Studies Street Lighting System

Lodged With To Erect St. Plates

Commissioner Ralph appointed by the Crockett Commissioners Court study of the cost of street name signs for the town of Ozona and back to the court at its next meeting.

A petition was taken by the response to a request before the court by Mrs. Emmann, chairman of the Women's Club. The Women's Club has adopted as one of its projects this year the naming of all streets in Ozona.

The Ozona Lions Club has also adopted a plan to erect street marking signs in several years and re-committed from that organization a donation of 200 feet of 2-inch used pipe in making the marker.

The pipe was donated by the Continental Oil Co. and promised if needed to the project.

Requirements of the company holding public utilities on the operation of swimming pools, the Commission adopted a set of regulations and these regulations are to be put in effect before the scheduled meeting on May 28.

The board organized as a board of property conditions for the city. It set June 27 as the final date of equalizing when property owners have an opportunity to appeal.

Gripes Cause Resignation Of Two League Mgrs.

Because of continued gripes about Ozona Little League, two managers resigned last week, and their resignations were accepted by Pete Hickman. Resigning were Roy Killingsworth and Roy Killingsworth and Roy Killingsworth. Both are principals in the Ozona School System. Killingsworth is principal of the Junior High and Boyd of the South Elementary.

Industrial Arts Students Win Three 1st Prizes In Abilene Meet

Industrial Arts students from Ozona High School won three first prizes and a number of other honors in the Industrial Arts Field Contest Saturday in Abilene, sponsored by the Abilene Christian Industrial Arts department. The Ballinger, 8th grader, won first place in the competition in wood. Royce showed a tray he made in the local contest and won a new handsaw and a ribbon. Old Carnes, also an 8th grader, won first place in the electricity on a radio he built. He received as a first place prize a set of end wrenches. Carlman, 9th grade, took first place in a wood identification contest among all schools represented.

Teen boys, with their instructor, R. K. Wimberley, and Leophas Cooke, driver of one of the two-car convoys, made the trip to Abilene to attend the field contest. The boys making the trip were Tim Argo, Joe Beekman, Tim Moore, Donald McCaleb, Allen, Tommy Stokes, Tom Porter, Richard Butterfield, Mike and Joe Friend.

Special Demonstration In Fighting Oil Fires By Fire Dept. May 22

Ozona Volunteer Fire Department will stage a special demonstration and instruction in fighting oil fires next Tuesday evening, May 22, at 7 o'clock p. m.

A pit will be dug and filled with oil. The oil will be fired and department personnel will use various recommended methods of extinguishing the blaze. The fire will be snuffed with low pressure fog nozzles, high pressure fog and with the new "wet water" a two percent solution of a detergent material which imparts a greater cooling effect and causes water to penetrate. Another method to be used will be a dry chemical preparation administered with a hand extinguisher and still another will be with foam, the method used by the Navy and Air Force in extinguishing gasoline and oil fires by smothering it with foam.

Fire Chief Joe Tom Davidson announced that the department will welcome the public to this demonstration. It will start at 7 p. m., next Tuesday evening.

Spotted Showers Dent Drouth For Favored Ranchers

Falls From Inch To Over 3 Inches Reported In Area

Spotted showers again visited the Ozona country the first of this week and those favored spots where moisture had fallen in the showers of a week before and which received more of the Monday night and Tuesday morning showers have seen their own drouth dented if not broken.

The rains were from a half to three and a half inches in areas around Ozona and to the east, west and northwest. Falls of around 2 inches were reported to the northeast of Ozona and from a half to an inch immediately east. In the Howard draw area 15 miles west of Ozona, falls up to 3 1/2 inches were reported, with Howard Draw on a rise and Live Oak Creek on the west edge of the county also running full.

The rainfall covered approximately the same favored area, a strip from east to west through the county, with Ozona the center, as that chosen for the rains of about ten days ago. These successive visits of moisture have started the formerly parched grazing lands on the way to recovery and hills and valleys in the immediate Ozona area are showing a green cover.

