the work is proceeding here. The total count to date stands at around 2,000, Mr. McDonald declared.

Ranchmen of Crockett county are required to fill out a form covering their ranch operations, the enumerator declared. Many ranchmen have not yet secured these forms and those who have not are asked to call at the water works office and get a copy to be filled out.

SON TO FORMER OZONAN Mr. and Mrs. J. A. Barrow of Lufkin are parents of a son born Monday, April 27, in a Houston hospital. The baby has been named Samuel Charles. Mr. and Mrs. Barrow are former Ozonans.

THURSDAY, MAY 9, 1940

A False Impression

Special writers who have been assigned to write a series of articles on the new oil development in two new fields in Crockett county recently opened, have taken occasion to draw on their imaginations somewhat as to the attitude of the people of Ozona and Crockett county toward this development.

The picture has been drawn pretty graphically of a smug, self-satisfied town, content to rest on its past laurels and disdainful of any opportunity for development and growth along new lines. Just who these writers have interviewed to get this idea of Ozona and Crockett county can not be learned, for in a hundred or more interviews around the square, with business and professional people and ranchers alike, this writer failed to uncover one person with such an attitude as that described in the articles, whose apparent purpose is to prejudice people connected with the oil fraternity against this community and in favor of some others who might be in a position to serve them.

On the other hand, businessmen, ranchers, professional men, county commissioners and other officials and all classes alike welcome growth, and exhibit a willingness to combine forces to make the most of whatever benefits might accrue to this community from the oil development.

Members of the County Commissioners Court have indicated their intention to provide the best possible roads to the new oil areas, housing facilities will be provided with assurance of permanence of the developments, and Ozona will welcome its new citizens who come here to engage in oil development.

A total of 77,630,892 tons of freight were moved in 1937 over the 17,393.96 miles of railroad in Texas.

Can't It Happen Here?

Nation after nation in Europe has fallen victim to the same technique. Norway is the latest to suffer. Even as these words appear in print, Holland or Rumania or some other small country may see THEIR fears justified, and follow in the footsteps of Poland and the others.

Adolph Hitler described the technique years ago in his book, "My Battle." He would conquer nations, he boasted, by establishing and encouraging enemies within their own borders, enemies who would betray their countries at the critical moment for their own real or imagined gain.

Americans can learn an object lesson from the bitter experiences of the little lands of Europe. There are those in this country who consider the activities of the Dies committee, and all other efforts to root out subversive activities in the United States, a mere political gesture and a waste of time. These people insist on wearing mental earmuffs and blinders in any kind of weather. They are willing to shout, in the face of all evidence to the contrary, that "it can't happen here!"

Savvy citizens, genuinely prizing the liberties we in this country enjoy, are not inclined to string along with this attitude. They believe rather that ounces of prevention are far better than tons and tons of the kind of "cure" now being forced upon many nations of the globe simply because their complacent citizens were satisfied to say, "Oh, why worry? It can't happen here!"

Tommy's departure from the meeting, we think, reflects the attitude of the vast majority of American youth today. Most young Americans are more interested in the opportunities provided in this country than in arguing about the future and vicious "isms" of other lands.

There's as much sound common sense as humor in Tommy Wadelton's reaction to the remark made by the "lady Youth"—and there's certainly nothing "quaint" about his attitude!

**Behind The Scenes In American Business**

By John Craddock

NEW YORK, May 6.—BUSINESS—The upswing in home construction, especially of small homes, seems definitely under way, with good prospects for continuing well into the summer. Then you consider that rehousing of the one field all our economists agree provides the most likely source for steady business revival. This is topnotch good business news. April demand for building materials was at a high level, with sales of manufacturing companies in these fields the best in several months. Privately-financed construction, including industrial building financed by private enterprise, was 46 per cent higher than in April of 1939. Indications of no important price rises in the near future encourages the belief this activity will continue. For the four weeks ended April 27, construction was started on 14,676 new homes under FHA inspection, 38 per cent more than in the same period last year . . . and in the week ending April 27 the applications for FHA-backed mortgages totaled 5,076 — which was 38 per cent more than the same week in 1939.