Mrs. Arthur Alston of Jeanerette, La., is here for a visit with her parents, Mr. and Mrs. R. L. Flowers.

Mrs. Geo. Harrell Laid To Rest In Services Sunday

Widow Crockett Co. Pioneer Rancher Died Suddenly Sat.

Funeral services were held from the Ozona Methodist Church at 5 o'clock Sunday afternoon for Mrs. George Harrell, 78, one of the last thinning ranks of Crockett county pioneer mothers, who died in the Crockett county hospital early Saturday night following a cerebral hemorrhage suffered Saturday afternoon.

Services were conducted by Dr. Eugene Harris, district superintendent of the San Angelo district of the Methodist Church. Burial was in Cedar Hill Cemetery under the direction of Cody Funeral Home of Ozona. Pallbearers were B. B. Ingham, Jr., Ira Carson, Lester Allen, W. D. Cooper, all of Ozona, Dudley Ingham of Sheffield and Nelson Boothe of Sweetwater.

Mrs. Harrell had been a patient in the Ozona hospital since January when she suffered a broken bone in her leg in a fall. She was able to be up in a wheel chair and was apparently in good health otherwise, and always keenly interested in every day happenings at the hospital and among her many friends who visited her. She never regained consciousness after suffering the stroke and died within a few hours.

Born in Lampasas Oct. 24, 1877, Mrs. Harrell had been a resident of Crockett county 56 years. She was the widow of one of Crockett county's early-day ranchmen. The late George Harrell, who died in Crockett Dec. 18, 1947, came to Crockett county with his family in 1891, the year the county was organized. His father, Monte Harrell, came to this area in 1888 and bought the ranch property south of Ozona which the family still owns. After becoming established in the ranch business, he brought his family here in 1891. George Harrell bought half of his father's holdings and a brother bought the other half. The brother later sold out to the late J. S. Pierce.

Mr. and Mrs. Harrell were married in Lampasas in 1900 and she came as a bride to Crockett county where her husband was already established in the ranching business. They continued to live on the ranch until Mr. Harrell's death and since that time Mrs. Harrell had maintained a home in Ozona and at the ranch, but in late years had spent most of her time in Ozona. The Harrells also own a ranch nine miles east of Ozona.

Mrs. Harrell is survived by one son, R. A. Harrell of Ozona; two grandchildren, Roy Alvin and Cynthia Harrell of Ozona, and a sister, Mrs. Herbert Ferrill of Grand Prairie.

Carol Blackstone Wins Top Scholastic Honors Of '56 Class

With a 4-year grade average of 94.11 points, Carol Blackstone, daughter of Mr. and Mrs. N. D. Blackstone, won valedictory honors for the 1956 graduating class of Ozona High School, it was announced this week following completion of the grade average check by the faculty committee.

In close second place in the grade average and winner of salutatory honors was Bobby Martinez, Bobby, son of Mr. and Mrs. Sam Martinez, had a grade average of 93.77 for his four years of high school.

Six other students in the 1956 graduating class had averages above 90 points. Principal P. O. Hatley reported, a total of eight pupils out of a class of 30 with grade averages above 90 or an A average or better. Most of the balance of the group had averages above 80, the principal said. Other students of the class with averages above 90 included Earl Deland, Sarah Hicks, Carol Friend, Susie Schneemann, Jimmy Martinez and Juan Delgado, Jr.

Sub-Contractors Plan Work On Radar Station Here By Next Monday

First sub-contractors on the new Aircraft Control and Warning Station to be built for the U. S. Air Force Defense Command five miles east of Ozona, put in an appearance here this week.

Representatives of Harwell & Harwell, dirt contractors from San Antonio, indicated that their firm, which has sub-contracted the dirt work, expected to begin operations by Monday. Representatives were also here from an electrical firm in San Antonio which has taken the electrical contract.

Robert Guyler, building contractor of Lampasas, was awarded the contract on a bid of \$892,873, submitted to the Corps of Army Engineers, district office in Fort Worth. The construction is to be completed in 240 calendar days from the date of issuance of the work order by the engineers.

Annual Ladies Night Banquet Of Lions Club May 21

New Officers To Be Installed In Ceremony Monday Night

Members of the Ozona Lions Club will stage their annual Ladies Night Banquet for installation of new officers next Monday night, May 21, in the high school cafeteria. The supper will be at 7:30 p. m., with a program and installation of officers to follow.

Guest speaker on the occasion will be 1st Lieutenant Charles Owens, flight commander at Goodfellow Air Force Base, San Angelo. Lt. Owens will speak on the subject of America's air defense system and the part Goodfellow AFB is playing in the air security of the United States.

New officers of the club who are to be installed at the Ladies Night banquet to serve for the next year are J. A. Pelt, president; Howard Lemmons, first vice president; Roy Killingsworth, second vice president; O. Q. Alford, third vice president; Claude Montave, Lion Tamer; and director, Bud Harrison, Rusty Smith and Dick Ketchum. Bob Scott, retiring president, will become a member of the board of directors also. Hold-over member of the board is C. B. Hubbard.

Howell; parliamentarian, Mrs. Ted White, and historian, Mrs. J. B. Miller.

The retiring officers filed their annual reports and then presented (Continued on Last Page)

Rutherford & Freeman Successful Bidders On County Medical Bldg.

Final award of contract for construction of the new county medical building, to be erected on a lot adjoining the new hospital, was made by the Commissioners Court Monday.

Successful bidder was Rutherford & Freeman Construction Co. of San Angelo on an amended final bid of \$45,285. The firm's original bid was \$48,260 but modification of plans cut \$2,975 from the amount.

Low bidder at this letting and on the first occasion when bids were asked was Chester Richie of Brady but Richie withdrew his bid after the court had convened and signed a release to the court. His bid was \$44,865.

The medical building will provide offices for three doctors, a dentist and optometrist, each to pay a monthly rental to the county.

Cold Rain Wipes Out Over 2,000 Turkeys In Walker Flock of 3,300

More than 2,000 young turkeys out of a flock of 3,300 which had just been received a few days before and were being located on the C. O. Walker ranch north of Ozona were chilled to death by the early morning rain and wind Tuesday morning.

The young birds were on open range but shelters had been provided. The high winds which accompanied the heavy rain served to chill the birds after they were wet and they succumbed in piles. The loss was fully covered by insurance. Walker is still to receive another 3,300 young turkeys under a contract arrangement with the Paymaster Feed Co.

Band Boosters Plan Annual Cake Sale; To Aid Uniform Buying

The Band Boosters Club met at the band hall last week for their regular monthly meeting. Mrs. Arthur Phillips, president, presided during the business session. The club voted to sponsor the fruit cake sale in the future as an annual affair, to be their main money raising project for each year. A discussion was also held on working in cooperation with the school in purchasing new band uniforms for the students. An increase in band members warrants the need of between 15 and 20 more uniforms.

An election of officers for 1956-57 was held with Mrs. Q. A. Brentz being elected to serve as the new president. Mrs. Authur Kyle was elected vice president and Mrs. Hurst Meinecke will be the new secretary-treasurer.

IN REVIEW

The most outstanding achievements in the school year of 1955-56 could possibly be our district championships in football, basketball, and volleyball. Carol Friend was our representative in the Miss Spirit of Christmas Contest. Frances Childress has been honored all year with being elected PPA Sweetheart. The Future Homemakers selected Belle Sutton as their queen. Darwood Wolfe, Don Lott, Thomas Lopez, and Becky Davidson showed fine advancement in their particular musical instruments when they made the All-Regional Band. Becky was selected for the All State Band. Joan DeGruis was distinguished as an All State Football player and Mike Clayton received honorable mention. Daryne Axford was high praise when she was selected winner of the Betty Conner Homecoming of Tomorrow. Daryne was also honored with the presentation of the Kay Simmons Memorial Award for outstanding band work.