WASHINGTON.—In line with the growing alarm being sounded by commentators and political figures about the United States' lack of sufficient reserves of strategic materials such as tin, rubber, manganese and other industrial necessities, the idea of our accepting quantities of such materials from foreign countries as payment on debts is being broached again. Senator Elbert Thomas of

**Chevrolet Builds 700,000th 1940 Model**

Keeping pace with a demand which, since announcement of the 1940 models, has resulted in a new all-time sales record for any corresponding period in Chevrolet history, that division of General Motors recently built the 700,000th of these models. The event took place less than a month after production of No. 600,000.

Utah has introduced a resolution that would sound out senatorial sentiment toward such a plan. Some proponents go as far as to suggest that it would help the Allies, in this way: If, for instance, we could accept enough from France to wipe out her arrearages in war debts to us, it would mean that country would no longer be faced with the prohibitions of the Johnson act, which bars nations that are in default from floating loans on securities here. The stumbling block here is that the recent Neutrality act bars granting credits to belligerents, and requires all purchases to be on a cash and carry basis. How this would be gotten around was not explained.

HAPPY LANDINGS.—Behind the record recently established by the nation's airlines in completing a full year's operations without a fatal accident lies a remarkable example of industrial cooperation. Dozens of great companies pooled vast research resources to produce up-to-the-minute safety equipment which enable the airlines to maintain schedules even during the severest winter in 80 years. Outstanding is the homing radio beacon, developed jointly by R. C. A. and Sperry, which gives the pilot his directions both audibly and visually. Western Electric teamed with Sperry to perfect the Terrain Clearance Indicator which shows altitude above the ground instead of above sea level. Goodrich has contributed the famous de-icer, a pulsating rubber overshoe which automatically keeps leading edges of wings and tail surfaces free of ice, as well as a new expander tube brake and anti-

freeze devices for propeller blades. With most of these devices now standard equipment, the airlines expect the next year to bring sensational increases in the total of 2,028,817 passengers who last year traveled some 814,906,000 passenger-miles without mishap.

BITS O' BUSINESS.—Employment in ship-building and machine tool making is running one-third higher than in 1937, which was the best year since fabulous 1929 . . . in aircraft manufacturing, it's two and a half times. Sadly enough, we have to credit the war with much of this activity . . . The end of the "bargain prices" on steel brought an upturn last week

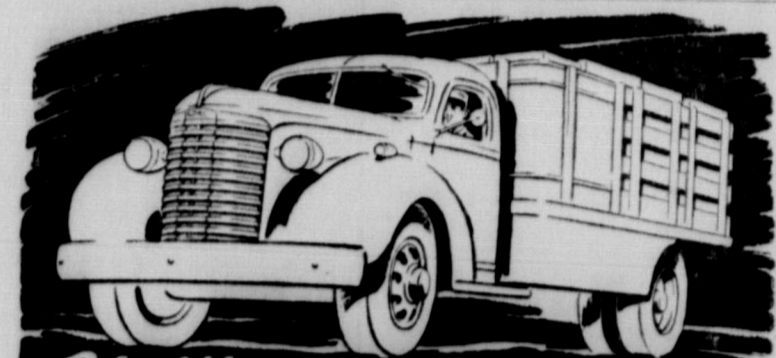

in domestic ordering, to get in under the deadline . . . Spread of the war is costing American farmers about \$10,000,000 a month in exports, an analysis of the first six months shows. Cotton exports were up 123 per cent, but the average for all other farm commodities shows a 21 per cent decline from the comparable six months period of 1938-39; tobacco fell off 70 per cent, wheat exports, 72, and fruits, 38 per cent . . . Nevertheless the farm machinery industry is looking for its third best year in history, to be topped only by 1920 and 1937 . . . Wheat, corn and cotton are all bringing better prices than a year ago.

Too many of them without even getting actual figures will shake their heads and sigh, "Nope! A car that big and handsome must be out of my reach!"

You'll be smarter than that, we know.

When the bug to own a Buick bites you, you'll figure that a car as talked-about as Buick must be looked at first—if you're going to have anything to go on in judging 1940 values.