In another phase of school life, the popular, beautiful, and handsome were named. Carol Friend, who was also elected All Club and Football Sweetheart, was elected most beautiful. Don Lott was selected for the honor of most handsome. In the most popular vote were Elizabeth Pearce and Lynn West. The class favorites were Alice Young and Becky Sutton, freshmen; Mary Jo Ward

and Bill Black, sophomores; Beverly Killingsworth and George Satterton, juniors; Charles Galbraith and Hart Seiland, seniors.

The band has done exceptional work this year and have received many wonderful honors. They brought home trophies in concert playing and sight reading from the Heart of Texas Band Festival in Brady. Of course we all know of the beautiful trophy that was given for winning the final award which was first division in marching, concert, and sight reading. A large audience enjoyed the annual spring concert presented by the band.

Haskell Leath has done a grand job of directing the outstanding plays of this year. The one-act, humor, and senior plays were greatly enjoyed by all.

The Future Farmers certainly deserve recognition for the outstanding work they have done. They have won honors with high scores in various-making contests.

Wanda Armstrong, Cecilia Cooke, Genevieve Childress, and Frances Childress were elected cheerleaders for 1955-56. Wanda is head cheerleader and Frances is the substitute.

The Chess Club has become a known organization this year. A highlight in their year's history was a very successful trip to Denver and Colorado Springs.

Susan Dale was first place in district in entrepreneurship competition. She went to Odessa the winner of the track meet for regional.

Mrs. Hall and the Homecoming girls presented an excellent show this year. There were many outstanding business shows in the garden of business. The authors certainly did help in giving their powers and their time decorating.

The seniors reported a marriage time in Galveston. The reports of their behavior were excellent. Congratulations are in order to Lynn West, the class favorite, Wanda Armstrong, and Becky Sutton, freshmen; Mary Jo Ward

and Bill Black, sophomores; Beverly Killingsworth and George Satterton, juniors; Charles Galbraith and Hart Seiland, seniors.

There were no great mishaps, but only many honors to many organizations and individuals. We all want to take this opportunity to thank our teachers, sponsors, and parents for their help and co-operation in us. Mr. Sikes and Mr. Hulley have gone out of their way to make this year successful. Thanks to all of you!

WHOS THE SHADOW?

Stepping out of the shadows after a year of elusive following of fellow inmates is none other than the Shadow himself!

In thinking back over the glimpses I got in grey and blue, I must say it was most enlightening, and lots of fun!

Who else but the Shadow could have thought across the Sunsum Dale making a frantic dash to deposit her gun before Coach Beta checked out. Or the look that Carl Conklin gave Mr. Rollins when he told him to turn down the volume when singing Ruth Prutill in the startled faces of the study halls as she forth "but definitely" continued absent!

This could go on until something was revealed about each and everyone, but surely you're anxious to see the mate at the end of this article.

Thanks to everyone of you for your interest and readable curiosity!

Truly a wonderer than—

THE HOLE OF IT

By Jim Burton

Ozona has many things, but one thing has been lacking, so there was great excitement around OHS this week, as the missing factor was found.

We've not as of yet received all of the details on this marvelous plan, but as they come in we will report them to you. Ozona does not have a major industry all its own. So when one has been found that is absolutely unique, the company will build its factory in Ozona and great excitement has resulted in higher circles.

Surprisingly enough, students first thought of the plan. David Sikes, Johnny Cooper, Jonathan Burton, and Johnny Jones are credited with the idea. They are going to build a hole factory.

Every place you look you can see a hole of some shape or size, but occasionally a job comes up that requires a completely unique hole. The boys plan to go into operation making odd shapes and sizes of holes sometime during the summer. When I interviewed the president I found that they will make the different types of holes with special machinery to manufacture different sizes on request. The five types are:

Post Holes — Nail holes are very common. They will make all in different sizes. To use one of their products is simple, just take the transparent hole and slip it over the nail then give the nail several sharp raps on the head, and presto! your contrary nail is where you desired it.

Chess Holes — These holes will be used in the chess industry in an effort to make better chesses.

They will even be flashed. Post Holes — the company will take dry oil wells, chop the hole out, and cut them into the desired length for its customers so that they won't have to do anything but make a hole in the ground, line it with one of the holes, and there you are!

Key Hole — These are the fourth type they will make. Any lock — a "lock of distinction" with one of their AKMI key holes.

Knot Holes — These are the last type and probably the most useful. They even come with built in medicine cabinets if the baseball park cop happens to stick his belly through one of them while you are looking in.

Well, so much for the business except the cost. They will be priced differently of course but an average price of 13 cents per 25 dozen will be about right. If you believe any of this, the company is making a sixth type of hole, one for your head.

Lamb Prices Sag

Fort Worth — Texas' monopoly
on the lamb business came to an
abrupt end at mid-week last week
as receipts increased around the
major marketing circle and prices
dropped sharply.

Choice Spring lambs topped at
\$25 to \$27.50 last week and on
Monday the top here was \$22, with
one load at \$23. Choice clipped
lambs at \$20 to \$21 Monday com-
pared with a \$22 to \$23 top at the
high time last week.

Packers were shying away from
the fleshy and half fat lambs Mon-
day whereas a week earlier they
had gobbled them up. Stocker and
feeder buyers were taking a good
percentage of these fleshy and half
fat lambs to fill their orders at
prices \$3 to \$5 under the highest
points of last week.

Comparative prices: Good and
choice Spring lambs \$18 to \$22,
one load \$23 on shipper account.
Cull to medium Springers \$12 to
\$17. Stocker and feeder Spring
lambs \$14 to 16. Good and choice
shorn old crop lambs \$17 to \$21
and cull to medium shorn lambs
\$10 to \$16. Stocker and feeder
shorn lambs \$13 to \$14, a few fan-
cy to \$15.

Old ewes \$3.50 to \$5 and old
bucks around \$4. Some aged we-
thers cashed at \$7 to \$13.

Cattle Open Fully Steady

Trade was fairly active and prices
generally were steady at Fort
Worth on all classes of cattle and
calves Monday.

Comparative prices: Good and

choice slaughter steers and year-
lings \$16.50 to \$21, with fed heif-
ers at \$19.50 down. Common to
medium butcher cattle \$12 to \$16.
50. Fat cows \$11 to \$13, and can-
ners and cutters \$7 to \$11. Bulls
\$10 to \$14.50.

Good and choice butcher calves
\$17 to \$21.50; and common and
medium butcher calves \$13 to \$16,
with culls from \$11 to \$13. Stock-
er steer calves were quoted from
\$19.50 down; and steer yearlings
from \$18 down.

Southwest Texas Methodist Conference In Santone May 23-27

San Antonio — Southwest Texas Conference Methodists will gather in First Baptist church here Wednesday, May 23, through Sunday, May 27, for their 98th annual conference session.

Major business of the conference will include action on a proposed eight district plan of organization replacing the present plan of six districts. Present districts are: Austin, Corpus Christi, Kerrville, McAllen, San Angelo and San Antonio.

Another important part of the business is expected to be the approval of the 1956-60 quadrennial program entitled 'March of Faith.' This program will include an emphasis on local church history, a revision and publication of Dr. Olin W. Nail's 'History Of Southwest Texas Methodism,' and a special program for the 1958 conference session.

Most of the goals to be considered in this year's conference session have to do with the emphasis on strengthening the work of the local church.

Southwest Texas Conference is usually held at Travis Park Methodist church, but had to be changed because of the Travis Park fire last Oct. 25. Repairs are now getting under way.

Conference preacher will be Dr. Ralph W. Sockman of New York City, pastor of Christ church and nationally known radio preacher.