You'll realize it doesn't cost a cent to find out how one feels under your own hand and what the delivered prices are.

So you'll walk in, please, to the nearest Buick dealer and boldly say:

"Let me have a good look at that car that's showing the rest of 'em what modern style is.

"Let me try out that big straight-eight engine that's electrically balanced after assembly for smoothness to match a wrist watch's works.

"Show me those big soft coil springs you talk about and how they smooth out that rough stretch down the street — and what's the business about recoil-mounted Knee-Action, heaviest frames at the price, five-foot front seat room in SUPER models, and six dozen new 1940 features?"

When you've got the answers through a good long ride—ask one more question: "How much?"

Current prices† start at \$895 \*for the business coupe, delivered at Flint, Mich. To this add transportation based on rail rates, state and local taxes (if any), and optional equipment and accessories—though there will be few such "extras" you'll need.

That totals up to low delivered prices that are often only a few dimes more a day than on cars in the lowest-price class—so why hesitate or haggle?

When the bug bites you, get the facts—and you'll get a Buick and be happy!

†Prices subject to change without notice.

### Approaching Marriage of Miss Carolyn Montgomery To John Wm. Shepperson Is Told At Tea Here Saturday Afternoon

#### Daughter of Mr. and Mrs. Geo. Montgomery To Wed June 1

Announcing the engagement of her daughter, Carolyn, to John William Shepperson of San Angelo, Mrs. George W. Montgomery entertained with a tea in her home here Saturday afternoon. The young couple will be married June 1, at high noon in the First Methodist church here.

Miss Helen Montgomery of San Antonio received guests at the door. In the receiving line with Mrs. Montgomery and the bride-to-be were Mrs. John Green Shepperson of San Angelo, mother of the bridegroom-to-be, Mrs. George Bunker, Miss Totsy Robison, Miss Janet Akin of San Angelo and Mrs. Early Chandler. Mrs. Marshall Montgomery was at the bride's book.

Guests were ushered to the dining room by Mrs. Joe Davidson. An imported Italian cut-work cloth covered the table that was centered with yellow calla lilies. Yellow candles in silver candelabra were arranged to stand at two sides of the centerpiece. A large bowl of white lilies stood on the

CAROLYN MONTGOMERY

buffet. Mrs. Clay Montgomery served cake and Mrs. J. C. Montgomery presided at the tea and coffee service. The announcement was made on white mints with "Carolyn and John, June 1" encribed on them in yellow and each plate held orange blossoms. Music was played by Miss Rebecca Anderson, Charles McDonald and Tom Ed Montgomery. Others in the house party included Mrs. Johnny Henderson, Jr., and Mrs. Dempster Jones.

Miss Montgomery was graduated from Ozona high school and attended Incarnate Word college in San Antonio and Sul Ross college in Alpine. She received her degree from S. M. U. last spring.

Mr. Shepperson attended San Angelo college and graduated from Texas A. and M. before entering business with his father in Shepperson's Furniture Co. in San Angelo. Guests calling at the tea were Mesdames Stephen Perner, Rex Russell, Bruce Drake, Tom Owens, Fleet Coates, C. S. Denham, Carl Pfluger of Eden, Joe Trammell of San Angelo, W. E. MRS. BUSBY HOSTESS TO FORTY-TWO CLUB

Four tables were arranged for games when Mrs. O. D. Busby entertained members and guests of the Just-For-Fun Forty-two club at her home Thursday afternoon.

Mrs. M. Johnson won the prize for high score with Mrs. Ray Dunlap receiving second high. Mrs. Dunlap also won the traveling award. High guest trophy went to Mrs. Marion McBee.

Aeroplane Favors At Dance for Seniors

Featuring the aeroplane theme in decorations, Mrs. Roy Henderson honored Roy Jr., and the senior class with a dance Friday evening in the Hotel Ozona ballroom.

The hall was decorated in red and white balloons and streamers, and an aeroplane hung from the ceiling in the center of the room. When a string extending from the aeroplane was pulled just before intermission, miniature aeroplane favors sailed about the hall.

Mrs. George Bunker poured punch while Mrs. Joe North and Mrs. Boyd Clayton served cheese sandwiches and canapes.

Present were Eloise Carson, Roy Henderson Jr., Joan Shambaugh of Houston, Johnny Henderson III, Ray Boyd, Ginger Anderson of Juno, Taylor Deaton, Dorothy Hannah, James Childress, Helen Mayes, Martin Harvick, Jean Drake, P. ### Ozona Girl, Student In Ft. Worth High, Honored TSCW Fete

Betty Jane Ingham, daughter of Mrs. B. B. Ingham of Ozona, was one of 25 outstanding students from Fort Worth high schools chosen to take part in the annual regional Play Day at Texas State College for Women in Denton recently. Betty Jane was one of two representatives from Paschal High School in Fort Worth chosen for the Posture Parade featured in the TSCW Play Day program.

Betty Jane, who is a senior this year in Paschal High, and Betty Lou Bowen, another member of the class, were honored at a tea given by their mothers, Mrs. Ingham and Mrs. L. B. Bowen of Fort Worth, Sunday afternoon at the home of Miss Linore Dudley.

Betty Jane's aunt, with whom she has made her home during the three years she has attended high school in Fort Worth. Members of the house party included Misses Mary Phillips, Charlotte Hamilton, Helen Carr and Mary Louise Watson. About 75 guests called during the afternoon.

The Ozona girl will be graduated at commencement exercises to be held May 30. Mrs. Ingham, who returned here this week after visiting her daughter last week, will leave next Wednesday to be present for the exercises. Betty Jane plans to attend Stephens College in Columbia, Mo., next year.

Mr. and Mrs. Joe Lewis and son left Friday for Sherman where they plan to visit Mrs. Lewis' parents for two weeks. They will also go to Blue river, Okla., for several days to fish.

SAYS MRS. CLIFFORD DEATON, WICHITA FALLS, TEXAS:

"In the 6 years we have owned our Servel Electrolux, we have never spent one cent for repairs or service. It is still as silent as the day we bought it, and as low in operating cost—a cent or two per day. Only Servel, the only automatic refrigerator with no moving parts, could perform like that!"

- NO MOVING PARTS in its freezing system
- PERMANENT SILENCE
- CONTINUED LOW OPERATING COST
- MORE YEARS OF DEPENDABLE SERVICE
- SAVINGS THAT PAY FOR IT

### New Officers Named In Baptist Sunday School For Summer

In an effort to continue the efficient work being done by the Sunday school, the Baptist church held in conference Sunday to reorganize the school and new workers were elected for the summer months. Rev. Clyde Childers, pastor, announced.

The Baptist Sunday school has recently attained the Standard of Excellence rating in the Southern Baptist Convention, one of the highest standards possible to attain. Many of the workers who helped reach this record will move to the ranches for the summer and that reason, new workers have been elected. The school will thus be enabled to better serve the church in enlisting and teaching members for the summer months.

Workers elected were as follows: General officers, J. T. Keeton, Leslie Nance, Miss Leta Powell, Mrs. Ray Dunlap, Vera McCaleb and Lowell Littleton. The department officers are as follows: Joe Keeton, Mrs. Leslie Nance, Mrs. Clyde Childers, Mrs. A. C. Hoover, Adele Keeton, Mary Elizabeth Gray, Mrs. J. S. ### AROUND THE WATERINGS

By C. MAYE DUNLAP

Spring wool continues to hold firm around the 30-cent mark with small lot sales over the area during the past week. Two lots have been sold from the local warehouse, one at 30 cents and the other at 29 cents.

W. E. Friend Jr., so far takes the prize for the heaviest eight-months fleeces. When his wool was weighed in at the Ozona Wool and Mohair warehouse here this week, he averaged up the weights and found his ewes had sheared 6.1 pounds each, which is a good eight-months clip off anybody's sheep. He sheared around 2,000 head, all young ewes and in splendid condition.

Dr. Koberg, San Angelo veterinarian, who has been testing milk cows of ranchers and dairy operators here for tuberculosis and Bang's disease, will return to Ozona Friday. C. J. Van Zandt, county agent, has announced. Anyone desiring his services in testing cows on the ranch should see Mr. Van Zandt. The fee is reasonable. Mr. Van Zandt reports, \$1 per head for each test.