Dr. Edmund Heinsohn of University Methodist church, Austin, will be the speaker for the memorial service on Wednesday morning.

Ordination service is scheduled for Saturday evening at Laurel Heights Methodist church, closing a conference wide youth rally that will be held Saturday.

DAUGHTER TO HARRISONS

Mr. and Mrs. Bud Harrison are the parents of a daughter born early Tuesday morning in the Crockett County hospital. The baby, weighing 5 pounds 14 ounces at birth, had been named Nikki Lee. She is the granddaughter of Mr. and Mrs. Johnny Hokit of Ozona and Mr. and Mrs. J. E. L. Harrison of Sonora.

Eastern Star Names New Officers Slate

New officers of the Ozona Eastern Star chapter were elected at the regular meeting of the chapter this week.

Officers elected were Jerry Sikes, Worthy Matron; R. L. Flowers, Worthy Patron; Louise Taliarfero, Associate Worthy Matron; L. B. T. Sikes, Associate Worthy Patron; Katherine Flowers Secretary; Leta Powell, Treasurer; Pearle Brewer, Conductress; Lucretia Lockett, Associate Conductress.

The new officers will be installed at 8 p. m. June 15.

Don Taylor, son of Mr. and Mrs. Bill Taylor, stopped off for a brief visit with his parents here before proceeding to Bainbridge, Md., where he will report for further Naval training. Don expects to be in Bainbridge until August when he will receive his discharge and plans to re-enlist and take Naval ROTC training at the University of Texas.

ATTEND TRAINING DAY

Among those from the Ozona Methodist Woman's Society of Christian Service attending the all day officers training day session in Eldorado Wednesday were Mrs. S. M. Harvick, Mrs. Joe Pierce, Jr., Mrs. Bailey Post, Mrs. J. A. Fussell, Mrs. Taylor Word, Mrs. Madden Read, Mrs. J. S. Pierce, III, Mrs. Stephen Perner, Mrs. B. E. Ingham, Sr., Mrs. Victor Pierce, Mrs. H. B. Tandy and Mrs. Charles Williams, Sr.

Court Asks Telephone Company To Reveal Its Ozona Exchange Plans

Disturbing reports on what the General Telephone Co. is planning for the Ozona exchange when and if a dial system is installed here, has prompted the Crockett County Commissioners Court to make inquiry of the company and to ask for a statement as to the company's plans for Ozona.

It has been reported here that the company plans to remove all operators from the Ozona exchange and leave only a maintenance man. This is the plan that is in operation for Barnhart, the San Angelo exchange being the only connection for operator service.

Such a course by the company would destroy such services as are now available in reporting fires, sounding the alarm and notifying volunteer firemen the location of fires. It would also necessitate the rebuilding of all rural lines for a dial connection to the local system.

The Commissioners in session this week asked that a company representative confer with the court and advise if of planned action. It is understood that a representative will meet with the court at its June session.

E. S. A. Scrapbook Of Dist., Assembled By Ozonan, 2nd In State

The scrapbook of district 7 of E. S. A., assembled by Nan West, won second place at the Texas State Convention in Fort Worth on May 4, 5, and 6. The front of the scrapbook was wooden, with a picture of a horse-drawn covered wagon. The cover of the wagon carried the Greek letters of all the chapters in the district. Working on the scrapbook with Nan were Mary Lou Lilly, Eileen Mahon, Dolores Cary, Betty Tubbs, and Billy Jo Hayes.

District 7 also won first place on the poster for the welfare project of the organization. That project is the Handicapped Children's Center in San Angelo, Texas.

There is very little in connection with the Democratic convention in Dallas next week. Lyndon Johnson is the head of the convention after county convention at least 1,000 delegates are committed to Johnson. Allan Shivers is the question is how many delegates will go in Shivers' backers. All of the State Executive are staunch supporters.

The committee members are elected until the next convention. But two of the members are on the stability of the convention.

Ben Ramsey's job as committee member. And Mrs. Hilda Wein, Democratic National Convention.