Ranchmen from most sections of Crockett county report the biggest, finest looking lambs they have seen in years, the result of a favorable winter and early rains. Need of rain is beginning to be keenly felt in most parts of the county, but stock is reported still in good condition.

Arthur Hoover reports a good rain on his Live Oak ranch Wednesday afternoon. The fall was heavy enough to fill water tanks and run draws. Some hail accompanied the fall but not enough to do any damage to livestock.

Mr. and Mrs. Harlan Townley had as their house guests during the weekend Mr. and Mrs. W. Jay Garrett of San Angelo.

Mr. and Mrs. Taylor Word have as their guests this week Mrs. Clyde Carson and small son of San Marcos.

Mrs. L. B. Adams of San Antonio visited her son-in-law and daughter, Mr. and Mrs. Doug Kirby over the weekend.

## WHEN Your Boy Grows Up!

ALL mothers and fathers want their children to have worthwhile employment when they grow up.

The Texas oil business is manned by Texans... the Texas boys and girls of yesterday. 225,000 of them earn good livings for themselves and their families—a yearly payroll of \$271,000,000.

Oil pays good wages... maintains reasonable working hours... and offers opportunity for promotion.

Old age retirement and unhampered development of the oil business will provide many new jobs each year for our young Texas workers.

But the growing tax burden is a serious factor in wages and employment, since the Texas oil industry now pays taxes equal to 36 per cent of its labor payrolls.

Unwise laws and excessive taxes can retard and stop the growth of this industry which means so much to the future employment of our boys and girls.

End of Long Trail

By George B. ArmentROUT

This week is the end of the long trail followed by the Seniors of 1940, who are to be turned loose Wednesday afternoon.

As these students glance back over their long journey through this good school of ours, they see that they have not spent their valuable time in vain.

In the halls of the schoolhouse, students are busy cleaning out lockers. The study hall is filled with pupils who are registering for next year's work.

At the desks of the blessed teachers, pale figures tap their desk tops with nervous fingers. The teachers are thinking of the fine pupils that will be on their way to a new world, soon.

As the students look back over their past schooling, the teachers follow them, too; the teachers see small, frail and young children starting to go on the long trip through our beautiful school.

As the doors swing silently shut behind the seniors, let us pray that they may make good men and women. Let us pray that they may make this a better world in which to live; and last, let us pray for the successful outcome of those left behind.

\*WHY GO TO SCHOOL?

\*FINAL EXAMS

\*NEW TEACHERS

The question "Why go to school?" arises in pupils' minds quite often. Some say that if you go to school, you will lose your childhood ambitions.

Everyone who has taken as many exams as most high school students have should know more about why students are given examinations than most of them actually do know.

It is nice to have new teachers every once and awhile. But I usually like to keep the old ones. After I get used to a teacher, it is hard to break in a new one.

Boy Scouts Hold Court Of Honor At Last Meeting

Over Hundred Merit Badges Presented To Troop 53

The Boy Scouts held their largest Court of Honor and their last meeting Monday night. The scouts of troop 53 have earned more merit badges this year than they have earned in the history of this troop.

The Scouts of this troop went to San Angelo Friday afternoon for an exhibit held Friday, Saturday and Sunday night. This exhibit was held to raise funds for the Scout organization.

Taking into consideration the many possibilities of not winning anything, the boys think that they have represented Ozona fairly well.

Sidelights In Sports

By Ed Leatherwood

Three Ozona basketball boys were recently selected on the All-Ranch Country team. An Eldorado and a Sonora boy were selected, also.

Howard Lemmons landed at a guard. This is Howard's second year to make the All-Ranch Country team. He has lettered in Ozona three years and was captain of the 1940 Ranch Country champions.

Jim Dudley made the center slot for the All-Ranch Country team. He was the high scorer for the Lions this season with 183 tallies. Jim has lettered for three years.

Ozona promises a stronger team for 1941, with Donald Wilson, All Ranch Country forward, returning, and lettermen, ArmentROUT, Bobby Lemmons, Leatherwood, Hannah and Williams, back at the job.

The Eldorado Gridders recently shaded the 1939 Bi-District champions 2 to 0. The points were made in the third quarter when Morris Underwood fumbled back of the goal line.

The softball lights have been moved from the old softball field to the Powell field. They are to be arranged around the grass football field in order to provide an ample light for softball and yet offer no interference with football.

A Menard sportsman reports that football material for their new coach, Roy White, will be little fellows. Roy White has been coach at Big Lake for the previous years.

Seniors Take Trip To Austin and San Antonio

At 1 p. m. on April 25, the Senior class of OHS started to Austin and San Antonio for the annual Senior day trip.

After arriving at the San Jose Courts, where they stayed for the night, the members of the party went to the Chicken Shack for supper. The separate cars went their own ways in search of amusement.

Next morning at 8 the group began the educational tour. The stop was at the deaf institute. The party was shown the methods of teaching deaf children to speak and to accomplish many things.

O'Henry's home was visited, and the party then went to the capitol building. Against orders, the members of the class went to the top of the building, throwing the group over an hour off schedule.

Before beginning a tour of inspection around the campus of the University of Texas, the members of the group ate lunch at the Commons building.

The group had to miss several scheduled places because of the trip to the top of the capitol; therefore, after the inspection of the University of Texas campus, the party left for San Antonio.

In San Antonio, the party stayed at the Park Mo-Tel Courts. Kelly's Field and San Jose Mission were the points of interest visited in San Antonio.

Grade School News—

First Grade—

The first grade pupils are building a farm for their unit for the exhibit. They have built a barn, a barnyard, and a farm house.

Bobby wasn't feeling well Saturday and was wondering which to worry about, his date or himself. It ended up being both.

Second Grade—

As I was looking out the window a cardinal came to sit in the tree by my window. For a while he sat and bobbed his head.

The second grade has been writing stories such as the ones above for the exhibit, Monday.

Third Grade—

The third grade visited the typing class and the typing class typed telegrams for the third grade which are to be P-T. A. invitations.

For the exhibit the third grade will use radio guides for programs. The third grade radio station will be called Station OTG.

The third grade also issues a paper every Thursday called the Third Grade Standard-Times. The editor-in-chief is Nat Read, and assistant editor-in-chief is Edith Leu Piner, and the third grade pupils serve on the staff as general reporters.

For the exhibit, the third grade is making a unit on communication. They have constructed a miniature library, postoffice, radio station, newspaper office, telegraph office, and telephone office.

The general object of these constructions is to (1) teach the importance of communication, (2) to teach cooperation with others in situations regarding communication, (3) to teach an understanding of the methods of communication and (4) to teach something of the history of the methods of communication and the importance of the improved means of communication.

The suggested activities are as follows: visit newspaper office, visit telephone office, visit high school and visit typing room.

Fourth Grade—

During the past six weeks the fourth grade has been on an imaginary trip to the Netherlands. They traveled on the good ship "Klompden." They have studied about the homes, food, clothing, customs, artists, cities and industries of this interesting country.

THE Prowler

By Gem Ella Dudley

Goodnight—and goodbye! It was fun while it lasted, wasn't it Helen?

Gee, how the Seniors take to Fish. Certain Fish, Ethel and Lottie, were seen having a nice joy ride Sunday night—or were you girls?

Miles too seems to enjoy a certain freshman girl's company. Joy, I wonder who she could be. Do you know?

Has anyone ever seen any drunk fish (those that live in water, not students)? Ask Mustard how they act. He seems to have had some out at the Dudley's Saturday.

Sore backs and more sore backs. Everyone blistered except Miles, who thought to wear a shirt while he was swimming.

Joe wasn't feeling well Saturday. What was wrong, Joe, too much punch?

Howard has returned in high spirits with an old girl friend. How are things going, Howard?

Jean was not any too happy when a certain "friend" did not come to her dance. The dance was swell anyway, Jean.

Naomi, you didn't blush when you told Mr. Dudley that you enjoyed the day because he didn't have anything to do with it, did you?

Johnny and Ella had a nice swim, with clothes and all on. Roy and Joe ought to be ashamed to pick on innocent girls.