Not about how they are on May 22 are members of the Dallas County delegation groups to go for a case, a rump convention delegates favorable to Shivers.

Shivers supporters extended credentials to meet them. But they refused if other delegates give them the hearing set — Ben Houston has been disbarred before the Texas Supreme Court on May 23, why all his outstanding cases should not be reviewed.

Following day Canal Inland of Greenville, S. C. to show cause why the license should be revoked. High is for the company in violation of the anti-trust statute.

Two companies are defending in district court here charges of fraudulent

stock selling.

A temporary restraining order is sought by the State against American Guaranty Underwriters, Inc., and the Karisch Company, Inc.

Calvin C. Huffman, American Guaranty president, denied the charges. His company was issued 25,000 shares of Karisch stock to cover a \$9,500 loan, he said.

"No stock of the Karisch Co. was sold to the public," said Huffman. "Nor have any of the officers named received any commissions."

In its allegations the state accused American Guaranty of collecting "gross and exorbitant commissions" on stock sales.

Election law change viewed — A movement to insure reporters the right to cover precinct conventions may be spearheaded by the Texas Press Association.

Under the Texas Election Code only a qualified voter in the precinct may "vote, be present at, or participate in, the business of such a convention."

TPA President Russell W. Bryant has suggested deletion of the words "be present at" from the law. He indicated the matter would probably be considered at the TPA convention in Amarillo next month.

Three precinct chairmen in Travis County refused reporters admission to conventions this year.

BIG-CAR RIDE? Don't think you have to pay a big-car price to get it. Come in and . . .

DISCOVER THE DIFFERENCE IN DODGE!

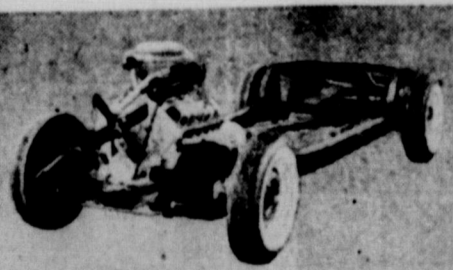

A smoother ride with Oriflow! Dodge fluid-activated shock absorbers give more precise control than spring-loaded valves in other cars.

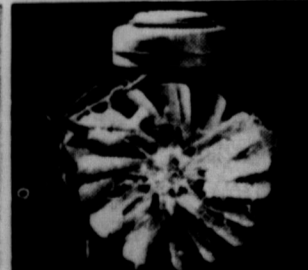

It took "big-car" ride to go 31,000 miles in 14 days! No car that just talked "big" could have withstood the tremendous punishment Dodge did at Bonneville. Dodge went 14 days and nights (31,000 miles) at an average speed of 92.86 mph without a single breakdown!

Only a big car can give you big-car ride! And Dodge is bigger all around—inside and out. More legroom front and rear. More hiproom front and rear. More steering wheel clearance.

The backbone of the Dodge ride is a better chassis! It starts with a rugged frame with sturdy box-section side rail construction far superior to common U-channel and I-beam types. Cross members are extra heavy.

The V-8 engine is special, too! The 260-hp. V-8 engine is built on advanced aircraft-design principles to give you real break-away power.

Snyder Firm Spots Ellenburger Wildcat In North Crockett

Crockett County gained location for a deep wildcat and pipe was scheduled to be run at a Grayburg prospect.

Monsanto Chemical Co. of Snyder has filed application to drill an 8,500-foot Ellenburger wildcat in Crockett, 17 miles southwest of Big Lake. It will be drilled as the No. 1 Alex.

Location, on a 320-acre lease, is 660 feet from the north and 1,980 feet from the east lines of 20-BB-ELARR. Elevation is 2,810 feet.