Reducing, Margaret and Mary Louise were walking to town while L. B. was fixing a flat.

tulip fields, holstein cows, canal, and Dutch children. This has been the most interesting little country that the class has visited this year.

The fifth grade will have a radio program for their mothers on Friday at 2:15. The program will be their projection Social Studies. The program will be sponsored by Miss Scott.

Posters of music is being made by the sixth grade music class. Music Week is from May 5 to May 12. The posters will also be used for the exhibit May 6.

The seventh grade had their picnic Wednesday, May 1. Those mothers present were Mrs. George Bean, Mrs. S. M. Harvick, Mrs. George Montgomery, Mrs. J. H. Williams and Mrs. Sparks.

Seniors Are Very Busy This Month

Every year seniors are hurrying and rushing until the last of all their energy is exhausted, especially at the end of school. Well, finally this time has come.

They started their first activities on December 20, when they were honored with a dance by the homeroom mothers. The next party was given by Mrs. Hannah and Mrs. White.

A water fight at Dudley's. It was the girl's hard luck; they lost. Roy dodging everytime anyone looks as if he is going to touch his shoulders.

Blistered backs. Swimming at 2 o'clock on the Pecos is tough on the skin. Joe swimming in Ella's big hat. Miss North and Tincy being crowned the winners of a foot race in the East park.

Miss North and Tincy being crowned the winners of a foot race in the East park. Congratulations.

The Senses Owens-Mayes

SEEN— Dick and Margaret playing hands in Math class.

A number of high school students at the Mexican dance Friday and Saturday night.

Billy Hannah and Mary going down a back ally. Weren't you following, Mary?

Miles and Joy going out together quiet often lately. Gem Ella going to sleep and waking up to find herself at Roy Jr.'s ranch. Some fast driving, J. K.

Jean walking very lightly. You should be more careful where you walk.

Howard putting some girls in the water at Jim's ranch Saturday.

L. B. enjoying some notes Miles wrote Joy during band.

Shorty looking very desperately for his fiancee.

Joe swimming in Ella's big hat. Miss North and Tincy being crowned the winners of a foot race in the East park. Congratulations.

Miss North and Tincy being crowned the winners of a foot race in the East park. Congratulations.

That Joy doesn't like to rub against Mexicans. Joy, you are very particular.

Jean planning her summer vacations. Aren't you going to stay at home any this summer?

Screams. Every time anyone touches Gem Ella, she seems to turn pale because of pain.

Shrieks. Howard almost drowned Dorothy and Ella in the Baggett tank. They shouldn't have tried to duck him.

Yells. It's no fun to have horned frogs put in your face—as the senior girls can testify. Noisy bunch around here.

Mr. Caruthers said that he made a score of 1,800 at the party given by the Baggetts. When someone else added it, it was around 600.

Very blistered and tired. These Juniors and Seniors certainly think they are tired. Jim, you shouldn't let your company suit blister so much when they come to visit you.

Scared. Joy, Virgil, and Charles surely were scared when they were going to the cemetery Saturday night and the brake squeaked.

Worried. Miles couldn't find out what was stopping his car. He didn't see the jack under the back axle.

SMELLED:

Some sweet red carnations at Roy's dance Friday night. Something dead on the Dudley ranch. It didn't smell very good, did it, Gem Ella?

TASTED:

Good food on class picnics. Nasty water on the Pecos.

### Keeton's Dairy Is First In Ozona To Get Grade A Rating

For the first time an Ozona dairy has met all requirements for producing Grade A raw milk, and the Keeton Dairy, operated by J. T. Keeton and sons, last week was authorized to attach this label of purity to its product.

Attainment of Grade A rating for its product has been a project that has extended over a period of several months for the dairy, during which various improvements were installed, beginning with a modern dairy barn, with solid concrete floors, sanitary pens, and including installation of such modern machinery as an electric aerator which reduces the temperature of the milk quickly after it is milked, thus stopping bacteria growth.

The final step in securing from the State Health Department the certificate of Grade A rating was a bacteria count of the milk as it comes from the dairy. The minimum count for Grade A is 50,000, but the Keeton Dairy's report showed a count of only 12,000 and that ten hours after milking.

The Keeton dairy is located in the Ingham trap on the southeast edge of the city, where a modern plant has been developed.

### MRS. MASSIE WEST BRIDGE CLUB HOSTESS

Mrs. Massie West was hostess to her bridge club Wednesday morning when she entertained three tables of players.

High score table prizes were given to Mrs. W. E. Friend, Jr., Mrs. Boyd Clayton and Mrs. Hubert Baker. Mrs. Jake Short won the bingo award.

Present were Mrs. W. E. Friend Jr., Mrs. Boyd Clayton, Mrs. Chas. E. Davidson, Jr., Mrs. Evert White, Mrs. Jake Short, Mrs. Joe North, Mrs. Hilton North, Mrs. Hillery Phillips, Mrs. Arthur Phillips, Mrs. Lowell Littleton, Mrs. Hubert Baker and Mrs. Eldred Newton of St. Louis, Mo.

Donald Vickers, who is attending high school here, is employed at Ozona Drug Store as soda fountain man. Young Vickers has had considerable experience in this work, having been employed for several months in a large drug store in Kansas.

### THE METHODIST CHURCH Eugene Slater, Minister

Calendar of services: Sunday school, 9:45 a. m. Morning worship (at High School auditorium), 11 a. m. Evening worship, 8 p. m. W. M. S., Wednesday, 3 p. m. Young Women's circle, Thursday, 2 p. m.

We unite with the other churches of Ozona to worship at the high school auditorium this Sunday morning on the occasion of the Baccalaureate sermon. All of our people are urged to share in this service.

At the evening service this Sunday our emphasis will be on the Religion of the Home. This theme is appropriate to the emphasis on Mother's Day. We are asking that our people come to church by families on Sunday evening.

With the closing of school certain readjustments have to be made in the program of the church. Our church has made provision for an attractive series of services for the summer months. We are not closing up! We urge our people to be as faithful as they know how to be through the summer. We need that which the church offers all the year-around. Try to attend at least one service every Sunday throughout the summer!

### SPEECH ARTS PUPILS IN RECITAL

Speech arts pupils of Mrs. Richard Adams were presented in a program in the speech studio Tuesday afternoon.

Tea was served by Eloise Carson while George Ann Kirby and Mary Frances Bean served sandwiches. Rosalie Lemmons passed cookies.

Those on the program were Dorothy Stevens, Tom Mitchell, Donald Hoover, Lillian Schneemann, Rosalie Lemmons, Calvin Williams, Arthur Byrd Phillips, Eloise Carson, Miss Ruth Graydon and Miss Rebecca Anderson.

Mr. and Mrs. A. W. Jones have returned to their home here after a stay of nearly two months in Corpus Christi, where they visited their son-in-law and daughter, Mr. and Mrs. Gilbert Noakes, and children. Mr. Jones, who took the extended vacation on the advice of physicians is considerably improved in health, he reports.

### TATTLING

By C. MAYE DUNLAP

Ele Bright (Peggy) Baggett gained a holiday Saturday and Monday and come home to make a speech for the Aggies. Peggy spoke to the high school seniors Monday before returning to A. and M.

There was talk of taking up a collection at the softball game Monday night to buy Gene Hollon some new pants when he ripped the ones he was wearing while he was catching. The day was saved by Al Fields when he took Gene out behind the sign board and made a quick change. Al spent the remainder of the game in a sitting position.

Of course, many of the college student who has hitch-hiked his way home just to see the folks, but when one hitches a ride on a truck loaded with nitroglycerin as Welton Bunker Jr., did coming home over the weekend, well, he must have been homesick.

Johnny Henderson III had as his weekend guests Miss Joan Shambaugh and her roommate, Miss Norma Donigan of Texas University. Joan and Johnny and Norma and Phil Sheridan spent Saturday evening in San Angelo.

Catherie Childress is home from T. C. U. visiting friends and her parents, Mr. and Mrs. Hugh Childress.

Boyd Baker of Sanderson is here this week visiting his mother, Mrs. Alice Baker and friends.