The prospector is four miles northwest of Continental Oil Co. No. 1-E Shannon, a 9,933-foot wildcat failure, plugged and abandoned July 31, 1953. The following tops were picked on elevation of 2,633 feet: Yates, 1,364 feet; Grayburg, 2,210 feet; Dean, 5,840 feet; Wolfcamp lime, 6,024 feet; Wolfcamp sand, 7,180 feet; Strawn, 8,405

feet; Devonian, 8,910 feet; Ellenburger, 8,864 feet and Wilburns, 9,880 feet.

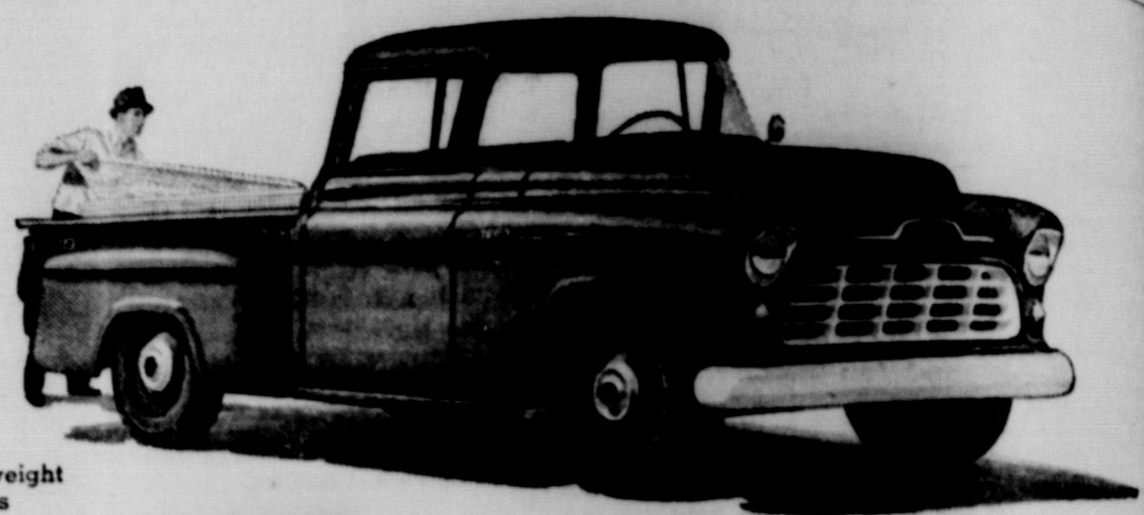

Texas Pacific Coal & Oil Co. and

Pure Oil Co. were preparing to run casing for completion attempt as a Grayburg discovery at their No. 1-0 University, Crockett County pros-

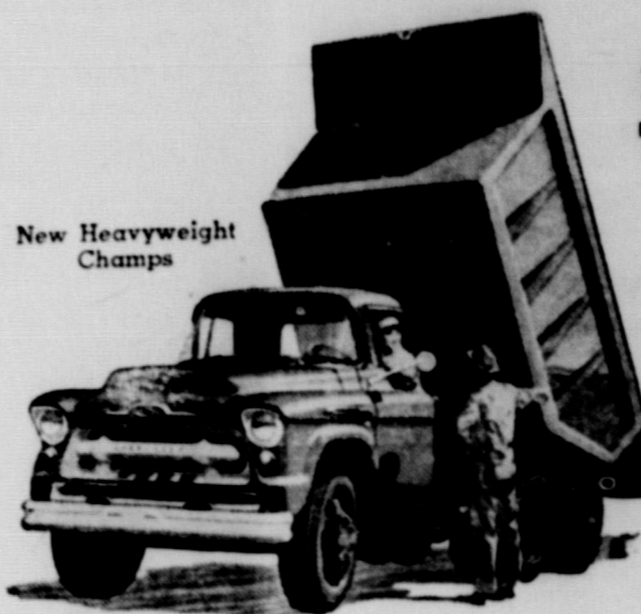

pect in 25-12-University Lands, 11 miles southwest of Big Lake. Operator was bailing to clean out to total depth of 2,458 feet in

lime. There were 66 in the hole.
